In the American League, it's too close to call. Thomas could earn his second consecutive M.V.P., in a row, but Belle has comparable stats right down the line. Bob Hamelin and his 24 home runs make a strong statement for Rookie of the Year honors. Pitching-wise, Greg Maddux should pick up his third straight Cy Young award and the fast start by Jimmy Key of the Yankees will be good enough to nab the prestigious award in the American League.

Baseball does have history on its side. There have been major problems before and the game has somehow overcome them and flourished. And it will again. The strike of '94 will become a fleeting memory. People are notorious for having short memories when it comes to their American pastime. Unfortunately, we have the Red Sox to root for. Cleveland doesn't look so bad after all.

—Joseph Reardon

Bay State Sharks Bantam Minors

Sunday afternoon, the Bay State Sharks traveled to No. Andover to the Brocks Rink to play the North Shore Raiders in a very exciting game won by the Sharks, 4-3. The game started with the Raiders dominating and outskating the Sharks, giving them a 2-1 lead.

The Raiders scored their first goal within the first two minutes of the game, when a Raider player skated around the net and sneaked a goal in the corner of the net. The Raiders dominated the play for the remainder of the period forcing the Bay State Sharks' goalie, Peter Capizzo, to make 19 stops, some on the spectacular side.

The period ended with a 2-1 lead for the Raiders. The Sharks' first goal came when Mark Barrovecchio took a great pass from Ryan Sweeney, beating the Raiders' goalie.

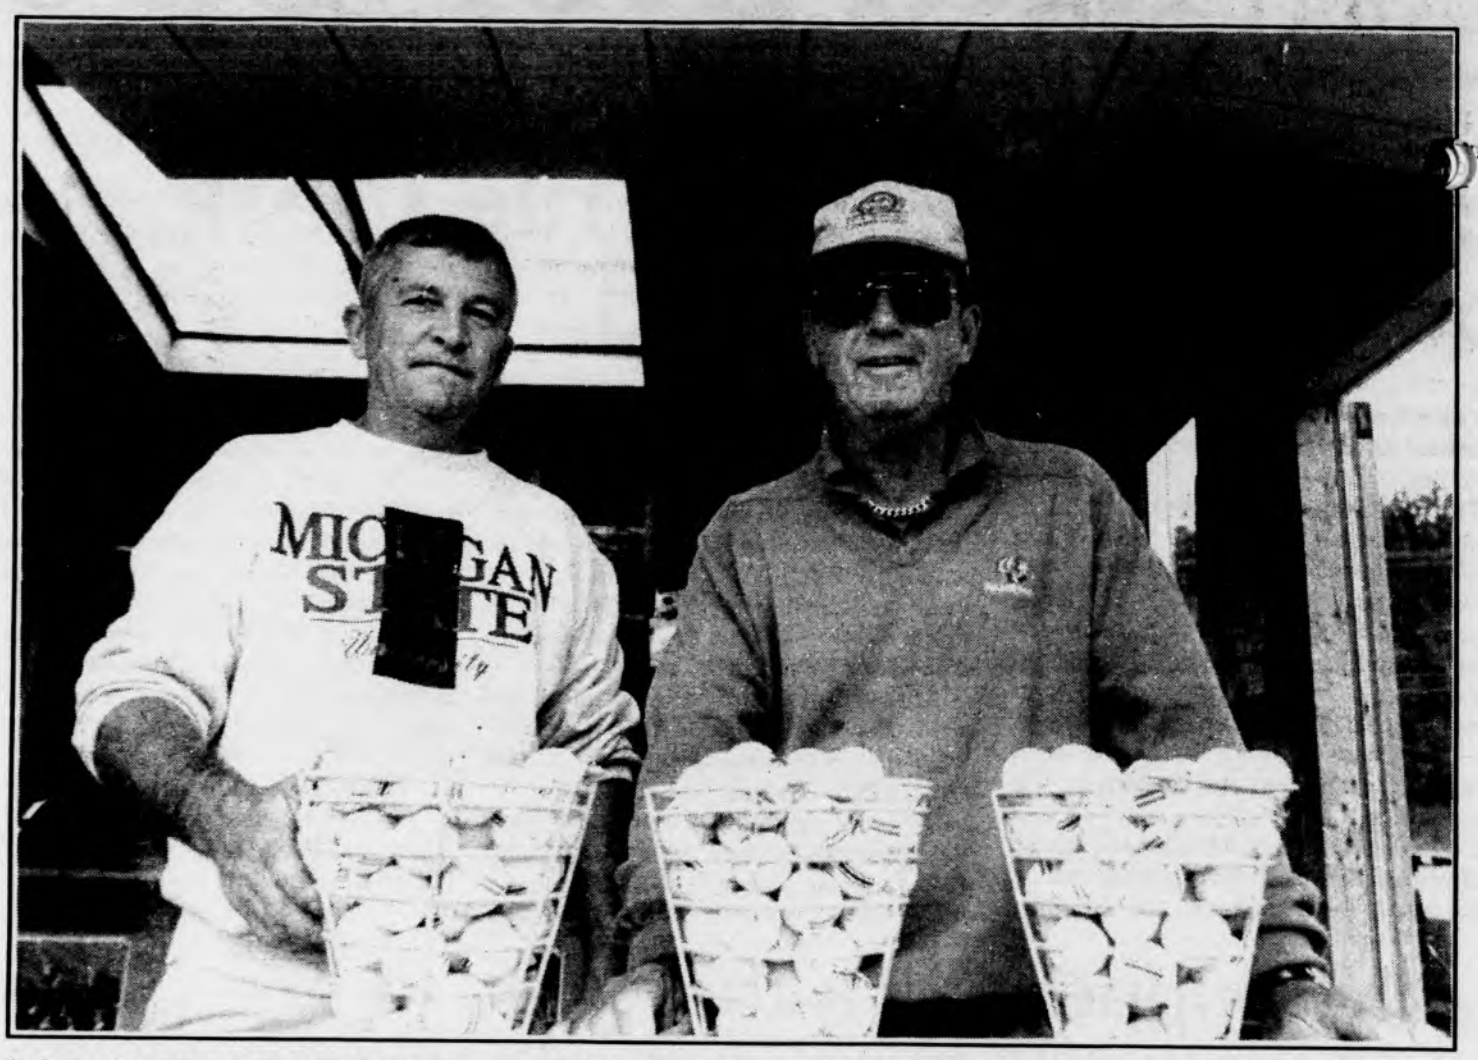
In the second period, the Sharks played excellent all-around hockey netting two goals. The first came when defenseman Johnathan McCourt made a drive and passed to Jake Clapton netting the first of his two goals of the game. With 1:23 left in the second period, Kenney Jorge, who is one of the hardest skaters on the ice, made a great effort in getting a pass to Dan Reed, sending him in all alone scoring a beautiful goal by beating the Raiders' goalie and tying up the game 3-3.

With 4:37 left in the game, Jack Clapton once again received a good pass from Sean Glynn netting the winning goal. The Sharks' defensemen, Andy MacDonald, Tim Bernstein, Brian Norton, Johnathan McCourt and Joe Giaroll played a great game.

The goaltending of Peter Capizzo and Kevin McGowen was excellent with a combined effort of 32 saves in the game to only 10 shots on net by the Sharks on the Raiders' goalies.

The other outstanding players in the game were Matt Howard, Craig MacDonald, Kenney Jorge and Paul Falco, who all worked extremely hard in restraining the Raiders with excellent back checking. But the M.V.P. of the game goes to Jake Clapton with two goals, one being the winning goal.

The Bay State Sharks are coached by Jim Meaghen and assisted by Chuck Hughes, Bud McCourt and Gus Capizzo.



Cohasset Greens Practice Range co-owners Jim Sheerin and Bob O'Neil get buckets of golf balls ready for the range's Labor Day weekend Hole-in-One contest.

Adult evening tennis lessons

The Cohasset Recreation Department will accept ongoing telephone registrations for adult evening tennis classes for all levels of instruction, by calling 383-6791.

Classes will be scheduled as follows: beginners, 6 to 7 p.m., Mondays; intermediates, 7 to 8 p.m., Mondays; advanced, 6 to 7 p.m., Wednesdays; beginners, 7 to 8 p.m., Wednesdays. Other classes will be scheduled as demand indicates.

All sessions are four weeks in duration and cost $35 per person, per session. Teaching will be Bill Stebbins of Cohasset Recreation Department's tennis staff. Participants who do not own or have access to a racquet should indicate this at the time of registration. Non-residents will be accepted on a space available basis. Another evening will be made available should demand indicate.

Where was the flag at football opener?

letters

Congratulations to the Cohasset football team on their outstanding win against West Bridgewater Saturday!

It was a perfect day, the sun was shining, the fans were in a "winning mood," but one thing was significantly missing. There was no National Anthem sung and worse, there was no flag flying from the flagpole!

In a world of strife and wars, we as Americans should show our pride for our country at every opportunity. It is expected that our flag be honored at all sporting events. How can we expect to set the proper example for our young citizens if we do not sing the praises of our country?

I hope that by next week when Cohasset plays Abington, we will have a flag flying high and proud from our flagpole. Let's show everyone that we are not only proud of our team, but proud of our country!

Good luck Cohasset football team ... on to more wins!

Barbara Potolicchio
60 Old Pasture Rd.

'Gymnast In Motion' registrations underway

Registration is still underway for gymnastic classes held at the South Shore Community Center. Boys and girls ages 3-17 years of age may sign up. Session 1 runs for a period of 12 weeks. Call the Center at 383-0088. Classes are taught by Ruthann Ardizzoni, Patricia Donahue and Susie O'Brien.

extra points

(Continued from page 17)

People constantly stop me on the street and ask two questions. .

The first is, "How do you like the burgers at that new Wendy's in Marshfield?"

The second is, "What is it like to cover an action-packed high school sports game?"

The answer to the first question is, I like them very much but hold the mayo and the onions.

As for the second question, the following story about the season opening football game on Saturday between Hingham-Randolph will explain it all.

Arrival and deception

With a 1:30 p.m. kickoff at Hingham, I arrived for the game around 1 p.m.

Arriving that early, it was easy to find parking and both teams were in the middle of warm-ups as I approached the field.

It was a hot afternoon and even though I was dressed in shorts and a T-shirt, I was panting like a Golden Retriever.

I approached the entrance gate and held up my "Professional Reporters Notebook" (It really says that on the front of all Mariner notebooks) and told the girl taking tickets that I was covering the game. I could have paid the $3 but like football great Ben Franklin said, "Three bucks saved is three bucks earned."

"Oh," was all she said. She then handed me a roster as I walked in.

Most times, reporters can usually waltz right into games just by showing their notebooks and saying, "Press."

But sometimes, you run into a ticket taker who's watched too many NYPD Blue episodes and thinks you are someone trying to sneak in without paying. When that happens, I show them my trusty I.D. card and that's usually enough.

But if that doesn't work, I point to the sky and say, "Oh my god, look a Bald Eagle!" and when the fellow looks skyward, I dash in like O.J.

Anyway, I made it to the Hingham High field and could feel the sweat rolling down my back.

It was not football weather, it was beach weather and I got even hotter looking at the players wearing their 30 pounds of pads and helmets.

Oh say can you hear

The warm-ups ended and the coin toss was held.

I took my standard position on the field. I like to get as close to the action as possible. Ideally, I like to stay right with the first down chain gang. And on this day, I was on was on the Randolph side so I could get a little sun on my pale face.

Both teams lined up for the kick-off but had to pause as the National Anthem was played.

Maybe it was opening day jitters on the part of the sound system, but it sounded like someone was playing our country's song on the spoons. I couldn't even hear anything. I guess the song ended because everyone was clapping.

Pop goes the knee cap

The game began and I was soon joined by two other reporters along the sideline. Apparently, the sidelines angle is the way to go for most.

Both teams played hard and ran most of their plays up the middle. But whenever there was a sweep towards the sidelines I was ready to hit the road jack.

Too many times, I've seen sideline guys wiped out when a running back is heading out of bounds. The last thing I want to do is have some linebacker roll over my legs and turn my knee cartilage into lasagna.

Sure enough, early in the second half, the Hingham QB scrambled out of trouble and was heading right for me and the other reporters with six Blue Devils hot in pursuit.

I ran like the wind and was out of danger before you could say "knee surgery." The other reporters and chain guys were not as lucky. They missed getting flattened by eight helmet wearing high school players by inches. One reporter even dropped his notebook and pen while trying to get away. It was like a bad Jerry Lewis movie.

Coach, about the pants

The game went on and Hingham began to pull away with a comfortable lead.

I moved over to the Hingham side of the field as the fourth quarter ticked down.

The players, who were decked out in all new, all black game pants, were whooping it up but coach Tony Rolfe was still instructing. He called over a backup defensive tackle after a trap play and told him what he did wrong.

The final whistle sounded and the Hingham players jumped all over each other celebrating. They were 1-0 on the season and 1-0 with the new pants. Plus it was their first win over the Blue Devils since '85.

After the players shook hands in the middle of the field it was time for some hot quotes from the winning coach.

Five reporters, two who appeared out of nowhere, surrounded Rolfe. Most were at their first Hingham football game.

At this point, you have to know what you're doing as far as asking questions. You can't ask the winning coach how to spell his name or what he had for lunch.

I chimed in with the usual opener for a winning coach, "Great game today. What did you feel was the key to the win?"

From there, the questions flowed and everyone was able to fill some pages in their notebooks. After a while, I asked the coach about the new pants.

He credited his wife and players with the idea and then had a good laugh.

Eventually, the reporters drifted away.

Near the locker room I saw Hingham star tailback Corey Farina being interviewed by another reporter and jumped in for even more hot quotes.

Farina, who has a goatee mustache, had just come out of the shower and was shirtless as he answered questions from the press.

He liked the pants even more than Rolfe and was excited about the 1-0 start.

Most of the players and crowds drifted away and it was time to head back to my truck.

Hingham won, I had my story and it was time for a trip to Wendy's.

—David McKee

.500 start fails to rile Clark

(Continued from page 17)

Norwell continued its regular-season grip on the Skippers with a 3-0 win last Friday night. The Clippers are out for retribution from Cohasset after sweeping the Skippers last year, only to have Cohasset defeat them in the tournament, eliminating the squad from further play.

It was Cohasset, and not Norwell, who Clark believes played better soccer in the season opener. The Skippers had a number of chances to score, but it was the Clippers who were able to follow through on their scoring bids and put the game out of reach with three second-half goals.

Cohasset took full advantage of its scoring chances in win No. 1, a 3-1 decision over Norton on Monday night.

The Lancers broke a score-less tie at the 15-minute mark, but the Skippers came back to tie the game and then take a two-goal lead on consecutive tallies from Henry, Freeman and Kevin McKenna.

Cohasset held Norton scoreless in the second half, but couldn't do much offensively to fatten the lead. Clark gave the Lancers the decision in second-half play.

"I think we were a little outplayed in the second half," Clark said.

Even with their .500 start, Clark is hardly panicking over the Skippers' performances thus far. With every passing game he expects to see the team's cohesiveness improve to where it was by season's end in '93.

"It's just a matter of time," Clark said. "I think we're going to come together, solidify our defense and go from there."

Vol. XVI, No.48 | Thursday, September 29, 1994 | 1-800-649-6661 | 50 cents

Summit set for Oct. 11

Fix for Cohasset's sewer woes within reach

By Mary Ford
Mariner staff

Town meeting voters will be asked to approve a settlement reached between the town and state to resolve Cohasset's sewer plant problems which have plagued the town for 20 years.

The agreement is significant because it will allow the town to explore less expensive options than connecting to the Hull waste water treatment plant — a project which is estimated to cost $5 million.

A public meeting on the provisions of the agreement will be held at 7:45 p.m., Oct. 11 at the town hall auditorium. Two copies of the new agreement are available to the public at the town clerk's office and at the Paul Pratt Memorial Library.

"The new agreement resolves our former differences

State septic regs put homeowners in Strait jacket

By Michelle Massa and Mary Ford
Mariner staff

Private plans to install a sewer system may come up against some public roadblocks.

The Straits Pond Cooperative is a private association of homeowners in the Straits Pond watershed who banned together to solve a septic nightmare by offering to pay to install and operate a sewer pipeline to Hull.

The proposed pipeline would run from Black Rock Beach to West Corner. Residences which connect along the line would become rate-payers to the Hull sewer system.

"The idea has substantial merit but its implementation leaves a lot to be desired," said Edward M. "Ted" Guild, chairman of the sewer commission.

He explained that the town does not permit the "sewering" of streets except under its supervision.

Guild said the Straits Pond area will be incorporated in the state-mandated study of Cohasset's sewer needs. Part of the new agreement Cohasset reached last week with the state requires an engineering study to say what should be done all over Cohasset. He stressed that the study does not necessarily mean

(See page 5)

Shaw's submits new proposal

By Thomas De Santes
Mariner correspondent

Is it the age-old debate of the large corporation exploiting the local community? Or is it revitalization of an area in need of improvement? With both sides of the issue represented, the debate over Shaw's request for a permit to extend zoning continues.

Sept. 22, town officials, representatives from Shaw's and residents of Cohasset met at the Town Hall to discuss Shaw's plan to build a shopping center on the site of the current Cushing Plaza. Shaw's has applied for a permit to change the current business zone, enraging residents whose homes on Beechwood Street lie adjacent to the mall. In reaction to complaints voiced during the last meeting August 4, representatives from Shaw's presented a revised plan.

Marty Healy, Shaw's legal representative, presented the new plan, urging listeners to "measure our proposal in terms of what is there and what could be there." Healy also noted that Shaw's main objective with this plan is to develop a truck turn circle which would require development 30 feet into the restricted

Cohasset's week

EMT training approved

Cohasset firefighter/EMTs will be trained to administer a drug to counteract severe allergic reactions.

Pending review of labor counsel, selectmen will approve an agreement with South Shore Hospital to provide a three-hour training course. The town will spend $500 in one-time overtime costs for the town's 15 EMTs to take the course.

The training is for use of Epinephrine Auto-Injectors for the treatment of allergic reactions to insect stings or bites, foods, drugs and other allergens and will be valuable in saving lives, Fire Chief Roger Lincoln said.

"Recently, a patient suffering from a reaction to a bee sting needed emergency treatment and luckily the South Shore Paramedics were available to respond. However, if the P-1 unit had not been available, the patient's survival would have been in doubt," Lincoln said.

Lincoln said seven patients in Cohasset so far this year went into this type of shock.

"If it saves one life, it's worth it," Lincoln said.

August fire report

In his report to selectmen for August, Fire Chief Roger W. Lincoln said all EMTs received quarterly automatic defibrillator refresher training that month. The fire department also delivered 3,600 gallons of water to the recycling and transfer facility to replenish its well. Cohasset schools were inspected prior to opening for the new school year. Fire drills will be scheduled to test evacuation procedures at the schools soon, Lincoln said.

In August, there were 175 incidents involving the fire department including one structure fire, three outdoor fires, three motor vehicle accidents, 53 medical incidents, 16 investigations, 7 assistance provided, 61 inspections, and 31 miscellaneous incidents, Lincoln said.

E-9-1-1 members wanted

There are vacancies on the E-9-1-1 committee. Interested citizens should contact the selectmen's office at 383-9900.

Flash back to summer — **Meghan O'Sullivan, Carolyn Cameron, Alissa Conley, and Jackie Kahn, all of Cohasset, have some hair-raising fun on the Sea Dragon at the annual carnival in Scituate Harbor. Stay tuned to the Cohasset Mariner every week for lots of local news and photographs.**

Cohasset's week

Bucket truck repairs OK'ed

Selectmen approved a transfer of $1,000 this week to go toward repairs to the bucket truck used by the wire department.

"During the past 10 months, superficial rust areas have become so deteriorated that sandblasting prior to repairs and painting is essential," wire department supervisor Stephen Wigmore said.

About $3,000 is needed to complete the refurbishing. The wire department is $1,000 short in its appropriation, Wigmore explained.

"These repairs should inhibit further deterioration and keep the truck from of this sort of repair for the next three-to-four years," he said.

Bushes need trimming

Alice McWilliams, 194 Lamberts Lane, wrote to selectmen to asked that the overgrown Sumac bushes on Lamberts Lane be trimmed.

"There is a very dangerous corner that has been narrowed by these bushes. I had an accident on this corner last winter," she said. "With the added summer growth, it has become every more dangerous. Golf carts also travel on this stretch of road. At times I can't even see them," she said.

Greenbush on warrant

There are two articles on the Oct. 24 special town meeting warrant relating to the proposed restoration of the Greenbush Line.

Selectmen will ask voters to approve funding to hire a consultant to evaluate the Environmental Impact Report on the railroad and its impact on Cohasset.

A citizens petition article will ask voters a three-part question about Greenbush. Does the down support commuter rail service through Cohasset even if it means: that taxpayers would have to pay to build, operate, and maintain it; that a diesel train would cross over 11 roads in Cohasset 24 times a day; and that it would pass through wetlands and close behind the Osgood School and playground? Ten signatures are required to place a citizens petition warrant article before special town meeting.

REAL ESTATE UPDATE

"CRUISING" HAS LIMITS

QUESTION: Why should I househunt with a Realtor when I can "cruise" around neighborhoods in my own car and see what's for sale?

ANSWER: You can get SOME information by "cruising", but there's so much you can't see through a windshield.

What are local taxes, public transportation, zoning restrictions? Are there deed restrictions common to the area which might affect how you can use or alter the property? What are the future prospects of the neighborhood? A local Realtor can be a quarry of such information. Also, many homes for sale do not have signs in front of them. Use a Realtor – it sure beats cruising and saves you gas and time.

Bid for regionalized E-9-1-1 gets lukewarm support

By Alice C. Coyle
Mariner Staff

To cut future costs, Cohasset selectmen have urged their counterparts in neighboring towns to push for establishing the E-911 emergency telephone service on a regional basis instead of setting it up individually.

But with the regionalizing of the Seaside Rescue and Fire District at least two years away, Hingham's Executive Secretary Charles Cristello said that the town can't afford to wait for the service.

Hingham is already well on the way toward establishing a central dispatch center for police and fire, and Cristello estimates that E-911 will be on line for the town within nine months.

Earlier this month Hingham Selectmen voted to award the bid for $92,916 from Motorola Communications and Electronics of Waltham for radio equipment for the proposed dispatch center. Trained civilians will eventually operate the center, replacing police personnel and firefighters and returning manpower to the street.

In Cohasset similar steps have been taken to get the town ready for E-911, said Cohasset's Executive Secretary Greg Doyon.

"We've already upgraded our police console and radio equipment and taken the steps we have been asked to take by the state to prepare our dispatch area," Doyon said.

According to Doyon the latest word from the telecommunications board is that E-911 c[illegible] be available to Cohasset as early as the second quarter of 1995.

But with estimates of $140,000 to cover the costs of of civilian dispatch, Doyon said Cohasset selectmen

(See page 12)

Area works toward Safe Home(s) teen parties

By Joyce Bain
Mariner correspondent

Drinking and getting drunk has long been considered a rite of passage for teenagers facing adulthood. However, the many damaging effects of this rite could prove to be its downfall. In fact, teenage drinking has gotten so out of hand that children as young as 8th grade have been hospitalized for nearly drinking themselves to death. These teens are not some impersonal statistic, but members of local communities. It is in response to the situation faced by teens today that many area town representatives gathered in Cohasset last Wednesday, Sept. 21, to discuss their Safe Homes programs.

Safe Homes is a program where parents sign a contract to not allow alcohol at teenage parties. The names of fellow-signers are distributed to create a network which parents can use to communicate with one another concerning events their children are attending. Cohasset was the first area town to install this program in 1990, borrowing it from Weston, but was soon joined by Hingham, Scituate, Duxbury, Hanover, the Silver Lake Region, Rockland and soon Hull, representatives of which attended the meeting.

According to statistics brought up at the meeting, 80 percent of 7th and 8th graders who use alcohol claim it is easy to get it from home, with the average age to first start drinking at 14. Most towns target parents with children in grades six to 12, although Duxbury includes K to 12, hoping that involvement of parents of younger children now will strengthen the program when they are more directly faced with a problem.

Since its installment, most towns have found the program to be as successful as they hoped.

Keith Knowles, a member of the Cohasset committee and the leader of the discussion, comments: "We are working on an issue no one wants to think about. No one wants to talk about substance abuse or to admit its a community problem."

This sentiment was echoed by other participants, claiming people are tired of being lectured to about the many dangers of drugs and alcohol, and yet the awareness level is still amazingly low.

The law states that the owner of the property is responsible for what takes place there. Parents are allowed to serve alcohol to their own children on their

Cohasset Citizens!

A message from the Sewer Commission

As many of you are aware, Cohasset has been under a court order (called an Agreement for Judgment) which obliges us to expand, upgrade and modernize our sewer system. The Commonwealth and the Town, through the Board of Selectmen and the Sewer Commission, are proposing that, at the October 24, 1994 Town Meeting, we adopt an updated Agreement of Judgment ("the New Agreement") which has been negotiated over the last several months.

A public meeting will be held at 7:45 P.M. on Tuesday October 11, 1994 in the town office building to explain the provisions of the New Agreement .

In the meantime, copies of the new Agreement are available at the office of the Town Clerk and at the Paul Pratt Memorial Library.

Edward M. Guild, Chairman
Cohasset Sewer Commission

State septic regulations. . .

(Continued from page 1)

the town would provide sewers to that area and recommendations from the new study could be two-to-three years away.

It's not clear how long Straits Pond homeowners will wait. In a letter to the Hull sewer commission, the cooperative said it would like to begin construction with the spring thaw.

Guild said town involvement with the project is crucial.

"If it's (pipeline project) done, we would insist that it be done with a town-selected engineer and any negotiations with Hull are done with town-selected legal counsel," he said.

In a telephone interview, cooperative spokesman Theodore Ford said any town help would be welcome.

"We in the cooperative are really pleased that the town is hiring an engineer to examine our proposal and will provide help with engineering design and negotiations with the town of Hull to solve our problem," he said.

Members of the executive board of the cooperative appeared before the zoning board and sewer commission last week to ask permission to construct and operate the sewer pipeline.

The affected homeowners are trying to comply with stringent state Title V regulations requiring that many septic systems be replaced or upgraded to meet tough environmental standards.

Ford said the group is motivated by necessity. The homeowners involved represent about $30 million in property values which could be seriously impacted by Title V, he said.

Straits Pond is designated as an area of "critical environmental importance" by the state Department of Environmental Protection (DEP). Therefore, homes near the pond are a particular focus for the DEP, Ford said.

There are 60-to-70 residences within the watershed zone including houses and condominiums, which will be required to upgrade their current sewer systems — at a cost of about $50,000 each. More than half have already endorsed the pipeline proposal, Ford said.

The project could cost $400,000 — about $5,000 for each residence — depending on the total cost of construction and number of participating households.

Cooperative officials set a target date for the negotiation of a contract with Hull of Dec. 31, 1994.

Guild explained that in his view the town must be involved in any "sewering" project to ensure safeguards. Otherwise the town could be liable if there are problems.

But Ford said homeowners are in a tough situation.

"We are looking to comply with the law which is Title V and look forward to a cooperative relationship with the town, including the sewer commission," Ford said.

"But it's clear what the liabilities are to these homeowners," he said. "Have sympathy for the young couple or elderly citizen that cannot sell their house (because of septic system regulations)."

Traffic volume worrisome

The Foleys, 184 Lamberts Lane, wrote to Executive Secretary Gregory Doyon Sept. 15 concerning traffic and safety issues on Lamberts Lane.

"This street was never designed for the current truck and vehicular traffic volume," they said. "The golf club traffic has dramatically increased over the last few years, this along with an increase in families with children on the street is a disaster waiting to happen."

The Foleys said the street cannot adequately accommodate two-way automobile traffic never mind the large trucks.

They suggest banning truck traffic on Lamberts Lane with the exception of oil deliveries; installing traffic safety mirrors where appropriate; clearing some trees; and potentially widening the road at the dangerous curves.

Shaw's submits new proposal. . .

(Continued from page 1)

zone, "an acceptable request in accordance with zoning by-laws."

Healy explained that Shaw's devised this circle as a solution because it would allow trucks to enter from Route 3A, drive to the back of the store, turn in the circle and exit where they entered. Ultimately, Shaw's feels that this would eliminate the questionable truck traffic on Beechwood Street, traffic which Beechwood residents vehemently opposed during the previous meeting. Healy also noted that this plan would keep building lines "at about where they are now" which would allow parking in front of the store.

Healy also made it known that Shaw's plan minimizes commercial development within the business zone. Under the zoning laws, Shaw's could hypothetically increase their development plans by more than 40 percent. With a smaller building, more greenery, and a commitment to the area's natural aesthetics, Shaw's has opted for minimal development, a plan which Healy said "Shaw's thought would be welcomed by the people of Cohasset."

In continuing to address the main complaints expressed during the last meeting, Healy detailed Shaw's proposed actions. The Shaw's plan calls for screening around the land adjacent to Beechwood Street. The proposal includes a restricted area of greenery and a 12' timber barrier surrounding the back border, including the circle. Healy emphasized that "neighbors would not see the fence because the greenery would border their property." He also claimed that the barriers would "lessen the sound far beyond the required measures," adding that the existing conditions are far worse than what Shaw's proposes.

Healy then addressed drainage. The Shaw's plan includes substantially filling the land under the front parking lot to absorb the extra drainage. Coupled with Shaw's plan to reduce the rate of flow, the problem will be "less serious," according to Healy.

Healy lastly addressed the anticipated traffic concern. As he stated in his opening comments, the plan would alleviate truck traffic on Beechwood Street by creating one entrance on 3A with a traffic light. Healy also stressed that Shaw's would help ensure that "steps were taken to reduce speeding, including signage and a call for increased patrolmen monitoring the area." According to Healy, eliminating the Beechwood exit is the "proper way to deal with the traffic issue."

In conclusion, Healy reminded listeners that Shaw's goal is to "revitalize and modernize the shopping center that is currently not vital."

Upon completion of the Shaw's presentation, the board invited rebuttal from Beechwood resident Joseph Hamilton. Hamilton's legal representative stressed that the focus of the debate should be based on allowing Shaw's to extend into a residential zone. He pointed out that the by-laws do indeed state that Shaw's is entitled to apply for a permit "if and only if the use would not affect traffic or otherwise harm residential neighborhoods." To prove that this extension would harm the Beechwood neighborhood, Hamilton presented a traffic consultant and a noise engineer to comment on the Shaw's proposal presented August 4.

Robert Van Nasse, a traffic consultant for the past 28 years who consulted on the Stop & Shop in Cohasset and other supermarkets, explained that he felt the Shaw's plan would increase problems. Because of the incline on 3A, traffic speeds would be disrupted between vehicles speeding downhill and other vehicles crawling uphill. Yet, he agreed that the single entrance on 3A replacing the eight existing access points is beneficial, especially if it eliminates traffic on Beechwood Street. The board addressed the issue of double traffic lights only feet away and how that would affect traffic and it was determined that tests would have to be conducted.

Lawrence Copley, an environmental noise engineer for the past 25 years, discussed the noise of the trucks and machinery in terms of the proximity to Beechwood Street. Copley made it clear that the new proposal, which he heard for the first time that evening, seemed to be "a step in the right direction," but he addressed the concerns of the Beechwood neighbors. There was concern over the truck engines, the labor sounds, the truck brakes, the refrigeration apparatus, and the air conditioning machines. There was discrepancy over the decibel levels cited in the proposal compared to existing levels. Shaw's predicts that the level would be similar to the existing level of 62 decibels, yet Copley tested the area at 42 decibels. When asked if moving the building 100 feet away would make a difference, Copley answered that there would barely be a difference. Like the traffic engineer, Copley agreed that more conclusive testing would have to be done in reaction to the new proposal.

The board opened the floor for comments in favor of the plan. The operator of the Consignment Shop at Cushing Plaza expressed her anticipation for a revitalized mall where she hopes to continue the business. A representative from Rockland Trust Company welcomed the plan for the new site because it would eliminate the existing problems tenants of Cushing Plaza have been experiencing. Lastly, a Beechwood resident stood and reiterated that the Shaw's plan would maintain a buffer zone between the business and residential zones, eliminating the concern over unwanted commercial or residential development.

On the reverse side of the issue, abutters addressed their disapproval of the plan specifically in regards to the traffic and noise. Neighbors of the mall noted that the greenery would lose its foliage, eliminating a barrier. Another resident cited the traffic problems that plague the area, stating that "they didn't put up signs when my son was hit and they're not going to put up any now!" Another resident made it clear that when Sart brought his land adjacent to the mall, he knew his limitations to building because of the septic problems. He felt Shaw's knew its limitation when they bought the land as well. Another resident pointed out the discrepancy in the Shaw's drawings of the site lines. He noted because of the angle and decline, the Beechwood Street residents would clearly see over the barriers which also meant the noise would travel.

The board then asked Shaw's why the building could not be moved forward. Healy reminded them that the layout for Shaw's required storefront parking and the building could not be moved forward over the land that would be filled for drainage. Healy also stated that the neighbors are getting more than what is required in terms of noise control and sight barriers, especially in view of the existing conditions. He also made it known that if the site did not suit Shaw's needs, there will not be a Shaw's, and ultimately it may be sold to a planner who would propose even more drastic measures.

When asked if Shaw's could move the building 90 degrees to face Beechwood Street, Healy replied that Bergsen's was contracted to remain in place. Plus the downward grade of the land would pose a construction problem.

After all comments, the board asked for the applicant's written comments to be submitted within four weeks and any other comments to be submitted with five weeks when a decision will be made.

Hazardous waste day

The Town of Cohasset holds its fifth annual Household Hazardous Waste Collection Day Saturday, Oct. 1, from 9 a.m. to 1 p.m. in the parking lot at the Cohasset High School.

Program is funded by town meeting and run under the direction of the Board of Health. Collection is limited to $14,350 of hazardous household materials such as pesticides, cleaning agents, corrosives, paints and flammables.

Funding this year includes $1,000 grant from the Norfolk County Conservation District. A new feature this year will be a plant bulb sale in conjunction with conservation efforts of this organization. A variety of fall bulb packs such as 30 crocus, 15 double flowering tulips, 30 iris among others will be sold at $4.50 per pack. Payment can be made by cash or check to Norfolk County Conservation District.

Collection is restricted to Cohasset residents. Call the Health Department at (617) 383-9900, ext. 121, for more details.

Mom needed a helping hand... not a nursing home.

We all knew Mom was slowing down and could use some help, but even her doctor said she didn't need a nursing home. While she knew she could rely on us, Mom insisted she didn't want to be a burden to her children.

That's why we're all so glad she found a beautiful new home at Allerton House. Assisted living is a wonderful alternative: Mom gets the help she needs to stay as independent as possible, and she's already made a number of new friends.

Fix for Cohasset's sewer woes

(Continued from page 1)

with the Commonwealth on an ecologically sound and affordable basis," said Sewer Commission Chairman Edward M. "Ted" Guild.

Cohasset has been under a court-ordered "Agreement for Judgement" which obligates it to expand, upgrade and modernize its waste water system. In 1988, the state and Cohasset agreed the problem could be resolved by pumping Cohasset's wastewater to the then underutilized Hull treatment plant.

This agreement remains in effect and the town is still obligated to expand and improve its wastewater system, Guild explained.

But under the new settlement, which gives the town five years to correct its sewer problems, Cohasset can select among alternatives including the already approved connection to the Hull plant or:

• Expansion of the town's present sewer plant with state-of-the-art treatment and continued discharge into James Brook estimated to cost $2.5 million;

• Expansion of the town's present sewer plant with state-of-the-art treatment and discharge into the harbor for about $3.1 million.

(The state-of-the-art treatment would include removing phosphorous and nitrogen which are not removed now. Chlorine kills bacteria and there is some chlorine residual with the current plant which was designed 25 years ago. Under the new system, there would be zero chlorine residual, Guild explained).

The Hull plan, which is the most expensive alternative, would increase taxes by about 50 cents per $1,000 of assessed valuation or $150 the first year on a $300,000 home. The James Brook plan which is the least expensive alternative would cost the same homeowner about half that.

Problems between the town's sewer plant and the state date back to 1975 when the treatment plant was cited for violations if its permit. In 1988, the town approved a debt exclusion override of $2.2 million to hook up to Hull's treatment plant.

At that time, the state was going to kick in the balance. And since Hull's plant was over-designed and then underused, it appeared to be the best solution to the town's sewer problems at the time.

But the state funds dried up.

And because of the lack of the state funding, the cost to Cohasset to hook up to Hull now is about $5 million.

Sewer service is only economically feasible to the town's densely populated areas. The $2.2 million debt exclusion, which was approved in May 1988 but never borrowed, could help cover part of the cost of hooking up to Hull if the town decides to go that route with the balance covered by a debt exclusion vote. If the James Brook or Harbor alternatives prove to be environmentally feasible then the town would need to seek a debt exclusion to cover the cost.

Guild explained that the town will apply to the state to subsidize the interest rate on the loan so the town would pay about 2.8 percent rather than six percent.

"That's the equivalent of getting a 25 percent grant," he said.

A modernized and upgraded Cohasset plant would be able to handle 216,000 gallons of wastewater a day or treble the current amount. The "load" (suspended solids per liter in the treated water) would be 1/3 of what is discharged today into James Brook which flows into the harbor.

The increased amount of discharge is miniscule when compared with the 600 million gallons that flow in and out of the Gulf River every day, Guild points out.

The town will provide sewer service to the Hillside and Veterans areas both of which are off Pond Street and around the harbor including Parker Avenue and Howard Gleason Road. There are about 180 homes and businesses hooked up the the current system.

Although only part of the town will be on line, the upgraded plant pays off for everyone environmentally and financially. Guild explained that the town could face fines of $1/2 million a year if it does nothing. A penalty that would affect users and non-users alike.

Town meeting voters will be asked to okay a two-step plan: approving the new agreement with the state and authorizing the town to pay for the selected alternative two-to-three years down the line; and directing engineers to prepare plans for the James Brook and Harbor alternatives. The town already has the plans for the connection to Hull alternative.

The cost of the engineering studies would be paid through short-term borrowing and would add a few cents to the tax rate. If one of the Cohasset alternatives is approved, this cost would be folded into the overall cost of that figure.

Zoning bylaws ready

The Cohasset zoning bylaws have been revised and reprinted. They are for sale in the Building Inspector's Office and the Planning Board Office for $10.

around town

by Sallyann Chatterton

Cohasset High must be very proud of **Courtney Schultz**! Immediately following CHS graduation, Courtney was awarded a South Shore Hospital scholarship to pursue a career in the medical field. Earlier this month, she received word from the Commonwealth of Massachusetts Department of Education that she is a recipient of a Robert Byrd Honors Scholarship funded by the U.S. Department of Education.

Congratulations, Courtney, and lots of luck at Cornell University.

David Stover took a horrible spill at CHS while he was on duty last week. After several stitches, bumps and bruises, he is home recuperating, and would probably love to receive a get-well message from you!

We all wish you a speedy recovery, David. And, we hope that you get lots of scratch cards to keep you busy. You can still scratch with a dislocated shoulder, right?

Tim Brister, one of last year's Cohasset tennis captains and number one player, has already risen to number nine on the Division One, Colgate University tennis team.

Colgate coach **Scott Thielke** says Tim is coming on rapidly and he expects even better things from him in the spring.

CHS coach, **Chum Steele**, says, "It's great to hear that Tim is doing so well. I always told him he could play on the Division One level."

Ming Ai Ong hails from Malaysia and is Cohasset's new AFS exchange student. She spent the first half of her year in Vermont. In August, she moved to Forest Avenue to live with Vera and Lee Fagot and "sister" Renée and will be there until December. She's a terrific kid and plays field hockey. Welcome to Cohasset, Ming!

When you go to the South Shore Conservatory of Music in Hingham, be sure to see the show in the Stair Case Gallery, with **Gil Coyle's** works in the spotlight. Her engravings, paintings and mono-prints will be there through the end of October. Gil is the head of the Art Department at Derby Academy.

We heard good news about **James Driscoll** last week! He was selected captain of the lacrosse team at Haverford — quite an honor indeed! Can you believe that James is in his senior year there? Have a good season and a good senior year, James! Let us hear from you!

Norman Swain is in South Shore Hospital as this is being written, suffering from viral pneumonia. Hope your recovery is a speedy one, Norm, we all miss seeing you around town!

Charles Endris, son of **Steve** and **Ellen Endris** of Black Rock Rd., recently began studies as a first-year student at Hamilton College.

Charles is a CHS grad, and was selected from more than 3,400 applications to the college. He joins a class of 482 that has representation from 34 states and 28 countries.

Happy Birthday greetings go to **Hugh Morgan** this week. "Captain Morgan" will be celebrating his big 50, so be sure to congratulate him when you see him!

And, belated birthday greetings go to **Jen McAuliffe**. Jen spent her birthday in California, so when she gets back give her a huge hug and tons of birthday wishes for a fabulous year!

There's a brand new baby girl in town, her name is **Melinda Beth Dignam**.

Melinda's parents are **Mary Beth** and **James Dignam**, and she joins her brother **Colin** and sister **Natalie**.

Melinda was born Aug. 12 at 3:06 p.m. and weighed 8 lbs. 7 ozs.

Her maternal grandparents are **James** and **Mary Hanna** of Scituate and **Frances** and **Mary Dignam** of Leominster are her paternal grandparents.

We congratulate all of you!

Hope Gaston, daughter of **Mr.** and **Mrs. John M. Gaston III**, has earned an impressive score of three on the College Board's Advanced Placement Exam in European History. The exam was taken last spring, while Hope was a junior at Holderness, a small traditional independent school in Plymouth, N.H., and was graded rigorously on a scale of one to five. Scores of three or higher customarily qualify a student for advanced placement at the college level. She was one of 30 Holderness students to qualify for advanced placement in various subject areas.

Give a big Cohasset welcome to **Jesse James Batts**, son of **Nicole Batts** and grandson of **Mark** and **Janice Batts**! Jesse was born Aug. 23 at 4:49 p.m. and weighed 7 lbs. 9 ozs. Jesse and Melinda will be classmates!

"Forsaking all Others" will be presented at Wilder Memorial Hall, 666 Main St., Hingham, Oct. 7, 8, 14, 15, 21 and 22 at 8 p.m.

It is written and directed by Cohasset's **Susan Shellmer**. Tickets are $10 and may be obtained by calling **Shelley O'Neill** at 871-5424.

Set aside Saturday evening, Oct. 1, for another famous **Beechwood Congregational Dinner**. Menu includes chicken dinner, beverage and dessert. Adults $6.99, children $3.50.

Dinner starts promptly at 6:30 p.m. For tickets call **Nancy** at **383-1298.**

That's it from here! Sallyann 383-0560

weddings

Sechen/ McMellon

Megin Alice McMellon, daughter of James and Barbara McMellon of Stratford, Connecticut, married George Matthew Sechen Jr. of Cohasset, June 25 at the Lordship Community Church.

The groom is the son of George and Annette Sechen of Howes Lane.

The Rev. John Collins officiated. A reception followed at Liedle's in Stratford.

The maid of honor was Beth Ford of Stratford. Bridesmaids were Laurie Baird and Sara Martin of Stratford and Julia Sechen of Cohasset.

Mark Sechen of Cohasset served as best man. Ushers were Scott McMellon of Stratford; Scott Masters of Concord, New Hampshire; and Brian Yeaton of Pelham, New Hampshire.

The bride is a graduate of Keene State College in Keene, New Hampshire. She is employed at Stratford Academy in Stratford.

The groom is a graduate of Northeastern University in Boston and holds a masters degree from Boston University. He is employed at U.S. Geological Survey in Marlboro, Massachusetts.

The couple spent their honeymoon in Bermuda.

Mrs. George M. Sechen Jr.

obituaries

Dorothy Doble

Dorothy (Jones) Doble, 98, of Cohasset, a homemaker, died Sept. 22 in South Shore Hospital, Weymouth, after a brief illness.

Born in Buffalo, N.Y., she graduated from Simmons College in 1918. After her marriage to the late Kendall D. Doble, former president of Pneumatic Scale Corp. of Quincy, she lived in London, England. Mrs. Doble moved to Milton in the 1920s and lived there until moving to Cohasset in 1938.

She leaves a son and two daughters, Kendall D. Doble Jr. of Hingham, Jean D. Sweeney of Rockport and Margaret D. Ingersoll of Lebanon, N.H.; nine grandchildren and eight great-grandchildren.

A memorial service was conducted Sept. 26 in the First Parish Unitarian Church, 23 North Main St. Burial was private.

Arrangements were made by the Downing Cottage Funeral Chapel, Hingham.

Elizabeth Soracco

Elizabeth (Porter) Soracco, 86, of Cohasset, a homemaker, died Sept. 21 at her home after a long illness.

A native of Pittsburgh, Penn., she lived in Cohasset for 38 years.

Mrs. Soracco graduated from the University of Pittsburgh in 1924.

She leaves her husband, Edward T. Soracco; and a son, Thomas R. Soracco of Burlington.

The funeral and burial were private.

Donations may be made to Hospice of the South Shore, 100 Bay State Drive, Braintree 02184.

Arrangements were made by the McNamara-Sparrell Funeral Home.

guest editorial

Don't feed the ducks

The Massachusetts Audubon Society agrees with the position of the Massachusetts Department of Fisheries and Wildlife that it is inappropriate, and often unfair, to feed wildfowl. Ducks are gregarious species that will gather and feed in an area until the amount of available food diminishes to a level where some or all of the birds will leave. If food is provided, the birds can gather in numbers that allow for them to impact plants and other animals in the area, to spread disease, and to co-mingle species that otherwise would be separate.

The biological impacts of these situations are many and varied. The impact on vegetation around an area that is over-populated with ducks is often striking. All plants will be eaten and the ground exposed. Erosion, and the accumulation of droppings, will impact the water nearby. The exposed dirt and droppings also make the area unsuitable for some purposes that the area might otherwise serve. One of the conflicts seen is between the recreational use of a site for picnicking and strolling and the "barnyard" use of the site by birds.

One of the circumstances that always seems to develop from the attracting and holding of fowl with grain is the seemingly miraculous addition of half-wild and domestic creatures to the flock. Sooner or later there will be barnyard geese, as well as Call and Peking Ducks dropped off to join the flock. The problem with these domestic creatures is of a different sort — they won't leave if the feeding stops. They will have to become someone's pets.

From a wildlife management point of view I am always concerned that the presence of groups of ducks, like those that occur in Town Commons, give the public a false sense of the vigor and number of the bird population. Habitat is still disappearing, land preservation and management should still be social and cultural goals, and populations of creatures should be understood as they relate to the real world — not to the local duck pond.

In addition to ducks, the spreading of grain can attract herring and ring-billed gulls, rock doves (pigeons), raccoons and rats. There are many concerns associated with the attracting and holding of wildlife. In the case of ducks there are real concerns with the health of the animals, the impact on their behavior, and the possibility of a negative impact on the people in the area. We do not support the feeding of waterfowl.

FLASH BACK

Buzz, Alan, Chris, & Paul

There's no question our talented staff photographers Alan Chapman, Buzz Wadsworth, Chris Bernstein, and J. Paul MacDonald take pictures which set us apart.

Many of you like their photos so much that you've ordered reprints time and time again.

But the number of requests for reprints has overwhelmed the system we set up. Now we're trying something new to streamline and speed up the process — so that you won't have to wait so long to receive your prints.

Effective immediately, if you would like to purchase a glossy reprint of a photograph which has appeared in the *Cohasset Mariner*, please drop a note to the photographer (named in the photo caption) in care of The Cohasset Mariner, 165 Enterprise Dr., Marshfield 02050.

Because our photographers serve all Mariner towns, the note should include the name of the newspaper in which the photograph appeared, the page number, and a brief description of the picture.

For example you could write:

"I would like a glossy reprint of the Alan Chapman photograph of the boy at bat on page 13 of the Sept. 22 issue of the Cohasset Mariner".

Be sure to include your name and a phone number and a time when you can be reached.

Please do not send any checks, cash or money orders until the photographer contacts you to make arrangements.

Our photographers like selling reprints, so don't be shy. It's a great way for them to make some extra money and the fact you like their work makes them feel good.

As the summer winds down and with school days on the horizon, your requests for photo coverage skyrocket. We have to share our photographers with 15 other Mariner towns so advance scheduling is critical.

If you would like a Mariner photographer to cover your event, please give us as much notice as possible. Don't hesitate to call the Hingham office at 749-0031 with questions and photo requests.

— Mary Ford
Editor

political notes

(Editor's note: the following political announcements were provided by the candidates' campaigns).

Republican state senate candidates, Don Hussey and Carolyn Van Tine, have pledged their support to the campaign of Republican nominee, **Bob Hedlund**. Hussey and Van Tine joined Hedlund the morning after the Sept. 20 primary holding signs for Hedlund during rush hour.

"With Don's energy and Carolyn's enthusiasm, we have a great team in place to win this senate seat," Hedlund said. "And with that win, we will continue the effort to bring about true welfare reform, a meaningful crime package, and fiscal stability."

To volunteer for the Hedlund campaign visit the headquarters at 6 Crow Point Lane (behind Tedeschi's on Rte. 3A) in Hingham or call 740-4920.

State **Sen. Brian J. McDonald** said the election between himself and former Sen. Robert Hedlund offers voters a clear choice.

"Let's take transporation as an example," McDonald said. "I've been able to get state government to pay attention to restoration of the Greenbush line in my two years in the state Senate," he said.

"Bob Hedlund thinks we don't need commuter rail on the South Shore and I do, it's that simple."

McDonald noted he was able to get an agreement this year that has reduced rush hour openings of the Fore River Bridge by more than 70 percent. He said he has also obtained funds for a traffic study that will make recommendations for future traffic and safety improvements on Rte. 3A.

Weymouth's **William J. Forsyth**, independent candidate for the Norfolk-Plymouth state senate seat held by Brian McDonald (D-Weymouth) says he's looking forward to support from former state Rep. Robert Ambler and former candidate Tim Gage loyalists.

"I believe in the old saying that your opponent's enemies are your friends will come true for our campaign," said Forsyth in a recent press release from his campaign headquarters.

Forsyth continues to seek volunteers. Anyone interested my call 617/834-1130.

Forsyth said his campaign strategy is to "enlist and encourage unenrolled or 'Independent' voters to support one of their own. This entails showing the failures of the political parties and lack of real representation offered to the working men and women of the South Shore," he said.

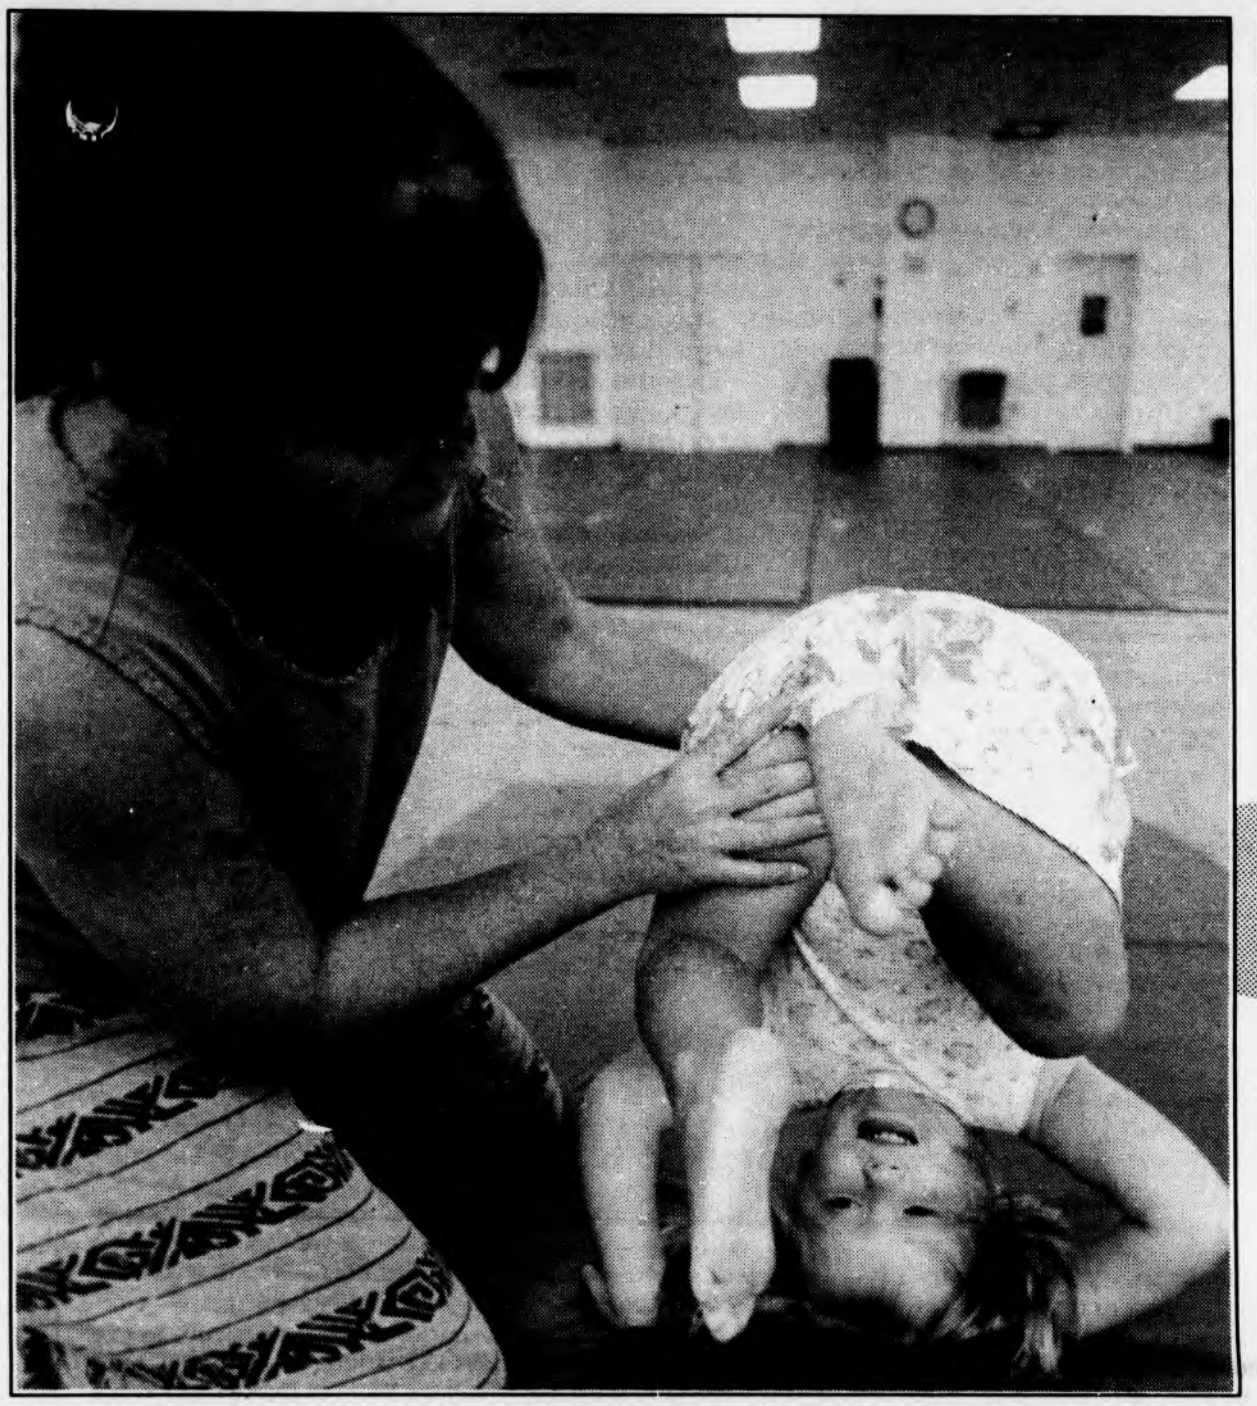
Part-time help needed

The Cohasset Recreation Department is accepting applications for a variety of positions in after school recreation programming.

Applicants should have experience working with children in a recreational and/or sports environment and be available for work late afternoons and/or early evenings. Compensation is commensurate with experience and qualifications.

To apply call the Cohasset Recreation Department at 383-6791.

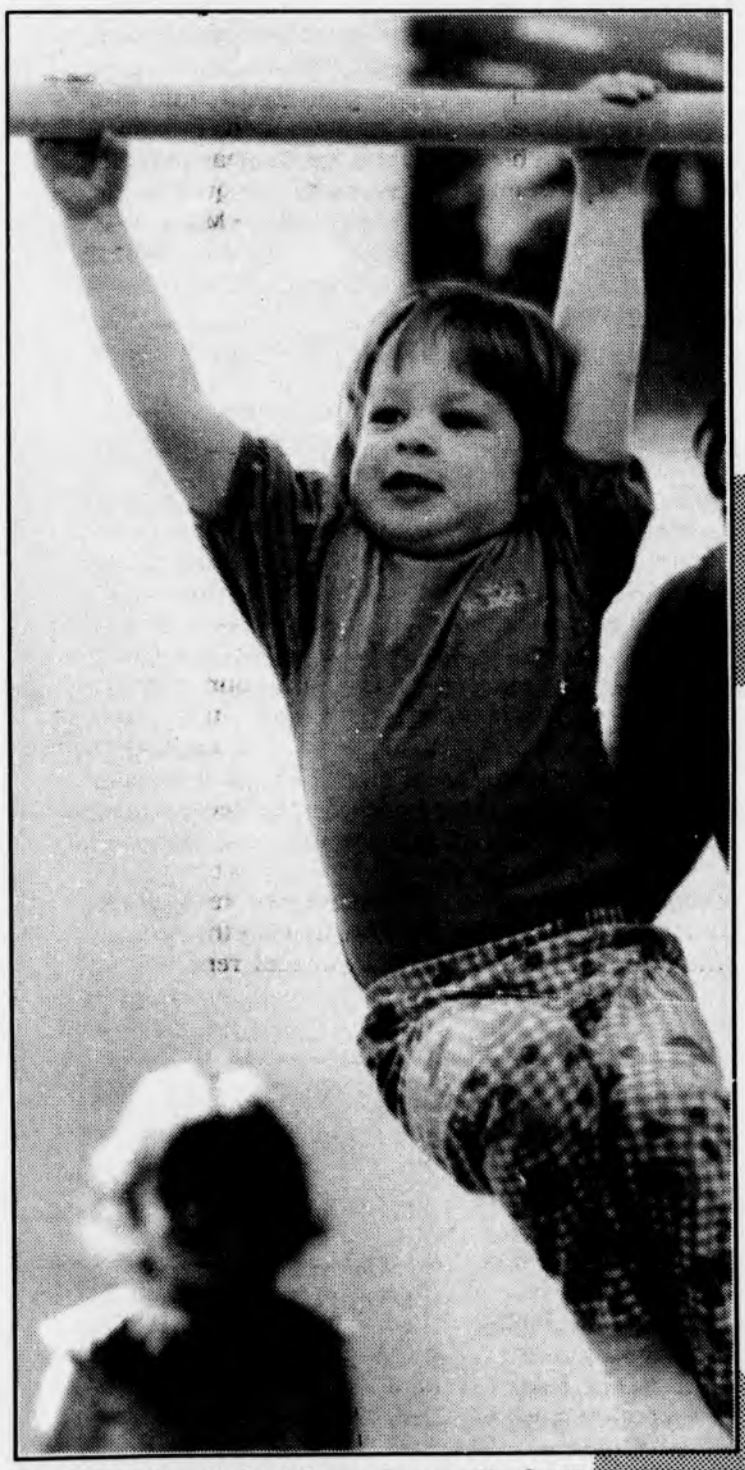
Kids catch the tumbling bug at the Community Center



Above, Meg Coulton gets a push while tumbling in Tumble Bugs, a gymnastic class for preschool age youngsters at the South Shore Community Center, 3 N. Main St.

Christine Coogan clowns with instructor Ruthann Sargent-Ardizzoni.

Rachel McMorris wistfully waits for her turn.



Margaret Goodwin tries a gymnastic feat!

Meg Coulton, Katherine Lunny, Christine Coogan, Rachel McMorris, and Lauren Blaze take a break during Tumble Bugs at the Community Center. Call 383-0088 for more information.

Area works toward Safe Home(s) teen parties

(Continued from page 1)

own property, but not to other minors. However, there is no general practice carried from town-to-town concerning enforcement of these laws and how to handle a teenage drinking party, adding to the confusion surrounding the issue. These mixed messages reach the teens. In fact, according to the Safe Homes group, many parents feel the major problem is drinking and driving, overlooking other results such as pregnancy, violence and injuries.

In response to the problem, Safe Homes is trying to establish a network so that teens can have "safe fun." Already some success stories have resulted from the programs.

Before beginning its program three years ago, Scituate recorded approximately 40 arrests after such events as Homecoming, the junior prom and graduation. Last year there were no recorded problems.

"Parents are just beginning to understand they can talk to other parents about what's going on," says Elizabeth Howe of Hingham. "They are starting to be willing to call other parents and say — I hear you're having a party tonight, did you know that?"

She adds that a dent has been made but there is a great deal more work to be done. "You hear about failures, about the parties that do go on, but there is no way to measure how many parties don't happen."

The Safe Homes program is not without its problems. One of the largest difficulties faced by all of the participating towns is the lack of follow-through by the parents. Many sign the contract in good faith in the fall, but by the time spring comes around are not actively participating.

Rose Collins of Cohasset has been disappointed in the past.

"I have called other parents to get their kids out of parties and have gotten no reaction," she says.

But she knows it can work. "In the past when we've networked someone goes to check. We need to sometimes be spies, really."

Another downfall of the program is what constitutes a "safe house." Parents need to remember that simply because a house appears on the list, it is not necessarily safe for a party. These are parents who are willing to be called. In order to know the parents are aware and in control of the party, they need to be called and asked.

Yet despite these setbacks, no participating town is ready to abandon the Safe Homes program. In fact, they are interested in working harder and introducing new ideas and issues. The representatives who attended the meeting were encouraged to hear about the successes and problems faced by other groups. The hope to continue meeting to assist one another in the growth of their programs. Many towns also hope to gather the parents together so they may feel support from one another.

"We all have an interest in the Safe Homes program," Knowles says. "It does need some attention, but if the program is carried forward the way it is meant to be, it will succeed."

E-9-1-1 . . .

(Continued from page 1)

are concerned. The money would have to be raised by town meeting through the property tax.

Doyon said the selectmen see savings in all five towns doing it together.

Doyon noted that if E-911 is set up by individual towns, when regionalization comes about all the telephone lines would have to be re-installed and the towns will have to absorb the cost of re-trunking the lines.

"Regional dispatch is a fairly common practice in other states," Doyon said.

But despite Cohasset's push for regionalization of E-911 now, Hingham will focus on establishing E-911 in Hingham first and cross the regionalization bridge when the town gets to it.

"In Hingham and the other communities our feeling is that we have to go ahead with it, we're very close," said Cristello, who noted it could take a couple of years for regionalization.

"We're not comfortable asking citizens to wait that long for the E-911 service," Cristello said.

Planning will continue on establishing a central dispatch for all five towns in the Seaside district, but we don't have the equipment or the money to regionalize now, Cristello said.

Hingham Fire Chief Richard Wehter agreed.

"Each town should get their own, to start off," Wehter said.

Wehter pointed out that plans for regionalizing have been in the works for three years and are still "a ways off."

Eventually, Wehter said that regionalizing will benefit all five towns through better service, cost efficiency and improved safety for firefighters.

"Efficiency is the key word," Wehter said.

In addition to personnel savings through the hiring of civilian dispatchers, Wehter predicts that regionalization will bring about cost savings on capital expenditures as well.

An example of such a savings is in equipment purchases.

Right now, Wehter said there are only two modern ladder trucks among the five towns. Wehter said three ladder trucks are needed to serve the district well. Hingham's ladder truck is over 30 years old and is on its last legs, Wehter said. A new truck could cost upwards of $400,000, but like the E-911 service, Hingham will most likely be unable to wait for regionalization and a new truck is outlined in the department's capital outlay projections, Wehter said.

And while Hingham will move forward on E-911, Wehter said a plan of action for regionalizing is being worked on now.

"We hope to have a final report ready by December 31," Wehter said.

In a recent letter to Hingham selectmen, Cohasset Selectman Chair Michael H. Sullivan urged Hingham and the other members of the Seaside Fire and Rescue District to address E-911 issues on a expedited basis.

Sullivan suggested that the towns quickly establish an E-911 regional task force to report back to the boards of selectmen within the next 45 days with estimated budgets for E-911 regionalization.

Sullivan said: "Unless we all begin work immediately of E 911, we will have no choice but to install E 911 individually now and reinstall it later on a regional basis as our goal of fire regionalization is reached."

Doyon said that until a formal response is received from all the selectmen and public safety officials in all of the towns, Cohasset will continue to participate in regional studies.

If the other towns show no interest in setting up E-911 regionally, initially, we will continue with our plan to get Cohasset ready, Doyon said.

55 Alive — Mature Driving Course

The American Association of Retired Persons will present the 55 Alive driver course from 9:30 a.m. to noon at the Cohasset Senior Center. The eight-hour classroom course focuses on how drivers 55 and older can compensate for potentially reduced physical and perceptual skills.

The instructor, Cal White, says the course includes information on coping with traffic, car safety, vision and hearing, and adverse driving conditions.

The course, which began in 1979, was the first nationwide, comprehensive program designed especially for older drivers. Those who are 65 and older who complete the course can receive a discount on their auto insurance. Those interested in registering for the program should call the CoA.

Day: Wednesday and Thursdays. Date: Oct. 19 and 20. Time: 9:30 a.m. to 1:30 p.m. Fee: $8. Location: 3 No. Main St.

Must be prepaid!

Class size will be limited to 20, and the course is open to residents o Cohasset and nearby communities. Bring your lunch, beverage will be provided. Call 383-9112.

Where Am I Going To Live?

Wednesday, Nov. 9, the Cohasset Council on Aging will conduct a housing forum titled "Options for Retirement Living."

Panel will include representatives from Evanswood Center in Kingston, Lincoln Apt. in Hingham, The River Bay Club, Quincy and the Village in Duxbury.

If you have any questions about available housing options, this program will help to answer many of them.

Nov. 9, 1 p.m., 3 North Main St. Call 383-9112. Limited seating.

STEP PROGRAM

Exercise-Step Aerobics with Hand Weights. Monday, Wednesday & Friday. Starting date: Oct. 3. It's a fact! The best way to start your day is with an invigorating workout. Join our senior exercise class for these benefits: increased flexibility, muscle strengthening, and cardiovascular (aerobic) fitness. Most importantly, we have fun while we're improving our bodies. Here are the class requirements:

1. You must be at least 50 years old; 2. Wear loose fitting, comfortable workout clothing; 3. Wear aerobic shoes; 4. Bring your sense of humor, plus your desire to live a long healthy life.

Inst.: Karen Kirkendall. Location: Cohasset Community Center Gym. Time: 7:30 to 8:15 a.m. Date: Ongoing. Donation: $2 per class.

TUESDAY: ARTS

Come join us, and let us surprise you with all the gifts and decorations you will learn to make for the holidays, etc.

Location: 3 North Main St. Time: 10 a.m. to noon. Date: Oct. 4. Donation: $1.50 per class.

MONDAY: BRIDGE

For all those interested in learning the game of bridge. Bridge is enjoying a resurgence here in New England, and you don't want to miss out on the fun! Here's a new class for those who have played some and want to improve their game. You will learn the rudiments of bidding and gain experience by playing with a congenial group.

Inst.: Barbara Elliott; Location: 3 No. Main St. Time: 1:30 to 3:30 p.m. Date: Oct. 3. Donation: $24/6 weeks.

TUESDAY: BRIDGE

A continuous bridge course covering American Contract Bridge League bidding: play of the hand and defensive skills.

Instr.: Barbara Elliott. Location: 3 No. Main St. Time: 1:30 to 3:30 p.m. Date: Oct. 4. Donation: $24/6 weeks.

"EASY DOES IT"

This program is designed to keep us feeling well. Dyna-bands are used to increase muscle strength, improve posture and achieve a feeling of well being. It aims at achieving flexibility, muscle strength, and aerobic efficiency. Class consists of a warm up, low impact dance, and easy aerobics. Abdominal and lower body work are also taught.

Inst.: Ginny Waterman. Location: 3 No. Main St. Day: Tuesday. Time: 11 a.m. Date: Oct. 4. Donation $1.50 per class.

Car wash benefit Oct. 1

The Appalachia Service Project has begun planning for its 1995 trip. To kick-off its fund-raising efforts, the group is sponsoring a car wash from 9 a.m. to 3 p.m., Saturday, Oct. 1 at the Exxon station (corner of Beechwood and Rte. 3A). Donation is $5 per vehicle. A number of enthusiastic volunteers will be on hand, so please come out and support the Project's first fund-raiser.

Judges on cable tonight

At 8 p.m., tonight (Thursday, Sept. 29), talk-show host Wigmore Pierson will discuss restraining orders, justice in the American court system, mandated sentencing, prison overcrowding and former U.S. Supreme Court Justice Warren Burger's recent criticism of the legal profession with District Court Judges Joseph R. Welch, Rosemary Minehan, Francis Crimmins Jr., and Charles E. Black.

The Pierson to Person show is broadcast live at 8 p.m. on Channel 53 in Hingham and Channels 3 and 53 in Cohasset. Call producer Bob Belliveau at 545-2500 for more information.

Visiting pastor to speak

Dr. Barrie Shepherd will share thoughts and lead a discussion on "Creativity, Imagination and the Workings of the Spirit" Thursday, Sept. 29, 7:30 p.m., at Second Congregational Church, next to town hall. A free-will offering will be taken to help cover expenses and Dr. Shepherd will also have several of his books for purchase.

Shepherd is the Senior Pastor at the First Presbyterian Church in New York City and has been a guest preacher at Harvard, Yale, Cornell, and Dartmouth Universities and was named James T. Cleland Visiting Preacher for 1987 at Duke University.

Shepherd holds the Master of Divinity degree from Yale University Divinity School and the Master of Arts degree from the University of Edinburgh, Yale University Graduate School, and Hartford Theological Seminary. In addition to ten books, he has had more than 450 poems and articles published. His work has appeared in such publications as *Christian Century*, *The Christian Science Monitor*, *Christianity Today* and the *New Republic*.

Chicken dinner Oct. 1

The Beechwood Congregational Church is having a chicken dinner Saturday, Oct. 1, at 6:30 p.m. Dinner includes a beverage and desert. Tickets cost $6.99 for adults and $3.50 for children. Call 383-1298 in advance to reserve tickets.

Victorian costume talk, tea

Nancy Rexford, author and consultant in the field of historical costumes and clothing styles, will present a lecture titled "Higher Than Elegance: The Lost Art of Victorian Clothing," Thursday, Oct. 13, at 1 p.m. at the South Shore Art Center, Ripley Road, Cohasset.

The talk is sponsored by the Costume Committee of the Cohasset Historical Society and will be followed by a tea. Rexford is a former assistant director of historic Northampton, an author of numerous publications on clothing and a consultant to many New England Historical Societies as well as museums across the country. Under a grant from the National Endowment for the Humanities, she currently is writing *Women's Clothing in America, 1795-1930*, to be published in five volumes.

Reservations for the costume lecture and tea are $20 per person and may be made by sending a check to the Cohasset Historical Society, 14 Summer Street, Cohasset 02025. It is requested that reservations be made no later than Friday, Oct. 6. Reservation tickets will be held at the door.

Call the Cohasset Historical Society at 383-1434 for more information.

Memorial for St. John victims

Saturday, Oct. 1, a memorial service will be held honoring the victims of the "Brig St. John Disaster." The ship was an Irish immigrant ship that was wrecked off the coast of Cohasset Oct. 7, 1849.

Ninety-nine immigrants are said to have been killed as a result of that wreck. Of that company, forty-five were never identified and were interred in a mass grave at the Cohasset Central Cemetery. At that time, no marker was placed at the burial site.

May 30, 1914, the Ancient Order of Hibernians erected a 20-foot Celtic Cross to mark the final resting place of these unfortunate victims. The Ancient Order of Hibernians has long been the champion of Irish immigrants to this country and in continuing that tradition holds an annual memorial to those who tried to find a better life on our shores. The service is dedicated to those victims as well as those who come here today .

The guest orator this year will be Patrick Riordin of the Irish Immigration Center here in the Boston area. A brief reception will follow the service and light refreshments will be served.

The service and reception will be held at the Teen Depot of the Cohasset Community Center on Main St. in Cohasset and will begin at 11 a.m. All are welcome to attend.

Discussion on graduated income tax

Barbara Anderson, executive director of Citizens for Limited Taxation, will speak from 7:30 to 10 p.m. Friday Oct. 14 at the Broad Cove Hall, Route 3A in Hingham.

The topic of discussion is the graduated income tax. This issues appears as ballot questions 6 and 7 in the upcoming November election. All are welcome.

For information call Ann Hilbert at 337-3743.

Raising a healthy child

A seven-part workshop series is offered to Cohasset parents and community members. The series is designed to provide a forum for discussion of relevant adolescent health issues and effective parenting techniques.

The dates are: alternate Mondays, from Sept. 19 to Dec. 12, 7 to 9:15 p.m., at Cohasset High School. The cost is approximately $13 for reference text, *Parenting Teenagers*.

Facilitators: Ed Leonard, M.Ed., Adjustment Counselor, Deer Hill/Joseph Osgood School, 383-6115; Michael Gill, Ed.D., Health Education Coordinator, Cohasset Public Schools, 383-6107.

SESSION 2 (Oct. 3)

• Health component: Kids and Alcohol.

The quality of life of today's adolescents is not what it should be. Alcohol and drug use by children and adolescents inhibits, perhaps even blocks, their potential to grow to healthy adulthood, to meet life's challenges and to be satisfied human beings. Topics: the scope of the problem; contributing factors; prevention efforts; realistic expectations.

• Parenting component: Communication is Listening.

In this session, we will learn some basic communication skills to use with teenagers and practice using them. Topics: who owns the problem; barriers to communication; responses using reflective listening; open vs. closed responses.

Walking tour of Common

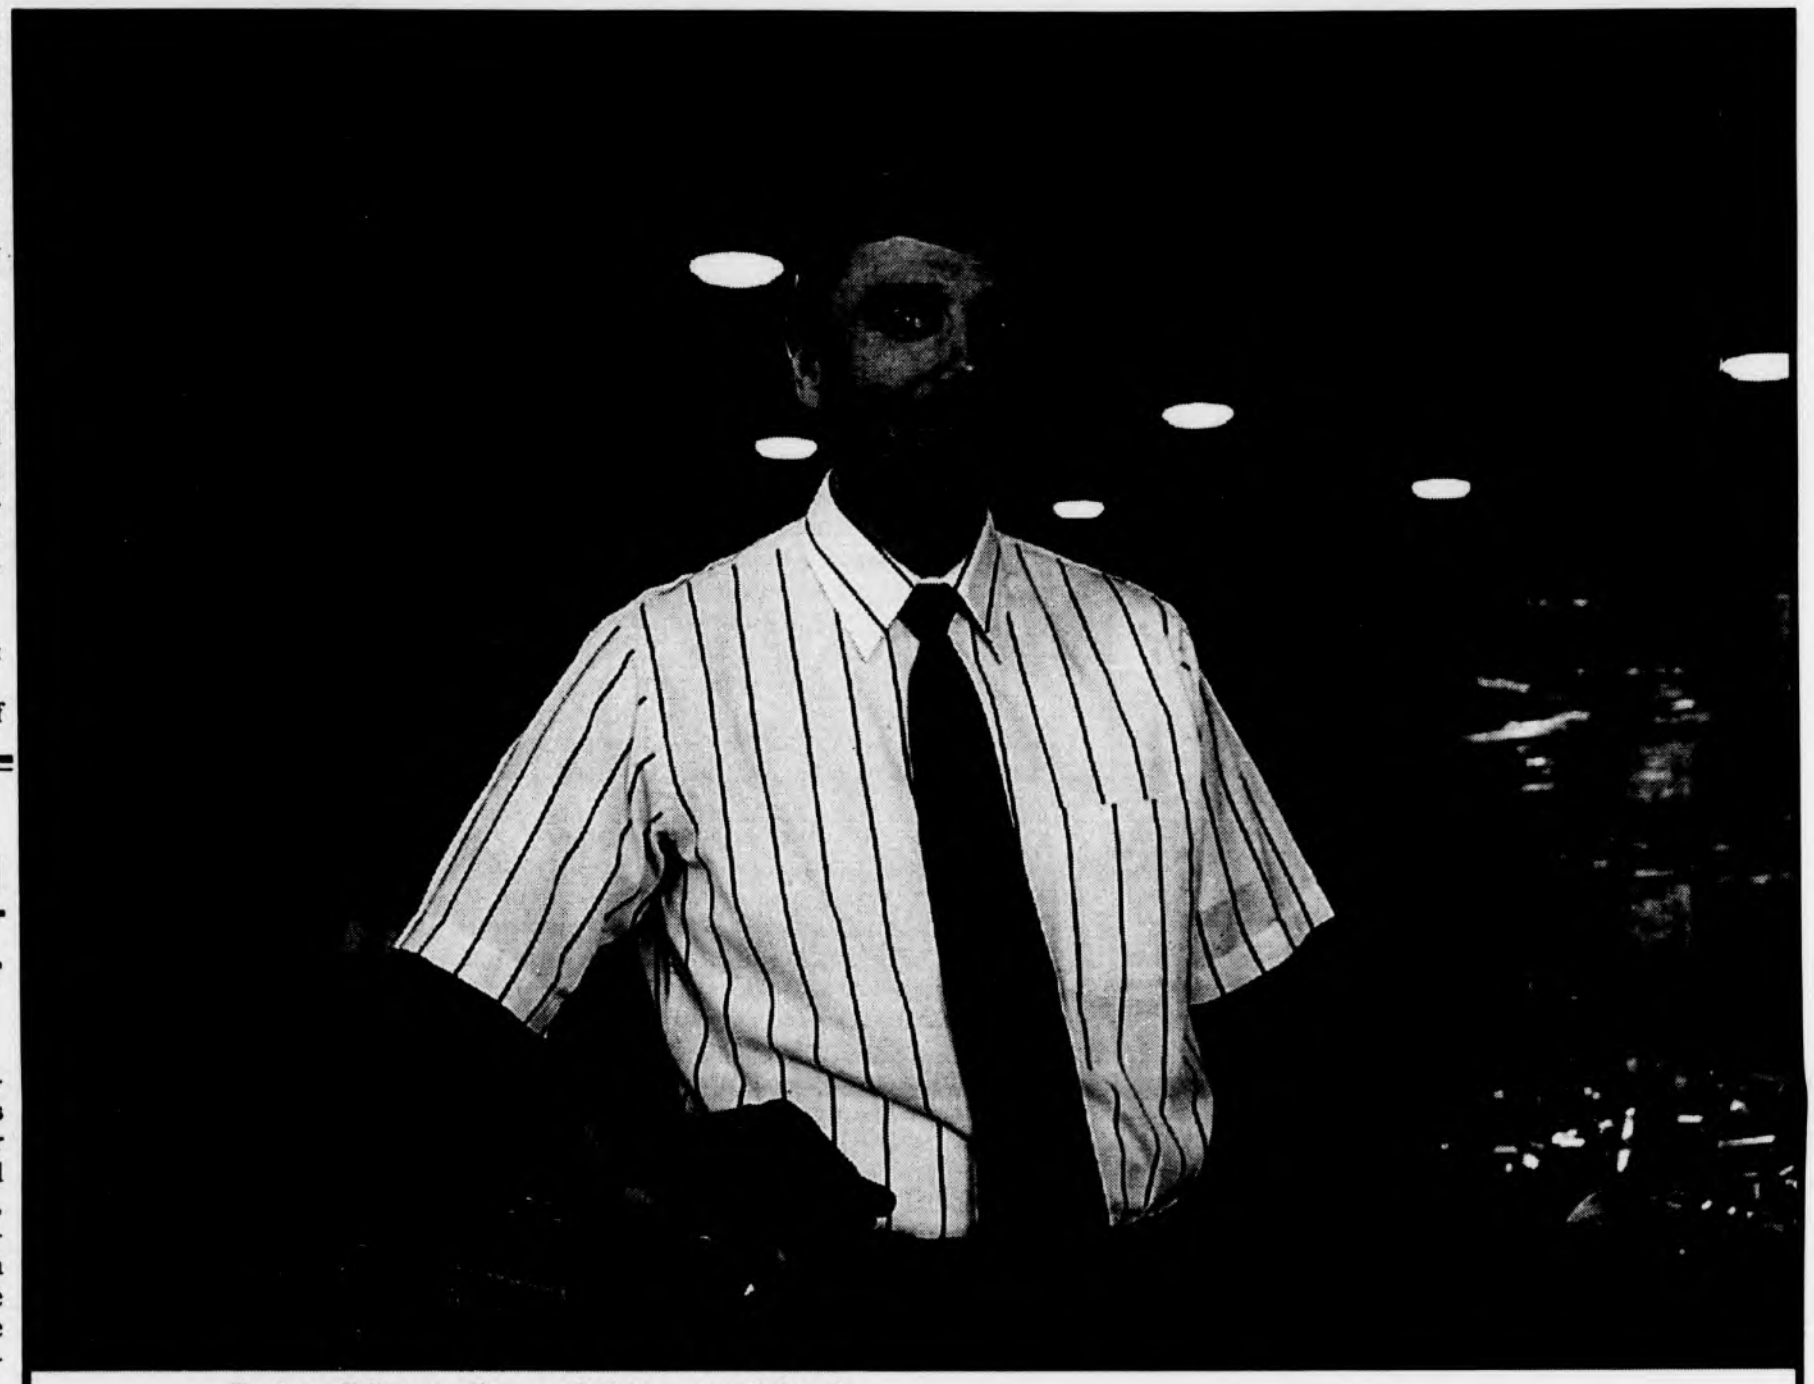
The Cohasset Historical Society will hold its second 1994 walking tour of Cohasset's historical places Sunday, Oct. 9, with a guided tour of historic Cohasset Common and the center village. The tour will meet at the Society's Maritime Museum, Elm St. in the village, at 2:30 p.m. Admission to the tour event is free.

Cohasset's New England Town Common is an original Colonial Common, dating from earliest settlement of Hingham in the 1630s. Today the Common itself is ringed by Georgian, Federal, Greek revival and Victorian houses representing several major eras of American architecture, several of which were Sea Captain's homes. The 1747 Georgian Meetinghouse can be seen, along with an 1824 Federal or Adam church, an 1859 Italianate Town Hall and a 1900 Gothic stone church.

North Main Street, the major highway at the Common, is an ancient way once leading from the early settlement at Hingham to that at Scituate.

Cohasset village or business center itself has a number of 18th and 19th century buildings, several of which have been adapted for business use in more recent times.

Guiding the tour will be the society's curator. For further information, the Cohasset Historical Society's telephone is 617-383-1434.



Eastern Edison's *Energy Solutions* participant
Jay Lynch, Executive Director, Brockton Area Association of Retarded Citizens, Brockton

This Brockton area business is saving money. You can too!

Eastern Edison's *Energy Solutions* program for businesses provides expert consultation and financial incentives for local businesses to help them reduce operating costs by upgrading the efficiency of their electrical equipment. To participate, simply request an energy analysis – at no direct charge to you – that will identify a variety of ways you can save money. Then, after you are presented with the results and available incentives, implement these measures and begin to save money. It's really that simple!

For more information on how your business can begin to save with *Energy Solutions*, call **1-800-253-9681.**

PSO fall meeting tonight

PSO's general fall meeting is Thursday, Sept. 29, 7:30 p.m. in the Cohasset High School cafeteria.

Dr. Mindy Kornhaber will speak on the topic of "Multiple Intelligences in Children." She will explain noted developmental psychologist Howard Gardner's view, which challenges the way we traditionally look at I.Q.

"Multiple Intelligences" recognizes at least seven areas of intelligence that compose a child's profile. Dr. Kornhaber will present examples of how this view is being applied in schools across the nation and is being used to promote learning outside the classroom, in museums, and cultural institutions. Parents will become aware of how they can accept and develop a child's various strengths to help learning at home.

Dr. Kornhaber is a co-researcher with Gardner at the Harvard Graduate School of Education, and one of the directors of Harvard's "Project Zero" Educational Development Group. Project Zero has been researching the development of learning process in children and adults for more than 25 years.

PSO school calendars

The Cohasset PSO mailed school calendars to parents of students at the Osgood, Deer Hill and junior/senior high schools. Anyone who has not received a calendar may request one from Ellen Sanchez at 383-6911.

This year's calendars include coupons from local businesses that support the schools throughout the year. Also included is a contribution envelope. Contributions are appreciated as they help to defray the costs of calendar production and mailing.

Francis Ouimet scholarship awarded

Local students have been awarded college tuition assistance scholarships by the Francis Ouimet Scholarship Fund. The awards are part of a record $400,000 the Ouimet Fund is granting to 233 students in 1994-95. The Ouimet Fund is considered The Golf Charity of Massachusetts.

Candidates for the Ouimet Scholarship must have completed three seasons 'service to golf' at a Massachusetts golf course as caddies or helpers in pro shop or course superintendent operations. The Ouimet Award is a competitive, need-based undergraduate scholarship.

"We had an outstanding group of applicants this year and we are delighted to be able to help them with a record scholarship pool of $400,000," said Ouimet Fund President Edward Kenerson.

The following Ouimet Scholars from the area are:

John Cunningham of Hingham, Cohasset Golf Club, Class of 1996 at University of Richmond, and Michael Cunningham of Hingham, Cohasset Golf Club, Class of 1998 at Villanova University.

This year's Ouimet Scholars represent 104 Massachusetts golf clubs and 109 colleges and universities.

Awards for scholars range from grants of a few hundred to several thousand dollars per year. Students who do not currently have financial need are designated 'Honorary' Ouimet Scholars and do not receive financial assistance.

The Francis Ouimet Scholarship Fund was founded in 1949 in honor of legendary golfer, Francis Ouimet, and since that time has awarded $6.8 Million to over 3,100 individuals. The Ouimet Fund is the largest single-state 'caddie fund' in the country.

Amy Tunnicliffe, director, and Principal Ken Ekberg present a "Most Well-Mannered Teacher" award to Deer Hill School teacher Nancy Magnussen.

Student chooses the most polite teacher

The Proper Manner Academy of Boston's Junior Cotillion program is announces the Cohasset recipient of the second annual "Junior Cotillion of Greater Boston Most Well-Mannered Teacher" award.

Cotillion students wrote essays nominating teachers who showed courtesy to both students and fellow colleagues and who set a positive example for those around them.

Nancy Magnussen of Deer Hill School was nominated by Erin Johnson.

"Our schools are full of good teachers who provide role models for our children. I think it is important to let the schools and teachers know that these students recognize and appreciate those who make a positive contribution toward their growth," said Amy Tunnicliffe, director.

"The special teachers are those who treat the students with respect and instill a love of learning which will continue to have a positive effect on the students' performance throughout their school years."

The Junior Cotillion of Greater Boston is an etiquette and ballroom dance program held in Hingham for fifth, sixth and seventh grade students. Students learn the customs and courtesies that will serve them for a lifetime. Topics covered include table manners, correspondence, conversation skills, handshaking and introductions, in addition to many other social skills that will enable students to feel comfortable in a variety of social situations. This upbeat class includes instructive materials, role-playing exercises and a workbook to keep as a reference guide.

Students also take part in an extensive dining tutorial. The fifth and sixth grades will discuss international protocol in Asian countries during a dinner at the Beijing House in Norwell. The seventh grade will learn about formal dining skills and formal place settings during a multi-course dinner at Tosca in Hingham.

This year's Advisory Board members are Sandra Baker, Gail Petersen Bell, Susan Bush, Bev Cherry, Pamela Copeman, Eileen Gaughen, Joan Kriegstein, Woody Lawson, Susan O'Leary, Mary Ellen Olson, Susan Ryan and Kristina Shorey.

Registration is now taking place for the 1994-95 cotillion season which begins in October. Classes are held on Sunday afternoons at the South Shore Country Club in Hingham. Students will practice the skills learned at a semi-formal ball in February. For more information, or to request an invitation for your child, please call 740-1009.

Coffee with the principal

All junior high parents are invited to an informal coffee with Junior/Senior High School Principal Ms. Mary Ellen Gallagher at 9:30 a.m., Oct. 7 at the High School's audio/visual room.

The coffee is sponsored by the P.S.O. in hopes of fostering communicaiton between parents and the school. The topic will be 'Life at the Junior High Level."

PAC to meet, Oct. 19

The Parents Advisory Council (PAC) will hold its regular monthly meeting at 7:30 p.m., Wednesday, Oct. 19 at the Deer Hill School.

PAC meetings provide support and information to parents and guardians of students receiving special services in the Cohasset School system. For more information, please contact Ann Whitely at 383-9310 or JoAnn Pilczak at 383-0268.

The Hearing Center
Have You Heard?
by Nancy Allonen-Allie, M.S., CCC-A
Licensed-Certified Audiologist

A SOUND APPROACH

While the primary goal of wearing a hearing instrument is to afford the wearer greater word recognition, benefits go far beyond word recognition alone. The use of a hearing instrument also evaluates the level at which warnings and signals become obvious to the instrument user. Thus, he or she may respond appropriately to a crying baby, a ringing telephone or doorbell, a smoke alarm, or the screeching brakes of a moving car. There are also sounds in the environment (such as the singing of birds) which provide a level of comfort and well-being to anyone who hears them. Whether sounds alert our survival instincts or encourage our sense of harmony in the world, they are as much worth listening to as human voices.

At THE HEARING CENTER, this area's foremost hearing aid center, we know that there are sounds that are worth hearing, and we are totally committed to providing the very best hearing health care. If you've tried hearing aids unsuccessfully in the past, or have avoided them because they didn't help someone you know, let us help you discover the new generation of hearing instruments that are now available. We carry a variety of different brands of hearing aids to best suit your individual needs. Please call us at 1-800-339-9316. Our offices are conveniently located at 306 Washington St. (Rte. 53), Norwell, and 470 Southern Artery (Rte. 3-A), Quincy.

P.S. Wearing a hearing instrument reduces stress by lessening frustration at not being able to help.

Abington casts Skippers adrift in SSL opener

By Jim O'Sullivan
Mariner correspondent

Cohasset's and Abington's football teams met last Saturday afternoon in drizzly conditions; Drizzly for the Green Wave, but pouring for the Skippers.

The Skippers fell behind early to the undefeated (2-0) Green and weren't able to bounce back, dropping their South Shore League opener 30-16.

Cohasset head coach Ted MacDermott attributed the loss to "poor execution on both sides of the ball," by the Skippers.

The game came on the heels of Cohasset's shutout victory over '93 Mayflower League champion West Bridgewater just one week before.

Abington gained several first downs on carries up the middle by Kevin Gardner and Josh LaPoint. Their methodical drive was capped by a one-yard touchdown run by Steve Nisby. The two-point conversion was good and Abington was off and running, 8-0.

Mike Dunphy's 25-yard kickoff return gave Cohasset field position at the 30. Despite several solid carries by Tom Allen, Cohasset's drive stalled.

Abington, starting on Cohasset's 15 after an unsuccessful punt attempt, put the Skippers in an early hold with LaPoint's touchdown.

Cohasset's offense was smothered at the Abington 37 and forced to punt. However, Abington barely got started before the Skippers' Jerome Marion pounced on a fumble, giving Cohasset the ball in excellent field position.

After carries by Allen left Cohasset two-yards short of a first down, the Green Wave drove down the field to the Cohasset 10 in the closing minutes of the first half. The Skippers' defense held up, forcing Abington to try for the field goal which sailed wide, wiping out the Green Wave's scoring bid.

The second half began with LaPoint returning the kickoff 30 yards to the 50. LaPoint then broke away for a 44-yard

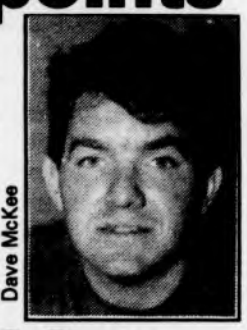
Joe Reardon



Dave McKee

by Joe & Dave

It is soccer season again and after watching every single World Cup game over the summer, I now have an understanding of the game that rivals even Pele.

And while I've never completed a bicycle kick or headed a shot into the net on a penalty kick, I once scored two goals in a pick-up game in college while wearing a dress shirt, long pants and ugly shoes.

Anyway, the following is a guide to understanding the world's most popular game as it is played in high schools in this area.

Goalies are insane.

The net is about 50 feet wide so goalies have to dive and flop around like a carp on a dry dock chasing the rockets fired at them. Plus everyone charges at the keeper whenever there's a high shot or a rebound and this often leads to injuries.

Last year a top high school goalie was kicked in the head after a scramble for a loose ball and taken from the field by ambulance.

The dizzy goalie ended up missing only one game. You can't keep a good goalie down.

The coach later jokingly said "That was the best place to kick him without serious damage."

After watching just one high school soccer game, anyone can see that goalies are a few fries short of a happy meal.

Soccer players always have the coolest hair cuts.

Sure some hockey players shave their heads when the state tourney rolls around, but on the whole, soccer players have the best do's.

I've seen players with angled wedge cuts, rat tails and the always popular high and tight on the sides and long and flowing in the back.

You also see a lot of the 90210 sideburns and the 'too cool for the field' goatees on soccer players.

I figure if you're going to run around for two hours on a huge field, you can wear your hair anyway you want.

Girls' soccer players are just as skilled as the boys.

In some sports, the differences between the two genders are more pronounced. (The best high school girl hoop player would have no chance guarding Mickey Curley, for example.)

However, a top girls' soccer player could easily play on a boys' varsity team and excel. The girls are just as fast running and have similar ball skills and shot making abilities.

It would be interesting to see an all-star game between the genders after the season ended.

I'd take the girls' team with the points.

High school soccer coaches are rarely caught off guard.

Through their scouting and network of soccer friends, high school coaches know just about everything about their opponents.

They know who the good players are and what type of game to expect.

Some coaches even know what teams they can beat and which they can't.

(See page 18)

Mariner Sports

Abington casts Skippers adrift in SSL opener

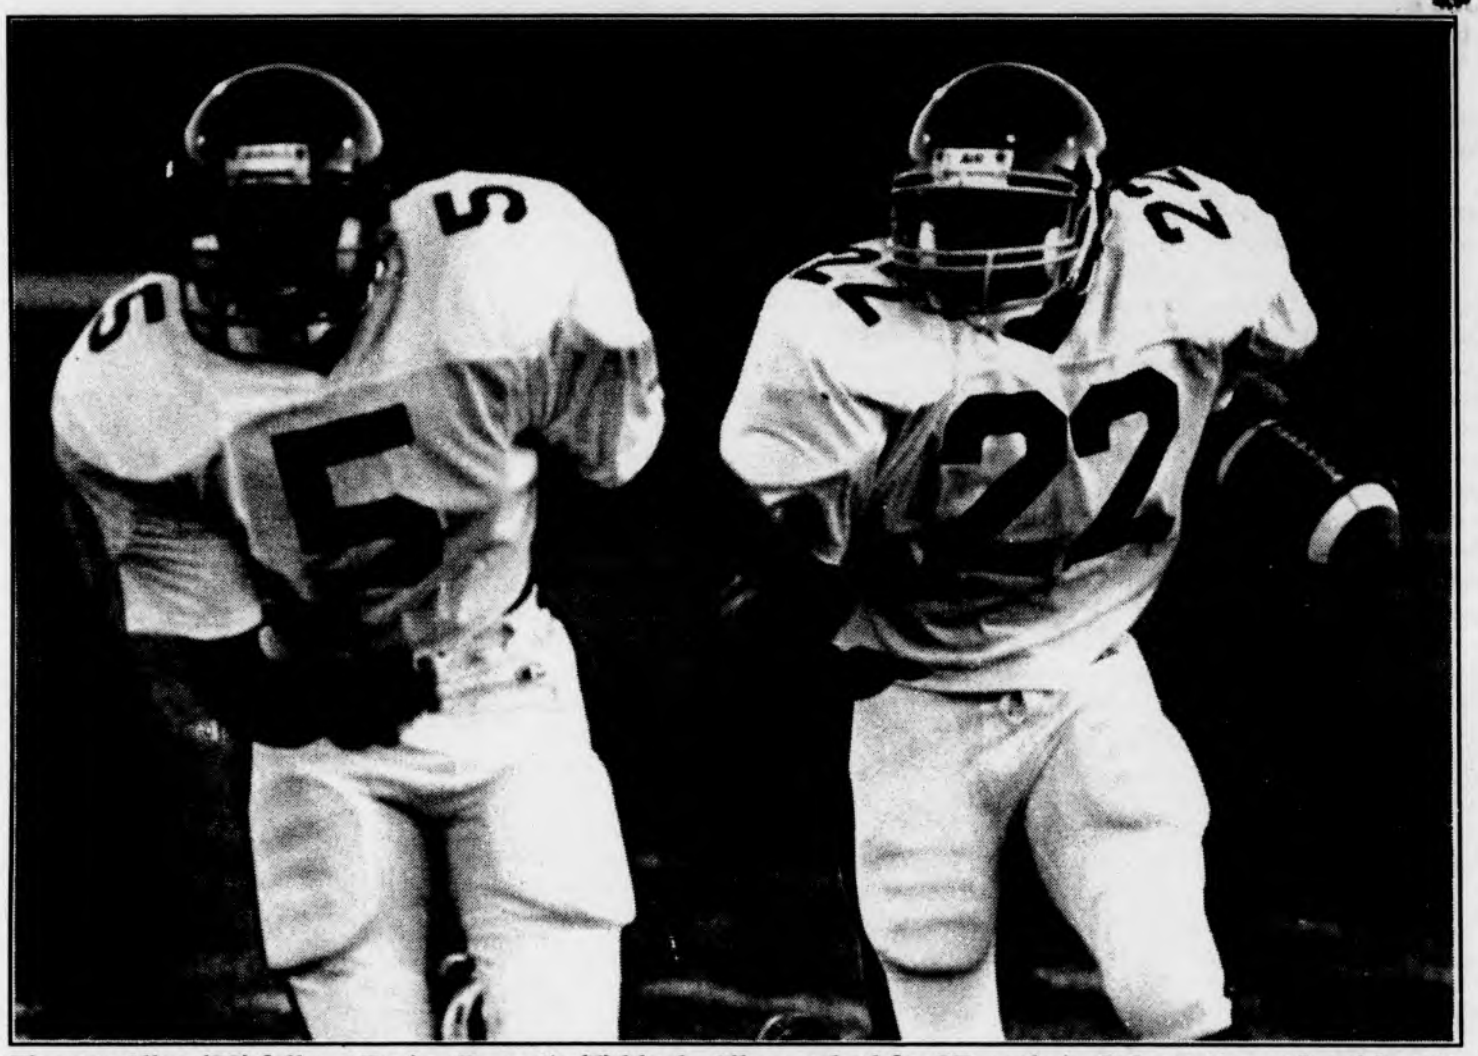
(Continued from page 17)

touchdown run, his second of the game, lengthening Abington's lead to 23-0.

Dorian Bryant picked up the kickoff and ran it back 10 yards to Cohasset's 40. After a fumble, Abington pushed down to the Cohasset 4. The defense held solid for two plays before Gardner bulled his way into the end zone. LaPoint booted the extra point to make the margin 30-0.

Bryant's kick return took the Skippers to their own 37. Allen, who rushed for 87 yards on the day, went to work for seven yards and then for eight, bouncing off tacklers the whole way. Then Jerome Marion (82 yards, one TD) sprinted for 12 yards through a colossal hole off left tackle, behind linemen Nick Welz and Brad Potolicchio. Allen took the pitch and scrambled for 10 and Marion steamed through the hole for another first down. He then battled for another nine before Allen took it in from the 6 for Cohasset's first TD of the day. The two-point conversion by Allen was successful and it was 30-8.

But Cohasset wasn't through. Their defense turned to brick as they stifled the Abington offense at midfield and forced a punt. Allen's spectacular punt return brought the Skippers to the 50 before LaPoint made the tackle. A fumble was recovered by Abington but Cohasset's rock defense held again with gang tackles by Potolicchio, Welz, and Anthony Wigmore. With five minutes remaining in the game, Allen rambled for nine yards and Dunphy streaked for 20. Marion broke free and left the defense in the dust before being tackled at the Abington 2 after a 40-yard gain helped by timely blocking. His two-yard TD and conversion were merely a formality.



Thomas Allen (22) follows Dorian Bryant's (5) block. Allen rushed for 87 yards in Cohasset's weekend loss to the Abington Green Wave in their South Shore League opener.

(Staff photo/J. Paul MacDonald)

MacDermott said he is already looking forward to Friday night's game at Scituate (7 p.m.).

"Both teams will be fired up and it'll be a competitive game," MacDermott said.

extra points

(Continued from page 17)

I've had coaches tell me in confidence, "We'll lose to that team but win our next two." And it always comes out that way.

Soccer fans believe in exercising their right to free speech.

Many parents and fans do not hesitate to scream stuff at opposing coaches, opposing players, the referees, the press and even the coach of their own team.

And we're not talking about things like "Nice play" or "Good shot," instead its, "You stink number 24," or "Open your eyes ref."

Soccer fans are more vocal than any sport, including football. I think all those endless youth soccer games at 9 a.m. on a Saturdays get parents wound up and they go nuts when their kid finally makes the high school team.

Soccer is far from a non-contact sport.

Sure everyone is supposed to play cleanly without bumping, jumping or sliding into anyone but soccer is about as non-contact as basketball.

The two worst plays for injuries are the slide leg tackle, used to take away the ball from an opponent, and headers.

On the slide leg tackle, a player basically slides into someone who has the ball. Using this leads to the opposing player flying through the air minus the ball. Separated shoulders often follow.

As for the header, whenever there's a high ball all the players circle under and then jump to strike the ball with their heads. This often leads to head collisions that sound like two coconuts clunking together.

It is a sound that you won't forget.

And lastly, soccer players can run all day.

In baseball you run to a base, stop, run to a base, stop. Other sports have a lot of running but soccer has two 40-minute running time halves, with no time outs. That's 80 minutes of sprinting. Ouch.

Refs don't even stop the play when someone gets hurt. They usually let play go on until the ball is kicked out of bounds.

I would last about five minutes on a soccer field before I bent over and tossed my cookies.

At that point, someone from the stands would yell out, "Hey nice play."

-David McKee

*****

Not only are the town youth sports results starting to pore in from the various towns, but the regional teams are also faxing in the outcomes of their games.

The regional results are more than welcome, but we just ask that the coaches identify what town each individual player in the articles are from so we can get a definite bearing on the papers they should appear in. That way the squad's leading scorer can be better identified by friends, relatives or that little red-haired girl who sits behind him in English class.

And remember, the more names the better!

—Joseph Reardon

*****

We've all seen those great photos of high school football players battling in the pouring rain, their uniform numbers indiscernible because the field has been turned into a quagmire.

That no doubt would have been the scene on Friday night if many of the South Shore League teams had gone ahead and played, instead of holding off on their games for the weekend.

It proved to be a smart move.

Friday's games were to be the league openers for the majority of teams. With the season just one week old, it would have been a mistake to play on Friday. For starters, the cleats the players wear would have tore up the field in several spots, leaving areas of mud. There's little doubt sections of the gridiron would have to be re-seeded. The one- and two-day postponements gave the fields time to drain the excess water buildup

The only problem with the games being played on the weekend was that there wasn't enough time to lay down the yard markers, making it difficult to figure the exact position of the ball. But that's a small inconvenience compared to what could have happened.

—J.R

*****

The crew in Scituate's press box during Saturday's 28-0 victory over Hull came up with a fresh idea when it came to announcing the name of the referees.

"If the game goes well, we'll mention their names," said the timekeeper kiddingly. "If it doesn't, we'll mention their names *and* addresses."

For the record, the referees' names were announced prior to the game. They went on to do a good job throughout the entire contest.

—J.R.

Eagles lose two games

By Dave Rowe
Special to the Mariner

On September 17, the Eagles lost one of their worst games in a long time. Without key players, the team lost an aggravating 6-0 loss to a faster Marshfield team. Goalies Mike Porrino and Jarod Sullivan played well, but couldn't handle the odd-man rushes. Defensemen Scott Walker and Mike Haapaoja were the only ones who stood out, each carrying the play in the Marshfield zone. Greg Rowe, who drew three penalties, had two chances on perfect passes from Josh King but couldn't put them home. The Marshfield goalie was tested again as he made some great glove saves on King's slapshots from the top of the circle. Newcomer John Seely just missed the net on a perfect set up in front. The Marshfield team proved faster, creating odd man rushes. No. 99 had four goals for Marshfield.

On Saturday night, Sept. 24, the game of the season was played: Eagles versus Rockland. Most of the players are classmates and friends at Rockland High. The game was enjoyed by both the players and the crowd. Rockland managed four goals against Mike Porrino, who played excellently in net. John Rae had two and Josh King, who traded his Eagles jersey for a Rockland one, and eighth-grader Mike Casagrande scored one each. Mark Sepeck and Nick Golemme also switched teams. Bob Miller added another goal to his growing total of eight in three games. Both teams had chances. King and Jeff Geary were stoned on breakaways, and Greg Rowe was stopped by Brian Bolin in the other end. Keith Patton had a half game shutout for Rockland. Walker and James Foley each had good chances. It was a hard hitting game. Miller, Derek Craig and Brian McDevitt each had big hits in the neutral zone. Geary and Sepeck had big hits for Rockland. John Rae scored first on a rebound. Then King knocked in the puck while Porrino dove over another rebound. Then Miller scored the only goal for the Eagles on a partial breakaway. Mike Casagrande came out of the corner and put one by Porrino to make it 3 to 1, and John Rae finished it off in the closing minute as he shot in another rebound making the final score 4-1.

Girls play to huge soccer tie against Abington

By Joe Reardon
Mariner staff

Cohasset's boys and girls soccer teams had similar goals heading into Wednesday night's South Shore League contests against Hanover.

Both clubs wanted to keep pace with the stronger SSL clubs and put exert all-out efforts against two Indian teams that are known for taking advantage of the opposition's mistakes.

And Cohasset husband and wife coaching duo of Keith Clark and Maureen O'Day-Clark knew the legitimacy of their teams challenging for the league title would be measured against the defending league champions on both sides.

"Today will determine what we want to do with ourselves," O'Day-Clark said on Wednesday morning. "I'm told that Hanover is a finesse team. We're like that too. We pass very well, as compared to an Abington who runs and is very aggressive.

The girls squad played its best defensive game of the season against Abington, deadlocking the Green Wave 1-1.

Abington was also stingy on defense, allowing the Green Wave very few chances to score. Cohasset finally found the back of the Abington net when Kathy Fitzgerald fed Erin Murphy with a pass at the 2:43 mark. Murphy skipped the ball past the Green Wave's goalkeeper for a 1-0 lead.

Murphy is among the team lead in scoring with Katie Ross and Katy Carroll, but she is the one that attracts the most attention from opposing teams. As Cohasset's most potent offensive weapon, O'Day Clark said "people are all over her," a condition she says favors the Skippers' movement of the ball on the field.

"The scoring is spread out," O'Day-Clark said. "The scorers are working hard. The goals I'm seeing are earned goals."

O'Day-Clark said she is surprised with the slow start Scituate has gotten off to this season. Save for Tambo Maitlan's 18-yard goal that sailed over the keeper's hands at the 10-minute mark, the rival school held Cohasset scoreless for the remainder of the contest. Netminder Katy Campbell made 15 saves to earn the shutout.

"I'm surprised Scituate doesn't have more wins," O'Day-Clark said. "They've been playing very well.

South Shore golf notes

By Jim Horvath
Mariner correspondent

Southeastern Mass Amateur on Tap this weekend

The 35th annual Southeastern Massachusetts Amateur Golf Championship takes place this weekend at three area courses. Nearly 200 of the South Shore leading amateur golfers will participate in the 54 hole medal play event.

Easton Country Club traditionally hosts the opening round, and this year is no exception. The 6,328 yard layout plays to a par of 71, and according to Tournament Director Roger Barry, "is the perfect venue for the first round. It's a golf course that plays fair and fast, especially important when you're trying to get 200 players around 18 holes with a limited amount of daylight, as is the case this time of the year."

The low 50 players and ties from the first round go on to the second round Saturday, which this year will be played at the Hyannis Golf Course on Cape Cod. Hyannis GC measures 6,300 yards and also plays to a par of 71. After Saturday's second round the field was cut to the low 35 and ties.

Then it's back up Route 3 Sunday for the third and final round at the Cohasset Golf Club, which has hosted the Southeastern Golf Championship finale for the past 10 years. This year is somewhat special in that Cohasset GC is celebrating its centenniel. Cohasset's classic layout measures 6,240 yards and is par 70.

Steve Tasho of Thorny Lea Golf Course is the defending champion.

• • •

The golf writers of Southeastern Massachusetts will hold the ninth annual Southeastern Massachusetts Golf Awards Dinner Sunday, November 29, at Lombardo's in Randolph.

Honored that evening will be area men and women who have made outstanding contributions to golf and 1994 tournament winners. Special awards include the Silver Tee Award and the Joe Lazaro Award.

For ticket information, call (617) 843-3843.

• • •

The 12th Annual Norfolk County Two-Ball Tournament is scheduled for October 22 and 23 at the Presidents Golf Course in Quincy. This invitational brings together some of the finest players in the region in what has proven to be the final major tournament of the golf season.

Paul Heffernan and Joe McDonald of Charles River Country Club are defending champions. Art Cicconi is the tournament director.

• • •

On the equipment scene, The Acushnet Company, based in Fairhaven, is introducing two new Pinnacle golf balls — The Pinnacle Distance and the Pinnacle Performance.

According to Pinnacle Marketing Manager David Longfritz, "The new Pinnacle models are the longest Pinnacle golf balls we have ever made. Our machine testing versus competitive golf balls substantiates the performance claim that no ball goes farther."

The new Pinnacles have a suggested retail price of $27 for a 15-ball package and $7 for a four-ball sleeve.

Regional Sports

St. Moritz Devils on the road again to a great start

The Squirt Major Devils started their season by travelling to Stoneham to play the Middlesex Islanders. Both teams skated and checked aggressively in virtually a penalty-free game. Islander Jake Henney broke the scoreless tie at 4:25 of the first period. The Islanders then scored the second goal of the game in the second period on an unassisted break away by Mike McHugh. While the Devils were down by two, they never quit skating or shooting. In the final two minutes of the second period, Chris Follett of Hanover scored two goals; the first was an unassisted slap shot into the right corner of the net. The second was set up by two great passes from Kevin Lynch of Milton and Pat Balaconis of South Boston. The Islanders would not score again thanks to the outstanding defense, particularly by Quincy's Miah Hassan and Kevin Patten. In the final period, the Devils scored the last two goals of the game in an 11-second span. The winning goal was scored by James McDonald of Everett; he was assisted by Miah Hassan. The final goal leading to the Devils' 4-2 victory was an unassisted goal by Ryan McInnis of Wellesley.

September 24, the Devils travelled to Enfield, Conn. to play the Springfield Junior Olympics. In stark contrast to the first game, the game was marred by 12 penalties in the second period alone. Nonetheless, it was an exciting game with aggressive checking by both teams. Twice during the second period, the Devils were skating 5-3. Both times the Devils held the Pics from scoring. Particularly outstanding in defense were Tim Egan of Braintree and Rich Howe of Milton. The Devils scored first on a slapshot by Steve Segalla of Quincy; it was set up by a pass from wing Ryan McInnis. The home team scored the next four goals. The Devils continued to play aggressive hockey and scored the next two goals. The first was by Kevin Lynch (assisted by Steve Segalla) and the second by Brett Wood of Newton. It was set up by a great pass from Chris Follett. In a rather bizarre finish with the Devils down 4-3 and with only 1:55 minutes left on the clock, the Pics were charged with a tripping penalty. The Devils were confident they would tie the game; however, the Zamboni came on the ice and the game was called.

The Devils' Squirt Major team is off to an enthusiastic start after a long hot summer and is ready to take on the rest of the league for some fast paced action.

Swim team tryouts

Tryouts for the Marshfield Area Swim Team will be held for boys and girls Sunday, Oct. 2, at the Percy Walker Pool in Duxbury at the following times: Ages 8 and under, 10 a.m.; ages 9 and 10, 10:30 a.m.; ages 11 and 12, 11 a.m.; ages 13 and over, 11:30 a.m.

Please be prompt for your appropriate age group. For more information, call (617) 331-0243 or (617) 837-6937.

The Grand Tour — with Ginger Ferenz, 383-2863

The O'Neill residence at 66 Jerusalem Road has a beautiful arched-top gate with a full and abundant planting of blue Hydrangeas. The arch is repeated in the lattice and doorway to the home.
(Ginger Ferenz photo)

Hydrangeas

Hydrangeas are — oh — so grand —
They peer through wrought-iron gates
And pose in rows on terraces
Of millionaires' estates.
So elegant and stylish,
Collected, calm and cool —
But they're really common snow-balls
That have been to boarding school.

(From 'These Blooming Friends, A Little Book of Garden Scandal," by L. Young Correthers).

Fall is here and it's time to get those projects DONE!

picture this

Sue Connolly

Name: Sue Connolly

Occupation: Outreach worker for the Council on Aging.

Best day(s) of your life: August 5, 1988 and February 19, 1992 — the days my son and daughter were born.

Most embarrassing moment: I was at a multi-cultural fair recently and after watching Irish dancers do some intricate footwork, I got up to leave and tripped over the bleacher and fell into someone's lap.

Biggest worry: My kids' overall well being.

Goal: To lay the groundwork for my children to feel secure and confident in themselves.

Favorite season: Fall.

Favorite holiday: Christmas.

Favorite book: *"The Client,"* by John Grisham.

Favorite movie: *"The Secret Garden."*

Favorite TV show: *"Seinfeld."*

Favorite junk-food: Coffee fudge ice cream.

Pet peeve: Insincerity. As I get older, it gets more bothersome.

Person you'd most like to meet: My paternal grandfather. I've heard wonderful things about him but never got to meet him.

ENJOYABLE, AFFORDABLE, PROFESSIONAL!

Cohasset Mariner

Vol. XVI, No.49 | Thursday, October 6, 1994 | 1-800-649-6661 | 50 cents

Community input sought for schools

By Mary Ford
Mariner staff

The school committee will seek public input before drafting a five-year plan for Cohasset's schools.

Next week, every registered voter in town will receive a 45-question survey divided into categories ranging from school curriculum to communication.

School committee member Ralph Kidder said that only two other towns, Carver and Weston, have conducted similar surveys that try to reach across the entire community.

Kidder explained that the information received will help the school department plan for the next five years.

"Every person in town will have the chance to say: 'these kind of things are really important.'"

Additional surveys will be available at the superintendent's office for adult residents who are not registered to vote or who don't receive a survey for any reason.

(See page 5)

Town sticks with single tax rate

The owner of the average Cohasset home — which is valued at $286,000 — will have a tax bill of $4,101 in fiscal year 1995, an increase of about $111, assessors say.

In FY'92, the average home in town was assessed at $300,000 with a tax bill of $3,600. In FY'93, that same home was assessed at $286,000 with taxes of $3,855 and in FY'94, which ended June 30, the taxes were $3,990.

The average value of a commercial property is $507,800 with a tax bill of $10,821, assessors said.

The bill is figured with an estimated new annual of tax rate of $14.32 per $1,000 of assessed valuation.

Selectmen approved the single tax rate at a public hearing this week. The rate represents an increase of 39 cents per $1,000 over the previous year.

Less than 10 percent of the town's valuation is commercial/industrial/personal property (CIP), so assessors recommended the town stick with a single tax rate for both commercial and residential property.

Cohasset has always had a single tax rate. Towns with split rates)different ones for residential and

Cohasset shipwreck tragedy has implications today

By Tom De Santes
Mariner correspondent

Historically, immigration has been the foundation for American growth. Without the courage and determination of foreign travelers seeking a better life, there simply may not have been a United States of America; a country rich in diversity and colorful in culture. Whether your forefathers came to establish a new colony hundreds of years ago or your family settled in the U.S. within the last five years, America has traditionally opened its arms to all.

Recently, immigration has become a dividing issue. While many recognize that America's open arms policy secured their existence, others contemplate when we should close the doors. With hundreds fleeing an undemocratic Haiti not too long ago, and hundreds more recently escaping the clutches of Castro's Cuba, America is struggling to keep the doors open. Many of us ask: If we can't help our own people, how is it fair that we continue accepting people from other lands?

In answering this question, we, as American citizens, must question our loyalty to the global community. Are we willing to make changes in countries unsuitable for its citizens? Do we support military intervention in places like Somalia? Do we negotiate diplomacy along the West Bank? Do we recognize the genocide in Iraq? Or do we simply close our doors and ignore the problems of the world and concentrate on our own domestic unrest? Many Americans are still wondering where we draw the line.

In our own local history, almost 150 years ago, the line barely existed when the brig *St. John*, a ship carrying Irish immigrants, went down off the coast of Cohasset. On Oct. 1, residents of Cohasset gathered at the community center to commemorate the tragic and heroic events of Oct. 7, 1849, and to address the issue of modern immigration. Mike Joyce, of the Massachu-

(See page 12)

Public hearings next week

Town officials have planned two important public hearings next week to inform voters about special town meeting warrant articles, which authorize the town spending $7.7 million for proposed sewer and water projects.

A hearing on the town's recent settlement with the state regarding the town's sewer problems is slated for 7:45 p.m., Oct. 11 in the town hall auditorium.

The water department will conduct at hearing at 8 p.m., Oct. 13 in the auditorium on recommended water system improvements.

The special town meeting is Oct. 24.

Cohasset's week

Check smoke detectors

Cohasset Fire Chief Roger W. Lincoln reminds all residents to check their smoke detectors next week.

He offers this friendly reminder in time for Fire Prevention Week, Oct. 9-15, which is a national program taking place on the anniversary of the great Chicago fire, Lincoln said.

EMT training alternatives

Selectmen will check with Fire Chief Roger W. Lincoln to see if a nurse or call Firefighter/EMT could provide the training to administer a drug to counteract severe allergic reactions.

The board is unanimous in its support for the training but divided on whether the town should spend $500 in overtime to train 15 EMTs to take the three-hour training course through South Shore Hospital. The training is for use of Epinephrine Auto-Injectors for treatment of allergic reactions to insect stings or bits, foods, drugs or other allergens.

Since last week's meeting when the matter was initially discussed, two people came forward and offered to provide the training on shift to eliminate the overtime costs, Selectmen Martha K. Gjesteby and Merle S. Brown said. Gjesteby and Brown convinced the rest of the board to go along with investigating less-costly alternatives to the training offered by South Shore.

Special officers appointed

At the request of Police Chief Brian Noonan and after repealing their policy prohibiting special police officers, selectmen approved the appointment of Animal Control Officer William Quigley and Harbormaster Shawn Kelly as special police officers this week.

In a memo to selectmen, Noonan explained that on August 25, 1986, selectmen voted to abolish the practice of appointing special police officers.

"It is my understanding that this was done at the request of the former police chief because of the lack of any formal training by the 15 members of the list of special police officers in 1986," he said.

He asked the board to reinstate the practice of appointing special officers upon recommendation of the chief of police and that the appointees possess the required training such as Basic Reserve Intermittent Training Course given by the Mass. Criminal Justice Training Council, First Responder, CPR, and Firearms Training.

Quigley and Kelly have the training, he said.

'Children' sign okay'ed

Selectmen approved the placement of a "Children" sign at the lower end of Beechwood Street at Beechwood, Church and Doane Streets on the existing 'Not a Through Way' standard.

Safety Officer Clifton B. Jones recommended the sign.

"There are two families in the vicinity of the proposed 'Children' sign who have small children and the school bus does back up in this area," Jones said.

Republicans get the nod

Edythe Ford, 135 Beach St., Margaret O'Donnell, 72 Old Pasture Rd., and Avis Sweeney, 480 Jerusalem Rd., are additional election workers and were recommended for appointment by the Republican Town Committee. Selectmen approved their appointments Monday.

One-day liquor okay'ed

The South Shore Community Center of Cohasset will be allowed to have liquor at its Halloween masquerade ball, Oct. 29 at 3 N. Main St. Selectmen approved the issuance of a one-day liquor license for the event this week. Liquor will be dropped off at 6 p.m. on Oct. 29 and removed by 2 a.m. Oct. 30, organizers said.

Jim McCormack

Name: Jim McCormack

Occupation: Owner: The Atlantic Bagel and Coffee Company on Rte. 3A.

Best day of your life: Skiing in four feet of powder at Steamboat Springs, Colorado.

Most embarrassing moment: I don't get embarrassed!

Goal: To expand more on the South Shore and the Cape Code area.

Favorite season: Winter.

Best vacation: Playing lacrosse in London with 20 other guys in June 1993.

Favorite holiday: The Fourth of July.

Pet peeve: People going 50 miles-per-hour or under in the passing lane.

Favorite book: *Trinity* by Leon Uris.

Favorite movie: *"L.A. Story."*

Favorite TV show: Celtics basketball games.

Biggest worry: I'm not that worried. I'm very laid back. If you can't control things, why worry?

Favorite place: Mt. Rushmore and the Badlands.

Favorite junk-food: Sausages with onions and peppers at Faneuil Hall.

Person you'd most like to meet: Bob Marley.

Community input sought for schools

(Continued from page 1)

A subcommittee of the school committee drafted the initial survey which was then sent to the PSO, Cohasset Education Foundation, school councils, teachers' association, and administration for their [illegible]as.

"This is a broad-brush feedback mechanism," Kidder said.

The school department will pay for the postage (out and back) which is about $1,500. The school department will hire a professional data analysis firm to do some sophisticated statistical analysis on the results for $2,000 to $3,000, Kidder said.

He said the survey — which is anonymous — provides a vehicle to get in touch with the community.

"For the last five-year plan, students, teachers, parents and a consultant went off the mountain and came down to announce the plan," Kidder said.

"We want to begin with what the community feels is important."

Kidder, who said it should take about 35 minutes to complete the survey, is optimistic that a majority of Cohasset residents will respond.

"In our view, the people here care about their schools. They care about the how their tax money is spent," he said. "We will be really disappointed if we get less than a 50 percent return rate."

Kidder said the school committee plans to have the results analyzed in time for the FY'96 budget cycle and have a preliminary idea what Cohasset folk are thinking.

Boat storage sought

Herb Towle, 389 Beechwood St., wrote to selectmen complaining about a recent directive to the Cohasset Sailing Club, to prevent winter storage of its floats adjacent to the club as has been done in the past.

"The purpose of this directive I must guess is so that the green grass can be seen year round," Towle said. From Towle's letter, it was not clear who issued the order.

He explained that the sailing club has been in operation 35 years and has provided benefits to 15,000 or more resident users and 6,000 or more students in sailing training. The operation of the club has been at no cost to the town, he noted.

This week selectmen said they would look into the matter.

Possible Greenbush conflict

Selectman Peter Pratt, who is opposed to restoration of the Greenbush Line, noted that in a letter to the board, the Whipples said he should not vote on railroad issues because he is an abutter to the project.

The phrases "conflict of interest and abuse of power" this selectman does not take lightly, Pratt said. He asked that the matter of a possible conflict of interest be submitted to town counsel for a ruling.

"I will abide by his ruling," Pratt said.

Selectman Martha K. Gjesteby, who supports rail restoration, said in another letter on Greenbush asked 'what was it in for her?' Gjesteby noted that she has no relatives who work for the railroad and no stake in it whatsoever. She added that such comments are "inflammatory."

The board is writing a letter to state Transportation Secretary James Kerosiotes with their views on Greenbush. The board is divided on the issue.

Town keeps tax rate

(Continued from page 1)

commercial) are usually more than 20 percent commercially/industrially zoned.

A new wrinkle this year is the state small business exemption, Assessor Jim Lagrotteria said. On his recommendation, selectmen not accept this new provision because it's not clear how the list of eligible companies get on the state qualifying list.

"There doesn't appear to be any rhyme or reason to those eligible, we don't know the criteria," Lagrotteria said.

Cohasset artist uses film to ignite the imagination

Gil Coyle of Cohasset teaches at Derby Academy. Some of her work is now on display at the Staircase Gallery at the South Shore Conservatory.

By Mary Grayken
Mariner correspondent

Gil Coyle is like every good art teacher. When she grades artwork, she looks for good composition. An artwork with good composition holds viewer interest, continually moves the eye, possesses different values, for example, lightness and darkness, and exhibits color, texture and form. But Gil Coyle is not like every art teacher. When marking artwork, she also considers student willingness to take risks, and cooperation with others while the finished product was in progress.

If a student approaches her with an art paper saying, "This paper is a mess.", Coyle will respond by saying something like this; "If this paper is a mess, turn it into something good." She says that it is important for students to think for themselves and to know that if they make a mistake, no matter how big, they can learn something from making the mistake.

And listen to this. She thinks anyone can draw. She says learning to draw is almost the same as learning handwriting.

"Anyone can do it with practice." Anyone may not learn to draw the way she was taught, however.

"When I was in elementary school, we were allowed to draw once a month. The teacher would show us a picture, set it on a chair and say, 'Copy this exactly.' When we finished, the pictures we drew were graded. This was art class," she recalled

Coyle, who has taught art at Derby Academy in Hingham since 1986, has developed an innovative program that uses film to inspire artistic imagination. The Boston Public Library sends her animated 16 millimeter films which relate stories using three dimensional characters made out of such materials as blocks, wire, cork and even sand.

One such film, entitled "Calder's Circus," features European painter and sculptor Alexander Calder.

Calder died about 10 years ago at the age of 85, and is remembered particularly for his paintings of airplanes, sculpturing, and mobile making.

"Calder's Circus" presents a European circus, featuring a sword swallower, burlesque dancers, and chariot races. The circus also includes the customary horse, wrestling, weightlifting, and trapeze acts.

It is amusing to watch the stick figures on wheels in the circus made out of copperwire, cork and other materials as they perform. Calder and his wife Louisa move these figures about on wheels and they assist other stick characters with difficult tasks such as catching the trapeze bar and swallowing the sword. Background music and sound effects accompany these acts, and a studio audience laughs at the burlesque dancers and applauds the feats of the weightlifters, chariot racers and the like.

The three dimensional nature of films such as this one enable the students to mentally develop an artistic concept in a way that seeing only two dimensions may not. When viewing the film, students begin to feel a connection with these life-like, movable figures, and this makes drawing them less difficult ... and fun.

Sometimes Coyle leaves art materials on the work benches and students can experiment with them while looking at the film.

"Art is a science experiment," she says. "It's about what happens when you put this and that together."

Coyle wants the students to appreciate that art, like life, is not only about seeing what is real, but also what realizing might be or could be if circumstances were different.

She teaches grades K-9. She enjoys watching the older students work independently. Some of the ninth grade students are producing animation films to use as models for drawing. She also sees that some elementary school children exhibit less inhibition with artistic expression than the junior high students. "They're not thinking about the test

Artist uses film to ignite the imagination

(Continued from page 6)

there may be next period, grades, or what their peers are thinking about them."

To a degree, the inhibition older students feel is natural. Coyle says Picasso once said he spent most of his (adult) life trying to draw like a child again.

Some of the younger children are so relaxed that they sing while drawing in art class.

"The five year olds used to spend as much time falling off the stools as they did drawing," she laughs. They don't do this anymore, however. Coyle replaced some of the small stools in the art room with small wooden chairs.

Coyle, now 46, was an artist before she became a teacher. She began doing pottery work while in college and continued with this work until she was 34. She resided in Brooklin, Maine with her husband Terence, now 47, and their son Jamus, who was eight when they moved to Brooklyn, New York, in 1980. Terence, working in the publishing business, was changing jobs.

"In Brooklyn, New York, you couldn't see the moon at night there was so much smog," she says. "At night in Brooklin, Maine, you could see the Milky Way."

She used to pass an Elsie cow standing alone in a pasture when driving to the studio in which she worked in Penobscot, Maine. Now living without a studio in an apartment in Brooklyn, and feeling alone, Coyle began thinking about this "bucolic looking, honey brown cow".

Coyle wondered, what does she (cow) think about all day long? She began drawing fanciful pictures of this cow, containing silhouettes of what this animal might be thinking or dreaming. She also drew whimsical depictions of cats, rabbits, and trees.

After 18 months in Brooklyn, Coyle and Driscoll called it quits with city living. Driscoll came to Boston in 1982, due to another publishing job transfer, and he and Coyle and Jamus settled in Cohasset.

Gil says she liked Cohasset from the beginning.

"I liked the rocks. They looked like beached whales."

Now married 23 years, Coyle affectionately describes husband Terrence as a "tongue on wheels". When asked if this means he talks a good deal, she nods emphatically, implying that she, on the other hand, is a quiet, private person. Driscoll is with Madison Publishing Co. in Boston.

Jamus, who attends Hatherford College in Pennsylvania, once described Gil with these words, "You've got a big heart with a little bit of the devil in it."

Of this description Gil says softly, "Well, I'm not always nice. Sometimes I used to yell at him."

Gil is a South Shore Art Center artist with experience in painting, photography, and ceramic sculpture as well as pottery and printmaking. Some of her works are on display at the South Shore Conservatory in Hingham. The whimsical animal drawings are bound to leave even the artistically ignorant person wondering if cows really do dream about pigs or rabbits or the ocean.

Viewing hours are 9 a.m. to 6 p.m. Monday to Friday and 9 a.m. to 1 p.m Saturday. These works will also be shown at the South Shore Art Center in Cohasset during November and December

Meet Gil Coyle. She'll probably be wearing clogs and heavy, thick silver jewelry with her outfit, little or no make-up, and three or four chopsticks in the bun in her softly brown-blonde hair. Meet Gil Coyle. You will not feel the same again about art or about life.

around town

by Sallyann Chatterton

❑

Happy belated birthday greetings are in order for a very special lady. **Shirley Laidlaw** is her name, and she celebrated her 80th birthday on Labor Day. We hear that she had a wonderful day, yummy dinner, and a great time at the Cape. Everyone who knows Shirley loves her, and we all hope that the next 80 years are even better than the first. Keep smiling that grand smile.

❑

We received word from Stonehill College that **Frank Willshire** has been named to their Dean's List for the Spring 1994 semester. Congratulations.

❑

I talked to my sister **Ricki (Troy) Aikau** last week. As most of you know, Ricki has lived in Hawaii for the last 25 years, and is the mother of four children. Well, her second son, **Zane**, really is making a name for himself there in the surfing world!!

During the last surfing contest, where surfers from all over the world compete, Zane placed 10th. Zane's uncles were famous for their surfing prowess, looks like he is going to follow suit. Watch for his name.

❑

Amy and **Glenn Davis** have wonderful news to share with all, and his name is **Craig Richard Davis.** Craig was born Sept. 3 at South Shore Hospital and weighed 8 lbs 2 ozs. His maternal grandparents are **Richard Barrow** of Cohasset and **Patricia McGilvray** of Hull. Craig's paternal grandparents are **Linwood Davis** of Kingston and **Andrea Davis Lawson** of Petaluma, California.

Watch for the Davis family to be wheeling Craig all overtown , the weather is perfect for it!

❑

Jessica Jenkins of Cohasset recently completed the Tufts University Tufts Study Program for high school students. The Tufts Study Program allows talented high school students the opportunity to enhance their readiness for college by taking two courses for college credit during the summer before their senior year. Students live in college dormitories on the Tufts Campus in Medford, take courses side-by-side with college students, and enjoy a variety of campus activities and the attractions of Boston and Cambridge. Jessica is a senior at Cohasset High School this fall.

❑

Last spring nearly 150 Massachusetts residents received bachelor's degrees from Plymouth State College of the University System of New Hampshire. Two Cohasset scholars were among them: **Deana Marie Genovese** (with a BS in Interdisciplinary), and **Eric J. Theriault** (with a BS in Marketins). Hopefully they have begun successful careers by now, we wish you well.

❑

Happy to report that **Frank Wheelwright** is home and continuing his recovery at a great rate — keep up the good work.

❑

David Stover is making good progress too, should be back at work real soon. Everyone is looking forward to your return, David.

❑

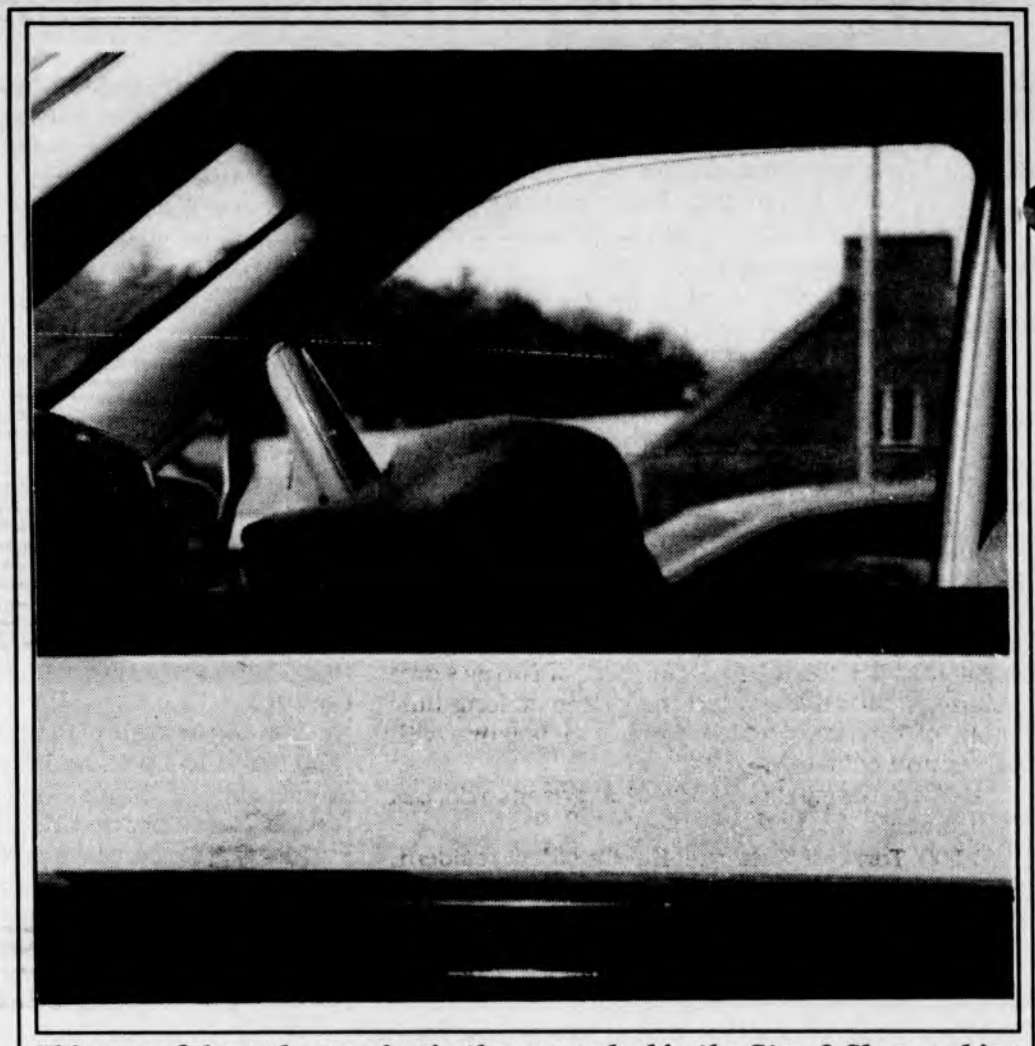
Happy birthday greetings go to **Sue Fone**. Her birthday is Saturday, Oct. 8, be sure to give her a special greeting when you see her around town.

❑

This Sunday the Cohasset Historical Society is going to be holding its walking tour of Cohasset's historical places. It will be a guided tour of historic Cohasset Common and the center village. It will meet at the Society's Maritime Museum in the village at 2:30 p.m. Admission is free, and guiding the tour will be the society's curator, **David Wadsworth**. For further information call 383-1434.

❑

Everyone was happy with the choice of **Danielle Capozzoli** as last month's "Student of the Month" of CHS. Danielle was September's pick, who will be the one for the month of October? We will report to you as soon as we find out, it is an honor indeed.



This peaceful pooch snoozing in the car parked in the Stop & Shop parking lot might be thinking — 'I sure hope she's not in the express line — I don't want to have to help her load all those groceries into the car!"
(Ginger Ferenz photo)

❑

Here's a date for you to mark on your calendar right now. October 29. That is the day that **Gert Young** will be 92 years young. Wish her a wonderful one.

❑

That's all the news that I've heard this week, hope that you will take the time to call me with yours. There must be tons of it out there.

Cohasset Knoll resident joins the centenarian club

Cohasset Knoll residents and staff members filled the nursing home's main living room Monday to help Esther Torrey celebrate her 100th birthday.

Willard Scott of the Today show wasn't on hand for the occasion, but state Rep. Mary Jeanette Murray stopped by over the weekend to wish Torrey a happy birthday and bring her two citations, one from the state legislature and one from Governor Weld, honoring Torrey, who despite her many years, remains young at heart.

Cohasset Knoll activities coordinator Mary Steele presented both citations to Torrey along with some gifts, including a photo album filled with pictures of events and trips the residents have taken, a giant birthday card signed by all the residents, and a cake minus the 100 candles. Torrey proudly wore a pin that declared 'you're never too old to party!'

A collage of photos tracing Torrey's life, recently compiled by one of her granddaughters hangs on one wall in her room and a collection of Torrey's own paintings fill another. Art has been a long-time hobby of Torrey's, and her windowsill is laden with paints and colored pencils.

"As I'm getting old I can't do what I used to do, but I paint when I can," Torrey said.

At 100, Torrey is Cohasset Knoll's oldest resident. She has two children, six grandchildren and nine great grandchildren.

— Alice C. Coyle

Centenarian Esther Torrey laughs at her birthday card presented by friends at Cohasset Knoll Skilled Nursing and Rehabilitation Facility off Route 3A near the Cohasset town line.

Council on Aging receives grant

The Cohasset Council on Aging was awarded a $4,327 grant by the state to employ a part-time nutrition site manager, purchase site furnishings and provide professional association membership.

"This money will assist the Cohasset Council on Aging in providing much needed services to seniors in town," said State Senator Brian J. McDonald (D-Weymouth).

McDonald noted the grant funds will also be used to provide conference registration and volunteer recognition and raining.

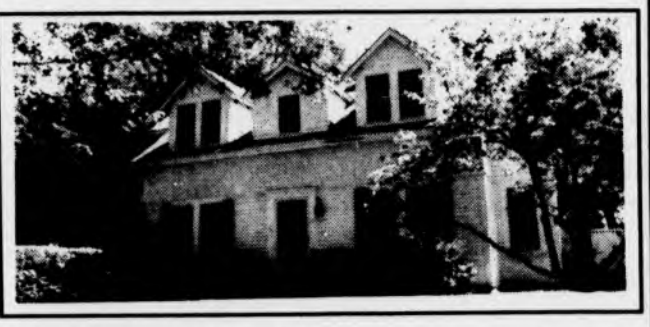
Retirement living options

From 1 to 3:30 p.m., Wednesday, Nov. 9, the Council on Aging will sponsor a program on options for retirement living.

Representatives from Orchard Cove in Canton; The Village at Duxbury; Lincoln School Apartments, Hingham; Evanswood Center, Kingston; The River Bay Club, Quincy; and Fox Hill Village, Westwood will conduct a forum about the types of retirement living available.

Criteria for admittance; services offered; needs that would be met; costs and what the total cost includes; and advantages of this type of living will be covered.

Call the Council on Aging at 383-9112 to sign up. Seating is limited to 50.



MARSHFIELD HILLS — Very appealing 3 bedroom Victorian in quiet upscale locale. Attached shop/barn/garage. "Secret" patio garden. Reduced to **$199,900.**

Cohasset Citizens!

A message from the Sewer Commission

As many of you are aware, Cohasset has been under a court order (called an Agreement for Judgment) which obliges us to expand, upgrade and modernize our sewer system. The Commonwealth and the Town, through the Board of Selectmen and the Sewer Commission, are proposing that, at the October 24, 1994 Town Meeting, we adopt an updated Agreement for Judgment ("the New Agreement") which has been negotiated over the last several months.

A public meeting will be held at 7:45 P.M. on Tuesday October 11, 1994 in the town office building auditorium to explain the provisions of the New Agreement .

In the meantime, copies of the New Agreement are available at the office of the Town Clerk and at the Paul Pratt Memorial Library.

Edward M. Guild, Chairman
Cohasset Sewer Commission

editorial

'GIT' lost

Passage of the Graduated Income Tax (GIT) — Questions 6 and 7 on the Nov. 8 ballot — will hurt small businesses and lead to major job losses in the state, according to the Massachusetts Taxpayers Foundation.

All businesses collectively would pay more in taxes, and they would have less money to reinvestt claims.

It's the small- to mid-sized businesses that are showing the most growth and creating the most jobs. The ballot questions, if passed, will hurt.

The state currently has a 5.95 percent flat personal income tax rate.

The proposed graduated income tax outlined in Question 7 would be:

For a single taxpayer — 5.5 percent for income up to $50,200; 8.8 percent for income up to $90,000 and 9.8 percent for income over $90,000.

For a married couple — 5.5 percent for income up to $81,000; 8.8 percent for income up to $150,000 and 9.8 percent for income over $150,000.

Most small businesses would see their taxes increase 65 percent from a rate of 5.95 percent to 9.8 percent, MTF estimates.

The proponents — the Tax Equity Alliance of Massachusetts (TEAM) — say this is not a business tax, but it has a direct impact on businesses paying taxes.

TEAM), however, says the graduated income tax is not anti-business, it is anti-taxes.

Quoting figures from the Department of Revenue, TEAM says 92 percent of the state's taxpayers will pay less with the passage of Questions 6 and 7.

Previous attempts to pass a graduated income tax have failed. In 1962, 1968, 1972 and 1976, the voters overwhelmingly turned down a proposal for a graduated income tax. Last time, the margin was nearly 3 to 1.

This year's vote is different because in addition to asking that the state constitution be amended, an actual rate plan is proposed.

And while the constitution cannot be changed easily — as evidenced by the past votes — the rate plan can be changed on a voice vote in the dead of night by the legislature. That idea is scary.

Richard Valentine of the Massachusetts Businessmen's Association finds it ironic that the head of TEAM is proposing a tax "savings" when he has lobbied for tax increases in the past.

Voting for a graduated income tax would be letting the fox into the chicken coop.

According to TEAM, 35 states and all the major industrialized nations of the world have a graduated income tax.

But that doesn't mean it's right or that it's beneficial.

Both California and New York have a graduated income tax, and their economy still has not shown marked signs of recovery. And, in California, their graduated income tax calls for taxing individuals with income of between $16,000 and $21,000 at 6 percent. That's higher than what we have now.

Massachusetts is one of the few states which is constitutionally protected from a graduated income tax. We shouldn't change it.

Keeping a flat tax is the only way to ensure that Massachusetts will attract business to the Bay State and create jobs, thereby improving the economy even further.

Support the Greenbush line

letters

(Ed.'s note: The following letter was sent to selectmen.)

Dear Selectmen:

As supporters and previous users of the Greenbush line, we want to allay expressed fears about restoration.

1. Safety was never a problem to our baby boom children who walked and biked.

2. Commuter service helps, not hurts, towns; brings middle and upper management people who enhance the tax base, support good schools, town services, civic enterprises, i.e., Lincoln, Concord, Acton, Weston (two stations), comparable North Shore suburbs.

3. Local businesses thrive, especially near stations, because of visibility, convenience.

Also, the proposed boat/bus alternatives, while well meaning, are not realistic or timely ways to reach Boston, and especially Cambridge, business, technology, cultural, medical and academic centers. We know. We commute.

Finally, in as much as Selectman Peter Pratt's family home abuts the Greenbush right-of-way, he should abstain from any votes regarding the Greenbush restoration. Any further actions by him to help opponents or hinder restoration could be construed as conflict-of-interest and/or an abuse of power.

David C. Whipple

Food pantry help appreciated

To the Editor:

The Cohasset Food Pantry would like to thank the many people in Cohasset who volunteer their time and energy for the pantry. We would not exist without the support that we receive from these very generous volunteers. Our thanks also go to the churches in Cohasset who provide our pantry with food donations each month, without which it would be very difficult to provide such a variety of food to our patrons.

We recently renovated the room where the pantry is housed, doubling the amount of space and shelving. This work was made possible through the generosity of the Hingham Lumber Co. and a Cohasset contractor, Rick Lordan, who donated many, many hours to this community effort. Bill Corriveau, Ken Maitland, Bob Thompson and Matt Steele also gave of their time and weekend to help in our expansion. We appreciate all their support so very much.

Our additional thanks to all the businesses, organizations and individuals who help in so many ways, from financial contributions to counterspace for our collections cans. Thanks to the Cohasset Savings Bank for being one of our in-town food collection drops and to the Cohasset Social Service League for their continuous support and encouragement. The Council on Aging also provided fresh vegetables all summer from their successful garden and we thank them very much. Special thanks also to Cohasset Stop & Shop, who for the past two years has run a "Food for Friends" fundraiser to benefit the Cohasset Food Pantry and Hingham Interfaith Food Pantry.

The pantry is in the basement of the Second Congregational Church at 43 Highland Ave. The generosity of space and kindness is ever present and we appreciate and thank them for their continuous support.

We are open every Tuesday from 9:30 to 10:30 a.m. and from 7 to 8:30 p.m. We are always looking for volunteers, so if you have an interest please call 383-0345. Food donations are collected at the Second Congregational Church Monday through Friday, 9 a.m. to noon, or at the Cohasset Savings Bank.

Marjorie F. Steele

political notes

McDonald campaign meets

The McDonald campaign for state Senate will be holding a meeting in Cohasset Tuesday, Oct. 11, 8 p.m., at the Unitarian Parish House, 23 North Main Street.

"Anyone interested in helping the McDonald campaign in Cohasset is invited to attend," said John McNabb, Jr., the Cohasset coordinator for the McDonald campaign.

"Senator Brian McDonald won the Democratic primary because he has shown he can deliver for Cohasset," said McNabb. "Brian has been extremely helpful in helping Cohasset residents protect our

(See page 12)

disability issues

By Michele Buckley
Cohasset Commission on Disabilities

The next three articles deal with Title 11 and Title 111 of the Americans With Disabilities Act. These titles explain the ramifications of accessibility for the disabled citizen. Within the past two months, many articles have surfaced about accessibility problems. Will Cohasset have to worry about the same type of situations? This article will attempt to explain Title II, who is covered, and will provide an overview of the requirements.

Title 11 of the ADA covers state and local governments as well as any of its departments and agencies. All activities, services, and programs of public entities are covered, including town meetings, police and fire departments, motor vehicle licensing and employment.

State and local governments may not refuse to allow a person with a disability to participate in a service, program, or activity simply because the person has a disability. Programs and services should be incorporated in an integrated setting. If not, then separate or different measures are necessary to ensure equal opportunity. Reasonable modifications in policies, practices, and procedures are required unless a fundamental alteration in the program would result. The state must furnish auxiliary aids and services when necessary to ensure effective communication. For example, an interpreter must be available at a town meeting if there are hearing impaired citizens who attend. If special benefits are necessary, special charges may not be placed on the disabled individuals.

How does the Americans With Disabilities Act define a disabled person? Well, Title 11 provides civil rights for "qualified individuals with disabilities." An individual with a disability is a person who has a physical or mental impairment that substantially limits a "major life activity'. Examples of physical or mental impairments include such conditions as orthopedic, visual, speech, and hearing impairments. Specific examples include cerebral palsy, epilepsy, muscular dystrophy, multiple sclerosis, cancer, heart disease, diabetes, mental retardation and emotional illness. Other problems covered by Title 11 include HIV (whether symptomatic or asymptomatic), drug addiction, alcoholism, specific learning disabilities and tuberculosis. Homosexuality and bisexuality are not physical or mental impairments under the ADA.

Major life activities include functions such as caring for oneself, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning and working. Individuals who use illegal drugs are not protected by the ADA. A qualified individual with a disability is one who meets the essential eligibility requirements for the program or activity offered by a public entity.

An immediate concern for all disabled persons is not whether he/she can enjoy a particular outing, but whether there will be accessibility. Under Title 11, state and local governments must ensure that individuals with disabilities are not excluded from services, programs, and activities because buildings are inaccessible. Physical barriers need not be removed as long as they make their programs accessible to individuals who are unable to use an inaccessible existing facility. If physical barriers are not removed, the alternatives include relocating a service from the third floor to the first floor. An aide could be provided to enable an individual to obtain the service. Also, benefits or services could be provided at the disabled person's home.

Programs or services such as town meetings are not required to take any action that would result in a fundamental alteration in the nature of the service. However, public entities must take any other action, if available, that would ensure that each person with a disability receive the benefits or services.

In conclusion, the integration of individuals with disabilities into the mainstream of society is fundamental to the purpose of the American With Disabilities Act. Public entities may not provide services or benefits to individuals with disabilities through programs that are separate or different, unless the separate programs are necessary to ensure that the benefits and services are equally effective. The next article will concern itself with Title 111 of the ADA. Title 111 deals specifically with private businesses.

(Information taken from Civil Rights Division U.S. Department of Justice Office on the Americans with Disabilities Act.)

At left, Appalachia Service Project helpers Megan McNamara and Michelle Ward are happy to volunteer a little elbow grease for a good cause. Above, all the kids pitch to wash another car. The Appalachia Service Project car wash last weekend at the Exxon Station at the corner of Rte. 3A and Beechwood Street was the first fund-raiser for the group's 1995 trip. Donations were $5 per vehicle. The commitment to ASP begins long before the workers arrive at their sites in Appalachia. Participants must raise about $35,000 to make the trip possible. This will be the eighth year that Cohasset has participated in ASP. The Rev. Gary Ritts and his wife, Judy, introduced the community the project when they first arrived in 1987. Stay tuned to the Cohasset Mariner for ASP updates.

(Staff photo/J. Paul MacDonald)

SHARE sign ups scheduled for October

SHARE is a non-profit organization dedicated to community service and self-help, offering good food at great savings for those who participate.

SHARE sign ups are from 10 a.m. to noon today (Thursday, Oct. 6); Friday Oct. 7; and Saturday, Oct. 8 at the Community Center, 3 N. Main St. Friday's is at the elderly housing complex on Elm St. behind the police station.

The next pick-up day for SHARE is Oct. 22 at the Deer Hill School.

Please call John Kierce at 383-0578; the COA at 383-9112; or the Social Service League at 383-0771 for information.

SHARE participants pay $13 for the food and pledge two hours of volunteer service once a month. In return you receive 15-17 food items, good wholesome nutritious food purchased from growers and processors, with a retail value of $25-$35. SHARE has no eligibility or income requirements and is not connected in any way to any government program. Those who would like to donate SHARE packages to needy families are always welcome, please call John Kierce for details.

water supply from the potential threat from the Cohasset Heights Ltd. (CHL) landfill."

The campaign is looking for volunteers to help with lawn signs, mailings, phone calls, and election day, Nov. 8, activities, said McNabb.

Anyone wishing to help out on the McDonald campaign can call McNabb at 383-6202.

Candidates' night

To help voters make informed decisions in the upcoming Nov. 8 election, the League of Women Voters of Hingham is sponsoring a candidates' night. The public is invited to this event which is scheduled for Thursday, Oct. 13, at 7:30 p.m. in Barnes Auditorium in the Hingham Town Office Building, 7 East Street.

Candidates for all constitutional offices have been invited. Participating will be the three candidates for state Senate in the Norfolk and Plymouth District: William Forsyth (Independent), Robert Hedlund (Republican), and Brian McDonald (Democrat). Mary Jeanette Murray (Republican), who is running unopposed for state representative in the 3rd Plymouth District will also take part in the candidates' night.

This is an opportunity for voters to meet the candidates and question them about the issues that concern them. Moderating the event will be M.J. Shultz, former president of the Hingham LWV. For additional information, please contact Martha Horn, Hingham LWV, at 749-6762.

The LWV reminds voters that they are able to register to vote in the Nov. 8 election through Oct. 11 at the Town Clerk's office in their community. This year for the first time it is also possible to call their own clerk's office and request an application to register to vote. Completed applications need to be returned by Oct. 11 in order to cast ballots on Nov. 8. Information about absentee voting or other voting procedures can be obtained through the Town Clerk's office in a community or by calling the League of Women Voters of Massachusetts Voter Information Phone at 1 (800) 882-1649 or (617) 723-1421.

The right to vote is fundamental in a democratic society. The League of Women Voters urges voters to attend Candidates' Night on Oct. 13 and then exercise this right on Election Day, November 8.

Graduated tax talk

Barbara Anderson, executive director of Citizens for Limited Taxation, will speak from 7:30 to 10 p.m. Friday Oct. 14 at the Broad Cove Hall, Route 3A in Hingham.

The topic of discussion is the graduated income tax. This issues appears as ballot questions 6 and 7 in the upcoming November election. All are welcome.

For information call Ann Hilbert at 337-3743.

Republican forum

Richard Manley of Hingham, past president of the Massachusetts Taxpayers Foundation, will address a public forum on the upcoming state ballot questions at the Broad Cove Ball Room on Thursday, Oct. 6, at 7:30 p.m.

Manley, who was active in the MTF for 30 years, will focus his comments on the proposed new graduated state income tax. Chip Ford of Peabody will follow Manley with comments on Question 2, and Republican candidates for local. state and national office will also address the gathering.

Featured candidates will include Robert Hedlund, candidate for state Senate, Janis Berry, candidate for attorney general, Arthur Chase, candidate for secretary of state, Tim Clark, candidate for state auditor and Robert Stone, candidate for county commissioner.

Also attending will be Keith Hemeon, who is running for the U.S. congressional seat currently held by Congressman Gerry Studds. The Broad Cove Ballroom is located on Route 3A and the public is encouraged to attend. There will be no admission charge. For more information please contact Carl Harris at 749-7115.

Photo reprint policy

Readers who would like to purchase reprints of photographs published in the Mariner Newspapers should deal directly with the photographer.

If you would like to purchase a glossy photo, please write a note to the respective photographer listed in the photo cutline, care of Mariner Newspapers, 165 Enterprise Drive, Marshfield, MA 02050. Do not include payment. A photographer will call you back to make arrangements.

If you have questions about the Mariner reprint policy, please call community editor Mary Ford at 749-0031.

Cohasset shipwreck tragedy has implications today

(Continued from page 1)

setts Chapter of the Ancient Order of Hibernians based in Plymouth, addressed a Saturday morning crowd, detailing the tragic sinking of the *St. John* and its implications so many generations later.

Joyce explained, it was the potato famine of the 1840s that led a shipload of Irish citizens from their starving homeland to the United States in search of a better life. Upon reaching the Massachusetts coastline after a grueling journey, they encountered a fierce storm, causing them to weigh anchor off the coast of Cohasset. As the ship was drawn closer to shore by the storm, the crew cut the masts, though to no avail.

Not far away, another ship, the *Kathleen*, was also in trouble. Without hesitation, brave sailors from Cohasset left the dock to save the passengers onboard the ships. As the people from Cohasset approached the *St. John* they noticed the crew was safely heading towards shore. It was assumed that the passengers must have been safe, so the Cohasset sailors sailed on to successfully save the passengers of the *Kathleen*. Unbeknownst to the Cohasset sailors, the 99 passengers of the *St. John* were lost.

Years later, on May 30, 1914, the Ancient Order of Ibernians resurrected a Celtic Cross over a mass grave in Cohasset Central Cemetery where the unidentified bodies of 45 passengers are buried. Jack Lawless of the Ancient Order of Hibernians explained the meaning of the Celtic Cross, where a memorial wreath was laid.

Lawless said the crosses originated in Ireland in a time of Viking occupation.

"These massive stone structures were a symbol of the Irish people's will to survive the occupation," he said.

The crosses could barely be moved and could not be burned, signifying the people's resolve to preserve their heritage and religious convictions. Centuries later, the symbol of the Celtic Cross that stands proudly in the Cohasset Central Cemetery recognizes the bravery and will of a people determined to find a better life.

Patrick Riordin, of the Irish Immigration Center in Boston, continued the discussion by focusing not only on the events of the *St. John*, but compared the tragedy to the state of immigration today. Since coming to America 4-1/2 years ago, Riordin has been a strong voice in the Irish-American community. He has helped people who have come to America persevere and reverse the stereotype of immigrants. Riordin represents immigrants looking to better their lives while contributing positively to the society.

It doesn't matter if you are fleeing the potato famine or modern unemployment, many people can't sit idly when there are alternatives away from home.
— Patrick Riordin of the Irish Immigration Center in Boston.

He feels we, as Americans, should not base our immigration laws on the few that abuse them. He is one of the voices urging America to keep its doors open in an era when so many are urging them closed.

Riordin cited the recent death of two Irish immigrants killed by a fire in Brighton. He explained the loneliness and separation that people, like these two men and most immigrants, feel.

"Coming to a new place is exciting, but very often frightening. We see America on television and we think we know what it's all about and then we get here and it's nothing like we expected. A friend in Ireland told me once, 'immigration is the next thing to death.' In most cases you never return from where you came and you leave everything that you once were behind in your town or village. And because of economics or military reasons you feel forced to flee just so you can survive. It doesn't matter if you are fleeing the potato famine or modern unemployment, many people can't sit idly when there are alternatives away from home," he said.

Riordin explained that the two men were simply making their way in the world – alone. But like the sailors who attempted to rescue the immigrants off the coast in 1849, people today are helping. Riordin pointed out that neighbors were collecting funds to provide a proper burial for the two men. Riordin reminded the audience that we must focus on the good nature of Americans, both in the past and present.

Riordin, like a true historian, stressed "it is important to remember what has happened in the past without allowing it to fade from history."

As he would suggest, by focusing on the good that has resulted from immigration we can keep the doors open. He feels that for some people, America is their last chance and historically we have been there for

Cohasset shipwreck tragedy has implications today

(Continued from page 13)

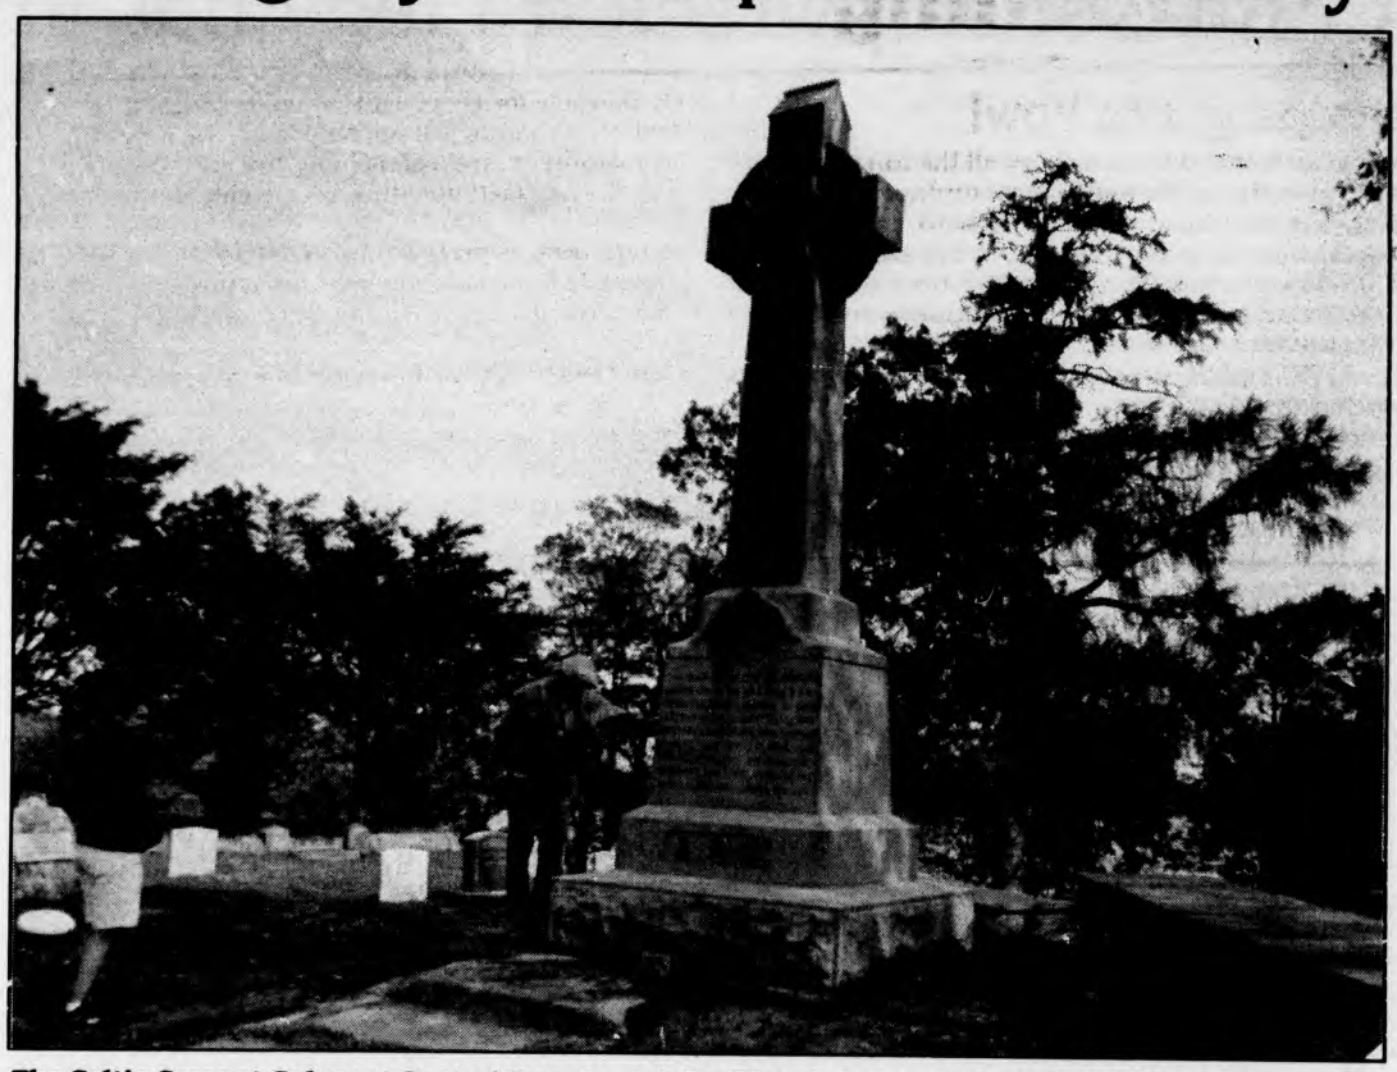
them. But there is the argument that disagrees.

Some say, we are not the land of opportunity, when our poverty level is rising. Some say, we have no more resources to offer foreign people, when our own citizens have no jobs. Some say, we should not be involved in foreign struggles, when we have our own violence to deal with.

Some say, that things have changed since the first influx of mass immigration; America is simply different. But how different is it and how different are we as a people?

One hundred forty-five years later, during this commemoration, the descendant of Mary Kane (the only survivor of the *St. John* to remain in Cohasset) listened to these arguments along with his Cohasset neighbors – people representing a modern America struggling with this immigration issue. For many others present, it was the immigration movements of the past that brought their ancestors to America.

Yet, according to Patrick Riordin, one voice, America still has the same open arms policy it has always had, and we, a new generation of Americans, have been passed the torch. On the commemoration of the brig *St. John*, the question is posed – are we will willing to help?



The Celtic Cross at Cohasset Central Cemetery at Joy Place is a memorial to the Irish immigrants who lost their lives in the wreck of the St. John, 150 years ago. **(Staff photo/J. Paul MacDonald)**

YOUR HOME EQUITY CAN TAKE YOU ANYWHERE AT A GREAT RATE, OR LET YOU STAY HOME IN STYLE.

Think of the equity in your home as power. The power to remodel a kitchen, bath, or add more room. Pay off college expenses. Take that long-postponed second honeymoon. Or consolidate high-interest loans. And there are powerful reasons to choose a Rockland Trust No-Fee Home Equity Credit Line. There are no closing costs (except for an appraisal, if required), and *no annual fee.* Interest may be tax deductible, so your effective rate can be even lower.** And at Rockland Trust we make *quick decisions*, so you can put your home equity power to work, now. A simple application will get things moving for you at a great rate. And your friendly Rockland Trust branch is ready to answer any questions. Call or come in today.

Grownups get to howl

Why should just the kids get to have all the fun on Halloween? From 8 p.m. to midnight, Saturday, Oct. 29, all grownups will have a chance to howl at the Community Center's Masquerade Ball. Prizes will be awarded throughout the evening for the best costumes. Creative dress in the Halloween spirit is encouraged by not mandatory. Tickets are $25 per couple in advance, and $30 at the door. Cold hor d'oeuvres, coffee and desserts. Tickets are available at the Community Center or by calling Susan Carr at 383-0331. For food donations, call Mary Sullivan at 383-6666.

Chamber auction slated

The Cohasset Chamber of Commerce will be holding its seventh Annual Auction on Saturday, Nov. 12 at the Cohasset Community Center at 7:30 p.m.

Contributions of merchandise, gift certificates, and cash can be donated by calling the Chamber Hotline at 383-1010.

The Chamber will be happy to pick up donations. Admission is free.

Furniture class starts

The Cohasset Recreation Department is accepting telephone registrations for furniture restoration-refinishing-revitalization classes, taught by Kenneth Sargent of Cohasset Country Workshop, by calling the recreation office at 383-6791.

Classes are Saturday mornings from 9 to 11 a.m. beginning Oct. 15. The fee for the program is $64 per person.

Participants should select a piece of furniture that is relatively portable for class work. A chair or small table is ideal. Participants will not only learn the arts involved in restoration and refinishing, but will also have a piece of completed furniture by the end of the session.

Sargent has been a professional refinisher for a number of years in Cohasset, and has taught the art of restoration and refinishing to a number of classes over the years.

Participants will be required to bring some supplies with them to class; other supplies will be provided. When you call to register, please indicate what piece of furniture you will be bringing to class. Classes meet at the Cohasset High School Woodworking Shop.

New classes at SSCC

The South Shore Community Center is offering new classes this fall. They include Ballroom Dancing for Beginners and Intermediates (starting Oct. 16); a Rape Prevention Class (beginning Oct. 17) that will show students how to escape and what challenges they are up against; Digging for your Roots (starting Oct. 17), which will cover sources, terminology, and research methods of genealogy; and a Babysitting Course (co-ed) (beginning Oct. 19) that will cover first aid, fire safety, entertaining small children, child development and nutrition.

For further information call the Community Center at 383-0088.

Teen bridge lessons

The Cohasset Recreation Department is currently accepting telephone registrations for a Teen Bridge Class to be taught by master bridge teacher Barbara Elliot.

If you are between the ages of 13 and 18 years and are interested in learning how to play bridge, please call the Cohasset Recreation Department office at 383-6791. The fee for this evening program, 6:30 to 8:30 p.m., is $22 per participant per five-week session.

Class must be restricted to 12 members and the exact evening will be determined based upon majority of class/instructor availability.

Miniatures show

Linda's Wee Manor shop in Cohasset is celebrating "National Dollhouse & Miniatures Month" with its first Annual Room Box Contest. Judging and Miniatures Show and Sale.

The show will be held on Saturday, Oct. 22 from 11 a.m. to 4 p.m. at the South Shore Community Center, complete with miniature vendor displays and door prizes. Admission is free. For additional information call 383-6635.

Derby open house

Derby Academy will hold an open house for visitors Tuesday, Oct. 18, beginning at 8:45 a.m. in the school library. Jay Sadlon, director of admissions, and Linda Wakeman, parents' association admissions liaison, are planning the event as an informal introduction for parents interested in learning more about the school.

Headmaster Edward Foley will give parents an overview of Derby's educational program and Jay Sadlon will review the application process. Parents of current Derby students will lead visitors on tours of the campus. Judie Stolp, head of the Lower School (prekindergarten through grade 4), and members of the Upper School faculty will be on hand to answer questions during and after the tours.

Derby Academy in Hingham is a fully accredited independent day school for boys and girls, prekindergarten through grade 9. A close working relationship between home and school is a hallmark of the Derby program. Classes are small, the curriculum is challenging. Music, fine and practical arts, enrichment, daily athletics, community service and many other opportunities for learning and growth are available to students. The school currently serves 246 students from 32 greater Boston communities.

Arrangements to attend the open house may be made by calling the school office at 617-749-0746.

School Lunch Menu

FRIDAY, OCT. 7
Oven baked pizza or tuna salad on roll, tossed salad, peach cobbler.

MONDAY, OCT. 10
Columbus Day, no school.

TUESDAY, OCT. 11
Chicken nuggets or Greek salad, pita, trail mix, juice pop.

WEDNESDAY, OCT. 12
Oven baked pizza or baconburger, salad, cherry cup with topping.

THURSDAY, OCT. 13
Pork dippers or bologna and cheese sandwich, vegetable, fruit.

FRIDAY, OCT. 14
French bread pizza or turkey salad on roll, salad, fruit, hermit bars.

Raising a healthy child series set

A seven-part workshop series is offered to Cohasset parents and community members. The series is designed to provide a forum for discussion of relevant adolescent health issues and effective parenting techniques.

The dates are: alternate Mondays, from Sept. 19 to Dec. 12, 7 to 9:15 p.m., at Cohasset High School. The cost is approximately $13 for reference text, *Parenting Teenagers*.

Facilitators: Ed Leonard, M.Ed., Adjustment Counselor, Deer Hill/ Joseph Osgood School, 383-6115; Michael Gill, Ed.D., Health Education Coordinator, Cohasset Public Schools, 383-6107.

SESSION 3 (Oct. 17)

• Health component: Eating Disorders.

Discussion: Approximately one million adolescents are affected by anorexia nervosa and bulimia. Every year, thousands of young people go on diets to meet some goal of ideal thinness. Some do it to be popular with the opposite sex. Some do it to improve their athletics. Some do it just to prove they are in control of their own life. Topics: unhealthy attitudes, overweight, underweight, contributing factors, treatment and prevention.

• Parenting component: Communication is Problem Solving.

We will further develop communication skills in this session, specifically with expressing feelings, and then explore an effective problem solving method. Topics: expressing feelings; use of the "I" message; exploring alternatives; five-step problem solving method.

Back-to-school night

The Deer Hill School is hosting a Back-to-School Night on Wednesday, Oct. 12. Interim principal Guido Risi will address parents at 7 p.m. in the cafeteria.

The Grand Tour

with Ginger Ferenz, 383-2863

"I'm getting married in the morning....."

In preparation for their daughter Mary Catherine's wedding on Saturday, Oct. 1, Mary and Michael Howley decorated their front steps at 10 Wood Way with a delightful arrangement of ivory mums accented with mauve ribbons and bows. The lamppost is decorated with a natural rattan heart-shaped wreath adorned with pale ivory and peach flecked roses. Best of luck and much happiness to the bride and groom!

(Ginger Ferenz photo)

Fall foliage trip planned

Saturday, Oct. 15, the Friends of the Boston Harbor Islands are sponsoring a fall foliage trip to Thompson Island. You can enjoy a quiet day walking along the shoreline or through the woods and fields. Look for migratory birds that are sure to be around and enjoy the brilliant foliage. Tours of historic areas and of the flora and fauna will be offered for those who wish. Bring a picnic; water is available on the island.

The group will sail on the Pilgrim IV, which departs from The Landing off William Day Blvd. in South Boston. Parking is available along the waterfront, and two buses, City Point and Bayview, go very near The Landing. Tickets are $10, $9 seniors, $6 children 4-12. Boats depart The Landing at noon. The boat leaves Thompson Island at 4:15 p.m. Tickets are available in advance by calling (617) 740-4290, or dockside on a first come, first served basis. Reservations are suggested.

obituaries

Herbert E. Gleason Jr.

Herbert E. Gleason Jr., 87, of Cohasset, a carpenter and boat restorer, died Sept. 14 in Quincy Hospital after a short illness.

He was a self-employed carpenter and well-known restorer of wood and fiberglass boats.

Mr. Gleason was an original member of the Satuit Boat Club and a member of Coast Guard Auxiliary Flotilla 507.

During World War II, he served as a motor mechanic chief with the Coast Guard in Scituate.

He was born and educated in Everett and lived in Winchester, Newton, Marshfield and Scituate before moving to Cohasset 10 years ago.

He leaves his wife of 62 years, Isabell R. (McEwan) Gleason; four sons, Eldridge Gleason of Valley, Neb., William E. Gleason Sr. of Long Beach, Calif., Robert L. Gleason and Dana R. Gleason, both of Hanover; four daughters, Elinor Loring of Anson, Maine, Geraldine Cerelli of Scituate, Isabel R. Salvador of Cohasset and Phyllis C. Walker of Holderness, N.H.; 30 grandchildren and 37 great-grandchildren. He was the father of the late Dennis W. Gleason.

A funeral service was held Sept. 17 in the Ernest A. Richardson Funeral Home, 382 First Parish Road. Burial was in Groveland Cemetery, N. Scituate.

Hannah Kjellander

A funeral service for Hannah M. Kjellander, 90, of Cohasset, a retired employee of the James Morse Rendering Co. in Boston, was held Sept. 19 in the Mortimer N. Peck Funeral Home, 516 Washington St., Braintree.

Officiating was the Rev. Dr. Alva M. Taylor, pastor emeritus of Congregational Church, East Weymouth. Burial was in Melrose Cemetery, Brockton.

Miss Kjellander died Sept. 14 in the Cohasset Knoll Nursing Home after a long illness.

She was a member of Bethany Shrine 2, Order of the White Shrine of Jerusalem in Quincy, and a former member of the Quincy Center United Methodist Church.

A native of Quincy, Miss Kjellander lived in Norwell for 31 years before moving to Cohasset.

She leaves two brothers and a sister, Carl Kjellander of Braintree, Paul E. Kjellander of Halifax and Lydia Carlson of Exeter, N.H.; and many nephews and nieces.

The best bank in Cohasset is still in Cohasset.

As Cohasset's community bank, we're quite different from other banks in town.
• We have no stockholders...so our customers get all of our attention.
• We have no offices outside of town...So Cohasset enjoys the bulk of our loans.
• We have no lengthy review procedure...So your questions are quickly answered.
• We have no big or fancy offices...So you pay less when you bank with us.

More personal service. Less costly services.

David Clapp

Cohasset Garden Club sponsors award

David E. Clapp, director of the Massachusetts Audubon Society's South Shore Sanctuaries in Marshfield, was recently awarded the Garden Club of America Zone 1 Certificate of Acknowledgment to a Non-Member for Conservation Preservation. Eighteen member clubs from throughout New England participated in the meeting in Dublin, N.H. Mr. Clapp's award was sponsored by the Cohasset Garden Club, Mrs. John (Kitty)) Howe, awards chairman.

This certificate is awarded to a citizen who has made a significant contribution in the field of conservation. On staff with the society for more than 20 years, David has represented the society with his involvement in habitat conservation, land and property management as well as being a respected scientist and teacher.

He has an undergraduate degree in biology, a masters degree in science education and has taught classes on man and the biosphere as a faculty member at Northeastern University. As an ornithologist, David is a consultant in Great Britain with the Royal Society for the Protection of Birds; as a study leader with the National Geographic Society and the Smithsonian Institution he has accompanied study tours throughout North America, Central & South America and the Indian subcontinent. His studies and travels have also taken him to Egypt, Kenya, Gambia, Morocco and the Canary Islands.

His land protection strategies have been shared in England, and in Asia through the University of Singapore, as well as in the United States.

Speaking to many garden clubs and other organizations over the years, very often with slides, David enjoys a well-deserved reputation, both locally and internationally, as an informative and entertaining speaker.

Walking tour of Common

The Cohasset Historical Society will hold its second 1994 walking tour of Cohasset's historical places Sunday, Oct. 9, with a guided tour of historic Cohasset Common and the center village. The tour will meet at the Society's Maritime Museum, Elm St. in the village, at 2:30 p.m. Admission to the tour event is free.

Cohasset's New England Town Common is an original Colonial Common, dating from earliest settlement of Hingham in the 1630s. Today the Common itself is ringed by Georgian, Federal, Greek revival and Victorian houses representing several major eras of American architecture, several of which were Sea Captain's homes. The 1747 Georgian Meetinghouse can be seen, along with an 1824 Federal or Adam church, an 1859 Italianate Town Hall and a 1900 Gothic stone church.

North Main Street, the major highway at the Common, is an ancient way once leading from the early settlement at Hingham to that at Scituate.

Cohasset village or business center itself has a number of 18th and 19th century buildings, several of which have been adapted for business use in more recent times.

Guiding the tour will be the society's curator. For further information, the Cohasset Historical Society's telephone is 617-383-1434.

Allen's heroics not enough to top Sailors

By Jim O'Sullivan
Mariner correspondent

The Cohasset Skippers were stopped by the Scituate Sailors Friday night under the lights on the Sailors' home field. Cohasset (1-1 going into the game) controlled the ball between the red zones Friday, but couldn't push it into the end zone and lost the contest, 20-6.

The Skippers were led by senior Tom Allen's 160-yards rushing and a tough defense, but couldn't stop Scituate's powerful running game, despite hard work by linemen Larry Adams and Anthony Wigmore and a touchdown-saving tackle by senior captain Dorian Bryant.

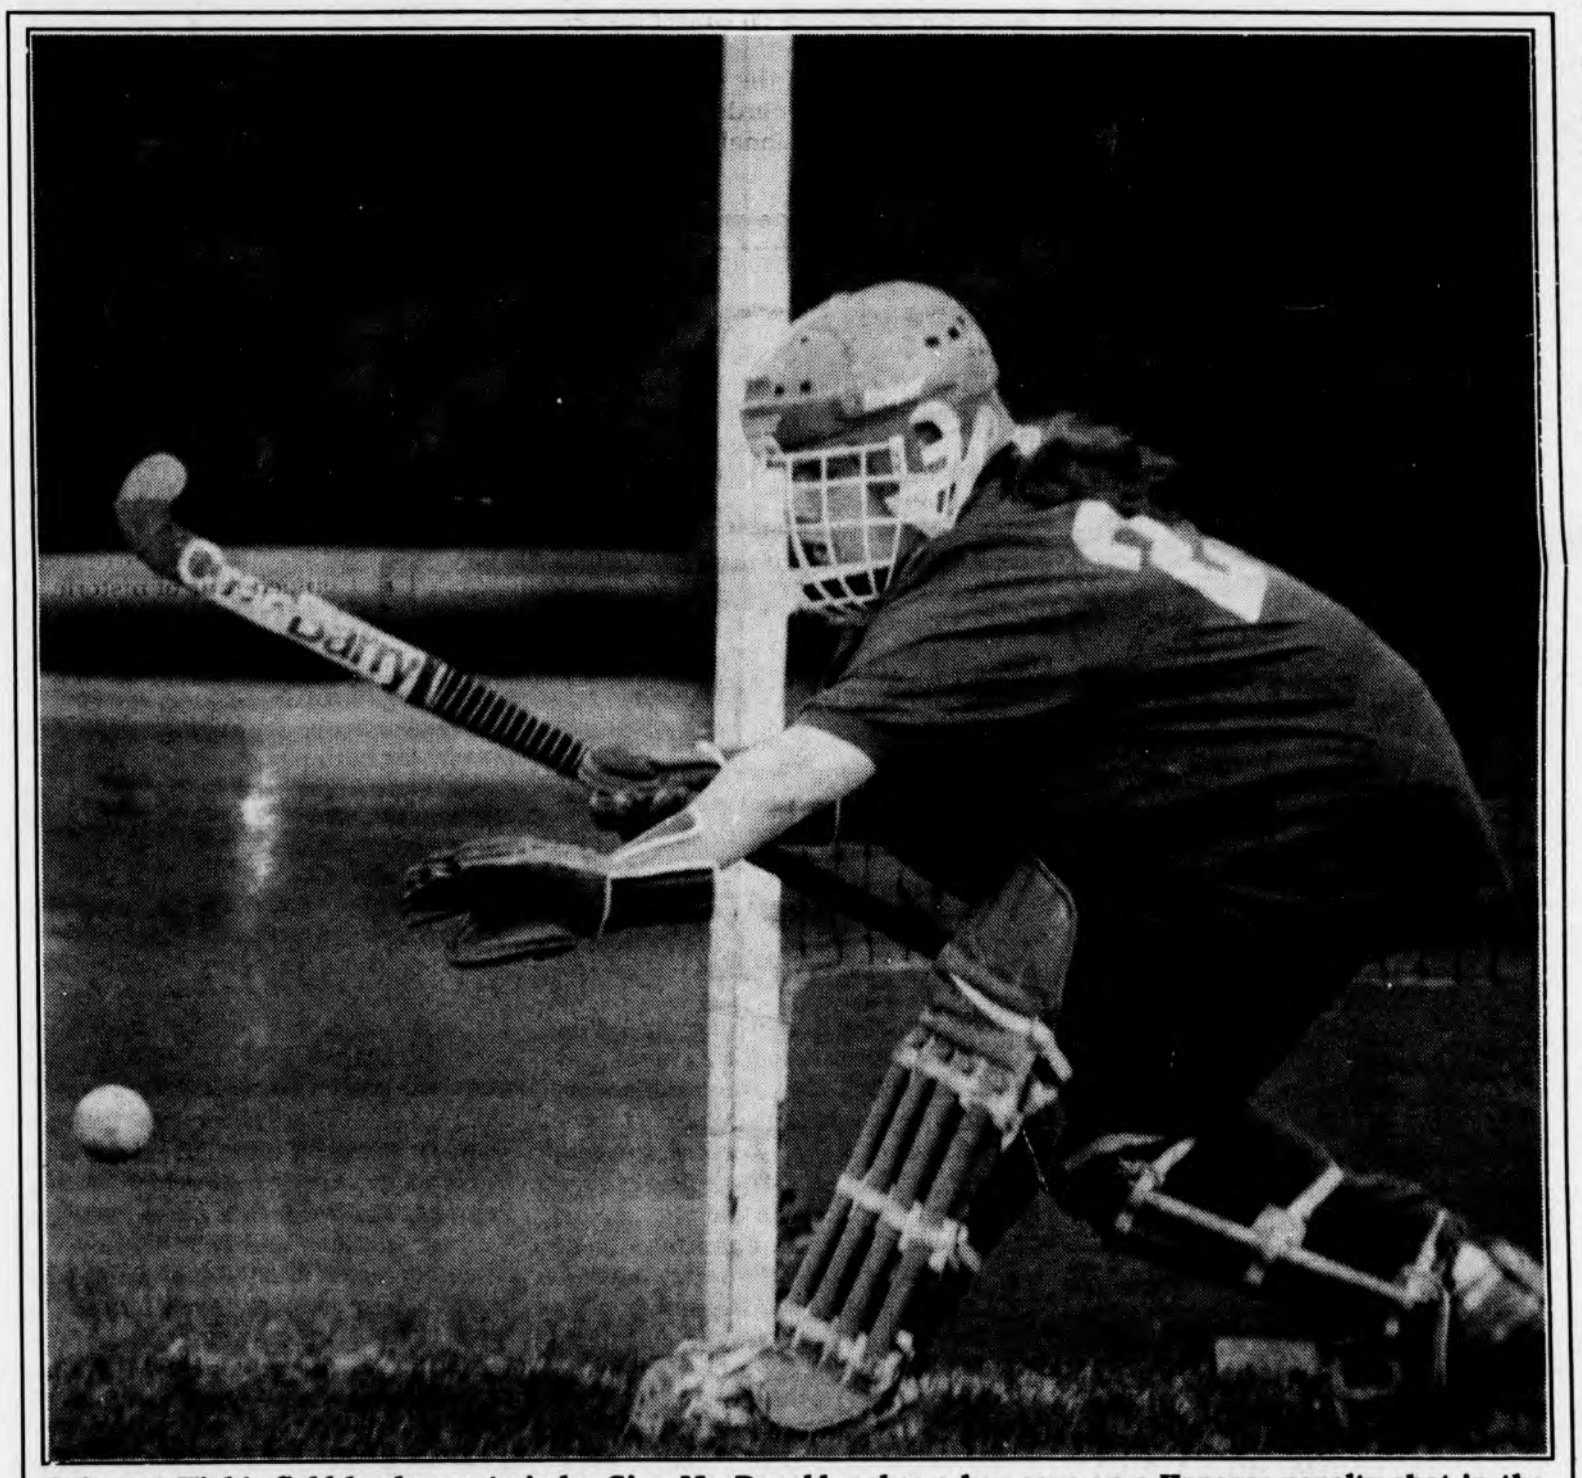
Bryant chased the Scituate runner for 60 yards before bringing him down at the 10-yard line. Cohasset dominated the ball, holding it for nearly three quarters of the game. However, an air-tight Scituate defense held Cohasset to one touchdown.

Scituate's offense created a methodical drive that put them up 7-0, with a touchdown run by Anthony Caputo. Scott Blackburn booted the extra point through the uprights. The second half started with a scoring drive that was capped by Caputo slashing into the end zone from the seven-yard line. Blackburn again kicked it through before Wes Malzone's 12-yard scramble late in the fourth iced the game for the Sailors.

Cohasset had one last gasp after the extra point attempt was smothered by junior Brian Sasso.

The Skippers' scoring was comprised of a 55-yard scamper by Allen after some nifty footwork got rid of the Scituate defenders. The two-point conversion was stopped, and Cohasset's offense was complete as the clock ticked away the final minute and the Skippers fell, 1-2.

Both teams were jacked up for the game, as the rivalry between Cohasset and Scituate always excites both squads. However, Scituate's adrenalin carried through and Cohasset will have to look ahead to this weekend as they square off against Norwell and try to reach the .500 mark.



Cohasset High's field hockey netminder Gina MacDonald makes a key save on a Hanover penalty shot in the Skippers' 3-0 loss to the Indians.

Girls aiming for full effort on soccer field

By Joe Reardon
Mariner staff

Now comes the interesting part for first-year coach Maureen O'Day-Clark. Sporting a 5-1-1 girls soccer record in the rough and rugged jungle, better known as the South Shore League, Cohasset High proved they can't be a stepping stone on the way to the next game for any team in the league.

After a bye week, following last Friday's narrow, 2-1 victory over Hull, the Skippers get back to the task on Oct. 5 against Carver. The start of the second half of the season gets rolling on Saturday when Cohasset takes on last year's league co-champion, Norwell.

The second half of the season is always the most intriguing. Teams have gotten a feel for one another, their strengths, weaknesses and potential liabilities. Game plans are easier to put together from team to team and the players are gearing themselves for a South Sectional tourney berth.

"Now they know you," O'Day-Clark said of the competition. "They know what to expect from you and you know what to expect from them."

The only difference this time around is the rest of the SSL might not recognize the Skippers. O'Day-Clark spent the practice week working out new strategies she fully intends to implement when in comes time for Cohasset to step back on the field in anger.

And with a possible league title in the works, O'Day-Clark asked for a "verbal commitment" from her players to put the effort in and go as far as they can this season.

"We have to work hard," O'Day-Clark said. "We definitely have the ability to go all the way.

"It's scary too. You start getting nervous at this point."

Put down your glass of chocolate milk and grab a pencil, it's Sports Quiz time.

(You will be graded so give it your best effort.)

Question #1: The sport of field hockey is?

a) One of the most exciting and fast-paced high school activities.

b) Played by female athletes who can't stand soccer.

c) What members of the Boston Bruins will be playing if the NHL's labor dispute isn't settled.

Question #2: Brian "Kato" Kaelin is?

a) The houseboy of O.J. Simpson.

b) The top soccer scorer in the Old Colony League.

c) The Patriots back-up quarterback.

Question #3: The reason the Hingham High football team is off to a 3-0 start is?

a) The speedy running of Corey Farina.

b) The multi-formation offensive system of second-year coach Tony Rolfe.

c) The team's new all-black, way cool game pants.

Question #4: A penalty kick is?

a) A free shot awarded after a hand ball.

b) Any field goal attempted by former Patriot Scott Sisson.

c) What a reporter is given by editors after misquoting someone.

Question #5: Peter McNeely is?

a) A Whitman-based boxer who will be fighting for the heavyweight title in the winter.

b) A better version of Tommy Morrison.

c) Cam Neely's Irish cousin.

Question #6: The Boston College-Notre Dame football game on Saturday will be?

a) An exciting game that will go right down to the wire.

b) Where Lou Holtz strangles a referee.

c) The first 50-point loss of the season for the Eagles.

Question #7: The Marshfield High girls soccer team could?

a) Go the rest of the season without losing a game.

b) Field a second varsity team that could win most of its games.

c) Compete for the Atlantic Coast League boys' soccer title.

Question #8: Ken Burns is?

a) One of this nation's greatest historians.

b) The leading candidate to become baseball's next commissioner.

c) A dork.

Question #9: Anabolic steroids are?

a) A false way to increase muscle tone.

b) Easily obtained with the right amount of money.

c) The primary snack food of the American Gladiators.

Question #10: The average high school athlete is?

a) Someone who excels on both the field and in the classroom.

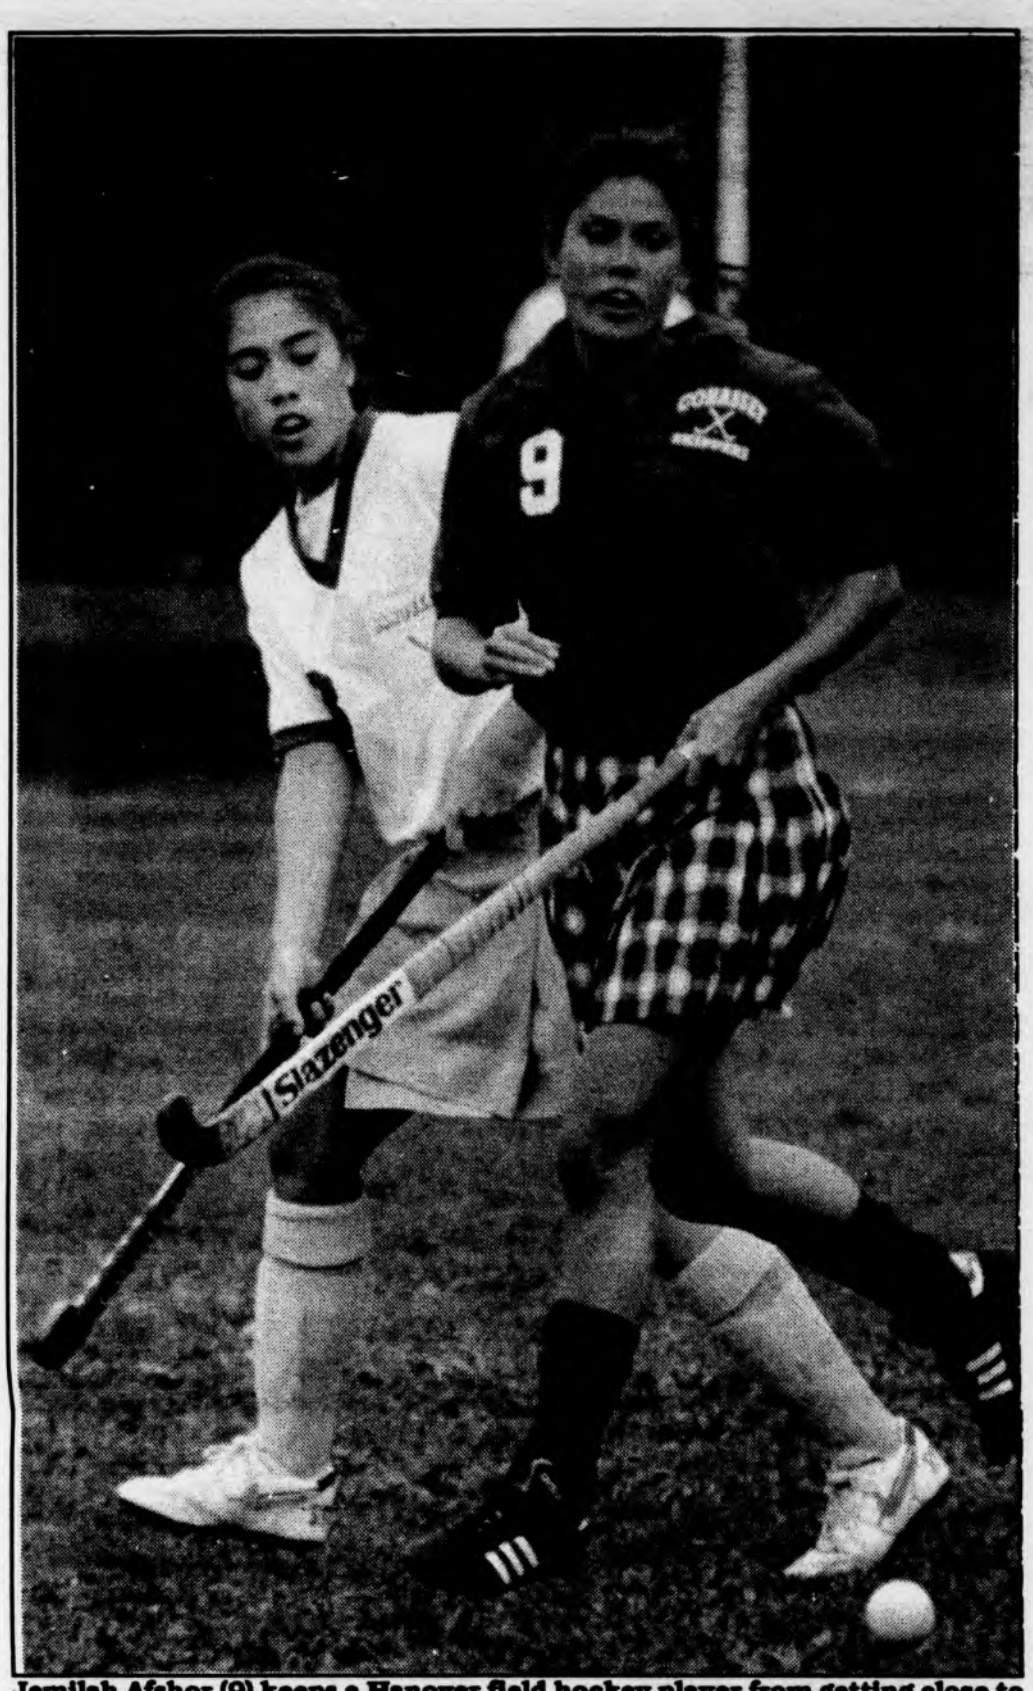
b) Someone dedicated to the pure love of sport.

c) What most sportswriters started out as.

Question #11: The MIAA is?

(See page 22)

Mariner Sports



Jemilah Afahor (9) keeps a Hanover field hockey player from getting close to the ball. (Staff photo/Alan Chapman)

extra points

by Joe & Dave

(Continued from page 21)

a) A group dedicated to war veterans listed as missing in action.

b) The most influential leaders in high school sports.

c) The most influential leaders in high school sports that are missing in action.

Question #12: The quickest way to increase excitement in high school soccer games is?

a) Change the off-side rule.

b) Call defensive holding penalties more frequently.

c) Tie the goalies shoelaces together.

Question #13: Thanksgiving football games are?

a) A way for family and friends to become re-acquainted.

b) A fall tradition that has been around for close to 100 years.

c) Where I first learned what the medical term "frost bite" means.

Question #14: Forrest Gump is?

a) A fictional character played by actor Tom Hanks.

b) A Cajun seafood dish.

c) The sound made when a soccer ball hits the head of an unsuspecting sportswriter along the sidelines.

Question #15: The most exciting team to watch in action is?

a) The New England Patriots.

b) The Silver Lake boys' soccer team.

c) O.J. Simpson's lawyers.

Answers: C for every question.

Scoring guideline:

15 correct- Nice job Mr. Romney. I knew you would be the only one with a perfect score.

10-14 correct- You've been reading too many stories about the Zoning Board of Appeals. Time to get hip.

5-9 correct- I'm sorry but there is more to life than playing Twister.

0-4 correct- Don't worry, the Grateful Dead will soon be out of Boston and you can get back to living on the planet Earth.

—David McKee

*****

Extra Points note: The mother of the soccer goalie mentioned in last week's Extra Points column called to say that her son, despite being kicked in the head, missed only one game and is an honor roll student.

She just wanted the readers to know that soccer goalies are intelligent students in addition to being top athletes.

For the record, I wrote that most soccer goalies are insane. Their intelligence was never questioned.

—D.M.

*****

The cross-country season is in full swing with high school and college-age runners competing on the hills and trails, but road racing is also in the midst of its busiest time of year.

The South Shore is no exception with two popular races coming up.

Runners will gather at Abington High School on October 9, for the 10 a.m. start of the Colonial Classic Half Marathon. Sponsored by the Colonial Road Runners, the United States Association of Track and Field (USATF) sanctioned-event covers 13.1 miles of gently rolling hills thru Abington and Weymouth. There is plenty of water on the course with aid stations every two miles. Proceeds from the event benefit Abington's Green Wave Boosters. For more information on the race contact Al Donaghy at 878-8622.

For runners who prefer shorter distances, another well-run event is scheduled for November 6. The 11th Annual Rafferty's Pub 5-mile Road Race gets underway at 12 noon in the Marshfield Shopping Center.

The out-and-back course starts at Rafferty's Pub follows Webster Street to the intersection of Route 139, where the runners make the turn at the Island and head back to the finish.

Awards will be given out in five age groups for both male and females. Proceeds from the race will help the support the Marshfield High School track and cross-country teams.

—Joe Reardon

Flaherty's goal sets pace for victory

By Bob Motley
Special to the Mariner

After a slow start and a 1-0 loss in their first game to Hull, the Cohasset girls 12-and-under team rebounded with a 2-0 win over Norwell. The first goal of the season was recorded by Catherine Flaherty who made an unassisted shot at 9:30 of the first half from her left-wing position. Cohasset scored again just before halftime with another breakaway goal by Sarah Motley. Sarah Kidder kept Norwell backed up with a great game at the 'Stopper' position. Betsey Anderson had two great saves in goal.

In week three, Cohasset scored a 5-0 win over Scituate 1. Once again, the first score was made by Flaherty at six minutes of the first half, with an assist from Motley. The next three goals were scored by Motley, with one assist from Flaherty just before the half. The second goal was assisted by Andi Shaughnessy, only four minutes into the second half. The third goal was on a "put back" of a goal kick. The final goal for Cohasset was scored by Elizabeth Ingber, who redirected a crossing pass from Zoe Davis. Tara Mangan had two saves in goal for Cohasset. Valerie Dolan played tremendous defense for Scituate, and made great plays as both fullback and in goal.

Fall soccer begins season

It is estimated that in the early 1970s, 100,000 children under 12 played soccer in the U.S. Today, the numbers are nearing seven million. From a little known game, it has become a major sport and Cohasset's strong field of players is no exception. As the high school teams continue to dominate their leagues, Saturday and Sunday fall soccer programs gear up. Registration for the recreation department Saturday league was so large that the start of the program had to be postponed. The 5th-6th- and 7th-8th-Grade Sunday travel teams began their play Sunday, Sept. 18, and the teams look as strong as ever.

Cohasset is fielding two boys' teams in each age group. On the boys' 5th-6th-grade level, fans were treated to an awesome display of Cohasset talent as Cohasset played Cohasset. In an evenly matched battle, Paul Cotter's Team 1 eked out a 2-1 victory over Peter Laney's Team 2. Doug O'Brien headed the way by popping in a noggin-knuckler. Mickey Palone added the deciding goal for Team 1 after Erik Shea had tied the game on a penalty kick. Other offensive stars for Team 1 were Doug O'Brien and Peter Kovach. Their efforts were matched by Team 2's Lane Forrer and Ted Gledhill. Defensive standouts for Team 1 were the always solid Alex Dedes and 5th-grade-wonder Ben Kinch. Ronan Buick and Ben Bixby were instrumental in the Team 2 defense. Goalie Nick Pestone made the save of the game in the final

O'Day-Clark was plenty nervous during the course of the Hull game. The Pirates are regarded as one of the weaker teams in the SSL, but it too Katy Carroll's team-leading sixth tally of the year and Katy Ross putting the ball between the posts for the Skippers to escape with a one-goal win.

So they'll all be lining up once more; Carver on Wednesday (Oct. 5), Norwell, Hanover, Abington, Norton, Scituate and Hull. The teams will be up against a revised Skipper squad. Who knows what to expect.

Clinic offers back pain relief

With falling leaves and drifting snow come raking, shoveling and...back pain. The Quincy Sports and Industrial Clinic is offering a free Back School to help people decrease their risks of back injuries during the coming months. The Back School will be held free of charge Thursday, Oct. 20, at 6:30 p.m. at the Quincy Sports and Industrial Clinic, Crown Colony Industrial Park, Quincy.

A licensed physical therapist will teach proper body mechanics and helpful exercises while providing information about the anatomy of the spine, proper nutrition and good posture. Appropriate participants include those with a history of neck and back injury, individuals seeking preventive information and those at risk for injury due to their physical activities.

Register for the Back School by Monday, Oct. 17, by calling the Quincy Sports and Industrial Clinic at 617-773-6800.

Rec. Dept. step aerobic class...

Registrations are now being taken for a step class which started in September at the Cohasset Town Hall. This is a 60-minute class which includes basic stepping, stretching and toning. (The workout can be adapted for all fitness levels.)

The class is held Tuesday and Thursday nights at 6:30. Special pricing is available for monthly signups or 10-session cards. Drop-ins are welcome. Please call the Cohasset Recreation Department at 383-6791 for more information. Mary Jane Butera is teaching the class. Drop-in, per class rate, is $5 per person.

Fall soccer begins season...

(Continued from page 22)

minutes to preserve the win for Team 1.

Last week, Team 1 faced Hull with a real team effort, playing mostly in the Hull end of the field. An unrelenting Cohasset offense was led by Mickey Palone (two assists on goal), Doug O'Brien and Birthday Boy Marc Verrochi. Palone notched his goal after a nifty assist from playmaker John Colter. Mike Kennedy also provided good forward movement on offense. The Cavanaugh kids held the line on defense with sweeper Raymond protecting brother Nick in goal, and Nick making a point-blank stop to preserve the shut out.

Both 7th-8th-grade boys' teams took on Scituate their first week and won. In the final game, Cohasset teams played each other in a tight match in which Bill Baird's boys edged out David Buick's strong contenders. Buick's team traveled to Hingham to take a win last Sunday. Check out the Deer Hill field Sunday afternoons, and probably every Cohasset field Saturdays to watch Cohasset soccer players from 5 to 15 in action.

Mom needed a helping hand... not a nursing home.

We all knew Mom was slowing down and could use some help, but even her doctor said she didn't need a nursing home. While she knew she could rely on us, Mom insisted she didn't want to be a burden to her children.

That's why we're all so glad she found a beautiful new home at Allerton House. Assisted living is a wonderful alternative: Mom gets the help she needs to stay as independent as possible, and she's already made a number of new friends.

To find out more about assisted living at Allerton House, or to arrange a tour, call Louise at:

You are hereby notified pursuant to Mass. R. Civ. P. Rule 72 that the 5th to 9th account(s) of Horace S. Nichols and Grant H. Gray, Trustees u/article 13th (3) fbo Frank Gleason and others, and 5th to 9th accounts of trust 2 u/article 13th (2) fbo Joanna Gleason and others, the 4th to 8th accounts of trust 3 u/article 14th (3) fbo Frank Gleason & others, the 4th to 8th accounts of the trust 4, u/article 14th (2) fbo Joanna Gleason and others have been presented to said Court for allowance.

If you desire to preserve your right to file an objection to said account(s), you or your attorney must file a written appearance in said Court at Dedham on or before the second day of November, 1994 the return day of this citation. You may upon written request by registered or certified mail to the fiduciary, or to the attorney for the fiduciary, obtain without cost a copy of said account(s). If you desire to object to any item of said account(s), you must, in addition to filing a written appearance as aforesaid, file within thirty days after said return day or within such other time as the Court upon motion may order a written statement of each such item together with the grounds for each objection thereto, a copy to be served upon the fiduciary pursuant to Mass. R. Civ. P. Rule 5.

WITNESS, ROBERT M. FORD, Esquire, First Justice of said Court at Dedham this twenty-eighth day of September, 1994.

GUARDIAN AD LITEM REQUIRED

Thomas Patrick Hughes

COMMONWEALTH OF MASSACHUSETTS
THE TRIAL COURT
PROBATE AND FAMILY COURT DEPARTMENT
NORFOLK DIVISION
DOCKET NO. 87P0841GI2
NOTICE OF FIDUCIARY'S ACCOUNT

To The Attorney General's Office of said Commonwealth and To all persons interested in the estate of John J. Fleming late of Cohasset, Norfolk County.

You are hereby notified pursuant to Mass. R. Civ. P. Rule 72 that the First and Final account of Joseph I. Quinn as Guardian (the fiduciary) of the property of said John J. Fleming has been presented to said Court for allowance.

If you desire to preserve your right to file an objection to said account, you or your attorney must file a written appearance in said Court at Dedham on or before the 26th day of October, 1994 the return day of this citation. You may upon written request by registered or certified mail to the fiduciary, or to the attorney for the fiduciary, obtain without cost a copy of said account. If you desire to object to any item of said account, you must, in addition to filing a written appearance as aforesaid, file within thirty days after said return day or within such other time as the Court upon motion may order a written statement of each such item together with the grounds for each objection thereto, a copy to be served upon the fiduciary pursuant to Mass. R. Civ. P. Rule 5.

WITNESS, Robert M. Ford, Esquire, First Justice of said Court at Dedham this 22nd day of September, 1994.

Thomas Patrick Hughes
Register of Probate
10/6/94

COMMONWEALTH OF MASSACHUSETTS
THE TRIAL COURT
THE PROBATE AND FAMILY COURT
NORFOLK DIVISION
DOCKET NO. 94P2201E1

Estate of ANNE WITZKE
AKA: ANNE R. WITZKE
late of COHASSET In the County of NORFOLK
NOTICE

A petition has been presented in the above-captioned matter praying that the last will of said decedent be proved and allowed and that BARBARA COOK of COHASSET in the County of NORFOLK be appointed administratrix with the will annexed with surety on the bond.

If you desire to object to the allowance of said petition, you or your attorney should file a written appearance in said Court at Dedham on or before 10:00 in the forenoon on October 26, 1994.

In addition you should file a written statement of objections to the petition, giving the specific grounds therefore, within thirty (30) days after the return day (or such other time as the Court, on motion with notice to the petitioner, may allow) in accordance with Probate Rule 16A.

Witness, Robert M. Ford, Esquire, First Justice of said Court at Dedham, this twelfth day of September, one thousand nine hundred and ninety-four.

Stolen car used in sunglasses heist, police say

Police said a large quantity of sunglasses were stolen in a burglary at Target Industries, 1 Pleasant Street, over the weekend.

The break-in was reported by an employee at 7:35 a.m., Sunday, Oct. 2, Sgt. Robert W. Jackson said.

He said the burglars stole a 1994 Ford Bronco from Cohasset Imports, 508 Chief Justice Cushing Hwy., to transport the stolen merchandise from the scene.

The car, which was reported stolen at 8:47 a.m., Oct. 2 was discovered later that day at 9 p.m. in Lawrence, Mass. The vehicle had been stripped, Jackson said.

Det. Richard Grassie is investigating. Finger prints were taken at the scene by the Plymouth County Bureau of Criminal Investigation (BCI), Jackson said.

He said the burglars disabled an alarm and forced a door open to gain access to the building.

Police have no suspects.

Roger Porter, executive vice president at Target Industries, would not comment on the burglar

Rabies clinic scheduled for October 22

The Cohasset Board of Health will sponsor a Rabies clinic from 9 a.m. to noon, Saturday, Oct. 22 in the town hall auditorium.

Cats will be vaccinated from 9 to 10:30 a.m. and dogs from 10:30 a.m. to noon.

Dogs must be leashed and cats must be caged, the health board said.

State regulations require that all cats as well as dogs be immunized for rabies. With the current rabies epidemic, immunizations are an important step in protecting animals and humans, the health board said. Other pet immunizations are also available. The costs are Rabies $8, Distemper $10, Feline Leukemia $10, and Lyme disease $12. South River Veterinary Services will provide assistance with the vaccination program. Checks should be made payable to SRVS. Cash will also be accepted.

Turf battle over boat house goes on

By Sean P. Sweeney
Mariner correspondent

The fate of the historic boat house located on property owned by the town and previously owned by the Hagerty family remains unclear despite interest from various groups in town.

At the request of selectmen, representatives from the Historical Commission, the Hagerty Committee and the Government Island Study Committee met Thursday, Oct. 6, in order to come up with some recommendation regarding the best use of the structure.

After hours of discussions, the best that the assembled group could do was

Sewer plans fielded at open forum

By Sean P. Sweeney
Mariner correspondent

A public meeting was held Tuesday, Oct. 11, in order to discuss the provisions of an amended Agreement For Judgment between Cohasset and the state regarding the expansion, upgrading and modernization of the town's wastewater system. In response to a long-standing sewerage problem and as a result of discharge violations, the town entered into an Agreement For Judgment with the Commonwealth of Massachusetts in 1988. The original Agreement For Judgment provided that the town would resolve its problem by pumping its wastewater to the then-

Town liquor stores get street lists

By Mary Ford
Mariner staff

The police department has distributed residents lists to every liquor license holder in Cohasset.

The street lists include all residents who are 17 years of age and older.

Selectmen asked that police distribute the residents' lists so that license holders can check a customer's age if necessary.

"Hopefully, this book will assist them in identifying underage persons attempting to buy alcohol," Police Chief Brian Noonan said.

No but(t)s about town's smoke-free effort

By Alice C. Coyle
Mariner Staff

Along with several other communities that make up the South Shore Boards of Health Collaborative, Cohasset's health board is moving toward establishing a smoke-free work place policy for all municipal buildings in town.

The Collaborative, which is based in Hanover and managed by the town of Hingham was established last March and has been working with individual South Shore towns to implement new smoking regulations. The Collaborative is funded by the state which has raised more than $92 million through the implementation of a 25-cent sin tax on cigarettes.

The Collaborative's goal for the South Shore, like the goal of the state-wide tobacco control program is to reduce smoking and tobacco use by 50 percent by 1999.

In Cohasset, that will not be a Herculean feat.

According to Health Agent Dr. Joseph Godzik, there are very few smokers among the town employees and very little interest on the issue from the public and the town building department heads.

Still, Godzik said the town will work

Cohasset's week

Brush chipping slated

Cohasset chipping weekends: the Board of Health has arranged with tree and park department for Cohasset residents to dispose of tree limbs, branches and brush on the following days only at the Cedar Street Recycling Transfer Station.

Saturday and Sunday, Oct. 15 and 16; Saturday, Sunday and Monday, Oct. 22, 23 and 24. Hours 7:30 a.m. to 3:30 p.m.

A current 1994 Cohasset RTF permit is required to enter the facility. No commercial contractors or landscapers allowed. Vehicles will be stopped by a recycling monitor and directed to disposal location. Branches limited to four inches in diameter — no length restrictions. Hedge clippings, small twigs, etc. can be disposed in compost pile. No plastic bags are to be left in pile.

Check smoke detectors

Cohasset Fire Chief Roger W. Lincoln reminds all residents to check their smoke detectors next week.

He offers this friendly reminder in time for Fire Prevention Week, Oct. 9-15, which is a national program taking place on the anniversary of the great Chicago fire, Lincoln said.

Ambulance billing update

The fire department billed $8,565.93 for 26 ambulance calls in September, Jane Henderson, billing clerk, said.

In FY'95, which started July 1, the town has billed $27,339.17 and received $25,659.37 for a collection rate of 94 percent, Henderson said.

Troika makes appointments

The troika, consisting of the town moderator, selectmen chairman and advisory board chairman, have appointed G. Robert Jackson, 9 Woodland, to the Capital Budget Committee; and Anne Swanborg, 48 Nichols Rd., William Lean, 321 S. Main St., and Diana Kornet, 29 Nichols Rd., to the Survey Structure and Function of Town Government Committee, Town Moderator George Marlette announced.

Monthly police report

During September, the police department made 11 arrests, four of which were for outstanding warrants, one of operating under the influence of liquor, one for shellfish violations, and five for protective custody, Police Chief Brian W. Noonan said.

Officer gets training

Det. Frederick H. "Rick" Grassie attended "Train the Trainer" seminar entitled "The Elderly Protection Project," last month. This course will enable Grassie to pass on very important information regarding the Elder Abuse Reporting Law, Police Chief Brian W. Noonan said.

The training class, given by state Attorney General Scott Harshbarger's office, covered the following areas of concern regarding elders: Alzheimer's disease, fear, vulnerability, victimization and police response, community outreach, communication and compassion.

"The course encompassed the entire Elder Abuse Reporting Law and the types of protective services that are available to the police officer today," Grassie said.

Rabies clinic is Oct. 22

The Cohasset Board of Health will sponsor a Rabies clinic from 9 a.m. to noon, Saturday, Oct. 22 in the town hall auditorium.

Cats will be vaccinated from 9 to 10:30 a.m. and dogs from 10:30 a.m. to noon.

Dogs must be leashed and cats must be caged, the health board said.

State regulations require that all cats as well as dogs be immunized for rabies. With the current rabies epidemic, immunizations are an important step in protecting animals and humans, the health board said. Other pet immunizations are also available. The costs are Rabies $8, Distemper $10, Feline Leukemia $10, and Lyme disease $12. South River Veterinary Services will provide assistance with the vaccination program. Checks should be made payable to SRVS. Cash will also be accepted.

Recent building permits

The following is a list of building permits recently issued by the building inspectors office:

Roy, 8 Jerusalem Road, $10,500, replace windows in main house; Good, 269 Atlantic Avenue, $1,750, replace existing deck; 1110 CJCH Realty Trust, 110 CJCH, $1,900, 7' stockade fence; Joseph Gwinn, 14 Elm Court, $22,000, construct garage 24 x 24; Vedante Center, 130 Beechwood Street, $2,500, re-roof 14 squares; G. Stevenson, 13 North Main St., $3,400, re-roof 8 squares; Deane, 672 Jerusalem Road, $6,000, re-roof 18 squares; Wakeman, 257 Atlantic Ave., $11,500, walk in bay window, remodel bath and kitchenette; Pastimes (Davenport), 132 R CJCH, $525, $25 sq. ft. sign; Tenant, 150 King St., $3,000, awning; Lagrotteria, 140 Howe Rd., $1,000, reside shed.

Andrews, 2 Black Horse Lane, $2,500, replace deck; Studley, 117 Hull Street, $3,000 sidewall; Cohasset Knoll, 1 CJCH, $5,000, enlarge doorway, relocate 3 partitions; Gary Garber, Fairoaks Lane, $70,000, extend kitchen and family room, remodel second.

Sign up for Safe Homes program

The Cohasset Drug and Alcohol Committee has mailed "Safe Homes" contracts to parents of children in grades 6 through 12.

Safe Homes is a nationally recognized program which encourages parents to use networking as a technique in curbing underage drinking. Parents who sign the Safe Homes pledge agree that they will neither provide nor condone illegal use of drugs or alcohol in their homes, and that they will not allow unsupervised parties in the homes. Unsupervised parties are the source of many problems associated with teenagers and illegal activities. This program encourages parents to talk with each other about their teenagers' social activities.

Although the Safe Homes program is entering its fifth year in Cohasset, the committee realizes that the most effective way of implementing the program is by increasing participation among the younger families. Ted Carroll, chairman of the Drug and Alcohol Committee, reminds parents that when their children are in first or second grade, parents always confirm arrangements regarding children's activities. Safe Homes is a logical extension of that parental concern, Carroll says. Teenagers often put themselves into situations which can easily get out of control. Safe Homes attempts to alleviate some of these situations by increasing parental awareness.

An important reminder in the Safe Homes contract states that it is a crime in Massachusetts to serve to anyone under 21 (other than your own child). If there is a party in your home, even if you are unaware of it, you are responsible for injuries and damages. This is something that the committee thinks parents should remember when reading the Safe Homes information. Becoming a Safe Homes family simply reinforces common sense thinking and assures teenagers that parents are simply following the law.

The committee would like to see 100 percent participation among the families of the sixth and seventh graders this year. "If the children grow up with this understanding, there will be less opposition when they are in 11th or 12th grades," according to Carroll.

Contracts should be returned as soon as possible. The committee will be publishing a directory containing names and phone numbers of families participating. This year the committee will be updating that directory, so only those families who sign up and return the contract will be included in the 1994-95 directory. Although there is no cost involved in joining Safe Homes, donations are encouraged to help make the program self-supporting.

Zoning bylaws ready

The Cohasset zoning bylaws have been revised and reprinted. They are for sale in the Building Inspector's Office and the Planning Board Office for $10.

Tour of town's Common highlights uncommon past

By Tom De Santes
Mariner correspondent

Like a historic museum preserving the elements of history, Cohasset is a permanent reminder of the hundreds of years that have brought us into the present. As a museum's hallways display antique artifacts and stories of generations past, the streets and byways of Cohasset echo the times and lives of our ancestors. Along these roads today, antique homes, structures, and lands stand as stoic memorials to an era in Cohasset's history, a vital era when Cohasset was being born.

Sunday, Oct. 9, David Wadsworth of the Cohasset Historical Society brought a group of Cohasset residents back in time on a walking tour of some of Cohasset's historical places. Focusing on the area known as the Cohasset Common and the adjacent Cohasset Village, Wadsworth explained the birth of Cohasset in the colonial era.

Once a portion of Hingham, the land known as Cohasset was used by Hingham farmers to harvest salt hay and to pasture their domestic animals. By 1700, this eastern portion of Hingham had become a thriving fishing and agricultural community, although located several miles from the matters of government, religion and education in the parent town of Hingham.

By 1714, the often difficult and cumbersome trip to Hingham provoked the residents of east Hingham to request permission to govern themselves. That year a meeting house was built on the undivided common of land near many of the homes that were being built to accommodate the rising population. Several years after the construction of the meeting house, Cohasset became the Second Precinct and Second Parish of Hingham.

As the population continued to grow, a new meeting house and parish hall was built in 1747 on the same common land, referred to as the Plain.

Wadsworth explained the importance of the Meeting House: "In the colonial era, government and religion were not as separate as today. The building suited both needs for all the residents of the town."

In 1770, Cohasset became its own town, separate from Hingham, allowing it to grow and prosper on its own.

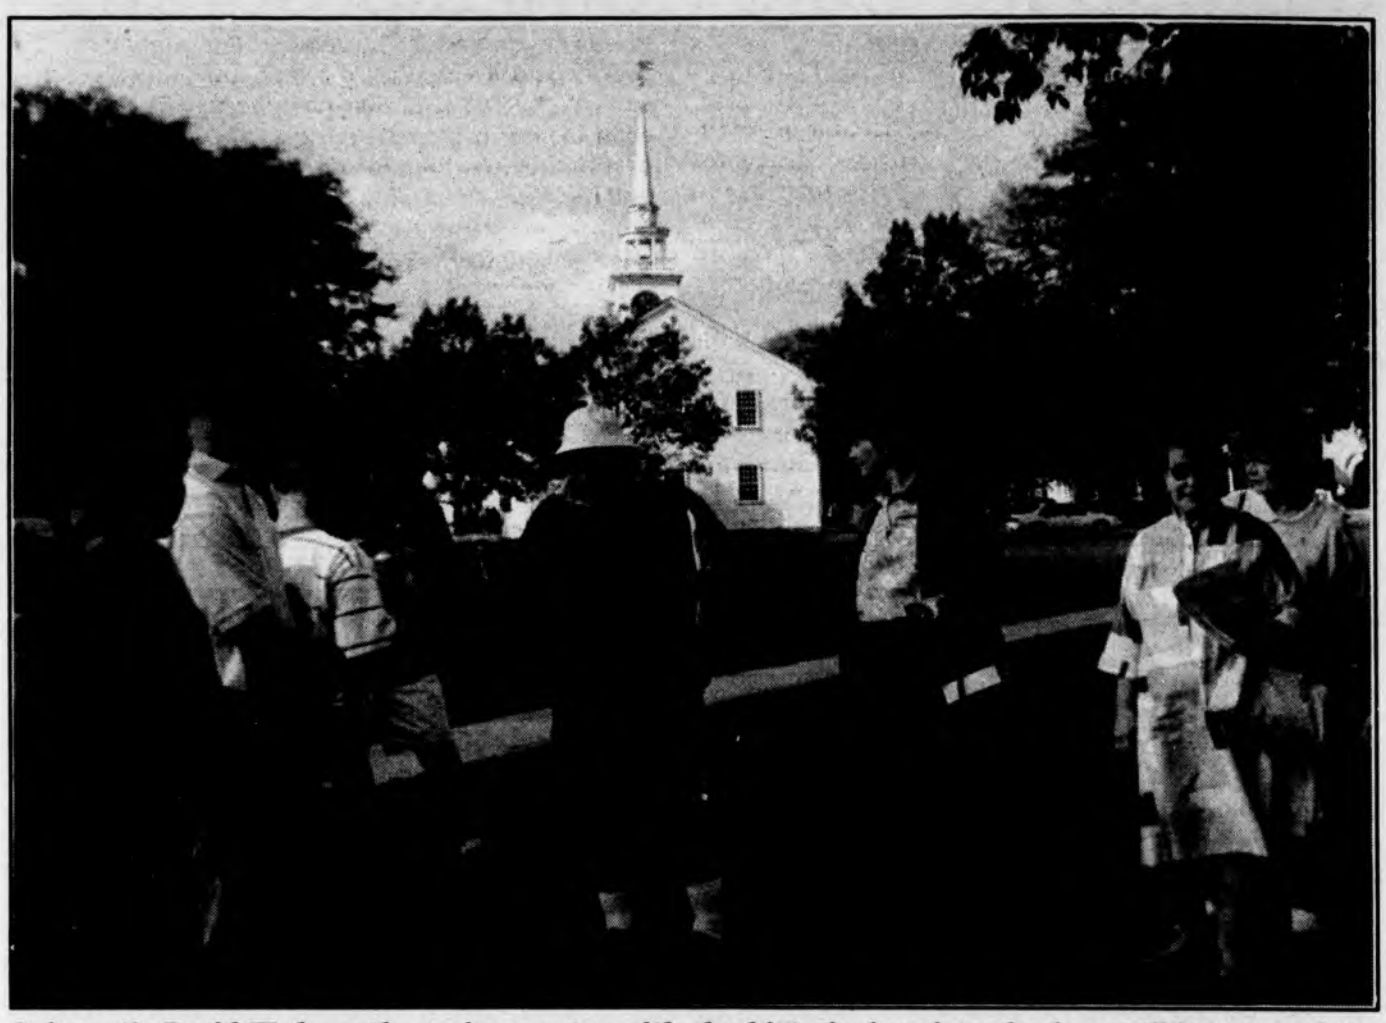
Wadsworth explained that the buildings that still stand around the town common today were built during this time of growth and prosperity. Sea captains and farmers were building their residences around the common in various architectural styles. After the Colonial Era, the Georgian style homes were replaced with Federal homes which would soon give way to Greek Revival homes. All architectural styles can still be seen around the common today along with later Victorian Second Empire and Italianate homes as well as a Gothic church.

The common itself has been well-preserved through these many changing styles, yet it lies differently than when it was first divided. The natural glacial depression on the south side of the common, called the Duck Pond or the Meeting House pond, has changed very little except for of the landscaping and the cement walk enclosing it.

In the early 20th century, a project to update and preserve the common began, with new crosswalks, paths and curbs installed around the circumference to protect it from new automobiles that were becoming more popular and driving over the edge of the green.

In a final effort to preserve the natural state of the common, the Cohasset Improvement Society bought the land on the south side of the common upon which stood a sea captain's home and a commercial block of property. They cleared the land and expanded the common to where it once laid many years earlier.

(See page 12)



Cohasset's David Wadsworth, senior curator with the historical society, leads a walking tour of the Common, Sunday.

Questions answered at sewer summit

(Continued from page 1)

underutilized Hull Wastewater Treatment Plant.

When state funding for the hookup to Hull dried up in June of 1988, the cost to the town became dramatically higher and the project stalled. As a result, according to Sewer Commissioner Ted Guild, the town began to seek other less costly alternatives. In June of 1994, the Attorney General's office approached the town seeking an amended Agreement For Judgment to take the place of the 1988 Agreement.

The amended Agreement provides the town with the possibility of three options to study in the hope of addressing the need to expand, upgrade and modernize the wastewater system. The first option is the Hull hookup contemplated earlier. According to Guild and engineering representatives of the town, this would be the most costly alternative. The second option would be to expand the town's wastewater treatment plant with state-of-the-art equipment and discharge into the James Brook. The third option calls for the same expansion of the present wastewater treatment plant but includes discharge into Cohasset Harbor.

Town residents will be asked to vote on a number of issues relating to this amended Agreement at the Oct. 24 special town meeting. Specifically, the town will be asked to approve an Amended Final Judgment in order to remove the obligations placed upon the town in the original Agreement For Judgment and provide for the new alternatives. Town residents will also be asked to appropriate funds to study the two Cohasset alternatives for modernizing the wastewater system.

According to materials prepared by Tutela Engineering Associates, the town's engineers, the total cost of the Hull hookup would be approximately $5,114,200. The cost of the James Brook plan would be approximately $2,455,600. The cost of the Cohasset Harbor plan would be approximately $3,202,400. The expected costs associated with the Cohasset Harbor alternative are based upon certain conservative assumptions regarding the location of the discharge pipe and the amount of piping necessary for the project.

According to Guild, both Selectmen and the Sewer Commission fully endorse the Cohasset alternatives due to their cost savings to the town and its residents.

"If we pursue the Cohasset alternatives, we control our own destiny in the future," stated Guild. The proposed Amended Agreement For Judgment also provides for a schedule of events and a penalty structure in the event of non-compliance. The plan also calls for certain structured methods of dispute resolution in the event of a disagreement between the town and the state. According to town counsel, the relationship between the town and the Attorney General's office is very good right now and that this solution is a good one which puts an end to a very old problem.

In response to questions from many of the approximately 75 people in attendance at the meeting, Guild explained that the engineers will conduct a town-wide analysis to identify areas of special need regarding existing sewerage problems. Residents of one such area, Jerusalem Rd., have formed the Straits Pond Cooperative which will privately fund the construction of a sewer system in the area for connection with the Hull pipeline. According to one representative of the group, the cooperative would like to work in conjunction with the town's engineers in this regard.

The commission also heard from various residents of Elm St. who expressed concerns about odors in the James Brook area and the quality of the discharge into the brook. According to Guild, anyone concerned about odor should bring that concern to the chief operating officer of the treatment plant. In addition, Guild stated that the existing treatment plant actually improves the quality of the water in James Brook downstream from the plant.

Guild also pointed out that the projected costs for the various alternatives do not include the construction of street sewerage. These costs are simply calculated to address existing discharge problems.

The state will evaluate various options and consider the town's ultimate recommendation before any of the alternatives is permanently accepted. Acceptance will be based upon certain stringent environmental regulations. According to Guild, it is expected that the alternatives will have been studied and a preliminary draft recommendation made by May of 1995. A final evaluation due date is scheduled for May 1, 1996.

COHASSET — A delightful gambrel located in cul-de-sac setting. Farmer's porch, eat in kitchen, fireplaced living room. Large deck, private yard. Garage. A great neighborhood for children. **$229,500.**

Dawn Rota

Name: Dawn Rota

Occupation: Operates family mediation business with her husband and is co-producer of the Cohasset Dramatic Club's upcoming production of "Little Women."

Best day of your life: When I married my husband, Joe. It was a perfect day.

Goal: To raise our children the best we can.

Most embarrassing moment: Having to introduce someone when I can't remember the person's name.

Biggest worry: The world my kids will have to deal with.

Best vacation: Disney World, May 1994, it was spectacular!

Favorite season: I'm a summer person, I love July — with *all* the heat and humidity.

Favorite holiday: Christmas.

Favorite TV show: *Matlock.*

Favorite book: Any good mystery.

Favorite movie: *The Color Purple.*

Favorite junk-food: Popcorn.

Pet peeve: Drivers who are too aggressive. I'd have people get mad at me when I try to back out of my driveway.

Person you'd most like to meet: Jackie Onassis.

Turf battle over boat house goes on

(Continued from page 1)

to agree to disagree. At present, the options for the building appear to include moving it to Government Island, leaving it at its present location, or tearing it down. One thing that the various participants at Thursday's meeting agreed on was that it would be a rather unfortunate result to see the boat house torn down because a viable solution to competing interests couldn't be achieved.

According to representatives of the Historical Commission, the move to Government Island would allow the boat house to be included on the National Register of Historic Places along with the rest of Government Island. However, the Historical Commission appears to be uninterested in the structure if it is not moved to Government Island.

"That is rather unfortunate. It flies right in the face of what a historical commission is all about," said Russel Bonetti, a member of both the Hagerty Committee and the Government Island Study Committee, in response to the fact that the Historical Commission's only interest in the structure involves its move to Government Island.

As it presently stands, the boat house is standing on stilts and is in need of some structural repairs in order to prevent any further deterioration in its condition. Present estimates to shore up the building with pilings, including the second floor, are somewhere in the area of $6,500. In addition, to finish the interior of the building, including lighting and electricity, would be approximately $4,000 and $5,000. If the building is moved to Government Island, it will cost about $6,500, exclusive of restoration work.

According to the Hagerty Committee members in attendance at the meeting, it had always been their hope that some group in town would come forward to champion the cause and help in the work and in fundraising. One group that has expressed an interest is the Cohasset Maritime Institute. This program is headed up by town educator Jack Buckley. The group's emphasis is on fostering the town's long maritime heritage through exposing students and adults to various aspects of the maritime life and traditions.

Buckley's group has expressed an interest in using the boat house ever since it became known that site was available to a local group. According to Buckley, his group remains interested in the boat house, but it appeared that a move to Government Island was not necessarily in the best interests of his group.

Buckley was asked whether the proposed sites on Government Island were as attractive to his group as the present site of the boat house. Understandably, Buckley was hesitant to rule any site out but he did express a reluctance to take responsibility for the arduous permitting process that would undoubtedly accompany a move of the structure from Its present site to Government Island.

He did say that if the boat house is to be moved, he did feel that the group's interested in using the structure should be consulted before it is finally re-situated.

If the site is left at its present location, the plans for the Hagerty site will encompass it and incorporate it within new site plans.

Regardless of whether the boat house is moved, some fundraising sources remain available to supplement what money the town decides to devote to the structure. If the building is moved to Government Island, its inclusion on the National Register will help in efforts to secure funds for its maintenance from various sources. If it remains at its present location, or if moved, use by the Cohasset Maritime Institute may make it eligible for educational grants of one type or another.

Some members in attendance at Thursday's meeting urged Buckley, and others from his Cohasset Maritime Institute, and representatives of the Historical Commission to get together and work out some compromise and arrangements so that the three groups involved could express some consensus to the selectmen. At that suggestion, it was agreed that no recommendation could presently be given to the selectmen and that more discussion between Buckley's group and the Historical Commission was warranted. The issue will continue to be discussed until some resolution can be reached or until the selectmen decide on their own what the best use of the building would be.

No but(t)s about smoke-free effort

(Continued from page 1)

toward implementing a smoke-free work place policy for municipal buildings by Jan.1, 1995.

Godzik said smoking surveys went out to all town employees last summer and estimates of the approximately 150 town workers only about a dozen or so smoke.

There has been no smoking in schools or on school grounds for many years and Godzik said that none of Cohasset's school teachers smoke.

On June 1, Cohasset Town Hall became smoke-free when selectmen used their authority as building managers to put the policy into effect.

All Cohasset restaurants are 75 percent or 100 percent smoke-free and Godzik said their has been no opposition to this policy.

As part of the collaborative, three different cessation programs are being offered to smokers interested in quitting and the Collaborative is picking up the tab for the initial treatment. Godzik said five town employees signed up for the hypno-therapy cessation program being offered in Hingham starting next week.

Godzik said that Oct. 24 is slated for a meeting of the town's smoking task force, which due to a lack of interest on the issue, "hasn't gotten off the ground."

The task force will discuss what smoking regulations the town will implement and then hold a public hearing. Godzik said he doesn't anticipate any problems in making municipal buildings smoke free in the new year.

Dependable Cleaners
"Number One In Garment Care"

around town

by Sallyann Chatterton

Happy belated birthday greetings go to two fine gents this week! "Lokie" and Cliff Jones. Sept. 29 was the big day for both of them, we certainly hope that it was great for both of you. And, here's to many more!

Clark Chatterton, athletic director, is looking for equipment for the weight room at CHS. Everything from weights to benches, etc. would be greatly appreciated, especially by all of the athletes around town. You can reach Clark at 383-6103.

Saw George McCullough last week, he looks fantastic! Course he was full of applause for Boston College, he had just returned from their big win over Notre Dame. We all know what an avid fan George is.

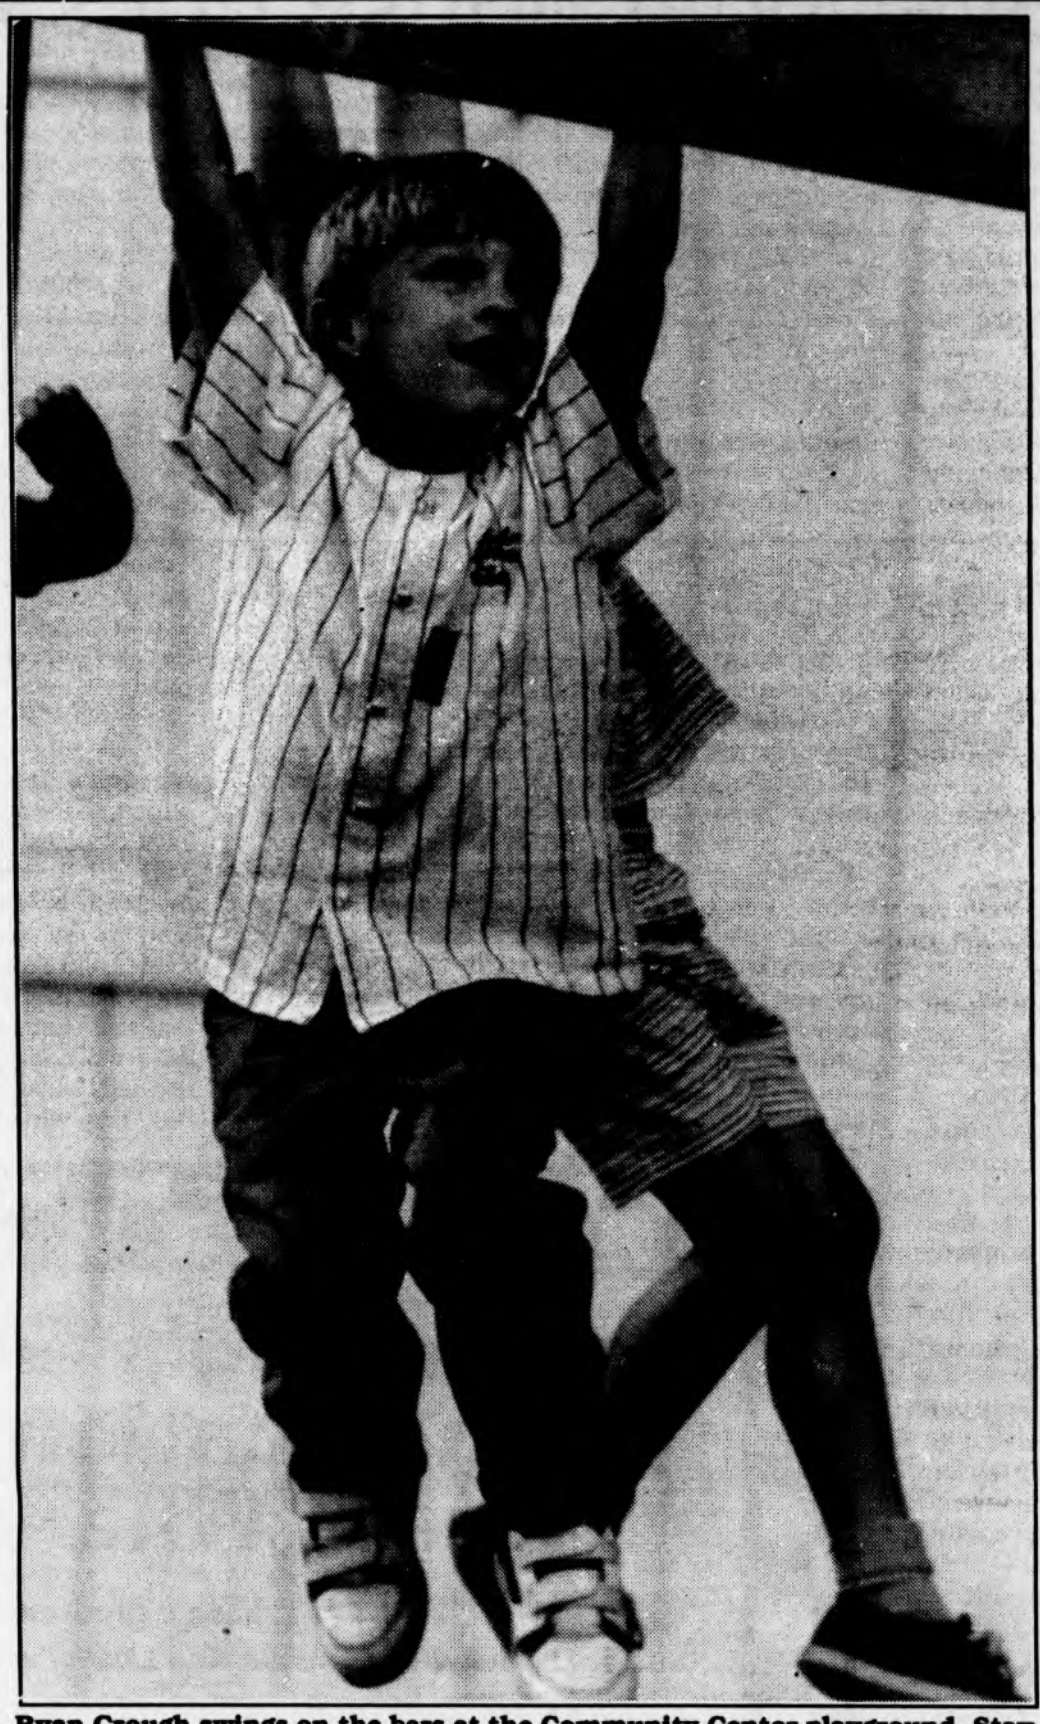
We hear that it was quite a party. The retirement party held for Ken Ekberg that it. As most of you know, Ken retired as principal of the Deer Hill School, so the teachers got together to throw him a wing-ding at the Chart House. Joe Becker was the "roast master", that must have been fun. Happy retirement, Ken!

Good going Mike! That's Mike Infusino, folks. He "humbled the Humble One," which is good, and when you consider that he is elementary school, that's awesome! Be sure to watch for him "around town," and congratulate him for his grand win!

If you haven't done so yet, he sure to take Fire Chief Roger Lincoln's advice and check your smoke detectors. This is Fire Prevention Week, what better time to do so.

Have you heard about the latest contest to hit our town? You have to go to Atlantic Bagel & Coffee Company and guess how many beans there are in the bottle. The lucky winner will be announced Saturday, Oct. 15, at noon (at the Hingham store) and will be enjoying yummy bagels for a year (one dozen bagels every week). Certainly worth a trip to 166 King St. (Route 3A, next to Hancock Paint). Good luck everyone!

The Community Center has the Halloween spirit this year, for adults! The Saturday before Halloween (Oct. 29) they are holding a Masquerade Ball, here's your chance to transform into anything (or anyone) that you have always wanted to be! And maybe earn a prize for your efforts! Be creative, and be sure to get your tickets! They are $25 a couple in advance, $30 at the door. Call Susan Carr (383-0331) or the Center. And if you would like to make a food donation, call Mary Sullivan at 383-6666.



Ryan Crough swings on the bars at the Community Center playground. Stay tuned to the Cohasset Mariner every week for lots of photos and news about what's happening around town. To schedule a photographer for your event or program, please call community editor Mary Ford at 749-0031.

(Staff photo/Alan Chapman)

Congratulations to Mr. and Mrs. Brian St. John, who were married last weekend. Here's to a long and happy life together!

Bruce Edmonds had a great big birthday bash a few weeks ago. There was a tent in the back yard, all of his family was there, there were lobsters galore and tons of fun and memory sharing. A great big birthday greeting to you from all of us, Bruce, glad to report that your big day was such a wonderful one.

Don't forget that the Consignment Shop is open Thursday evenings for all of you busy ladies (and gentlemen, of course). You can shop and/or consign; do go up, you'll be amazed at what you can find there! Such bargains! Hats off to Andy Merrill and all of her very capable crew for doing such great work for the Social Service League. They all work hard to help a lot of people.

Did you see the picture in last week's Mariner of gold medalist Dawn Meehan with Bobby Orr? What a thrill it must have been to meet him! Much less be so superior at the skill of diving! Most likely someday we will be seeing Dawn as the celebrity posing with another young hopeful, and we can say we remember her when!

Don't forget that the Cohasset Chamber of Commerce is getting ready for its seventh Annual Auction Saturday, Nov. 12, and they need your contributions to help make it a success! Merchandise, gift certificates and cash can be donated by calling their hotline at 383-1010, and they will be glad to pick up any donation you have. The Chamber does a lot for our town, now it's time to pay them back by doing for them!

After the long weekend, you must have news for us to share! Did you go "leaf-peeping?" Did your college freshman come home for the first time since departure? Whatever it is, call me!

Sallyann .383-0560

Joseph Dickson

Joseph T. Dickson, 90, of Cohasset, died October 5 at home.

Mr. Dickson worked as a portrait photographer for Bachrach Inc. of Boston for 28 years and owned a photography studio in Plymouth until his retirement in 1972.

Mr. Dickson lived in Plymouth and Kingston before his recent move to Cohasset.

He was a past president of the Old Colony Club in Plymouth.

He is survived by his wife, Jeanette S. (Steigmaier) Dickson; a son, Thomas N. Dickson of Cohasset; a daughter, Judith Weaver Fortin of Cohasset; a brother, John H. Dickson of Waltham; and five grandchildren.

A memorial service was held at Shepherd Funeral Home in Kingston. Burial was private.

Donations may be made to the South Shore Visiting Nurses Association or the Hospice of the South Shore, 100 Bay State Drive, Braintree 02185.

Benjamin Chamberlain

Benjamin Peter Chamberlain of Cohasset, three-month-old son of Thomas P. and Jennifer (Kerner) Chamberlain of Cohasset, died Sept. 9 in New England Medical Center, Boston, after being ill since his birth in South Shore Hospital, South Weymouth.

While Benjamin received cardiac treatment for six weeks in New York University Medical Center, his parents were the guests of the Ronald McDonald House.

Benjamin also leaves a brother, Thomas John Chamberlain; his grandparents, Thomas P. and Lesley Chamberlain of Cohasset, Peter and Elizabeth Kerner of Cohasset, and Earle and Priscilla Williams of Woodstock, Vt.

A memorial service was held Sept. 16 in St. Anthony Church. Burial was private.

Arrangements were by the McNamara-Sparrel Funeral home, Cohasset-Norwell.

Donations may be made to Ronald McDonald House, 405 East 73rd St., New York 10021; New York University Medical Center, 560 First Avenue, New York 10016, or New England Medical Center, 750 Washington St., Boston 02111.

Support group

The Hingham Visiting Nurse a bereavement support group from 7 to 8:30 p.m. Thursdays at the Hingham Visiting Nurse office, 10 Downer Ave., Hingham.

The group is open to all those who have suffered the death of a family member or friend within the past year. Grace Lettis, LICSW, staff social worker and coordinator of bereavement services will facilitate the meetings.

There is no charge for the series but pre-registration is required as space is limited. For information and registration call 749-1160.

SHARE pick ups

SHARE is a non-profit organization dedicated to community service and self-help, offering good food at great savings for those who participate.

The next pick-up day for SHARE is Oct. 22 at the Deer Hill School.

Please call John Kierce at 383-0578; the COA at 383-9112; or the Social Service League at 383-0771 for information.

SHARE participants pay $13 for the food and pledge two hours of volunteer service once a month. In return you receive 15-17 food items, good wholesome nutritious food purchased from growers and processors, with a retail value of $25-$35. SHARE has no eligibility or income requirements and is not connected in any way to any government program. Those who would like to donate SHARE packages to needy families are always welcome, please call John Kierce for details.

Retirement options

From 1 to 3:30 p.m., Wednesday, Nov. 9, the Council on Aging will sponsor a program on options for retirement living.

Representatives from Orchard Cove in Canton; The Village at Duxbury; Lincoln School Apartments, Hingham; Evanswood Center, Kingston; The River Bay Club, Quincy; and Fox Hill Village, Westwood will conduct a forum about the types of retirement living available.

Criteria for admittance; services offered; needs that would be met; costs and what the total cost includes; and advantages of this type of living will be covered. Seating is limited to 50. Call the Council on Aging at 383-9112 to sign up.

Mom needed a helping hand... not a nursing home.

We all knew Mom was slowing down and could use some help, but even her doctor said she didn't need a nursing home. While she knew she could rely on us, Mom insisted she didn't want to be a burden to her children.

That's why we're all so glad she found a beautiful new home at Allerton House. Assisted living is a wonderful alternative: Mom gets the help she needs to stay as independent as possible, and she's already made a number of new friends.

To find out more about assisted living at Allerton House, or to arrange a tour, call Louise at:

Test Your Detector for Life

As the legend goes, Mrs. Catherine O'Leary's cow kicked over a lamp setting the barn on fire igniting one of the worst conflagrations in American history.

The Great Chicago Fire which started on Oct. 9, 1871 killed 300 people, destroyed 17,000 structures and left 100,000 people homeless. The fire burned 2,000 acres in just 27 hours.

Chicago was quickly rebuilt and residents soon began celebrating their successful restoration by memorializing the anniversary of the fire with festivities.

The first National Fire Prevention Day was celebrated 40 years later on Oct. 9, 1911 to observe the fire's anniversary. The Fire Marshall's Association of North America had decided the day be observed in a way that would keep the public informed about the importance of fire prevention.

In 1920, President Woodrow Wilson issued the first Fire Prevention Day proclamation. And now for more than 70 years, the non-profit National Fire Prevention Association has honored the anniversary of the great Chicago fire by using the event to increase awareness of the dangers of a fire.

This year's theme is 'Test Your Detector for Life.'

When President Calvin Coolidge proclaimed the first National Fire Prevention Week in 1925, he noted that in the previous year some 15,000 lives were lost to fire in the United States.

His proclamation pronouncing Fire Prevention Week stated:

'This waste results from conditions which justify a sense of shame and horror; for the greater part of it could and ought to be prevented. It is highly desirable that every effort be made to reform the conditions which have made possible so vast a destruction of the national wealth.'

Today smoke detectors, when properly installed and maintained, can provide an early warning device so that residents can be alerted before the fire and smoke become deadly.

The best way to celebrate Fire Prevention Week is to check your smoke detectors. Please take a moment this week to see if the batteries in battery-operated detectors need replacing. Check other models according to the instructions.

This week is also a good time to talk over your family's escape plans if a fire should break out in your home. Sit down with your children and make sure they understand what they should do if they are home alone or if a fire starts in the middle of the night when everyone is asleep.

If you have any questions about where smoke detectors should be placed or what do do in case of an emergency, call the fire department at 383-0616. They are there to help.

(Approaching its 100th anniversary, the National Fire Protection Association has led the way to fire safety since 1896. The mission of the international nonprofit organization is protecting people, their property, and the environment from the effects of fire and related hazards through education, codes and standards, research and technical advisory services. Its headquarters are in Quincy, MA).

Support for new cemetery urged

letters

(The following open letter to Cohasset residents was provided to the Cohasset Mariner *for publication.)*

Dear Cohasset Residents:

I am writing to ask your support of Article 30 at the Oct. 24 town meeting.

Article 30, which was submitted to the selectmen by way of a citizens' petition (100 signatures), asks that work begin at once on final engineering for the proposed new cemetery off Route 3A.

I was chairman of the Cemetery Study Committee from 1986-1994 and when it became apparent the selectmen would not support the committee's work or take any leadership responsibility to solve the cemetery crisis; I resigned and began to take the issue to the voters directly. The enclosed is a chronology of cemetery events over the last 17 years.

The proposal to build a new cemetery will be accomplished without tax dollars and has a potential for nearly 3,000 graves, enough to provide space well into the 21st century.

The money for this engineering was voted at the 1989 town meeting, construction costs can be paid from sales of new graves. Estimated income from the sale of graves in the first few years will approach $500,000.

We currently have only a few graves left at the Beechwood Cemetery and we must begin now to make the new cemetery a reality.

Please consider supporting this article at the town meeting Oct. 24. If you have questions or would like more information, please call me at 383-0048.

FACTS ABOUT THE CEMETERY SITUATION

1977 — The Planning Board warns the selectmen that the town cemetery space will be depleted in 10 to 15 years.

1986 — Selectmen appoint a study committee.

1988 — Committee proposes a new cemetery site off Pleasant Street - potential for 5,400 graves (75 year supply).

1989 — Town meeting approves $50,000 for engineering and construction drawings. The committee has the county engineers complete the work and only spends $10,000.

1990 — Abutters to the Pleasant Street site object and the selectmen withdraw support of the project, change the committee's mission to finding a solution for only 25 years, and expand the committee to 5 members.

1990 — Cemetery rules and regulations are changed so that graves may only be purchased for immediate use - no pre-need sales.

1993 — Committee proposes a site of town-owned land off Route 3A with a potential of 1,500 graves (30 year supply).

1993 — Available grave space at Woodside Cemetery is depleted to only 12 single graves scattered around the cemetery.

Beechwood Cemetery is depleted to 60 double graves at the rear off Doane Street.

1994 — Committee proposes articles for town meeting for land taking authority and construction funding. Funding to be from sale of graves and NOT TAXATION. After intense pressure from an abutting developer, the selectmen withdraw one of the articles from the town meeting warrant, ultimately side tracking the 3A site indefinitely.

1994 — Selectmen close Woodside Cemetery to all future sale of graves.

The Selectmen, as Cemetery Commissioners, have failed to take the lead in solving the need for cemetery space, and have failed the residents of Cohasset. Unfortunately, most people will not realize until their time of grief what the Selectmen have done.

This information compiled and presented by:

Glenn A. Pratt

1986-1994

Grade crossings, a safety concern

(Ed's note: A copy of the following letter to Federico Pena, federal secretary of transportation, was provided to the Cohasset Mariner *for publication).*

Dear Mr. Pena,

You have recently been successful in having legislation passed that would provide federal funding to eliminate railroad grade crossings because they are dangerous. You, in fact, had a railroad "summit" meeting just last week to discuss safety issues regarding the nation's railroads. One of the subjects covered was how to eliminate dangerous grade crossings, according to a news report I saw on NBC nightly news.

Grade crossings are dangerous, and you are to be applauded for spearheading efforts to eliminate them.

Residents of several South Shore communities share your concern regarding grade crossings and are therefore fighting the restoration of the Greenbush spur of the Old Colony rail line. This spur would create 42 new grade crossings along a corridor that runs through the middle of several towns. It seems inconsistent to me that federal funding for such a rail line would be granted. How can you on one hand provide federal funding to eliminate grade crossings and on the other provide federal funding to create 42 new, and, I submit, very dangerous, grade crossings?

I am eager to hear your thoughts on this issue.

Referendum questions on this year's ballot

With the Nov. 8 election just around the corner, The Mariner presents a three-part political series outlining the nine referendum questions to appear on this year's ballot. The first week, we explore Question 2 — the repeal of the state's mandatory seat belt law; Question 5 — a bid to roll back the state Blue Laws which limit retail sale activity on Sundays; and Questions 6 & 7 — a proposal to authorize constitutional changes and enact a new graduated income tax.

Next week, we will highlight Question 1 — limiting business and non-profit contributions to referendum questions on state and local ballots; Question 3 — to eliminate a "waivable fee" from within the tuition system at state colleges and universities currently used to support student-sponsored political interest groups; and Question 8 — to direct more of the state gasoline tax toward the Highway Fund and prohibit the transfer from that fund to other interests.

In week three, we will explore Question 4 — to establish term limits for state offices and Question 9 — a prohibition on rent control for most privately owned housing units in the state.

Question 2: the Seat Belt Law

On election day this year, Massachusetts voters will have another opportunity to repeal the state's mandatory seat belt law.

Only Maine and New Hampshire do not have a seat belt law, and Massachusetts will have a chance November 8 to join its New England neighbors.

"Eight years ago, voters successfully repealed the law enacted in 1985. In 1993, Governor William Weld vetoed new legislation to reinstate the law which was not offered on the ballot, but his veto was overridden in both the house and senate.

The law, which requires drivers and passengers in certain motor vehicles on public ways to wear properly adjusted and fastened safety belts, went into effect last Feb. 1.

Enforcement relies on "secondary reinforcement," which takes place only when a driver has been stopped for a motor vehicle violation or some other offense.

While a $25 fine is imposed, not buckling up is not considered a moving violation, and does not result in any insurance surcharge.

The federal Intermodal Surface Transportation Efficiency Act (ISTEA), enacted in 1991 and in effect until 1997, requires states to have mandatory safety belt laws or face penalties. Because Massachusetts' law did not go into effect by October, 1993, the state lost $1.7 million in construction funding. Should the law be repealed, this year's penalty would be $8.2 million.

Federal studies show that lives as well as funds can be lost without the mandatory seat belt law.

Studies indicate that fastened safety belts are highly effective in preventing injuries and deaths. In 1992, more than 22,000 lives were saved nationwide and 570,000 injuries prevented because of seat belt use.

Those in favor of mandatory seat belt laws insist that safety belts save lives and money. When the seat belt law was in effect, advocates say compliance increased, lives were saved and injuries prevented.

Hingham resident Inta Hall, a public policy consultant for the Massachusetts Head Injury Association, has lobbied for the mandatory seat belt law since 1980. According to Hall there are 28,000 head injuries yearly in Massachusetts and more than half of those occur in car crashes.

"The seat belt law is the best way to prevent such injuries. If you don't go through the windshield your chances of head injuries are fewer," Hall said.

Other supporters also point to the enormous costs associated with automobile accidents. An estimated $1 billion per year is lost in Massachusetts through increased health care, insurance, workers' compensation costs and loss of income.

"Society not only has a right, it has a duty to protect its medical resources, which are limited and should not be diluted and diverted by needless and preventable injuries," Hall said.

Arguing that driving is a privilege and not a right, proponents maintain that the seat belt law is not a matter of personal freedom.

"What this freedom, which they extol, amounts to is the freedom to risk fractures of their bones, paralysis of their arms and legs, lifelong disfigurement, blindness, brain injury and other debilitating conditions," said Hall.

Personal freedom is the main issue stressed by opponents of the law.

Those pushing for a repeal maintain that enforcement of such a law is not a government function and that adults should have the right to decide for themselves whether or not to wear a seat belt.

Chip Ford, who chaired the successful committee to repeal the law in 1986, and is still at the helm, said "the issue is not seat belts, it's freedom, and should the government be able to mandate a personal health issue."

Ford says this year's fight for repealing the law is doubly important.

"We're trying to restore personal freedom and the meaning of the vote," Ford said.

"The legislature forced the law down our throats in 1994," despite three amendments and Weld's endorsement to put the issue on the ballot.

"If public opinion has changed, that's fine. Put it on the ballot," Ford said.

As far as Massachusetts losing funds for construction, Ford said that's a lie. Instead of going toward construction, Ford said the money will go to highway safety programs. That's something that seat belt law advocates should be in favor of, Ford said.

"We have the lowest number of highway fatalities in the country and still they're pushing for it," said Ford.

Ford maintained that "during the repeal, fatalities plummeted 43 percent from 811 to 460, and that's 50 percent below the national average.

"I wore a seat belt long before the government told me it was a smart idea," said Ford, who will continue to fight the law and push for citizens' right to choose to buckle up or not.

— Alice C. Coyle

Question 5: the Blue Laws

Question 5 asks voters to approve the first major change to the Blue Laws since Sunday retail openings were first legalized in 1983.

A 'yes' vote on the ballot question would allow all retail stores in Massachusetts to open at any time on Sunday, and on Memorial Day, the Fourth of July and Labor Day. A 'no' vote would leave the current Blue Laws unchanged.

"The bottom line is: Question Five doesn't force anybody to do anything. It allows people to make their own decisions," said Randee Sacks, spokeswoman for the Committee to Reform the Blue Laws.

But opponents say the measure could decimate small businesses at the expense of larger chains.

"It's a question of wiping out the local guys," countered Meg Harrington of the Vote 'No' on 5 Committee. "This is the last market left."

Defenders of the Blue Laws, which were first enacted 344 years ago, argue that they help preserve a final remnant of the "common day of rest" — as Chapter 136 of the general laws is officially named.

They also charge that Sunday openings would destroy small, family-owned markets and pressure retail employees to work more Sunday hours or face discrimination or reduced working schedules.

"How many times can a part-time retail worker tell her boss she's unwilling to work on Sunday and not get a reputation for being a troublemaker?" asked Harrington.

The pro-Question 5 lobby describes the Blue Laws as a loophole-laden anachronism in an era of two-income households and lengthening work-weeks. The Blue Laws are inconvenient and confusing to merchants and consumers alike, they argue.

Under the current law, stores with more than three employees are prevented from opening before noon on Sunday and on Memorial Day, the Fourth of July, and Labor Day — unless they obtain a permit from the local police chief.

The law is interpreted differently from town to town. In Hanover, both Shaw's and Purity supermarkets have been granted permits to open every Sunday at 8 a.m. But Shaw's Braintree store and Purity's Scituate store remain closed until noon.

Sacks pointed out that the Blue Laws don't prevent employees from working on Sunday mornings — only from stores opening their doors to shoppers.

"The law prohibits people from selling products at certain hours," said Sacks. "But the law doesn't prohibit people from working. Many stores have people stocking shelves and cleaning already. So people are working. What the law does is prevent stores from selling merchandise."

Harrington said Sunday openings would certainly increase the number of employees who work on Sundays.

"You've got to have people at the cash registers or behind the meat counters," she said.

Like the pro-Question 5 lobby, opponents of the question cite economic arguments. They frame the question as a "big vs. small" battle among retailers.

"People have only so much money to spend," said Harrington. "The larger retailers will take the market share of small, family-owned businesses. If the larger retailers are allowed to open, that niche market is going to get wiped out. It's about market share." Small convenience stores make up to 30 percent of their weekly sales on Sunday mornings, Harrington said.

The "large vs. small" split is reflected in the opposition to Question 5 by the Boston Retail Grocers' Association, which represents 180 independent grocers in the Boston area, even though their parent organization, the Massachusetts Food Association, supports Question 5.

Other organizations opposing Question 5 include the United Food and Commercial Workers Local 1445 (AFL-CIO), the Massachusetts Council of Churches and the New England Convenience Store Association.

The pro-Question 5 Committee has raised more than one million dollars from large retailers such as Wal-Mart, Sears and Stop & Shop. The Vote No on '5' Committee has raised about $20,000.

Sacks maintained the net effect of the Blue Laws' patchwork approach to Sunday openings is to disadvantage certain stores based merely upon the town in which they're located, to confuse and inconvenience shoppers, and funnel business in border towns to neighboring states — all of which allow Sunday morning openings.

"We certainly agree that it's important for families to spend time together," said Sacks. "Question Five takes that question out of the hands of the state, and puts it in the hands of the individual."

And, Sacks added, judging from consumer response in towns which have granted permits, many people want to shop on Sunday mornings.

The Committee to Reform the Blue Laws estimates a 'yes' vote on Question 5 would generate an additional $100 million in retail sales and over $15 million in state tax revenues.

But after Maine voters approved Sunday openings at a statewide referendum in 1990, taxable retail sales actually declined by about $200 million.

Over the years, the legislature has approved 54 amendments to the Blue Laws allowing specific types of businesses to open on Sunday. Pet stores, public bathhouses, laundromats and video rental stores are among the establishments which have been exempted from the Blue Laws.

The last major change to the Blue Laws took place in 1983, when all retail stores were first allowed to open on Sunday after noon.

Question 5 would not affect the Blue Laws' prohibition of retail sales of alcoholic beverages, or the prohibitions on retail openings on Thanksgiving and Christmas.

— Steve Adams

Questions 6 & 7: the Graduated Income Tax

The most prickly referenda on the Nov. 8 ballot are Questions 6 & 7, which, taken together, establish a graduated income tax similar to that of the federal government for the state of Massachusetts.

Question 6 is a constitutional amendment, already twice approved by the State Legislature, which would permit the state to replace the current flat income tax with one in which the more you make the more you pay.

Question 7 assumes passage of Question 6 and sets the rates which could be charged as well as details of certain deductions, exemptions and credits. It is a law, not a constitutional amendment, and therefore could be changed by an act of the Legislature.

Question 6 is simple. It strikes the second and third sentences of Article 44 in the state constitution and replaces it with:

"In order that the burden of such tax is fairly and equitably distributed, such tax will be levied at graduated rates, so that higher rates are imposed on taxpayers in higher income brackets and lowers rates on those in lower income brackets.

"The general court may grant reasonable exemptions and abatements and establish the number and range of brackets."

The arguments for and against the amendment are simple, too.

Those who favor a "Yes" vote on Question 6 say it is obviously unfair for low income taxpayers to pay the same percentage of their income to the state as large income taxpayers. The federal government and 35 states have graduated income taxes.

Those opposed to Question 6 maintain that a graduated income tax penalizes those ambitious and creative citizens who work hard to make more money and discourages them from contributing more to the state's economic growth.

It's when the voter comes to Question 7, which is known as "The Income Tax Reform Act of 1994," 28 pages of whereases and therefores that are not quite so simple.

The proposed rates for a single individual, after deductions and exemptions, would be 5.5 per cent up to $50,200 and 8.8 percent over $50,200 but less than $90,000 and 9.8 per cent over $90,000. Other categories of income are set for married couples filing jointly or separately and heads of households.

The Income Tax Reform Act of 1994 would be effective beginning in the tax year 1995.

Those in favor say that it will guarantee tax cuts for 92 per cent of the people, including all couples earning less than $101,700. single parents getting less than $81,300 and all individuals making less than $62,050. Only 6 per cent of the people will pay more.

Those opposed to the act call it "a tax trap," that will trick the voters into giving the State Legislature unlimited opportunity to say they are "soaking the rich," while foisting new tax increases on the middle class. Eventually, they say, there will be a tax increase because those behind the proposal are welfare and public employee union lobbyists.

Opponents claims that the act would increase taxes on small businesses by up to 65 per cent, and discourage entrepreneurs from starting new business ventures that would employ highly paid and highly skilled workers.

— Tom Henshaw

'Lend a Hand' celebration at Community Center

The Cohasset Community Center invites you to "Lend a Hand" Saturday, Oct. 15. It wants to "borrow" your hand for two minutes, to dip in washable paint and leave your palm print on a special wall to help raise money for the center. This will be a "fun-raiser" for all ages.

Just drop by the center anytime between 11 a.m. and 3 p.m. Each set of handprints costs only $10 and will help defer the costs of operating the community center. Each participant will also receive a light lunch, snack and drinks.

The handprints will be set on a special wall board that will then be sealed and mounted as a wall panel. Each participant will write their name/message under their handprints. The panels are being constructed individually, then hung as one wall display.

There is also the opportunity to "sponsor a panel" for $1,000 or half-a-panel for $500.. The first panel was sponsored by Judy and Charlie Flint. Mrs. Flint expressed her desire to help because all three of the Flint children join in many activities at the center.

"After all the years of enjoyment, it is time we gave back something," Mrs. Flint said when she signed on.

Are there any other families or businesses who also feel this way? Please call the center at 383-0088 and leave a message for Craig Muir or Rhonda Myers.

Sponsoring a panel helps defray the costs of the special board, the materials, enclosure and hanging.

If you are unable to attend, perhaps you would be interested in calling the center and volunteering your time to help with one of the ongoing projects or fundraisers, or donate some of your time and expertise in whatever construction or business are you are involved in.

Deer Hill antique show

The 18th Annual Antique Show and Sale will be held at the Deer Hill School on Sohier Street on Saturday, Nov. 5 from 10 a.m. to 4:00 p.m. Admission is $2. There will be a snack bar and ample free parking.

Proceeds will benefit the Beechwood Congregational Church. Dealers can call (617) 383-0070 for contracts.

For more information call 383-9131.

Tour of town's Common . . .

(Continued from page 1)

Although the town green is not as large as it was in its colonial days, it serves as one of America's finest examples of an original New England town common.

Walking south of the common, the tour was led to the village past Saint Stephen's Church, the Gothic structure raised upon a hill. On either side of Main Street, antique buildings that once served as homes or shops still stand after adapting to their modern roles as stores and apartments. After years of changing identities, these buildings serve as landmarks in Cohasset's history.

Wadsworth pointed out that in 1848 the Independence Fire Station, abutting the south side of the common, was opened. In 1912 the building was converted into a police station, explaining the jail cells that still remain. There are new plans to open a youth center in the building. Other commercial buildings have been converted over the years, like the Donna Green Studio that once served as a blacksmith shop and a barbershop. The Red Lion Inn on the southern portion of the square was built as a farmhouse and then converted to an inn after renovations and additions. Today it serves as a restaurant. On the other hand, some buildings have maintained their original facades For example, Cohasset Hardware has been a hardware story for many years under different names. It is these changes that have helped the village adapt to the changing times.

Many of the structures in the village were used as private homes before the store fronts were added. Petersen Real Estate, Henderson Law Offices and Fleming Gift Shop were all private homes of Cohasset's early settlers. Coveted for their location near the ocean, the common, and in the commercial area, these homes today serve as business space and apartment houses for a new generation of Cohasset residents.

Though these changes have changed the face of the village, it is clearly of a colonial New England community born many years ago. Surrounded by period homes preserved in every detail and adjacent to one of America's oldest town commons, Cohasset village is rich in history and dedicated to preserving the memory of its past. Changing, adapting, and prospering over time has helped Cohasset grow strong as a community. After hundreds of years, it is evident that Cohasset's history has found its place in modern times.

FEELING THE BITE OF HIGH-INTEREST CONSUMER CREDIT?

If You're Paying 14%, 16% or Even 18% Interest, an Unsecured Personal Loan from Rockland Trust Can Put Money Back in Your Pocket!

Rockland Trust's Unsecured Personal Loan could be saving you hundreds of dollars. Street lists may help liquor stores spot minors

(Continued from page 1)

The decision to hand out the lists followed a liquor hearing last month in which selectmen heard conflicting testimony regarding a beer sale to a 20-year-old minor at a local convenience store. The clerk, who sold the beer, said the youth presented an authentic-looking license showing he was 22 years old.

Police arrested the 20-year-old and two other Cohasset minors following the incident. But because the evidence about whether or not the youth presented a license was inconclusive, selectmen opted to issue a formal warning to the convenience store rather than suspend its license. They also decided distributing the residents lists might help license holders.

In his September police status report to selectmen, Noonan suggests distributing updated lists be part of the annual licensing procedure.

"I would like to suggest that this list of persons become part of the yearly licensing process and each license holder be made to pay the $8 fee for the book. The police department delivered 15 books with the potential of $120 of revenue for the town," Noonan said.

Stuart Krusell, chairman of the state Alcoholic Beverage Control Commission (ABCC), said license holders ultimate protection against false identification is to refuse the sale.

"They are not obliged to sell to anyone as long as that refusal is not based on a discriminatory practice," he said. Krusell said stores can refuse to sell liquor to someone who appears to be underage even if that person presents what looks like a legitimate Massachusetts license.

GOP meeting postponed

The Division 5 meeting for Republican leaders from Plymouth, Norfolk, Barnstable and Bristol Counties to be held on Thursday, Oct. 13 at the Inn for All Seasons in Plymouth has been postponed until after the November 8 election.

Candidates' night Oct. 13

To help voters make informed decisions in the upcoming Nov. 8 election, the League of Women Voters of Hingham is sponsoring a candidates' night Thursday, Oct. 13, at 7:30 p.m. in Barnes Auditorium in the Hingham Town Office Building, 7 East Street.

Participating will be the three candidates for state Senate in the Norfolk and Plymouth District: William Forsyth (Independent), Robert Hedlund (Republican), and Brian McDonald (Democrat). Mary Jeanette Murray (Republican), who is running unopposed for state representative in the 3rd Plymouth District will also take part in the candidates' night.

The League of Women Voters urges voters to attend Candidates' Night on Oct. 13 and then exercise this right on Election Day, November 8.

MAIN ENTRANCE TO GYM LOCATED AT THE REAR OF THE MALL

The residence at 141 South Main Strect has the most wonderful perennial and annual border. It is full of color and assorted plantings and stands beautifully in front of a perfect white picket fence. The old-fashioned wooden swing suspended from the branch of a tree in the yard adds to the charm of this well-thought out border. The front gate stood slightly ajar beckoning us to walk up the entrance stairs where clay pots filled with pale yellow Marguerites and pink Impatiens added just the right mix of color. The border consisted of pink Zinnias; pale yellow and pink roses; red and creamy white Dahlias with some pink Dahlias sprinkled throughout; pink and red Gladiolus; white alysum; red and pale pink Poppies; and orange, red and yellow Nasturtiums.

Dr. Kenneth Reed

Dr. Kenneth Reed announces the introduction of pulsed dye lasers for the treatment of benign skin lesions and tattoos. This advanced medical technology is now available on the South Shore and utilizes state-of-the-art lasers previously available in the larger teaching hospitals of Boston. Patients can now be treated in an office setting, with minimal discomfort or waiting time.

Pulsed dye lasers operate through the principle of selective photothermolysis, which allows a laser to destroy the target tissue such as melanin pigment, tattoo dye, or a form of hemoglobin (the major blood component), while avoiding injury to the surrounding tissues. This translates into a safe method of destruction with minimal risk of scarring.

Skin lesions particularly suitable to laser therapy include benign vascular lesions such as telangiectasia (broken blood vessels), spider veins, birthmarks including portwine stains and hemangiomas, and cherry spots or senile angiomas (these are the bright red small papules commonly seen in aging adults). Facial redness or erythema due to adult acne rosacea is also very responsive.

Benign pigmented lesions that respond to laser treatment include freckles, cafe au lait spots (a common light brown pigmented birthmark), and lentigines (sun induced brown spots often referred to as liver or age spots).

Perhaps the most exciting use of laser technology is in fading tattoos. Prior to laser therapy, tattoos could only be removed through surgical procedures such as excision or scraping (dermabrasion) of the tattoo, with much risk of scarring. Since the pulsed dye laser can selectively attack the dye of the ink with minimal damage to surrounding tissue, it is now a treatment of choice for fading tattoos. Both homemade and professional tattoos respond to laser treatments. Depending on the kind of tattoo, multiple treatments may be required which are generally done at monthly intervals.

Lasers can be used on infants as well as adults, and generally, no anesthesia is required. The discomfort is minimal, and usually needles are not necessary.

Appointments can be made for a laser consultation at either Dr. Reed's Quincy office or Cohasset office. Dr. Reed is board-certified in dermatology and completed his training in dermatology at Harvard Medical School.

The **Cohasset Chamber of Commerce** will hold its Oct. 19 meeting at the Chart House from 5:00 to 8:00 p.m. The meeting will be jointly sponsored by the Hull, Scituate and Cohasset Chambers of Commerce and the South Shore Women's Business Network.

The format is an open networking session where participants can meet other South Shore business people and informally share experiences and ideas.

The cost is $5 per person for hors d'oeuvres.

The Chamber's seventh annual auction, celebrating its 10th Anniversary, will be held on Saturday, Nov. 12 at the Cohasset Community Center. This is the only fund raiser of the year. Contributions of merchandise, gift certificates, or cash are welcome.

For more information, or to arrange for a donation to be picked up, call the Chamber Hotline at 383-1010 or Paula Knowles at 383-1331.

The Chamber recently published a book of anecdotes and historical information, compiled by Bob Fraser and titled "Cohasset Vignettes." Distribution information will be announced at a later date.

The town's "Historical Tour Map" has been reprinted and free copies can be obtained by people contacting the Chamber for information about Cohasset.

The Hearing Center

Have You Heard?

by Nancy Allonen-Allie, M.S., CCC-A
Licensed-Certified Audiologist

MORE POWER TO YOU

A telecoil is a feature of a hearing instrument which enables users to pick up signals from such devices as hearing instrument compatible telephones. As useful as the telecoil is, it has not been seen to live up to its potential by many users due to a relatively narrow and distorted amplification pattern. This perception is especially true of those who wear in-the-ear (ITE) hearing instruments, the size of which precludes coils of sufficient power. Now, all that has changed with the introduction of the power telecoil, developed for ITE instruments, which delivers up to 25 decibels more amplification by virtue of its own preamplifier. The power telecoil also produces an amplified sound pattern that is quite similar to that of the hearing instrument's microphone.

If you would like more information on the power telecoil, please come see us at **THE HEARING CENTER.** We have a trained audiologist on staff that will be happy to answer any questions that you may have. We have earned the reputation for reliable, professional service. Please call us at **1-800-339-9316.** Our offices are conveniently located at **306 Washington St. (Rte. 53), Norwell,** and **470 Southern Artery (Rte. 3-A), Quincy.** Mastercard and Visa are accepted.

P.S. It may be possible to retrofit older ITE hearing instruments with the new power telecoil.

School Council meets

The Cohasset High School Council met Sept. 15. This was the first meeting of the 1994-95 academic year. The Council reviewed the final draft of the CHS School Improvement Plan and commented on the draft School Survey written by the school committee. The Council regretfully accepted the resignation of faculty member Jack Buckley due to his new commitments at CHS this year. Kenneth Cisneros has been elected by the CHS faculty to be its new member on the Council.

The Council's next meeting is 7 p.m., Tuesday, Oct. 18 in the CHS library. The Council will establish its goals. The Council is committed to enhancing communication between the high school, school committee, parents, students and the community at large. Its meetings are open to the public.

Montessori open house

Come to a ribbon-cutting ceremony, followed by a reception and open house, on Sunday, Oct. 23 from 1:00 to 4:00 p.m. at the Old Colony Montessori School at 20 Derby Street in Hingham.

Montessori is celebrating its 30th year with a greatly expanded facility. This summer, three classrooms, a day care room and offices were added and the Junior Class room enlarged.

According to architect Weston Wright of Quincy, the new design has a "village effect." accomplished by "creating a pathway which was intriguing, playful, colorful and connected the various (classrooms) together."

The ribbon cutting will begin at 1 p.m. with comments from various school board members, the head teacher and the architect. The entire staff will be on hand to demonstrate the Montessori teaching materials, answer questions and give tours of the classrooms.

The Old Colony Montessori School offers a full educational program to children, ages 2.9 to 9 years, in a small, friendly, loving environment. Art, music, foreign language, soccer and skating are included in the program.

On-site day care is available for enrolled children from 7:30 a.m. to 6 p.m. daily.

For more information call the school at 749-3698.

Derby open house

Derby Academy will hold an open house for visitors Tuesday, Oct. 18, beginning at 8:45 a.m. in the school library. Jay Sadlon, director of admissions, and Linda Wakeman, parents' association admissions liaison, are planning the event as an informal introduction for parents interested in learning more about the school.

Headmaster Edward Foley will give parents an overview of Derby's educational program and Jay Sadlon will review the application process. Parents of current Derby students will lead visitors on tours of the campus. Judie Stolp, head of the Lower School (prekindergarten through grade 4), and members of the Upper School faculty will be on hand to answer questions during and after the tours.

Derby Academy in Hingham is a fully accredited independent day school for boys and girls, prekindergarten through grade 9. A close working relationship between home and school is a hallmark of the Derby program. Classes are small, the curriculum is challenging. Music, fine and practical arts, enrichment, daily athletics, community service and many other opportunities for learning and growth are available to students. The school currently serves 246 students from 32 greater Boston communities.

Arrangements to attend the open house may be made by calling the school office at 617-749-0746.

School menu

MONDAY, OCT. 17

Oven baked chicken or bologna and cheese sandwich, French fries, fruit cup, cookies.

TUESDAY, OCT. 18

Cheese/pepperoni calzone or chicken nuggets, potato salad, fruit medley.

WEDNESDAY, OCT. 19

Grilled hamburger on roll or baked macaroni, roll, steamed veggies, fruit, jello with topping.

THURSDAY, OCT. 20

Grilled chicken breast or veal parmesean sub, trail mix, fruit, brownie.

FRIDAY, OCT. 21

Taco salad or turkey sandwich, lettuce, tomato, cheese, rice, fresh fruit.

Commended students

Principal Mary Ellen Gallagher of Cohasset Jr./Sr. High School announced that Candice Buckley, Ann Dane, Corinna McMackin, Mary Ellen Rayment and Josiah Slotnick have been named Commended Students in the 1995 National Merit Scholarship Program. A Letter of Commendation from National Merit Scholarship Corporation, which conducts the program, will be presented by the school to scholastically able seniors.

About 35,000 Commended Students throughout the nation are being honored for their exceptional academic promise. They placed among the top five percent of more than a million who entered the 1995 Merit Program by taking the 1993 Preliminary SAT/ National Merit Scholarship Qualifying Test. Although the qualifying test scores of Commended Students are outstanding, they are slightly below the level required to continue in the competition for Merit Scholarships to be awarded in 1995.

Girls soccer team sees two slip away

By Joe Reardon
Mariner staff

Maureen O'Day-Clark's Cohasset High girls soccer squad is on the verge of qualifying for the Division 3 South Sectional tournament with its 6-3-1 record. But after consecutive 2-1 losses to Norwell and East Bridgewater the first-year coach has to be wondering which Skipper squad is going to show up to play.

Will it be the skilled group of players who've worked together as a team for the vast majority of the season, or maybe the club O'Day-Sullivan wouldn't have recognized if not for the familiar Skippers' uniform colors.

"We just didn't play our game," O'Day-Clark said of the 2-1 loss the Clippers snatched from Cohasset. "It was an individual game out there. They didn't communicate with each other. They forgot about the guy next to them."

Even with the apparent language barrier that manifested itself against the rejuvenated Norwell squad, the outcome of the game was very much in doubt for both halves.

The Clippers tallied for the first goal and held a 1-0 lead for the better part of the first half. Cohasset's Andrea Grew, who O'Day-Clark later said has been playing the best she has all season, knotted the game with five minutes left in the half when her shot found its way to the back of Norwell's net.

Neither team was able to get much going offensively in the second half, but the Clippers got all the offense they would need when they scored with six seconds remaining in the game.

The officiating got in the way of Cohasset's loss to EB on Tuesday. Two of the Vikings' players were offsides when Skippers' netminder Catie Campbell pointed the offense out to O'Day-Clark. The officials, though, hadn't blown the whistle and EB scored on the startled Cohasset netminder.

Katie Carroll ("She always plays rock solid") was the Skippers' lone goal scorer and Cohasset wound up dropping another game if very well could have won with a consistent 80 minutes of play.

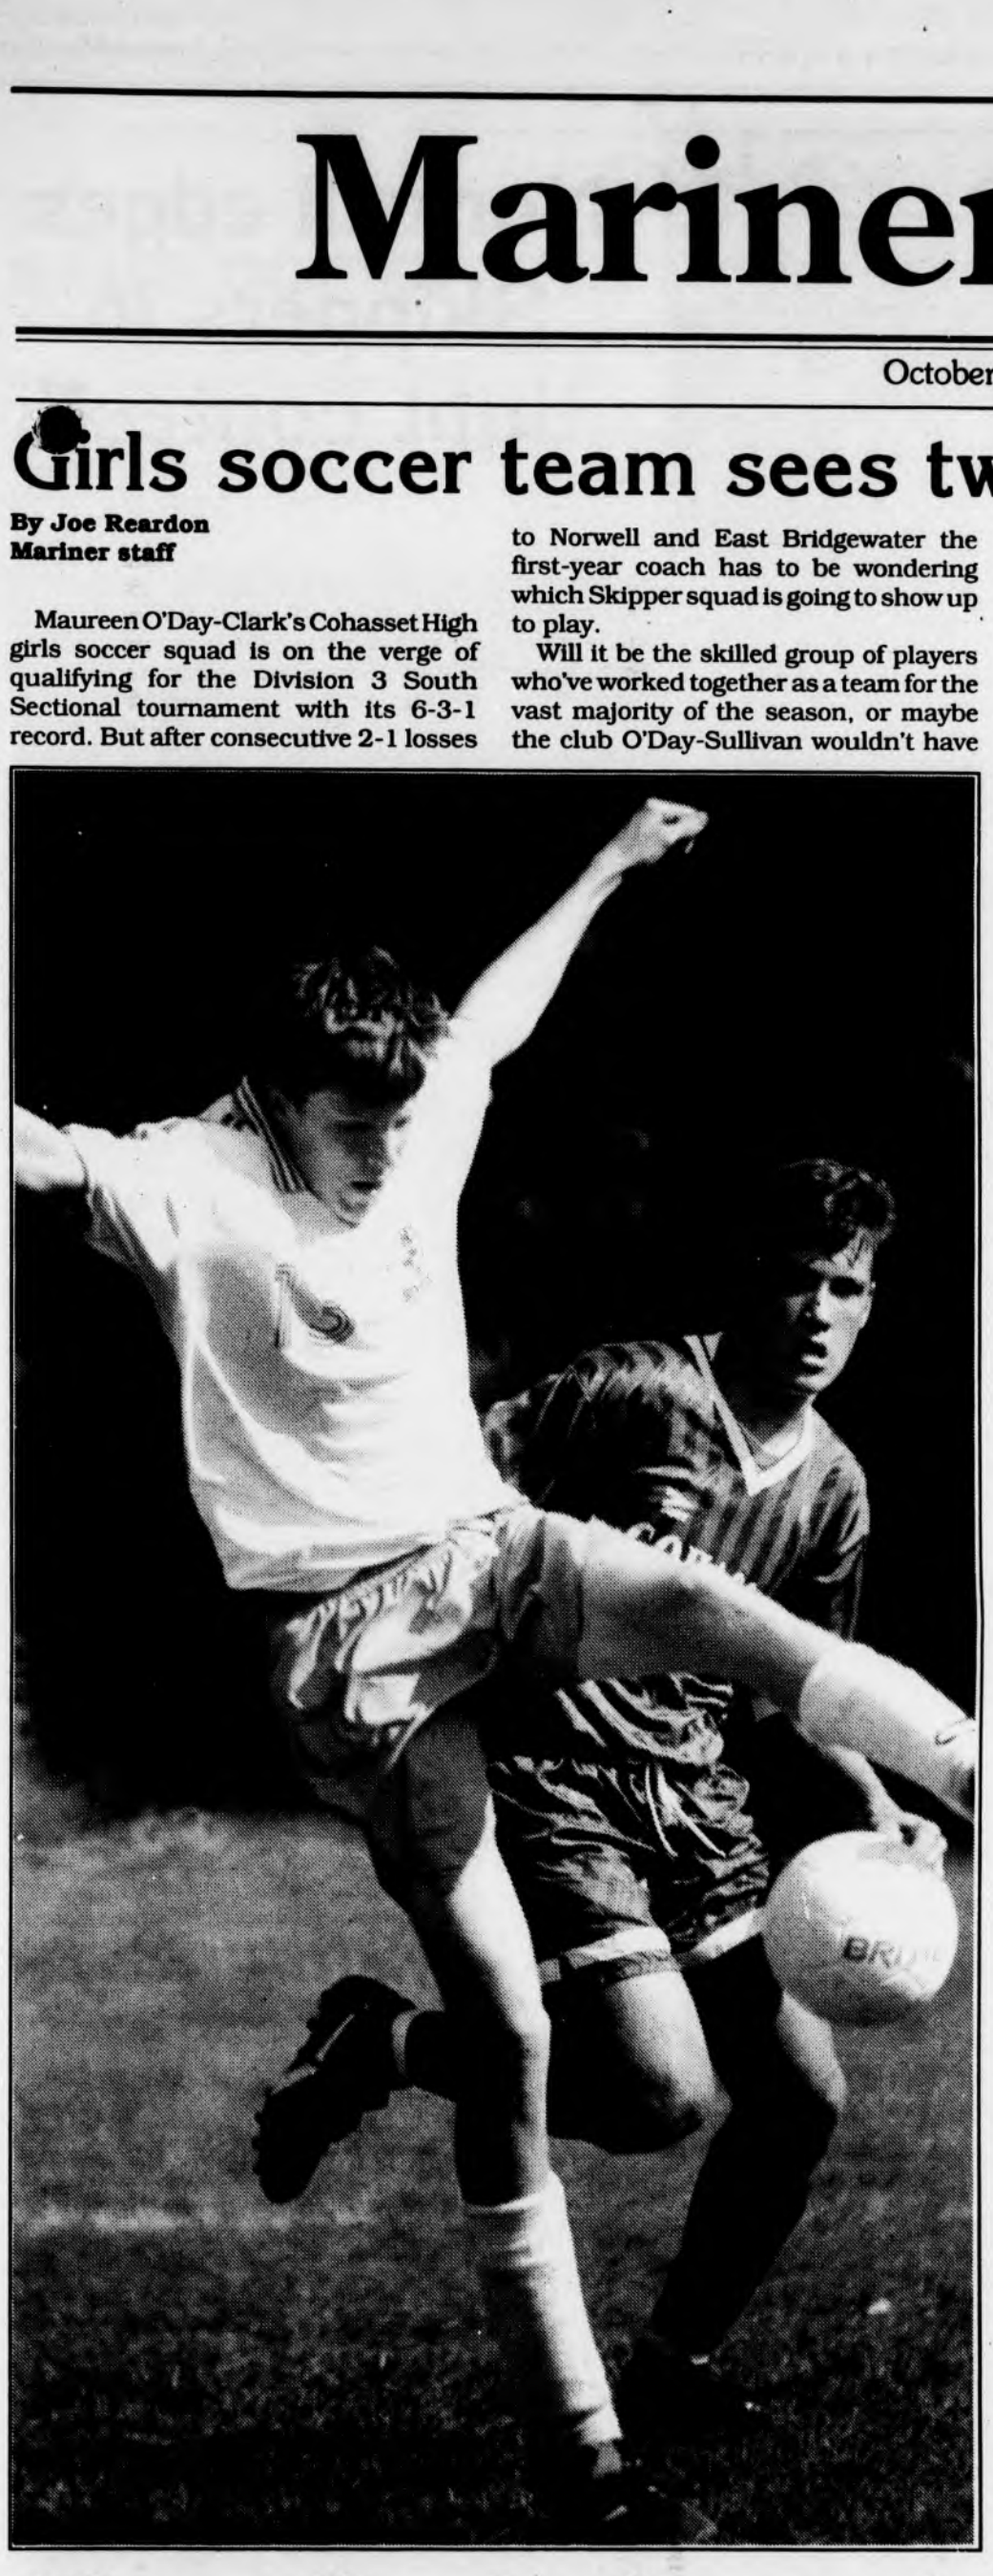
O'Day-Clark admits the Norwell loss particularly bothered her, but the Skippers came out stronger in the EB defeat before they started to revert to the lack of communication that stalled them in the first loss.

"We played a great first half," she said, "but we just weren't in it during the second half."

O'Day-Clark said her players have the skill needed to do well in the tournament, but they must move their game up a notch if they plan to stick around for an extended amount of time.

"We got off to a good start," she said. "If they get mad enough and hungry, we'll do fine. They have to want it but there's nothing I can do about that. They have to do it themselves."

A little communication on the playing field may just be the remedy the Skippers need.



Cohasset's Erik Henry moves in on the Clippers' Ross Frankenfield during the Skippers' 3-1 victory over Norwell last Saturday.

Allen, offensive line can't lift Skippers

By Jim O'Sullivan
Special to the Mariner

Last Saturday was a bleak one for the Cohasset Skippers as they fell to the hands of the Norwell Clippers, 34-20. Once again, Cohasset was led by the superb rushing of Tom Allen, who racked up 207 yards on just 13 carries. Allen scrambled to a 92-yard touchdown score and waltzed into the end zone from 80 yards out.

Cohasset's offensive line was superb in pushing back the Norwell line. They cleared the way for senior Jerome Marion to tally 58 yards on 10 carries. The offensive line consisted of seniors Nick Welz, Brad Potolicchio, Anthony Wigmore, junior Brian Sasso and sophomore Larry Adams.

While Cohasset's ground game was dominating, they also took to the air more often than they had all season. Senior quarterback Jeff Littlehale threw the pigskin seven times, connecting on three of those, for a total of 56 yards. One of those passes was an 11-yard toss snagged by senior tight end Dorian Bryant over the hands of the Clipper defenders. Bryant was equally effective on defense with two fumble recoveries.

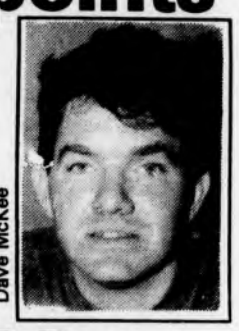
Norwell was too much for the Skippers, with their running game chewing up even more ground, totaling 302 yards. Aaron Burwick scrambled for 112 while teammate Eric Merrifield carried for an additional 94 yards.

Norwell's running corps was also joined by quarterback Peter Hajjar. The highly-touted QB sprinted for 56 yards and completed three of seven passes for a sum of 111 yards. One of his passes found sophomore receiver Matt Lewis and led to a 40-yard touchdown. Lewis grabbed two more passes and took them for another 64 to top-off Norwell's offense.

Cohasset faces undefeated South Boston (4-0) at home this weekend in hopes of garnering win No. 2 on the season.

extra points

Joe Reardon



Dave McKee

by Joe & Dave

In honor of Columbus Day, the Extra Points crew worked long and hard this week to *discover* a few sports stories that may have been missed along the way.

There may be more exciting or happening sports stories out there but as that Italian Stallion said in 1492, "Give the people something new and different and they might name a holiday after you." Here we go.

***Marshfield is the home for identical athletic twins.**

Jennifer and Julie Mahoney are three sport stars at Marshfield High while over at Notre Dame Academy Marshfield's Christine and Danielle Pineault are tearing up the soccer field and the basketball court.

It must have something to do with the water because a couple years ago, Marshfield High had twins Steve and Jim Ruisi who were football and tennis stars.

And the tough part is, all play the same sports and were on the field at the same time. Thank God for rosters.

Norwell is close behind Marshfield in the athletic twins department.

Meg and Amy Barao are soccer, basketball and softball stars at NHS and play on the field at the same time. But I can tell them apart in soccer because Meg plays goal. As for hoops or softball, I have no clue.

Norwell High also has twins Ray and Keith Marsden. But Ray plays football while Keith runs cross country and track so they aren't on the field at the same time. At least that way, you know who is who.

***Freshmen cannot play varsity athletics at Silver Lake no matter how talented they are.**

Due to split campuses (Grades 6-9 at the Jr. High in Pembroke and 10-12 at the Sr. High in Kingston) and an obscure MIAA rule, ninth graders cannot suit up for varsity play. All other schools in the Old Colony League (except for Weymouth High) the Atlantic Coast League and the South Shore League allow freshmen to play varsity if they have the talent.

This rule has especially hurt the girls' athletic program at Silver Lake. At least one all-scholastic basketball player recently enrolled at a private school because she wasn't able to play varsity as a freshman despite being one of the best players in the area. And there is a potential for the school to lose even more players in the future.

Girls generally mature physically faster than boys and not having the best athletes available for varsity play has really hurt the school. Silver Lake officials and the MIAA should put their heads together and resolve this because the only ones getting hurt by the rule are student-athletes.

***Playing under the lights is the wave of the future.**

Scituate High recently added lights to its varsity football field and both attendance and enthusiasm are up. Lights are also in place at Hanover, Duxbury, East Bridgewater, Silver Lake and Whitman-Hanson among others.

And the lights are not strictly for football as soccer, field hockey and

(See page 19)

Norwell edges Skippers in tight contest

Cohasset's Kate Ross and Norwell's Alyssa Stewart both have their eye on the ball in hopes of getting it off to a teammate.

Mariner Sports

extra points

(Continued from page 17)

lacrosse have also seen action in prime time.

The cost for lights, which could be considered a luxury during these tough economic times, seems to pays for itself with increased attendance.

Memo to AD's all over: Let there be light. Sports fans everywhere will thank you.

***The South Shore dominates high school soccer.**

In the past 10 years, four different Old Colony League teams have won the Division I state title (Silver Lake, Bridgewater-Raynham, Plymouth and Weymouth.) In addition, the Duxbury boys', under the direction of coach Foster Cass, have a championship record that rivals the New York Yankees.

Add teams like the Marshfield, Hingham and Hanover boys' along with the Marshfield and Hanover girls' and the Notre Dame Academy team and you have one power packed region that will surely dominate the post-season.

On Monday morning the Notre Dame Aces tied Newton North 2-2. Newton North entered the game as the number one team in the state and the number two team in the country, according to the USA Today.

There isn't another area in the state with the depth of top-flight teams.

—David McKee

*****

You have to hand it to the MIAA, they are an experimental bunch. The body that presides over high school athletics in Massachusetts has, in the past several years, turned the all-state cross-country meet into a shell of its former self, decided to hold a ludicrous open basketball tournament, and has now made it easier for teams to qualify for post-season play by lowering the standard of a squad's wins from 59 to 50 percent.

So what does it mean? An 8-8 soccer squad is eligible for the tournament along with the 14-2, 12-4 and 11-5 teams.

And while the rule change doesn't even approach the stupidity of the now-defunct come-one, come-all hoop tourney, the post-season in soccer, field hockey and volleyball will include teams that really have no business playing beyond their last regular-season game. Let's call them mediocre teams for lack of a better word. The MIAA would probably use a more politically correct term, "win deficient."

At the cross-country all-states, several years back, there were two races on the day. One boys race and girls competition including all divisions from eastern, western and central Mass. It was the *only* time all year where the best harriers the state had to offer met on the same starting line to do battle.

There was nothing quite like watching the lead pack, with a smattering of runners from throughout the state, pass the mile mark at the Franklin Park Golf Course's club house, holding a 4:24 pace.

At there end there was one winner. Period. The state champion. The five-highest finishers on the same squad were deemed the state championship team.

Ask the hard-core cross-country fan what he thinks of the change and you'll notice a wince similar to those from people reacting to the tasteless punchline of the latest Nicole Brown Simpson joke.

The cross-country format includes a Division 1 and 2 race. Two state champions are crowned, along with two teams. Add the girls' results and you have two more of each.

But that's the MIAA. Hey, if it ain't broke they'll break it anyway. It's the coaches and players who are there to pick up the pieces.

—Joe Reardon

*****

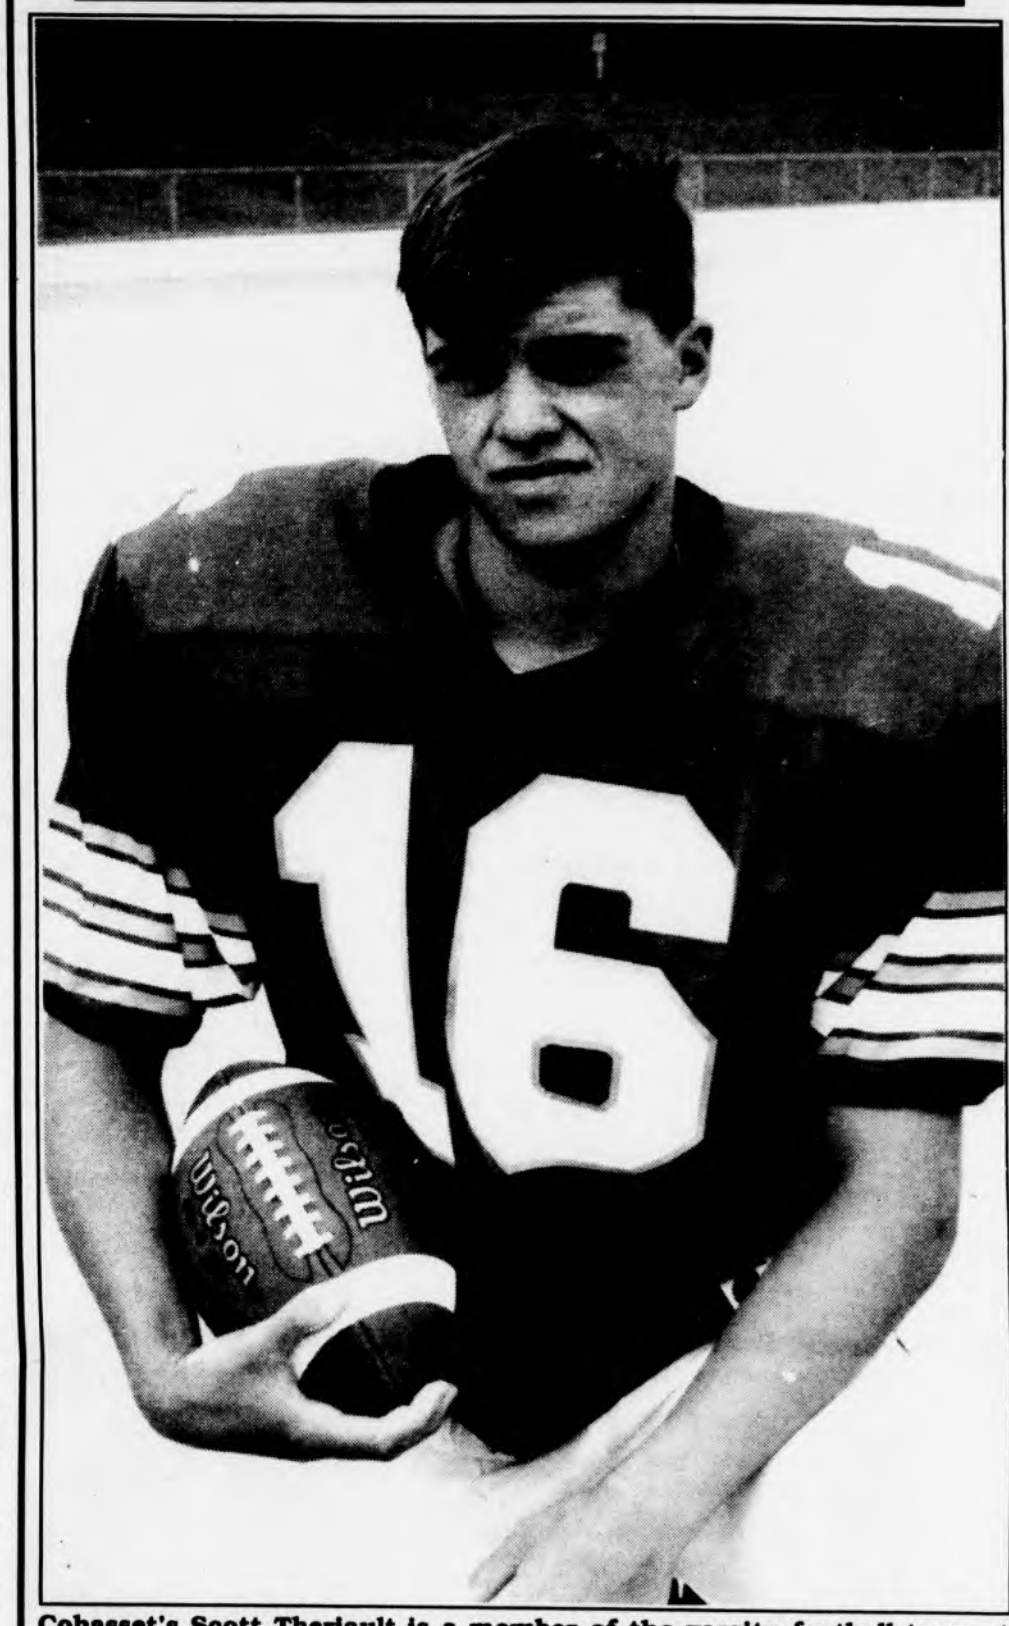
Come on, let's all be honest here. How many of you thought last year's Boston College victory over Notre Dame was a fluke and the Fighting Irish were going to destroy the Eagles in last Saturday's grudge match?

Me, for one. I believe more people credited former B.C. coach Tom Coughlin with leading the team to victory in '93 than Glenn Foley's arm and Dave Gordon's kicking leg.

It's nice to see Dan Henning's stock go up in the Boston football community now that Coughlin is gone. And it's *always* fun to watch Lou Holz in a post-game interview following a loss. Still, give me creatin' Billy Knight explaining why his Hoosiers lost anytime.

—J.R.

Where are they now?



Cohasset's Scott Theriault is a member of the varsity football team at Worcester Polytechnic Institute. Theriault graduated from C.H.S. this past June.

it's happening

Amateur Gardeners

The Amateur Gardeners of Cohasset will meet at 1:00 p.m. on Oct. 18 at the home of Martha Hurtig, 58 Gammons Road. The speaker will be Mrs. Lee Jobert, a medicine herbalist.

For further information call Virginia Nast at 383-1507.

Historic hauntings noted

The Cohasset Historical Society will present "Historic Hauntings" at the Captain Wilson House Museum on Friday, Oct. 28, Saturday, Oct. 29 and Sunday, Oct. 30 from 5:00 to 7:00 p.m.

All ghouls, ghosts and goblins are welcome. Suggested donation is 50 cents, and children must be accompanied by an adult.

Raising a healthy child

A seven-part workshop series is offered to Cohasset parents and community members. The series is designed to provide a forum for discussion of relevant adolescent health issues and effective parenting techniques.

The dates are: alternate Mondays, from Sept. 19 to Dec. 12, 7 to 9:15 p.m., at Cohasset High School. The cost is approximately $13 for reference text, *Parenting Teenagers*.

Facilitators: Ed Leonard, M.Ed., Adjustment Counselor, Deer Hill/Joseph Osgood School, 383-6115; Michael Gill, Ed.D., Health Education Coordinator, Cohasset Public Schools, 383-6107.

SESSION 3 (Oct. 17)

• Health component: Eating Disorders.

Discussion: Approximately one million adolescents are affected by anorexia nervosa and bulimia. Every year, thousands of young people go on diets to meet some goal of ideal thinness. Some do it to be popular with the opposite sex. Some do it to improve their athletics. Some do it just to prove they are in control of their own life. Topics: unhealthy attitudes, overweight, underweight, contributing factors, treatment and prevention.

• Parenting component: Communication is Problem Solving.

We will further develop communication skills in this session, specifically with expressing feelings, and then explore an effective problem solving method. Topics: expressing feelings; use of the "I" message; exploring alternatives; five-step problem solving method.

Author visits Buttonwood

Yoki Kawashima Watkins, author and Cape Cod resident, will sign copies of her newest book *My Brother, My Sister and I* Friday, Oct. 14, from 12:30 to 2:30 p.m. at Buttonwood Books & Toys in Cohasset. *My Brother, My Sister and I* continues the harrowing and inspirational true story begun in *So Far From the Bamboo Grove* of how the author and her older brother and sister lived as refugees in post World War II Japan. She will read from her book, talk with students and sign copies of her books. Call 383-2665 for more information.

Mental health on cable

Tonight, Thursday, Oct. 13, host Wigmore Pierson's guests on Pierson to Person will be three mental health experts discussing issues dealt with in therapy, the consulting process, and distinctions among therapeutic approaches to such concerns as depression or anxiety, marital issues, gender relations, difficulties with children, and mid-life concerns. Scheduled guests are Dr. Robert Beckhardt, in private practice in Hingham, and Dr. Mark Piciotto and Richard Elliott, LICSW, both affiliated with Mass. Bay Counseling in Pembroke.

The Pierson to Person television show is broadcast live each Thursday, 8 to 9 p.m., from the North Scituate studio of Continental Cablevision. The show airs on Channel 53 in Hingham and on Channels 3 and 53 in Cohasset.

The public is invited to be part of the studio audience each Thursday evening. Those planning to attend should be at the studio on Gannett Rd. by 7:30 p.m.

For further information about upcoming guests and additional show information call the Pierson Show's executive producer, Robert Belliveau, at 545-2500.

Halloween fair slated

The Community Center Nursery School will host its annual fundraiser, The Halloween Fair on the Cohasset Common, Sunday, Oct. 30 from 1:30 to 3:30 p.m. In case of rain, the fair will be held in the community cent[illegible]

Children of all ages will gather in their Halloween costumes to partake in an afternoon of fun and laughter. The fair will begin with the traditional costume parade around the Cohasset Common followed by many special activities, games of skill and games of luck. Yearly favorite activities include cupcake decorating and apple creature creations.

This year some new games have been added for the children to enjoy. Be sure to stop by The Treasure Hunt and Ghostball in the circle of games.

Every child will leave each game with a prize and each activity with a delicious creation to eat. Face painting, balloons and refreshments stands will complete an afternoon of fair-going. There is sure to be a good time had for all.

Pumpkins of all kinds may be decorated for the Pumpkin Contest and dropped off at the common at 1 p.m. Pumpkins will be judged in many categories, each one is sure to be a winner.

Tickets for all games and activities may be purchased at the fair, tickets are four for $1. Most games require two tickets to play and three tickets to partake in an activity.

Everyone is welcome. The nursery school sponsors this event for the enjoyment of all.

Newcomers meet

The Scituate Cohasset Newcomers Club has planned a newcomers coffee on the evening of Oct. 20 at a private home in Cohasset. Anyone interested in joining Newcomers along with new members are welcome to attend and get acquainted with the activities of Newcomers.

All new residents of Scituate and Cohasset or residents experiencing a change in lifestyle are invited to join. For more information please call 545-2458 for Scituate and 383-0454 for Cohasset or drop us a line at P.O. Box 623, Cohasset 02025.

Gardeners to meet

The Community Garden Club of Cohasset will meet at 9:30 a.m. Tuesday, Oct. 25, at Walton Rodgers Hall, St. Stephen's Church. Coffee will be served at 9 a.m.

The guest speaker will be Bruce Roberts, manager, of the department of horticultural education, research and outreach at the Massachusetts Horticulture Society. Water conservation in the New England landscape will be the topic.

Teen bridge lessons

The Cohasset Recreation Department is currently accepting telephone registrations for a Teen Bridge Class to be taught by master bridge teacher Barbara Elliot.

If you are between the ages of 13 and 18 years and are interested in learning how to play bridge, please call the Cohasset Recreation Department office at 383-6791. The fee for this evening program, 6:30 to 8:30 p.m., is $22 per participant per five-week session.

Class must be restricted to 12 members and the exact evening will be determined based upon majority of class/instructor availability.

Furniture class signup

The Cohasset Recreation Department is accepting telephone registrations for furniture restoration-refinishing-revitalization classes, taught by Kenneth Sargent of Cohasset Country Workshop, by calling the recreation office at 383-6791. Classes are Saturday mornings from 9 to 11 a.m. beginning Oct. 15. The fee for the program is $64 per person. Classes meet at the Cohasset High School Woodworking Shop.

Grownups get to howl

Why should just the kids get to have all the fun on Halloween? From 8 p.m. to midnight, Saturday, Oct. 29, all grownups will have a chance to howl at the Community Center's Masquerade Ball. Prizes will be awarded throughout the evening for the best costumes. Creative dress in the Halloween spirit is encouraged by not mandatory. Tickets are $25 per couple in advance, and $30 at the door. Cold hor d'oeuvres, coffee and desserts. Tickets are available at the Community Center or by calling Susan Carr at 383-0331. For food donations, call Mary Sullivan at 383-6666.

55 Alive — Mature Driving Course

The American Association of Retired Persons will present the 55 Alive driver course from 9:30 a.m. to noon at the Cohasset Senior Center. The eight-hour classroom course focuses on how drivers 55 and older can compensate for potentially reduced physical and perceptual skills.

The instructor, Cal White, says the course includes information on coping with traffic, car safety, vision and hearing, and adverse driving conditions.

The course, which began in 1979, was the first nationwide, comprehensive program designed especially for older drivers. Those who are 65 and older who complete the course can receive a discount on their auto insurance. Those interested in registering for the program should call the CoA.

Day: Wednesday and Thursdays. Date: Oct. 19 and 20. Time: 9:30 a.m. to 1:30 p.m. Fee: $8. Location: 3 No. Main St.

Must be prepaid!

Class size will be limited to 20, and the course is open to residents o Cohasset and nearby communities. Bring your lunch, beverage will be provided. Call 383-9112.

Where Am I Going To Live?

Wednesday, Nov. 9, the Cohasset Council on Aging will conduct a housing forum titled "Options for Retirement Living."

Panel will include representatives from Evanswood Center in Kingston, Lincoln Apt. in Hingham, The River Bay Club, Quincy and the Village in Duxbury.

If you have any questions about available housing options, this program will help to answer many of them.

Nov. 9, 1 p.m., 3 North Main St. Call 383-9112. Limited seating.

STEP PROGRAM

Exercise-Step Aerobics with Hand Weights. Monday, Wednesday & Friday. It's a fact! The best way to start your day is with an invigorating workout. Join our senior exercise class for these benefits: increased flexibility, muscle strengthening, and cardiovascular (aerobic) fitness. Most importantly, we have fun while we're improving our bodies. Here are the class requirements:

1. You must be at least 50 years old; 2. Wear loose fitting, comfortable workout clothing; 3. Wear aerobic shoes; 4. Bring your sense of humor, plus your desire to live a long healthy life.

Inst.: Karen Kirkendall. Location: Cohasset Community Center Gym. Time: 7:30 to 8:15 a.m. Date: Ongoing. Donation: $2 per class.

TUESDAY: ARTS

Come join us, and let us surprise you with all the gifts and decorations you will learn to make for the holidays, etc.

Location: 3 North Main St. Time: 10 a.m. to noon. Donation: $1.50 per class.

MONDAY: BRIDGE

For all those interested in learning the game of bridge. Bridge is enjoying a resurgence here in New England, and you don't want to miss out on the fun! Here's a new class for those who have played some and want to improve their game. You will learn the rudiments of bidding and gain experience by playing with a congenial group.

Inst.: Barbara Elliott; Location: 3 No. Main St. Time: 1:30 to 3:30 p.m. Donation: $24/6 weeks.

TUESDAY: BRIDGE

A continuous bridge course covering American Contract Bridge League bidding: play of the hand and defensive skills.

Instr.: Barbara Elliott. Location: 3 No. Main St. Time: 1:30 to 3:30 p.m. Donation: $24/6 weeks.

"EASY DOES IT"

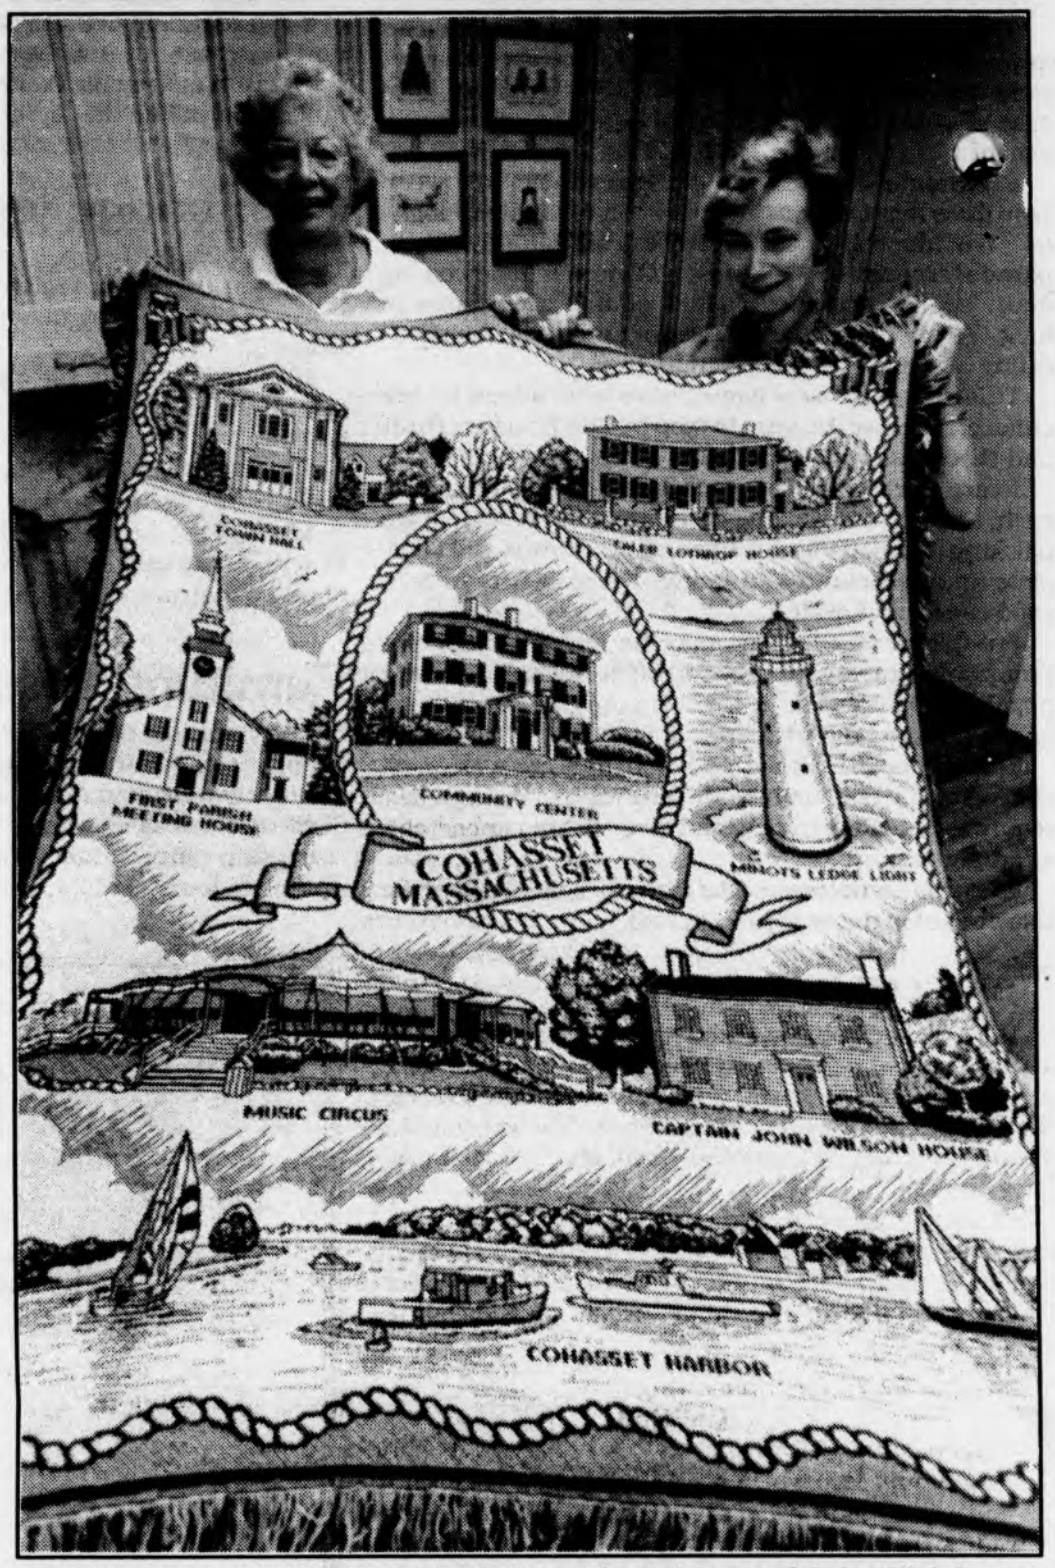
This program is designed to keep us feeling well. Dyna-bands are used to increase muscle strength, improve posture and achieve a feeling of well being. It aims at achieving flexibility, muscle strength, and aerobic efficiency. Class consists of a warm up, low impact dance, and easy aerobics. Abdominal and lower body work are also taught.

Inst.: Ginny Waterman. Location: 3 No. Main St. Day: Tuesday. Time: 11 a.m. Donation $1.50 per class.

HEALTH ENHANCING MOVEMENTS

Forty-five minute program to music with a cardiovascular portion for your heart and lungs (aerobic) that is low impact. There is flexibility work in the form of stretching before and after the aerobic portion. No workout is complete

(See page 23)



Betty Grassie and Kathy Bryanton hold up the Cohasset afghan which is part of the Helping Hands Afghan Project sponsored by the Glasshouse of Hingham. The afghans sell for $49.95 (plus $2.50 tax), $10 of which will be donated to the combined coffers of the Friends of the Council on Aging and the Cohasset V.F.W. Call the Glasshouse at 749-2290 to reserve your order by credit card. Call the COA at 383-9112 for more information.

REAL ESTATE UPDATE
DON'T HELP REALTOR SELL
QUESTION: We have just listed our home for sale. Should we stay out of the Realtor's way when they show prospects around?
ANSWER: One of the best ways to sell your house is to keep out of it when it is being shown! If you MUST be around when the house is being shown, greet the prospect graciously, take the children and pets and retire.
This may sound uncharitable but, believe me, it's sound advice. The Realtor is a skilled negotiator; he or she has the experience and know-how to bring a buyer to an acceptable price without showing the emotional involvement which could put the seller at a disadvantage.

without some form of strength work and we will use a combination of weights and resistance bands.

Location: Gym. Instr.: Mary Jane Butera. Time: 7:55 to 8:35 a.m. Tuesday and Thursdays. Donation: $2 per class.

"CHANTICLEERS" BREAKFAST CLUB JUST FOR MEN

No dues, no charges, just the cost of breakfast or other events, such as day trips, evening dining and overnights, (room and meals).

Coordinator: Win Merrill. Location of Departure: from High School Tennis Courts. Day: Wednesday. Time: 8:45 a.m. Date: Ongoing. Call: 383-9112.

Wednesday: Counted Cross Stitching Class

Come join us and cross stitch. Things to bring: basket or box or large envelope, count aida cloth 12 x 12", tapestry needles #26, cotton embroidery floss, wooden or plastic hoop, pin cushion and pencil, scissors.

Location: 3 North Main St. Time: 10:30 a.m. to noon. Donation: $2 per class.

Wednesday: Line Dancing

Beginners-to advanced. Learn to cha-cha, rumba, waltz, polka. Join the family of line dancers and make wonderful friends.

Location: Community Center. Time: 9:30 to 11:30 a.m. Donation: $2.50 per class.

Watercolor Classes

For beginners, intermediates and advanced painters who want to work together. Learn the tools of artistic growth. Special talents are unnecessary, for it is the art of doing that produces private masterpieces. These watercolor lessons are for both beginners and advanced watercolorists. They help beginners to move beyond lucky accidents to achieve greater control. These same techniques provide the spontaneous stimuli that excite the advanced artists to move in new directions.

Inst.: Kit Bryant. Location: 3 North Main St. Day: Thursday. Time: 1:30 to 3:30 p.m.

Bowling For Senior Citizens

Candlepins; bowling shoes supplied; 4 alleys (can accommodate up to 20). Men and women are encouraged to come for a fun-filled morning.

Inst.: Bill O'Connell. Location: Community Center. Day: Thursday. Time: 9:30 a.m. Donation: $1 per string or $2.75 for three strings.

Quilting

Keep warm this winter under a beautiful, handcrafted quilt that you yourself have made! Learn the elements of patchwork and quilt making. Discuss traditional and contemporary quilt designs and learn construction, techniques-piercing, appliquéing, borders, marking, quilting and finishing. Leave the class with your own special work of art. Beginners are welcome to start with advanced quilters and learn basic skills.

Location: 3 North Main St. Day: Thursday. Time: 9:30 to 11:30 a.m. Date: Oct 6. Donation: $3 per class.

Knitting

Learn the basic techniques of knitting, including how to select patterns, books, and yarns. You will learn by working on your own projects including sweaters, afghans, mittens, etc.

Inst.: Edna Finegan. Location: Community Center. Day: Friday. Time: 1 to 3 p.m. Donation: $1.50 per class.

Tai-Chi

This class is a beginners-level introduction to the Chinese art of meditation in motion. Tai Chi promotes mental, emotional, and physical healing by combining movement, meditation, relaxation, and self defense. Its principles are so fundamental, proficiency in any physical activity or sport is greatly enhanced by it. In Western terms, it can be described as no-impact aerobics and, to an outside observer, resembles a slow-motion dance. Every muscle, joint, ligament, and organ is thoroughly exercised.

Location: 3 No. Main St. Day: Friday. Time: 9 to 10 a.m. Date: Ongoing. Donation: $3.50 per class checks payable on the first Friday of the month.

Gourmet Cooking Club

Burgers again? Fat chance! Come join us and learn new culinary skills — Italian feast or French cuisine along with decadent desserts. The highlight of this class is that you dine on the fine cuisine you create. Classes meet on the second and fourth Monday of the month in the kitchen of St. Stephen's Church. The instructor has years of experience in the cooking and catering business.

Inst.: Anna Abbruzzese. Day: Mondays, twice a month. Time: 9:30 a.m. to 12:30 p.m. Date: Oct. 17. Donation: $2.50 per class plus $10 for materials. Limited enrollment.

Morning Nature Walks

The walking group meets at the Senior Center Tuesday, Wednesday and Friday mornings at 9 a.m. Walking is an excellent form to make us seniors fit! Tuesdays we walk at a slow pace, Wednesday and Friday at a fitness pace. All seniors welcome to join us!

Leader; Ann Leonard. Time: 9 to 10 a.m. (for daylight saving time). Date: Ongoing. Donation: No fee. Call: 383-9112.

Computer Programs

Computer for the Novice

Overcome your fear of computers with this hands-on overview of computer hardware and software and its major applications. You will learn what computers are used for, system and analysis, and computer use for everyday living. Also covered will be common computer terminology and purchase considerations.

Limited to six people. Open to anyone over 50. Inst.: Cathy Carlson. Location; 9 Depot Court. Call for date and time. Call: 383-9112.

Computer for the Intermediate

Limited to six people. Inst.: Cathy Carlson. Location: 9 Depot Court. Call: 383-9112.

Cohasset Mariner

Vol. XVI, No.51 | Thursday, October 20, 1994 | 1-800-649-6661 | 50 cents

Moderator vows to keep reins on Greenbush debate

By Mary Ford
Mariner staff

The 100-person quorum required to get the special town meeting underway on time at 7:30 p.m. Monday probably won't be a problem.

The first article on the warrant — restoration of the Greenbush Line of the Old Colony Railroad project — is bound to attract a crowd.

The citizens' petition article is sponsored by the Coastal Coalition, a highly vocal, activist group opposed to bringing back the train.

When the group appeared before selectmen last month, about 50 people on both sides of the train issue crammed into the board's town hall office. As debate grew heated, selectmen had difficulty keeping the meeting under control.

Town Moderator George Marlette said he will keep town meeting reins tight.

"Any shouting match will not be tolerated," he said.

(See page 7)

Local artist JoAnne Chittick, who is also a member of the school committee, paints one of the many beautiful homes on North Main Street.

Town meeting to consider major improvement projects

By Mary Ford
Mariner staff

The train isn't the only subject likely to create interest at Monday's Special Town Meeting.

Proposed water and sewer projects could affect voters' pocketbooks and quality of life in town. And if the town should expand Beechwood Cemetery or build a new one off Rte. 3A may stir up some debate.

: 'We have a lot of business to transact, I'd hate to see us get distracted on one article.'

— Town Moderator George Marlette.

Town Moderator George Marlette said the 37 warrant articles will be taken in order. The sewer articles (numbers 22-26), however, will be taken up on the second session Tuesday evening, even if the prior articles move quickly Monday.

Marlette explained that because the town pays for the experts retained to help elaborate on the sewer articles, it will be less expensive to ensure they only

'Spirit Week' has a day for everyone

By Joe Reardon
Mariner staff

While town officials have been busy this week preparing for what lies ahead at Special Town Meeting, students at Cohasset High have spent the past week wearing their favorite pajamas to class, dressing with their clothes inside out and donning hats, ties and sunglasses.

Sound like a scene from "One Flew over the Cukokoo's Nest?"

Close.

It's "Spirit Week" for students, leading up to the crowning of the Homecoming king and queen at halftime of Saturday's 1 p.m., football game against Old Colony.

And though the Skippers have been struggling of late

Cohasset's week

Godzik helps campaign

Health Agent Dr. Joseph Godzik, a member of the board of directors for the American Lung Association of Greater Norfolk County, is helping to promote the upcoming Christmas Seals Campaign.

The Christmas Seals Campaign is a primary source of revenue for the Lung Association's fight against breathing disorders. Sheets of decorative stamp-like seals are mailed to more than 30 million American households, including 30,000 in Norfolk County, for use on holiday correspondence and packages. Campaign contributions help fight lung diseases, such as asthma, emphysema and chronic bronchitis, in young and old alike.

Acting chief named

Selectmen appointed Capt. Robert D. Silvia as acting fire chief while Fire Chief Roger W. Lincoln is away Oct. 24-Nov. 6.

Hingham won't wait

Selectmen heard from Charles Cristello, executive secretary for Hingham, this week about Hingham's wish to implement Enhanced 9-1-1 as soon as possible. Cohasset selectmen had hoped that towns in the five-town proposed Seaside Fire and Rescue District, which includes Cohasset and Hingham, would hold off installing E-9-1-1 individually and opt to go for a regional approach to that service. Cohasset asked that the towns set up a task force to study regionalized E-9-1-1. Cristello said while Hingham is interested in participating in the task force it doesn't want to put off installing E-9-1-1 which should be on line next year.

Police officer wanted

Acting on the request of Police Chief Brian W. Noonan, selectmen will ask for a Civil Service List of prospective Cohasset police officers to replace Brian Cogill who recently retired.

"I do not foresee the availability for a training academy until at least March 1995," Noonan said. "But I would like to start the application and interview process as soon as possible and make the starting date contingent on the availability of a Criminal Justice Training Academy."

Races, walks approved

Selectmen granted permission for the Rotary Club to hold its annual road race on April 23 and will allow the National Multiple Sclerosis Society to use the Sandy Beach parking lot for a checkpoint during its annual benefit walk April 1.

Unfunded week okay'ed

Selectmen have declared Oct. 24-30 as National Unfunded Mandate Week in Cohasset. This year's campaign is designed to continue to educate citizens about he impact of unfunded mandates on local budgets and to organize grass-roots support for a significant change on how the federal government develops and implements laws affecting local governments.

Car hits Hennessy's

A car driven by Kathleen Kelly, 74, of 60 Elm St. went over the curbing and crashed into the front of Hennessy News on Brook Street last Thursday afternoon.

There was minor damage to the vehicle but considerable damage to the building, police said.

Kelly was cited the following day for negligent operation, police said.

Pond Street resident John K. McNabb, Jr., whom police said sustained minor injuries, was apparently using the copier at the front of the store and jumped out of the way of the oncoming car in the nick of time.

cohasset's week

Union contract inked

After four years of negotiations, the 19-member Konohasset Clerical and Custodial Association, has its first contract with the town.

Town meeting voters will be asked Monday to appropriate about $46,000 to pay for salary increases for the union. The four-year collective bargaining agreement is the first for the union which formed in December 1990.

"The important thing is that the townspeople and the powers that be at town hall understand the goal of the association is for fair and equitable treatment across the board; equal pay for equal work; and for a format to discuss problems.," union president Carol Oteri-Puffer said.

The agreement is retroactive and due to state law on how far a contract can go backwards, the union receives no increases in the first half and gets 5.57 percent and 3-1/2 percent raises in the second half of the contract. Spread out over the four years, however, the union is receiving exactly the same percentages that the town gave the police, fire and library unions, Executive Secretary Gregory Doyon explained. The contract expires in June 1995.

Oteri-Puffer said she is proud of the association members.

"I'm very proud of the unity, support, caring and giving of the members — they deserve a round of applause," she said.

Boat house won't move

Monday selectmen decided the Hagerty boat house, which has been embroiled in a turf war between the historical commission and Hagerty committee, should stay where it is on the town-owned Hagerty property off Parker Avenue and not be moved to Government Island.

They also decided to authorize the Hagerty committee to use volunteer labor to shore up the structure for the winter. Selectmen said they will decide whether or not to rent the structure to the non-profit Cohasset Maritime Institute (CMI), which will turn it into a living museum on rowing. in two weeks.

CMI was the only group to submit a proposal to the town to lease the boat house. CMI could also do the renovations and refurbishing if the $6,500 the work is expected to cost is turned over to that group, Hagerty committee spokesperson Vee Roebuck said. Selectmen will discuss the matter Oct. 31.

Brush chipping slated

Cohasset chipping weekends: the Board of Health has arranged with tree and park department for Cohasset residents to dispose of tree limbs, branches and brush on the following days only at the Cedar Street Recycling Transfer Station.

Saturday, Sunday and Monday, Oct. 22, 23 and 24. Hours 7:30 a.m. to 3:30 p.m.

A current 1994 Cohasset RTF permit is required to enter the facility. No commercial contractors or landscapers allowed. Vehicles will be stopped by a recycling monitor and directed to disposal location. Branches limited to four inches in diameter — no length restrictions. Hedge clippings, small twigs, etc. can be disposed in compost pile. No plastic bags are to be left in pile.

Rabies clinic is Oct. 22

The Cohasset Board of Health will sponsor a Rabies clinic from 9 a.m. to noon, Saturday, Oct. 22 in the town hall auditorium.

Cats will be vaccinated from 9 to 10:30 a.m. and dogs from 10:30 a.m. to noon.

Dogs must be leashed and cats must be caged, the health board said.

State regulations require that all cats as well as dogs be immunized for rabies. With the current rabies epidemic, immunizations are an important step in protecting animals and humans, the health board said. Other pet immunizations are also available. The costs are Rabies $8, Distemper $10, Feline Leukemia $10, and Lyme disease $12. South River Veterinary Services will provide assistance with the vaccination program. Checks should be made payable to SRVS. Cash will also be accepted.

Long search for war buddy has a happy ending

By Mary Ford
Mariner staff

It took the two old friends nearly 50 years to get together again but only a few minutes to catch up.

"We picked up right where we left off," Tony Finegan, 70, recalls.

Finegan, who served in the Army during World War II, was stationed in Burtonwood in the county of Lancashire, England. He spent his free time at a servicemen's canteen in nearby Wigan where he met Simpson "Sammy" Wood.

Wood, who was a flight sergeant with the Royal Air Force (RAF), and Finegan became fast friends.

After the war Finegan returned to New York City with his bride, Edna, whom he also met in Wigan. A Londoner and survivor of the blitz, Mrs. Finegan enlisted in the RAF at only 17-1/2. When the Finegans lost touch with Wood in 1947, he was a warrant officer somewhere in Egypt.

"For many years, we tried to find Sammy but it never clicked," Finegan said.

But that all changed last winter. The Finegans were planning a trip to England and decided to give their search for Wood one more try. Finegan wrote a letter to the commander of local British Legion chapter in Wigan, who sent the letter to the *Wigan Observer*, the local paper.

Within a couple of weeks, the Finegans mailbox was full of tips from local folk including a letter from Wood himself.

Finegan picked up the phone and called his old friend.

"It took a few minutes to get in tune with the accent again," he recalls.

Wood and his wife invited the Finegans to stay with them at Hindley (near Wigan) for a week.

In July, Wood and Finegan reminisced, toured some local sights, and went fishing.

"He fishes trout and I fish stripers and he got me a trout," Finegan said.

Finegan said Wood's friendship meant a lot during the war years.

"He symbolized all the good hearted people away from all the unpleasantness," he said.

The couples also got together briefly this month when the Woods had a break on their New England "leaf peeping" tour.

Mrs. Finegan says the friendship isn't going to have another gap.

"We're not going to let it go again," she said.

The Finegans, who moved to Cohasset 21 years ago, live on Doane Street. They have four children and five grandchildren.

Tony Finegan who served in the U.S. Army met his wife, Edna, who was with the RAF, in Wigan. The Finegans live on Doane St.

Simpson "Sammy" Wood was a flight sergeant with the Royal Air Force in World War II.

Tony Finegan and Sammy Wood get together again in Wigan, England after nearly 50 years.

Mom needed a helping hand... not a nursing home.

We all knew Mom was slowing down and could use some help, but even her doctor said she didn't need a nursing home. While she knew she could rely on us, Mom insisted she didn't want to be a burden to her children.

That's why we're all so glad she found a beautiful new home at Allerton House. Assisted living is a wonderful alternative: Mom gets the help she needs to stay as independent as possible, and she's already made a number of new friends.

To find out more about assisted living at Allerton House, or to arrange a tour, call Louise at:

COHASSET VOTERS!

An Important Message from The Sewer Commission Concerning the Sewer Articles at Town Meeting Tuesday evening, October 25, 1994.

(Because this is an exceptionally long warrant, the Sewer Commissioners expect that the sewer articles will not come up until Tuesday evening.)

Five Sewer Commission Articles are included in the Warrant for the Special Town Meeting Tuesday evening. The action the Town takes on these articles will determine the Town's sewer program for the foreseeable future.

HISTORY

In 1975, the Town of Cohasset received a Citation under the Massachusetts Clean Waters Act. The Citation covered a number of minor technical violations of the Town's National Pollutant Discharge Elimination System Permit. As a consequence of the Citation, Cohasset was directed to expand and upgrade its wastewater facilities and sewer service area. On January 2, 1978, the Commonwealth placed the Town on a sewer ban which prohibited additional connections in the sewer service area except under exceptional circumstances. Over the next two years, a number of expanded systems were proposed, none of which were actually approved by the Town.

In February, 1980, the Commonwealth threatened to pursue litigation against Cohasset regarding the wastewater treatment facility. As an alternative to protracted litigation, a Special Town Meeting approved an "Agreement for Judgment" (the Old Agreement) under which the Town agreed to construct a large central treatment plant and expanded collector system. Later Town Meetings objected to this expansion based on a perception that the proposal was inappropriate for the Town's needs. In May, 1988, the Town Meeting did agree to expand the sewer service area and to pump our wastewater to the Town of Hull Wastewater Treatment Facility, which at the time was underutilized. The Commonwealth approved this proposal. The project was never undertaken, however, because the Commonwealth ran out of the funding on which the project depended.

A little over three years ago, in view of the fact that necessary funding for the Hull project continued to be unavailable, the Sewer Commission commenced studying possible alternatives to the Hull pipeline that would be environmentally acceptable and could be accomplished for, or nearly for, the $2,200,000 appropriated at the Special Town Meeting on May 2, 1988. This lead to the consideration of two alternative possibilities, both of which would involve the expansion of the Town's existing plant.

COHASSET'S CHOICES

Three alternatives are contemplated under the "Amended Final Judgment" (the New Agreement). They are:

1. The pipeline to Hull (the "Hull Alternative")
2. Expansion of the present plant with state of the art technology and continuing to discharge into James Brook (the "James Brook Alternative")
3. Expansion of the present plant with state of the art technology and discharging into the harbor (the "Cohasset Harbor Alternative")

For either the James Brook Alternative or the Cohasset Harbor alternative to be approved by the Massachusetts Department of Environmental Protection ("DEP") extremely stringent environmental standards would have to be met under the supervision of DEP. Our engineers believe that at least one of the Cohasset Alternatives, and probably both, can be demonstrated to satisfy the applicable environmental standards.

The DEP and the Attorney General's office have agreed to the New Agreement which permits study, evaluation, comparison and consideration of the three Alternatives. The New Agreement will give the Town the opportunity to conform with the changing environmental requirements of the Commonwealth, together with the potential opportunity to select from the three Alternatives the one that is best suited to the delicate ecology of our town.

PROVISIONS OF THE 5 ARTICLES ARE:

Article 22: This article would ratify the New Agreement which has already been endorsed unanimously by the Board of Sewer Commissioners and the Board of Selectmen.

Article 23: This article would approve investigations call "Facilities Plans" of the James Brook Alternative and the Cohasset Harbor Alternative to determine if one or both meet the strict environmental standards of the Commonwealth. If successful, the Town would save approximately $2,500,000 compared to the Hull Alternative, and we would retain control of our own plant. We would decide how the plant is operated, which expenses to incur, the level of maintenance and other management control. The Board of Sewer Commissioners and the Board of Selectmen unanimously recommend this article.

Articles 24 & 25: These articles deal with the legal expenses entailed in the negotiations with the state.

Article 26: This article would authorize funding for immediate minor alterations to the Town's wastewater treatment plant ("WWTP") with the objective of minimizing the Town's risk of incurring penalties during the period when the New System is being designed and constructed.

WHAT DO THE SEWER ARTICLES ACCOMPLISH?

1. Elimination of Cohasset's discharge permit violation.
2. The end of legal confrontation between the State and Cohasset with the potential for fines of $1000 per day or more.
3. Protection of the public health.
4. An ecologically acceptable plan which provides for environmentally controlled growth and therefore protects and preserves the delicate ecology of our Town.
5. Gives Cohasset the potential to choose from three alternatives the one that is best suited to our Town.

EXPANDED SEWER SERVICE AREA

The following streets or parts of streets were incorporated in the 1988 sewer service area. We expect that our engineer will incorporate most or all of them in the new system.

Arrowwood Road
Ash Street
Atlantic Avenue (from Margin Street to #31)
Bailey Road
Bancroft Road
Bayberry Lane
Briarwood Lane
Border Street (from existing sewer to #119, with line to Town Wharf area and Cohasset Lightkeepers)
Buttonwood Lane
Clay Spring Road
Cushing Road
Evergreen Lane
Hill Street
Holly Lane
Howard Gleason Road
James Lane
Lantern Lane
Norfolk Road
Norfolk Lane
Oak Street
Old Pasture Road
Parker Avenue
Pleasant Lane
Pleasant Street
Pond Street (from existing sewer to Bailey Road)
Reservoir Road
Ridge Top Road
Ripley Road (from existing sewer to Pratt Court)
Short Street
Smith Place
Spring Street (from Cushing Road to Pond Street)
Summer Street (from Border Street to Black Horse Lane)
Tupelo Road
Virginia Lane
Woodland Drive

Deer Hill School (connection via Old Pasture Road)

RESERVE SERVICE AREA

3A from Beechwood Street to Scituate Line
Brewster Road
Ledge Way
Ledgewood Drive
Wood Way
Marion Way

COST INFORMATION

Detailed cost information will be incorporated in a brochure to be distributed at Town Meeting.

Attend Town Meeting!

The Board of Sewer Commissioners urges you to attend Town Meeting on Tuesday Evening, October 25, 1994, at 7:30 p.m. We suggest that you bring this information sheet with you to the Town Meeting.

Edward M. Guild, Chairman
for the Cohasset Sewer Commission

Voters will have final say on water system upgrade

By Tom DeSantes
Mariner Correspondent

Taking a shower, washing dishes or even extinguishing a fire are not generally perceived as luxuries. But in Cohasset last summer, these tasks were not taken for granted because of an alarming decrease in water pressure and fire flow.

The crisis this past summer made it clear that something must be done to update Cohasset's aging water system. In an effort to immediately alleviate and eventually eradicate the problems, Cohasset resolved to begin upgrades as soon as possible.

Oct. 13, the Cohasset Water Commission, along with Tutela Engineering Associatesp, resented the proposal of water system improvements during a public information meeting at the town hall.

The anticipated proposal detailed improvements to key areas in the town where water pressure and fire flow were low, mostly due to Cohasset's outdated water system. At a cost of $19,000, Tutela Engineering determined the flow and water pressure using computer modeling methods. The comprehensive proposal incorporated immediate improvements which would eliminate the pressure crisis which occurred last summer, primarily along the "Gold Coast," and more long-term, final improvements which would benefit the entire system in the future.

Dominic Tutela, president of Tutela Engineering, summarized his proposal to the commission and other attendees. He noted that these improvements are intended to provide the town with "the most for the money." He stressed that Cohasset's water system was in dire need of upgrading and restructuring to bring it to a level of industry standards, but more importantly, to ensure a level of public safety. His study targeted crisis areas, which if improved, would improve the entire system. As a key point, he stressed that although a certain area was being detailed, the improvement would affect the whole system and therefore all residents of the town.

Tutela first described the fire flow tests. Test areas included King Street and Route 3A, Sohier Street and Fair Oaks Lane, Elm Street and Border Street, Beechwood Street and Doane Street, Jerusalem Road and Atlantic Avenue, Nichols Road and Atlantic Avenue, and Jerusalem Road and Linden Street. The hydraulic tests indicated the flow before improvements, after immediate improvements, after all improvements, and the required flow. Although not all improvements would increase the flow to the required level, Tutela explained that this is standard in most towns where the requirements are "met in about 75 percent of the areas tested." The improvements, nevertheless, would create a safer, more usable system for the town in general.

According to Fire Chief Roger Lincoln, the crisis this past summer was cause for alarm. "It was bad enough that people were unable to take showers, but from a firefighters' point of view, the lack of fire flow was frightening."

He continued by adding his support to this plan which would improve the safety of the people of Cohasset.

The Tutela Report also detailed areas for pressure improvement at Linden Street at Rustic Drive, Aaron River Road, Atlantic Avenue, Jerusalem Road at Forest Avenue and Jerusalem Road at Nichols Road. The test showed normal summer flow (one million gallons/day) without improvements, peak summer flow (five million gallons/day) without improvements, peak summer flow with immediate improvements and peak summer flow with all improvements. During this past summer during peak flows many areas were reading negative flow measurements, yet after the theoretical computer generated improvements they were flowing regularly.

(See page 16)

Health board split on cemetery options

By Sean P. Sweeney
Mariner correspondent

At its meeting Tuesday, Oct. 18, the Cohasset Board of Health received testimony from Cohasset resident Glenn Pratt of 482 King Street regarding Article 30 on the Warrant for the Special Town Meeting of Oct. 24.

Pratt is one of ten town residents who are petitioning town meeting for the necessary funds to carry out engineering studies, hydrogeological studies and other work necessary to or related to the permits for construction of Phase I of a new town cemetery on land owned by the town and located on Route 3A.

Chairman William Baird expressed enthusiasm about plans for a long-range solution to the town's problem of dwindling burial space.

"Up to this point everything that has been done has been stop gap, stop gap, stop gap. This seems like a real long term solution," Baird stated.

Article 30, however, is not the only request for funding on the warrant relating to the town's cemetery needs. Articles 28 and 29 seek funds to expand and beautify the Beechwood Cemetery.

According to one representative of the Beechwood Expansion Committee, the expansion will provide the town with an additional 280 gravesites. At current town usage rates, that will serve the town for approximately five more years.

Present estimates for the completion of a new cemetery at the Route 3A location are that it would be a minimum of three years before it could be operational. Based on this, the proponents of Article 30 would like to see the plans begin. According to some professional engineers in attendance at the meeting, an initial site assessment in order to determine if the site is appropriate for construction of a cemetery would cost somewhere in the area of $20,000.

Supporters of Articles 28 and 29 are in favor of completing the Beechwood expansion before undertaking any of the work associated with the new site. Their reasoning is that the funds for both projects will be coming from the same source. If both groups work parallel to one another, the available funds may be inadequate and result in the stalling of one or both plans.

After hearing the various positions of the parties involved, the board voted 2-1 not to endorse Article 30. Selectmen also declined to endorse Article 30. Chairman Baird was the sole health board member to vote in favor of endorsing the article.

In other business, the board postponed a scheduled meeting with representatives of the Cohasset Heights Ltd. Landfill until town engineers have had the opportunity to review the latest Comprehensive Site Assessment Scope of Work which was submitted to the board. Baird said that the site assessment was pretty thorough and that it has been submitted to Camp, Dresser & McKee, the town's engineers, for review and comment.

The board also acted on various requests for variances and emergency septic system repairs at locations on Bates Ln., Rust Way and Brewster Rd.

Moderator vows to keep reins on Greenbush debate

(Continued from page 1)

Marlette said that additional roped-off areas will be provided for non-residents on the floor of town meeting. At the selectmen's meeting on the train, residents from Hingham and Scituate tried to present their viewpoints. Marlette said he would restrict presentations and comment on Article 1 to Cohasset residents.

Marlette said any voting on Article 1 will be done by paper ballots which will be distributed to Cohasset voters when they register as they enter the high school gym where the special town meeting will take place.

Marlette explained that Article 1 which asks if the town supports commuter rail service through Cohasset even if it means higher taxes, numerous grade crossings and tracks abutting an elementary school is "technically not a viable article because it doesn't accomplish anything."

He said if the article is advanced it would be in the form of a resolution and is non-binding, although it does become part of the official record.

"Town meeting is not the right forum for ideological debate," Marlette said.

Cohasset's selectmen, who are divided on the train, decided to take no position on the article at their board meeting this week.

Selectmen however will support Article 17 asking the town to appropriate $15,000 for a consultant to advise the town on how to respond to the state Environmental Impact Report on the Greenbush project.

That article seems to have helped the board find some middle ground.

"Mitigation is especially important, we need to get the best deal for the town if this project comes," Selectman Jane Goedecke, who supports rail restoration, said Monday.

Selectman Peter Pratt, who is opposed to Greenbush, agreed, saying that Article 1 is premature.

"The three questions raised on impacts to the town — article 17 is there to help us answer," he said.

Town meeting . . .

(Continued from page 1)

have to appear one night.

Town meeting voters will decide whether or not to accept a new agreement with the state authorizing the town to explore less expensive alternatives than hooking up to the wastewater treatment plant in Hull. Voters will be asked to appropriate money to study the James Brook and Cohasset Harbor alternatives which both involve upgrading the town's existing sewer plant.

Burial space in town is disappearing fast. There are three articles addressing how best to attack Cohasset's cemetery space problems. The cemetery committee will ask that money be appropriated to pursue expansion of Beechwood Cemetery. A citizen's petition article, whose spokesman is former cemetery committee chairman Glenn Pratt, will ask the town to appropriate for money to pay for studies on use of land off Red Fox Lane (off Rte. 3A) as a new town cemetery.

Water commissioners are asking for funds to upgrade the town's water distribution system (see water story pg. 6). Marlette hopes the train won't sidetrack town meeting business.

"We have a lot of business to transact, I'd hate to see us get distracted on one article," he said.

Town meeting will take place in the high school gym rather than the auditorium because the stage is set up for a play, Marlette said.

The best bank in Cohasset is still in Cohasset.

As Cohasset's community bank, we're quite different from other banks in town.
- We have no stockholders...so our customers get all of our attention.
- We have no offices outside of town...So Cohasset enjoys the bulk of our loans.
- We have no lengthy review procedure...So your questions are quickly answered.
- We have no big or fancy offices...So you pay less when you bank with us.

More personal service. Less costly services. Come to the Pilgrim for better banking.

around town

by Sallyann Chatterton

❑

We begin this with a plea to any graduates, parents, of graduates, or children of graduates of Cohasset High School. The **yearbook staff** is trying to accumulate a full collection of past yearbooks. If you have, or know someone who has and would be willing to donate, yearbooks from 1985, 1971, 1963, and before 1952, we would greatly appreciate it! Please call **Florence Ely** at 383-6100 or drop by the high school. Also, to any former members of the Class of 1995, please send in your photo!

❑

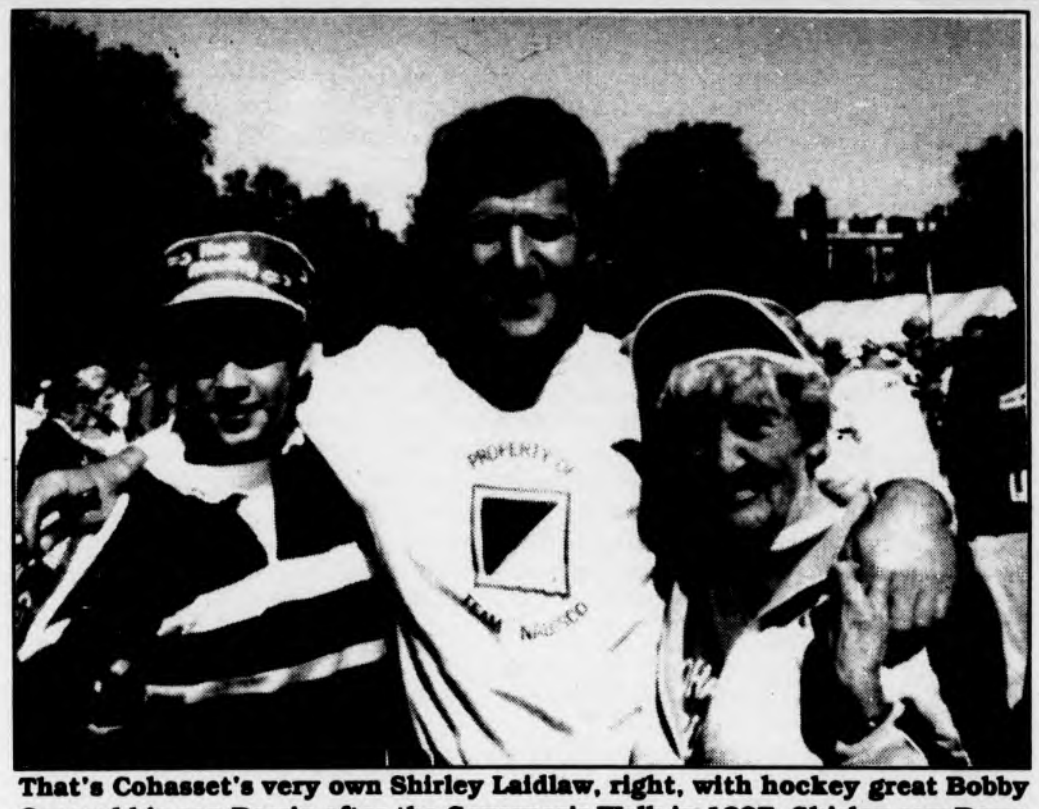
Speaking of Cohasset High School, don't forget that this weekend is homecoming. The football and soccer teams will do their best to win for you, the gals will put on their finest and then one will be chosen as the 1994 Homecoming Queen. The whole day is really a fun one, then there is a dance at CHS that night to celebrate the festivities. Lots of CHS grads will be coming home for the first time since leaving this fall, you can be sure they will have stories to tell. Be there, enjoy it!

❑

We received word from James Madison University, and **Noah Hill** was the reason. Noah, of 256 Forest Ave., earned his BS and was awarded his degree during the recent August 1994 graduation ceremonies. Congratulations to you Noah, we know you'll do well in the business world.

❑

Received the sweetest note from **Shirley Laidlaw** last week. Remember the article that was written about **Dawn Meehan** and her picture being taken with the great **Bobby Orr**? Well, Shirley had hers taken with him too, when she took part in the Governor's Walk in 1987. The young man in the photo is Bobby's son, **Darrin** (who was 13 at the time). Could this be the same son that is in the BayBank ad, calling home for money to attend a concert? Take a good look, what do you think?



That's Cohasset's very own Shirley Laidlaw, right, with hockey great Bobby Orr and his son Darrin after the Governor's Walk in 1987. Shirley saw Dawn Meehan's picture with Orr in the Cohasset Mariner recently and sent this one along to share with us.

❑

Mark Oct. 27 on your calendar, that's the night that the Beechwood Congregational Church holds its Annual Harvest Supper. The menu includes ham, Harvard beets, coleslaw, mashed potatoes, string beans, beverage and dessert. After dinner they will hold a harvest auction. The cost is $6.99 for adults, $3.50 for children. To reserve tickets call 383-1298. By the way, their dinners are always yummy.

❑

Word from Saint Anselm College this week. Among the enrolled members of the Class at 1998 is **Katie M. Norris**, who is majoring in nursing.

❑

Candice Buckley, Ann Dane, Corinna McMackin, Mary Ellen Rayment and **Josiah Slotnick** are all to be congratulated this week. CHS principal **Mary Ellen Gallagher** announced that they have been named Commended Students in the 1995 National Merit Scholarship Program. This is a nationwide test, folks, more than one million students took part, and they placed among the top five percent.

❑

Have you seen the pretty afghan that is hanging in the Pilgrim Co-Operative Bank? Pictured on it are the Cohasset Town Hall, the Caleb Lothrop House, the First Parish Meeting House, the Community Center, Minot's Light, the Music Circus, the Captain John Wilson House, and Cohasset Harbor. It is part of the **Helping Hands Afghan Project** sponsored by the Glasshouse of Hingham, and sells for $49.95 plus tax. The Friends of the Council on Aging and the Cohasset V.F.W. will receive $10 out of each one that is sold, so not only do you own a treasure, you are helping two worthy organizations. Call the Council on Aging at 383-9112 for more information.

❑

Happy birthday greetings go to **Ken Fone** this week. Here's to a super year for a wonderful guy! And to many more of course!

❑

That's the news for this week, hope yours is a great one. If anything newsworthy goes on in your house, please give me a call.

Sallyann
383-0560

'Guys and Dolls' coming

Cohasset High School students are preparing a musical treat for the whole community with their production of "Guys and Dolls." Mark your calendars now for the performances Dec. 9, 10 and 11. Bring the whole family to see the memorable cast of characters — Sarah, Miss Adelaide, Nathan Detroit and Sky Masterson — complete with Hot Box girls, crap shooters, mission singers and Cuban dancers.

Directors Bryan Marks and Jo-Ellen Wood, with teachers Joel Antolini, Maureen Duffy, Marcia Lajoie, John Packard and choreographer Sharon Leslie, are busy rehearsing with a cast of 80 CHS students.

The Cohasset Arts Boosters Club, the parents' support group for the arts at CHS, organized a meeting Oct. 16 for all parents of the "Guys and Dolls" cast. Director Bryan Marks provided rehearsal information and outlined a wide variety of opportunities for parents to help with the production.

weddings

Marsden/Godwin

On September 17, Valia G. Godwin, daughter of Phyllis Papani Godwin of Quincy and Joseph F. Godwin of Brookline, and the granddaughter of the late Mr. and Mrs. Nicholas V. Papani of Quincy, married William H. Marsden III at the Unitarian Church of Barnstable.

The groom is the son of the late William H. Marsden of Cohasset and Marie E. Marsden, also of Cohasset.

The service was performed by Rev. Russell Savage and Father Richard Bourgeois O.S.B., who came from Rome.

The bride was given in marriage by her parents.

Best man was Brian W. Marsden of Hingham, the groom's brother.

Sara G. Meehan of Cohasset, sister of the bride, was Matron of Honor.

The bride is a graduate of Hingham High School and attended Ithaca College and the New England School of Art and Design. She is employed at Granite City Electric in Quincy.

The bridegroom graduated from Cohasset High School and attended Merrimack College. He is the vice president of Bostek Inc. in Hanover.

Following a reception at the Wianno Club in Osterville, the couple took a wedding trip to Bermuda.

They will reside in Hingham.

Mrs. William H. Marsden III

Candlelight concert

The Old Ship Church on Main Street in Hingham will hold a candlelight concert featuring the Abbott Chamber Players on Sunday, Oct. 30 from 4:00 to 5:30 p.m.

The music of Telemann, DeFalla, Thea Musgrave and Dvorak will be presented. The Abbott Chamber Players have performed throughout New England, the United States and Europe since 1987.

editorial

Sidetracked

Our pre-town meeting editorials usually beseech local citizens to show up to participate in the old democratic forum.

But we think that may not be necessary this time.

Article 1 which asks town meeting to take a stand against restoration of the Greenbush Line of the Old Colony Railroad is bound to draw a crowd.

If a recent selectmen's meeting is a gauge when about 50 people on both sides showed up — then the quorum of 100 should be no problem.

The selectmen's meeting turned into a shouting match and little was accomplished for either side.

Town moderator George Marlette said he'll keep tight reins on town meeting to ensure that a similar scene does not occur.

While Article 1 is a vehicle for train opponents to make a political statement — it accomplishes little more than providing good theater.

We think Greenbush is an extremely important issue and look forward to the Environmental Impact Report and accompanying public comment period and public hearing.

We support Article 17 which asks for money to hire a consultant to help walk the town through the environmental feasibility study and decide how best to respond to it.

So we hope that proponents and opponents of Greenbush alike will make their case concisely Monday night, so town meeting can get on with the remaining 36 warrant articles which include setting in motion major town water and sewer improvements.

This special town meeting has some crucial business to do. We implore train enthusiasts on both sides of the tracks to let us get on with it.

Technical side of train illuminated

To the Editor:

A number of misstatements of fact have been made by opponents of the abundant studies and the plans to restore commuter rail service to Greenbush. From the facts in the researchable literature I want to set the record straight, as a specialist in railroad operations including ergonomics and their industrial relations for more than 39 years — as a former operating employee; university researcher; and professional consultant to railroads, rail unions, and involved government agencies in North America, Europe, Northeast Africa and China. We have read recently in the *Mariner* allegations of negative impacts of the Greenbush Line regarding grade crossings, "double-decker diesels" with braking systems inferior to those of steam-powered trains, locomotive air horns, freight trains (in the plural), trains equal taxes and pesticides. I have conducted significant amounts of research on all of these matters, except for the pesticides.

In the U.S. during 1993, 170,622 public at-grade crossings existed, of which 4 percent had no warning signals, 59 percent had passive warning signals only (static crossbucks and/or signs), and 35 percent had active warning signals (lights and bells, sometimes with gates). Only the active signals give motorists and pedestrians positive guidance regarding a train. Trucks are over-represented in train-vehicle accidents. Rural crossings have no artificial illumination, creating greater potential for accidents. Rough and steep crossing surfaces contribute to accidents. Reduced street speeds, as customary in built-up areas, reduce the incidence of accidents. The average crossing, of all kinds, averages one fatality in about 300 years.

Only 28,139 crossings, or 16 percent, are gated. In addition to their reflectorized gates, bells, and flashing red lights, such crossings have at least two passive signals: street pavement markings and yellow, circular, post-mounted advance warning signs. If a community requests it, this advance sign can be made active with a flashing yellow light coordinated with the crossing gates and their red stop lights. Crossings on the Greenbush Line will be gated, have street lighting, and contain smooth uninclined crossing surfaces. Each crossing will be far less dangerous than the intersection of South Main St. and Forest Ave. has proven to be.

But are people killed or injured by trains at such gated crossings? Yes, but ordinarily only if they choose to do so, by ignoring the gates and their flashing red stop lights. In 1993, when the highway death toll was about 50,000 persons with additional hundreds of thousands injured, of these 114 motorists were killed and 237 injured because they either drove through or "slalomed" around crossing gates. Also 19 were killed and 73 injured for other reasons, including not stopping at these gates. My research includes the extensive new Metrolink commuter rail service re-established for the cities of Southern California, beginning in October 1992. Metrolink totals several hundred miles of lines, has track speeds of up to 90 mph, and provides all public crossings with gates. Last month, Metrolink had its first train-auto fatality. Attempting to save a few seconds, a man impatiently drove around a car stopped for the beginning-to-flash red gate lights, through the then-lowered crossing gates, and into the path of an approaching commuter train. The dwell time on a crossing of a typically short commuter train is measured in less than a minute.

No locomotive is double-decker, anywhere in the world. Such a machine would rebore the tunnels and take out the overhead beams on bridges. All railroad locomotives in the U.S. are electric and of two kinds — a few hundred straight electrics powered from external wires or third rails and 18,000 diesel electrics which carry internally their own power plants. The typical diesel-electric commuter locomotive has two diesel engines powering four generators, one of which provides climate control and lighting for the trailing passenger cars. Just as with electric street cars, such a locomotive is propelled by an electric traction motor geared to each axle. These motors are converted to generators during regenerative electrical braking of a train. An on-board computer controls all of the locomotive's operating systems, including an exactingly efficient blending of both the electrical and air braking systems of the locomotive and its cars. These braking systems used in today's commuter service are vastly more effective than the quite limited system on steam locomotives, which we used to say had the braking characteristics of "a boulder rolling down hill."

letters

Cast vote, Monday

To the Editor:

Please run this letter as a reminder to all Cohasset residents that they have an opportunity to cast their vote regarding the restoration of the Greenbush line Monday, Oct. 24, at 7:30 p.m. at the high school. This is the last chance for voters to make their voices heard through a democratic process. There will be environmental impact hearings, but they will not allow an actual "vote" on the issue.

The article regarding the restoration issue is first on the ballot, so it's vitally important that all interested residents be there promptly at 7:30 p.m. in order to make their vote count.

Ann Musto

Referendum questions on this year's ballot

With the Nov. 8 election just around the corner, The Cohasset Mariner presents the second in a three-part political series outlining the nine referendum questions to appear on this year's ballot. This week, we will highlight Question 3 — to eliminate a "waivable fee" from within the tuition system at state colleges and universities currently used to support student-sponsored interest groups; Question 8 — to direct more of the state gasoline tax toward the Highway Fund and prohibit the transfer from that fund to other interests; and Question 9 — a prohibition on rent control for most privately owned housing units in the state.

In week three, we will explore Question 1 — limiting business and non-profit contributions to referendum questions on state and local ballots; and Question 4 — to establish term limits for state offices.

Question 3: Student Fees

Question Three — a binding state referendum which would change the way student organization fees are collected at Massachusetts public colleges and universities — represents a conflict between several large businesses and a student public-interest organization.

Section 64 of Chapter 110 of the Acts of 1993, which Question Three asks voters to approve or disapprove, would prevent campus organizations from charging "waivable fees". A waivable fee is one which appears on every student tuition bill with the statement that the charge may be deducted from the total amount if the student chooses to do so.

Currently, the only Massachusetts student organization to use waivable fees is MassPIRG, the Massachusetts Public interest Group. Formed in 1972, MassPIRG currently maintains two organizations, one focused on campus-based community service, and one — not funded by student fees — which researches public policy issues, conducts ballot campaigns and lobbies government officials.

Those in favor of Question Three say that MassPIRG's waivable fees for campus activities are an improper means for a lobbying organization to collect funds.

"We feel that it is an unfair scheme for PIRG to raise money," said Chad Forman, government affairs manager for the Northeast division of Browning-Ferris Industries. "We feel we should take a stand on any ballot questions that affect our work, or business in general. This is a fund-raising scheme whose use we do not approve."

No on 3 spokesman and former Williams College PIRG member Derek Cressman says that the question and proposed law is merely a way that industries can take revenge on Mass PIRG's efforts to promote legislation they do not like.

"Basically, it's a case of special interests in industry attacking a student public interest group," Cressman said. "They attacked PIRG 12 years ago, in 1982, right after we helped pass the Bottle Bill. This current effort follows our help in passing a recent recycling initiative."

Should the referendum succeed, Cressman says, MassPIRG will lose 22 of its 27 campus-based chapters. That, he feels, should concern anyone who feels students should have a voice in state government.

"There are two principles at stake here," Cressman said. "One is simply having a public interest group out there. The other is that the government should not meddle in the affairs of students or anybody else."

Students will not be prevented from making voluntary donations to Mass PIRG if section 64 is approved, nor will PIRG be prohibited from soliciting funds from students by other means.

—Rob Rogers

Question 8: Gas Tax

Question 8 is a barometer of how high a priority voters place on road maintenance.

One out of two bridges in Massachusetts have been rated substandard and three out of four roads in the state are rated in fair to poor condition.

Question 8 seeks to resolve a dispute that began in 1990 when voters approved an increase in the gas tax from 17 to 22 cents per gallon. Proponents of the tax increase said the money would go toward road and bridge improvements.

Instead, the legislature spent some portions of the gas tax on environmental programs having nothing to do with road maintenance. A 'yes' vote on Question 8 would ensure that gas tax revenues no longer be spent on any environmental funds, including inland fisheries and game, the public access fund, marine fisheries, the environmental law enforcement fund and the Harbors and Inland Waters Maintenance Fund. Currently, about 1.4 percent of the gas tax, or $600,000, goes toward the environmental funds.

"This may appear to be a nominal amount, in light of the total gasoline excise revenue that is collected, however it is a substantial amount of the funding for these environmental funds and a primary source of their revenue," argued a minority report by State Reps. Angelo M. Scaccia (D-Boston) and J. James Marzilli (D-Arlington). "Eliminating this part of the funding would have virtually the same effect as repealing the environmental funds."

The question is also designed to prevent gas tax revenues from helping balance the overall state budget. A surplus of gas tax revenues have been transferred to the General Fund to help balance the budget in 1991, 1992 and 1993.

The use of transportation monies for nontransportation purposes was upheld by the Supreme Judicial Court in 1992.

Finally, passage of Question 8 would direct the Secretary of Transportation and Construction to adopt a comprehensive state transportation plan for the period of July 1995 until June 2002, to be updated every three years. The plan is to provide for repair of at least five percent of public highways and bridges each year, prioritizing projects based upon condition and safety factors.

— Steve Adams

Question 9: Rent Control

Proponents of Question 9 on the Nov. 8 ballot are supporters of the repeal of rent control who consider it to be both fundamentally unfair and a violation of property rights.

Opponents of Question 9 argue that abolishing rent control would result in unrestricted evictions and unlimited rent increases.

Question 9 is an initiative law which would nullify existing rent control statutes, except that cities and towns would be authorized to adopt restricted rent controls for six months, after which time they would be voluntary.

The law would not affect public or subsidized housing or federally assisted housing.

If Question 9 passes, no city or town could authorize any law that requires below-market rents for residential properties.

In addition, cities and towns would have to pay property owners the difference between the controlled rent and the fair market rent.

Finally, after six months, owners would not be required to comply with rent control regulations.

The proposed law would take effect in January.

Boston, Brookline, and Cambridge now have rent control.

In Boston, 33 percent of total rental units are covered by the law. The figure is 16 percent in Brookline, while half of 28,000 rental units in Cambridge are under rent control.

Advocates of Chapter 9 contend that affordable housing is a society-wide problem which shouldn't be solved by singling out owners of existing property.

Controls have driven down property values and made it difficult for owners to maintain units and pay mortgages, they claim.

Additionally, Question 9 proponents point out that property owners are subsidizing high income professionals who are often the beneficiaries of low rents.

According to supporters of the proposed law, who include the Massachusetts Homeowners Coalition and the Small Property Owners Association of Cambridge, rent controls result in reduced property values and reduced property tax collections.

Without rent controls, they estimate, property tax values could increase by as much as $30 million in the affected communities.

On the other hand, opponents of Question 9 say that each community should have the right to choose its own housing programs, while rent controls in Boston, Brookline, and Cambridge ensure that low and moderate income families are able to find affordable housing.

Opponents, who are organized as the Save Our Communities Coalition and include the Cambridge Tenants Union, also argue that since rent control enables a municipality to have diverse and stable populations, if it fails, many people would not be able to find affordable housing and would have to leave their own communities.

— Robert Aicardi

candidates corner

Bill Forsyth, the independent candidate for the State Senate issued a unique campaign ploy last week.

He disclosed to voters of the Plymouth-Norfolk District how he personally plans to vote on the nine referendum questions of the Nov. 8 ballot.

For the record:

1 — Regulating campaign spending. Yes, "to limit the way big business can use exorbitant funds on citizen's ballot questions."

2 — Seat belt law, No, "repeal of the Legislature's mandate and regulation of individual drivers, although I personally am in favor of everyone wearing seat belts."

3 — Student fees. Yes, "prohibiting negative checkoff as a funding source to outside organizations by adding innocuous 'fees' to state college bills."

4 — Term limits. Yes, "to stop career politicians and special interests from buying government."

5 — Blue Laws repeal. Yes, "allows business owners to be competitive with the other states and gives consumers access to goods available elsewhere."

6 & 7 — Graduated income tax. No, "to maintain a flat income tax and deny the Legislature any opportunity to raise taxes and pit group against group, specifically burdening the middle class."

8 — State highway funds. Yes, "to force the Legislature to use the 1990 gas tax money for roads and bridges as intended by the voters; stopping the State Senate from high-jacking the money for pet projects."

9 — Rent control ban. Yes, "abolishing rent control and allowing towns to adopt a limited form for residents under local control."

□

Bob Hedlund, the Republican who is seeking to win back his seat in the Senate, charged Sen. Brian McDonald with casting a vote that actually hurt to MWRA ratepayers on the South Shore.

"He showed an appalling lack of leadership when he voted with Senate President Billy Bulger on a budget which the rest of the Weymouth delegation stood firmly against," he said.

"An amendment to the budget that would have eliminated an unfair billing for the South Shore failed in the Senate after being passed in the House.

"I would ask Sen. McDonald where he was when that amendment was being gutted by his Senate, where was his leadership, leadership that should have been able to guide that amendment through the Senate.

"The result of that failed amendment is that South Shore ratepayers continue to pay according to the inequitable formula and continue to subsidize the ratepayers in Boston in Billy Bulger's district.

"He (McDonald) simply can't be counted on to think for himself and, as a result, the constituents of the South Shore are suffering."

(See page 13)

Absentee ballots available

Absentee ballots will shortly be available at the Town Clerk's Office for the Nov. 8 state election. Town Clerk Marion Douglas anticipates the ballots will arrive by the end of the week.

Residents may apply for one if they will be out to town, have a physical disability or because of their religious beliefs.

Absentee ballots may be cast in the office of the Town Clerk during regular business hours, until noon on Nov. 7.

A written, signed request for a ballot may be sent to the town clerk and one will be mailed out. Included on the application should be name as registered, registration address, precinct, the address to which the ballot should be sent, and the signature of the person making the request for. Applications may be picked up at the Town Clerk's office, which will be closed at noon on Monday, Nov. 7, in preparation for the election.

For additional information call the Town Clerk's office at 383-9900, ext. 105, 106 or 107.

Parents encouraged to join Safe Homes

(A copy of the following letter to parents or guardians was provided to the Cohasset Mariner *for publication.)*

Dear Parents or Guardians:

Education is only one component of a comprehensive approach to the prevention of alcohol and other drug use among youth in this country. Although education is very important, it must be remembered that the schools must have support from all aspects of the culture and the community. Parents are the most important part of this effort. Just as schools are charged with educating youth, parents are charged with nurturing, protecting, and modeling behavior for them. Others in the community can support parents and schools by respecting the efforts, by complying with laws, and by abiding by the spirit of the guidelines established to protect youth from the dangers of alcohol and drug use.

Community members can also increase the effectiveness of parents by supporting "non-use" norms for youth, by restricting "pro-use" influences on youth, by setting an example, and by modeling healthy choices and lifestyles. Healthy environments encourage healthy choices and make them easier to sustain. Everyone in the community has a responsibility for reinforcing values and norms that foster the healthy and safe development of children and youth.

The guidelines clearly stated in the Safe Homes Program, organized by the Cohasset Drug and Alcohol Committee, include: 1. Parents will not provide nor condone the illegal use of drugs or alcohol in their home or on their property; and, 2. Parents will not allow parties in their home or on their property when they are not present. These, and other family guidelines set forth by the Safe Homes Program, should be applauded as a sincere, and well-thought-out effort directed at protecting the youth of Coahsset. On behalf of the school-based Community Health Education Advisory Committee, I would like to lend our full support to this worthwhile effort. I would encourage all parents to consider joining the program and improving the networking capacity of all the concerned parents in the community.

Michael Gill
Health Education Coordinator
Cohasset Public Schools

letters

Technical side of train illuminated

(Continued from page 10)

Standard, roof-mounted, fore and aft, multiple-barrel air horns (whistles) on locomotives must be quite loud, because they might be in use on runs over passive or even unsignalled crossings. But as on fully gated Metrolink — where suburbanites, at first, rightfully complained of loud whistling for crossings at dawn — there need be no such loud sounds. A small, single-barrel, soft whistle, developed 50 years ago, is now mounted on the lower front of the commuter locomotive, thereby shielding all but the lower area forward of the path of the train from the softer sounding. The FRA is currently investigating the effects of local anti-whistle ordinances on crossing safety.

When I moved to Cohasset 20 years ago, Conrail, because of its franchise obligation dating to the 1840s, still operated as far as Hingham Lumber a weekly freight train consisting of a switch engine and a few cars. This obligation was terminated by the ICC, and no other firm can make profitable such a miniscule and decades-ago, money-losing freight train. Short of building a General Motors plant or a steel mill in town, Cohasset will continue to have its rail freight (reloaded and trucked) rolling through its streets on diesel 14-wheelers, at times having uninspected marginal or faulty brakes.

I claim no expertise on the details of state taxing practices regarding the MBTA's commuter operations provided by Amtrak (and I have seen no such figures accurately provided by commuter rail opponents). But I have knowledge regarding the federal taxing. A large part, up to 80 percent, of the capital costs of construction and equipment are granted from the federal DOT's funding earmarked for such purposes. Just as for the federal agricultural subsidies, defense outlays, educational support, and highway funding, in the past, today, and in the future we paid and must pay taxes for federal funding of commuter rail. We have absolutely no choice in this matter. Our only choice is whether we get some of these federal payments or, instead, still more of it continues to go to others such as Los Angeles.

Railroads use no pesticides on their rights-of- way.

The self-interested concerns of those who oppose the Greenbush restoration, mainly abutters, are certainly humanly understandable. These concerns, however, are best met in airing verifiable facts, instead of unresearched conjecture and verisimilitude, and in presenting a united front of informed Cohasset citizens regarding the true nature of our restored commuter rail service. Not undocumented, irresponsible alarmism but reliable empiricism is needed for reflection on any issue before our town.

Frederick C. Gamst
73 Forest Ave.

Columbaria are available

To the Editor:

Articles 28, 29 and 30, to be voted on at the upcoming town meeting, have provoked justifiable concern about the availability of cemetery space in Cohasset. This need must of course be addressed in a timely manner.

Many are personally concerned because they cannot now purchase a family plot for future needs at the town cemeteries. They may not realize that the Cumner and Tower Columbaria at Cohasset Central Cemetery on North Main St. and Joy Place have more than 100 vaults, each of which can hold up to four cremation urns. This historic cemetery is privately managed, but has always welcomed all Cohasset residents. On behalf of the Board of the Cohasset Central Cemetery, I would be happy to supply further information to anyone interested.

❐

McDonald is one of the few Democrats to win the support of the South Shore Business & Industries Political Action Committee, the political arm of the South Shore Chamber of Commerce.

McDonald said he interpreted the endorsement as "recognition of my ability to well represent the diversity of my district."

"I think I have demonstrated that being a good Democrat can leave plenty of room to be pro-business," said the senator.

"Hedlund was running all over town two years ago telling people that I would be bad for business. Clearly, he was making things up then, just as he is making things up now."

McDonald said that the Chamber of Commerce did not make an endorsement in 1992.

"It's a compelling statement that now that this organization has had an opportunity to compare both of our records they have decided that I am the better choice," he added.

McDonald noted that he recently was honored by the Massachusetts AFL-CIO with a "Special Friend of Labor" designation.

He has also claimed the endorsements from the Massachusetts Teachers Association, the State Building Trades Council, two Electrical Workers Union locals, Clean Water Action and the Massachusetts Environmental League, among others.

❐

Hedlund said he expected McDonald to show up for a League of Women Voters forum in Hingham but the senator was "a no-show."

"Why won't he come forward and defend his record instead of hiding behind the phoney claims that he is making in his newspaper ads?" Hedlund asked.

The Republican candidate reiterated an earlier invitation to meet him "anytime, anyplace, open format."

"I hope the Senator will take me up on my offer this time," said Hedlund.

❐

Phil Johnson, who was the secretary of Human Services under Mike Dukakis, will be the speaker Sunday, Oct. 23, at 10:30 a.m. when the Hingham Democratic Town Committee holds a brunch for the Co-op 8 at the Ramada Inn in Rockland.

Co-op 8 is made up of the Democratic Town Committees of the coastal towns from Weymouth to Marshfield.

❐

Governor Weld will headline a breakfast for Hedlund Friday, Nov. 21, from 8 a.m. to 9:30 a.m. at the Tosca restaurant in downtown Hingham Harbor.

For tickets, contact Jim Claypoole at 749-9404 or 623-3100.

❐

The phone number for the Weymouth Citizens for Romney was inadvertently omitted in last week's Candidates Corner. You can reach Joe DiCienzo at 337-4383.

GOP meeting postponed

The Oc.t 13 Division 5 meeting for Republican leaders from Plymouth, Norfolk, Barnstable and Bristol Counties at the Inn for All Seasons in Plymouth was postponed until after the Nov. 8 election.

Weld stumps for Hedlund

Gov. Weld will attend a breakfast for state Senate candidate Bob Hedlund Friday, Oct. 21, from 8 to 9:30 a.m. The breakfast will be held at Tosca, 14 North St. in downtown Hingham.

For tickets to the breakfast, call Jim Claypoole at 749-9404 or 623-3100.

What is Acid Rain?

By Jacqui Dupre, Leslie Thornton and Maureen Equi
Special to the Mariner

Many people seem to be asking this question: "What is acid rain?"

When power plants burn coal to make electricity, harmful gases (sulfur dioxide and various nitrogen oxides) combine with atmospheric moisture (simply water in a cloud) and make acid rain. This also happens when cars burn gasoline.

Acid rain damages crops, kills plants and pollutes the water animals and people need to drink. It's extremely harmful to fish and other water animals.

There are many ways you can help save energy so that power plants don't have to burn as much coal.

- Turn out lights when you're not using them.
- Use daylight. It's free and doesn't pollute.
- Dust some light bulbs. Dusty bulbs actually waste electricity.
- Go down to the local hardware store and ask for compact florescent bulbs. They save energy and money in the long run.
- In the winter, instead of cranking up the heat, get a sweater or a blanket.
- Next time you need to go somewhere, ask yourself these questions: Do I really need to take a car? Can I walk or ride my bicycle? Try not to use up too much gasoline.

Here's an interesting experiment you can try:

1. Take a clean white sock that has lost its mate. Put it on the tailpipe of your car (make sure the tailpipe is cool).
2. Turn on the car for one minute, then turn it off.
3. Take the sock off the car and examine it. It will be full of the pollution that harms the air and is invisible to us.

Think of all of the millions of cars putting all that pollution into the air every day. Now, give those legs some exercise and walk!

KIDS FOR SAVING EARTH® MISSION STATEMENT

Kids for Saving Earth (K.S.E.) is an independent, non-profit organization dedicated to educating, empowering, and inspiring children of all ages to take positive, peaceful action on behalf of the environment. K.S.E. International Headquarters is located in the Minneapolis, Minnesota, area, with thousands of clubs started by hundreds of thousands of kids in countries all over the world.

If you have an environmental question that you would like to ask K.S.E., or would like to know of more ways you can help, just write to:

K.S.E. "Answer Please," 364 Jerusalem Rd., Cohasset, MA 02025.

We'll try to answer as many questions as we can. We look forward to hearing from you!

(Ed's note: This is the first in a series of monthly columns from the local chapter of Kids for Saving Earth at the Deer Hill School.)

Kids for Saving Earth® News Tips

Deer Hill Open House

The recent Deer Hill School Open House was well attended. Representatives Linda Bolster and Helene Garber would like to thank volunteers and room mothers who provided refreshments.

Parents were given a school survey which should be returned by Oct. 20. This is an opportunity for parents to provide input regarding Deer Hill.

The Book Fair was in progress during the Open House to provide parents with an opportunity to purchase books.

The Good Sport donated a gift certificate which was used as a raffle prize. Bob Protulis was the lucky winner.

Thank you, too, to the Good Sport for offering the school a discount on four tether ball sets that were recently purchased for the playground.

Mr. Guido Risi, interim principal, addressed the parents, introduced the staff and had the opportunity to meet with many parents that evening.

Playpark clean-up day

Why not join in the community spirit of five years ago when the Osgood Playpark was built by Cohasset volunteers? Once again they are coming together, on Saturday, Nov. 5, from 9:00 a.m. to 3:00 p.m. at the Osgood School to perform needed maintenance.

The peastone will need to be redistributed, and many helping hands will be needed for this job, along with wheelbarrows, shovels and rakes.

Volunteers are also needed to help with painting, weeding, washing and sanding.

Anyone over 18 may volunteer, for any amount of time they can give.

For further information, or to sign up, contact Playpark Coordinator Ann Whiteley at 383-9310 or the Osgood school office at 383-6117.

PSO Secret Room

Young shoppers, age 12 and under, may want to start saving their pennies for the PSO Secret Room, which will be a feature of this year's Village Fair on Saturday, Dec. 3.

Inexpensive gifts for family, friends and teachers can be purchased.

For further information call 383-1195.

College mini-fairs

A series of college mini-fairs, sponsored by Cohasset High School, in conjunction with Scituate and Hull High Schools, is being held.

The program gives both juniors and seniors the opportunity to gather information and speak directly with college admissions counselors.

Mini-fairs were held on Oct. 3 and 17 at Cohasset High School, and another will be held from 8:45 a.m. to 9:30 a.m. on Oct. 31. Parents are also welcome to attend.

By the end of the month, 130 colleges will have been represented. For more information call 383-6102.

Multi-cultural storyteller

Osgood School students recently enjoyed a performance by multi-cultural storyteller, Marilyn McPhie. McPhie, who is from San Diego, was attending a storytelling convention in Harvard, Mass.

She has performed regularly at the San Diego Zoo and at the bookstore from which Public Television's "Reading Rainbow" originated.

Her stories included folk tales from Africa, Turkey and China. After her performance, McPhie visited with second graders in their classrooms and discussed storytelling.

The performance was sponsored by the Cohasset PSO.

Parenting workshops

The elementary school adjustment counselors are offering a series of four parenting workshops on Tuesday mornings from 9:30 to 11:00 a.m. in the "living room" at the First Parish House on Main Street. They include:

Nov. 1: "Looking at your Parenting Style"

Nov. 8: "Engaging Cooperation (or "What Do I Do Now?")"

Nov. 15: "Self-esteem ... What Can a Parent Do?"

Nov. 29: "Teaching Responsibility and Respect to Children."

The workshops are open to any Cohasset parent and will be led by Ed Leonard and Frank Fitzgerald, who have extensive experience in consulting with parents.

The four-part series will include information about step-parenting and assertive discipline for parents.

To register contact Leonard or Fitzgerald at 383-6115 or 383-6117.

Health advisors to meet

Interested parents of students in grades K-12 are invited to the health education advisory committee meeting at 7 p.m., Monday, Nov. 7 at Cohasset High School. Please call Mike Gill at 383-6107 for more information.

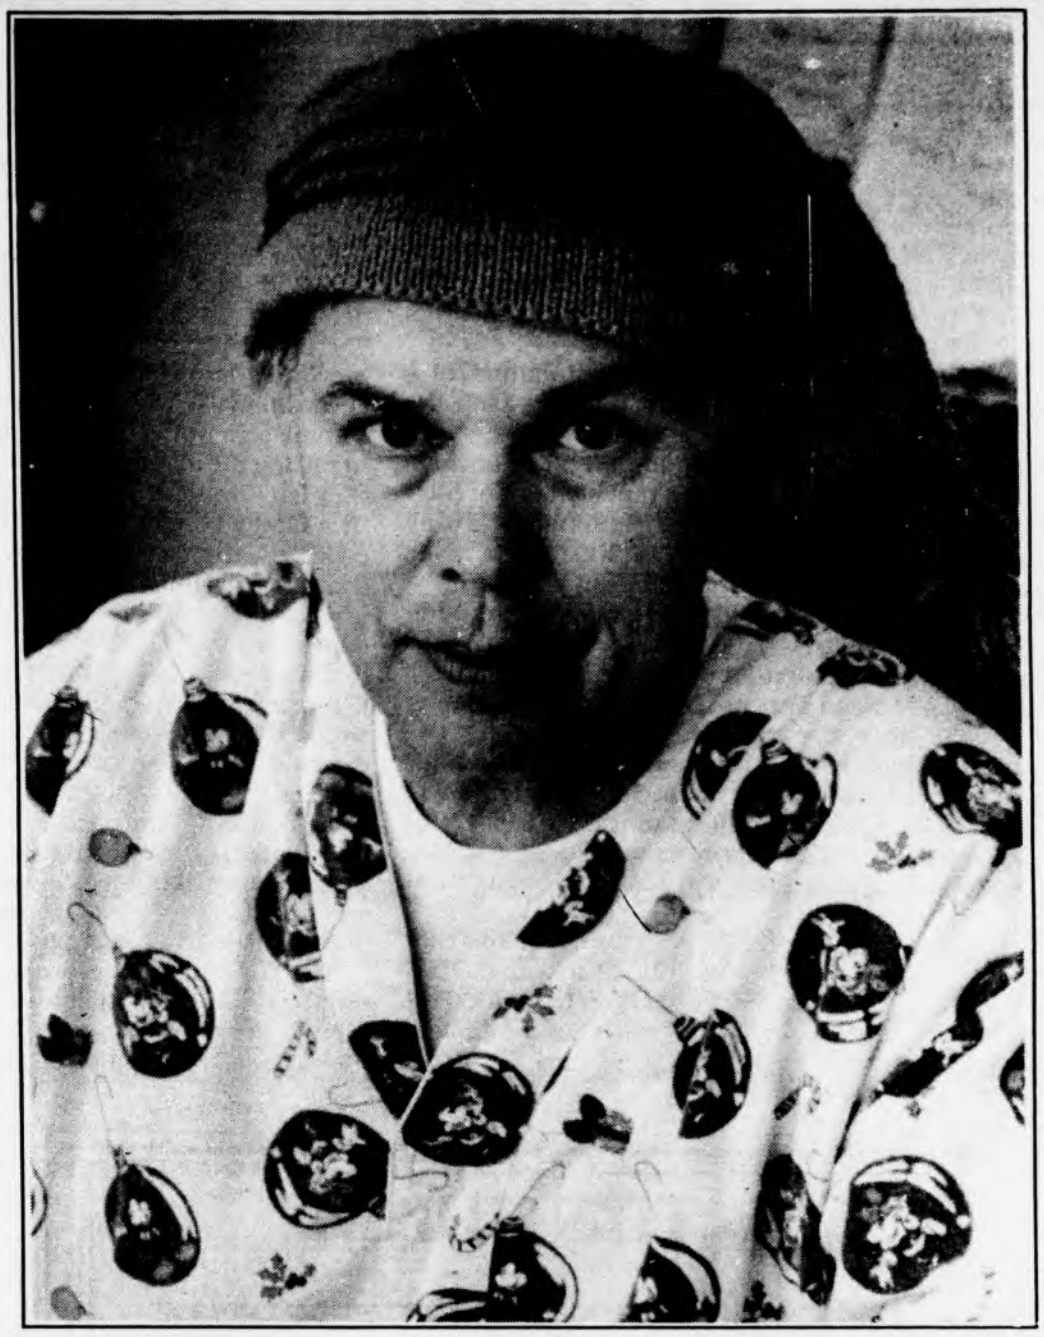
picture this

Paul Narkiewicz



Name: Paul Narkiewicz *(Mr. Narkiewicz is dressed up for Pajama Day which is part of Spirit Week at Cohasset Jr./Sr. High).*

Occupation: Foreign language department head and French and Spanish teacher at Cohasset High.

Goal: To have the kids be tolerant of and accepting of other cultures.

Best day(s) of your life: My granddaughter being born on my birthday and my wedding day.

Biggest worry: Losing it: not having the ability to keep doing what I'm doing.

Best vacation: A recent one to Spain!

Favorite season: Spring.

Favorite holiday: Christmas.

Favorite TV show: *'Are You Being Served?'*

Favorite book: Any books written in French.

Favorite movie: *'High Noon.'*

Favorite junk-food: Fish and Chips.

Most embarrassing moment: Giving out incorrect information in a class and discovering it later.

Person you'd most like to meet: Charles de Gaulle.

Pet peeve: Whiners.

school notebook

National Unicef Month

October is National Unicef Month and will mark the second year that the Osgood School community will participate in the "Trick or Treat for Unicef" program.

The school is encouraging students to join in this effort to assist the lives of children worldwide.

The Osgood School will send a check to the United Nations Children's Fund once all collected donations have been turned in. Last year students collected just under $1,000.

Raising a healthy child

A seven-part workshop series is offered to Cohasset parents and community members. The series is designed to provide a forum for discussion of relevant adolescent health issues and effective parenting techniques.

The dates are: alternate Mondays, from Sept. 19 to Dec. 12, 7 to 9:15 p.m., at Cohasset High School. The cost is approximately $13 for reference text, *Parenting Teenagers.*

Facilitators: Ed Leonard, M.Ed., Adjustment Counselor, Deer Hill/Joseph Osgood School, 383-6115; Michael Gill, Ed.D., Health Education Coordinator, Cohasset Public Schools, 383-6107.

SESSION 4 (Nov. 14)

• Health component: Puberty, Adolescent Sexuality.

At some point during a child's wandering years — which is to say, anytime between second grade and junior high — parents tackle these birds-and-bees basics. Sometimes reluctantly, often self-consciously, but in the end, unavoidably. Topics: puberty; menstruation; masturbation; ejaculation; conception; hormones; wet dreams; physical changes, etc.

• Parenting component: Building Self-Esteem Through Encouragement.

In this session, we will learn how to improve the self-esteem of children and teens by using encouragement. Topics: ways to encourage; difference between praise and encouragement; 10 strategies to encourage teens.

Montessori open house

Come to a ribbon-cutting ceremony, followed by a reception and open house, on Sunday, Oct. 23 from 1:00 to 4:00 p.m. at the Old Colony Montessori School at 20 Derby Street in Hingham. For more information call the school at 749-3698.

Montessori is celebrating its 30th year with a greatly expanded facility. This summer, three classrooms, a day care room and offices were added and the Junior Class room enlarged. The ribbon cutting will begin at 1 p.m. The entire staff will be on hand to demonstrate the Montessori teaching materials, answer questions and give tours of the classrooms.

The Old Colony Montessori School offers a full educational program to children, ages 2.9 to 9 years. Art, music, foreign language, soccer and skating are included in the program. On-site day care is available for enrolled children from 7:30 a.m. to 6 p.m. daily.

Voters will have final say on water system upgrade

(Continued from page 6)

The three immediate improvements Tutela cited were the construction of 6,000 feet of 12" water main in Forest Avenue, the permanent replacement of 1,040 feet of 4" water main with 8" in Atlantic Avenue and the replacement of 2,470 feet of 6" and 8" water main in Beechwood Street. Tutela noted that in areas of dense populations, or with large buildings or buildings close together, there is high flow, and these improvements would alleviate the problems there.

The proposal also included the installation of a jockey pump located at the plant used to keep the system full, or close to full; and a complete water system study and report, the addition of an altitude valve at the water tank, and the replacement of filter media at the treatment plant. The combined total of all immediate improvements is $1,111,200. Tutela noted that this does not include the metering program.

Water Commissioner Fred Koed explained the additional $310,000 which would be needed to re-meter all commercial and residential properties. He explained that a computerized gun would be used at the meter and would store the information until billing was processed. He added that the town hoped to upgrade the system in the future to include a modem to streamline the system by eliminating data input. But he said that "it didn't seem we should go for that expense," noting that there were more pressing matters to be handled.

The Tutela study outlined the improvements that Cohasset should expedite within 12 months. They included replacing pipes on Beach Street, Pond Street and Sohier Street, and cleaning pipes on Jerusalem Road and Pleasant Street. The total cost for these improvements is $1,095,900, bringing the grand total for the entire project to $2,207,100.

Although the plan seemed acceptable, there is concern about funding the project. As the water commissioner stated, a rate increase to residents would be necessary. This 30 percent increase would help defray some of the costs of the project.

Yet, there was a concern that the increase would deter usage, therefore hindering the collection of funds. The board pointed out that the decrease in usage is inevitable and therefore, the increase was adjusted accordingly. It was also pointed out why the water commission would acquire a 40-year bond as opposed to raising the money immediately. Fred Koed said that they felt it was fair to spread the collection over years. "If a family bought a home after the funds had been collected, they would benefit from the same system that their neighbors had to diligently support. In this way, over a longer period, it would be less of an impact on current residents."

Other concerns that are to be addressed in the future are regulations for new properties. For example, would the new Shaw's be responsible for their water demand in the Beechwood area? Tutela noted that some places build their own tanks and others donate a large sum towards the project. Others once again questioned the use of private contractors as opposed to a single superintendent. These issues of regulations and privatization would be discussed in further detail in the future when the plan might be implemented.

The Tutela plan stresses urgency in addressing the problem and calls for immediate improvements. Although the costs seem great, Tutela pointed out that the costs will be greater if they wait any later to improve the system and, as one resident pointed out, "this is later."

During the next town meeting the objective of the commission is to persuade the entire town that these improvements will benefit the entire system, not just the areas that were damaged this past summer.

The town meeting will address the rate increase, the improvement of the plant, the re-metering, housekeeping (salary for superintendent, payment for Whitewater), new pipes, relining and cleaning in two phases this April and the following April, and the transfer of funds to pay for the Tutela Study.

According to the Tutela report and the water commission, improvements are necessary now and they hope the rest of the town will agree.

Safe homes needed

Safe Homes is a network for parents who are concerned about substance abuse in Cohasset. All parents of children in grades six through 12 are encouraged to participate.

Safe Homes parents agree that they will not provide or condone the use of drugs or alcohol in their homes or on their property; that they will not allow parties in their home or on their property when they are not present.

Safe Homes contracts have been mailed out and must be returned by Nov. 1 in order to be included in the booklet of participating families. "The Drug and Alcohol Committee is asking all parents who have been participating in the Safe Homes program in the past to return their contract this year," said Ted Carroll, chairman of the committee. The committee hopes to update the entire directory, which should be out before the holidays.

For additional information, please call Ted Carroll at 383-2233.

Site plans for town athletic field complex move along

By Sean P. Sweeney
Mariner correspondent

The concept of an all-sport, lighted playing field at Cohasset Junior/Senior High School came one step closer to reality Thursday night, Oct. 13, when the Miliken Field Committee met at town hall with representatives of the design firm responsible for the project.

At a meeting chaired by Gary Vanderweil, representatives of BSC Group gave a presentation concerning possible designs for the all-sport field and its surrounding 400-meter track. The purpose of the meeting was to present preliminary ideas to the committee and to secure the go-ahead from the committee before embarking on the more arduous task of developing final site plans and securing all of the necessary permits and town approvals.

The concept of a new athletic field complex at the jr./sr. high school received an endorsement from citizens at last year's town meeting after a feasibility study was presented. Voters also approved a Proposition-2 1/2 override in order to raise funds for the project.

As presently planned, a 400-meter track will be constructed adjacent to the school. The track will surround a grassed area where it is expected that football, soccer, field hockey and lacrosse games can be played. The facility will be lighted so that night games can be held at the site.

The total budget for the project is $760,000. As part of the project, $110,000 is being devoted to rebuilding the high school tennis courts. The existing tennis courts have been peeled off and are in the process of being rebuilt. The remaining $650,000 will be used to construct the new track and the new fields. In addition, some of the funds will be utilized to plan and construct a connecting pathway with Miliken Field. Because of the proposed site for the track, committee members have expressed concern about access to Miliken Field by students at the high school. BSC's landscape architect at the meeting suggested the construction of an asphalt walkway from the school, leading around the new track, to Milliken Field. Committee members and the designers hope to discourage unnecessary foot traffic across the new track and the new grassed fields.

The proposed design for the site represents the culmination of a great deal of effort on the part of BSC to accomplish the most useful and practical design, while minimizing the effect of the construction on surrounding wetlands and avoiding any unnecessary excavation or filling of the site. The designers a endeavoring to avoid any adverse effect on abutting property owners.

Because of concerns about the cost of fill, the committee members and designers ruled out certain designs and ultimately agreed on a design calling for a track with an elevation of 109 feet. Such a design will allow for less steep slopes on the outside of the track and will minimize encroachment on the wetlands in the area. The design will involve the construction of a retaining wall in order to protect the wetlands.

Peter Lukasic, the landscape architect in attendance, pointed out that because of requirements about the regulation size of the track, it has become the confining structure on the site. Based upon this, it will be necessary for the plans to be carefully drawn in order to accommodate an internal track area accommodate a regulation soccer field for high school soccer use.

Some thought had originally been given to splitting the track area and some of the game fields. Estimates for such a plan were about $100,000 higher than estimates for the project as presently designed.

A great deal of discussion was also devoted to developing a plan which would provide for an acceptable location for holding field events associated with track meets. At present, it is being planned that some field events will take place at the new track area but that others will likely be conducted in the field area directly behind the high school. Such events as discus, long jump, pole vault and shot put will likely be held behind the school. Lukasic, a former track and field competitor in high school and college, pointed out that whatever design is developed in this regard, it will provide for connections between the track area and the field event area so that the meets do not take on a disjointed appearance.

BSC Group will now proceed with drawing up much more detailed plans for the site in anticipation of construction and the long permitting process.

What's on cable tonight

Thursday, Oct. 20, host Wigmore Pierson's guests on Pierson to Person will be State Reps. Janet O'Brien (D-Hanover), Frank Hynes (D-Scituate) and Mary Jeanette Murray (R-Cohasset). Among topics to be discussed are cynicism toward all politicians, state and national political races, term limits, the graduated income tax, and the upcoming legislative agenda on Beacon Hill.

The Pierson to Person television show is broadcast live each Thursday, 8-9 p.m., from the North Scituate studio of Continental Cablevision. The show airs on Channel 53 in Hingham and on Channels 3 and 53 in Cohasset. The public is invited to be part of the studio audience each Thursday evening. Those planning to attend should be at the studio on Gannett Road by 7:30 p.m.

For further information about upcoming guests and additional show information, call the Pierson show's executive producer, Robert Belliveau, at 545-2500.

Host families sought for foreign exchange students

By Alice C. Coyle
Mariner Staff

Worldwide International Student Exchange (WISE) is looking for three Cohasset families to open their homes and host a foreign exchange students for a semester.

For the last five years, WISE has been successfully [illegible]ing students from all over the globe with host families and is currently targeting the South Shore area.

The goal of the foundation is to promote world peace and understanding through cultural exchanges, and establishing global friendships. The goal of the dedicated, qualified staff is to serve the programs participants in all phases of the experiences to ensure an "international adventure that will be remembered for years to come."

And according to Kim Skeadas, the regional director for WISE it's not only the students who are in for an adventure.

"It's a great experience," said Skeadas who pointed out that most families host exchange students over and over again.

Skeadas interviewed a prospective host family in Cohassset yesterday and said they have already hosted students from France, Spain and Czechoslovakia.

There is no requirements for family structure and as Skeadas pointed out there are so many different kinds of families in America.

"As long as you're a caring family it's fine," Skeadas said.

WISE is a diverse student exchange program that places students from many places including Russia, France, Japan, Scandinavia and South America.

And WISE screens their student applicants carefully for academic eligibility, social awareness, maturity and willingness to share new experiences. Written samples, and oral interview and an English exam are requirements for all students along with teacher and counselor recommendations.

WISE host families are also interviewed by a local coordinator but need only to be willing to open their hearts and homes to a student. Host families must be able to house and feed the student and have a willingness to share their lives with them. WISE does not give financial remuneration to Host families but Skeadas said that Host families can deduct $50 per month from their income tax as a charitable donation.

Throughout the student's stay in America, WISE representatives meet with the family and student once a month to ensure open communication is occurring between them. And during the program students and host families complete reports on the topic of relationships considering issues of problem solving, making friends, and social activities.

Of the 14 students Skeadas offered profiles on four.

Twins Marcio and Danilo Carlos live in Campinas, Brazil with their father, a mechanical engineer and their mother, a dentist. Both boys are 15, collect comic books, enjoy theater and volley ball and reading. Danilo plays the organ and Marcio plays the piano.

Renata Hamacher is 16 and lives in Rio De Janeiro with her father, an engineer and her mother a math teacher. He likes reading, tennis and computers. His favorite subjects are Math, Physics, and History.

Dmitry Merkulov is 16 and lives in Khabarovsk with his father who works for a market research institute and his mother, a hotel clerk. His nickname is Dima, and he enjoys basket ball, tennis and has excellent speaking skills.

Skeadas has seven Russian students and seven Brazilian students who will arrive Jan. 21 and stay through the end of the school year in June. Skeadas said she is eager to place three students with Cohasset families as soon as possible because there is considerable paperwork involved in placement.

Hosting a student is highly recommended by Skeadas who maintains that it exposes both the student and the family to a different language and culture.

"It's a small world out there and it's very fulfilling to help a young person learn about American culture and academics," Skeadas said, adding, "it makes people feel good about themselves."

Skeadas noted that the friendships that develop and the eagerness of the students to be here makes the entire experience a positive one. Many families correspond with the students long after they have returned home and some even go to visit them in their countries. For more information on becoming a host family contact Kim Skeadas at (617) 593-2219.

Flu clinics offered

The Social Service League and the Board of Health will sponsor their annual flu clinics Saturday, Nov. 5 and 12, from 11 a.m. to 1 p.m. at Bates Hall, Second Congregational Church, 43 Highland Ave.

There will be no charge for the flu vaccine; however, Medicare cardholders are asked to bring their cards, as the town will be reimbursed by Medicare for administrative costs.

Pneumonia vaccine will also be offered to Cohasset residents age 65 and over. Senior citizens with chronic respiratory problems or other chronic diseases are urged to get this vaccine. The pneumonia vaccine is a one-time immunization, except in rare cases, which a doctor must evaluate. These will be first-time vaccinations only. Please check with your private physician if you have any questions about the pneumonia vaccine.

Authors signing

Authors Raymond T. McNally and Radu Florescu, a resident of Cohasset, will sign copies of their newly revised book, "In Search of Dracula," on Sunday, Oct. 23 from 3:00 to 5:00 p.m. at Buttonwood Books & Toys, Rt. 3A, Cohasset.

With the original publication of this book, the actual historical figure of Prince Vlad of Transylvania (Dracula) was rediscovered, and readers were introduced to one of the darkest figures of Eastern European history and folk lore.

Out of print for more than a decade, "In Search of Dracula" has now been completely rewritten and updated to include entries from Bran Stoker's newly discovered diaries and and examination of recent adaptations of the Dracula story in novels and on stage and screen.

McNally and Florescu are internationally recognized as the leading authorities on Vlad and Dracula and have appeared frequently on radio, film and television.

Both are professors at Boston College, where they teach courses on Dracula, the history of horror in literature and film and Russian and Eastern European history.

For further information call 383-2665.

Deer Hill antique show

The 18th Annual Antique Show and Sale will be held at the Deer Hill School on Sohier Street on Saturday, Nov. 5 from 10 a.m. to 4:00 p.m. Admission is $2. There will be a snack bar and ample free parking.

Proceeds will benefit the Beechwood Congregational Church. Dealers can call (617) 383-0070 for contracts.

For more information call 383-9131.

Alzheimer's support offered

"Techniques for Caring for an Alzheimer Patient at Home" will be addressed at the Alzheimer's Disease Support Group of the South Shore, meeting on Wednesday, Oct. 26, 7:30 p.m., at Thaxter Community Hall, 30 Thaxter St. in Hingham.

Patricia Clark, R.N., executive director of the Hingham Visiting Nurse Association, and Mary Elizabeth Doherty, R.N., executive director of the Norwell Visiting Nurse Association, will speak on techniques for caring for an Alzheimer patient at home, including behavior management.

Clark is a certified psychiatric nurse and a specialist in geriatric care. Doherty is chairman of the Board of Registration of Nursing for Massachusetts as well as a nurse practitioner.

All ADSGSS meetings are free and open to the public. ADSGSS is a volunteer nonprofit charitable organization which provides information and support to families dealing with the problems of Alzheimer's Disease. For more information, call 749-5417.

Christmas House Tour

The Garden Club of Hingham will present, "The Greening of Christmas/A Christmas House Tour" on Sunday, Dec. 11 from 1:00 to 7:00 p.m.

Eight beautiful homes will be decorated in holiday themes. Many of the houses are within walking distance of each other, and nearby free parking will be available.

Tickets are $18 in advance, $20 the day of the tour, and can be purchased at Bowl and Board, Heidi's and the Studio of Duxbury. Tickets may be purchased on December 11 at St. John's Parish Hall after 12:30 p.m.

There will also be a boutique and refreshments at the Parish Hall.

Advance tickets may be purchased by sending a SASE to Mrs. Wallace Meigs, 10 Howland Lane, Hingham. Checks should be made payable to The Garden Club of Hingham, Inc.

For further information call 749-5131 or 749-4219.

Historic hauntings noted

The Cohasset Historical Society will present "Historic Hauntings" at the Captain Wilson House Museum on Friday, Oct. 28, Saturday, Oct. 29 and Sunday, Oct. 30 from 5:00 to 7:00 p.m.

All ghouls, ghosts and goblins are welcome. Suggested donation is 50 cents, and children must be accompanied by an adult.

Grownups get to howl

Why should just the kids get to have all the fun on Halloween? From 8 p.m. to midnight, Saturday, Oct. 29, all grownups will have a chance to howl at the Community Center's Masquerade Ball. Prizes will be awarded throughout the evening for the best costumes. Creative dress in the Halloween spirit is encouraged by not mandatory. Tickets are $25 per couple in advance, and $30 at the door. Cold hor d'oeuvres, coffee and desserts. Tickets are available at the Community Center or by calling Susan Carr at 383-0331. For food donations, call Mary Sullivan at 383-6666.

Steeple climb slated

New North Church will sponsor its 7th annual Apple Festival open house Saturday, Oct. 22, from noon to 3:30 p.m.

As in past years, New North parishioners will act as volunteer guides to take interested visitors up through the clock tower to the top of the church steeple, which offers an exceptional view of Hingham Square and autumn color on the surrounding hills.

Visitors are advised to wear old clothes and to be prepared to deal with steep, narrow stairs and ladders. The steeple tour is not recommended for those with limited mobility or fear of heights. No children under age eight will be allowed to climb for safety reasons, and older children must be accompanied by a parent.

Less hearty visitors are welcome to tour the 188-year-old meeting house sanctuary and galleries and to inspect the newly-renovated neo-classical parish house wing and its magnificent parlor and ballroom which are available for civic functions and private gatherings.

Apple refreshments, including cider and baked goods, will be served on the church steps and in the vestibule.

In the event of rain, the open house will be held Saturday, Oct. 29.

New North is a non-denominational community church which welcomes visitors to all its activities, including its 10:30 a.m. Sunday worship service.

Chamber auction slated

The Cohasset Chamber of Commerce will be holding its seventh Annual Auction on Saturday, Nov. 12 at the Cohasset Community Center at 7:30 p.m.

Contributions of merchandise, gift certificates, and cash can be donated by calling the Chamber Hotline at 383-1010.

The Chamber will be happy to pick up donations. Admission is free.

Miniatures show

Linda's Wee Manor shop in Cohasset is celebrating "National Dollhouse & Miniatures Month" with its first Annual Room Box Contest. Judging and Miniatures Show and Sale.

The show will be held on Saturday, Oct. 22 from 11 a.m. to 4 p.m. at the South Shore Community Center, complete with miniature vendor displays and door prizes. Admission is free. For additional information call 383-6635.

All about the train talk

Joseph M. Connor MBTA project manager, will be the guest of the Scituate League of Women Voters at a dinner meeting to be held at 6:30 p.m. Wednesday, [illegible] 26, at P.J.'s Country House on Route 3A.

His topic will be "Progress of and Resistance to the Old Colony Restoration Project." The meeting will begin with cocktails at 6:30 p.m. followed by dinner at 7 p.m.

Connor's presentation will begin at 7:45 p.m. He will speak specifically to the status of the Greenbush Rail Line. All concerned about public transportation to the South Shore are urged to attend.

Tickets for the dinner portion of the meeting are $15.95. Reservations are required. Susan Pope needs to hear from you by Oct. 21.

No reservation is necessary for the presentation. The public is invited. For new member information call Carol Sullivan-Hanley at 545-9341.

Drama Workshop opens

At the request of its senior members, the Cohasset Drama Workshop will open its 94-95 season with an old favorite, "Godspell," Oct. 28-29.

Director Ron Emmons attempts to give members of the drama workshop the chance to perform in this, the group's most popular production, once during their high school theatre career, so approximately every four or five years Cohasset audiences are given the opportunity to enjoy this humorous, melodic, and touching musical. "The show lends itself to so many different production styles that it is the only play that I can direct over and over again. The play will always be nearest to my heart. I've lived with this show in my head and heart for over two decades. That's a bit frightening in terms of the passage of time, but it says something about the staying quality of the work," Emmons said.

Featured in this production of "Godspell" are seven seniors, Anne Dane, Kevin O'Donnell, Mary Ellen Rayment, Amy Silvia, Dan Silvia, Nicole Vasseur, and Nick Welz; four juniors, Grace Deveney, Jessica Hurley, Faye Menis and Alli Ritts; one freshman, Alex Creighton; and two eighth graders, Ron Nicynski and Meredith O'Hayre. This "Godspell" cast has had to juggle a busy schedule during the rehearsal period, for the cast features members of the cheering, field hockey, and football squads.

Musicians for this production of "Godspell" are Dean Volungis on drums and Dan Silvia doing double duty as actor and guitarist. Featured on synthesizer is the father of one of the cast members, Gary Ritts. Also lending a hand on keyboards will be Sheri Kondrat. Returning as dance and movement coordinator is Sharon Weber.

All seats for this production are reserved and may be purchased at the main office of Cohasset High School or from any cast member. In advance tickets are only $5, but door price will be $7.

"I wish we could do the show for less, but because of its continuing popularity, royalties are unusually high. We are a self-sustaining activity and have to at least break even to be able to afford the next show. At least the ticket price is still cheaper than that of a movie," Emmons said. Performances of "Godspell" begin at 7:30 p.m. Friday, Oct. 28, and Saturday, Oct. 29.

Knights outlast Skippers in gridiron battle

By Jim O'Sullivan
Special to the Mariner

Last Saturday, Cohasset's varsity squad hosted the South Boston Knights at Milliken Field for its fifth game of the season. The Knights' offense was too much for the home team as they triumphed over the Skippers, 21-14. The boys from Southie ate up the yardage with rushes by senior Ishmael Almeida and sophomore Carl Taylor.

Quarterback Willie Perry scrambled for the first down to put his team on the 20. Timely tackles made by Cohasset's Larry Adams, Mike Dunphy, Anthony Wigmore and Nick Welz stalled Southie before the Knights gained a first down at the 7. Welz finished the day with 16 assisted tackles, a team high. He held up Roberto Lopez before Dorian Bryant finished the tackle and dropped Lopez for a loss of 2. A holding call on a keeper by Lopez drove the Knights back to the 16. A pass by Perry got lost in the sun and Chris Nee couldn't come up with the

(See page 27)

Soccer team aims for SSL title

By Joe Reardon
Mariner staff

Monday's 2-2 tie against Scituate was a bittersweet finish for the Cohasset High boys soccer team.

Although they are sporting a record in the .500 range, Skippers head coach Keith Clark knows the Sailors are a better than what numbers lie in their win and loss columns.

It was Scituate who took the early 2-0 lead in the first half, forcing Cohasset to become all the more aggressive in its attempt to get back into the game. The work paid off as Jim Magner cut the lead to 2-1 on a pass from teammate Kevin McKenna. McKenna then knotted the score with eight minutes remaining to garner the tie for the Skippers.

"Our passing game wasn't really clicking and we ended up playing their style, which is a little faster and more direct," said Clark. "We worked hard and came back even though we weren't playing particularly well. They're a tough opponent, even though their record is only .500.

Cohasset is one of three teams with a realistic shot at catching first-place Hanover. The Indians have 19 points, followed by Norwell (18), Abington (16) and Cohasset (15).

The Skippers did come away from the Scituate tie, but Clark would have been happier with the victory, which would have tied them with Abington, who they face Oct. 19, in third place.

Clark has a good feeling heading into the team's final five games. Cohasset was manhandled by the Green Wave, 4-0, in the first meeting between the two teams this season. Clark doubts history will repeat itself.

"We're playing much better, as I'm sure they are," he said. "We're not giving up as many goals now. The defense has tightened up quite a bit.

"Going into this game we have a nothing to lose attitude."

The two contests also represent the Skippers' last chance to go up against tournament-bound teams. Next week Cohasset is scheduled to play Carver, Hull and East Bridgewater. None of the teams have a chance at playing in this year's tourney.

"For us, this week is a big one to move up in the league standings," Clark said. "These are big games which will help prepare us for tourney play.

"These teams are as good as any teams we'll face in the tournament."

extra points

Joe Reardon

Dave McKee

by Joe & Dave

It is halfway through the high school fall sports season and it is time for a few mid-term grades.

Biggest surprise: The wide open race for the South Shore League football title. Norwell lost to East Bridgewater, but East Bridgewater lost to Hanover to leave Norton in control heading down the stretch. Add a tough Scituate squad to the mix, which was beat by the gritty Abington High squad and a Norwell-Norton match-up and it looks like it could go down to the wire. Earlier this season I predicted Norwell would run away with the title. Shows you what I know. I also predicted Notre Dame would cream BC.

Biggest flop: The MIAA rules about awarding yellow and red cards in soccer. For the second straight season the MIAA has put handcuffs on players and coaches in its efforts to get tough. The rule changes take too long to explain in full, but basically, a running tally on yellow and red cards is kept throughout the season. The more yellows and reds you get the more you get suspended. (For example if a coach picks up two yellow cards in the course of the season, he receives a two-week suspension. Yikes.) Soccer is the only high school sport I can think of where running totals are kept on fouls like that. Imagine if basketball refs kept track of technical fouls and applied the same penalty. You wouldn't have a coach remaining by the third week of play.

Most valuable players soccer: Norwell's Kim Waldron and Hingham's Mike Sheridan. Waldron is the SSL's top player and top scorer. She moved from the midfield to forward this season and has kept the Lady Clippers in the hunt for the league title with her play. As for Sheridan, there are more skilled players around but none have meant more to his team than Sheridan. He has been scoring goals in an impressive clip and has pushed the Harbormen to second place in a tough Atlantic Coast League.

Most valuable player football: Corey Farina of Hingham by a land-slide. The Harbormen are 5-0 thanks to Farina's 100-yards-plus per game and knack for the goal line. If he stays healthy (he is battling a hip bruise) he has a shot to lead the Harbormen to the ACL crown and the Super Bowl.

Best coaching job: Silver Lake boys' soccer coach Bill Johnson. Year after year Johnson molds his players into Old Colony League champions and this year the Lakers are two points behind first-place Weymouth heading into a big showdown Wednesday evening. And this year Johnson is doing the job with less talent and a younger line-up than in previous years.

Best high school machine: The Marshfield High girls' soccer team. More than 100 players came out for the team after a Division 1 South finalist berth last season. This year the Lady Rams, led by a solid defense, have only one loss to Duxbury and always seem to peak in the post-season under the direction of

Cunningham wins special Ouimet Scholarship Award

[J]im Horvath
Mariner correspondent

John Cunningham of Cohasset has been named the winner of the Francis Ouimet Scholarship Fund's fifth Richard N. Tarlow Award. The Tarlow Award is given each year to a Ouimet Scholar from the South Shore or Southeastern Massachusetts who has high academic standing and exhibits outstanding character and integrity.

Cunningham caddies at the Cohasset Golf Club, and is presently a junior marketing major at the University of Richmond. He is president of his fraternity, performs community service at the Boys and Girls Club in Richmond, and is involved in several sports, all while earning a 3.2 grade point average. His future plans call for a career in marketing and sales.

The Tarlow Award was presented at the Ouimet Fund's 45th Annual Meeting at the Brae Burn Country Club. The award is named after Richard N. Tarlow, the chairman emeritus of the Foot-Joy Division of Titleist and Foot-Joy Worldwide. Cunningham was presented with a plaque by Tarlow in addition to a cash scholarship stipend.

Since the Francis Ouimet Scholarship Fund was founded in 1949, it has awarded more than $6.8 million in need-based tuition assistance scholarships to over 3,000 young men and women. The Ouimet Fund is considered the "Golf Charity of Massachusetts."

—

Some of the best amateur golfers in New England will descend upon Presidents Golf Club in Quincy this weekend for the twelfth annual Norfolk County Two Ball Classic.

Despite the fact that it falls late in the season, the Norfolk County Two-Ball is one of the top tournaments of the year. This year is no exception, with Tournament Director Art Cicconi reporting that "this year's field is probably the best ever."

Seventy (70) two-man teams will compete, with the lowest best-ball score for 36 holes the winner. Defending champions are Paul Heffernan and Joe McDonald of Charles River Country Club. Other top teams vying for the title this year are Bruce Chalas and Steve Tasho of Thorny Lea GC; 1994 MGA Player-of-the-Year Frank Vana of Marlboro CC and his partner Jack Kearney of Elmcrest GC and Braintree GC's George O'Rourke and his partner Bob Bradley of Ponkapoag GC.

The tournament record is 128 (-12) for the 36 holes. Spectators are welcome.

SS Community Center happenings

FREE PLAY

coach Fred Podbelski. However, matchups with Newton North and Notre Dame Academy await them in Div I South.

-David McKee

*****

The 1964 Thayer Academy football team had as dominating a season as a squad can have during that electrifying autumn, 30 years ago. Thayer's squad finished the season undefeated with no ties and without allowing a single point.

With this being the 30th anniversary of the perfect season, the entire team will be inducted into the school's Sports Hall of Fame at Thayer's October 29, Homecoming Game at 2 p.m. The squad, which includes several former players now living on the South Shore, will be officially inducted at a post-game reception beginning that evening at 6:30 p.m., in the Memorial Gym.

The South Shore inductees include: Francis Badger, Paul Frankel, Joseph Hayes and coach Marshall Litchfield of Scituate, Marshfield's Michael Georges and Hingham resident Stephen Losordo.

Cheerleaders who will also be recognized for their contributions to the team include Carolyn Martin Baily (Scituate), Kendra Bone Georges (Marshfield) and Barbara Robinson (Hingham).

Sounds like a nice goal for one of today's high school football teams to strive for. A team that can't be inspired by Thayer's accomplishment shouldn't be allowed on the gridiron. One can only imagine how exciting a season it must have been for Thayer's football fans as they cheered their team to victory on those brisk, fall afternoons in 1964.

—Joe Reardon

*****

After talking with several coaches and having the same discussion with my partner in crime, Dave McKee, I've come to the conclusion that the only people who can *truly* appreciate watching high school cross country races on a regular basis are those who have partaken in the sport and distance runners in general. I consider myself among the group of lucky ones who can't wait for the first harrier to pop into view on the horizon as he or she heads toward the finish line.

But I can understand the non-runners' point of view pretty easily.

Save for the parents who go to the meets to watch their kids race, not too many people can get motivated with the idea of spending a fall afternoon in some South Shore park or high school field watching a group of "malnourished" athletes race off for 15-18 minutes, only to catch a glimpse of them at the finish line.

Runners see the whole event in a completely different spectrum. The kind you develop only by having competed in a race somewhere along the line.

In that sense it's easy to appreciate the training behind that 15:45 run by the tall, skinny kid on a hilly 3-mile course.

The mental toughness needed to be successful in the sport.

The burning lungs and heavy legs a runner feels after reaching the top of a steep hill at the 2-mile mark.

The year-round dedication to running in all kinds of weather, an absolute necessity, if one makes his or her mind up to be one of the best in the state.

Watching a pair of runners at the back of the pack sprint to the finish line as if first place was on the line.

It all comes down to pride, and like other athletes in more popular sports, cross country runners have plenty of it. Try to think in those terms if you should ever find yourself watching a race. You just may surprise yourself and actually enjoy the experience.

I'm trying to put my money where my mouth is by looking at field hockey and sailing in the same perspective. It hasn't worked so far but I haven't given up.

Indoor golf lesson registration

The Cohasset Recreation Department will accept telephone registrations for beginner level instruction in golf, to be taught by golf pro Dan Neary. Classes are held Thursday evenings at the Cushing School gym in Scituate, beginning Thursday, Nov. 3.

Openings remain in a 6 and 7 p.m. class, and each session consists of a one-hour class. The cost for this program is $60 for residents of Cohasset and Scituate, and $60 per person, per session, for all other area residents.

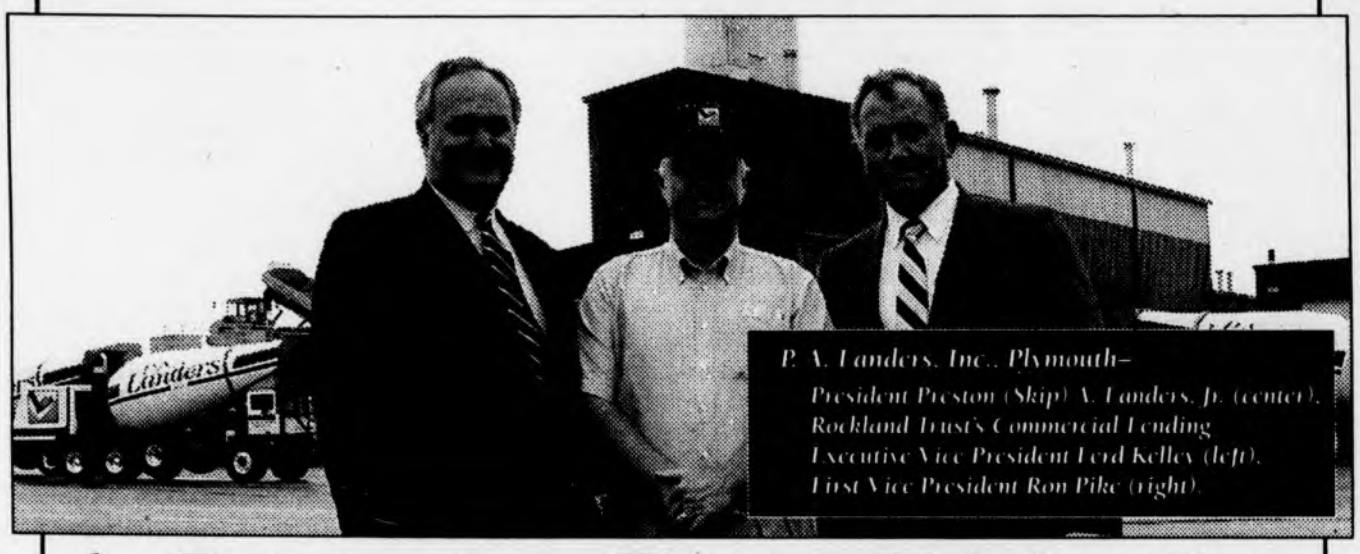
To register, please call the Cohasset Recreation Department office at 383-6791. Classes are limited in size, and registrations will be accepted on a first call-first enrolled basis.

Recreation department to offer ice skating lessons

The Cohasset Recreation Department, in conjunction with the Bay State Ice Skating School, is pleased to announce registration for indoor ice skating lessons for children age 5 through adults.

The fall, seven-week sessions will be offered either Sunday or Tuesday evenings, at the MDC Skating Rink in Weymouth. Sunday classes begin Nov. 6, at 5 p.m. and Tuesday classes begin Nov. 8, at 6 p.m. Both sessions consist of seven classes over a seven-week period. Participants may use either figure or hockey skates for lessons. The fee for the seven-week session is $65 for children and $75 for adult participants. The fee includes the weekly rink admission. Should you wish further information or want to register for the indoor skating lessons, please call the Cohasset Recreation Department at 383-6791. Approximately 12 levels of instruction will be available in groups of 8-10 age-appropriate participants, taught by professional instructors.

Cohasset's David A.N. Krueger won the state championship in skiing in the 7-9-year-old division.



P. A. Landers, Inc., Plymouth– President Preston (Skip) A. Landers, Jr. (center), Rockland Trust's Commercial Lending Executive Vice President Ford Kelley (left), First Vice President Ron Pike (right).

AT ROCKLAND TRUST YOU'LL GET A LOT MORE THAN ATTENTION. YOU'LL GET CLOUT.

You've probably noticed that the big banks have suddenly discovered local business. We're not surprised. Because it's good business. In fact, local business is the foundation of Rockland Trust.

Our commercial lending activities focus on helping local business owners achieve their goals. We enjoy thousands of these relationships, which lets us take the daily pulse of the local business community. We listen and respond with innovative services to help your business run better.

Commercial lines of credit, term loans, commercial mortgages, business checking, cash management services, employee benefit services, our new SmartLine℠ instant credit line and more.

Rockland Trust people are business people. Our team of 22 commercial lenders understands business cycles, inventory management, pricing strategies, and the complexities of your markets. Every day we roll up our sleeves and help customers meet their financial challenges. *And, we make decisions quickly, right here.*

Call any of our six conveniently located Commercial Lending Centers and see for yourself.

Because at Rockland Trust you're not just another business account, you're an important customer, like P.A.Landers. And important customers have clout!

Knights outlast Skippers in gridiron battle

(Continued from page 23)

reception.

On third-and-goal, Perry launched another beautiful pass, this one finding its way into Nee's arms. The TD was called back, however, because Perry was over the line of scrimmage at the time of release. On fourth-and-goal, a bad snap sent Perry reeling into the backfield. He recovered the ball but not in time to throw because Dorian Bryant brought him down at the 40. A penalty on CHS gave Southie the ball again on the 16. An end-around rush by Nee was stopped at the 9 and Cohasset had the ball.

The Knights' defense forced the Skippers to punt. Welz uncorked a 40-yard punt from his end zone. The kick was returned for 10 yards by Perry before Almeida sprinted for 18 yards and Taylor scored on a 12-yarder. The versatile Perry booted the extra point through the uprights.

Dunphy took the kickoff and handed the ball off on the reverse to senior Tom Allen. Allen, coming off a 206-yard game against Norwell, danced for 15 before being brought down at the 20. After a penalty against the Skippers, Allen bolted for 45 yards to the Knights' 37. Dunphy streaked for 13 yards to the 24 and Allen bulled his way to the 20 where the Knights' Mike Bennett broke through the Cohasset line and dropped Allen in the backfield. A pass by Littlehale to Dunphy wasn't enough for the first down and Southie took over on downs.

The offense barely got started before Allen, Wigmore, and junior Dave Cristoffel caused a fumble. Wigmore pounced on it and CHS had the ball. Allen's runs for 7, 1 more, and an incomplete pass brought up fourth-and-2. The Skippers drive stalled at the visitor's 11. Lopez and Almeida charged for gains and South Boston was quickly at its 27. Taylor rumbled for 23 yards to midfield, aided by a vicious block set by Almeida. Perry and Nee connected again, this time to the Skippers' 14. Defensive stops by CHS forced Perry to scramble. He fell short of the first. A QB sneak from the 5 became a mass of moving bodies. Slowly, all of the 22 players on the field creeped toward the end zone until the plane was broken and South Boston led 13-0.

Nevin Bunstein took the second-half kickoff and returned it to the 40. Allen (who finished with 251 yards and 2 TD's) surged for 21 yards on three rushes before a pass fell incomplete. On second-and-9, Allen scrambled for six more yards before a punt by Welz bounded into the end zone for a touchback. Brad Potolicchio stopped Almeida after a gain of 7 before a tackle by Allen drove Southie back five yards. On fourth-and-15, Bryant blocked the Knights' punt and CHS had the ball at South Boston's 30. Allen waltzed in from the 30 and Dunphy booted the extra point to make it 13-7.

On third-and-20 from their own 14, Southie had the misfortune of running straight into Adams and Wigmore, who gladly forced a punt. Allen ran for short yardage several times before cruising into the end zone from the 6, giving Cohasset a 14-13 lead.

A QB sneak, another Perry-to-Nee strike and a QB scramble brought the Knights down the field. A 3-yard run by Almeida was stopped by junior Nate Caldwell before the CHS defense finally showed a weakness and Almeida bulled in for the winning tally.

A last ditch effort by the Skippers fell short and the Knights went home with a 21-14 win under their belts, upping their record to 5-0.

Cohasset head coach Ted MacDermott said his team "did not play four quarters of football. It was obvious in the first half that we weren't ready to play. We had a good third quarter on both sides of the ball, but the rest of the game we allowed South Boston to power the ball of tackle."

However, the coach was optimistic about the Skippers' chances next week, predicting a win against Old Colony in Cohasset's Homecoming game.

'Spirit Week' . . .

(Continued from page 1)

on the gridiron, an expected crowd three times the normal size will be on hand to watch Tom Allen lead Cohasset into battle v.s. its Independent League opponent.

Earlier that morning, the tournament-bound boys soccer team takes on last year's league champion Hanover in a pivotal, 10 a.m., South Shore League meeting.

"Outside of Senior Week this is the most exciting week of the year for students," said athletic director Clark Chatterton. "Without question."

Ironically, this year's Homecoming is being held on the same date — Oct. 22 — as it was 30 years ago.

The week slowly builds in excitement as every day holds a theme, whether it be the pajama wearing on Monday or '50s, '60s and Greaser Day on Tuesday.

The students' energy reaches its fever pitch during Friday's pep rally.

"The kids are very excited," said DiLorenzo. "Friday is really buzzing around here. The lunch room is a pretty exciting place to be with everybody dressed in blue and white.

The spirit plaque is presented to the class which has earned the most points for class spirit over the course of the week. One of the big questions will be whether or not this year's junior class will win the award for the third consecutive year.

"The pressure is on them," said assistant principal Jack DiLorenzo.

Students will find out which four boys and girls were nominate for this year's Homecoming Court. The king and queen will be selected at halftime of the football game after entering the field riding on the back of four convertibles.

Prior to the game a tailgate party, sponsored by the Gridiron Club, will be held in the school cafeteria. That evening the cafeteria is transformed into a romantic dance hall where the 9-12th graders top of a busy day with the annual Homecoming Dance.

COMMONWEALTH OF MASSACHUSETTS
THE TRIAL COURT
THE PROBATE AND FAMILY COURT
NORFOLK DIVISION
DOCKET NO. 94P2424E1

Estate of DOROTHY J. DOBLE late of COHASSET In the County of NORFOLK

NOTICE

A petition has been presented in the above-captioned matter praying that the last will and codicil of said decedent be proved and allowed and that KENDALL J. DOBLE, Jr., of HINGHAM in the County of PLYMOUTH and CHRISTOPHER T. CARLSON of WESTON in the County of MIDDLESEX be appointed executors named in the will without surety on the bond.

If you desire to object to the allowance of said petition, you or your attorney should file a written appearance in said Court at Dedham on or before 10:00 in the forenoon on November 23, 1994.

In addition you should file a written statement of objections to the petition, giving the specific grounds therefore, within thirty (30) days after the return day (or such other time as the Court, on motion with notice to the petitioner, may allow) in accordance with Probate Rule 16A.

Witness, Robert M. Ford, Esquire, First Justice of said Court at Dedham, this eleventh day of October, one thousand nine hundred and ninety-four.

Anti-train activists fail to win no-rail mandate

By Mary Ford
Mariner staff

As it turned out at special town meeting Monday — yes meant no and no meant yes.

Hundreds of Cohasset residents packed the high school gymnasium to hear debate on the 'Train Ques-

(See page 3)

'The article was submitted on behalf of the Coastal Coalition which worked hard to get out the vote. The fact that the vote was so close tells me the town is divided but may be slanting in the direction of the train.'

— Selectmen Chairman Michael Sullivan

In a league of his own

Cohasset High football captain Thomas Allen (22) does what he does best on the gridiron by avoiding a tackle and racing for a big gain. The Independent League's leading scorer and running back helped lead the Skippers to their Homecoming rout over Old Colony last Saturday. For more great Homecoming photos, see pages 14-15.

Historical underpinnings to tale of Dracula explored

By Alison Cohen
Mariner correspondent

Don't expect world-renowned Dracula expert Radu Florescu to swoop into the room wearing a swirling black cape. His specialty is uncovering the man beneath the myth.

Bram Stoker wrote his novel about the blood-thirsty count in 1897. Since then, books, plays and movies about vampires have captured the imagination of people all over the world. One of those people is Boston College professor Raymond T. McNally.

McNally loved Stoker's dark and brooding tale and wondered whether there was any historical underpinnings. Who better to ask than a Romanian fellow professor who specializes in the history of the region inhabited by Stoker's vampire.

(See page 22)

Homecoming party suits Cohasset

Cohasset's Homecoming football game is usually highlighted by some nice plays and the halftime party, where the Homecoming King and Queen are announced.

However, this year was different. Cohasset's varsity squad demolished the old Colony Cougars by a score of 34-12.

The game began with a 30-yard catch by John Levindale. Levindale fumbled at the Cohasset 40, though, and the ball was pounced on by Cohasset star Tom Allen.

A delayed handoff by Jeff Littlehale to Jerome Marion gave Marion the chance to burst through the hole crated by the Skippers' linemen and eat up 10 yards. Marion finished with 61 yards on 10 carries.

"Jerome's fullbacking opened up a lot of things,"

(See page 17)

'Fall back,' Sunday

Early risers gain an hour of daylight this weekend while the 9-to-5 set will have to drive home from work in the dark.

The clocks go from 1:59 a.m. backward to 1 a.m. Sunday morning as the state moves from the summer's Daylight Savings Time to winter's Standard Time.

Remember, set the clock back one hour when you go to bed Saturday night and avoid the embarrassment of finding yourself in church an hour early on Sunday morning.

Cohasset's week

Contract approved

Town meeting voters unanimously approved spending up to $47,666 to fund a collective bargaining agreement with the 19-member Konohasset Clerical and Custodial Union.

The four-year contract is retroactive and due to state law on how far a contract can go backwards, the union receives no increases in the first half of the contract and gets 5.57 percent and 3-1/2 percent raises in the second half. Spread out over the four years, however, the union is receiving exactly the same percentages that the town gave the police, fire, and library unions, officials said.

Assessors get system

Town meeting voters approved spending $18,000 for the purchasing and licensing of a Computer Assisted Mass Appraisal System (CAMA) which will permit the town to do its revaluation in house.

Assessor James Lagrotteria explained that the town will save money in the long run. He said the town spends about $65,000 every three years to hire a contractor to do the revaluation.

The money will be transferred from the overlay surplus account.

Sick leave buy back

Town meeting voters approved adding 17,365 to the police department's budget to pay the cost of redeeming sick leave benefits of a police officer who is retiring early. Police Chief Brian W. Noonan said there are only four more officers in the department eligible for this retirement benefit. He said the sum was not part of his annual budget because he was not notified of the officer's retirement plans until after the budget was approved.

Tax exemptions

Real estate tax exemption applications for fiscal year 1995, which began July 1, are available at the assessor's office. To have one sent to you, call 383-9900 ext. 124.

Rest Before Labor

The Sound You Hear is Senator Brian McDonald Falling Asleep on the Job.

Not only was it reported in the *Patriot Ledger** that Senator Brian McDonald fell asleep during a committee hearing, but as Chairman of the Senate Ethics Committee, he has **never** called a meeting. And as Chairman of the Senate Insurance Committee, his work performance handling legislation is the **lowest**** of all 29 Legislative committees on Beacon Hill. Yet, he still took an additional $15,000.00 of bonus pay.

Are You Being Served? Of Course Not!

The constituents of the Plymouth-Norfolk District should expect more.

Bob Hedlund Will Do More.

- He will support true welfare reform.
- He will support tougher crime measures, including reinstatement of the death penalty.
- He will support less government, lower taxes.

He Will Work For You

. . . and he will sleep only on his time, not yours.

Bob Hedlund–State Senate

Vote Tuesday, November 8th

Town to hire Greenbush consultant

By Mary Ford
Mariner staff

The town will pay up to $15,000 for a consultant to walk it through an environmental feasibility study on the proposed restoration of the Greenbush line of the Old Colony Railroad.

Despite opposition from the advisory committee, town meeting voters agreed with selectmen that a consultant could help the town analyze the project's Environmental Impact Report (EIR) due to be released next month.

"We are in unanimous support of this article although we are not all in agreement on the train," Selectman Jane Goedecke said.

"This is an important project to the town, certainly as important as the impact of the private landfill in town," she said. "In our analysis of the EIR, we need to discuss specific impacts and what mitigation measures the state should take if the train should come."

Advisory committee member Deborah S. Cook, who sat on the Citizens Advisory Committee appointed to comment on the EIR, said for that amount of money, the town won't get enough expertise.

"We didn't want the town to spend any more money," she explained later about the town advisory committee's position. "I sat on the study committee for three years. We're not going to get enough for that amount of money in that amount of time for it to be worthwhile."

Once the EIR is released, the town has a limited window of time to comment on it.

Some citizens at town meeting, suggested there was enough expertise among rail proponents and opponents to help the town study the EIR.

But Michael Dick of Arrowood Street said that "full objectivity should be required."

The article passed by a vote of 85-53.

Activists fail to win no-rail mandate

(Continued from page 1)

tion'.

The crowd wasn't deterred by changes in the game at the eleventh hour. Due to a legal technicality, the question "Article One" was thrown out before the meeting convened and replaced with a resolution against the train.

The non-binding resolution, which was advanced by a vote of 341-314, asked for a "yes" vote to direct selectmen to do "everything in their power to prevent the restoration of the Greenbush branch". A "no" vote was a vote against the resolution and for the train.

Selectmen Michael H. Sullivan conceded answering yes to stop the train and no for the rail restoration to move forward may have been confusing to some voters. He said the closeness of the vote, however, persuaded him that the town may actually be leaning toward the train.

"The article was submitted on behalf of the Coastal Coalition which worked hard to get out the vote," he said. "The fact that the vote was so close tells me the town is divided but may be slanting in the direction of the train.

"They (Coalition) did not get the mandate they were looking for," he said.

Article 1 was thrown out because it was worded in the form of a question and covered an area that town meeting has no jurisdiction over, Town Counsel Richard Henderson explained.

Henderson said that the resolution had to be non-binding because selectmen cannot be compelled to vote a certain way.

"Elected officials can form their own judgements," he said.

Town meeting Moderator George Marlette said he allowed the resolution to be substituted in place of the original article in the interest of fairness.

"Town meeting is not the proper forum for ideological debate. It is our legislature not a street corner," he said. "But proponents learned only recently of the defect of their article."

Marlette limited debate participation to Cohasset residents only. About a dozen Hingham residents representing both sides of the issue sat in the bleachers reserved for non voters.

Marlette kept a stop watch to limit each person wishing to speak to 2-1/2 minutes.

Five speakers spoke for restoration of the railroad and five against in the 20 minutes, which Marlette allowed, following the five-minute opening presentation by rail opponent Chris Kierce of North Main Street.

Sullivan praised Marlette's handling of the meeting.

"He did his homework to ensure the train issue went smoothly. He did a fine job," Sullivan said.

The Hearing Center

Have You Heard?

by Nancy Allonen-Allie, M.S., CCC-A
Licensed-Certified Audiologist

A RINGING ENDORSEMENT FOR NOISE

If young people want one more reason to avoid loud noise, they need only ask one of the 36 million Americans who experience ringing in the ears (tinnitus) as a chronic condition. For many of this number, having tinnitus as a constant companion means disrupted sleep and an irritability during working hours. The most common cause of tinnitus is chronic exposure to loud noise, followed by age-related hearing loss. Noise causes damage to the microscopic hair cells of the inner ear, particularly those responsible for high-frequency sounds. These nerve endings are responsible for converting incoming sound waves into electrical messages that are sent to the brain. When they are damaged, the nerves fire randomly to create noise which the tinnitus sufferer hears as ringing in the ears.

Hearing problems vary by type and degree. If you or a loved one are suffering from tinnitus, please call us at **THE HEARING CENTER** to schedule an appointment. We offer complete lines of custom built hearing aids. Each aid is individually built and designed for your particular need. A custom built aid can be made for almost any type of hearing loss. Call us at **1-800-339-9316.** Our offices are conveniently located at **306 Washington St. (Rte. 53), Norwell,** and **470 Southern Artery (Rte. 3-A), Quincy.** We will also visit your home or nursing home if you are unable to come to our office. Don't forget to ask about our complimentary Battery Club membership program.

P.S. Tinnitus sufferers may be helped with hearing instruments to address hearing loss, maskers that cover ringing, or a combination of the two.

Mom needed a helping hand... not a nursing home.

We all knew Mom was slowing down and could use some help, but even her doctor said she didn't need a nursing home. While she knew she could rely on us, Mom insisted she didn't want to be a burden to her children.

That's why we're all so glad she found a beautiful new home at Allerton House. Assisted living is a wonderful alternative: Mom gets the help she needs to stay as independent as possible, and she's already made a number of new friends.

To find out more about assisted living at Allerton House, or to arrange a tour, call Louise at:

Sewer solutions get go ahead

Sean P. Sweeney
Mariner correspondent

With the passage of five articles contained in the warrant for the special town meeting, town residents took one very large step towards resolving the town's long-standing wastewater disposal problems.

The five articles were approved the second night of the special town meeting held Tuesday, Oct. 25, at the high school gymnasium. The town meeting was attended by approximately 150 residents.

Upon recommendations from the Advisory Committee and Selectmen, voters approved article 22 of the warrant on a voice vote. This article provides for the amendment of an agreement for judgment which was previously entered into by the town in the case of Commonwealth of Massachusetts v. Town of Cohasset. The original agreement for judgment was approved at a 1980 special town meeting and resulted because the town had violated state regulations regarding wastewater disposal.

The amendment to the agreement for judgment was negotiated on behalf of the town by attorneys from the Boston law firm of Goodwin, Proctor and Hoar. According to one of the article's leading proponents, Ted Guild, the amended agreement for judgment is much more attractive to the town because it allows the town to consider three alternatives for correcting the town's wastewater disposal problems. In addition, Guild claims that the costs associated with the amended judgment are far lower because of a relaxed penalty schedule.

Under the amended final judgment, the town can proceed with considering whether it wants to connect with the Town of Hull's wastewater treatment plant, or whether the town should upgrade its own treatment plant and allow discharge into either James Brook or Cohasset Harbor.

Some residents in attendance expressed concerns about the ongoing problems in the Strait's Pond area of town and Guild responded by pointing out that the agreement has a specific provision under which problem areas will be addressed. Guild also indicated that town engineers will consult with the Strait's Pond area residents in order to assess the problem in that area.

Residents then proceeded to pass Article 23 which called for town approval of a plan to borrow $410,000 to implement the study of Step I of the Facilities Plan for the James Brook Alternative and the Cohasset Harbor Alternative, as defined in the amended judgment approved under Article 22. The money will be used by engineers for the town as they try to qualify one of the two Cohasset alternatives.

Guild encouraged passage of this article as well because he believes that a Cohasset alternative is preferable to the Hull alternative. As reasons for his preference, Guild stated that the overall long-term cost of the Cohasset alternatives will be lower, while providing the town with some security and overall control. The Hull alternative would be subject to a 30-year agreement. At the end of the 30 years, there is no guarantee that the town could continue to utilize the Hull treatment facilities.

Residents expressed concern over the capacity of the upgraded Cohasset treatment plant and inquired as to whether the Hull alternative offered a greater capacity. Guild denied that Hull has greater capacity and cited a number of recent problems in Hull which resulted in damages to the homes of some Hull residents.

After a voice vote, the town moderator ordered a hand vote and the article passed.

With the passage of three other related articles, the town approved the appropriation of nearly $68,000 to pay for legal services, costs associated with the new agreement and to upgrade the town's water treatment plant during the interim period while a new system is under design.

Beechwood expansion is favored

Wastewater treatment was not the only long-standing town concern that was addressed at Tuesday's session of the special town meeting. Residents also passed two articles which will help make the expansion of Beechwood Cemetery a reality within the next 18 months.

At the suggestion of the Cemetery Study Committee, residents passed Article 28 which provides for the transfer of $1,000 which had previously been appropriated in 1987 for use in expanding Woodside Cemetery in order to be used in Phase I of the Beechwood expansion.

Most citizens who commented on this and other related cemetery articles agree that the town is in a precarious position when it comes to providing residents

Abuse survivors: battle engaged but not won

By Lorraine M.K. Palmer
Mariner correspondent

"The beginning of the battered women's movement as we know it was when one woman told another woman... who told another woman... who told the world," declared Carolyn Ramsey, executive director for the Massachusetts Coalition of Battered Women's Services and herself a survivor of domestic violence.

In a collaborative effort to raise awareness of domestic violence, the Social Service League of Cohasset and the Wellspring Multi Service Center in Hull sponsored an all-day symposium at the Ramada Inn in Rockland Thursday, Oct. 20. It was called, "Abused Women Who Have Left — What We Can Learn From Them."

Five courageous women who have not only survived domestic abuse but have gone on to thrive, told of the nightmares that were once their lives.

Pat Carleton, a licensed social worker from the Social Service League, and Marguerite Haider, executive director of Wellspring, collaborated to form the Wellspring Intervention Project for Battered Women about two years ago.

A year ago they conceived the idea of a major symposium on domestic violence, long before the murder of Nicole Simpson brought the issue into the media spotlight.

WBZ-TV anchor-woman Liz Walker gave a history of the media's approach to covering domestic violence — from the lack of coverage in the past, to the heightened awareness today, to what can be accomplished in the future.

No longer is domestic violence considered a private issue, said Walker.

"We had no right to intrude," said Walker. "We now cover these stories all the time. We are beginning to take on our responsibility of making a change."

Recently, Walker led the third-annual Jane Doe Safety Walk in Boston, which is organized each year by Ramsey. WBZ-TV is a contributor to the Jane Doe Safety Fund.

WBZ-TV anchor-woman Liz Walker gave a history of the media's approach to covering domestic violence — from the lack of coverage in the past, to the heightened awareness today, to what can be accomplished in the future a symposium sponsored by the Social Service League of Cohasset and Wellspring Multi Service Center in Hull.

(Staff photo/Alan Chapman)

The more women who tell their stories, the more people sit up and take notice of the disease known as domestic violence.

Thirty years ago, Gini Pomeroy was told by her Wall Street lawyer to call him the next time she was beaten so photographs could be taken to document the abuse. She was courageous enough to ask for help but when she did, nobody helped her.

For the past 15 years she has organized groups for abused women to give them the help she was denied.

Times are changing, but not quickly enough for victims' advocates. Charlotte Fedders, author of "Shattered Lives," also spoke at the symposium. Her book was later made into a television movie.

"We have to keep reaffirming and reminding people what we have been through," she asserted.

Fedders is an example of the hidden problems that may lurk behind the stately facade of wealthy families and professional careers. She was married for 18 years to John Fedders, a former administrator in the U.S. Securities and Exchange Commission. The abuse began in the first 18 months of their marriage and never stopped.

"I can't believe I'm still standing," she said.

Fedders urged women never to minimize their abuse because it eventually escalates.

"If it happens just once, abuse will happen again," she said, citing statistics that every nine seconds a woman is beaten.

Fifty percent of the time the abuse takes place during pregnancy and 50 percent of the time the children are abused too, she said.

"Domestic violence is the root of all evil and it's one of the most under-reported crimes in the U.S.," Fedders asserted.

Until all police officers and judges are educated fully on domestic violence, women will continue to fall through the cracks, she said.

Educating young people early that this is not acceptable behavior is one way to stop future generations of batterers and victims. Mainstreaming this intolerance into the social consciousness requires full-scale education, especially in the legal system and the health care professions.

Karen Tewksbury, assistant to Massachusetts Attorney General L. Scott Harshbarger, spoke about the advances made in Massachusetts and nationally in combating domestic violence, the obstacles that law enforcement faces in abuse cases and the need to educate children in prevention of domestic violence.

Massachusetts has the nation's first state-wide database to track all restraining orders, which is updated daily.

The recent passage of the federal Violence Against Women Act is another tool. Taking the lead from Massachusetts, the act mandates civil rights penalties for victims of felonies motivated by gender bias. Survivor Christine Aboulaz's case is currently being used as a test case of federal civil rights law.

Her abusive husband Salah Aboulaz also had dating relationships with three

Abuse survivors. . .

(Continued form page 6)

other women over the last three years, all of whom he subjected to serious physical and psychological abuse and threats that he would kill them if they didn't beh[illegible] as he wished.

T[illegible] past March, he was served with an injunction for violating the Massachusetts Civil Rights Act.

"We charged that each woman was systematically deprived of her rights through a pattern of verbal and physical abuse and domination, and that the defendant's statements and conduct showed that the was motivated by hatred or bias against women as a group," said Tewksbury.

This bars him from abusing other women in the future. If he violates this injunction, he can be punished with up to 10 years in prison as opposed to a two and a half year maximum for violation of a restraining order.

The act also includes funds for the training of police, prosecutors and judges; victim services and advocates; battered women's shelters; rape education and community prevention programs.

It also requires that all states honor "stay-away orders" issued by courts in other states.

The delicate nature of dealing with victims of domestic violence was discussed by Dr. Elaine Alpert of Boston University Medical School, chairperson of Massachusetts Medical Society Committee on Domestic Violence, and Lisa Teiszen Gary, the director of the domestic violence intervention program at Beth Israel Hospital.

Alpert is the author of a guidebook for physicians called "Partner Violence: How to Recognize and Treat Victims of Abuse."

"I never learned about this in medical school," said Alpert. "This is now changing. The tone is difficult to teach and getting faculty to teach in this way is not easy."

There are many reasons why women in this situation are afraid to leave their abuser from fear of their and their children's lives.

Wellspring's Haider said that the O.J. Simpson case is a milestone for the movement, but neither a beginning nor an end.

"The movement was already moving and now this is pushing it. We are where M.A.D.D. (Mother's Against Drunk Driving) was 10 years ago. Now drinking-and-driving is socially unacceptable. We have to make sure domestic violence is not socially acceptable and that it is treated as a crime," Haider asserted.

"It takes a lot of strength and courage to leave an abuser, and these women need to know they're not alone," said Carleton.

around town

by Sallyann Chatterton

Nov. 1 certainly is a day that will be remembered by **Rocky Laugelle**, that is the day he will retire from Eastern Edison. Rocky has worked for Edison for 40 years.

One wonders how many people over those years sought his help — whether we lost power because of storms, misjudging where the tree would land and hitting wires, hurricanes, blizzards, even not being able to unscrew that light bulb, Rocky was always there. You can just imagine the stories that man could tell, perhaps now is the time for him to write a book.

Whatever you choose to do, Rock, we wish you the best time yet (we only know for sure that you won't stay idle, that will never be your style), and we thank you for all that you have done for everyone over the years!

Homecoming Day was a huge success. A whole lot of people helped to make it possible. If you were there, you saw the candidates for king and queen all being driven around the field in brand new trucks. That was thanks to the generosity of South Shore Chevrolet. The gals were all so pretty, the gents handsome, the weather cooperated, and the football team won!

While you were at the football game, you may have seen a group of eighth grade soccer boys carrying a huge trophy around. They came in second in the Thayre Soccer Tournament.

And more good news, **Morgan Sandell** was named MVP for the whole tournament. Be sure that you congratulate him when you see him. And, watch for Morgan when he's "around town," so that you can congratulate him.

Doris Flint has just returned from a two-week trip to visit friends in Sonoma and San Diego, Calif. From there she flew to San Antonio, Tx., where she was the guest of **Col.** and **Mrs John Bland.** Mrs. Bland, the former **Virginia Wheelwright** of Cohasset, returned with Doris to enjoy a week's visit in order to enjoy our magnificent foliage.

Skippers' mascot, Alexandra Berger, 3, cheers for brother Jonah at Saturday's homecoming game. Alexandra was adopted from Russia when she was 17 months old. She joins five brothers and one sister. For more homecoming photos, please see pages 14 & 15.

We sure hope that **Kristen Moore** feels much better as she reads this. Kristen underwent an emergency appendectomy last week, and her family and friends want her to get better.

Lucky **Becky Golden! Becky, a first-year studen**t at Colby College in Waterville, Me., began her college experience with a four-day canoe camping trip on the Kennebec River in Maine. She shared the Colby Outdoor Orientation Trip (COOT) at the beginning of September with about 10 other incoming students plus two returning upper-class students.

Becky, the daughter of **Steven** and **Amy Golden**, was one of 427 new Colby students — more than 97 percent of the incoming class — participating in the COOT program.

What a great way to make friends and find out all about Colby.

Celeste Prisble and **Richard Garvey** have wonderful news to share with all of us, they are engaged. They have set the date for Sept. 23, and we are sure that they are already marking the days on on the calendar! Congratulations to both of you, and be sure to let us in on your plans as they progress!

Cohasset resident **Barbara O'Pray, MD**, recently received a Physician Award for 15 years of service to Brigham and Women's Hospital in Boston. Dr. O'Pray is currently a physician in the Department of Newborn Medicine. She received a framed replica of a Brigham and Women's Hospital montage presented by **Lee Goldman, MD**, chief medical officer and **H. Richard Nesson, MD**, president of Brigham and Women's Hospital.

Christopher M. Goodman, son of **Mr.** and **Mrs. Lester A. Goodman,** 516 Chief Justice Cushing Hwy., recently began studies as a first-year student at Babson College. Hopefully we will next see his name in print when he makes the dean's list, right Christopher?

Sometimes it does pay to feel sick, just ask **Emma Grinnell.** Emma was one of several school students invited to watch President Clinton sign an education bill, and began to feel sick while awaiting his arrival. Supt. of Schools, **Steve Hart,** took her outside. Little did they know that the President would stop to speak to Emma, and shake both of their hands. Wow, what a thrill that must have been, surely one neither will ever forget!

That's all the news that is fit to print for this week, what's happening around your house? Call me!

Sallyann

obituaries

Edward H. Fleischer

Edward H. Fleischer, 84, of Newtown Square, Pa., died on Oct. 7.

Mr. Fleischer, retired director of field services for the Prudential Insurance Company in Boston, was among a group founding the New England regional office of Prudential in Boston in 1963. He retired in 1972 after 42 years of service to the company.

A native of Meriden, Conn., he lived in Cohasset for 28 years before moving to Pennsylvania three years ago.

He is the husband of the late Dorothy Fleischer and leaves two sons, Donald Fleischer of Wallingford, Pa., and Edward N. Fleischer of Dover; a brother, William Fleischer of Danbury, Conn., and six grandchildren.

Burial was in Cohasset Central Cemetery.

Donations may be made to the American Heart Association, 625 West Ridge Pike, Suite A-20, Conshohocken, Pa. 19428.

James R. Salyards Sr.

James R. Salyards Sr., 72, of Cohasset, died on October 19 at South Shore Hospital, South Weymouth, after a brief illness.

Mr. Salyards, former vice president of the Carpenters Union, and a Marine Corps veteran of World War II, was semi-retired since 1984.

He received the Purple Heart for service during the war.

Born in Bolivar in northwestern Pennsylvania, he had lived in Cohasset for 50 years.

Mr. Salyards enjoyed hunting and fishing and traveling in his motor home.

He leaves Mildred (Stoddard) Salyards, his wife of 51 years, and two sons, James R. Salyards Jr. of Kensington, N.H. and Russell D. Salyards of Santa Cruz, Calif.; a daughter, Joyce N. Salyards of Cohasset; a brother and two sisters, Arthur Salyards, Jean Settles and Shirley Roles, all of Pennsylvania; eight grandchildren and two great-grandchildren.

A private funeral service was held. Burial was in Massachusetts National Cemetery in Bourne.

Donations may be made to Cohasset Veterans of Foreign Wars Post 9146, Cohasset 02025.

Marie Pedersen

Marie A.C. Pedersen, 89, of Cohasset, died Oct. 10 at Woodridge House Nursing Home, Brockton.

Miss Pedersen was a former medical secretary in Hingham and a member of St. Stephen's Church in Cohasset.

She was born in Cohasset and lived there for most of her life.

Miss Pedersen leaves two brothers, Henry N. Pedersen of Carver and Thomas Pedersen of Sacramento, Calif.; and several nephews, nieces, grandnephews and grandnieces. She was the sister of the late Elliot Pedersen.

A graveside service was held in Woodside Cemetery. Donations may be made to charity.

Pamela Johansen

Pamela MacLean Johansen, 51, of Cohasset, a psychiatric nurse and a consultant at Boston City Hospital, died of cancer at home Oct. 21 after a long illness.

She was past president of the Emergency Room Nurse's Association and a member of the American Nurses Association.

Mrs. Johansen, an active advocate of the rights of the handicapped for 13 years, was instrumental in writing the book, Rape Victim in Crisis.

Born and raised in Quincy, she lived in Cohasset for 19 years.

A 1960 graduate of Quincy High School, and a 1965 alumna of Boston University School of Nursing, she received a master's degree in psychiatric nursing from Boston College in 1970.

She leaves two daughters, Melinda M. Johansen and Kara W. Johansen, both of Cohasset; her mother Gertrude L. (Peterson) MacLean of Quincy, and friends, Maryanne and Frederick W. Johansen of Cohasset. She was the daughter of the late Robert C. MacLean.

A funeral service was held Oct. 25 in Sweeney Brothers Home for Funerals, Quincy. Burial was in Mount Wollaston Cemetery, Quincy.

Donations may be made for hospice care for the needy at Hingham Visiting Nurse Association, 10 Downer Ave., Hingham 02043.

A clear winner

Whether you thought Greenbush won or lost at Monday's special town meeting probably has more to do with how you felt before you entered the gymnasium — than what you heard once inside.

Louis Eaton of Beach Street hit the nail on the head when he said: "debate is generally just heat and light — don't bother me with the facts, let's vote!"

While there was considerable heat during proponents' and opponents' arguments — there was no fire.

And the individual who can take credit for that is the town moderator.

He kept his promise to keep tight reins on passionate people on both sides of the Greenbush tracks. As a result, the Special Town Meeting was able to move forward in an orderly fashion and get some other important business accomplished in its first session.

The moderator didn't allow non-residents to speak to the train issue, required secret balloting, and restricted the length of time each individual could talk.

By our count, about five speakers on each side were able to present their case in about 20 minutes.

And while few minds were changed, there was balance and fairness to both sides.

Selectmen Chairman Michael H. Sullivan praised the moderator on a job well done.

"He did his homework to ensure the train issue went smoothly. He did a fine job," Sullivan said.

So whether or not you think your side came out on top Monday — we can agree there was one clear winner: George Marlette.

Resident has pranksters' number

To the Editor:

This is for the "Cohasset Pranksters": How dare you steal from a 5-year-old little girl. You came to our home late at night to steal the carefully-picked pumpkins, the Halloween decorations and signs. Were you brought up to steal from little girls and boys?

People know my home because of the decorations for every holiday. Is my daughter going to cry because you might come back to steal her turkeys, pilgrims and corn stalks for Thanksgiving?

letters

One thing you overlooked is your vehicle license number plate. What will your parents say when they receive a phone call about their child's prank in their car?

Halloween fun for grownups planned

To the Editor:

Statistics indicate that for most adults, Halloween is their least favorite holiday. Each year it starts with costume selection. Children almost never wear what they wore last year or that leftover ballet costume, which you paid an arm and a leg for and hoped they would want to wear again on Halloween.

So after that long trip to find just the "right" costume, you can finally give a long sigh of relief. Then after the frenzy of Halloween night and trick or treating wildly around the neighborhood comes the candy dilemma. Do you let them eat it all at once until they make themselves sick? Or do you endure future weeks of torture as they constantly beg for more as you parcel it out bit by bit?

I guess it's the joy we see on our children's faces from the excitement and anticipation of it all that has made this holiday a tradition we as parents endure each year.

But this Saturday night, Oct. 29, we have the chance not to be mere bystanders of this holiday, but to actually experience directly some of the fun our children have this time of year. The South Shore Community Center is having a masquerade ball. It will take place at the center from 8 p.m. to midnight. People are encouraged to come to this fun-filled evening whether they have a costume to wear or not. A cash bar, D.J., cold hors d'oeuvres, coffee and desserts will be offered to all who attend. Prizes will be awarded for best costumes and best-decorated pumpkins. All South Shore families are encouraged to decorate and enter their family pumpkin in the contest. We urge people to be creative. Pumpkins can be carved, stenciled or painted. Entries should be dropped off at the center with your name and telephone number attached between noon and 2 p.m., Saturday, Oct. 29.

Tickets can be purchased at the center or by calling Sue Carr at 383-0331 for $25 per couple prior to the night of the dance. Tickets will also be sold for $30 per couple at the door. The center is offering one free beverage of your choice to those people who arrive before 9 p.m., Oct. 29. Hope to see you all there. Why should our kids have all the fun on Halloween? The center would really appreciate your support.

Susan Carr
For the Community Center

Coalition disputes story, editorial

To the Editor:

In the Oct. 20 *Cohasset Mariner*, both a front page story and an editorial dealing with the Greenbush issue misrepresented the facts.

At last month's Cohasset selectmen's meeting, the heated debate, which selectmen "had difficulty keeping under control," occurred because a group of hecklers, proponents of the proposed Greenbush restoration project, repeatedly, and rudely, interrupted the scheduled speakers from the Coastal Coalition, who were present at the meeting to inform citizens of the many serious, unresolved and as yet unaddressed concerns involving the project.

The front-page story did not point out this important fact. The heckling and out-of-control behavior was not on the part of the Coastal Coalition, who courageously continued their informative presentation despite the disrespectful heckling. In fact, the shouting match was between the chairman of the Board of Selectmen and proponents of the proposed project, who persistently interrupted the Coastal Coalition's presentation, despite the chairman's pleas for them to stop.

Anyone wishing to dispute these facts can request a copy of Continental Cablevision's live taping of this meeting and see for themselves just what occurred. Because of the heckling, people who had attended the

(See page 11)

Referendum questions on this year's ballot

With the Nov. 8 election just around the corner, The Mariner presents the last in a three-part political series outlining the nine referendum questions to appear on this year's ballot. This week, we will highlight Question 1 — limiting business and non-profit contributions to referendum questions on state and local ballots; and Question 4 — to establish term limits for state offices.

Question 1: Contributions

Topping the list of ballot questions voters must decide Nov. 8 is Question 1, which would limit not only how much corporations and businesses may contribute to ballot questions but where the money comes from as well.

"On ballot questions there's absolutely no rules," asserted Matthew Wilson, campaign director for The Vote Yes on 1 Committee and a member of the Massachusetts Public Interest Research Group, the main proponents of Question 1.

According to MassPIRG and groups such as Common Cause, the Sierra Club, Green Peace and the American Association of Retired Persons who advocate passage of the legislation, the political process, noteably voter ballot questions, are affected by the millions of dollars pumped into advertising when that legislation may have an impact on big business.

"We believe there's way too much money in the political process," Wilson said. "Often it is the factor" that decides ballot questions. Unlike spending limits on contributions to candidates races, there are no spending limits or controls when contributions are gathered for ballot questions.

According to Wilson, studies from 1982 show that only about $2.5 million dollars was spent by proponents and opponents of four ballot questions, which included the bottle bill.

In 1992, the "tobacco lobby," spent approximately $8 million unsuccessfully battling the state's cigarette tax and the plastics and paper industries pumped $6.3 million into fighting the recycling initiative, Wilson said.

Question 1, which was put on the ballot as an initiative petition after MassPIRG and others collected 100,000 signatures, according to Wilson, sets up a process by which corporations and certain non-profit organizations can spend money on ballot questions.

The legislation would put a $1 million cap on how much corporations and non-profits could spend on the question issue and also prevent these entities from dipping into company treasuries when fundraising.

According to Wilson, companies and non-profits, including universities and hospitals, would have to set up ballot question accounts and solicit funds from individuals rather than writing out a check in the name of the corporation.

However, the Committee to Defend First Amendment Rights contends the legislation is inequitable and prevents many businessess and non-profit organizations from speaking out on issues that may directly affect them.

"Massachusetts would be the only state in the country that would have this kind of restrictive legislation," Nancy Sterling, spokesman for the First Amendment Rights Committee, said.

Having spent over $1 million on advertisements assailing Question 1, the committee has received individual support from an arms length list of corporations, universities, hospitals and local chambers of commerce, including John Hancock Mutual Life Insurance, Dow Corporation, Massachusetts Institute of Technology, The Boston *Globe*, The Boston *Herald*, the Greater Boston Chamber of Commerce and the Massachusetts Teachers Association.

According to Sterling, the legislation would not affect MassPIRG's ability to fundraise or speak for or against issues, but would prevent the CEO of a small or large company from campaigning or fundraising on company time or from using money from a company account.

"He would not be able to speak out unless he took the day off," Sterling said, explaining how First Amendment rights would be infringed by Question 1.

According to Sterling, Question 1 had trouble being placed on the ballot because the state Judicial Supreme Court was to decide on the legislation's constitutionality. However, she said the Court allowed the question on the ballot without ruling on the merits.

— Lisa Campenella

Question 4: Term Limits

Question 4 invites Massachusetts voters to hop on the term limits bandwagon.

A 'yes' vote on 4 would deny ballot access to all state elected officials and Congressmen who have held office for eight years. U.S. Senators would be limited to two six-year terms.

Write-in votes would still be allowed for any elected official, but successful write-in candidates would be denied a salary and benefits such as health insurance.

Opponents of Question 4 say it would violate the state constitution by denying some citizens their "equal right" to serve in government.

"The issue for us is ballot access and fairness — making the rules the same for everyone to get on the ballot," said Karen Hudner, a lobbyist for the Civil Liberties Union of Massachusetts. "Once you begin changing the rules of equal access, it's a very slippery slope, and right now, the playing field is level for getting on the ballot."

In 1990, the civil liberties union opposed another initiative because it would have made ballot access easier for incumbents and major party candidates at the expense of challengers and third-party candidates, Hudner said.

Proponents of Question 4 say the system is weighted in favor of incumbents because special interest groups help finance their campaigns. The longer incumbents serve, the more they reflect the influence of lobbyists rather than the will of the voters, they argue.

In 1992, the legislature declined to take action on an initiative by LIMITS (Let Incumbents Mosey Into the Sunset) to place a constitutional amendment on term limits before the voters. This year, the group gained enough voter signatures for term limits to be placed on the ballot without the legislature's imprimatur.

Since 1990, voters in 18 states have imposed term limits for elected officials. In each case, term limits were imposed through ballot initiatives rather than legislative action. Massachusetts is one of six states with ballot initiative mechanism that has yet to enact term limits.

Supporters of Question 4 include the Citizens for Limited Taxation, the Libertarian Party, and United We Stand America, Ross Perot's organization. Opponents include the League of Women Voters, the AFL-CIO and the Massachusetts Civil Liberties Union.

Steve Adams

Benefits of commuter rail detailed

To the Editor:

Recently all manner of unworkable proposals have surfaced regarding alternatives to the forthcoming commuter rail line to Greenbush. These include ocean-going ferries in stormy winter seas worse than the Baltic, more buses on the already overcrowded expressways and other roads, and an "H-Autobus" not-at-all-proven in Essen, Germany to be added to the nonexistent medians on the upper Southeast and other expressways. The answer to our commutation problems, long demonstrated in the northern and western suburbs, is clear.

Restoration of our lost commuter rail service on the Greenbush Line is needed not only to reduce the traffic congestion and accidents on our overburdened highways but also to lessen the considerable direct and indirect costs of the ever-growing complex of automotive transportation (cars, buses, and trucks). For this complex, construction of roads, bridges, parking facilities, and other auto infrastructure is only a part; it also includes life styles (the 80-mile daily auto commute) and attitudes (the poor sans autos be damned). This commuter rail service is also necessary for reduction of public health and environmental costs, as part of the lessening of atmospheric and surface pollution from the growing number of motor vehicles. Specifically, the service is required for diminishing the pollution from automotive exhaust, gasoline and diesel fuel vapors, lube oil residues, rubber tire residues, and other considerable contaminations. Commuter rail reduces both the public costs for acquiring and the loss of land consumed by constructing additional automotive infrastructure. And this service will help diminish the long-term trend toward the urban, low-density sprawl spawned by unchecked reliance on autos — Los Angeles style.

Compared to automobiles, commuter rail service moves people far more safely, efficiently, ecologically, rapidly, and, above all, equitably. Contrasted to auto passenger-miles, those of the rail service are provided with far greater security to persons and property, fuel efficiency, and reduction of environmental degradation. This commuter service provides needed mass rapid transportation in areas of road congestion and of limited accessibility to autos, such as downtown locations. The societally equitable and humane commuter rail furnishes vital mobility to the handicapped, including those in wheelchairs, the elderly, the poor, the young, others who cannot, for additional reasons, operate an auto, and those who cannot afford to drive. Auto transportation has an elitist private exclusivity, supported by taxpayers' subsidies, which inequitably unbalances opportunity and unity in a democratic society. To the contrary, in multiple ways, commuter rail provides both access to sites and inclusion in legitimate societal activities otherwise precluded for particular sectors of the public. Such access and inclusion includes conveyance to jobs (the basis of participation in society) and to services (such as those in city medical centers, the requisite for maintaining life) often otherwise denied.

Nicole C. Gamst
73 Forest Avenue

Thanks for support

To the Editor:

I would like to take this time to thank all the mothers who helped to make the annual pasta feast for the football team and cheerleaders a big success.

Without the support of the parents and the determination of the kids, we might not have a football team at all.

Carol Sasso
Bates Lane

Coalition disputes story, editorial

(Continued from page 10)

meeting to hear what the Coastal Coalition had to say, were deprived of that opportunity.

In the editorial, it was stated that "50 people on both sides showed up." There were certainly not 50 proponents of the restoration project present. The accompanying letter to the editor, written by Frederick C. Gamst, refers to "a number of misstatements of fact that have been made by opponents" of the proposed restoration project. While we can't speak for every opponent, we can say, without reservation, that the Coastal Coalition is not misrepresenting or misstating its facts. They are based on the actual Environmental Impact Study itself, and on information gained, and researched, from reliable sources.

There has been a concerted effort on the part of many proponents of the proposed project to present Coastal Coalition members in a negative light — as being self-serving, and comprised mainly of Hingham residents and abutters. Absolutely not true! People who are under these mistaken impressions should sit down and have an honest discussion with the Coastal Coalition and hear them out. Because, whether they like it or not, their own lives, and those of their families, will be irreversibly affected by the project in a very negative way — major safety concerns (43 grade crossings), local traffic problems, disruption to local businesses, increased tax assessments (Joe Connor of the MBTA recently admitted that they would undoubtedly occur), and the fact that by the MBTA's own admission, traffic on the Southeast expressway would not decrease — to name only a few concerns.

If more listening, and less heckling occurred, everyone would be a lot better off. And towns could then go about their other business, as mentioned in the Oct. 20 editorial, unhampered by the mean-spiritedness that has prevented this from occurring on several occasions in the past. But, please, don't use the Coastal Coalition as your scapegoat!

Have a safe Halloween!

Beechwood expansion is favored

(Continued from page 5)

with cemetery space. At the present time, sales of gravesites is limited to those people who will use them within 72 hours. No advance sales are now available.

Before reaching article 29, residents voted to proceed to article 30 which had been inserted by a number of concerned Cohasset citizens. Article 30 sought the appropriation or transfer of funds which had already been approved by the town at an earlier town meeting in order to proceed with engineering studies necessary to the construction of a new cemetery at a site off of Route 3A.

The leading proponent of this article, Glenn Pratt of King St., presented a slide show which purported to give an overview of the present cemetery situation in Cohasset. Pratt urged voters to pass Article 30 in order to pursue a long-term solution, rather than deplete the funds now in the "Sale of Graves-Account" in order to expand Beechwood Cemetery.

Pratt had a great deal of opposition from members of the Cemetery Study Committee who urged voters to defeat the article and to pass Article 29 which called for funding the Beechwood expansion. According to Cemetery Study Committee members, the Beechwood expansion would provide upwards of 280 new gravesites to town residents. They supported the Beechwood expansion as a short-term solution and urged consideration of other alternatives for the long term.

After much discussion, article 30 was defeated and Article 29 was passed. Under Article 29, the town voted to appropriate $50,854.94 to finance the expansion and beautification of Beechwood Cemetery. The vote came after Pratt's motion to limit the appropriation to $10,000 was defeated by voice vote.

In other business, the town meeting voted to appropriate $2,500 to restore the median strip on Linden drive with the installation of asphalt berm and landscaping.

The first session of special town meeting Monday was jammed. Tuesday was a different story when only about 150 people showed up.

political notes

Campaign meeting tonight

The McDonald Campaign for State Senate will hold a meeting in Cohasset Thursday, Oct. 27, at 8 p.m. at the Unitarian Parish House, 23 North Main St., in conjunction with a meeting of the Democratic Town Committee.

"Cohasset voters recognize that Brian McDonald has been invaluable in our ongoing fight to protect our drinking water supply from the potential threat of the Cohasset Heights Ltd. landfill," said John McNabb Jr., campaign coordinator. "Brian has earned the support of Cohasset voters, whom I expect will overwhelmingly support him Nov. 8."

The campaign is looking for more volunteers to help with election day activities such as phone calling and sign holding, McNabb said. For more information, call McNabb at 383-6202.

Murray receives endorsement

Rep. Mary Jeanette Murray has won the endorsement of CLT's 2 1/2 PAC in her re-election bid for state representative for the third Plymouth district.

CLT's 2 1/2 PAC, the political arm of Citizens for Limited Taxation, was created to support candidates who would defend Proposition 2 1/2 in the state legislature.

Francis J. Faulkner, executive director of CLT's 2 1/2 Political Action Committee, said the group endorsed Murray based on her support for tax limitation and control of government spending. She also opposes the long-term tax increase in the form of the graduated income tax.

Murray is running in the third Plymouth district, consisting of the towns of Hingham, Hull and Cohasset.

CLT is currently waging an all-out battle against the graduated income tax that will be on the November ballot.

Halloween happenings

Historic hauntings noted

The Cohasset Historical Society will present "Historic Hauntings" at the Captain Wilson House Museum on Friday, Oct. 28, Saturday, Oct. 29 and Sunday, Oct. 30 from 5:00 to 7:00 p.m.

All ghouls, ghosts and goblins are welcome. Suggested donation is 50 cents, and children must be accompanied by an adult.

Grownups get to howl

Why should just the kids get to have all the fun on Halloween? From 8 p.m. to midnight, Saturday, Oct. 29, all grownups will have a chance to howl at the Community Center's Masquerade Ball. Prizes will be awarded throughout the evening for the best costumes. Creative dress in the Halloween spirit is encouraged by not mandatory. Tickets are $25 per couple in advance, and $30 at the door. Cold hor d'oeuvres, coffee and desserts. Tickets are available at the Community Center or by calling Susan Carr at 383-0331. For food donations, call Mary Sullivan at 383-6666.

Halloween fair slated

The Community Center Nursery School will host its annual fundraiser, The Halloween Fair on the Cohasset Common, Sunday, Oct. 30 from 1:30 to 3:30 p.m. In case of rain, the fair will be held in the community center.

Children of all ages will gather in their Halloween costumes to partake in an afternoon of fun and laughter. The fair will begin with the traditional costume parade around the Cohasset Common followed by many special activities, games of skill and games of luck. Yearly favorite activities include cupcake decorating and apple creature creations.

This year some new games have been added for the children to enjoy. Be sure to stop by The Treasure Hunt and Ghostball in the circle of games.

Every child will leave each game with a prize and each activity with a delicious creation to eat. Face painting, balloons and refreshments stands will complete an afternoon of fair-going. There is sure to be a good time had for all.

Pumpkins of all kinds may be decorated for the Pumpkin Contest and dropped off at the common at 1 p.m. Pumpkins will be judged in many categories, each one is sure to be a winner.

Tickets for all games and activities may be purchased at the fair, tickets are four for $1. Most games require two tickets to play and three tickets to partake in an activity.

Everyone is welcome. The nursery school sponsors this event for the enjoyment of all.

Mall Halloween happenings

Hanover Mall will be hosting Halloween activities for children of all ages.

"Joe Howard's Halloween World of Whimsy," a fast-paced magic and variety show, will be featured on the CentreStage at the Rising Star Food Court on Friday, Oct. 28 from 6 to 8 p.m., and on Saturday and Sunday, Oct. 29 and 30, from 2 to 4 p.m.

The Mall's Annual Halloween Party for little ghosts and goblins will be held on Halloween night from 3 to 8 p.m. in the Center Court.

A pumpkin decorating contest will take place from 3:00 to 5, with trick or treating between 5 and 7.

Prizes will be awarded for the best costumes at 7 p.m. Admission to both events is free.

Have a safe Halloween

The Boston Parents' Paper recommends that parents take a few common sense precautions to make sure their children enjoy a safe, fun and happy Halloween.

- Have children wear clothing that is clearly visible at night.
- Send your children out with flashlights.
- Try non-toxic face paint and glitters as an alternative to masks.
- Let children draw faces on pumpkins but let adults do the actual carving.
- Keep a careful watch on Jack-O-Lanterns with lit candles. Try placing a small flashlight inside instead of a flame.
- Permit children to trick or treat in groups, accompanied by an adult.
- Do not allow a child to enter a stranger's home.
- Check their treats. Urge children not to eat any treats until they have been checked at home. Discard candy that has been opened or is in torn, unsealed wrapping. Discard homemade goodies or edibles not factory produced. Report suspicious treats or harmful objects to police right away.
- Teach childen not to break the neon glow sticks and neck bands because they contain chemicals that are irritating to the skin.
- Think about having a neighborhood party as a safer alternative to trick or treating.

VNA haunted house set

The Friends of the Norwell Visiting Nurse Association, putting on the sixth annual Halloween Haunted House Oct. 29 and 30, welcomes one and all to join the fun for (almost) all ages Saturday and Sunday, Oct. 29 and 30, from 5:30 to 9 p.m. at the Norwell town hall. There will be baby-sitting available for young children who might find the horrors of the house too much to handle. A "test witch" will be present to help parents decide. Admission is $2 per trip, and all proceeds will benefit the Norwell VNA

Pep rally gives football team a head start to victory

By Joe Reardon
Mariner staff

The Cohasset High gym is used every day for physical education class. In the winter, the Skippers' basketball teams spend many evenings sweating their way to victory.

But on Friday afternoon, the spacious gymnasium took on the spicy appeal of the Mardi Gras and Oktoberfest, rolled into one, in the annual pep rally.

Colorful crepe paper, posters, students in makeup and a rousing show by the school's cheerleaders were all part of the grand culmination of Spirit Week.

Thirty-minutes before the start of the rally, students, many with their faces painted in blue and white — the school's colors — were busy with last-minute details. Balloons were tied down, posters were taped to the wall and basketball backboards and brightly colored crepe paper was weaved over the bleachers, giving the area a spider web look.

Junior Mike Dunphy, a member of the football team had a skeletal look to his face, thanks to a makeup job that made him barely recognizable. Eighth-grader Jim O'Sullivan stuck out in the crowd in his bright yellow skipper outfit.

The posters designed by every class both cheered on the football team and put across the message that their particular class had the most school spirit of any other. One poster from the Class of 2,000 read: "We're New, We're Blue, We're Gonna Beat You!" The junior class' read: "Junior Madness" and "Simply the Best."

Athletic director Clark Chatterton introduced the captains of the fall varsity and JV squads.

Spectators got a sneak preview of the

Homecoming party suits Cohasset

(Continued from page 1)

said Cohasset Coach John Sylvia. "He did an outstanding job all day blocking for Tommy and on his own carries."

Allen bolted for nine yards and then for another seven, setting up Marion for a first down. Allen stumbled for the first before being stopped by Eric Taylor. But Old Colony's defense was no match for Cohasset's backfield duo as Allen showed no mercy and ran for the touchdown, giving the Skippers the lead. Mike Dunphy followed with the extra point.

Josh Clay returned the kickoff for 15 yards before being tackled by Jonah Berger, Dorian Bryant and Brad Potolicchio.

A halfback option pass was batted around by the speedy defensive backs of Cohasset before falling into the hands of a lucky OC receiver.

A series of penalties dropped the Cougars at the 20-yard line. Tough pass coverage by Dunphy brought up second and 10. Ryan Motta got the first until he was dragged down by Brian Riley. Two more runs set up third and goal when Motta pushed in from the two.

Cohasset's special teams once again showed their talent as the kickoff by Nick Welz was knocked loose and scooped up by Dunphy. Allen rumbled in, the extra point was good; and in the middle of the first quarter, the Skippers led 21-6.

Cohasset's solid defense once again held tough and forced a punt. Dunphy returned it to the OC 47. Allen rolled for eight, the first, and then bounced off three tacklers to the nine. A pass from Litthale to Bryant was completed for a touchdown and CHS led 27 to 6.

The second half started on a kickoff returned by Berger. A TD pass from Littlehale to Allen was called back on an illegal procedure call.

Allen bounced for nine, Marion charged for the first and was a step away from six easy ones when a hand grabbed out and tripped him up at the OC 45. The Cohasset backs consistently ate up the yardage until, finally, Allen hustled into the end zone and Dunphy split the uprights. The drive had taken eight minutes and 14 seconds; and Cohasset's scoring frenzy was finally over with 1:16 left in the third quarter.

The Cougar's Ryan Motta led the hopeless struggle, scoring to make it 34-12 in favor of the home team.

OC was able to stop the CHS offense for the first time all game and the Skippers punted.

But the Old Colony offense sputtered and were stopped on tackles by Nate Caldwell and Mark Connolly and pass coverage by Nevin Bunstein and Kevin Gentile.

QB Brian Benton launched a 40-yard desperation pass that was snagged by Josh Clayton at the 25. Junior Rob Vanderpool tackled Clay at the 16 to save a touchdown and the game was over.

Assistant coach Torin Sweeney credited the CHS second defensive unit with "containing the Old colony wide-open offense in the second half."

"Defensively, we played really well. And offensively, we put enough points on the board that we could put in some people who don't play as much as they'd like," said captain Nick Welz.

—Jim O'Sullivan

Dave McKee

by Joe & Dave

Homecoming isn't what it used to be in some towns.

Last year Marshfield High had sparkling white Mercedes Benz convertibles drive each Homecoming Queen candidate onto the football field during the half.

I remember seeing each lovely lady sitting up in the back of the $25,000-plus vehicles waving to their adoring fans as sharp-dressed men in top coats and sunglasses drove them around the field. It was quite a sight.

However, this year it was a different story as the Homecoming Queen candidates were driven around the field in golf carts.

What the heck happened? It looked like the final round of the Dinah Shore Open.

Did the Repo man visit all those white chariots from the year before?

It just wasn't the same, but then again, what is?

In the interest of fair journalism I asked one of the nice fellows driving the golf carts why the Mercedes Benz convertibles were ditched for this year's ceremonies.

"One of them got scratched," he said.

Holy convertibles, Batman!

I hope none of the golf carts were scratched this year or else the Homecoming Queen candidates will be riding on Big Wheels next year.

Aside from that minor transportation issue, Marshfield High did a nice job at Homecoming.

By the way I have a pick-up truck if anyone wants to rent it. It holds four in the back.

—David McKee

*****

The following are five things I never thought I would see while covering sports in this area.

#1- The Silver Lake boys' soccer team being tied by Taunton High 1-1.

No disrespect to the Tigers, but the Lakers have won the Old Colony League four straight seasons after winning the Division 1 state title in '88 and have one of the best coaches around. I was there and it was like watching the '80 Olympic hockey game.

I guess on any given Monday, anything can happen.

#2- The Marshfield High girls' soccer team allowing three goals in a half of one game.

It happened against Duxbury a couple weeks ago as the ACL's top scorer, Jill Maxwell, lit up the stingy Lady Rams defense for three tallies in the first 40 minutes of play.

Once again it had to be seen to be believed.

Last year I watched as Marshfield battled Newton North in the Division 1 South final with neither team scoring until an overtime shoot-out. The two teams could have played for two days straight and the Marshfield defense would have held. Marshfield normally allows three goals in a season.

(See jpage 18)

Mariner Sports

Holly Russell gives Ali Berger a better view of the Homecoming game festivities as they help cheer the Skippers on to victory in last Saturday's Independent League contest against Old Colony.

Tailgate party a success

I would like to thank all of the women of the gridiron, the parents, football players and cheerleaders for making our fourth annual tailgate party a success. I greatly appreciated all of the parents who took the time to make the terrific appetizers and desserts for all to enjoy.

Congratulations to our team. It was a great win. Also, I would like to extend a special thanks to Mr. DeLorenzo who gives so freely of his time and for allowing us to make use of the school for this party.

Barbara Rolandelli

Recreation Department new step aerobic class

Registrations are now being taken for a step class which started in September at the Cohasset Town Hall. This is a 60-minute class which includes basic stepping, stretching and toning. (The workout can be adapted for all fitness levels.)

The class is held Tuesday and Thursday nights at 6:30. Special pricing is available for monthly signups or 10-session cards. Drop-ins are welcome. Please call the Cohasset Recreation Department at 383-6791 for more information. Mary Jane Butera is teaching the class. Drop-in, per class rate, is $5 per person.

Local skier is among state's best

While the U.S. Ski Team raced away with the Olympic gold last season, local resident David A.N. Krueger was busy winning his own ski race. Racing Coca-Cola Jr. NASTAR (National Standard Race) in the 1993-94 season, Krueger, a fifth-grader at the Deer Hill School, placed first among all of Massachusetts' 7-9-year-old boys, making him one of the fastest ski racers in the state.

Krueger earned a season-best handicap of 17 while skiing at Stowe Mountain Resort, Vermont. That score means he was just 17 percent behind NASTAR National Pacesetter and U.S. Ski Team member Daron Rahlves, who currently holds NASTARS' best handicap, a zero. Coca-Cola Jr. NASTAR racers can compare their handicaps to Rahlves' or to any U.S. Ski Team member, including Olympic medalists Tommy Moe, Diann Roffe-Steinrotter and Picabo Street.

Cohasset's David A.N. Krueger won the state championship in skiing in the 7-9-year-old division.

extra points

(Continued from page 17)

#3- A Hingham High football team having a perfect 6-0 record and a shot at the Atlantic Coast League title and a berth in the Division 3 Super Bowl.

Whitman-Hanson has dominated ACL football for a decade while Hingham has been up and down on the gridiron.

But things change and it looks like Hingham High has a shot to add a Super Bowl title to their '92 Division 2 Ice Hockey State Championship.

#4- An October weekend without a World Series game, a NHL hockey game or a Patriots football game.

I spent the weekend trying to find a youth soccer game for a sports fix. I thought of driving to Hingham and asking WBZ-TV's Scott Wahle to sing the National Anthem for me. But Scott was busy rehearsing for the off-off Broadway tour of "Kiss of the Spiderwoman."

#5- Soccer games drawing as many fans as football games.

Ten years ago soccer was just another sport played in the fall while football was the straw that stirred the drink in fan attendance.

Now, thanks to night games under the lights and solid programs all over the South Shore, soccer is big-time and has caught up to football in popularity.

What's next, a field hockey explosion? I hope so. There's nothing like watching a rock-hard field hockey ball bounce off someone's knee-cap and into the net for the winning goal.

—DM

*****

Rockland High girls' soccer coach Jim Patton is gearing his current Bulldogs squad for the upcoming Division II South Sectional tourney but he still finds time to keep tabs on how his former players are faring at the collegiate level.

Jen Kinsman, Rockland's starting netminder last season, is the No. 1 ranked goalie in the Northeast Women's Atlantic Conference (NWAC), sporting a stellar .90 goals against average for the 12-3-0 Nichols College team.

Kinsman was a perennial Atlantic Coast League All-Star while at Rockland High and was a member of the Patriot Ledger and Enterprise All-Scholastic teams.

Kelly O'Brien, a member of Patton's Division 2 state championship team in 1990, is also enjoying a fine senior year as the captain of Plymouth State's club.

—Joe Reardon

*****

While we're on the subject of former Boston Herald sports columnist Gerry Callahan's favorite topic, the South Shore League will have a slew of teams in this year's South Sectional tournament. Abington, Cohasset, Norwell and Hanover will be represented by both the boys and girls teams, all qualifying for the post-season without the aid of the MIAA's .500 record, which was implemented on a trial basis. Throw in those Atlantic Coast League squads who'll hit the tourney trail beginning next Friday and the South Shore, once again, continues to be one of the true hot-beds of soccer in Massachusetts.

—J.R.

*****

In a market saturated with dealers, shows and finicky price fluctuations, it strikes me odd that there aren't more sports card collectors packing their new products away and holding onto them until their "top-row cards" as a friend of mine termed them, become harder to come by.

That's what I'm doing now. I figure, by the time I do my next card show, professional goaltender Manon Rheaume will look like Rose Kennedy and I'll be in George Burns' age group. They'll have to wheel me and my IV bottle into the hall, while my great grandkids lug the boxes of cards I have neatly tucked away.

It may sound like a few years off, but it'll be well worth the wait. After all, can you imagine the asking price for Shaq's rookie card(s) by then?

—J.R.

Pep rally. . .

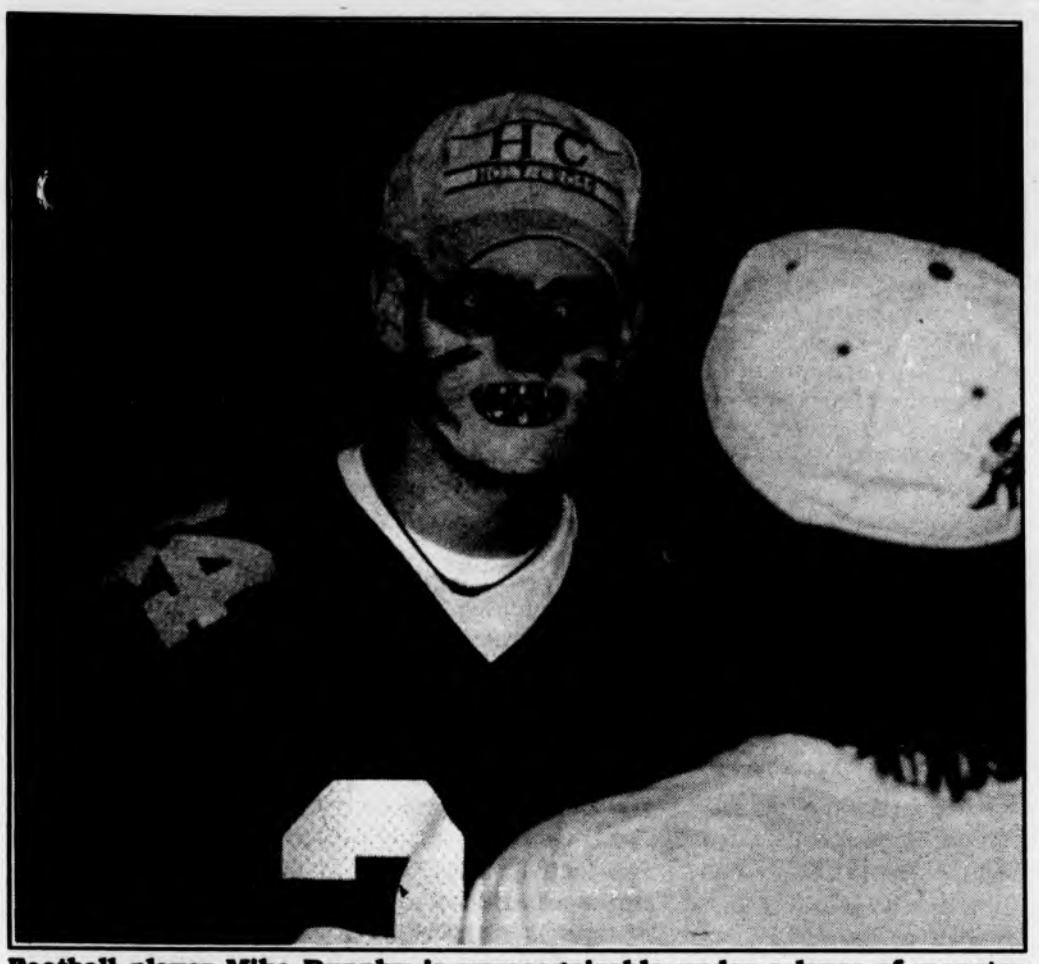
(Continued from page 17)

glamorous dresses the female members of the Homecoming Court would be wearing the following night at the annual dance in the high school gym. Candidates for King and Queen included eventual winners Peter Bishop and both Katy Carroll and Katy Cibelli, Mary Ellen Rayment, Jen Wilner, Dorian Bryant, Ryan Freeman and Scott Moe.

The prerequisite for nominees was that they had to exhibit spirit, personality and contributions to the senior class

Much of the entertainment was provided by the cheerleaders. Dressed in cut-off jeans, T-shirts and baseball caps worn backwards, the talented group of girls picked up the pace of the rally with their tightly choreographed dance number. They returned minutes later wearing the uniforms they don every weekend in the autumn when they stand on the sidelines, performing various routines for the school's football fans in the stands.

Mariner Sports



Football player Mike Dunphy is unrecognizable under a layer of monster makeup at Friday's Pep Rally. If you doubt that's Dunphy, check under No. 24 on the Cohasset High football roster.

(Photo by Joe Reardon)

Recreation department to offer ice skating lessons

The Cohasset Recreation Department, in conjunction with the Bay State Ice Skating School, is pleased to announce registration for indoor ice skating lessons for children age 5 through adults.

The fall, seven-week sessions will be offered either Sunday or Tuesday evenings, at the MDC Skating Rink in Weymouth. Sunday classes begin Nov. 6, at 5 p.m. and Tuesday classes begin Nov. 8, at 6 p.m. Both sessions consist of seven classes over a seven-week period. Participants may use either figure or hockey skates for lessons. The fee for the seven-week session is $65 for children and $75 for adult participants. The fee includes the weekly rink admission. Should you wish further information or want to register for the indoor skating lessons, please call the Cohasset Recreation Department at 383-6791. Approximately 12 levels of instruction will be available in groups of 8-10 age-appropriate participants, taught by professional instructors.

Cohasset Pop Warners finish undefeated

Three cheers for team Cohasset of the Hingham Pop Warner Flag Football League.

The team finished in first place and completed its unbeaten season with a stunning come-from-behind 15-13 victory last Saturday.

The players were Mark Adams, Erik Belz, Andrew Busk, Prescott Busk, Sean Connolly, David DeJulio, Mike Dooley, Jon Downing, Craig Laugelle, Jake Previte, Reed Smith, Sam Steele, and Eric Wright.

The town's gridiron future is quite bright with these rising football stars.

Indoor golf lesson registration

The Cohasset Recreation Department will accept telephone registrations for beginner level instruction in golf, to be taught by golf pro Dan Neary. Classes are held Thursday evenings at the Cushing School gym in Scituate, beginning Thursday, Nov. 3.

Openings remain in a 6 and 7 p.m. class, and each session consists of a one-hour class. The cost for this program is $60 for residents of Cohasset and Scituate, and $60 per person, per session, for all other area residents.

To register, please call the Cohasset Recreation Department office at 383-6791. Classes are limited in size, and registrations will be accepted on a first call-first enrolled basis.

Boosters basketball registration

The Cohasset Recreation Department/Booster's basketball registrations will be held for girls and boys in grades one through nine at town hall Saturday, Nov. 5, from 9 to 11 a.m. The fee for the program is $25. Checks should be made payable to "Town of Cohasset," and the shirt fee charge is included in the fee.

Recreation Department program notes

Recreational soccer clinics and leagues, co-sponsored by the Cohasset Soccer Club, continue Saturday , as does the Soccer Club's Sunday league.

Registrations continue, by calling the recreation office at 383-6791, for the furniture refinishing class; step aerobics; teen bridge lessons; ice skating lessons (age 5 through adult); indoor, adult golf lessons; Christmas shopping trip to Kennebunkport, ME (Saturday, Nov. 26) and dog obedience classes.

Registration announcements will be forthcoming shortly for Saturday recreational basketball clinics and leagues, Blue Hills ski lessons and ski trips. Friday night Blue Hills skiing, winter after-school programs (daily 3:30 to 5:30 p.m.), mall shopping trips and sports festivals at the South Shore Sports Center (early release Thursdays).

For information regarding these or any other programs, please call the Cohasset Recreation Department office at 383-6791.

SSCC offers dance

Donna Joyce and Tiffany Madieras, Directors of the South Shore Community Center dance program in Cohasset, are offering on-going classes for all levels.

"Hip, Hop, We Don't Stop Kids" is held on Fridays from 3:30 to 5:30 p.m.

Funky Fitness Workout for high school students is held Tuesdays from 5:30 to 6:30 p.m., with jazz and ballet classes for 18 years and older held the same night from 6:30 to 7:30. The cost is $5 for each of these drop-in classes, per visit.

DanceVisions Dance Company, sponsored by the Community Center, is looking for interested dancers to audition.

For more information call 871-3084 or 383-0088.

Flu clinics offered

The Social Service League and the Board of Health will sponsor their annual flu clinics Saturday, Nov. 5 and 12, from 11 a.m. to 1 p.m. at Bates Hall, Second Congregational Church, 43 Highland Ave.

There will be no charge for the flu vaccine; however, Medicare cardholders are asked to bring their cards, as the town will be reimbursed by Medicare for administrative costs.

Pneumonia vaccine will also be offered to Cohasset residents age 65 and over. Senior citizens with chronic respiratory problems or other chronic diseases are urged to get this vaccine. The pneumonia vaccine is a one-time immunization, except in rare cases, which a doctor must evaluate. These will be first-time vaccinations only. Please check with your private physician if you have any questions about the pneumonia vaccine.

Retirement living options

From 1 to 3:30 p.m., Wednesday, Nov. 9, the Council on Aging will sponsor a program on options for retirement living.

Representatives from Orchard Cove in Canton; The Village at Duxbury; Lincoln School Apartments, Hingham; Evanswood Center, Kingston; The River Bay Club, Quincy; and Fox Hill Village, Westwood will conduct a forum about the types of retirement living available.

Criteria for admittance; services offered; needs that would be met; costs and what the total cost includes; and advantages of this type of living will be covered.Seating is limited to 50. Call the Council on Aging at 383-9112 to sign up.

Garden Club dedication

The Community Garden Club of Cohasset invites the public to attend the dedication of a tree, planted in honor of Mr. Joe McElroy, for his tireless effort in restoring the lighthouse keeper's cottage.

The dedication will be held Sunday, Nov. 6, at 2 p.m. at Bancroft Hall, Lighthouse Keeper's Cottage, Border St., Cohasset Harbor.

Deer Hill antique show

The 18th Annual Antique Show and Sale will be held at the Deer Hill School on Sohier Street on Saturday, Nov. 5 from 10 a.m. to 4 p.m. Admission is $2. There will be a snack bar and ample free parking.

Proceeds will benefit the Beechwood Congregational Church. Dealers can call (617) 383-0070 for contracts.

For more information call 383-9131.

Scary Story Time slated

Celebrate Halloween with a Scary Story Time on Sunday, Oct. 30 at 2 p.m. at Buttonwood Books & Toys in Cohasset and at 4 p.m. at Buttonwood for Kids in Hingham.

Children ages 5 and up will thrill to the rich storytelling technique of Bob Detwiler from "The Children's Corner," a local cable television show.

No advance sign-up is required for this free program.

Call 383-2665 or 749-2665 for further information.

Community auction slated

The Cohasset Chamber of Commerce is celebrating its 10th year with a Community Auction on Nov. 12.

The festivities kick off at 6:30 p.m. with a free "Franks and Beans" dinner.

Antiques, gift certificates, and surprises will be auctioned off beginning at 7:30 p.m. This year's proceeds will be shared with the Appalachian Project, a group of 50 teens and 10 adults who journey to Appalachia each year to perform community service.

The auction will be held at the South Shore Community Center, 3 No. Main Street. Everyone is welcome to attend. For additional information call 383-6266.

REAL ESTATE UPDATE

INTERIOR SELLING TIPS

QUESTION: Our home is for sale. My husband is painting the outside. How can I make the interior appear its best to a prospect?

ANSWER: After "hubby" finishes the outside – move him inside. Repaint or wallpaper any rooms that really need it. But use neutral colors. It doesn't pay to outguess prospective buyers. A sparkling kitchen is the heart of any home. Keep it spotless – no dirty dishes – everything in its place.

Children's bedrooms can look like disaster areas. Thin out the excess accumulation of unnecessary belongings and arrange what's left neatly. Also clean out the clutter from closets, basement and garage.

Historical underpinnings to tale of Dracula explored

(Continued from page 1)

"I was not terribly interested in vampires," Florescu, a Cohasset resident, said. "I did not even watch vampire movies. Of course, I do now. My students expect it.

"I knew Stoker country and I knew about the historical Dracula," Florescu continued. "We made a partnership. I would research the Romanian history. He would write about vampires."

What they discovered became the subject of a best-selling book, "In Search of Dracula, The History of Dracula and Vampires," published in 1972. This month Houghton Mifflin issued a revised edition.

"The new edition picks up our continued research," Florescu said. Florescu and McNally found previously unpublished diaries kept by Stoker and explored Romanian president Nicolae Ceasecu's attempts to turn Dracula into a national hero.

It also gave the two professors a new area of specialization: historical exploration into the stuff of horror literature and film. In addition to Dracula, the pair have researched such compelling fictional characters as Frankenstein, Blue Beard and Dr. Jekyll/Mr. Hyde.

Or are they fictional?

"The prototypes upon which these novelists drew is often more fascinating than the fictional character," Florescu tells his students.

And yes, underneath all these movies and tales stands a real man, Prince Vlad — better known as Vlad the Impaler — who lived from 1431 to 1476.

Little was written and taught about Vlad in Romanian history. He was one of many princes in the region of European dividing Europe from Turkey.

"He was usually dismissed after one or two lectures," Florescu said. "It was taught that he was a very cruel man who had reasons for his cruelty."

His cruelty was based on the brutal killings of the sick and poor and the upper classes. Florescu cautions that he must be viewed in the context of his times and the sources of the history must be well-considered.

Prince Vlad, Florescu said, killed the sick and poor because he could not afford to care for them. He killed his enemies among the upper classes to consolidate his power. He engaged in terroristic campaigns against the Turks because he thought they would be the most effective way to stop the Turkish conquest of the West.

"His enemies wrote pamphlets against him, mostly the Germans," Florescu explains. "They were best sellers for their time period. They described him as a vicious monster, a Caligula or a Nero for his time."

One lesson of history is that the victors not only get the spoils, they also get to write the official history. And Vlad's enemies were the ones who prevailed. Much of what they wrote, Florescu said, was certainly exaggerated, but the basics would be horrific enough without embellishment.

Vlad earned his nickname the old-fashioned way. He was known as the impaler because it was one of his favorite methods of dispatching his enemies. Victims were impaled on sharpened stakes and died slowly and in great agony. In addition to those who committed crimes against the state, Vlad inflicted the same death on women who were charged with being unfaithful to their husbands.

"He was a real puritan," Florescu said. "He certainly had something against women."

Among the ranks of cruel princes, it would be hard to top Vlad. He was said to have dined among a veritable forest of his dead and dying victims, some 23,000 at one shot.

Another story tells of him becoming so enraged when a Turkish emissary refused to remove his hat in the presence of Vlad that Vlad announced he would fix things so the man would never have to doff his hat again. He meant that threat literally — he had the offending fez nailed to the man's head.

The connection with vampirism may stem from yet another story that tells of him dipping his bread in the blood of his victims and then consuming it.

"By the time Bram Stoker wrote, he had already be[illegible] vampirized," Florescu said.

When Stoker set out to write his book, he had a working titled, "The Vampire Count." Why, you may ask, did it come to be named "Dracula." Once again, history provides the answer.

Vlad sometimes referred to himself, and occasionally signed documents, "Dracula." The word, sometimes translated as "devil," means dragon. Vlad and his father, also named Vlad, were members of an order of knights known as the Order of the Dracul.

"It was prestigious order founded by the Holy Roman Emperor to fight heresy and the Turks," Florescu said.

McNally and Florescu know that Stoker was reasonably well-informed about both vampirism and Vlad.

"We found Stoker's notes in a Philadelphia library," Florescu revealed. "He quoted from those pamphlets. Before writing his book, he did four years of research, a little on Vlad and a lot about vampires."

From his notes, the pair also knew Stoker checked out a book about Vlad from the library in Whitby, Yorkshire.

Florescu thinks Vlad should be judged in terms of the times in which he lived and his personal history.

"In terms of impalement, perhaps he set a record," Florescu said. "But the times in which he lived were cruel and brutal."

Florescu explains torturing, poisoning and murdering your enemies were common practices in Medieval and Renaissance power politics.

"He did it in order to solidify his power and establish an independent state," Florescu said. "He is only extraordinary in terms of the method he used and the grand scale on which he employed it."

The term grand could pale before the scale Vlad employed. Pope Pius II accused Vlad of killing 200,000 people by impalement during a six-year period. It is impossible to say how accurate the Pope's figures were, but from 1462 to 1474 Vlad was imprisoned for his crimes against humanity. Even then, it was said he could not cure himself of his evil habits.

"They said in prison he resorted to impaling mice and birds," Florescu said.

Vlad was freed from prison, converted from the Orthodox to the Roman Catholic religion and married a member of the Hungarian royal family. This was a political alliance made to strengthen Transylvanian region against another round of conquest.

"The Hungarian king realized his crimes were exaggerated," Florescu said. "He realized his military expertise was valuable and though he could deal with Dracula."

Vlad then organized an unsuccessful military campaign against the Turks. Florescu said Vlad was probably killed in battle and ultimately was buried at a monastery in Snagov — but not until he was beheaded and his head displayed in the capital of Turkey.

Archaeological research is being done at Snagov and a team of Japanese skin-divers are exploring the lake near Snagov where Vlad is said to have dumped a cache of treasure.

Romanian dictator Nicolae Ceausecu, hungry to create a nationalistic hero for his people, tried to clean up Vlad's reputation. Ceausecu built a palace at Snagov and erected signs directing citizens and tourists to Vlad's grave site.

"In a celebration held in 1976, he was commemorated

Dracula. . .

(Continued from page 22)

as a great national hero," Florescu said.

Although Florescu emphasizes he is a historian, not a psychiatrist, he believes some of Vlad's cruelty can be traced to his childhood exp[illegible]nces.

W[illegible]n Vlad's father sat on the throne, he had collaborated with the Turks to maintain himself in power. But he practiced the politics of pragmatism and played both sides. When Turks discovered his double-dealing, they invited him to come to their capitol with his children.

Once there, Vlad senior was arrested. He was only able to leave the country if he promised to abide by his vassalship to the Sultan. As insurance, he was required to leave his sons, Vlad and Radu, as hostages. Vlad was just a teenager at the time.

Vlad the Senior did not keep his promises. Because of the double-dealing, the Sultan felt justified in torturing the sons.

Radu escaped the treatment — he was a handsome child and found it easy to switch his alliances. Radu became a minion of the Sultan.

Vlad, on the other hand, learned first-hand about torture, but still refused to swear allegiance to the Sultan.

In spite of his obduracy, the Turks released him when his father died. Succession, in that region of Romania, was by election and he had been replaced by an anti-Turk prince.

"The Turks admired him because of his tenacity," Florescu said. They also believed that Vlad's attempts to gain the throne would destabilize the country.

Once back in power, Vlad waged a campaign against the Turks that included terror tactics like poisoning wells, burning crops and night raids. He also impaled cadavers to try and frighten the Turkish troops.

Ultimately he lost power when his own people rose up against him.

"The local populace and the upper class were revolted by his crimes," Florescu said. "He sought help from the Hungarian king but was imprisoned instead."

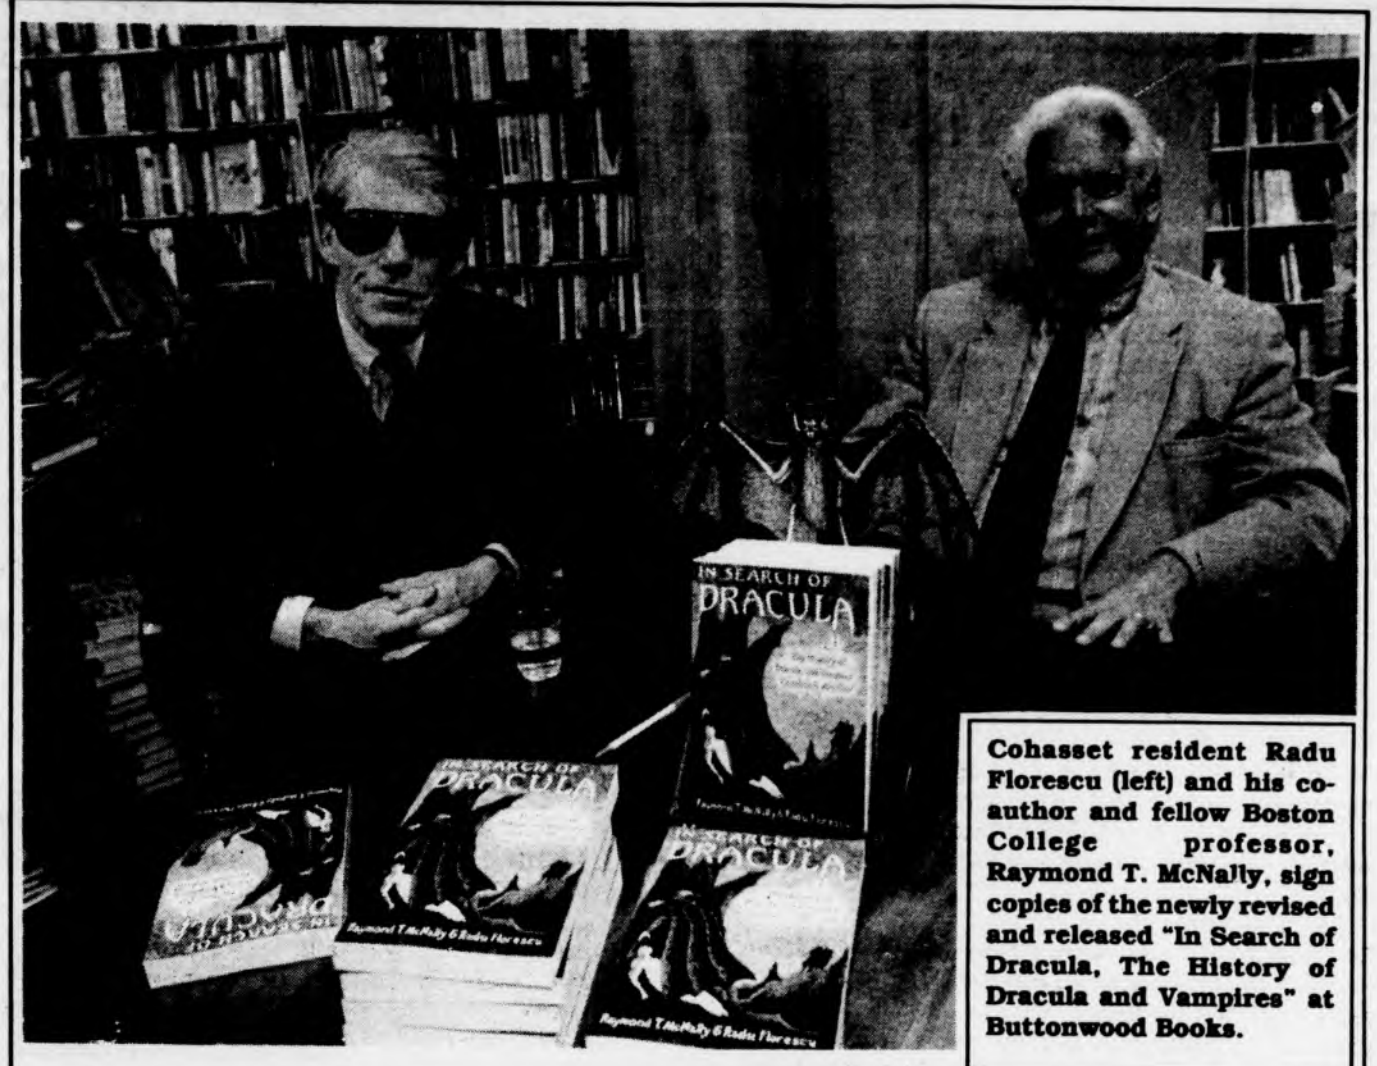
It does not take much to see why the peasants of his time would associate this blood-thirsty prince with vampires. In the legends of their times, people who were not prepared for their deaths often turned into vampires. In order to complete their undone tasks after death, it was believed they needed to feed on blood to get a new lease on life.

"The big difference between traditional beliefs and Hollywood is the vampirical stage has an end and the vampire is ultimately liberated," Florescu said. If the peasants believe the vampire stage is lasting too long, they would disinter the body and drive a stake through the heart.

Also unlike Hollywood, the traditional vampire would look nothing like Tom Cruise. Even Bela Lugosi was too romantic a figure to be an authentic vampire, Florescu said. The vampire in the 1922 movie "Nosferatu" comes closer to the mark.

"The vampire is a walking corpse," Florescu explains.

Now that his revised book is finished, Florescu is on the circuit to promote it. And Hollywood has come knocking again. With a new movie version of Frankenstein opening in movie theaters around the country, ABC television has discovered Florescu's work on Frankenstein and have asked him to appear on a special ABC program airing Dec. 1 at 9 p.m.



Cohasset resident Radu Florescu (left) and his co-author and fellow Boston College professor, Raymond T. McNally, sign copies of the newly revised and released "In Search of Dracula, The History of Dracula and Vampires" at Buttonwood Books.

business notes

The **Chamber of Commerce**'s seventh annual auction, celebrating its 10th Anniversary, will be held on Saturday, Nov. 12 at the Cohasset Community Center. This is the only fund raiser of the year. Contributions of merchandise, gift certificates, or cash are welcome.

For more information, or to arrange for a donation to be picked up, call the Chamber Hotline at 383-1010 or Paula Knowles at 383-1331.

The Chamber recently published a book of anecdotes and historical information, compiled by **Bob Fraser** and titled "Cohasset Vignettes." Distribution information will be announced at a later date.

The town's "Historical Tour Map" has been reprinted and free copies can be obtained by people contacting the Chamber for information about Cohasset.

Catherine Cardon of Plymouth has been named operations manager for Via Valet, a company that provides drycleaning pickup and delivery service on the South Shore. She will assist in overseeing the day-to-day operations of the new company, which is a joint venture between two South Shore drycleaning operations, The Cleanist and Dwyer's Cleaning Spot.

A native of Plymouth, Mrs. Cardon previously managed a ladies clothing store in Texas. She is married, has three children and is active in community activities.

Both Robert Dwyer, president of Dwyer's, and Paul Ceccarelli, president of The Cleanist, will maintain separate ownership of their existing businesses, but will share their expertise in their new venture.

Via Valet began offering pickup and delivery drycleaning service to South Shore communities in September. In addition, Via Valet is working with Morgan Memorial Goodwill Industries and will pick up, at no charge, any clothing that their regular customers wish to donate to Goodwill.

Via Valet operates at 754 Chief Justice Cushing Highway, Cohasset, and 301 1/2 Court Street, No. Plymouth. For more information about services that Via Valet offers, call 383-1090, 508-746-0941 or 1-800-79-VALET.

The Cohasset office of **Hunneman & Company-Coldwell Banker** is introducing a new marketing guarantee for sellers called Every Day Until It's Sold™.

Every Day Until It's Sold™ is a complete marketing service guarantee offered to home sellers by Hunneman sales associates. "This is a stand alone guarantee from our sales associates to their sellers that they will follow the Complete Marketing Services Guarantee, a [illegible] point plan that will actively market their property [illegible] it sells," said **Judy Parsons**, manager of the Cohasset office. "This marketing guarantee includes entering the property into Hunneman On Call, our new fully interactive telephone real estate information service, which ensures the seller's property is marketed 24 hours a day, seven days a week, until it is sold."

Hunneman On Call allows home buyers to quickly access information about houses for sale by location and price range, and allows the caller to obtain monthly mortgage payment amounts.

public notice

COMMONWEALTH OF MASSACHUSETTS
THE TRIAL COURT
THE PROBATE AND FAMILY COURT
NORFOLK DIVISION
DOCKET NO. 94P2524E1

Estate of NORMAN G. GRASSIE late of COHASSET In the County of NORFOLK

NOTICE

A petition has been presented in the above-captioned matter praying that the last will of said decedent be proved and allowed and that FREDERICK G. GRASSIE of COHASSET in the County of NORFOLK be appointed executor named in the will without surety on the bond.

If you desire to object to the allowance of said petition, you or your attorney should file a written appearance in said Court at Dedham on or before 10:00 in the forenoon on November 30, 1994.

In addition you should file a written statement of objections to the petition, giving the specific grounds therefore, within thirty (30) days after the return day (or such other time as the Court, on motion with notice to the petitioner, may allow) in accordance with Probate Rule 16A.

Witness, Robert M. Ford, Esquire, First Justice of said Court at Dedham, this nineteenth day of October, one thousand nine hundred and ninety-four.

Thomas Patrick Hughes

school notebook

New members sought

The Cohasset Health Education Advisory Committee is welcoming new members. This school-based committee is open to any parent or Cohasset resident interested in promoting comprehensive school health education for Kindergarten through Grade 12.

For further information contact Donna O'Donnell, Committee Chair at 383-6113, or Mike Gill, Health Education Coordinator at 383-6107.

Godspell on stage

The Cohasset Drama Workshop will open its 94-95 season with an old favorite, "Godspell," Oct. 28-29.

All seats for this production are reserved and may be purchased at the main office of Cohasset High School or from any cast member. In advance tickets are only $5, but door price will be $7. Performances of "Godspell" begin at 7:30 p.m. Friday, Oct. 28, and Saturday, Oct. 29. Call the high school at 383-6100 for information.

B-E-E prepared

The Cohasset Education Foundation (CEF) and the PSO will co-sponsor an adult Spelling Bee to be held Thursday, Nov. 17, at 7 p.m. in the Cohasset High School cafeteria. The money raised will be used to fund teacher training and curriculum enrichment programs.

The Spelling Bee is organized in teams of three members each. The teams may be composed of neighbors, alumni groups, professions, companies or any creative combination. To participate, each team pays a tax-deductible fee of $150. Teams may fund the entry fee through sponsors, or by pooling resources. The Spelling Bee does not involve 'solo spelling' as each team consults together to decide on its response. The 1994 Scripps Howard Book of Words will be supplied to each team.

Please come for an exciting, fun and rewarding evening to benefit the Cohasset Public Schools. For entry forms or for further information, please call Midge Stone, 383-2281, or Kate Abbruzzese, 383-9317.

Chief urges Safe Homes support

(Ed.'s note: A copy of the following letter to Cohasset parents and guardians was provided to the Cohasset Mariner *for publication.)*

Dear Parents and Guardians:

I am writing this letter in support of the Cohasset "Safe Homes Program" sponsored by the Drug and Alcohol Committee.

As Chief of Police, I would like to remind parents that unsupervised parties almost always lead to problems with alcohol and drugs. We, as parents, have to take responsibility for what goes on in our homes whether we are at home or not. Incidents resulting from unsupervised parties can lead to both criminal and civil actions against the homeowner as well as the party-goers.

The police department is still confronted with unsupervised parties, but I firmly believe that since the beginning of the "Safe Homes Program," these parties have drastically decreased.

I believe this program assists concerned parents in identifying other "Safe Home" parents in Cohasset. It also allows parents to set up a network of communication that assists parents in making decisions as to what parties our children should be allowed to attend.

I feel that, if the "Safe Homes Program" were to have significant participation by parents of teens in Cohasset, it would eliminate the distasteful job that the police are confronted with when dealing with/and arresting teenagers involved with alcohol and drug use at unsupervised parties and the criminal connotation and embarrassment associated with such arrests.

Brian W. Noonan, Chief of Police
Cohasset Police Department

Lively races hint at 80% voter turnout

By Tom Henshaw and Mary Ford
Mariner staff

It is safe to say that the contestants in the 1994 state election have gone right down to the wire kicking, scratching and calling down calumnies on each other's heads.

As a result, with a liberal boost from nine referendum questions, Town Clerk Marion Douglas estimates that 80 percent of us voters will go to the polls Tuesday, Nov. 8, rivalling the best turnout since the presidential election in 1992.

"I've had loads of absentee requests and loads of calls," Douglas said. She said the number of requests for absentee ballots is soaring.

(See page 7)

Wanted: return of school surveys

The school committee urges all residents to return the 45-question survey recently mailed to all registered voters in town.

The surveys should be returned by Nov. 7, School Committee Chairman Nancy Sandell said.

Only two other towns, Carver and Weston, have sent out surveys that try to reach across the community and find out what kinds of things are really important to the town regarding education, the school committee said.

Additional surveys are available at Supt. Stephen Hart's office for anyone who lost theirs or did not receive one. Call 383-6111 for more information.

(See page 5)

Hamilton Tewksbury and Noel Ripley climb up the ladder to paint the face of the town clock in the First Parish Church steeple. The clock has overlooked the Town Common for about 130 years. Ripley, who is the official keeper of the town clock, makes whatever repairs are necessary to keep it running like clockwork.

(Staff photo/Alan Chapman)

Senior citizens face difficult housing dilemma

By Mary Grayken
Mariner correspondent

Joe Buckley does not look at the world through rose-colored glasses.

The 71-year-old Cohasset resident knows that the day is coming when he and Meg, his wife of 50 years, will no longer be able to maintain the seven-room house on Linden Drive that they purchased 40 years ago.

With few private apartments available, and a waiting list for state-subsidized senior housing in Cohasset, Buckley is one of an increasing number of older Cohasset residents who are asking the question, who is concerned about housing for middle-income senior citizens?

There are many older people in Cohasset who are now living alone in large houses in which they've raised families. They want to continue living in Cohasset; the housing options for them are limited.'

— Kathy Bryanton, director of the Cohasset Council on Aging

Kathy Bryanton, director of the Cohasset Council on Aging says she regularly receives calls from seniors who are inquiring about elderly housing.

(See page 5)

Cohasset's week

Blue spruce to be moved

The new blue spruce tree by the duck pond on the Common will be moved over a few feet so it won't block the view of the church from the Veteran's Memorial area, Selectman Jane Goedecke said.

She said the tree's root ball is still in tact and there shouldn't be any problem moving it. In it's current spot when the tree grows it will block the view of the church.

"If anyone doesn't like it, it's my fault," Goedecke said. "It is not an easy thing to site something and we want the tree to be here a long time."

Selectmen decided earlier this fall to plant a tree rather than install a cut tree for the holidays. The blue spruce was donated by Robert V. Davenport of Sohier Street.

Davenport agreed that the tree should be moved.

Committee changes noted

Selectmen accepted with regret Monday the resignations of Mary Hartwell and Genieviee Good from the cemetery committee.

The board was also notified that Ann K. Whelan, 136 Atlantic Ave., has resigned from the advisory committee after serving five years.

Selectmen appointed Helen Greenblatt to the Cohasset Commission on Disabilities this week.

Clam flats are confusing

While the Cohasset has jurisdiction over the clam flats on the Scituate side of Cohasset harbor, its residents have to pay a non-resident fee to clam there, selectmen said.

Selectman Peter Pratt asked that town counsel "dig" into the issue and Executive Secretary Gregory Doyon said he would continue to pursue the matter with Scituate officials.

Cohasset has no clam flats that can be clammed. The state recently gave the okay for Scituate to open the flats in Cohasset Harbor.

Pratt said the Cohasset was getting no recompense from Scituate for enforcement over the flats.

Monday, selectmen appointed assistant harbormasters Thomas J. Wigmore, Robert D. Baggs, and Harbormaster Shawn Kelley as deputy shellfish constables to join Cliff Dickson and Rocco F. Laugelle.

Election workers appointed

At the request of Democratic Town Committee Chairman Ronnie McMorris, selectmen approved the appointment of the following citizens as election workers: Janice Rosano, Jean Salvador, Linda Nash, Susan Kent, and Thomas Callahan.

Coffee shop to open

"Zinnia's" a coffee and sandwich shop in the village will open within about two weeks, owner Lynn McVay told selectmen Monday. The restaurant at 35 S. Main St., will seat 19 and be open from 6:30 a.m to 3 p.m., Sunday through Thursday, and 6:30 a.m. to 10 p.m., Friday and Saturday. McVay said she will have no trouble running her business on the 110 gallons of water allowed daily under the town's sewer restrictions for that site. She said she'll bring her own water for coffee and use paper plates. Selectmen approved McVay's request for food and Sunday opening licenses this week.

Local list requested

Selectmen will request a local-preference civil service list of potential police officers. Police Chief Brian Noonan asked selectmen to reconsider an earlier vote requesting a state-wide list.

Selectman Jane Goedecke said she respected Noonan's opinion and had discussed the pro's and con's with him. Selectman Peter Pratt said wherever possible he preferred to hire local residents and would also back up Noonan's request. Selectman Martha Gjesteby said Noonan did not make the matter clear in his original letter requesting a civil service list and she saw no reason to change her vote. Selectman Merle Brown voted with Pratt and Goedecke.

The town is seeking a replacement for retiring police officer Brian Cogill. Last year, the town hired police officers Jeffrey Treanor and Richard G. Abbadessa, who were both Cohasset residents.

Police launch child safety program

Safety Officer Cliff Jones asks that all parents of children in grades K-6 check their children's backpacks Monday.

All students in the Osgood and Deer Hill Schools will bring home a "Sergeant Safety" Child I.D. Program card on which parents can attach their child's photo and record the child's description and even fingerprints.

Once filled-out, the cards — which were paid for by the Cohasset VFW Post 9146 — should be put away with the families' important papers, Jones explained.

"We do not have the budget here to photograph, fingerprint, and keep records of the entire population of the Deer Hill and Osgood Schools," he said.

Jones explained that the photographs and height and weight of the child should be updated every year.

If parents want extra cards for younger children, they can stop by the police station to pick some up.

The cards contain a peel-away fingerprint strip with instructions and safety tips that parents can go over with their children.

An Open Letter to the People of the Plymouth-Norfolk District from Bob Hedlund, Candidate for State Senate

I am writing to ask for your support on Election Day, Tuesday, November 8th. The issues around which I have shaped my campaign for state Senate — welfare reform, tougher crime measures, lower taxes and less government — are issues which transcend party politics, issues which directly affect the quality of life here on the South Shore. Unlike the incumbent Senator, I will never put partisan politics ahead of the concerns of the people.

I am a homeowner, a small businessman and a lifelong resident of the South Shore. I share your values and understand the frustration born of shrinking opportunity and the fear inspired by crime, a runaway welfare system and taxes that just keep going up and up. As your state Senator, I will work hard to restore the sense of well-being that earlier generations enjoyed.

My commitment to taxpayers when I served as state Senator earned me a 100% rating from the tax fighting group, Citizens for Limited Taxation. By refusing all special interest and lobbyist contributions to my campaign, I remain free to think for myself and to work only for the people of the district.

Your vote is important and will have a direct effect on who goes to Beacon Hill as the state Senator from the Plymouth-Norfolk district. I want to be that Senator so that I can work towards downsizing government, reducing your taxes and insuring a safer environment in which to live and work. Government must be taken away from special interests and returned to where it rightfully belongs — to the people.

You have my word that when I am elected, I will work with the same vigor and commitment as I did when the good people of the district first chose me as their Senator in 1990.

In order to do that, I need your help, your support and the consideration of your vote on Election Day.

Sincerely yours,

Bob Hedlund

Bob Hedlund

Elect
Bob Hedlund, State Senator.
The one who will work for you.
Election Day, November 8th.

Paid for by the hardworking citizens who are The Committee to Elect Robert L. Hedlund, 34 Foley Beach Rd., Hingham, MA 02043

picture this

Mary E. Grassie

Name: Mary Grassie

Occupation: Retired. (Before retiring, Mrs. Grassie worked at St. Anthony's Rectory).

Goal: To keep going the way I am.

Best day(s) of your life: The days my children, grandchildren, and great-grandchildren were born.

Biggest worry: That this winter is going to be like last winter.

Best vacation: A trip to Florida with my father many years ago.

Favorite season: Spring.

Favorite holiday: Christmas.

Favorite TV show: The game shows!

Favorite book: I enjoy reading the condensed books in Reader's Digest.

Favorite movie: Anything with Claudette Colbert or Deanna Durbin.

Favorite junk-food: Candy.

Most embarrassing moment: I've had too many to mention in my 76 years!

Person you'd most like to meet: Barbara Bush.

Pet peeve: Allergies.

Forum on senior living

(Continued from page 1)

"There are many older people in Cohasset who are now living alone in large houses in which they've raised families. They want to continue living in Cohasset; the housing options for them are limited," she said.

Bryanton says many are widows. They may be in a home that needs continuous upkeep. Either they are physically unable to do the work, or they are living on a fixed income and cannot afford to pay for cleaning and maintenance services.

Elderly people are not the only ones wondering about housing options for seniors. Young people who live here and want their parents to live near them call the Cohasset Council on Aging. They want to know about affordable housing for their aging parents.

But if these were the 1920s or 1930s, Joe and Meg Buckley would probably go to live with one of their four children when they become unable to care for their Cohasset home. In fact, Joe remembers his grandmother living with his family when he was growing up. His grandmother had an apartment in the house and she helped his mother with laundry and household chores.

However, these are the 1990s and family living patterns have changed dramatically. For one thing, most aging parents don't live with their children. Many of their children, who grew up in Cohasset, now live out of town or out of state.

Upward mobility and the entry of women into the work force also brought multi-generational living to a halt.

"People started to move more for job opportunities, and women who went to work were no longer home caring for elderly parents," said Pat Ryan, program coordinator for the Council on Aging.

The only option for some seniors who cannot live with their children and cannot live alone is to go to nursing homes. Longevity has also contributed to the issue of housing. At the turn of the century, the average life span was 45 years, Bryanton said.

"There was multi-generational living in the 20s and 30s to a degree that there is not now, but back then parents, who came to live with children, didn't live very long before they died," she said.

Today, the average life span is 78 years, according to Bryanton. Seniors are active now in ways that they weren't even 20 years ago. Bryanton mentions a 60-year-old Cohasset resident she knows who teaches a cooking class at the Community Center, drives the van, and is on the board of directors for the Center.

Many seniors who are active don't want to live with their children, preferring to live independently. However they do not necessarily want the burden of maintaining a family home.

So the question remains. What housing alternatives are there for seniors in Cohasset, particularly those with middle incomes? Bryanton answers the question diplomatically.

"There are appropriate living alternatives out there, although they are not necessarily in Cohasset," she said.

In Cohasset there are private apartments available, although these are very limited in number. There are also 64 units of state-subsidized housing at Harborview apartments located on Elm Street. However, there is a waiting list for these apartments and there is also an income requirement of about $25,000 a year or less for a family of two.

There are more expensive condominium developments on Pond Street and at Wheelright Farm.

Buckley says that there are middle income people who do not meet the income requirements at Harborview and do not want to spend what it costs to live at Cohasset condominium complexes.

The middle income person either has no place to go or is "forced to pay through the nose until their assets run out and they go on medicare," Buckley said.

Like other Cohasset seniors, Joe Buckley says that given the present housing options for seniors in Cohasset, "I'll leave my house feet first".

There are also seniors in Cohasset who are looking for an assisted living arrangement. They are people who can live independently, but require assistance with shopping, cooking, housekeeping and yard work. They want to find a place to live where these services are provided, for a reasonable fee.

A fairly new concept in retirement living is the continuing-care retirement community (CCRC). These communities offer independent living, assisted living, and nursing home arrangements in one setting. Some communities combine all three types of arrangements. Others may offer independent living and assisted living only, or assisted living and nursing home facilities only.

Representatives from four of these "communities" as well as one state-subsidized senior housing will speak at a forum on "Options for Retirement Living", Wednesday, Nov. 9, from 1 to 3:30 p.m. at the Cohasset Community Center. The Council on Aging is sponsoring the forum.

School surveys

(Continued from page 1)

Results of the survey will be used to develop a five-year plan for Cohasset schools.

Last month, School Committee member Ralph Kidder said the school department was optimistic that a majority of residents would respond.

"In our view, the people here care about their schools. They care about how their tax money is spent," he said. "We will be really disappointed if we get less than a 50 percent return."

Costs, safety remain as issues for residents

By Rob Rogers
Mariner staff

Residents remain divided over whether the proposed return of the train would cause difficulties in finance, safety, and quality of life for communities along its path.

"No one is questioning the fact that it is necessary to get better public transportation into Boston," said Coastal Coalition member Ilana Marks of Scituate.

"The question is which form of transportation will be the least costly, the least environmentally hazardous, for communities on the South Shore."

MBTA project manager Joseph Connor addressed these concerns in a public forum held last week at PJ's Country House in Scituate. The meeting was sponsored by the Scituate League of Women Voters.

Connor explained that after considering several possible alternatives to the railroad's Greenbush line — including busing, expanded boat service, and highway improvements — the T remained convinced that the train, with or without a proposed Hingham tunnel, is the most cost-effective solution to the area's transportation woes.

"Massport, the Massachusetts Highway Department and the MBTA have looked at all feasible alternatives," Connor said. "We expect the Greenbush line to have the sixth-highest ridership statewide, and to end up costing us about $13.66 per rider, as opposed to $21.80 for boat service."

The train is expected to have about 3,200 riders during the morning peak hours, and to capture approximately six percent of highway commuters, Connor said. He compared that number to an expected 300 riders for expanded boat service, and 75 riders for increased bus service to Scituate.

Creating two stations in Scituate will mean relocation for some area businesses, Connor said.

"At the Driftway business area site, we need to build a terminal station with about 1,100 parking spaces," Connor said. "That will mean that some of the businesses, such as the tennis club, the veterinarian, and the boat storage yard will have to move, which we realize will be difficult with the shortage of commercial land in the area."

The MBTA had hoped to offset the train's impact on business by choosing a different Driftway site, one built above the present town landfill. That plan has been shot down by federal officials, however, who are concerned with the area's proximity to a wetlands

Town counsel: Pratt's not in conflict

By Mary Ford
Mariner staff

Selectman Peter Pratt, an abutter to the Greenbush Line right-of-way, has the verbal okay from town counsel that there is no conflict-of-interest when he casts votes on the proposed restoration of the third branch of the Old Colony project.

Reached by telephone Town Counsel Richard A. Henderson said he sees nothing in violation of state conflict-of-interest law and he will submit a written opinion on the matter.

Monday, Pratt voted along with selectmen Merle Brown and Jane Goedecke, to send results of last week's special town meeting vote on the train to the state and federal officials listed on the anti-train resolution, which was advanced by a vote of 341-314.

Last month Pratt, who is opposed to the train, said he would check with town counsel on any possible conflict-of-interest following the board's receipt of a resident's letter alleging possible "abuse of power" because he is an abutter.

"The phrases abuse-of-power and conflict-of-interest, this selectman does not take lightly," Pratt said at the Oct. 3 selectmen's meeting.

In a telephone interview Tuesday, Pratt said he would support Greenbush if he thought investigation of other transportation alternatives had been exhausted.

"I've said all along, if I thought the Greenbush Line was the only way to solve our transportation problems, I'd be in favor of it," he said.

Pratt said if the train goes ahead, he will abstain from

Lively races hint at 80% turnout

(Continued from page 1)

For those who don't plan to vote absentee, the polls will be open from 7 a.m. to 8 p.m. at Cohasset Town Hall.

There are 4,916 residents registered to vote; 1,057 are registered Democrats, 1,075 are Republicans, and 2,780 are unenrolled.

The big draw is the sometimes raucous re-match for the State Senate between Sen. Brian McDonald and former Sen. Bob Hedlund and the often bitter fight between Sen. Ted Kennedy, the wily veteran of 32 years in Washington, and the wannabe Mitt Romney for a seat in the U. S. Senate.

There is also the controversy around the nine referenda, notably Questions 6 and 7 dealing with the graduated income tax, which has aroused furious emotion among those voters who don't normally get excited over mere candidates.

Actually, the McDonald-Hedlund struggle for the Plymouth-Norfolk District seat goes back much longer than just the two year term that McDonald won from Hedlund in 1992.

They have been rivals or potential rivals since 1990, when Bob Ambler beat McDonald in the Democratic primary and in turn was licked by Hedlund in the general election.

McDonald overturned Hedlund two years later to return the seat to the Democratic column to set the stage for Tuesday's re-match, this time with Hedlund in the attack role and McDonald the defender.

There have been so many accusations flying around the campaign that it is difficult to recall a positive note.

McDonald is what Republicans would call "a tax and spend liberal," while Hedlund is what Democrats would label "a hard-core conservative."

Hedlund is quick to remind voters that he was one of the first to work for passage of Proposition 2-1/2 back in 1980 and has the enthusiastic support of Citizens for Limited Taxation (CLT).

McDonald points out that his work in the Senate was a factor in obtaining a boost in local aid from the state and securing the first state money to fund the MWRA's clean up of Boston Harbor.

The last minute withdrawal of independent candidate Bill Forsyth, who threw whatever support he had managed to garner to Hedlund, left the field clear for the two bitter rivals.

The Kennedy-Romney fight also has been largely negative with Kennedy charging his opponent, a venture capitalist, with mistreating his workers and Romney retaliating that Kennedy's 32 years in Washington are too long and its time for a change.

The governor's race that pits Gov. Bill Weld against Democrat Mark Roosevelt has sparked little attention since Weld was conceded to have gotten off to a big lead and never looked back.

In the 10th Congressional District, Cong. Gerry Studds is seeking a 12th term in the House against the challenge of Republican Keith Jason Hemeon of Sandwich.

Locally, the only hint of a contest comes from Bob Thomas' write-in campaign to knock Rep. Paul Haley out of his Fourth Norfolk seat. Thomas tried to get on the ballot as a Republican but his primary write-in campaign failed to collect the required 150 votes.

There are two minor party candidates for the U. S. Senate — Lauraleigh Dozier, a nurse from Stoughton, for the Libertarians and William A. Ferguson of Quincy for the Larouche Was Right party.

And the same parties have put up Dean Cook (Libertarian) and Jeffrey Rebello (Larouche Was Right) for governor.

Also on the ballot:

Attorney General: L. Scott Harshbarger (D) vs. Janis M. Berry (R).

Secretary of State: Arthur E. Chase (R) vs. William F. Galvin (D) vs. Peter C. Everett (L)

Treasurer: Joe Malone (R) vs. Shannon O'Brien (D) vs. Susan Poulin (L) vs. Tom Tierney (I).

Auditor: Joe DeNucci (D) vs. Tom Clark (R) vs. Geoff L. Weil (L).

Governor's Council: Chris Ianella (D), unopposed.

Third Plymouth District: Mary Jeanette Murray (R), unopposed.

District Attorney: Bill Delahunt (D), unopposed.

Clerk of Courts: Nick Barbadoro (D) vs. Michael H. Mushnick (R).

Register of Deeds: Barry Hannon (D) vs. Ronald J. Smith (R).

County Commissioner: Bruce Olsen (R) vs. Peter H. Collins (D).

The nine referendum questions are explained on page 13.

around town

by Sallyann Chatterton

❑

Debbie and **Dan Maitland** and their boys **Benjamin, Daniel** and **Timothy** have arrived safely in Norfolk, Va., in their sailboat "Cat's Cradle." The Maitland family is planning a year-long cruise through the Caribbean, and Norfolk is their last mainland port before heading to the islands.

Ben and **Daniel** are having their classes on board (Timothy is a pre-schooler). What an experience for all of them, keep an eye on "Around Town" for the latest updates. We sure hope the Maitland family has a safe and happy cruise !

❑

If you have seen **Charlie** and **Barbara Stover** "jumping for joy" recently, now you will find out why! Their daughter, **Laurie**, had a baby girl!

Laurie and her husband, **Paul**, are proud to let us know that their daughter **Brooke** was born Oct. 17. Brooke joins her big brother **Shane**, who is 2-1/2, and who must be thrilled with his new baby sister. What a great retirement present for Charlie, how he loves babies! You can bet that he and Barbara will be seen everywhere with their two precious bundles!

❑

Hope that everybody got a chance to see Bob Healy's Halloween scene, it sure was spooky. Complete with lots of scary people coming right out of the ground. What a super job he did! If you missed it, I took a picture so that you can see it. Be sure to watch for it in a future edition of the *Mariner*. Meanwhile, take a cruise by the house (at the bottom of Norfolk Rd.) and see if it is still there.

❑

Here's a health bulletin for Cohasset residents, town employees and senior citizens. The **Social Service League** and the **Cohasset Board of Health** will sponsor their annual flu clinics Saturday, Nov. 5 and 12, from 11 a.m. to 1 p.m. at Bates Hall, Second Congregational Church, 43 Highland Ave.

There will be no charge for the flu vaccine, however Medicare cardholders are asked to bring their cards.

We could really wipe out the flu if everyone in Cohasset takes advantage of this, imagine a sneeze-free winter!!

❑

Give a big Cohasset welcome to **Jenna Marie Conte**, the brand new daughter of **John** and **Joni Conte**.

Jenna was born Oct. 13 at 9:23 a.m. and weighed 8 lbs. 4 ozs. She joins siblings **Mike, Bill, Kerin** and **Caitlin**. Jenna's maternal grandparents are **Joan** and **Bill Higgins** of Weymouth and **Barbara** and **Carmelo Conte** of Cohasset. That little girl sure has a lot of people to love her.

❑

We sure want to congratulate **Nicole (Prisble) Braun** this week, and with good reason. Nicole recently passed her bar exam. Nicole graduated from the Kent School of Law in Chicago, with honors. She is a great, hard-working lady, and we know she will make a fine lawyer, certainly someone you'd want on your side!

Best of luck to you Nicole (it seems like yesterday you were working at Sea 'n' Cheese)!

❑

You may remember the *Mariner*'s advance coverage of **"The Spinnaker**

(See page 9)

Brianna Lindsay of Cohasset is all dressed up for the Halloween party at the Sand Castle Child Care center, 152 King St.

HUNNEMAN CONGRATULATES
LAURAJEAN MCDONALD

Laurajean McDonald has had a very exciting 1994 golf season. As well as winning the Hatherly Country Club championship for the 11th straight year, Laurajean and her partner won the WGAM state championship Prunaret Cup. She also finished "in the money" in three other state & South Shore Golf League championships. Laurajean also participated in the Tucker Anthony golf classic with Ed Westfall (Bruins) and Kevin Sweeney (Pittsburgh Penguins) as partners. This will be aired on Channel 38 during the winter. Laurajean finds that her drive and discipline carries over from the golf course to her successful real estate career, as evidenced by the fact that she has been the top producer in the Cohasset office from 1990-1993.

Ball", South Shore Hospital's September gala fundraising dinner dance at Marina Bay in Quincy. Well, the event was a spectacular success — and we have the photos to prove it! The gala raised $30,000 to help support the expansion of health care for critically-ill infants, both at South Shore Hospital and through South Shore Visiting Nurse Association. As you would expect, plenty of Cohasset residents were in attendance, please see the pictures!

❑

Hope that everyone got a chance to go on the "Haunted Hayride," held in the Marshfield Fairgrounds in honor of Halloween, it was great. We even got a chance to taste "spider cider" and "devil's doughnuts." If you missed it, be sure to go next year.

❑

Here's good news!! As you know, every spring there is a group of teens and adults that head to Appalachia to help the residents build homes, restore them, add to them, etc.

As a fundraiser, they are raking leaves on the weekends of Nov. 5-6 and 12-13. Call **Ami Argus** at **383-9325** to schedule a team. Cost and time will be determined by the size of the job, a job that lots of people hate to do! Your leaves will be gone, and the kiddos will be able to do their good deeds in Appalachia with your support.

❑

That's the news from here, keep in touch!

Sallyann

Bereavement support

The Hingham Visiting Nurse will sponsor a six-week Bereavement Support Group Thursdays from 1:30 to 3 p.m. beginning Dec. 1.

The group is open to all those who have suffered the death of a family member or friend within the past year. Grace Lettis, LICSW, staff Social Worker and Coordinator of bereavement services will facilitate the weekly meetings to be held at the Hingham Visiting Nurse's office, 10 Downer Ave., Hingham.

There is no charge for this series, but pre-registration is required due to limited space. To register or for more information, call the Hingham Visiting Nurse at 617-749-1160.

obituaries

Catherine Desmond

Catherine Agnes (Gillen) Desmond, 97, of Cohasset a former volunteer at the Cohasset Knoll Nursing Home, died Oct. 31 at the nursing home after a brief illness.

Mrs. Desmond worked 25 years at the nursing home before becoming a resident there seven months age.

She was a member of St. Anthony's Church.

Mrs. Desmond was born in Sligo, Ireland, and came to the United States in 1926, arriving at Ellis Island, N.Y. She was married and settled in Cohasset three years later.

Wife of the late Denis J. Desmond, she leaves three sons, the Rev. Hubert E. Desmond of St. Anthony's Church, North Woburn; Joseph A. Desmond of New Hampshire and Denis F. Desmond of Westwood; a daughter, Mary C. Desmond of Cohasset and seven grandchildren.

A funeral Mass was celebrated at 11 a.m. today (Thursday) in St. Anthony's Church. Burial will be in Woodside Cemetery.

The McNamara-Sparrell Funeral Home handled the arrangements.

Donations may be made to the Catholic Television Center Inc., c/o Father McFarland, 55 Chapel St., P.O. Box 56, Newton 02160-0056.

Andrew Temple Ross

Andrew Temple Ross, 21, of Lexington, formerly of Cohasset, died suddenly Oct. 21 in Pittsburgh, Pennsylvania.

He was a 1991 graduate of Cohasset High School and was attending Carnegie Mellon University in Pittsburgh at the time of his death.

He leaves his mother, Nancy (Greenfield) Ross and a sister, Amanda, both of Lexington. He was the son of the late Charles Ross. He also leaves his grandparents, Mr. and Mrs. Watson Greenfield of California.

A service was held in Arlington on Oct. 29.

Donations may be made in his memory to the Community Boating Club, 21 Embankment Rd., Boston 02117.

editorial

Nine more reasons to vote

There's an extra reason to exercise your democratic right to vote this year — or nine of them, to be exact. When Bay State voters go to the polls Nov. 8, we'll have the opportunity to decide the fate of a record nine statewide ballot questions.

The heightened emphasis on ballot questions in Massachusetts is mirrored nationwide. Voters in 21 states will cast votes on an estimated 88 ballot initiatives that day.

Rather than being an anomaly, these figures represent a decided trend. From 1981 until 1992, a total of 346 initiatives appeared on state ballots — more than the total for the previous 40 years, according to the Council of State Governments.

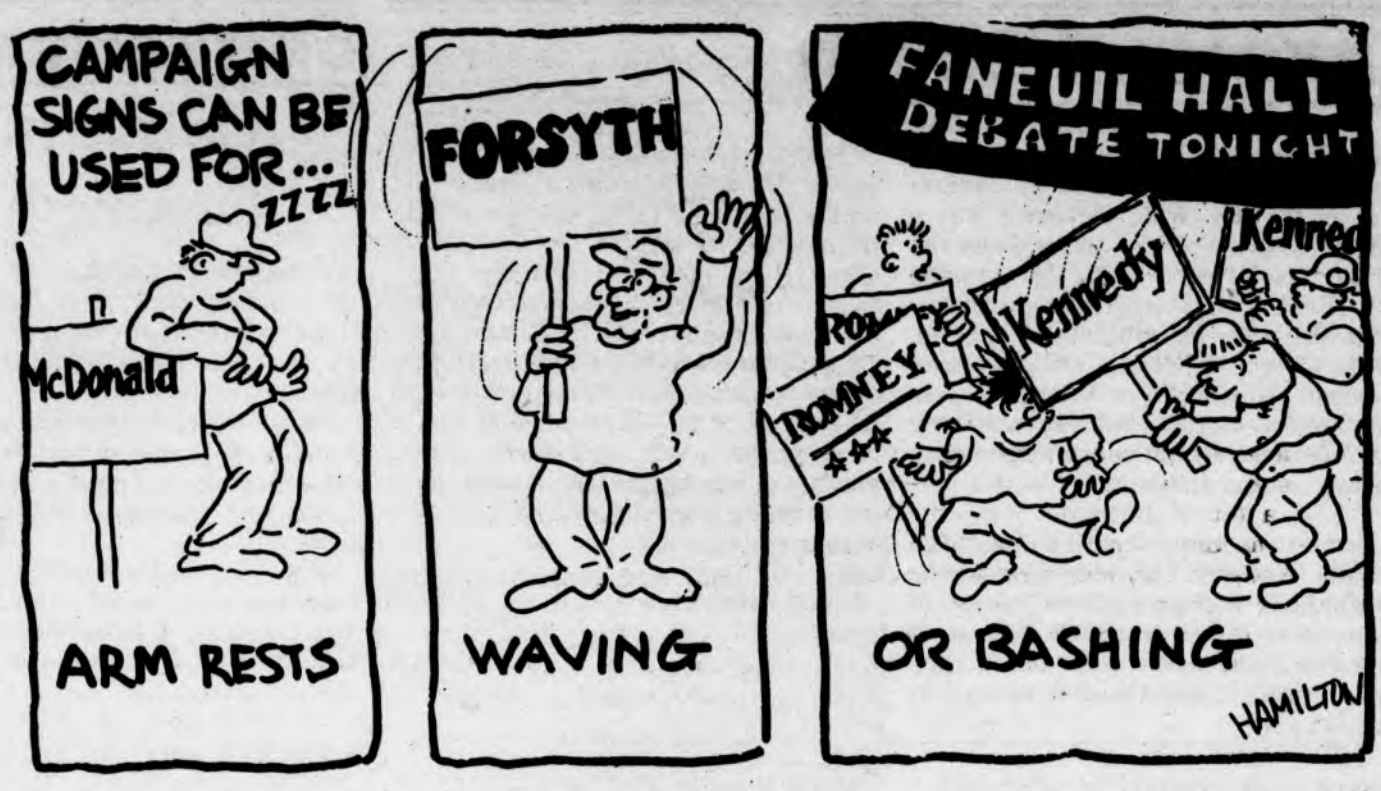
Ballot initiatives were an outgrowth of the Progressive Era of American politics, which came about in part to counteract the influence of large corporations on the political process. All but five of the 24 states which allow ballot initiatives implemented the mechanism between 1890 and 1920. The movement caught on strongest in the South and West. Only two Northeastern states — Massachusetts and Maine — allow statewide ballot initiatives. So we should take advantage of the opportunity.

It's not difficult to see why grassroots initiatives have gained in popularity. A large measure of our modern-day cynicism toward government stems from the not unfounded belief that politicians often say one thing and do another. Ballot initiatives eliminate the middle-man and restore some fairness to a system that is heavily balanced in favor of special interests.

Critics of ballot questions argue that ordinary voters have neither the time to sufficiently study the issues nor the brains to make an intelligent decision. Michael Pons, a government policy analyst for the National Education Association, was quoted in one newspaper thus: "The theory behind (representative democracy) is that I, as an average citizen, do not have the time or the knowledge or the expertise to look at all the facts of the case."

Perhaps not, but the same argument could be made about the ability of average citizens to select the best candidates. And the influence of slick political consultants and negative advertising has not had an elevating effect upon modern campaigns — witness the Kennedy-Romney mudslinging melee.

Ballot initiatives give the people an opportu- to bypass the disingenuous equivocations of political class and take back control of their government. November 1994 may prove to be a giant step in that direction.



New Year's celebration takes break

letters

To the Editor:

For the last two years the Community Center has organized a New Year's Eve celebration surrounding the common. Celebrate '93 and Celebrate '94 provided great fun and entertainment for all ages, but the Center has decided to take a break so that everyone can make their own plans to celebrate '95! This is the year to go skiing, have friends over or hibernate. But while you are making plans, mark your calendar for next Dec. 31, 1995 because there will be a Celebrate '96.

After much discussion the board decided to alternate the years of the celebration. We hope to see you all at this year's "Jingle Bell Walk" from the harbor to the center on the day after Thanksgiving. Have a wonderful holiday season and a healthy and happy 1995.

The Community Center
Board of Directors
Sue Dipesa, president

Ballot question postcard may help

To the Editor:

A word of warning to all voters! When you go to the polls Tuesday, Nov. 8, you will find that referendum questions are not summarized on the ballot or in the accompanying brochure given to each voter. The ballot has only the question number and then a place to vote "yes" or "no."

The accompanying brochure provides the full text of each referendum question, but no summaries. Even if you have studied the questions in advance, you may find yourself reading the full text of the questions. Thus the voting process will take longer than usual.

Friday, Nov. 4, a postcard will be delivered to every Cohasset residence providing a brief, objective explanation of what a "yes" or "no" vote will mean on each referendum question. This postcard can be used as a pocket guide at the polls so that you can get in and out of the voting booth in a reasonable time frame.

This postcard is sent to you as a public service by the Hingham Republican Town Committee.

Carl Harris, Chairman
Hingham Republican Town Committee

Absentee ballots available

Absentee ballots are available at the Town Clerk's Office for the Nov. 8 state election.

Residents may apply for one if they will be out to town, have a physical disability, or because of their religious beliefs.

Absentee ballots may be cast in the Town Clerk's office during regular business hours until noon on Nov. 7.

A written, signed request for a ballot may be sent to the town clerk and one will be mailed out. Included on the application should be your name as registered, your registration address, precinct, the address to which the ballot should be sent, and your signature. Applications may be picked up at the Town Clerk's office, which will be closed at noon on Monday, Nov. 7, in preparation for the election. Call 383-9900, ext. 105, 106, or 107 for more information.

Accompanying the ballot will be a separate handout containing the Questions 1-9. Voters should not vote on this sheet but on the punch card. It will be easier if voters review these questions and decide how they will vote prior to coming to the polls. Copies of Information for Voters with the summary of ballot questions are available at the Town Clerk's office. For additional information call the Town Clerk's office at 383-9900, ext. 105, 106 or 107.

Senators debate on cable

Thursday, Nov. 3, host Wigmore Pierson's guests on Pierson to Person will be Sen. Brian McDonald (D-Weymouth), and former Sen. Robert Hedlund. They will be debating and responding to questions from Pierson and *Patriot Ledger* Editor William Ketter. This will be their final joint appearance before the election Thursday, Nov. 8.

The Pierson to Person television show is broadcast live each Thursday, 8 to 9 p.m., from the North Scituate studio of Continental Cablevision. The show airs on Channel 53 in Hingham, and Channels 3 and 53 in Cohasset. The public is invited to be part of the studio audience each Thursday evening and those planning to attend should be at the studio on Gannett Rd. by 7:30 p.m.

For further information call Robert Belliveau at 545-2500.

Vote! Tuesday, Nov. 8!

If you have questions about the Mariner reprint policy, please call community editor Mary Ford at 749-0031.

Anti-train claims challenged

To the Editor:

The Oct. 27 *Cohasset Mariner* contains a letter from unnamed persons supporting the Coastal Coalition's position in opposing restoration of the Greenbush railroad line, and twisting facts to support their position.

Yes, there was a lively time at the Selectmen's meeting in September, because the Coastal Coalition wanted to usurp all the available time for themselves, denying anyone else the right to speak. Naturally, the supporters of the Greenbush restoration project objected to being excluded from speaking. When the Selectmen realized that the Coastal Coalition had planned for a totally one-sided presentation, they regulated the meeting to give the Coastal Coalition the largest share of the time, including a shortened, but still moderately long presentation, and to give time, of much lesser duration, for comments from supporters of Greenbush railroad restoration.

Among the concerns, grossly exaggerated by the Coastal Coalition, which the letter claims to be supported by MBTA reports, two are worthy of immediate notice — first of all the claim that tax assessments will increase. They will, but not because of restoring the Greenbush line. Cohasset's share of the MBTA assessment is based on the total number of Cohasset commuters — how they commute is irrelevant to the assessment. A bus or boat or private automobile commuter contributes now to the MBTA assessment, and will contribute in the future exactly the same if he or she rides the train instead of the bus.

The overall MBTA assessment is allowed by state law to grow, but only as limited by Proposition 2-1/2. Cohasset's share, as a percentage of a growing whole, can be expected to grow, but it will grow exactly as much if the Greenbush line is not restored, and it will not grow any more if the Greenbush line is restored.

With respect to the relief of traffic congestion caused by restoring the Greenbush line, the latest MBTA report gave specific estimates on main highways throughout the Greenbush corridor area, so that one can view the maps and decide for oneself. The MBTA does not claim any sizable percentage change on the Southeast Expressway itself, as the letter has pointed out. On a relevant matter which the letter was careful to omit, the MBTA pointed out that the traffic reduction due to Greenbush restoration occurred at the peak congestion times, when even slight reductions have the greatest value, and that significant reductions will occur in traffic on Route 3 and particularly Route 3A. These last will help commuters to Route 128 as well as those going to downtown Boston.

The Greenbush line was much appreciated by Cohasset commuters and their families in the past, and restoration of the line would be equally warmly appreciated. A truthful complete presentation of the relevant facts on the present Greenbush restoration project supports its positive merit.

Train vote was a Pyrrhic victory

To the Editor:

It's good that a few of the anti-train gang showed some responsibility at the Town Meeting, by remaining to vote on other issues. The rest of them, having packed the meeting at the beginning so as to applaud the appalling misrepresentations of their spokespersons, slipped away after their Pyrrhic victory vote, so as not to contribute constructively to the business of the town.

Modern day Pied Pipers don't need a flute to generate a following; all they need do is wave a banner saying: "It'll raise your taxes!", and hordes will abandon common sense and join the parade. Not only join, but concoct and disseminate all sorts of nonsensical "supporting" arguments. Examples are claims that trains will result in more personal injury and environmental damage than transporting an equivalent number of people by automobile, bus or boat. Seems as if opponents of anything constructive automatically drag in "concern for the wetlands", even if they never before gave a hoot about wetlands and know only that "impact on wetlands" has pejorative value.

Too bad that time did not permit exploration of Europe's successful pragmatism about public transportation, versus the destructive emotionalism in this country that strangles constructive action on so many public issues. What bemuses me is that the more passionate a person is about some cause, the less he or she seems to take the trouble to get the facts straight. A little less prattle that confuses herbicides with pesticides would have less negative effect on listeners. Some of us, at least, would be less unsympathetic if the activists would abandon their wilder claims and stick to honest presentation of the issues.

The anti-train vote doesn't have much meaning; obviously the meeting was stacked with organized opponents. Supporters probably are far more numerous, but see no need to get so passionate about it as go to Town Meeting just to support trains.

R.M. Campbell
75 Old Pasture Rd.

Another take on Cohasset town meeting

To the Editor:

Despite the last minute foul-up by town officials that confused the voters, and despite the fact that our key expert speaker was not allowed to speak, Cohasset has spoken. Oct. 24, the town voted against the train.

Our key speaker was to be Martha Reardon of Harbor Consultancy International, an expert on water transportation. She would have spoken about very successful bus and boat commuter systems.

Wouldn't it be nice to be picked up closer to your home, brought to a high-speed boat (20 smooth minutes to Boston) that is waiting for you to board through a very wide entrance (10-20 people at a time, not one at a time), sheltered from the elements? Wouldn't it be nice if there was a much better parking facility at the boat, which, again, allowed you to board through a sheltered entrance? Wouldn't it be nice if the boat pulled into South Station and/or provided feeder buses throughout the city?

Wouldn't it be nice if you could get into Boston in 30-40 minutes instead of the one hour that the MBTA thinks the train will take. The MBTA thought the Worcester train would take one hour, but instead it takes one hour and 40 minutes. The Greenbush line has 18 winding miles from Scituate to Braintree, then shares the track from Braintree to Boston with other lines. It has seven stops, 43 grade crossings, travels through North Scituate Village, Cohasset Village, Hingham Square and Weymouth Landing . . . This train is going to take a lot longer than one hour.

Wouldn't it be nice if Massachusetts became a little more creative and implemented a bus and boat system that was much less expensive to build and operate, much cleaner for the environment, much safer, much less disruptive to people's lives and got you to Boston much quicker?

Wouldn't it be nice if we could turn the old railroad bed into a bike and walking path instead?

G. Douglas Yeager
79 Sohier St.
Cohasset

The Cohasset Mariner welcomes letters to the editor. All letters must be signed. Please include a telephone number for verification purposes only.

Letter clarification noted

In last week's (Oct. 27) issue of the *Cohasset Mariner* the names of those who signed a letter from the anti-train group Coastal Coalition were inadvertently omitted. They were: Judy Ruggere Odell, 85 Ripley Rd.; Ann M. Musto, 17 Lantern Lane; Julianna D. Hassan, 497 Beechwood St.; Kathilyn Yeager, 79 Sohier St.; Christopher P. Kierce, 189 S. Main St.; D. Douglas Yeager, 79 Sohier St.; Peter B. Robb, 13 Beechwood St.; and Elizabeth Donovan, 546 Jerusalem Rd.

'Irresponsible' reporting is alleged

To the Editor:

"Never doubt that a small group of thoughtful, committed citizens can change the world; indeed, it's the only thing that ever has."

— Margaret Mead

The Coastal Coalition is an excellent example of what Ms. Mead said.

In the short time the Coalition has been in existence, this dedicated group of men and women have been able to bring forward issues and facts that have changed the process of restoring the Greenbush spur of the Old Colony rail line. Residents of the towns to be impacted are now questioning whether this train is a reasonable solution to the mass transportation needs of the South Shore.

Those residents aligned with the Coalitions' position succeeded in winning a majority vote against the train at the Cohasset Special Town Meeting Oct. 24. Given the short time they've been in existence, the lack of media support of any kind, constant heckling by train supporters, and roadblocks from some political leaders in the town, it is truly remarkable that they succeeded in winning the majority.

Rather than being deflated by the closeness of the vote, the group and all those opposed to the restoration project should be energized to continue disseminating the facts so that other residents can evaluate the true impact the rail line will have on them.

We are fortunate to live in a democracy where the candidate or issue that wins the majority vote, wins. Neither the press nor the politicians who favor the train can refute the majority — regardless of how hard they try.

Responsible, objective reporting by the *Cohasset Mariner* would go a long way toward providing residents with the information they need to make an informed decision on this issue.

Ellen and Joseph Cunning
44 Lantern Lane

'Biased' headline disputed

To the Editor:

Mandate: A command or an authorization given by a political electorate to its representative. American Heritage Dictionary, Standard Edition.

How your headline in last week's *Mariner* could read that the Cohasset voters at the Special Town Meeting failed to give the Selectmen a "mandate" regarding the Greenbush train issue is beyond us.

The Special Town Meeting was a gathering of the political electorate, and they told the selectmen — their representatives — by a majority vote that they did not want the train to come through Cohasset.

Since when is a majority not a majority? We wonder whether Mr. Sullivan thinks his opponent really won his selectman's seat?

Biased reporting is bad enough, but this borders on being irresponsible journalism.

Sabina and Richard Noering
35 Lantern Lane

Mariner accused of train bias

To the Editor:

I read the *Cohasset Mariner* to get information about the town I live in. I read it so that I can stay informed about the issues that affect the town and me.

When I read your flagrantly biased reporting on an issue that's as important to the town as the train is, I question whether other issues are being slanted as well.

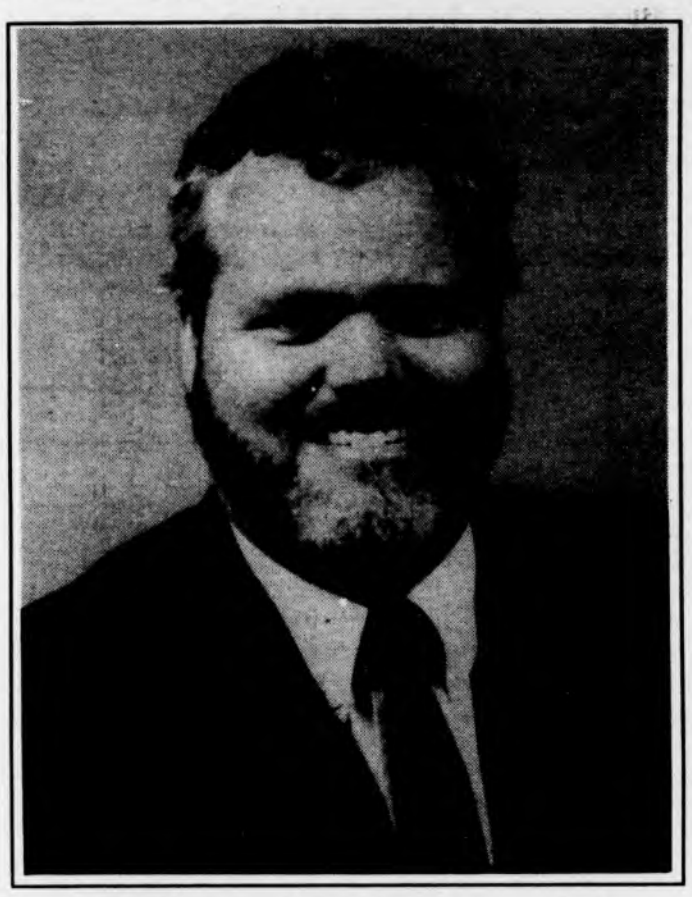
If I can't believe what I'm reading in the *Mariner*, why read it at all? Can't you overcome your bias and provide your readers with what they need; objective, truthful information on the issue?

Ann M. Musto
17 Lantern Lane

★ ★ ★ Election '94 ★ ★ ★

State senate candidate snapshot

The recent withdrawal of Independent candidate William Forsyth from the state senate race has narrowed the field to two — incumbent Sen. Brian McDonald and former senator and challenger Robert Hedlund. The following snapshots offer a glimpse into the platforms and accomplishments of the candidates as they prepare for the Nov. 8 election



Brian McDonald

It seems like everybody moves to Weymouth first thing when they decide to run for the State Senate from the Plymouth-Norfolk District.

"It's important to live in Weymouth," said Cohasset's Chartis Langmaid after she lost the Democratic primary two years ago.

"If you want to run on the South Shore you have to move to the town with the biggest population."

That would give Brian McDonald whatever slight geographical edge exists next Tuesday because he has lived in Weymouth all his life.

And he's a familiar name — with all the positive and negative reactions that brings — to Weymouth residents for this is his eighth election race in 11 years. He has run for Selectman three times (with a 2-1 record), in a Democratic primary for State Senator thrice (2 wins, 1 loss).

McDonald was first elected to the State Senate two years ago and now he's seeking reelection, he says, to continue what he began.

"Last time," he said, "I campaigned on what I hoped to do in the Senate. Now I am campaigning on what I have done.. There are things I haven't done. No one can do everything. There are things I still want to accomplish in the Senate."

McDonald said he feels he has run a positive reelection campaign against great difficulty.

"I was under attack by five people until the September primary," he said. "Since then, I've been under attack by two people."

He said that during his watch, the Legislature has increased local aid from the state "so we can rebuild our police and fire departments."

But it's his aid in defending local pocketbooks from the mounting financial assaults of the MWRA that McDonald speaks of with pride.

"For two fiscal years the state has contributed to the MWRA," he said. "They have never done that before. We have got them to change the formula for assessing local communities from population to actual flow.

"And, for the first time, there is no raise in MWRA rates."

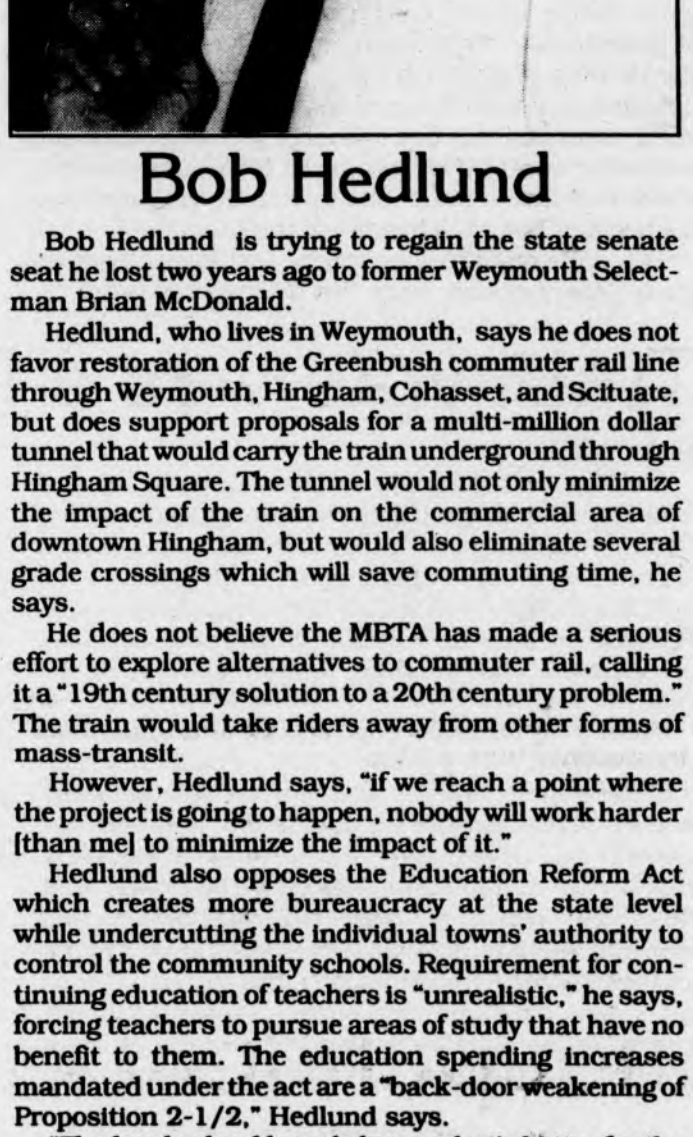
McDonald has been attacked for his perceived association with Senate President Bill Bulger, who named him to chair the Senate Insurance Committee. He voted for Bulger when the 1992-93 Senate was organized but he says he is non-committal about his next vote until the options are made.

"I'll vote for the Senate President who is best for the district," he said. "I'll not vote for a Republican. And I won't vote for Bill Keating (who says he will run to oust Bulger) either. He encouraged Tim Gage to run against me."

On a personal level. McDonald is 42 years old, a lifelong resident of Weymouth, and a graduate of UMass-Boston with a degree in political science. At those times he when was not running for state office, he was employed as a tax specialist by the State Department of Revenue.

McDonald is what they talk about when they speak of career politicians. He ran for office for the first time in 1983 at the age of 30 when he was beaten by 200 votes in a three-way race for Selectman. He was back on the ballot two years later and won to launch a six year stint as a two-term member of the five-man Board. It was as a Selectman that McDonald worked Cedar Rapids, Iowa in the interests of Mike Dukakis' run for the presidency.

— Tom Henshaw



Bob Hedlund

Bob Hedlund is trying to regain the state senate seat he lost two years ago to former Weymouth Selectman Brian McDonald.

Hedlund, who lives in Weymouth, says he does not favor restoration of the Greenbush commuter rail line through Weymouth, Hingham, Cohasset, and Scituate, but does support proposals for a multi-million dollar tunnel that would carry the train underground through Hingham Square. The tunnel would not only minimize the impact of the train on the commercial area of downtown Hingham, but would also eliminate several grade crossings which will save commuting time, he says.

He does not believe the MBTA has made a serious effort to explore alternatives to commuter rail, calling it a "19th century solution to a 20th century problem." The train would take riders away from other forms of mass-transit.

However, Hedlund says, "if we reach a point where the project is going to happen, nobody will work harder [than me] to minimize the impact of it."

Hedlund also opposes the Education Reform Act which creates more bureaucracy at the state level while undercutting the individual towns' authority to control the community schools. Requirement for continuing education of teachers is "unrealistic," he says, forcing teachers to pursue areas of study that have no benefit to them. The education spending increases mandated under the act are a "back-door weakening of Proposition 2-1/2," Hedlund says.

"The local school boards know what's better for the school kids in the local communities," he says.

But Hedlund saves his harshest criticism for his opponent McDonald, whom he accuses of misleading the voters on the subject of support from the business community. McDonald has been recently publicizing his endorsement by the South Shore Business and Industries political action committee, which Hedlund says is not representative of small businessmen on the South Shore. One-third of the SSBI-PAC members are lobbyists for insurance companies, and this endorsement is the result of McDonald "shaking down the insurance industry," Hedlund says.

He also points out that an endorsement from SSBI-PAC is not an endorsement from the South Shore Chamber of Commerce which cannot endorse a candidate for political office.

"There's no way any small businessman on the South Shore will support a candidate who favors the graduated income tax," Hedlund says.

While Hedlund charges that his opponent has been loyal to state senate president William Bulger, he says he can be loyal to Governor William Weld without sacrificing his personal beliefs. Hedlund points to a vote in 1991 when state workers were asked to accept pay freezes and pick up more of the costs of employee benefits. At the same time, Weld asked for pay raises for his cabinet secretaries.

"I thought it was outrageous," he said. "I voted accordingly and broke ranks with the republicans."

Hedlund attributes his loss in 1992, in part, to a "disastrous relationship with the press."

"I approached the press as friends. I shouldn't have been so trusting."

He says he is now being "more guarded and more professional" with the local news media.

In addition, 1992 was a "horrendous year for republicans" who suffered from the high voter turnout to vote against President George Bush's re-election. Hedlund points out, though, that his loss to McDonald was the closest race in the state.

— Charlene Vandini

A quick look at the Nov. 8 ballot questions

The Nov. 8 ballot includes nine questions for voters statewide to approve or disapprove.

Citizens had gathered signatures on these petitions in order to have the bills submitted to the legislature, and when the legislature failed to act on them, the bill proponents obtained more signatures so that the issues would be placed on the ballot. Those are Questions 1, 4, 5, 7, 8 and 9.

Question 6 proposes a constitutional amendment which would mandate a graduated income tax. Presently, the state constitution specifies that all be taxed at a uniform rate. This is teamed with question 7 which sets out the different tax brackets. If Question 6 fails, Question 7 becomes moot.

Question 2 and Question 3 are binding referendums asking voters to keep or repeal a law already in force.

Take this check list with you to the polls.

Question 1: Prohibiting corporate contributions to initiative and referendum campaigns. A yes vote would prohibit business corporations and most non-profit corporations from contributing to ballot question campaigns and provides for fines for a violation of the proposed law, establishes new financial reporting requirements and suggests voluntary spending limits for ballot committees. Opponents argue that the proposed law not only threatens free speech but exempts special interest groups such as MassPIRG, TEAM and unincorporated labor unions from the the same law.

Question 2: Mandatory seat belt law. A yes vote would keep the 1993 law; a no vote would repeal the law.

Question 3: Changing the way student fees are assessed at community colleges, state colleges and universities. A yes vote approves the 1993 law which forbids a waivable fee to be included on tuition bills for nonpartisan student organizations that try to influence state legislation. Optional fees, for which the student must specifically ask for such a fee to be charged, are still allowed. A no vote would repeal the 1993 law and reinstitute the waivable fee or the negative check-off on the students' tuition bills.

Question 4: Limiting terms by restricting ballot access. A yes vote would limit terms to all state elected officials, including members of Congress, who hold office for two consecutive six-year terms. Write-in votes would be allowed, but would be denied a salary and benefits. A no vote allows the voter to decide how long an individual should hold office.

Question 5: Allowing retail stores to open Sundays and on three summer holidays — Memorial Day, July Fourth and Labor Day. A yes vote would allow retail stores to open any time on Sunday and the three summer holidays, working would be voluntary and paid at time-and-a-half. Package stores would still be forbidden from selling alcohol. A no vote would preserve the existing "blue laws," which allows local police chiefs to decide whether stores should be open on those days.

Question 6: Requiring a graduated income tax. This proposed law would change the state constitution which requires that the tax rate on each class of income be uniform. The proposal sets higher rates on taxpayers with higher incomes and lower rates on those in lower brackets.

Question 7: Instituting a graduated income tax with specific rates. In addition to setting specifically three different tax rates, this proposal would allow municipalities the option to assess local income taxes. The legislature would be able to increase taxes by brackets, rather than uniformly as spelled out in the constitution.

Question 8: Prohibiting the transfer of money from the state highway fund to other state funds. A yes vote also would increase the portion of the gasoline tax credited to the highway fund and would require the state to develop a comprehensive seven-year transportation plan.

Question 9: Prohibiting rent control unless voluntary. A yes vote would nullify existing rent control statues but municipalities would be authorized to adopt restricted rent controls for six months, after which it would be voluntary. Property owners would have to be paid the difference between the controlled rent and fair market rent. A no vote would keep rent control in Boston, Brookline and Cambridge.

— Marilyn Jackson

Referenda questions

Summarized as a public serivce

1. ❑ YES — Restricts business and certain nonprofit corporations, but not unions, from contributing to ballot question campaigns.
   ❑ NO — Makes no changes in the current law.
2. ❑ YES — Keeps the mandatory seat belt law.
   ❑ No — Repeals the law.
3. ❑ YES — Preserves the present law, prohibiting students from authorizing a waivable fee on tuition bills to benefit special interest groups. This applies to state colleges and Univ. of Mass.
   ❑ NO — Repeals the present law and allows the waivable fee to go on tuition bills.
4. ❑ YES — Is for Term Limits.
   ❑ NO — Is against Term Limits.
5. ❑ YES — Allows retail stores to open on Sundays and Federal holidays.
   ❑ NO — Would make no change in the current law.
6. ❑ YES — Changes the Constitution of the Commonwealth permanently and would require a Graduated Income Tax.
   ❑ NO — Keeps the present flat tax.
7. ❑ YES — Sets up the Graduated Income Tax rate schedule, however, it can be changed by the legislature at any time.
   ❑ NO — Keeps the present flat tax system.
8. ❑ YES — Would require all gasoline taxes collected in the Highway Fund be used solely for highway, road and bridge repair.
   ❑ NO — Would make no change and continue to allow unappropriated monies to be transferred to the General Fund for other purposes.
9. ❑ YES — Prohibits Rent Control.
   ❑ NO — Allows Rent Control.

(Ed's note: This ballot question summary was provided as a public service by the Hingham Republican Town Committee.)

Independent candidate quits senate race

By Tom Henshaw and Charlene Vandini
Mariner staff

Independent candidate Bill Forsyth, citing his lack of "broad-based support and momentum," pulled out of the Plymouth-Norfolk District Senate campaign Monday and endorsed Republican former Sen. Bob Hedlund.

The move failed to impress the incumbent, Democratic Sen. Brian McDonald.

"You mean his 100 votes are up for grabs?" he sneered when the *Cohasset Mariner* informed him of the pullout that came only eight days before the Tuesday election. "He's not a factor at all."

"I'm glad to accept Bill's endorsement," said Hedlund. "It shows that my candidacy appeals to a lot of Democrats and Independents."

Meanwhile, Jim Roosevelt, legal counsel for the State Democratic Party, called for an investigation of Hedlund's "failure to report the date of numerous campaign contributions made to his committee as listed in his September financial filing."

"These documented campaign activities of Mr. Hedlund while an employee of the Metropolitan District Commission raise the additional and likely possibility that he was conducting fundraising efforts on state time," said Roosevelt.

Hedlund called Roosevelt's charge "a response to the charges I filed against McDonald last week."

"It's perfectly legal for my committee to raise money while I am working for the state," he said. "There were five contributions over $50, all from a comedy night in the spring of '94."

And Hedlund claimed the support of Weymouth Selectman Peg Goudy, who resigned from the Democratic Town Committee, and her husband, Max, a Town Meeting member.

"I'm still voting for the rest of the Democratic ticket," she said. "I just don't want to go through again what I went through two years ago."

In 1992, in the face of reports that she was actively supporting Hedlund against McDonald, Peg Goudy came within a couple of votes of being expelled from the Town Committee.

Forsyth joined with Hedlund in a news conference at the statue of Abraham Lincoln in downtown Hingham to pledge that he will be of service to the Republican in the remaining days of the campaign.

"I won't cheat this man," he said. "I will not be a spoiler."

Conventional wisdom is that Forsyth, who said he came from a Democratic background, was going to draw anti-McDonald votes away from Hedlund from Democrats who did not want to vote for a Republican.

"I got into this race because of my dissatisfaction with the incumbent senator's performance," Forsyth said in a statement.

But, he added, "over the past few weeks it has become apparent to me that I, as an independent candidate, lacked the broad-based support and momentum necessary to wage a viable campaign.

"After campaigning hard for nine months, I do not come to this decision lightly. During my campaign, I have come to know Bob Hedlund as a person of integrity and high moral character who will not be compromised by special interests."

McDonald said that Forsyth and Hedlund "have been in cahoots for some time. It's strictly a plot by those who wanted someone to throw bombs. He's been tossing bombs at me for five months.

"He even blamed me for closing a supermarket (the Omni store in East Braintree). It won't even be in the district until January."

Hedlund said a Democrat and Independent Committee for Hedlund has been formed and chaired by Ted Wheeler of Weymouth and Jim Creed of Marshfield, bother of John Creed who ran against McDonald and Rep. Bob Ambler in the Democratic primary in 1990.

Not to be out-endorsed, McDonald announced that Rep. Frank Hynes, the Marshfield Board of Selectmen "'and more than a dozen Marshfield, Scituate and Duxbury" would join in endorsing the senator at a rally yesterday (Wednesday, after the *Cohasset Mariner* went to press) from 6 p.m. to 7 p.m. at the Venus II restaurant on Ocean Street in Brant Rock.

Hynes called McDonald "an energetic and effective leader for Marshfield's interests and for the South Shore."

"The fact that our Board unanimously endorses Brian McDonald's candidacy speaks volumes about the respect that we have for him," said Marshfield Selectman Bud Francis.

On the campaign trail, Hedlund continued his assault on McDonald as "nothing more than a pawn on Billy) Bulger's chess board."

"There is no getting around facts and the facts are that more than 80 contributors to Senate President Bulger have also ponied up for Sen. McDonald," said Hedlund, who added that he cross referenced contributions from public documents in the Office of Campaign Finance.

"Sen. McDonald has accepted contributions from people in Sudbury, Belmont, Wellesley, Nahant, Winchester, Lynn, West Boylston and South Boston," he said.

"Why would those contributors be interested in Sen. McDonald? Is it a coincidence that these contributors appear on both finance reports, or a contrivance?"

McDonald shrugged off Peg Goudy's endorsement of his opponent and he claimed the support of the other five members of the Board — Greg Hargadon, Dave Chandler, Bill Barry and Joe Piper.

"Joe Piper and Bill Barry supported Hedlund in 1992 and, now that they have had a chance to compare our records, they are supporting me," he said.

"Goudy supported Hedlund in 1992 and she is supporting him now, I think the positions of Joe Piper and Bill Barry are far more significant."

"I supported Bob in 1992," said Barry, "but I can say emphatically that Brian has done a better job."

McDonald charged that Hedlund is "misleading the public on his abortion position."

He cited several contributions that Hedlund has received from abortion rights opponents, including $800 from anti-abortion activist Paul DiPersio of Duxbury.

"What did he tell DiPersio to get $800 out of him?" he asked.

senior scene

Share a holiday meal

South Shore Elder Services, Inc. will be coordinating a Thanksgiving meal program for homebound elders in several South Shore towns, including Weymouth, Hull, Scituate, Hingham and Cohasset.

Elder Services will coordinate volunteer families who would like to share part of their holiday meal with an elder in their town. SSES will also coordinate with local hospitals and nursing homes, the preparation of meals to be delivered by volunteers.

Anyone willing to share a meal from home or deliver a meal provided by SSES may call the agency's main office at 848-3939, ext. 362.

Flu clinics offered

The Social Service League and the Board of Health will sponsor their annual flu clinics Saturday, Nov. 5 and 12, from 11 a.m. to 1 p.m. at Bates Hall, Second Congregational Church, 43 Highland Ave.

There will be no charge for the flu vaccine; however, Medicare cardholders are asked to bring their cards, as the town will be reimbursed by Medicare for administrative costs.

Pneumonia vaccine will also be offered to Cohasset residents age 65 and over. Senior citizens with chronic respiratory problems or other chronic diseases are urged to get this vaccine. The pneumonia vaccine is a one-time immunization, except in rare cases, which a doctor must evaluate. These will be first-time vaccinations only. Please check with your private physician if you have any questions about the pneumonia vaccine.

New art exhibit at library

There's a new art exhibit at the library through December. Last Friday there was an opening reception for the artist, Patricia McCarthy. Patricia is a well-loved teacher at the South Shore Art Center. She has lived in Cohasset for more than 25 years. Students, friends, fellow artists and her beautiful family were among the more than 100 guests.

Refreshments were provided by Alicia Spenlinhauer, Carole Ann Dean, Jan Pierson, Barbara Chase, Estey Manning, and Suzan Killilea. Frances O'Toole contributed three dramatic flower arrangements to compliment the exhibit.

CDROM service offered

The Paul Pratt Memorial Library, Cohasset, has two new CDROM services for public use. The products are SIRS RESEARCHER and SIRS GOVERNMENT REPORTER.

The computer workstation and the two CDROM services are on loan for the summer from the Cohasset High School.

Each CDROM can hold nearly 190,000 pages of text.

SIRS (Social Issues Resources Series) RESEARCHER provides full text of thousands of articles selected from over 800 sources from 1988 to the present. These articles relate to the sciences, social issues, global events, historic, economic and political information.

SIRS GOVERNMENT REPORTER gives full text of selected articles from publications of federal government departments, agencies and commissions. It also includes a congressional directory, with information on U.S. Senate and House members and their staffs.

Both files are searchable by key word, or by subject category, or by names of persons or agencies. Summaries of articles or the articles may be read on screen or printed.

Computer catalogs ready

All information formerly contained in the card catalogs at the Paul Pratt Library has been transferred to Public Access Catalog Terminals (PACT). There are explicit instructions next to the PACT and library staff are available to help those who resist anything and everything involving computers!

Financial aid info at library

State Rep. Mary Jeanette Murray (D-Cohasset, Hingham, Hull) has distributed the "Handbook on Admission and Financial Aid at Independent Colleges in Massachusetts" to the town libraries.

The handbook informs students and parents how and when to apply for financial aid. It describes the state and federal programs and has admissions information and application deadlines.

Costs, safety remain as issues for residents

(Continued from page 6)

area.

"The overall concern of the Corps and other agencies is for compliance with environmental regulations," Connor said. "Their rationale is that the other Driftway site is better, because the environmental impact would be less."

The landfill site would also be more expensive, Connor said.

With regard to finances, Connor declared that the cost of building, servicing, and operating the Greenbush line would have virtually no impact on many towns' annual MBTA rate of assessment.

Under current law, the impact on the towns' annual assessment would be zero, Connor said. He explained that Proposition 2 1/2 does not allow the MBTA to raise its assessment above a certain level.

The Greenbush line would be financed partially from ticket fares, which could pay up to 30 percent of costs, and partially through state and federal grants and programs.

'We expect the Greenbush line to have the sixth-highest ridership statewide, and to end up costing us about $13.66 per rider, as opposed to $21.80 for boat service.'

— Joseph Connor, MBTA project manager

"The money will come from capital budget funds, state bonds, a transportation bond issue, the Federal Transportation Administration, and two programs — the Inter Modal Surface Transportation Program and the Congressional Mitigation Air Quality Program — both of which this project qualifies for," Connor said.

Travelers would pay $3.25 for a one-way trip on the Greenbush line (from Scituate), which would take them directly to South Station, Connor said. A 12-ride pass would cost $32, while a monthly rail pass is expected to cost $104. Parking at the Greenbush station would cost $1.

Some residents are concerned, however, that cheap, reliable public transportation is not a fair exchange for a possible decline in public safety, caused by 43-grade crossings and an increase in automobile traffic through South Shore neighborhoods.

Connor explained that no violations of local air quality due to increased traffic are expected, and that in fact, with fewer cars on the road, air quality on the whole would improve. He added that MBTA trains would not run their diesel engines overnight at the Scituate layover station, as had earlier been asserted, unless the temperature dropped below five degrees.

Safety remained an issue for Scituate residents, however, as some worried whether even state-of-the-art warning systems would prevent accidents on the town's six grade crossings. The train's speed across roadways will vary, Connor said, between a 15 mph crawl at the Driftway crossing to a 60-mph rush across First Parish Road.

At each of those crossings, the train will announce its presence to passers by with a 105 decibel blast on its horn. While adding to area safety, these train signals have become another source of irritation to Greenbush abutters.

"About three weeks ago, I drove to Needham and parked my car 300 feet from the track," said Daniel Fitzgerald of Scituate. "The sound of the horn was ungodly, louder than you can imagine. I'm now living 100 yards from where the track is going to be, with 12 trains coming inbound and 12 headed out every day. I guess I'll be stuck with it, because I can't imagine being able to sell my house now."

Many of those who expressed discontent with the proposed Greenbush revival admitted that they are not commuters, and did not currently depend on the state's clogged highways, overcrowded boats, or buses to earn their living. Commuters, by and large, have praised the Greenbush option as a sensible, long-overdue answer to the area's transportation needs.

"This is the most efficient means of transportation available," said Gigi Mirarchi, member of Scituate's Old Colony rail restoration committee. "Those who think that other forms of transportation might be more efficient have never made the trip on a daily basis. The boats are maxxed out. People who don't work directly in the financial district have to take a three-pronged transportation approach — drive to Hingham, take the boat to Boston, and then another train to work. A lot of people don't want to do that, and they won't stop driving to Boston unless this train becomes a reality."

Approximately 1,780 Scituate residents — 20 percent of its population — currently commute to Boston, according to the 1990 census. 2,014 Marshfielders commute, as do 1,248 Hull residents, 1,000 Duxbury residents, 2,134 people from Hingham, 871 from Cohasset, 868 from Norwell, and 6,604 Weymouth residents.

Town counsel: Pratt's not in conflict

(Continued from page 6)

votes that directly affect abutters.

"That's a fairly well demarcated line" between the overall issue and issues directly affecting abutters, he said.

Pratt said restoration of Greenbush has a "general application" to the town like tax issues.

He pointed out that he is "frankly not going to lead any parades one way or another on the Greenbush issue." Pratt explained that members of the anti-train group, Coastal Coalition, approached him about getting on the selectmen's agenda in September and the assistance he provided would have been the same for any citizens. Members of the Coalition made several presentations and wanted selectmen to take a vote against the train at that time.

At Monday's meeting, Pratt said results of the non-binding resolution, which directed selectmen to do everything in their power to stop the train be sent to Gov. William Weld, Transportation Secretary James Kerasiotes, Environmental Secretary Trudy Coxe, and federal Transportation Secretary Federica Pena, as the resolution stated.

Brown, who opposes the train, agreed with Pratt that selectmen should support the resolution. Goedecke, who supports the train, said she had no problem with sending the results of the resolution because they are part of the public record but added she would not try to stop the train.

Pratt said the board could discuss how they interpret the resolution later.

Selectman Martha Gjesteby, who supports the train, abstained from voting because the resolution "meant nothing." She pointed out she would have voted the same way if the resolution had failed at town meeting and the pro-train votes had won. Selectmen Chairman Michael Sullivan was not present at Monday's board meeting.

The town meeting resolution was substituted for an article asking the town to oppose the train. Henderson said the article was illegal because town meeting is a legislative body and has no jurisdiction over inter-municipal transportation.

Last winter, selectmen sent a letter to Gov. Weld urging him to get Greenbush off the starting blocks. Pratt was not a member of the board at that time.

Tank committee named

Selectmen have created a new committee to investigate long- and short-term solutions for the supply of gasoline and diesel fuel to town departments. On the committee are the police chief (or designee), fire chief (or designee), board of selectmen member, and the tree and park superintendent and highway surveyor as ex-officio members. Anyone interested in filling the two remaining seats on the board should call the selectmen's office at 383-9900, selectmen said.

The charge of the committee also includes considering the size, type, and location of tanks; evaluating the pumping system; and looking at alternative methods of fuel supply for the short term.

Cohasset Heights' bonds on agenda

Landfill capping is health board topic

By Sean P. Sweeney
Mariner correspondent

The Cohasset Board of Health conducted a regularly scheduled public meeting Tuesday, Nov. 1, and addressed various issues surrounding the capping of the Cohasset Heights Landfill and the Cedar St. Recycling and Transfer Facility landfill.

Bruce Haskell of the town's engineering firm of Camp, Dresser & McKee updated board members William Baird and Alix White regarding the closure progress at the Cedar St. facility (RTF).

According to Haskell, the major concerns facing the town regarding the closure of the RTF surround wetlands issues. The present closure plan will involve a delineation by the town's engineers of the wetlands surrounding the facility. This is done pursuant to federal and state definitions of wetlands.

The present delineation indicates that the state wetlands will be more extensive as the state definition relies heavily on the existence of certain types of wetlands vegetation. The federal definition is based upon the existence of standing water.

Under both state and federal regulations, the impact that the capping has on wetlands will determine largely the permits which will be necessary. The emphasis of all the regulations is to minimize, whenever possible, the effect on wetlands.

In addition to delineating the wetlands, the engineers are attempting to pinpoint through test pits the extent of the solid waste at the site. According to Haskell, the planned cap would extend about 10 to 12 feet beyond the present landfill site. Present estimates would mean that the cap would only impact about 3,400 square feet of impact. This is well below the state and federal guidelines of 5,000 square feet of impact. The town of Cohasset does have a requirement that in the case of a wetlands impact in excess of 2,500 feet, Conservation Commission approval must be secured. According to Haskell, it will be possible to pull back some of the solid waste in order to minimize the area of cap. In this way, the plan should stay within the town guideline as well.

Present plans call for using clay which will be made available from the Central Artery Project in order to construct the cap. This plan is subject to the availability of the clay and the expected time frame for acquiring the clay. In the event that the clay acquisition will take too long, the town may proceed with a capping of the area using a membrane liner. Baird suggested that Camp, Dresser & McKee submit both plans to the Department of Environmental Protection for approval so that either contingency can be dealt with in the capping of the facility.

Haskell also addressed the board regarding the sufficiency of the closure and post closure bonds in place regarding the Cohasset Heights Landfill. The bonds are required in order to insure that adequate resources exist to pay for closure and post closure maintenance and monitoring. According to Joseph Godzik, the town's health agent, the closure and post closure bonds include one bond in the amount of $930,000 and a $160,000 annuity, comprised of $10,000 per year annuities for 16 years.

According to Haskell, figures submitted to the D.E.P. by representatives of the Cohasset Heights Landfill suggest the closure and post closure costs might exceed the amount of the bonds. Haskell also feels that the bonds fall short of covering the potential total exposure in the future. In particular, Haskell cited the thin vegetation that presently exists at the site and suggested that this would present long-term maintenance expenses.

The adequacy of the bonds and the overall situation regarding the landfill closure will be the subject of another meeting of the Board of Health Nov. 15. At that meeting, representatives of the landfill will be available to discuss the closure further.

In other business, the board ruled that it would not retain any jurisdiction regarding the construction of a septic system in Scituate, despite the fact that the house it is designed to service is in Cohasset. The board also approved plans to renovate a dwelling on Nichols Road, ruling that the plans did not call for the construction of an additional bedroom, which would have exceeded the septic system capacity for the home.

school notebook

B-E-E prepared

The Cohasset Education Foundation (CEF) and the PSO will co-sponsor an adult Spelling Bee to be held Thursday, Nov. 17, at 7 p.m. in the Cohasset High School cafeteria. The money raised will be used to fund teacher training and curriculum enrichment programs.

The Spelling Bee is organized in teams of three members each. The teams may be composed of neighbors, alumni groups, professions, companies or any creative combination. To participate, each team pays a tax-deductible fee of $150. Teams may fund the entry fee through sponsors, or by pooling resources. The Spelling Bee does not involve 'solo spelling' as each team consults together to decide on its response. The 1994 Scripps Howard Book of Words will be supplied to each team.

Please come for an exciting, fun and rewarding evening to benefit the Cohasset Public Schools. For entry forms or for further information, please call Midge Stone, 383-2281, or Kate Abbruzzese, 383-9317.

Advisory board meets

Interested parents of students in grades K-12 are invited to the health education advisory committee meeting at 7 p.m., Monday, Nov. 7 at Cohasset High School. Please call Mike Gill at 383-6107 for more information.

The committee is welcoming new members. This school-based committee is open to any parent or Cohasset resident interested in promoting comprehensive school health education for Kindergarten through Grade 12.

For further information contact Donna O'Donnell, Committee Chair at 383-6113, or Mike Gill, Health Education Coordinator at 383-6107.

Notre Dame Fashion Show

The Notre Dame Academy Alumnae Association is holding its annual luncheon Fashion Show on Saturday, Nov. 5 at 11:30 a.m. at the Lantana in Randolph.

Subscription is $30, with proceeds benefitting the Alumnae Scholarship Fund.

Fashions will be by Crossing Main of Hingham and Martha's Vineyard. For reservations call the Academy at 749-5930.

Parenting workshops

The elementary school adjustment counselors are offering a series of parenting workshops on Tuesday mornings from 9:30 to 11:00 in the "living room" of the First Parish House on Main St.

Dates and topics are:

Nov. 8: Engaging Cooperation (or "What do I do now?")

Nov. 15: Self-esteem . . . What Can a Parent Do?

Nov. 29: Teaching Responsibility and Respect to Children.

The workshops are open to all Cohasset parents and will be led by Ed Leonard and Frank Fitzgerald, who have extensive experience in consulting with parents.

Information on step-parenting, how to talk so children will listen and assertive discipline for parents will also be shared.

For further information or to register for a class, contact Leonard or Fitzgerald at 383-6115 or 6117.

Jim the Juggler performs

The Cohasset enrichment program will present Jim the Juggler on Thursday, Nov. 17 at 2 p.m. in the Deer Hill School gymnasium.

Jim's performance is a hilarious mix of juggling, acrobatics and audience participation appropriate for children of all ages.

Tickets are $3 per person or $7 for a family. Children under two are free. For further information call 383-6860.

Experiments at Derby

When Derby Academy science teacher Ginger Winslow recently asked her seventh grade students to develop their own system for purifying water, she was pleased that the class of 18 students came up with a variety of methods.

Working individually, in pairs or in groups, each student was given a beaker of water mixed with dirt and told to produce water that was sparkling clean. Students could study each other's success and modify their system in class as needed. Students tried filters made from sand, paper and strainers. Several used the force of gravity to enhance their systems.

Eventually, all the students had beakers of fresh water to show for their efforts.

Deer Hill Room mothers

The following people have volunteered to be room mothers for the current school year:

Grade 4: Chris Comacho, Melissa DeVaney, Debbie Krupczak, Rhonda Myers, Sue O'Brien, Rosemary O'Connell and Alison Ulmer.

Grade 5: Ellen Bertovich, Susan Carr, Gail Flynn, Donna French, Anne Hardie, Elaine Holt, Michelle Laney, Elsa Libby, Pearl Smith and Chris Whoriskey.

Grade 6: Connie Afshar, Chris Bixby, Joan Coleman, Elaine Coyne, Sue Cunningham, Selma Ingber, Diana Kinch, Laura McAuliffe, Judy Moore and Amy Pescatore.

William F. Weld

November 4, 1994

To the Citizens of Cohasset:

Paul Cellucci and I thank you for your support during our first terms as Governor and Lt. Governor. We are eager to continue our effort to change the face of Massachusetts government. We ask for your vote on Tuesday, November 8.

We also urge you to vote for **Bob Hedlund** as your State Senator. Bob was one of our strongest supporters during the first two years of the Weld-Cellucci Administration. Bob cast many important votes during that critical time when we succeeded in getting the Commonwealth back on firm fiscal ground.

We need **Bob Hedlund** in the State Senate if we are to succeed in making greater progress in the next four years. His vote and his support will be crucial to us.

Sincerely yours,

William F. Weld
Governor

VOTE THE WELD-CELLUCCI-HEDLUND TEAM!!

PAID FOR BY: JAMES CLAYPOOLE AND CARL W. HARRIS, JR.

Osgood Book Fair

The Osgood PSO will hold its annual Fall Book Fair, hosted by Buttonwood Books and Toys, on November 15-17 in the Osgood school library.

Books will be sold on Tuesday and Wednesday from 9 a.m. to 3:30 p.m. and Thursday from 9:30 a.m. to 1:30 p.m.

Please plan on dropping in to do a little holiday shopping in support of the Osgood PSO.

'A+ America' program

Deer Hill School is accumulating A+ points to be redeemed for computers, software and TV monitors and encourages everyone to join in this worthwhile effort.

Just ask for an A+ America Coupon Book. Each coupon from participating companies is worth 15 points. Receipts can also be redeemed for coupons.

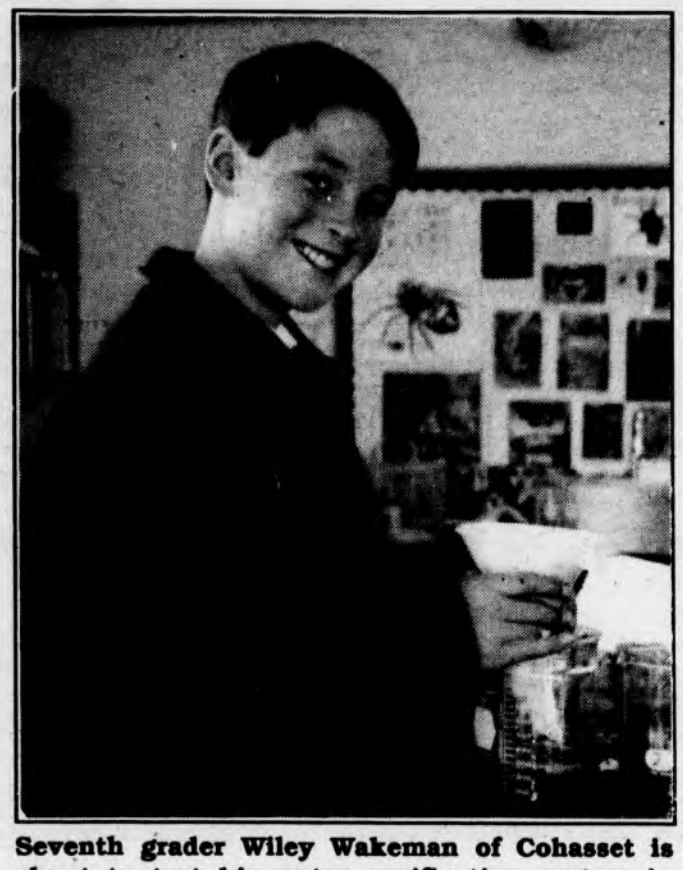
Experiments at Derby

When Derby Academy science teacher Ginger Winslow recently asked her seventh grade students to develop their own system for purifying water, she was pleased that the class of 18 students came up with a variety of methods.

Working individually, in pairs or in groups, each student was given a beaker of water mixed with dirt and told to produce water that was sparkling clean. Students could study each other's success and modify their system in class as needed. Students tried filters made from sand, paper and strainers. Several used the force of gravity to enhance their systems.

Eventually, all the students had beakers of fresh water to show for their efforts.



Seventh grader Wiley Wakeman of Cohasset is about to test his water purification system in science class at Derby Academy.

Playpark clean-up day

Why not join in the community spirit of five years ago when the Osgood Playpark was built by Cohasset volunteers? Once again they are coming together, on Saturday, Nov. 5, from 9 a.m. to 3 p.m. at the Osgood School to perform needed maintenance.

The peastone will need to be redistributed, and many helping hands will be needed for this job, along with wheelbarrows, shovels and rakes.

Volunteers are also needed to help with painting, weeding, washing and sanding.

Anyone over 18 may volunteer, for any amount of time they can give.

For further information, or to sign up, contact Playpark Coordinator Ann Whiteley at 383-9310 or the Osgood school office at 383-6117.

Parenting workshops set

The elementary school adjustment counselors are offering a series of four parenting workshops on Tuesday mornings from 9:30 to 11 a.m. in the "living room" at the First Parish House on Main Street. They include:

Nov. 8: "Engaging Cooperation (or "What Do I Do Now?")"

Nov. 15: "Self-esteem ... What Can a Parent Do?"

Nov. 29: "Teaching Responsibility and Respect to Children."

The workshops are open to any Cohasset parent and will be led by Ed Leonard and Frank Fitzgerald, who have extensive experience in consulting with parents.

The four-part series will include information about step-parenting and assertive discipline for parents.

To register contact Leonard or Fitzgerald at 383-6115 or 383-6117.

P.A.C. Annual meeting

The Parents' Advisory Council is holding its annual meeting on Tuesday, Nov. 15, at 7:30 p.m. in the Cohasset High School Cafeteria. Refreshments will be served at 7 p.m.

Edward M. Hallowell, M.D., will lead the discussion, centered around "An Evening of Optimism," which will help clarify the confusion surrounding ADD.

Dr. Hallowell is the noted author of "Driven to Distraction," an intriguing exploration of ADD. This bestseller helps find solutions to the problem of underachievement in school and in life.

For further information call Ann Whiteley at 383-9310.

Awesome 'Secret Room'

This year's "Secret Room" is already looking good. Hundreds of items are ready for sale, but more small, inexpensive items appropriate for holiday gift-giving are welcome, including handcrafts.

Self-sticking note pads, pens, pencils, stationery, baseball cards, matchbox cars, handkerchiefs, magnets, tennis balls, candy canes and holiday stickers make great gifts.

Donations may be dropped off at the offices at Osgood School or Deer Hill prior to Nov. 23.

Advanced placement awards

Ten students at Cohasset High School have been named AP Scholars by the College Board in recognition of their exceptional achievement on the college-level Advance Placement (AP) Examination. Approximately 10 percent of America's graduating seniors have taken one or more AP examinations. Only about 12 percent of the more than 459,000 students who took AP examinations in May 1994 performed at a sufficiently high level to merit such recognition.

The College Board recognizes three levels of achievement — the AP Scholar with Distinction, the AP Scholar with Honor, and the AP Scholar.

At Cohasset High School:

• three students qualified for the AP Scholar with Distinction Award by earning grades of 3 or above on five or more AP Examinations, with an average exam grade of at least 3.5. These students are Jessica Jenkins, Anne Lindgren and Courtney Schultz.

• three students qualified for the AP Scholar with Honor Award by earning grades of 3 or above on four or more AP Examinations, with an average exam grade of at least 3.25 . These students are Christa Ansberg, Marnie DeMichele and Michael Riley.

• four students qualified for the AP Scholar Award by completing three or more AP Examinations, with grades of 3 or higher. The AP Scholars are Timothy Brister, Peter Ferenz, Nicholas Terry and Dean Volungis.

AP Examinations, which students take in May after completing challenging college-level courses at their high school, are graded on a five-point scale (5 is the highest). Most of the nation's colleges and universities award credit and/or placement for grades of three or higher, and more than 1,300 institutions award a year of credit to students with a sufficient number of qualifying grades. There are 29 AP examinations offered in 16 disciplines, each consisting of multiple-choice and free-response (essay or problem-solving) questions.

Drama workshop's 'Godspell' dazzles everyone

By Judy Ritts
Special to the Mariner

The Cohasset High School Drama Workshop enlivened the community last weekend with its spellbinding, energizing, moving production of Godspell, a musical by Stephen Schwartz, under the direction of Ron Emmons.

The creative and riveting choreography, facilitated by Sharon Weber, empowered the teenagers to astound the audience with highly synchronized and dynamic movements throughout the show.

Musically, the performance was sensational. Dean Volungis on drums, Dan Silvia and Nick Welz on guitars, and Cheri Kondrat and Gary Ritts on keyboards "rocked" the CHS auditorium.

The timeless songs of Godspell filled the house with a sensitivity and freshness that moved the audience, rising, at the conclusion, to a spontaneous standing ovation. Our heads swelled from a wonderful evening at the theater. BRAVO!

The cast and crew included: Laura Slotnick, Kendra D. Gray, Emily D'Urso, Alex Creighton, Ann Dane, Grace Deveney, Jessica Hurley, Faye Menis, Ron Nicynski, Kevin O'Donnell, Meredith O'Hayre, Mary Ellen Rayment, Alli Ritts, Amy Silvia, Dan Silvia, Nicole Vasseur, and Nick Welz.

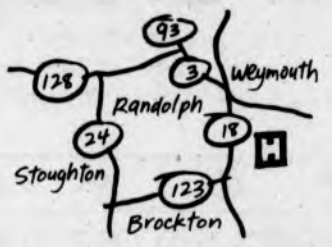
the yearning

Suddenly
We're smiling at babies.
Is it time for us?
Trying out names.
We whisper them to each other
dreaming of the day
we say "I love you"
to our own.

South Shore Hospital is close and easily accessible.

But where we are isn't as important as what we are: a safe, reassuring birth place staffed by doctors, midwives, nurses and others who share your concern, your anticipation and your joy. We know how to combine the best in medical technology with care that comes from the heart...from before you are pregnant to beyond your baby's birth.

Whether you are pregnant or hope to be so one day, choose South Shore Hospital.



Call for our free brochure, a hospital tour or a referral to a doctor in your area.

'Godspell' and 'Guys and Dolls' open CHS arts season

By Sue McNamara
Special to the Mariner

The drama workshop production of "Godspell" last weekend created a colorful opening of the Cohasset High School 1994-95 year of the arts. Rehearsals are now in full swing for the music department's production of "Guys and Dolls," Dec. 9, 10, 11.

Please mark your calendars now with the 1994-95 Cohasset High School arts events. Teachers and students are working hard on their productions, and they provide great entertainment for the whole community. If the kids say, "There's nothing to do in Cohasset," let's go to the theatre, the concerts, the art exhibits. We can support our budding artists and have a good time.

Parental help for "Godspell," "Guys and Dolls," and all upcoming arts events was the focus of the Cohasset Arts Boosters Club annual fall organizational meeting. The arts boosters explored new ideas and curriculum enrichment requests with Cohasset High School teachers of the arts, including Joel Antolini, Maureen Duffy, Ron Emmons, Marcia Lajoie, Bryan Marks, John Packard, Tom Sippel, and Jo-Ellen Wood. (Please note that the arts boosters, PSO curriculum enrichment and high school reps coordinate their support for the arts at CHS.)

Last year, for example, in addition to promotional and organizational help for all events, the arts boosters purchased two Pentax cameras for the art Department, books by Nobel Prizewinner Toni Morrison and Poet Laureate Rita Dove for the library, and Hand Drum teaching materials for the instrumental music department. They mailed the literary/arts magazine *Whispers and Shadows* to all high school parents.

Crucial to the success of the arts is community support, as audiences and as patrons of the arts. Soon the Cohasset Arts Boosters Club will send its annual fund-raising letter to all jr./sr. high school parents and to business patrons requesting support for the drama workshop, literary/arts magazine, junior/senior chorus, show choir, barbershop, jazz ensemble, Performing Arts Awards and the acquisition of essential equipment. Parent and business patrons of the arts are listed in all programs for the year. Please consider becoming a patron for 1994-95 and send your tax-deductible contribution, payable to Cohasset Arts Boosters Club, to the treasurer, Olga Nohe, 21 Whitney Woods Lane, Cohasset, MA 02025. All CHS parents are invited to work with the arts boosters; for information, please call president Sue McNamara (383-6945), or vice-presidents, Debbie Niessink (-6428) and Donna O'Donnell (-6113.)

YOUR HOME EQUITY CAN TAKE YOU ANYWHERE AT A GREAT RATE, OR LET YOU STAY HOME IN STYLE.

Think of the equity in your home as power. The power to remodel a kitchen, bath, or add more room. Pay off college expenses. Take that long-postponed second honeymoon. Or consolidate high-interest loans. And there are powerful reasons to choose a Rockland Trust No-Fee Home Equity Credit Line. There are no closing costs (except for an appraisal, if required), and *no annual fee*. Interest may be tax deductible, so your effective rate can be even lower.** And at Rockland Trust we make *quick decisions*, so you can put your home equity power to work, now. A simple application will get things moving for you at a great rate. And your friendly Rockland Trust branch is ready to answer any questions. Call or come in today.

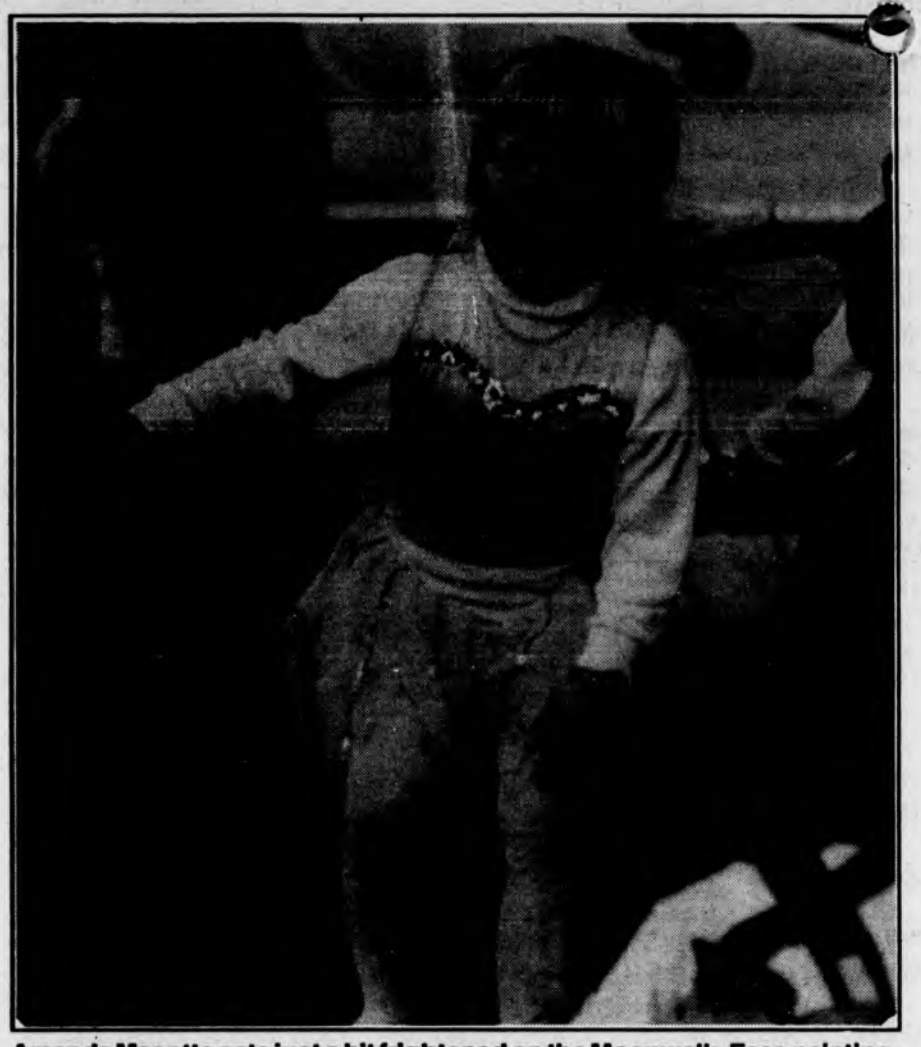
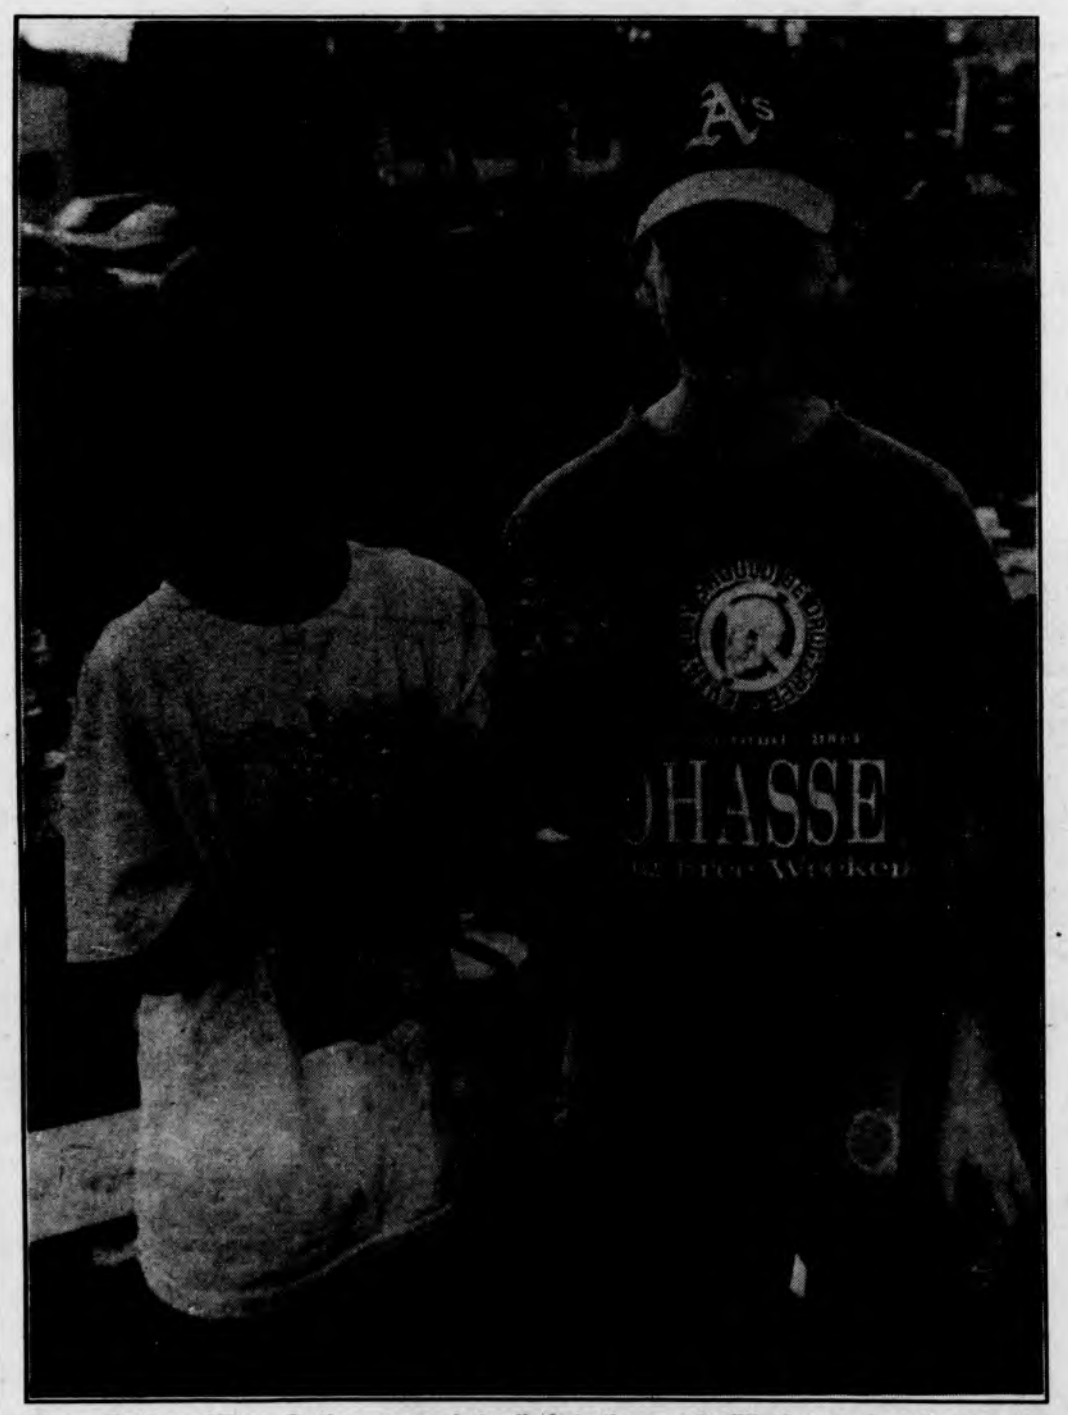
Halloween Fair scares up some fun for Cohasset kids

Chloe Koines looks quite "heavenly". Children of all ages gathered in their Halloween costumes to partake in an afternoon of fun and laughter.



Amanda Masotta gets just a bit frightened on the Moonwalk. Face painting, balloons and refreshments were available to all.

Welcome to the party, says Janice Batts and friends. The Community Center Nursery School hosted the annual fund-raiser on Cohasset Common, Saturday.



Henry Roth and Evan Cutler are ready to dig into the candy-filled cupcakes they made. Every child who attended left with a delicious creation to eat.

Staff photos/J. Paul MacDonald

Kristin Monaco has a great time with her balloon. The afternoon of fun kicked off with the traditional costume parade around Cohasset Common.

it's happening

AARP plans annual fair

The Annual AARP Chapter #1139 Fair, which supports worthy charities, will be held on Saturday, Nov. 5 from 10 a.m. to 2 p.m. at the Sons of Italy Hall, Rt. 3A, Hingham.

The fair will feature arts and crafts, baked goods, a boutique, jewelry, a raffle and a white elephant table. A lunch will be served.

Volunteers and items for sale are needed. Donations of merchandise in good condition are welcome. Everyone is invited to attend and to bring a friend.

For further information call Kilby Kline at 331-0206.

Buttonwood book signing

Author Jane Yolen and illustrator Jane Dyer will sign copies of their new book, "The Girl in the Golden Bower," on Sunday, Nov. 13 from 2 to 4 p.m. at Buttonwood Books in Cohasset.

Yolen has written more than a hundred books for children of all ages and interests, including the Caldecott-winning "Owl Moon" and the poignant "Letting Swift River Go."

Dyer has illustrated more than 15 books, including the children's poetry book, "Talking Like the Rain."

"The Girl in the Golden Bower" is an original fairy tale, combining various elements that appeal to children.

Dyer's illustrations glow with color.

For further information call Buttonwood Books at 383-2665.

Community auction slated

The Cohasset Chamber of Commerce is celebrating its 10th year with a Community Auction on Nov. 12.

The festivities kick off at 6:30 p.m. with a free "Franks and Beans" dinner.

Antiques, gift certificates, and surprises will be auctioned off beginning at 7:30 p.m. This year's proceeds will be shared with the Appalachian Project, a group of 50 teens and 10 adults who journey to Appalachia each year to perform community service.

The auction will be held at the South Shore Community Center, 3 No. Main Street. Everyone is welcome to attend. For additional information call 383-6266.

'Guys and Dolls' at CHS

Cohasset High School's all-school musical, "Guys and Dolls," will be performed on Friday and Saturday, Dec. 9 and 10, with a matinee on Sunday afternoon, Dec. 11.

80 students from grades 7 through 12 will be performing, including Jamie Kondrat as Nicely-Nicely Johnson, Ron Nicynski as Benny Southstreet and Allison Ritts as Sarah Brown, complete with the Hot Box girls, the New York Street group and Cuban dancers.

The play is being directed by Bryan Marks and Jo-Ellen Wood and choreographed by Sharon Leslie.

Bring the whole family!

'Helping Hands' afghan

The Helping Hands Project raises money to benefit a number of different charities.

Custom-designed afghans depicting local sights and historic places of interest in communities are sold for $49.95, with $10 from each sale going to a designated charity.

The 100 percent cotton throws are warm, washable and are made in the United States. They can be purchased as gifts, or conversation pieces for one's own home.

Conceived by local businessman Kenneth Corson, the project has raised over $2300 for the Hingham-Hull Interfaith Clergy Association and nearly $2000 for the Historical Society.

In Cohasset, designated charities are the Friends of the Council on Aging and the Cohasset V.F.W.

Interested organizations may call Mr. Corson at the Glasshouse in South Hingham (749-2290) with suggestions or for further information.

Gershwin tribute at NDA

Notre Dame Academy will present "I Feel a Song Coming On," a musical tribute to George Gershwin, Rogers & Hammerstein and Andrew Lloyd Webber, on Friday, Nov. 4 at 8 p.m. and on Sunday, Nov. 6 at 2 p.m. at the school, located at 1073 Main Street, Hingham.

Tickets are $5 for adults and $3 for students, children and senior citizens.

For additional information call 749-5930.

Jazz ensemble performs

The Cohasset Historical Society will present a special benefit program featuring the well-known Jazz Pops Ensemble in concert and reception at 4 p.m., Sunday, Nov. 6. A buffet will follow the concert, and wine will be available. The program will be presented at The Chart House restaurant, Border Street, Cohasset Harbor. Reservations for the Jazz Pops benefit concert are $50 per person, and checks may be sent to Cohasset Historical Society, 14 Summer Street, Cohasset MA 02025.

The Jazz Pops Ensemble, a "splinter" of the Boston Pops, is one of the most highly regarded of jazz ensembles in the country and features musicians of note from the famous Pops orchestra. Personnel are Fred Buda on drums; Mike Monaghan, a specialist on reeds; Mark Henry on bass fiddle and Bob Winter on piano. Often compared to the world famous Modern Jazz Quartet, of recent years, for their virtuosity, covering a number of jazz styles, traditional and modern; the personnel of the Jazz Pops number among the finest classical and jazz musicians in the region.

For further information regarding this special Cohasset Historical Society benefit concert, please call the society at (617) 383-1434.

Garden Club dedication

The Community Garden Club of Cohasset invites the public to attend the dedication of a tree, planted in honor of Mr. Joe McElroy, for his tireless effort in restoring the lighthouse keeper's cottage.

The dedication will be held Sunday, Nov. 6, at 2 p.m. at Bancroft Hall, Lighthouse Keeper's Cottage, Border St., Cohasset Harbor.

Deer Hill antique show

The 18th Annual Antique Show and Sale will be held at the Deer Hill School on Sohier Street on Saturday, Nov. 5 from 10 a.m. to 4 p.m. Admission is $2. There will be a snack bar and ample free parking.

Proceeds will benefit the Beechwood Congregational Church. Dealers can call (617) 383-0070 for contracts.

For more information call 383-9131.

Candlelight concert

The Old Ship Church on Main Street in Hingham will hold a candlelight concert featuring the Abbott Chamber Players on Sunday, Oct. 30 from 4:00 to 5:30 p.m.

The music of Telemann, DeFalla, Thea Musgrave and Dvorak will be presented. The Abbott Chamber Players have performed throughout New England, the United States and Europe since 1987.

For further information call 749-3259.

Yard-work is offered

Are the falling leaves piling up in your yard and walkway getting ahead of you? The Appalachia Service Project of Cohasset has teenage volunteer teams available to do leaf raking jobs during the weekends of Nov. 5 & 6, 12 &13, 19 & 20.. Please call Ami Argus at 383-9325 to schedule a team to help rake leaves. The cost is reasonable and will be determined based on the size of the job. As always, thank you for your support.

Village fair slated

Plans are under way for the annual Cohasset Village Fair Saturday, Dec. 3, from 10 a.m. to 3 p.m. around the Cohasset Common.

Representatives from participating churches, First Parish in Cohasset, Unitarian Universalist, the Second Congregational Church, the Nativity-Assumption of the Virgin Mary Greek Orthodox Church, St. Anthony's Catholic Church, and St. Stephen's Episcopal Church met this past week to coordinate activities for this annual event now in it's 54th year.

Included in the fair will be a secret room for children sponsored by the Cohasset P.S.O. and ornament making and a visit from Santa Claus sponsored by the Appalachian Service Project. Each of the participating churches is planning a number of activities including a boutique, rummage sales, book sales, bake sales, Christmas greens and various refreshments. For a wide variety of gifts, delicious food and fun activities, don't miss the 1994 Cohasset Village Fair.

The Grand Tour — with Ginger Ferenz, 383-2863

Debbie Cook and many other admirers called in and requested we feature the triangle at the intersection of King and Beechwood Str[illegible]. Once again, Amy Roebuck has transformed this little traffic island into a fall showcase of color. The scarecrow in plaid shirt, jeans, and hat holds a sign proclaiming King and Beechwood X Roads. The island is in full fall bloom with fuchsia Cosmos, Black-eyed Susan, sunflowers, bright blue Bachelor Buttons, ornamental grasses, purple coneflower and blue Salvia. We all thank Any and are very grateful to her for giving the residents of Cohasset such a lovely spot that brightens the day for so many in our town.

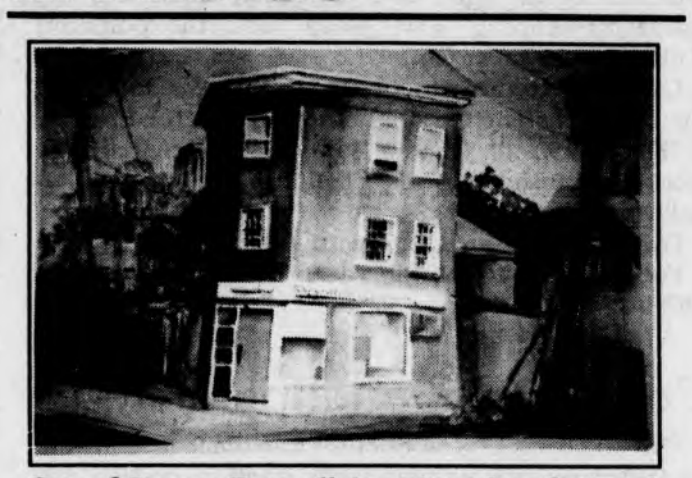
art notes



One of Joanne Donnelly's watercolors featured in two exhibit events in Milton.

Local artist exhibits work

Local artist Joanne Donnelly of Cohasset will participate in two exhibit events in Milton.

She will participate in the Milton Art Association's 32nd Annual Art Sale on Saturday, Nov. 12 from 10 a.m. to 2 p.m. at Fontbonne Academy, 930 Brook Road.

The Milton Art Museum's Holiday Art Sale will also include some of Donnelly's work. The sale will be held on Saturday, Nov. 19, from 1 to 4 p.m. at the Milton Art Museum, 44 Edgehill Road.

All unsold paintings at either of these locations will be available at Flowers by Joann, Main Street, Cohasset, from Nov. 12 through Dec. 5 at generous reduction. On Dec. 6 all art work will return to their original prices.

Donnelly is accomplished in many media, but has concentrated in watercolor for the past few years. She is a graduate of the Massachusetts College of Art and continued her graduate work at the University of Nebraska at Lincoln, the University of Arizona at Tucson and workshops at the School of the Museum of Fine Arts in Boston.

She has taught art in Connecticut, Chelsea, Mass. and Arizona. Her paintings have been exhibited in galleries and shows across the country and are represented in many private collections in Massachusetts and throughout the United States.

All Paws date change

The next bi-monthly members meeting of All Paws Rescue, Inc. will take place on Tuesday, Nov. 8 at the Days Inn, Rockland at 7:30 p.m., instead of on Nov. 15, as originally announced.

SHARE sign ups set

SHARE is a non-profit organization dedicated to community service and self-help, offering good food at great savings for those who participate.

SHARE sign ups are from 10 a.m. to noon today (Thursday, Nov. 3); Friday Nov. 4; and Saturday, Nov. 5 at the Community Center, 3 N. Main St. Friday's is at the elderly housing complex on Elm St. behind the police station.

The next pick-up day for SHARE is Nov. 19 at the Deer Hill School.

Please call John Kierce at 383-0578; the COA at 383-9112; or the Social Service League at 383-0771 for information.

SHARE participants pay $13 for the food and pledge two hours of volunteer service once a month. In return you receive 15-17 food items, good wholesome nutritious food purchased from growers and processors, with a retail value of $25-$35. SHARE has no eligibility or income requirements and is not connected in any way to any government program. Those who would like to donate SHARE packages to needy families are always welcome, please call John Kierce for details.

Scoring opportunities key to Skippers' tourney shot

By Joe Reardon
Mariner staff

Their 40-hour weeks are up. Now it's time for Cohasset High's girls soccer team to punch in for overtime. The tournament is here.

Katy Carroll and Erin Murphy, both of whom were selected to the South Shore League All-Star team, and Megan Rhodes scored for the Skippers in their 3-0 win over Carver. The victory gave Cohasset a final record of 10-5-1 on the season, good for fifth-place in the talent-laden SSL.

After playing through their string of scheduled games, the Skippers finally have the green light from first-year coach Maureen O'Day-Clark to gear their concentration on the Division 3 South Sectional tourney.

"We're in the mode to play in the tournament," said O'Day-Clark, who was waiting on Tuesday to find out just where Cohasset would be seeded.

Each practice has been geared by O'Day-Clark to work on specific areas of the game. With little time before the Skippers play in their first game, the workouts have been moved up several notches in both intensity and conditioning.

"We're having harder practices," O'Day-Clark said. "You stress everything. You've come this far and you want to do ycur best.

In assessing her team's strengths and weaknesses heading into the postseason, O'Day-Clark pointed out the club's midfield and defensive play have been "rock solid" all season long. The are where she sees the most due is in the scoring department.

"We have to penetrate more on offense," she said. "When they shoot the ball they have to put it on the net. Too many shots have gone right to the goalkeeper or over the net.

"We have had so many opportunities but we have to follow them through."

One theory O'Day-Clark has as to why the Skippers haven't been scoring as many goals as she believes they are

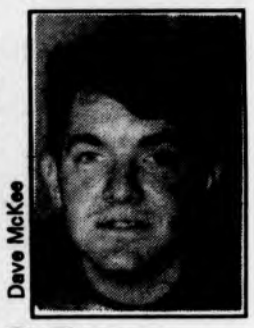
extra points

Joe Reardon



Dave McKee

by Joe & Dave

Hats off to that classy bunch of Sharon High football "fans" whose idea of fun during Cohasset's victory last Saturday was dousing the Skippers' cheerleaders with packages of sweet and sour sauce.

It's always fascinating how "brave" people become when they're acting out their aggressions with others. And it takes a lot of guts to throw objects at high school girls who are only trying to entertain the audience, not start confrontations.

If the Sharon bunch was really brave, next time they'd save their taunts for the Skippers' football team. As for throwing sweet and sour sauce at the football squad, Sharon fans may be cowards but their not stupid.

—Joe Reardon

*****

The New England Patriot Bandwagon has lost a wheel or two since the season began.

And after watching the post-game press conferences with coach Bill Parcells, I remember the time I interviewed the "Big Tuna."

It was two summers ago before Parcells had even coached one pre-season game for the Pats and he was the guest of honor at an athletic fund-raiser at Notre Dame Academy in Hingham.

I arrived a half hour before the event began and waited patiently for a chance to grab a quick one-on-one before things got too hectic. Parcells had shunned all forms of media after signing on.

His appearance in public was the equivalent to a sighting of the Loch Ness Monster.

A few minutes passed before Parcells arrived alone. He was a lot bigger and meaner than he looked on TV.

I ambled over to the Parcells and introduced myself.

"I'm Dave McKee from the Hingham Mariner and I was wondering if I could ask you a few questions?"

He looked at me, paused for a second and said, "Go ahead." He was about as excited as cement block.

At this point, all my Geraldo Rivera journalistic instincts flew out the window. Instead of asking him if he ever saw Lawrence Taylor snorting cocaine or if he thought the Giants were over-rated, I meekly asked him for some advice for youngsters who played football.

He said something about always trying your best and listening to your coaches.

I then asked him some other questions about his hopes for the Patriots.

After about five minutes of Q and A, I closed the old notebook and shook his hand.

"Thanks for your time," I said.

"No problem," he said without a smile as he turned away.

So much for the Pulitzer Prize.

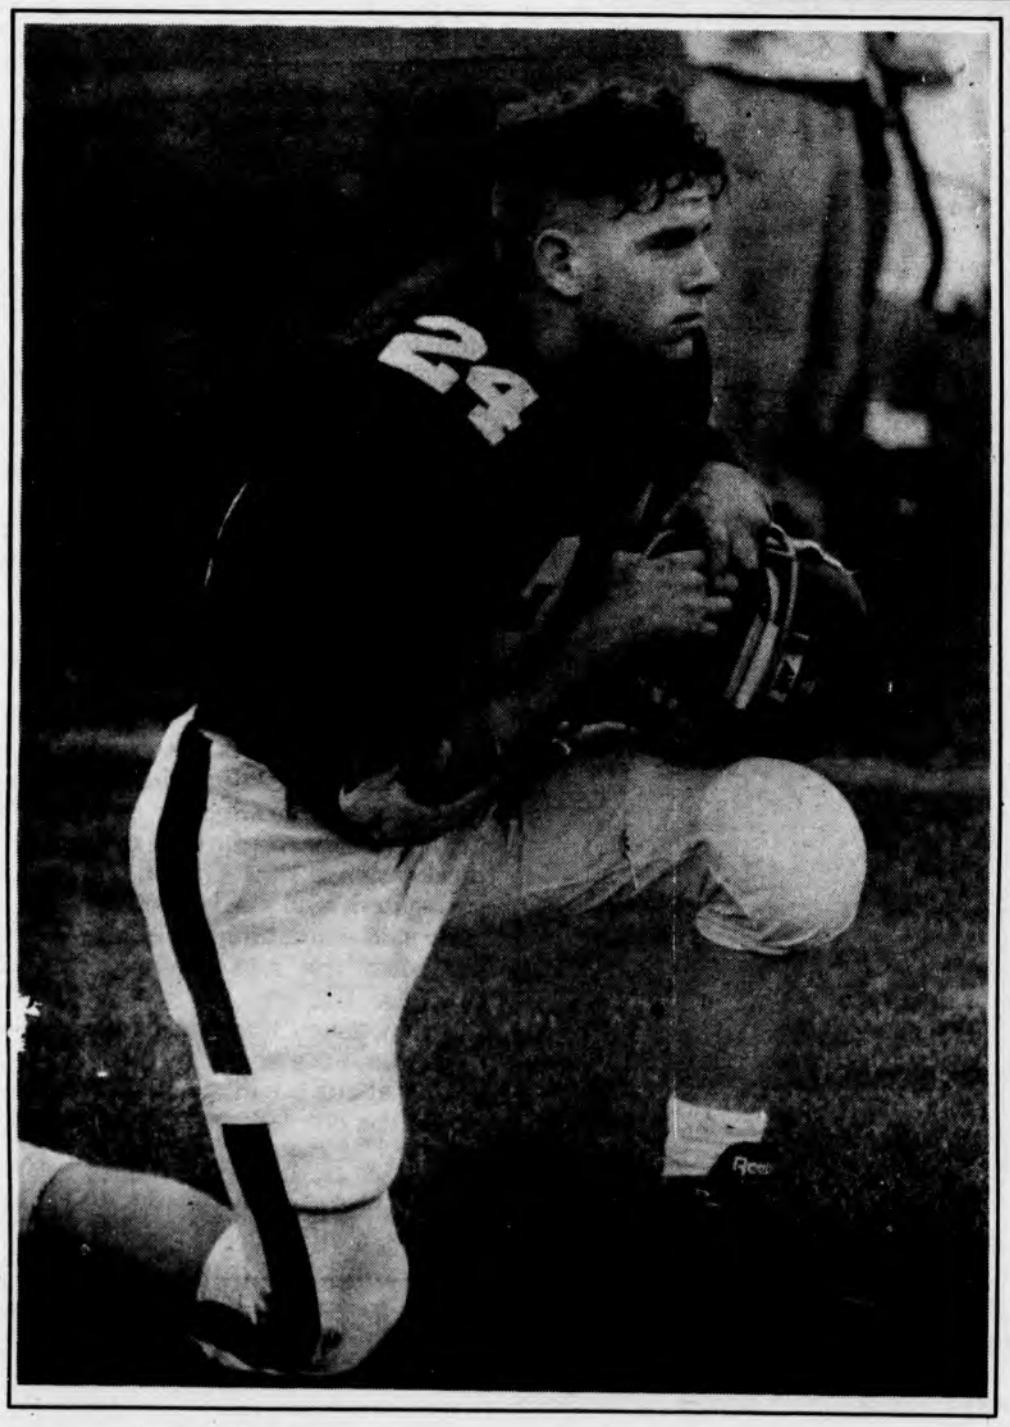
—Dave McKee

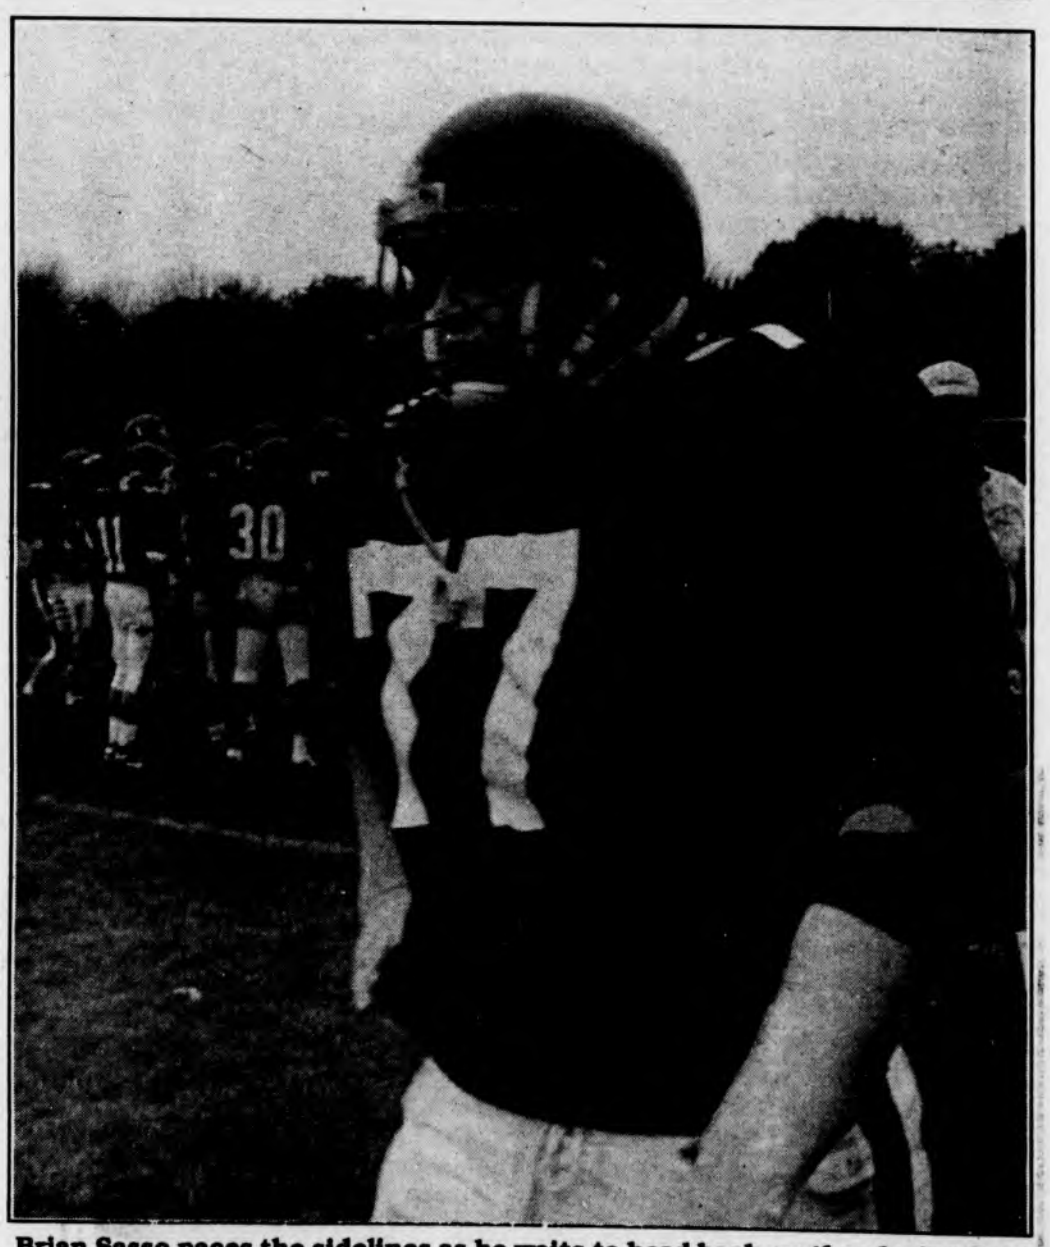
Homecoming '94: One last look

Ninth-graders show their school spirit during the highly festive pep rally held the day before Cohasset High's homecoming game.

Staff photos by J. Paul MacDonald

Cohasset High's football fans show their team spirit as they view the Skippers' homecoming game victory.





Brian Sasso paces the sidelines as he waits to head back on the playing field.

Junior Mike Dunphy takes a breather on the sidelines, attentively watching the action on the field.

Skippers fly higher than Eagles

By Jim O'Sullivan
Special to the Mariner

The Cohasset Skippers travelled to Sharon this weekend to try and ground the Eagles on their home field. The CHS squad succeeded and beat Sharon during the Eagles' homecoming game in a nailbiter 14-12.

Cohasset's offense started with a 30-yard run by Tom Allen. The run was called back because of a blocking penalty. Allen, who rushed for 200 yards on the day, surpassed the 1,000-yard mark this season.

The penalty halted the offense, despite great blocking by linemen Larry Adams, Dorian Bryant, Nevin Bunstein, Brad Potolicchio, Brian Sasso, Nick Welz and Anthony Wigmore.

After a punt, the Skippers' defense held tight and forced Sharon to kick. The Skippers grabbed the ball and a short pass was deflected before falling into the hands of tight end Dorian Bryant.

The pass by quarterback Jeff Littlehale set up an Allen 40-yard ramble, reaching the 5-yard line. Allen's trot into the end zone was a mere formality and Mike Dunphy's boot through the uprights made it 7-0.

Welz's deep kickoff gave Wigmore and junior Brian Riley enough time to get downfield and tackle the ball carrier at the 18. A pass from Sharon QB Bill Hershman went for 20 yards before Welz and Riley saved a touchdown with a joint tackle.

Grant Emde and Nick Welz batted passes away before Hirshman again connected with a receiver to give the Eagles the ball at the 1. Hershman ran it in, the 2-point conversion failed and Cohasset still led 7-6.

The half ended before Cohasset could mount an attack. The homecoming floats drove by the Cohasset stands and the Sharon students bombarded the CHS cheerleaders with open packets of sweet and sour sauce, staining some of the uniforms. Sharon's tasteless display of disrespect only served to fire up the Skippers.

They came out running, with handoffs to Allen, and a QB sneak by Littlehale through a Sasso-Welz hole gave Cohasset a first down at the Sharon 45. Allen danced through blocks down to the Sharon 20. Allen broke through for a touchdown, only to have it called back to the 15. The offense couldn't get another and Sharon had possession.

A runaway receiver was caught by Dunphy and Emde at the 20. Allen and Dunphy batted away a pass and tight defense forced another punt.

The punt was partially blocked and Cohasset got the ball at the Sharon 35.

Allen bounced off tacklers left and right and then did it again, waltzing in from 14 yards out behind a vicious block by Jerome Marion (lead coach Ted MacDermott described Marion's blocking as "hellacious"). Dunphy split the uprights and the score was 14-6.

Sharon's Jason Yanoff broke free for 10 yards and senior Lee Mish sprinted in from the 21 to make the score 14-12.

The defensive play of the game was made by Sasso and Larry Adams on the next play, when they stuffed the 2-point conversion, bursting through the line and smothering Yanoff, politely dropping him at the 6-yard line.

Sharon's attempt at an onside kick was denied when Jonah Berger snagged it for the visitors. Allen sprinted for 30 yards behind yet another bone-crushing block by Marion.

A series of penalties dropped Cohasset at the 50 and a fumble was recovered by Sharon. A fumble by Sharon was grabbed by Welz, but the referees claimed the ball was dead and awarded the ball to Sharon.

Hershman bobbled the snap, but recovered, only to be forced to cough up the pigskin again by vicious hits from Potolicchio and Marion. Emde dove on it and the game was in the bag.

But Cohasset's defense still had a job to do and they did, not letting the Eagles near the end zone to officially end the game.

MacDermott was not happy with the win, but accepted it.

"It was an ugly win," he said. "The two outstanding plays of the game were the stuffed two-point conversion and the fumble towards the end of the game. Our defense came up big when it needed to."

Cohasset faces off against Charlestown next week and are looking to boost its record to 4-4.

CHS varsity gymnastic meeting

There will be a meeting Monday, Nov. 7, in the upstairs gym at CHS at 2:15 p.m. All students interested in trying out for the varsity gymnastics team may attend this meeting. If you cannot make the meeting, call Ruthann Ardizzoni at 545-3058.

Skippers' tourney shot. . .

(Continued from page 25)

capable is because they have been "overthinking" when the chances arise.

The tournament is always unknown territory, particularly this year with an anticipated slew of .500 teams expected to participate. O'Day-Clark is confident her squad is set to play, but isn't sure just how much, if at all, the regular season has drained them.

"They're definitely ready," she said, "but in the same sense they're tired because it has been a long season and they have a lot of school demands. But I've always stressed to them that school comes first."

And the girls have added a new class. Welcome to Tourney 101.

Homecoming queen gaff leaves Bishop a happy king

By Joe Reardon
Mariner staff

In baseball, it has been said that tie goes to the runner on a close play at a base.

But in the case of Cohasset High's homecoming queen selection, an innocent mix-up resulted in one queen having the spotlight to herself for 10 minutes and another not knowing she had won as well.

Kate Cibelli and Kate Carroll both learned that ties also stand true for homecoming queen candidates.

The bizarre incident occured at halftime of the homecoming game, two weeks ago. Peter Bishop, the eventual homecoming king was in the first car with female candidate Cibelli.

According to assistant principal Jack DeLorenzo the results were read from the wrong list and Bishop and Cibelli accepted their crowns. It wasn't until 10 minutes later the mistake could be rectified and it was announced that Carroll and Cibelli had finished with the same amount of votes, resulting in the tie.

Bishop certainly wasn't complaining. After all, how many times do you have the opportunity to escort two pretty girls, one on each arm?

Recreation Department registration

The Cohasset Recreation Department will conduct basketball registrations for boys and girls, grades 1-8, Saturday, Nov. 5, from 9 to 11 a.m., at the town hall. The cost is $25 per participant which includes T-shirt fee.

Blue Hills ski lesson registration will be held at the recreation office, Thursday, Nov. 17, from 3 to 4 p.m. and again that evening from 5:30 to 6:30 p.m. The per-person cost for ski lessons is $95 for five 1-3/4-hour lessons and bus transportation, each Thursday, beginning Jan. 5 through Feb. 2. Lessons are for youngsters age 7 and over. Mr. Earle Bestick will chaperone Blue Hills ski lessons and has volunteered his time chaperoning ski trips for the past decade. Equipment rentals for the five-week session is $45 per participant.

Dog obedience training registrations should begin during November, once the Scituate G.R.A. Hall can be confirmed for a specific evening.

Furniture refinishing classes are currently full, however, a new session is planned for January, 1995.

Instructors for after-school recreation programs are still being sought, and if you are interested in part-time employment from January through June, call the recreation office right away at 383-6791.

Volunteer chaperones for trips to area shopping malls, skating rink and South Shore Sports Center Thursday afternoons on early release days are still needed. Interested adults should call the office as soon as possible.

Indoor golf lessons begin Nov. 3, and a new, five-week session will begin Thursday evening, Jan. 12, 1995. Should you wish to register for beginner golf lessons, call the Cohasset or Scituate Recreation Department offices at 383-6791 or 545-8738, respectively. There is a $60 fee for a five-week session, meeting one hour weekly.

Step aerobic classes, taught by Dr. Mary Jane Butera are ongoing at Cohasset Town Hall auditorium, and you may register at any Tuesday- or Thursday-evening class at 6:30 p.m. Fees are $5 per class or $45 for a 10-class session. Due to elections, step classes will not meet from Tuesday, Nov. 1 through Tuesday, Nov. 8, but will resume Thursday, Nov. 10, from 6:30 to 7:30 p.m.

Indoor skating lessons for children and adults are scheduled to begin at the MDC Rink in Weymouth either Sunday, Nov. 13, at 5 p.m., or Tuesday, Nov. 15, at 6 p.m. However, registration is mandatory, and you should call the office right away if you are interested in any level of skating lessons, from basic beginner through advanced.

Registration for teen bridge lessons, taught by master bridge instructor, Mrs. Barbara Elliott, continue to be accepted by calling 383-6791.

The recreation commission is indebted to the Cohasset Soccer Club for their continued operations of fall soccer. Many, many thanks go to the members of the club, who have so generously donated their time and expertise conducting fall, recreational soccer clinics and leagues for our youngsters' enjoyment and benefit.

Further details and registration information regarding woodworking classes will be forthcoming during the winter, and classes are scheduled to begin during early spring, 1995.

If you're seeing a lot of this lately,
it's because everyone buys their cars here.

public notice

COMMONWEALTH OF MASSACHUSETTS THE TRIAL COURT PROBATE AND FAMILY COURT DEPARTMENT
Norfolk Division
Docket No. 144952
Notice of Fiduciary's Account

To all persons interested in the estate of J. Franklin McElwain late of Cohasset, in the county of Norfolk.

You are hereby notified pursuant to Mass. R. Civ. P. Rule 72 that the fourth through eighth accounts (being the 20th through 24th accounts of Horace S. Nichols and Grant H. Gray as trustees U/article 10 of the Will of J. Franklin McElwain f/b/o Helen McElwain Shepler, et al) (the fiduciary) of said estate as Trustee (the fiduciary) under Article tenth of the will of said deceased for the benefit of Helen McElwain Shepler, et al (the fiduciary) of the property of said J. Franklin McElwain have been presented to said Court for allowance.

If you desire to preserve your right to file an objection to said accounts, you or your attorney must file a written appearance in said Court at Dedham on or before the seventh day of December, 1994, the return day of this citation. You may upon written request by registered or certified mail to the fiduciary, or to the attorney for the fiduciary, obtain without cost a copy of said accounts. If you desire to object to any item of said accounts, you must, in addition to filing a written appearance as aforesaid, file within thirty days after said return day or within such other time as the Court upon motion may order a written statement of each such item together with the grounds for each objection thereto, a copy to be served upon the fiduciary pursuant to Mass. R. Civ. P. Rule 5.

WITNESS, Robert M. Ford, Esquire, First Justice of said Court at Dedham this twenty-seventh day of October, 1994.

Thomas Patrick Hughes

Cohasset Mariner

Vol. XVII, No. 2 | Thursday, November 10, 1994 | 1-800-649-6661 | 50 cents

Hedlund gets another shot as senator

By Tom Henshaw
Mariner staff

In the end, it all boiled down to the last precinct in Marshfield, it was that close.

When the final ballot was cast Tuesday, ex-Sen. Bob Hedlund won the fight against Sen. Brian McDonald for the Plymouth-Norfolk seat by 408 votes.

From the outset, it looked like the Republican Hedlund would regain the Senate seat he held in 1991-92 and lost to McDonald in the 1992 election.

McDonald came out of his hometown of Weymouth with only a lead of 1,247 votes which left him 900 votes behind in the district with Marshfield still out.

The unofficial count, without Marshfield, was Republican Hedlund 27,362, Democrat McDonald 26,462.

A somber McDonald addressed his campaign workers shortly after midnight, prefacing his remarks by saying: "I don't want to give you false hopes."

Four precincts in Marshfield were still out at the time.

The official returns from seven of the eight towns that make up the Plymouth-Norfolk District included:

Weymouth — McDonald 10,701, Hedlund 9,454.
Hingham — Hedlund 5,463, McDonald 3,835.
Hull — McDonald 2,334, Hedlund 1,563.

March school vacation week wins approval

By Rob Rogers
Mariner staff

Citing a desire for academic continuity, more classroom time, and an earlier release date in June, the school committee voted this week to replace the traditional February and April vacations with a single vacation week in March.

"This is an important decision, and it is bound to be a controversial decision," said school superintendent Stephen Hart. "People are always opposed to change. From an educational standpoint, however, there is an advantage to it."

Committee chairman Nancy Sandell declared that school officials had made their choice after many months of study and consultation with parents, teachers, and administrators from other school systems throughout the state.

"We polled teachers, polled parents, and sent out a questionnaire to every school in the state," Sandell said. "We formed a subcommittee with myself, members of the Parent-School Organization, the Cohasset

(See page 18)

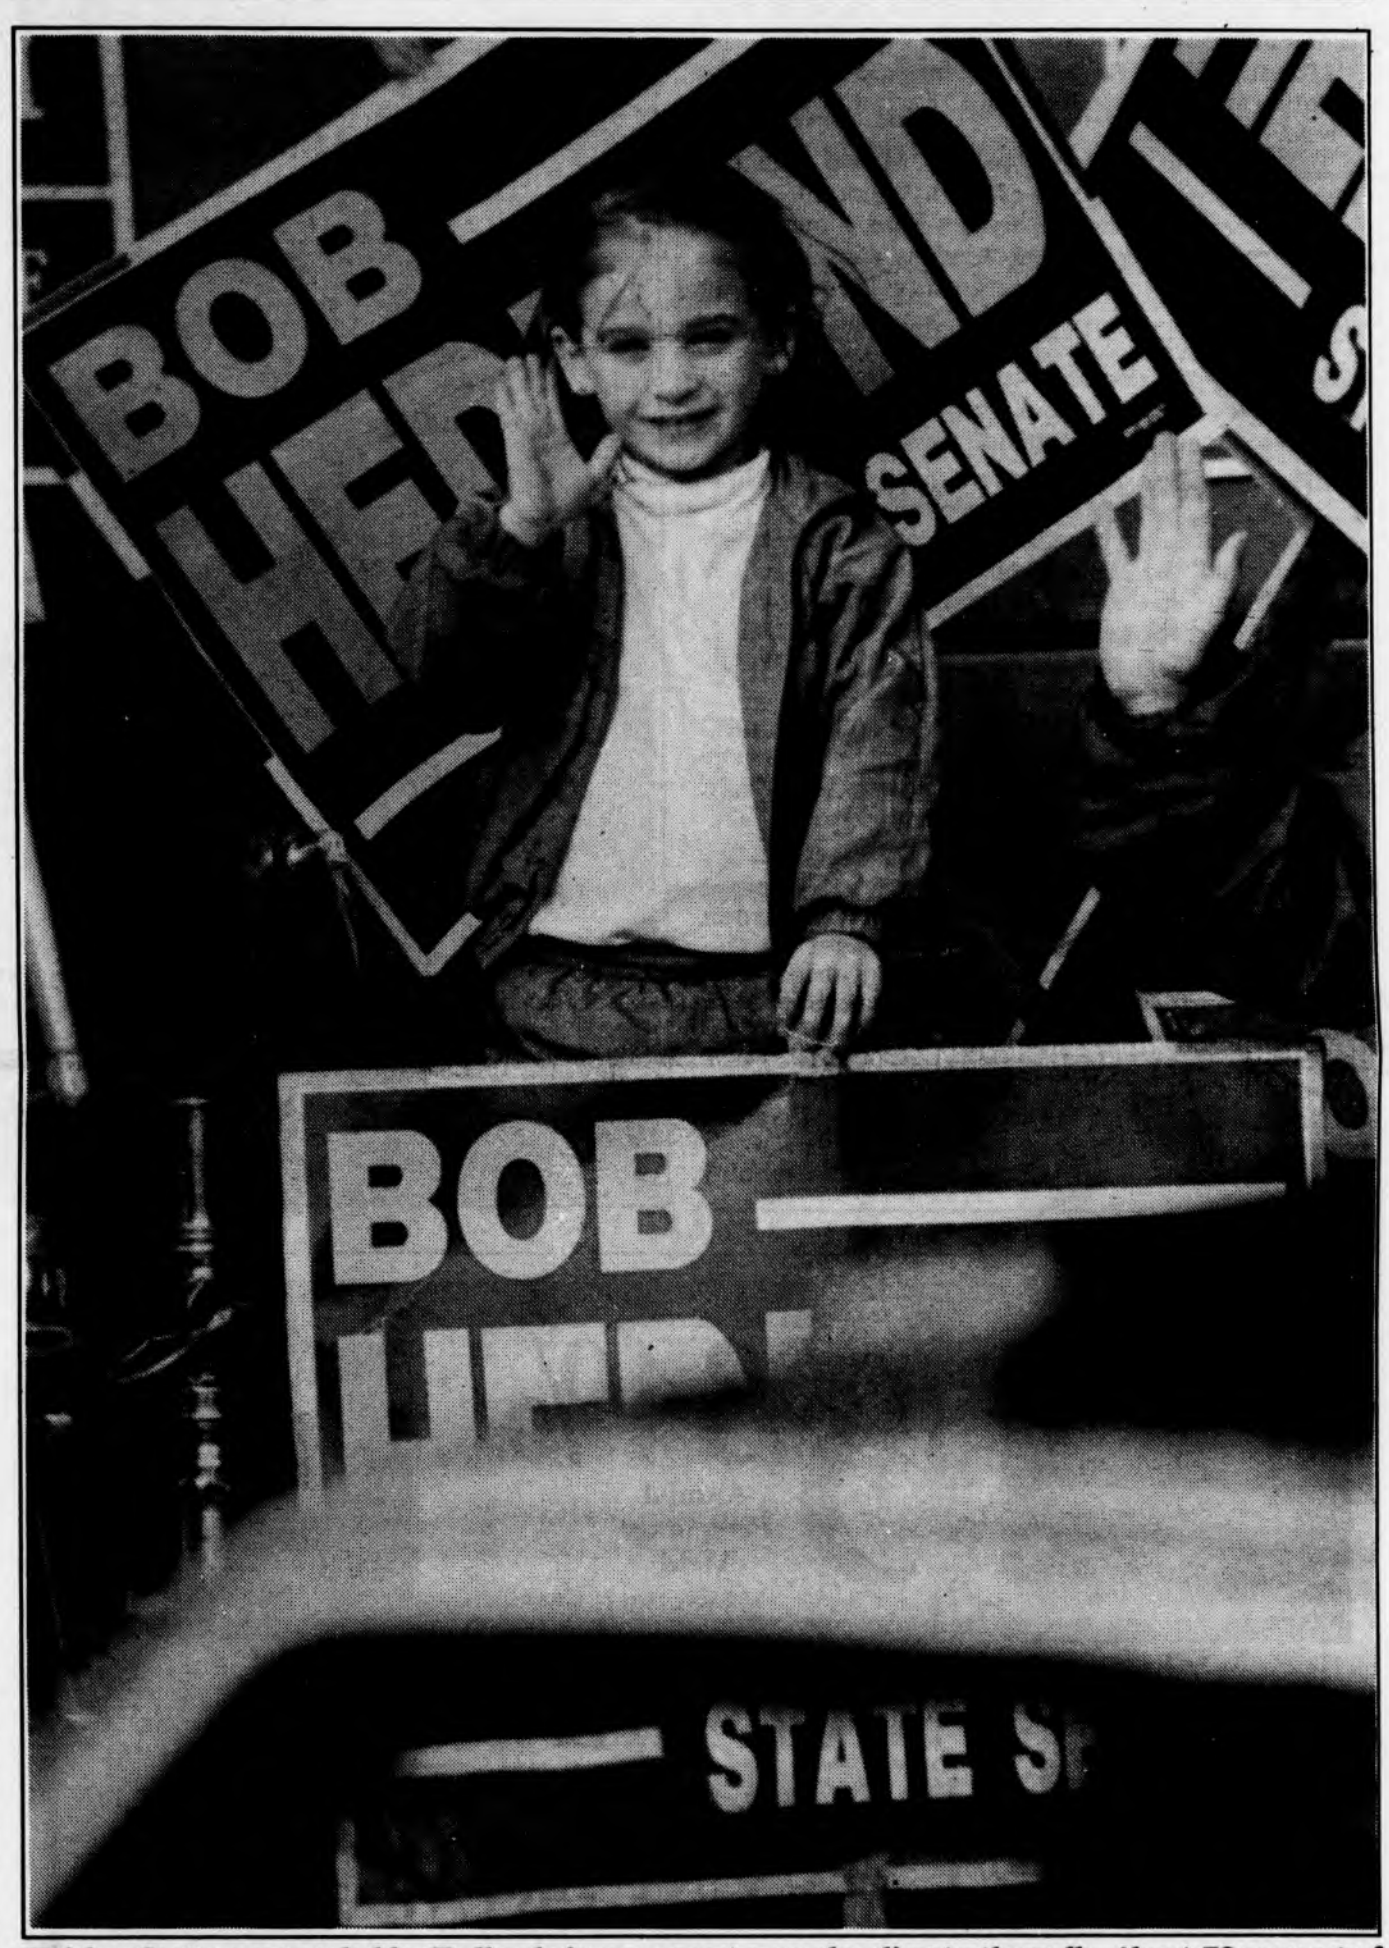
What's open, what's not

Veterans' Day will be observed Friday, Nov. 11.

On that day, many businesses will be closed, including manufacturing plants and banks. Municipal, county and state buildings will shut down for the day along with public schools and libraries.

Retail stores and supermarkets will be open after noon. In addition, the stock market will be open that day, but there will be no mail delivery by the U.S. Post Office.

Liquor stores will remain open along with taverns and bars.



Kaitlyn Costa, surrounded by Hedlund signs, waves to cars heading to the polls. About 78 percent of Cohasset's registered voters cast ballots Tuesday.

(Staff photo/Alan Chapman)

Liquor stores open Sundays

Again this year, selectmen exercised the town's option this week by giving the go ahead to local Sunday package store openings from Nov. 20 through Dec. 18 as allowed under state law.

The state expanded the law two years ago to include the Sunday before Thanksgiving and through the Sunday before New Year's.

This year both Christmas day and New Year's day fall on Sundays and package stores may not be open on those days.

Stores may not open before noon and must close not later than 11 p.m.

Andy Hailer, manager of Curtis Liquors off Rte. 3A, asked selectmen to approve the Sunday openings.

"It's only fair that we be allowed to compete," he said.

"I'd just as soon have the day off (but with Scituate, Hull and Hingham being open the store would stand to lose business)," he said.

Selectman Jane Goedecke said if the board didn't allow it then "our merchants would be at a disadvantage."

Selectmen have jurisdiction over Sunday package store openings because they are the local liquor licens-

Cohasset's week

Legion work gets nod

Pending receipt of work specifications and approvals of the planning board and conservation commission, selectmen gave the go ahead last week for repairs at the George H. Mealy American Legion Post in Cohasset Harbor.

The project includes repairing the porch and installing a 25-foot long handicapped-access ramp.

Drama club gift accepted

Selectmen accepted a gift of $400 from the Cohasset Dramatic Club, Inc. in lieu of rent for use of the town hall auditorium.

"The money will be used to defray costs to run the building for utilities and the like," Executive Secretary Gregory Doyon said.

The dramatic club will open its season later this month with performances of "Little Women."

In a letter to selectmen, Joseph Rota, a member of the dramatic club's board of directors, said the club is looking forward to continued good relations with the town.

"We are much encouraged by the spirit of cooperation and support demonstrated by those town officials and employees with whom we have been in contact during our early preparations," he said.

Police report is issued

In his October status report, Police Chief Brian Noonan said the department made a total of 15 arrests. Nine were for outstanding warrants; two for drunk driving; two for minors in possession of alcohol; one for shoplifting, one for operating after revocation of driver's license; and one protective custody.

There were reported three "breakings and enterings" in October (two businesses and one residence), Noonan said. There were 14 larcenies and four motor vehicle thefts. All four vehicles were recovered, he said.

Selectmen Chairman Michael Sullivan; Therese D'Urso, vice president of the Community Garden Club of Cohasset; Polly Logan, founder of the garden club; and Mary and Joe McElroy pose by the new tree planted at the Lightkeeper's residence in honor of Mr. McElroy during a special ceremony Sunday. As president of the Cohasset Lightkeeper's Assocation, Mr. McElroy played a critical role in getting the refurbishing of the old lightkeeper's house accomplished.

Cohasset's week

Leak detection planned

The sewer commission recently posted a public notice alerting residents that the town will conduct sewer system "smoke" testing next week in various parts of Cohasset.

The work is part of an ongoing evaluation of the sewer system. Smoke testing identifies defective pipes which allow storm water or ground water to enter the sanitary sewer system, sewer commissioners said.

Smoke testing involves blowing harmless, white smoke into the sewer lines to determine the existence and location of defective pipes and illegal connections to the system. The smoke, which is non-toxic, will not enter homes unless the plumbing is defective.

Any questions should be directed to Joseph Boccadoro of Whitman & Howard, Inc., the company performing the testing, at 1-800-342-8811.

Bill payments okay'ed

Selectmen authorized payment of the following bills this week: $7,814.60 (June) and $20,684.15 (July) to the law firm Goodwin, Procter & Hoar for legal work relating to the town's sewer plant; $2,942.31(July) and $6,485.87 (August) to Tutela Engineering Associates for sewer related work; $598.85 to EET, Inc. and $2,175 to Civil Designs Inc. for work relating to a town public works garage; and $4,416 to town counsel Richard A. Henderson for his legal services provided the town.

Firefighter gets training

Chief Roger W. Lincoln of the Cohasset Fire Department announced the recent graduation of John J. Dockray from the Massachusetts Firefighting Academy's 48-day Recruit Firefighting Program. The program, which is offered tuition-free to municipal firefighters in the Commonwealth, is designed to provide new firefighters with the basic skills necessary to insure their effective performance in their jobs.

The graduation exercises held Sept. 8 marked the conclusion of an intensive and in-depth 48-day program for all students. The students' primary concern was learning basic firefighting skills but during this time they were also introduced to more advanced topics, such as public fire education training, hazardous materials, and stress management, which will be important as their careers progress. Students receive classroom training in all the basic firefighting skills, such as ladders, hose, and protective breathing apparatus, and the classroom training is reinforced by performing practical field evolutions, first under non-fire conditions and then during controlled fire conditions. By graduation, students have had practical, hands-on experience with live fires in buildings and vehicles, with flammable liquids and will have successfully fought these fires as effectively and safely as possible.

REAL ESTATE UPDATE

ENJOY YOUR INFLATION HEDGE

QUESTION: Inflation always seems to be a cost of living problem. How can I protect myself and my family from this menace?

ANSWER: If you are a homeowner, you are doing it already – because one of the safest and surest hedges against inflation is the ownership of real estate. Your mortgage expenses will stay fairly steady, even in times of rising prices. With a fixed mortgage, the monthly payments for principal and interest don't change.

If you decide to sell, you can be confident of getting back more money than when you bought. So, if you're a homeowner, you've been an effective economist all along and didn't know it.

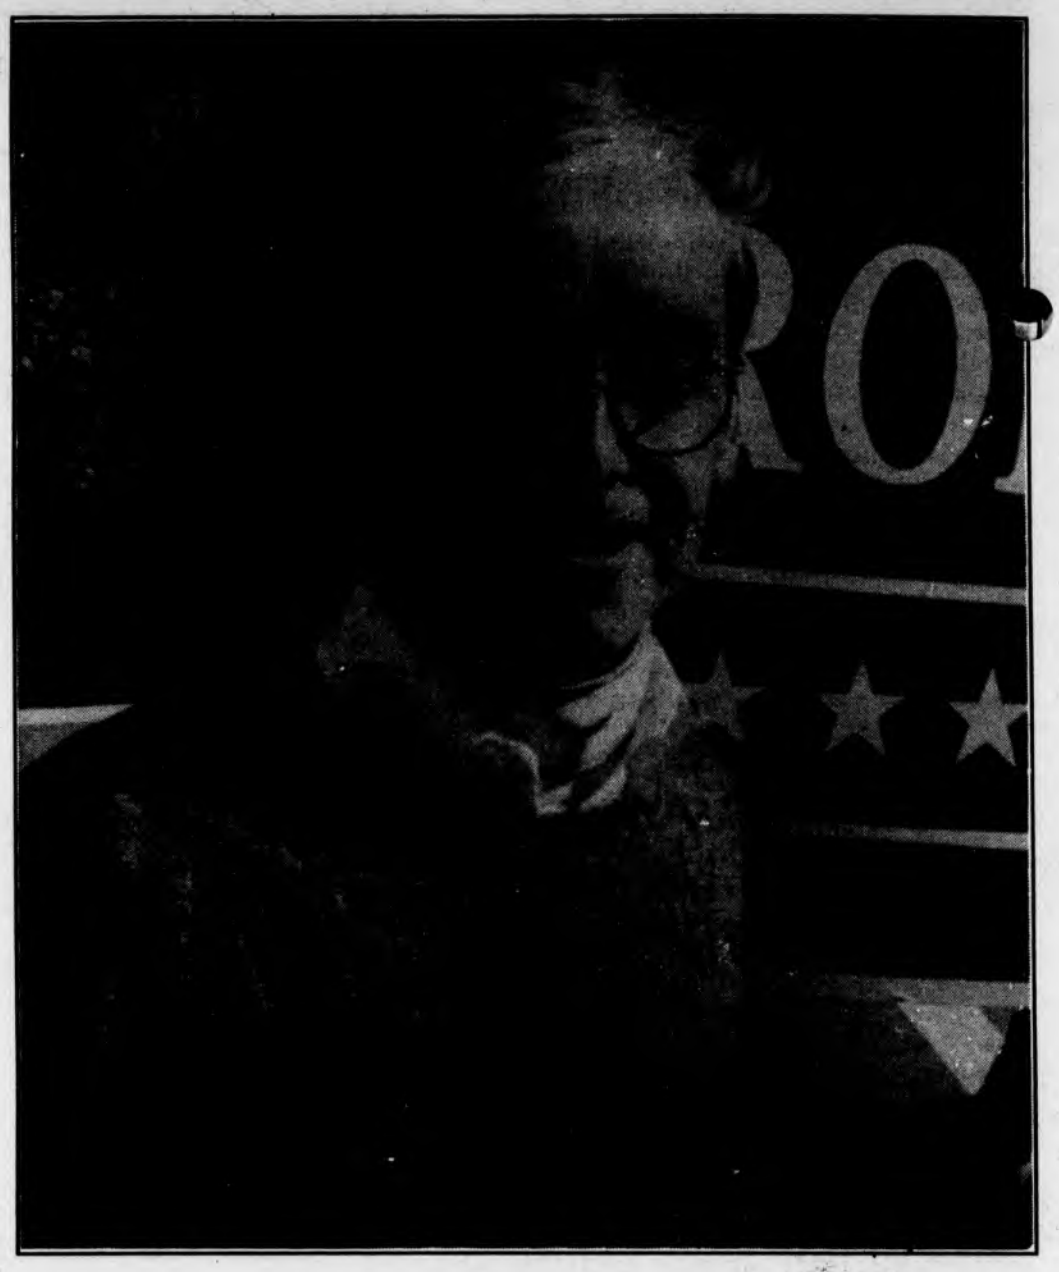
Rob Spofford



Name: Rob Spofford

Occupation: Insurance broker and campaigner for "most" Republican candidates.

Goal: To see more participation by the general electorate in elections and town meeting.

Best day(s) of your life: The days I met and married my wife, Susan, and the birthdays of our lovely children.

Biggest worry: What kind of world we are leaving for future generations in terms of leadership and values.

Best vacation: Competing in the Henley Royal Regatta in England and then travelling around Scotland with my in-laws.

Favorite season: Fall.

Favorite holiday: Christmas.

Favorite TV show: *NYPD Blue.*

Favorite book: *Pelican Brief* by John Grisham.

Favorite movie: Trading Places.

Favorite junk-food: Dunkin Donuts chocolate frosted doughnuts.

Most embarrassing moment(s): When I can't put a name with a face I recognize.

Person you'd most like to meet: Margaret Thatcher.

Pet peeve: People who complain about government but don't participate in it.

Fifteen percent of school surveys were returned

By Rob Rogers
Mariner staff

Although school officials will continue to accept copies of its 45-question community survey for the next four days, superintendent Stephen Hart says he is already pleased with the returns his office has received.

"We have collected 724 surveys so far, which is 15 percent of the 7,500 we sent out," Hart said. "That's a pretty good return. We've received a lot of information. Many people spent a good deal of time making comments on individual questions."

Last week, school committee member Ralph Kidder said that the committee would be "really disappointed" if they received less than 50 percent of the surveys mailed. This week, however, committee member Ken Wilcox was thrilled by the 15 percent return.

"I'm really happy that we got 15 percent of the surveys," Wilcox said. "That's pretty high. A huge number of people have made good suggestions about how we can make the school better."

Of those who have responded to the survey so far, 348 have school-age children — 25 percent of those who have school-age children in Cohasset. 375 of the responses came from adults without school-age children.

"Many of the responses we received were from people who have no children, but who took the time to fill the survey out," Hart said. "They were extremely thoughtful, and expressed a wide range of opinions. We could not have asked for a more positive response."

School officials will not know the final cost of the survey until they are billed for services by an agency hired to tabulate the results. Committee member Joanne Chittick added that much of the cost of the survey was saved through the help of volunteers.

"We had great help from students as well as parents, and they really helped reduce the cost of the survey," Chittick said.

The school department will continue to accept surveys for the next four days. Those who have lost their survey, or who did not receive one, can contact the superintendent's office at 383-6111 for more information.

In other business, the school committee accepted a $22,000 grant from the Cohasset Educational Foundation to help build a technology lab at the Osgood school.

"This is the second installment of their grant to us," said Hart, who added that the physical construction of the tech lab began last year.

"Computers have been purchased, and the lab area has been furnished," Hart said. "The Osgood school will be able to integrate the lab into its curriculum. The room and the rest of the school will be available for an open house later in the year."

Each of the schools is also accepting donated computers — in any condition — for their educational programs.

"Members of the community can donate any computers whatsoever," said high school English teacher Ed Leary. "We will provide them with a receipt for tax purposes. At the Deer Hills school, I recently completed some repairs that would have cost $225 without the spare parts we had from a donated computer."

Hart reported that a significant number of individuals and organizations have already donated computers to the school. Committee member Jim Kirk said that he plans to donate two IBM computers to the school in the near future.

Jenkins receives superintendent's award

Cohasset High School senior Jessica Jenkins has received a certificate of academic excellence from the Massachusetts Association of School Superintendents as the number-one ranked student in her class.

"This is a very significant achievement," said superintendent Stephen Hart, who presented Jenkins with the award. "It is not just being on the honor roll for one year. It is the recognition of achievement that starts at kindergarten, that actually begins before school. It signifies hard work on the part of the family and student."

"We want to congratulate you for setting a high standard of excellence for the student body," said school committee chairman Nancy Sandell. "We're proud of your good work."

Jenkins plans to study engineering after graduating in May, although she is not yet sure where she will pursue her studies.

"That's a lofty goal," Sandell said. "We wish you good luck."

New tape may get local band some big time attention

By Alison Cohen
Mariner correspondent

It isn't a musical rags to riches story yet, but keep your eyes on Fun in the Kitchen. This Cohasset-based band is about to break out from their cellar studio and high school dance gigs to the college and club circuit.

Dean Volungis, Kevin O'Donnell and Mike Equi formed the band about two years. Today they have a professionally produced tape and a following that stretches as far as Minnesota, although they confess most of their fans are based in Cohasset, Hingham, Scituate, Norwell and Hanover.

Making it in the music business is tough, but they're determined. Time, as they say, is on their side.

O'Donnell and Volungis are high school seniors, Equi is in his second year of art school. They consider this the building phase of their career.

"We're not ready for a record contract yet," they agree.

If you want to put their music in a pigeonhole, they'd consent to the term "alternative rock."

Alternative rock is a broad category, covering musical styles as diverse as Tori Amos and Nine Inch Nails. Volungis, O'Donnell and Equi try to narrow it by singling out their own musical influences.

"We're more an alternative alternative rock," O'Donnell begins. "There are a lot of different influences we each have brought to the band."

As O'Donnell begins to say they've found some common ground in their musical tastes, the others snort.

Asked what they're currently listening to, O'Donnell answers first.

"Punk, funk, rap and new Beastie Boys stuff," he says. "I've sort of rediscovered Nine Inch Nails' "Broken. I've been playing that a lot in the last two weeks."

Volungis cited Primus and Infectious Grooves as influencing his style of drumming.

Equi also mentions the new stuff from the Beastie Boys.

"I also listen to lots of funk and industrial music," he continues. "I've brought my share of hard core stuff to the group."

Equi remembers how the band started.

"They invited me over to jam and stuck a bass guitar in my hand," he said. And that's when he learned to play guitar.

O'Donnell, who plays lead guitar and sings, has been playing guitar for four years.

Both O'Donnell and Equi single Volungis out as the consummate musician of the group. Volungis has been playing drums for eight years and also plays guitar.

When they think about how far their music has come and how much their style has evolved, it amazes them. In the beginning, O'Donnell said, they played a lot of blues-style music. What really got them cooking was jamming on an old Chili Peppers tune.

When it comes to playing their own music, they play their own.

"We write all our own stuff," O'Donnell says. "We think of it as improvisational hard core."

The songs develop in long jam sessions down in Volungis' cellar rec room. It's a room strewn with musical equipment, flyers for upcoming gigs, political bumper stickers and miscellaneous art work.

Although their music will never be played on those radio stations devoted to music a la Michael Bolton, Mariah Carey and Neil Diamond, it is far more complex than the average soft rock lover might perceive.

There is a very strong melody and bass line at the core of each song, giving the music structure. The flights of fancy the musicians take all cycle back and take off from that core. The fancy tricks, twists, riffs and licks aren't extraneous or show-offy elements to disguise musical ineptitude, but an integral part of the jamming that gives their music freshness and originality. Perhaps it helps to think of it as hard rock's version of improvisational jazz.

(See page 7)

Fun in the Kitchen's Kevin O'Donnell, Mike Equi and Dean Volungis get silly in the supermarket. The Cohasset-based alternative rock trio released a tape on the Noisy Revolution label recently.

Be Wise. Immunize!

The Flu. It's not just a pesky bug, it's a serious disease. Every year over 10,000 Americans die from complications related to the flu. Almost anyone* who wants to reduce the risk of catching the flu should be vaccinated.

**The Centers for Disease Control suggest that some people should check with their doctor before vaccination. This includes anyone with an allergy to eggs, anyone with a history of Guillain-Barre syndrome, women who are, or may be, pregnant and persons who are ill and have a fever.*

Local band. . .

(Continued from page 6)

They explain it by saying, "It's a soup of stuff."

Recording their music made the three nervous. They worried that freezing the music at one point in time would destroy the free-flowing nature of their work. Their solution was to play the music live, rather than laying it down track by track.

"We taped it in one night at Box Emporium in Hull for Noisy Revolution Records," O'Donnell said. "We went back the next day when we were fresher to mix it."

Now they hope their fans won't think there is only one right version of each song and that improvisations are "mistakes." There are certain songs, they say, they will never record and fans will just have to come to a live concert if they want to hear them.

Most importantly, they want to retain creative integrity. Getting stale, repeating themselves is anathema.

The next steps in their musical career are the hardest. Getting airplay is next to impossible since radio formats and playlists have become increasingly narrower and stations playing nothing but the oldies, soft rock or country tunes take over the radio dial.

A few Boston stations still play harder and have shows devoted to playing new music by local groups. They have sent copies of their tape and invitations to their gigs to those stations.

The wonders of the information superhighway have also brought new fans to their door. Volungis, affectionately dubbed "the science psychopath" by his fellow musicians, spreads the news through computer bulletin board services.

As a lark, they sent a copy of their tape and a photograph to Sassy Magazine's "cutest band" contest. They hope people realize it's tongue-in-cheek, not that they aspire to Sassyhood or Tiger Beatdom.

The best way to hear them is live. With few venues on the South Shore, they were forced to be creative. They've played high school dances, festivals, under the big green tent known as the South Shore Music Circus for a fund raiser and for no particular reason at all.

As a result of their tape, they've cracked the club scene. One recent gig gave them a taste of the things to come.

"We played at The Approach in Bourne," O'Donnell said. "It's a heavy metal club right over the bridge. There was dry ice and stage lights."

"At one point when the smoke started I couldn't even see Kevin," Volungis said.

At the Museum of Fine Arts school, Equi hones his talents in photography, video, abstract painting and illustration. When the working world beckons, he dons a fake bow tie to cook up the popcorn at Harbor Light Mall Cinema.

O'Donnell and Equi describe Volungis as a science and math whiz. He plays in the jazz band at school, cruises the Internet in his free time and works for his father's flooring business.

"Dean plays with swords, too," Equi adds. Volungis shows off two swords worthy of a swashbuckler, but explains he does sword play for exercise.

O'Donnell hopes to pursue a college education in the liberal arts and drama. A senior at Cohasset High this year, he is applying to colleges like Boston University and Emerson. O'Donnell works at Marylou's News after school to support his music habit and get his fill of coffee.

Their musical career has been known to create difficulties in other spheres of their lives. After playing into the wee hours of the morning, they need to get up again in time for school.

Upcoming gigs will take them to Club 3 in Somerville Dec. 3 and then on to Sarah Lawrence College in New York. Their tape can be found in the funkier record stores in Boston or can be ordered through the band. They even have a newsletter.

Oh yeah. If you were wondering where the band got its name, it's elementary.

"We basically stole it from a kids' cookbook we found in my basement," O'Donnell said. "And we all like to cook."

If you'd like to have Fun in the Kitchen, you can reach them by calling 383-6113 or writing to FITK, 27 Wood Way, Cohasset 02025.

around town

by Sallyann Chatterton

❑

The **CHS field hockey team** ended its season on a memorable note. They traveled to Nantucket for the first round of the post-season playoffs. They lost a tough game(they had a penalty shot called back), but the whole school, and town, couldn't have been nicer to the players and the spectators that went with them. Everyone raved about the school and fields, and said it was almost like a "hotel", it was so neat and clean. The gals did an admirable job.

❑

Speaking of the **field hockey team**, special thanks go to **Tom** and **Dennis Dooley** this week. They were the guys that built benches on the front field for the team! Everybody certainly appreciated that gesture, thanks for your hard work!

❑

A belated birthday greeting goes to **Emily Coburn** this week, she is now one year old. She had a wonderful birthday party at Chuckie Cheese's in Natick last weekend, and all of the kids had a ball.

❑

The **Sons of the American Legion** have lots of good news to share this week! First of all, they recognized **Anthony Wigmore**, whom they sent to Boy's State last summer. The event was held at Bentley College. All involved say it is quite a learning experience, and that Anthony did a great job representing the Post.

❑

The **Sons of the American Legion** are also going to be holding a raffle Friday, Nov. 18. The prize will be a turkey. The tickets are $1 each. The drawing will be held at 6 p.m. at the post. See any of the members for a ticket. You may be the lucky winner!

Kelsie Litchfield, 5, enjoys Bob Healy's *very* scary Halloween scene.

❑

Speaking of Thanksgiving, they will also be sponsoring a Thanksgiving breakfast at the Legion. It will be held from 8 to 10 a.m., all you can eat, for a cost of $4. Not only will you be supporting the Sons of American Legion's efforts to raise money for the scholarships they give, the cook can concentrate on cooking a superb Thanksgiving feast! It will be nice to go to the Skippers' game with a full tummy!

❑

Don't forget, the **Cohasset Chamber of Commerce's** auction is Saturday (Nov. 12). It will be held at the South Shore Community Center with free frank and beans dinner at 6:30 p.m. (Kielbasa, brown bread, desserts, coffee and soft drinks). The auction begins at 7:30 p.m. It promises to be a great opportunity to do some early holiday shopping and pick up some great bargains. Merchandise, gift certificates, surprises and fun! Each year the Chamber selects a group or groups to work with them at the auction and to share in the proceeds. This year it's the Appalachia Project which sends 50 high school students and a score of advisors to Appalachia each summer. This in itself is a project worthy of the support of our entire community. Plus, the auction is the Chamber's only fundraising event, so your attendance and support are important to their success. Go, buy, have a wonderful evening! If you wish to donate an item to the auction, it can be picked up by calling **383-6266**.

❑

Mike Reynolds has great news to share with all of us. He has made the hockey team at St. Anselms College in Manchester, N.H. Everyone remembers Mike as a grand player on the CHS team, and an All-Star for three seasons, as well as being captain. Now we get to watch him and his hockey prowess again. We will be looking at the sports page for news of you, Mike. Be sure that you let us know all about your season, we know it will be an awesome one!

❑

Remember last week when I told you about **Bob Healy's** spooky Halloween scene? Here, as promised, is a photo of it, complete with a "terrified" five-year-old, Kelsie Litchfield enjoying the scary scene!

❑

Hope that everyone filled out the "Sergeant Safety" Child I.D. program card that was sent home last week, then tucked it away in a safe spot. A great idea proposed by **Safety Officer Cliff Jones** and paid for by the Cohasset VFW Post 9146.

❑

Congrats go to 10 CHS scholars this week, all named AP Scholars by the College Board after taking Advance Placement Exams. **Anne Lindgren, Courtney Schultz** and **Jessica Jenkins** qualified as AP Scholars with Distinction Awards; **Christa Ansberg, Michael Riley** and **Marnie De Michele** qualified for the AP

obituary

Richard J. Walsh

Richard J. Walsh, 89, of Cohasset, died on Oct. 13 at his home after a brief illness.

Mr. Walsh was born and raised in Somerville, where he graduated from high school in 1923.

He was a graduate of Harvard College and the Harvard Law School and was a partner in the Boston law firm of Warner and Stackpole for over 50 years.

Mr. Walsh was a member of the American Bar Association and the Harvard Club of Boston. A long-time summer resident of Waquoit on Cape Cod, he was a member of the yacht club there, where he raced his Cape Cod Knockabout into his 80th year.

Husband of the late Ruthven E. (Parker) Walsh, his wife of 61 years, he leaves a daughter, Patricia R. Walsh of Lincoln, and three grandchildren, Lauren M. Crocker of Belmont, George G. Crocker of Walnut Creek, Calif. and Richard C. Crocker of San Francisco. He was the father of the late Phyllis Walsh Crocker.

A funeral mass was celebrated at St. Anthony's Church in Cohasset. Burial followed in Oak Grove Cemetery in West Medford.

Donations in his memory may be made to the Phyllis Walsh Crocker Memorial Fund, Mt. Holyoke College, Development Office, South Hadley, Mass. 01075 or to the Hospice of the South Shore, 100 Bay State Drive, Braintree 02184.

weddings

Kornet/Michaels

Rebecca Judith Michaels, the daughter of Sarah and Lee Michaels of Auburn, New York, married John Leonard Kornet III, son of Mr. and Mrs. John L. Kornet Jr. of Cohasset, on Sept. 4 on Idlewild Island, Alexandria Bay, New York.

Rev. Edward Atkinson of the First Parish Church in Cohasset officiated at the ceremony.

The bride was given in marriage by her parents.

Maid of honor was Emily Michaels, sister of the bride, while Megan Vaules was the Matron of Honor.

Bridesmaids were Diana Kornet, Allison Kornet and Abigail Kornet, sisters of the groom, and Tracy Gleason and Anna Gado.

William Vaules and Clayton Gates served as Best Men.

Ushers were Stratford Dick, Torrance Blaisdell, Thomas Hong, Norman Roye and David Hudson.

The bride is a graduate of Auburn High School, Dartmouth College and the New England Conservatory. She is employed at Forbes Consulting Group in Newton.

Her husband is a graduate of Cohasset High School and Dartmouth College and is employed at Falcon Software in Wellesley.

Following a reception at Pine Tree Point Resort in Alexandria Bay, the couple took a wedding trip to Hawaii. They are residing in Medfield.ß

Mr. and Mrs. John L. Kornet

Holiday bereavement support

The Hingham Visiting Nurse will sponsor a six-week Bereavement Support Group Thursdays from 1:30 to 3 p.m. beginning Dec. 1.

The group is open to all those who have suffered the death of a family member or friend within the past year. Grace Lettis, LICSW, staff Social Worker and Coordinator of bereavement services will facilitate the weekly meetings to be held at the Hingham Visiting Nurse's office, 10 Downer Ave., Hingham.

There is no charge for this series, but pre-registration is required due to limited space. To register or for more information, call the Hingham Visiting Nurse at 617-749-1160.

Reflection from a golden star

Neath chill November's lowing skies this Veterans Day, I await the gray and silent dawn.

Once, long ago, I walked among you in this neighborhood. Now I am a memorial sign, a mute symbol made by the hand of man yet I speak of duty, honor, country.

The sign that proudly emblazons both my name and a bright golden star is taller than passers-by, yet many are unaware of my presence.

I tell of fallen heroes of our nation's wars from times deep veiled in the mists of memory. Times when patriots of Concord and Lexington stood bravely invincible against formidable legions of a tyrant monarch, to the present time of forgotten heroes who were reborn into eternity in the green hell of Vietnam.

I speak too of fratricidal carnage at Gettysburg, Shiloh, Bull Run and of the "Volunteer Boys of '98, who in fever-ridden equatorial heat freed Cuba and made our beloved nation a great world power.

I tell of our fallen warriors at Belleau wood, the Argonne Forest, and of those at Normandy, Anzio and Guadalcanal.

I extol the courage of the young airmen, scarcely more than boys, who flew their hazardous missions through hostile Asian skies of China, Burma, India. Boys who in their naivete marveled at the awesome spectacle of "St. Elmo's Fire" and who, in that ephemeral season of youth, found their mystical road to Valhalla awaiting them in an exotic land far from home.

I speak with special fervor of countless unsung heroes whose valor is known only to God: Those who rest in anonymity on honored couches of eternal sleep in the "Gardens of Stone" where they fell in Europe and Asia.

At the waking of this sacred day of remembrance when my living comrades-in-arms will march proudly row on ordered row to throbbing drums and the poignant wailing of fifes through the cities and towns of our vast republic, I shall pray.

My voice shall rise in gratitude to the Almighty that the monstrous guns that sometimes in the past shook the earth, the skies, and even the seas are this day silent.

I shall ask the prayers of the living for the young fallen heroes who, as a famous novelist once wrote of his central character, "had a heightened sensitivity to the promises of life."

In death's proud sleep may they be granted the divine reward of eternal peace.

— Bill Fitzpatrick

A freelance writer whose articles have been featured in newspapers and magazines in New England , Bill Fitzpatrick spent time on the South Shore as a child. He lives in Boston.

Hit and run driver faulted

letters

To the Editor:

The person who struck our little Shih Tzu dog on Sunday, Oct. 30, has me very angry.

If you had only taken the time to come to the door to inform us of this accident we would have greatly appreciated it. Instead, you left this little animal to drag himself up our driveway while he was in much pain. I can't understand how anyone could do this. You had to know that you hit this dog due to his many injuries.

Bayberry Lane is not a major highway and is usually quite a safe place. You made a little boy quite hysterical because of what happened to his dog. After a couple of operations and another one to go, our little dog is going to make it, but it has been a hard struggle along with a huge expense. We have still not been guaranteed that he will walk on his hind legs again.

I just hope next time you run into someone else's pet you'll think twice about running off.

Our dog is part of our family and we love him; so when we were given the choice of putting him to sleep or operating, we chose the latter. Next week when he comes home, we will all be really happy, but one little boy will be happier than all of us. Please, if you read this, watch out for little animals, because someone else loves them as family.

Shirley Kehoe & Mikey
28 Bayberry Lane

Halloween event was a big hit

To the Editor:

The South Shore Community Center's Halloween Early Release Day was a huge success this year. We would like to thank the 18 high school students that volunteered their time to make this a fun day for some 80 children.

We would also like to thank Dunkin' Donuts for donating donuts as one of the treats that the children especially like each year.

A special thanks is extended to Kit Coffey and Diane Dooley for volunteering to help us set-up and working at this affair.

Last but not least, thanks to our staff for their extra time and effort, for yet another successful event.

Stephanie Church
Program Director
South Shore Community Center

Return of Greenbush is supported

(Ed's note: The following letter was sent to selectmen).
Selectmen:

I recently attended the town meeting where the vote on the Greenbush line was taken. The economic and social strength of our community and the greater metropolitan area depends in large part on the quality of its infrastructure.

The arguments I heard against the train at the town meeting used convoluted statistics to support statements that a schoolkid can tell you don't make sense.

Looking over the next 20 years, I think we'd seriously regret not capitalizing on the confluence of factors now making the train nearly possible. Being against well-planned, safe public transportation strikes me as shortsighted.

We are new to Cohasset. It's a fabulous town and we look forward to raising our son in this environment. I believe that the train would be a positive factor. I believe Boston jobs are an important source of income contributing to the tax base in town and to the support of the service economy here. And I believe it's necessary to protect that base.

While the commuter boat works for many people (myself included), it is not convenient for those working outside the financial district. And over the next decade or so, imagine what Route 3 will look like.

Commuting from Cohasset is extremely challenging and will become more so. I think it is up to responsible citizens and public officials to make planning decisions based not only on current need but also on long range thinking. On both counts, it's clear that the train makes sense. Let's not miss this opportunity. I encourage you to support the train.

Mark W. Dunne
21 Beach St.

Train may attract crime to area

(Ed's note: The following letter was sent to selectmen).
Selectmen:

I appreciate your efforts on behalf of the residents of Cohasset. I was at the town meeting (Oct. 24) and I felt the meeting was run well. I realize in the interest of time many people were not able to speak out. I would just like to note here two concerns which were not mentioned last evening regarding the proposed Greenbush train.

My first point concerns an element of safety unre-

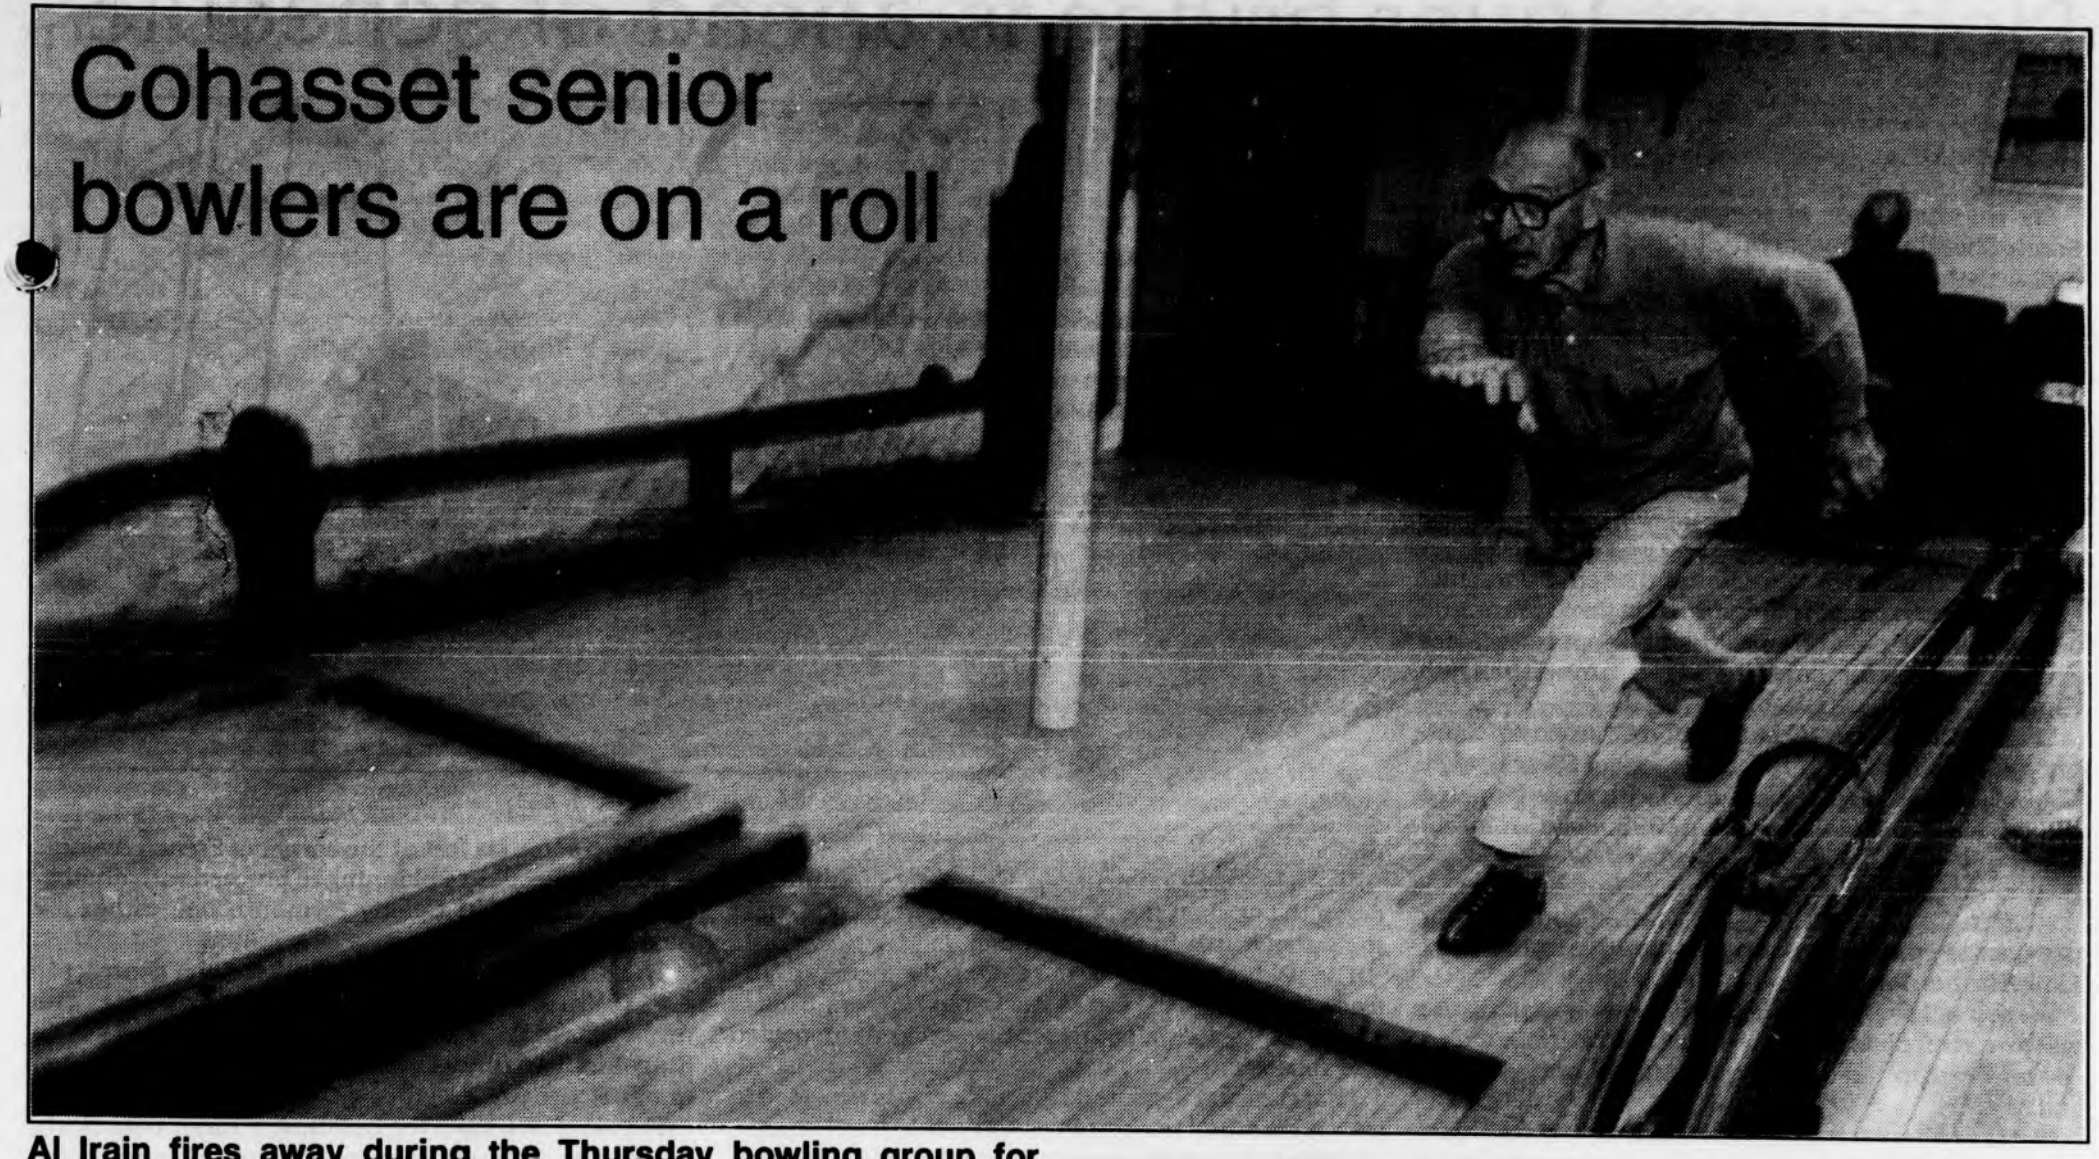
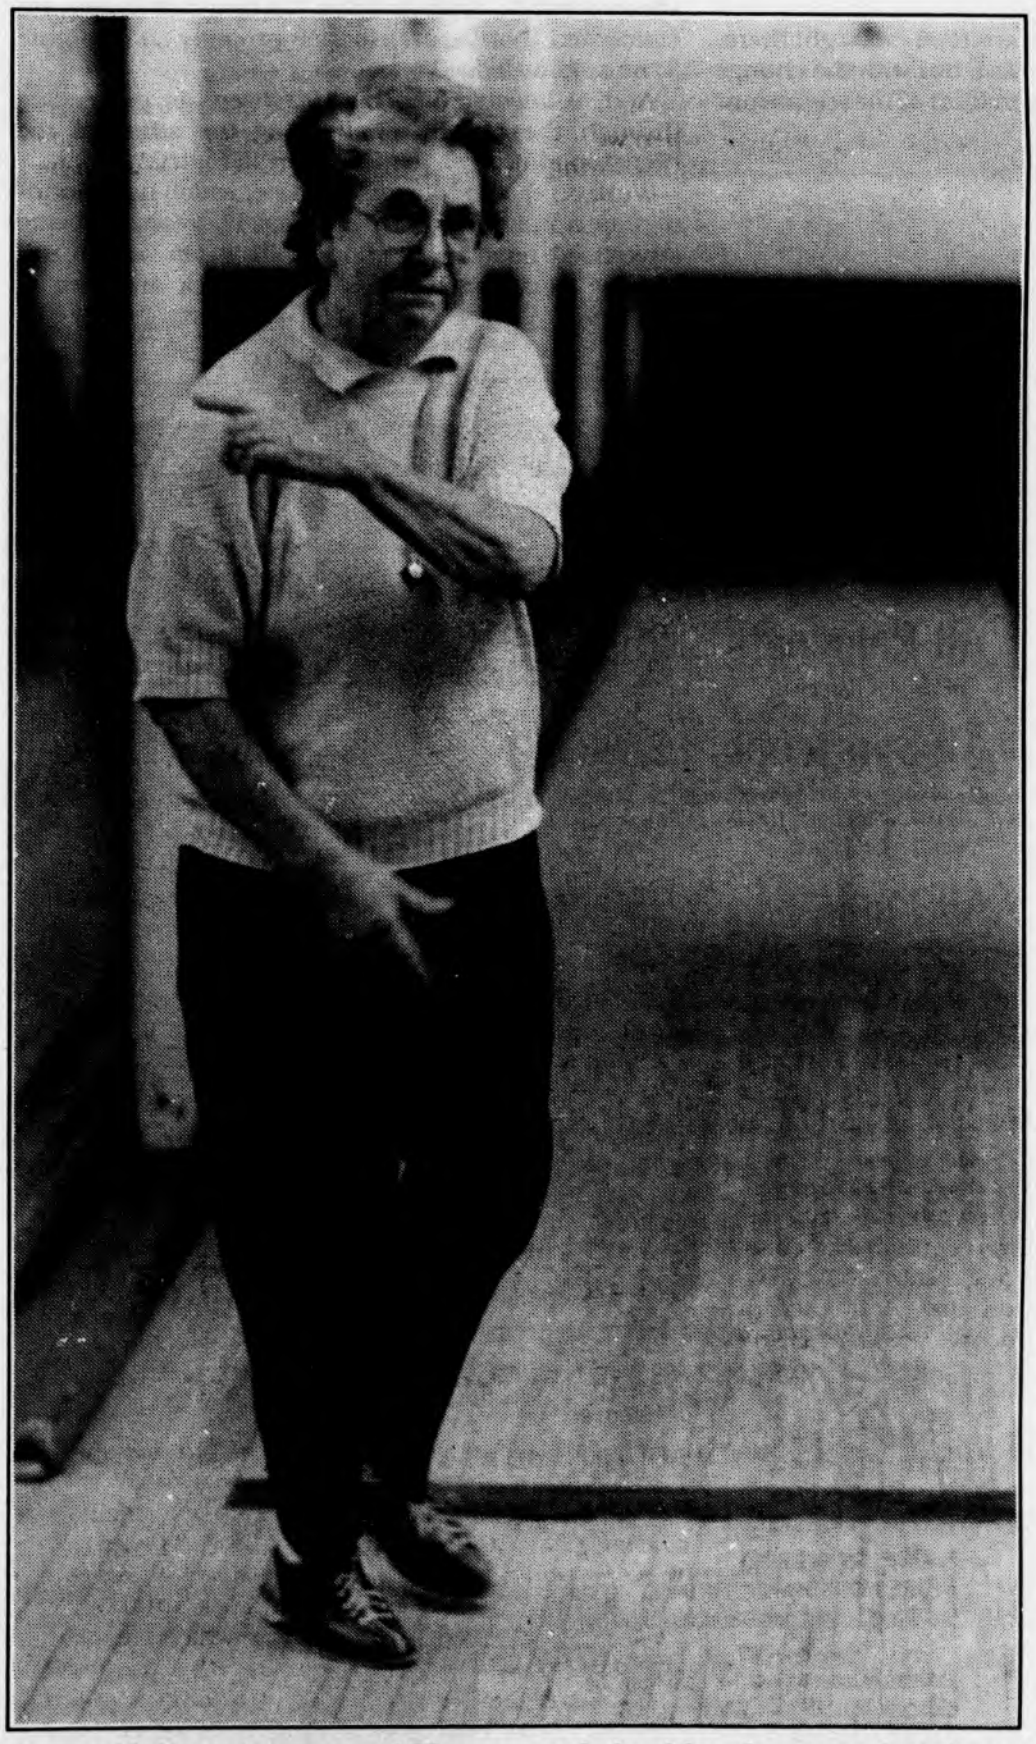
Cohasset senior bowlers are on a roll



Al Irain fires away during the Thursday bowling group for seniors at the Community Center.

Staff photos/Alan Chapman

Jane Tilden enjoys keeping score. For more information about bowling and other activities for seniors, call the Council on Aging at 383-9112.



Peggy Kelly gets a spare! The group is looking for more bowlers, call 383-9112 for information.

Annette Dergenio concentrates on the pins as she gets ready to bowl.

Neponset River bridge is ahead of schedule

By Marilyn Jackson
Mariner staff

Massive steel plate girders are being installed for the Neponset River bridge which will carry Old Colony passenger trains from South Station to the South Shore.

For the thousands of commuters who live on the South Shore, the Massachusetts Bay Transportation Authority has some really big news.

The $20.5 million contract to build the bridge across the Neponset River is some 12 months ahead of schedule.

This bridge — the main line — will carry trains from South Station to Braintree. South of the Braintree Red Line station, just beyond Pearl Street, the line will split and carry passengers to Middleborough or Plymouth.

Greenbush-bound trains would ride over this bridge as well, but it remains to be seen whether passenger service to Scituate will be restored. The environmental review has been ongoing for more than three years, and only within the past few months have opposing sides agreed to consider constructing a tunnel beneath Hingham Square as an option.

Modern Continental Construction Company of Cambridge is the contractor for the Neponset River Bridge. The bid was awarded in June 1993 with an anticipated completion date of December 1995, said John E. Powers, assistant director of construction and program manager for the Old Colony Railroad.

Modern Continental also has sizable contracts for the Boston Harbor cleanup and the Central Artery/ Third Harbor Tunnel.

"Here it is 15 months later, and we are installing the massive steel plate girders — about half are installed — and we expect to have an operational bridge by the end of 1994.

"We haven't got tracks on either side of it and we have a lot to do, but if needed, we could make the Neponset River Bridge operational," said Powers.

"And, anybody who rides the Red Line can be a sidewalk superintendent (on the project) in the morning or afternoon because the Anderson Bridge goes right by the work going on," Powers chuckled.

The original railroad bridge, a wooden trestle, was destroyed by fire in 1960, about a year after the Old Colony Railroad ceased operations.

The bridge contract is not the only major construction project under way in the Old Colony Railroad project.

M. DeMatteo Construction Company of Quincy is doing the work at the South Bay undercrossing, near the Cabot Yards in South Boston.

The Old Colony will have to pass beneath the track that enters the Cabot Yards, said Powers. That is where the Red Line equipment is serviced, inspected and repaired.

That contract — some $18.4 million — is expected to take 26 months to complete. Work only just began.

A third job, heading south, is the Pearl Street grade separation, just outside South Braintree Square. M. DeMatteo won that construction contract as well with a low bid of $9.8 million.

Powers said the commuter rail tracks will have to be raised nine feet, while Pearl Street will have to be lowered some 14 feet so that vehicular traffic can go under the track.

The Red Line cars still will be stored overnight there, next to Campanelli's Restaurant, but with the change in the roadway, the sidewalk in front of the restaurant will drop some six feet at the corner of French Avenue.

MBTA officials are planning to proceed with another project on the Old Colony Plymouth line within the next few weeks.

The T recently awarded a $24.2 million contract to J.F. White Construction Company for the undercrossings or tunnels for Routes 3 and 3A in Kingston. Two tunnels will be built under Route 3, one under Route 3A.

The contract calls for building a ramp that skirts beside the Howard Johnson restaurant and motor lodge and constructing some retaining walls.

"The structure stays the same, but the entrance to the property has been changed," he said.

On the easterly side of Route 3, the MBTA took several small pieces of land, but no structures or houses will have to be demolished," said Powers. But the owners of L. Knife and Son, the beer distributor, are concerned about access to their property and to Route 3, he acknowledged.

And, a lawsuit filed by 10 citizens is proceeding through the courts, challenging the siting of the Kingston station at the Kingston Industrial Park.

Work on the Middleborough line, which has continued as a freight line for the past 35 years, is being advertised now, he continued. That job, which will include repairing bridges, laying track and ties, is

"Quality and Service has always been our Business"

Local program offered to help smokers quit

The American Cancer Society's (ACS) annual Great American Smokeout is scheduled for Nov. 17, and the South Shore Boards of Health Collaborative Tobacco Control Program (MTCP), has an important tip for Cohasset and Hingham residents who smoke and want to take an important step toward quitting; "Set a Date to Quit."

"We know that, for many smokers, a simple and very effective first step toward successfully quitting is setting a date," said Dawn Sibor, director of the South Shore Boards of Health Collaborative Tobacco Control Program.

"We are pleased to offer information, resources, and programs to every Cohasset and Hingham resident who is interested in preparing now to make one smoke-free day Nov. 17 a lifelong success," Sibor added.

The American Cancer Society and the South Shore Boards of Health Collaborative Tobacco Control Program offer the following tips to smokers who want to prepare to quit:

• Put it in writing. Make a list of the most important reasons why you want to quit, and write them down.

• Choose your weapon! Cold turkey is usually the most successful method of quitting but cutting down by a certain number of cigarettes per day is fine.

• Talk to your doctor. Ask your health care provider if nicotine patch therapy is appropriate for you.

• Absence makes the heart grow stronger. Throw away all cigarettes and matches. Put away your ashtrays or fill them with sugar-free gum or candy.

• Set a date to quit and tell your family and friends.

"We can help anyone who wants to set a date to quit," Sibor said. "Nov. 17 is a great goal date to set because so many other people will be quitting, too, and we can provide many kinds of programs, support, and encouragement to people who want to get started now and prepare," Sibor explained.

Nov. 17 the South Shore Boards of Health Collaborative Tobacco Control Program will be at Super Stop & Shop in Cohasset and in the Barnes Auditorium during the Flu Clinic at the Hingham Town Hall from 8:30 to 10:30 a.m. and 5 to 7 p.m. respectively. There will be a lot of information available on how to quit smoking.

People who are interested in more information can call the South Shore Boards of Health Collaborative Tobacco Control Program at (617) 829-4301. The Massachusetts Quitline, 1-800-TRY-TO-STOP, a toll-free referral and telephone counseling service sponsored by the American Cancer Society, is also available from 9 a.m. to 9 p.m., Monday through Friday.

The South Shore Boards of Health Collaborative is a grantee of the Massachusetts Tobacco Control Program (MTCP), which is funded by the 25 cent tax on cigarettes that Massachusetts voters approved in a statewide referendum November, 1992. The MTCP intends to achieve three primary objectives: educate Massachusetts citizens about the dangers of smoking, provide services to help smokers quit and encourage smoking prevention among youth.

Neponset River bridge. . .

(Continued from page 12)

expected to cost some $55 million.

The bids are due Nov. 9, but that date could be extended if more changes are made to the work specifications.

Another significant contract that has been awarded is the $30 million job to install all signals, power and communications systems for the lines.

Safetran Corp. of Louisville, Ky., will undertake this specialized work, said Powers.

"We have about $325 million of construction contracts that are part of the Old Colony work going now," said Powers. "That doesn't count Greenbush.

"And, the only way to get the railroad going by the end of 1996 is to get these jobs out and push hard."

Powers said competition has been lively. "We have been fortunate in that most of the contracts have come in under our estimates."

Harshbarger applauds wastewater treatment vote

At a town meeting Oct. 25, Cohasset voters approved a settlement to resolve wastewater treatment issues and implement a new treatment system in Cohasset.

Last month, Attorney General Scott Harshbarger and the Department of Environmental Protection (DEP) announced their support for the settlement, which would require the town to expand, upgrade and modernize its wastewater treatment system.

The town is under a court order requiring it to improve its wastewater treatment system. In 1988, the Commonwealth and Cohasset agreed the town could resolve the problem by pumping its wastewater to a plant in Hull for treatment. The town meetings of Hull and Cohasset approved this project in 1988, but it never went forward.

Cohasset's existing treatment plant is receiving wastewater flow in excess of its design capacity.

The settlement would modify the existing court order to bring it up to date and allow the town to develop an appropriate wastewater management plan.

Options under consideration include a connection to the Town of Hull wastewater treatment plant, upgrading the existing wastewater treatment plant to provide state-of-the-art wastewater treatment with continued discharge to James Brook, and upgrading the existing wastewater treatment plant to provide state-of-the-art treatment with discharge to Cohasset Harbor. The new treatment system must be in place by April, 1999.

Cohasset officials, including Selectmen and the board of Sewer Commissioners, supported the settlement at the town meeting to resolve environmental problems in the town.

"I applaud the voters of Cohasset for making a good faith effort towards protecting their coastline and resolving their wastewater treatment problems," said Attorney General Harshbarger.

"We're happy to have been able to work with the town of Cohasset to find the most flexible solution to their wastewater treatment problems," said DEP Acting Commissioner Tom Powers. "The end result will be better protection of sensitive environmental resources."

Assistant Attorney General Mary Griffin is handling the case for Harshbarger. Bob Bois, Rich Chretian, Alan Slater, Ron Lyberger, David Ferris, Russ Issac and Steve Halterman from the Department of Environmental Protection are providing technical assistance.

Public Notice to the Residents of Cohasset

SEWER SYSTEM SMOKE TESTING

Residents of Cohasset are advised that the Town will be conducting sewer system smoke testing in various portions of the community. The work is being conducted to fulfill the Town's obligation to State Authorities and is in connection with the ongoing sewer system evaluation program sponsored by the Cohasset Sewer Commission.

Smoke testing will be conducted to identify pipes which allow storm water or ground water to enter the sanitary system. This water is extraneous to the sewer system and adversely affects the performance of the Town's wastewater treatment plant.

Whitman & Howard, Inc. working in conjunction with New England Pipe Cleaning Company, Inc. - Division Heitkamp, has been hired by the Sewer Commission to perform the smoke tests. This operation involves blowing harmless, white smoke into the sewer lines to determine the existence and location of defective pipes. Smoke will not enter your home unless your plumbing is defective. The smoke is non-toxic and does not leave a residue. However, if smoke does enter your home, please notify the field crew outside. They will help you evacuate the smoke from your home. Seek fresh air if smoke does enter your home as continued exposure to any type of smoke can irritate breathing passages.

Smoke testing will be performed during the week of November 14, 1994. The crews will work during the daylight hours.

Your cooperation in this matter is greatly appreciated. If you have any questions or comments concerning this program, contact Joseph Boccadoro of Whitman & Howard, Inc. at 1-800-342-8811.

Coastal animals visit kids

The New England Aquarium's "Tide Pool Experience" recently visited the Osgood school. Kindergartners enjoyed a guided discovery story and had the opportunity to observe and handle live coastal animals.

The program was funded by the PSO.

PAC hosts ADD meeting

The Parents' Advisory Council will present "An Evening of Optimism," with guest speaker Edward M. Hallowell, M.D., on Tuesday, Nov. 15 at 7:30 p.m. in the Cohasset High School cafeteria.

Hallowell, the noted author of "Driven to Distraction," will clarify the confusion surrounding ADD. He has appeared on television and has lectured on the subject at national and international conferences.

For further information call Ann Whiteley at 383-9310 or JoAnn Pilczak at 383-0268.

Secret Room update

The Secret Room is coming! Donations of small holiday gifts, especially handcrafted items, are still needed and can be dropped off at the Deer Hill or Osgood school offices.

Other suggestions include travel-size toiletries, handkerchiefs, self-sticking note pads, stationery items, baseball cards, peppermint candies and tennis and golf balls.

Shoppers age 12 and under are invited to buy inexpensive gifts for friends and family at the Secret Room on Saturday, Dec. 3, from 10 a.m. to 2 p.m.

Parenting workshops set

The elementary school adjustment counselors are offering a series of four parenting workshops on Tuesday mornings from 9:30 to 11 a.m. in the "living room" at the First Parish House on Main Street. They include:

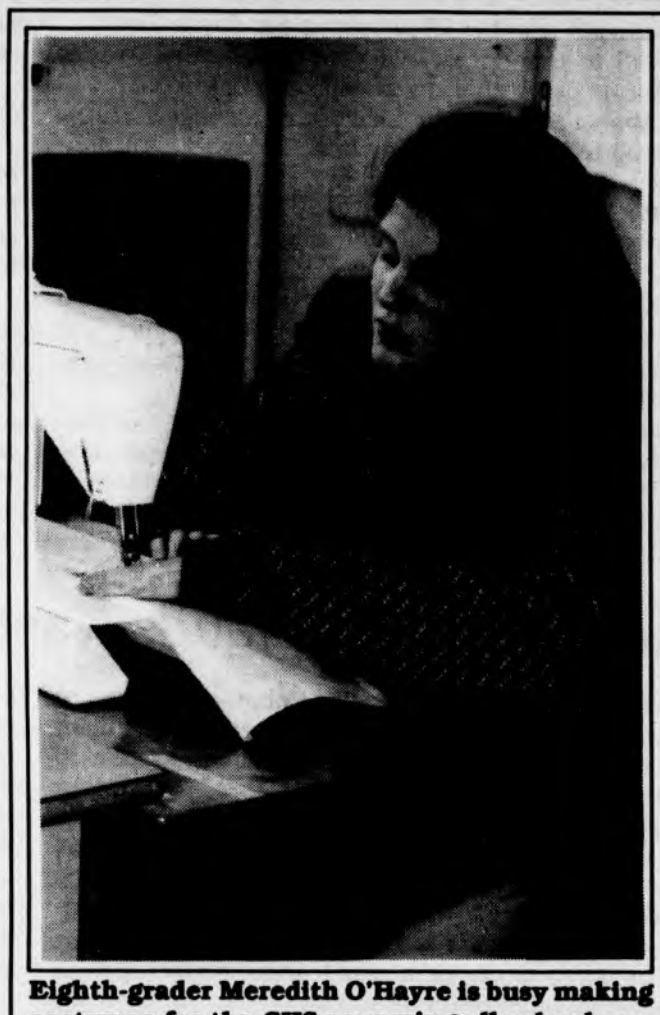
Nov. 15: "Self-esteem ... What Can a Parent Do?"

Nov. 29: "Teaching Responsibility and Respect to Children."

The workshops are open to any Cohasset parent and will be led by Ed Leonard and Frank Fitzgerald, who have extensive experience in consulting with parents.

The four-part series will include information about step-parenting and assertive discipline for parents.

To register contact Leonard or Fitzgerald at 383-6115 or 383-6117.



Eighth-grader Meredith O'Hayre is busy making costumes for the CHS upcoming all-school musical "Guys and Dolls" Dec. 9,10, & 11 at CHS.

'Guys and Dolls' at CHS

Cohasset High School's all-school musical, "Guys and Dolls," will be performed on Friday and Saturday, Dec. 9 and 10, with a matinee on Sunday afternoon, Dec. 11.

80 students from grades 7 through 12 will be performing, including Jamie Kondrat as Nicely-Nicely Johnson, Ron Nicynski as Benny Southstreet and Allison Ritts as Sarah Brown, complete with the Hot Box girls, the New York Street group and Cuban dancers.

The play is being directed by Bryan Marks and Jo-Ellen Wood and choreographed by Sharon Leslie.

Bring the whole family!

Osgood Book Fair

The Osgood PSO will hold its annual Fall Book Fair, hosted by Buttonwood Books and Toys, on Nov. 15-17 in the Osgood school library.

Books will be sold on Tuesday and Wednesday from 9 a.m. to 3:30 p.m. and Thursday from 9:30 a.m. to 1:30 p.m.

Please plan on dropping in to do a little holiday shopping in support of the Osgood PSO.

'A+ America' program

Deer Hill School is accumulating A+ points to be redeemed for computers, software and TV monitors and encourages everyone to join in this worthwhile effort.

Just ask for an A+ America Coupon Book. Each coupon from participating companies is worth 15 points. Receipts can also be redeemed for coupons.

Cohasset Sunoco, Marshall's, Hood (milk or juice), Brigham's Icecream, Lotus Dev. Corp, Stonyfield Farm Yogurt, Polaroid, Farberware, BASF and RDL Acoustics are participating in the program.

Bring in your coupons, lids, receipts, UPC's or caps as directed by the product to the Deer Hill Front Office, marked "A+ America." Questions may be directed to Steve Biagini or Deer Hill Reps Linda Bolster or Helene Garber.

ADD group to meet

AD-IN of Scituate, a support group for parents of children with Attention Deficit Disorder, will meet Thursday, Nov. 10, at 7:45 p.m. in the Scituate High School library (on Route 3A behind town hall).

Joe Schuster, of Creative Logic, Inc., will give a presentation on the latest in computer technology specifically for school-age children, and discuss how computers can help students with their educational needs. Schuster will demonstrate a multi-media display, the CD-ROM System, which incorporates visuals with sound. Parents will have the opportunity to ask questions about their family's individual computer and software needs. Coffee and dessert will follow.

Call Tanya at 545-6127 for more information.

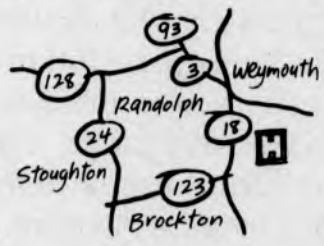
the yearning

Suddenly
we're smiling at babies.
Is it time for us?
Trying out names.
We whisper them to each other
dreaming of the day
we say "I love you"
to our own.

South Shore Hospital is close and easily accessible.

But where we are isn't as important as what we are: a safe, reassuring birth place staffed by doctors, midwives, nurses and others who share your concern, your anticipation and your joy. We know how to combine the best in medical technology with care that comes from the heart...from before you are pregnant to beyond your baby's birth.

Whether you are pregnant or hope to be so one day, choose South Shore Hospital.



Call for our free brochure, a hospital tour or a referral to a doctor in your area.

Cohasset High School Council sets its goals for '94-'95

The Cohasset High School Council met Oct. 18. This was the council's second meeting of the 1994-95 academic year. Ken Cisneros was introduced as the council's newly elected faculty member replacing Jack Buckley, who resigned in December due to his new commitments at CHS.

The council discussed parental communications in regard to the newly implemented eight-period schedule at the high school, and principal Meg Gallagher shared both pro and con information relating to this new schedule. The council decided to send copies of the CHS School Council meetings to the other Cohasset school councils, as well as to the PSO junior and senior high reps and to the PSO president.

The council discussed many issues surrounding the state's plan to alter time regulations, requiring all schools to have 5-1/2 hours a day of core curriculum. Council members planned to attend the state department of education information meeting Oct. 25, to become more informed as to what impact these changes will have on Cohasset High School.

The council then focused on developing its goals for the 1994-95 academic year. The following goals were derived:

- That the CHS School Council will research various models for providing the necessary services of an adjustment counselor and make a recommendation to the school committee in that regard;
- Will be aware of and stay current with the state department of education regulations regarding education reform and proposed core curriculum/time changes;
- Will examine the current exam schedule for seventh- and eighth-grade students, and if necessary implement recommended revisions as soon as possible;
- Will develop a plan to introduce community volunteerism as part of the curriculum through a service learning model;
- Will communicate effectively with parents and the community by posting the minutes, communications with PSO reps and through monthly articles in the local newspapers;
- Will review and support the students' requests for increased understanding of environmental issues and further implementation of recycling programs;
- Will analyze the results of the townwide survey and examine the areas that relate to the high school;
- Will review the success of the inclusion programs at junior and senior high school levels;
- Will review technology offerings and look into making recommendations to enhance student performance for the future;
- Will examine the level of expectations and course requirements of level-two students.

The next meeting of the CHS School Council is Tuesday, Nov. 15, at 6:30 p.m. in the Cohasset High School library. The CHS Council is committed to enhancing communications between Cohasset High School, the school committee, parents, students and the community at large. The public is invited to attend.

Jim the Juggler performs

The Cohasset enrichment program will present Jim the Juggler on Thursday, Nov. 17 at 2 p.m. in the Deer Hill School gymnasium.

Jim's performance is a hilarious mix of juggling, acrobatics and audience participation appropriate for children of all ages.

Tickets are $3 per person or $7 for a family. Children under two are free. For further information call 383-6860.

Students complete studies

Emily D'Urso and Maryellen Rayment returned for their senior year at Cohasset High School after spending six weeks this summer at the Massachusetts Advanced Studies Program.

Emily, daughter of Nino and Terese D'Urso, and Maryellen, daughter of Paul and Dolores Rayment, were chosen from among over 600 nominees to attend this prestigious state-wide program, which is open to outstanding public and parochial school juniors. Held on the campus of Milton Academy, MASP allows students the opportunity for intensive college-level study together with sports, recreational, and cultural activities.

Students in this year's junior class will be nominated by their schools in January, 1995. Information is available from school guidance offices or from the MASP office at Milton Academy, 170 Center St., Milton, MA 02186

CHS clothing drive slated

The Social Awareness Organization of Cohasset High School will be sponsoring a clothing drive to benefit the Pine Street Inn, a Boston shelter for the homeless, from Nov. 14-18.

Men's and women's warm clothing and winter coats are especially needed and can be dropped off at the bins located at the main entrance and west wing of the high school.

B-E-E prepared

The Cohasset Education Foundation (CEF) and the PSO will co-sponsor an adult Spelling Bee to be held Thursday, Nov. 17, at 7 p.m. in the Cohasset High School cafeteria. The money raised will be used to fund teacher training and curriculum enrichment programs.

The Spelling Bee is organized in teams of three members each. The teams may be composed of neighbors, alumni groups, professions, companies or any creative combination. To participate, each team pays a tax-deductible fee of $150. Teams may fund the entry fee through sponsors, or by pooling resources. The Spelling Bee does not involve 'solo spelling' as each team consults together to decide on its response. The 1994 Scripps Howard Book of Words will be supplied to each team.

Please come for an exciting, fun and rewarding evening to benefit the Cohasset Public Schools. For entry forms or for further information, please call Midge Stone, 383-2281, or Kate Abbruzzese, 383-9317.

FEELING THE BITE OF HIGH-INTEREST CONSUMER CREDIT?

If You're Paying 14%, 16% or Even 18% Interest, an Unsecured Personal Loan from Rockland Trust Can Put Money Back in Your Pocket!

Kennedy/Romney senate race brings out voters

By Alice C. Coyle
Mariner Staff

Seventy-eight percent of Cohasset's 4,916 voters turned out to vote Tuesday.

"Voting was heaviest in the morning and it was very steady after that," Town Clerk Marion Douglas said.

At dinner time the lines ran out the door of town hall and eighth grade entrepreneurs set up a fund-raising concession stand for their class (1999) selling donuts, cookies and brownies to hungry Cohasset voters.

Douglas said Cohasset residents took the election seriously.

I wouldn't dream of not voting. I'd feel like I'd missed out on something.'
— Cohasset voter Janet Figueiredo

"There was a very good turn-out," said Douglas, who noted the senate race between incumbent Senator Edward Kennedy and republican challenger Mitt Romney brought most residents out in force.

Assistant town clerk Jacquelyn McGuire said this election seemed busier than the '92 presidential election.

"People were waiting in line to vote at 6:30 a.m. and came right up until 8 p.m.," McGuire said.

According to Douglas there were no problems in tabulating the votes from Cohasset's two districts and the results were called in by 10:15 p.m.

Cohasset resident Charles Sturdy of Jerusalem Road drove down from Boston to support Romney and vote against the graduated income tax (questions 6 and 7) and the "waivable" fees for colleges (question 3).

"I came to show encouragement for Romney and join the national republican movement in this election," said Sturdy, who added he was not bothered by the negativity of the U.S. Senate campaigns.

April Durant said she also came out to support Romney and help re-elect Governor William Weld.

Atlantic Ave resident Robert Murray called the senatorial campaign a hard fought one, and said Romney was very aggressive.

"It's a great wake-up call for Kennedy no matter who wins," Murray said.

But Frank Vecchione, who supported the 32-year veteran senator said "we have too much to lose by losing Kennedy and not enough to gain with Romney."

James Gallagher of Beechwood Street agreed.

"It's nice to see a 32 year incumbent who ran a good campaign and did a good job," Gallagher said.

Gallagher said he was happy to support the seat belt law again but was in favor of repealing the blue laws (question 5).

"They're the most backward laws we have," Gallagher said.

Chris Knight, another Kennedy supporter who said he was sick of the campaign, wanted to keep the blue laws in tact in honor of the Sabbath.

Many Cohasset voters said the campaign was a negative one but that didn't discourage them from voting.

"It was a little dirty on both sides, but that's politics," Gallagher said.

But the mudslinging did bother Cohasset school bus driver Janet Figueiredo.

"It was very nasty on both sides," Figueiredo said, adding "the referendum questions were very confusing."

Still Figueiredo said she takes her civic duty very seriously.

"I wouldn't dream of not voting. I'd feel like I'd missed out on something," she said.

Hedlund gets another shot

(Continued from page 1)

East Braintree — McDonald 1,753, Hedlund 1,407.
Cohasset — Hedlund 1,859, McDonald 1,441.
Scituate — Hedlund 4,145, McDonald 3,761.
Duxbury — Hedlund 3,547, McDonald 2,720.

The first precincts in were the three in East Braintree, which were added to the district during redistricting earlier this year.

The heavily Democratic area gave McDonald a margin of only 330 votes, which gave the first intimation that an upset victory by the Republican former senator might be in the making.

Hingham, the second town to complete its ballot count, showed a 1,633 vote margin for Hedlund, who grew up in the town, giving the former townie his best showing.

The campaign wound up with McDonald being served with a libel suit filed earlier by Hedlund at a Marshfield polling place and both sides agreed it was not the most positive of campaigns.

"It was a horrible campaign," said Bill Ryan, McDonald's chief aide. "I hope both sides regret many of the things they did. They were not becoming to the political process."

Hedlund saw McDonald as the chief culprit in negative campaigning.

"Anytime one candidate gets nasty, it paints both with the same brush," he said. "People wanted me to run a personal campaign. I chose not to. I think people saw beyond that."

He said that in the 1992 campaign, in which McDonald beat him, "I had a great time with Brian. We had respect for each other."

Election results discussed

Thursday, Nov. 10, host Wigmore Pierson's guests on Pierson to Person will be *Patriot Ledger* Editor William Ketter, McCormick Institute Fellow Ian Menzies, and Beacon Hall correspondent Jeremy Crockford, discussing the importance of the election results at the local, state and national levels.

The Pierson to Person television show is broadcast live each Thursday, 8 to 9 p.m., from the North Scituate studio of Continental Cablevision. The show airs on Channel 53 in Hingham, and on Channels 3 and 53 in Cohasset.

The public is invited to be part of the studio audience each Thursday evening. Those planning to attend should be at the studio on Gannett Rd. by 7:30 p.m.

For further information about upcoming guests and additional show information call the Pierson Show's executive producer Robert Belliveau at 545-2500.

Village fair slated

Plans are under way for the annual Cohasset Village Fair Saturday, Dec. 3, from 10 a.m. to 3 p.m. around the Cohasset Common.

Representatives from participating churches, First Parish in Cohasset, Unitarian Universalist, the Second Congregational Church, the Nativity-Assumption of the Virgin Mary Greek Orthodox Church, St. Anthony's Catholic Church, and St. Stephen's Episcopal Church met this past week to coordinate activities for this annual event now in it's 54th year.

Included in the fair will be a secret room for children sponsored by the Cohasset P.S.O. and ornament making and a visit from Santa Claus sponsored by the Appalachian Service Project. Each of the participating churches is planning a number of activities including a boutique, rummage sales, book sales, bake sales, Christmas greens and various refreshments. For a wide variety of gifts, delicious food and fun activities, don't miss the 1994 Cohasset Village Fair.

You won't lose if you ELECT to buy any of these great values!

You won't have to agonize over your choice after you see this very well maintained ocean-front home on

State senatorial campaigning winds up in court

The balloting may be over but the feud between Sen. Brian McDonald and former Sen. Bob Hedlund promises to go on and on, well after one of the lowest of low political campaigns.

Monday, the day before election, Hedlund filed a civil complaint of libel in Dedham court against McDonald for a last minute flyer charging Hedlund with refusing the pay $102,666 in federal back taxes.

The McDonald flyer said that Hedlund owed the money in 1991 and, despite a $50,000 job with the MDC for the past two years, "he has made no attempt to pay any of this back. Not a single penny."

But the fact is, Hedlund said in his complaint, "$95,000 or approximate thereto has been paid to the Internal Revenue Service to reduce the debt."

"The political damage is probably done," said Hedlund in a statement. "This lawsuit is not about winning an election. It's about defending my good name, my family's name."

Paul Shinney, a spokesman at McDonald's campaign headquarters, called Hedlund's suit "a joke."

"There is no documentary proof that he has paid the money back," he said. "It's just a desperate attempt to gain publicity."

Hedlund conceded that he once owed the government the $102,666 in back taxes after a mini-mall venture in Rockland failed.

"Over the past five years I have worked hard and long, scrimping and saving, to meet my obligations. I not walk away from my responsibilities," he said.

"There was an easier way to resolve my predicament

(See page 19)

School vacation week wins approval

(Continued from page 1)

Teachers Organization, and the superintendent. We have encouraged other school systems to adopt this change, and will continue to lobby surrounding towns to do so."

Randolph and Falmouth have already adopted the March vacation, while school officials in Hingham, Marshfield, Norwell, and Scituate are currently considering the change. Cohasset officials admit, however, that the new policy — scheduled to go into effect in the 1995-1996 academic year — will take some getting used to.

"Some of the staff expressed their concerns about the change, especially those whose children attended school in another school system with different vacations, or whose spouse worked in a system with different vacations," Hart said. "We will also have to adjust our foreign exchange program. But in comparing the two calendars, we found that the March vacation gave greater continuity for students and teachers. We also found that it provided an additional three days per month of instructional time."

"I have long been a proponent of the issue," said committee member Ken Wilcox. "Having grown up in Michigan, where as far as I know we've always had the March vacation, I was amused by the suggestions we received from some people that kids would be maladjusted, or suffer from attention-deficit syndrome. In Michigan, none of us were diagnosed with those problems as a direct result of having one vacation. I believe that New England youth are made from sturdy stock, and that they will make it through the year without falling victim to those two maladies."

Student representative Ryan Sawchuck agrees.

"From a student perspective, when I first heard about this, I thought I would rather have two vacations," Sawchuck said. "It would give me more time. I could go skiing in February, and go to Florida in April, if I wanted. I'd have the opportunity to do both. But after hearing your arguments, I agree that greater continuity in the school year would be a benefit. The third quarter of the year, from February to April, is very rushed. It's all jumbled up. Having one vacation instead of two should improve continuity."

That issue is particularly important for high school seniors, who need the maximum amount of learning time available for college preparation, according to committee member Jim Kirk.

"I do agree with the notion of continuity, although it is not necessarily true that more time means better education," Kirk said. "It's what you do with that time. I also have a strong interest in seeing that seniors have as much preparation time as possible. Since my daughter's graduation, 20 percent of her class that was admitted to a four-year college has either dropped out or transferred to a two-year college. That tells us that it's not enough for our students to get accepted to colleges. They have to be prepared to compete."

The school committee will continue to evaluate the one week versus two-week vacation schedule over the next two years. That does not mean, however, that 1996 will be a "trial year" for the new schedule, where absences during the traditional vacation periods in February and April would be excused. Parents are strongly discouraged from scheduling 1996 spring vacations at any time other than the single week in March.

"We will make it clear that parents have a one-year notice of the change, and after that we will strictly enforce the make-up of time missed at any point during the school year."

While school officials plan to continue lobbying other school systems to adopt the new schedule, many agree that although one week of school vacation is a significant departure, it will be a small difference in comparison to the changes proposed by last year's Education Reform Act.

"We have come a long way, but we have a lot further to go," Kirk said. "This is a tempest in a teapot compared to some of the issues that will be coming up in the next year or two, in terms of scheduling, the length of the school year, starting and stopping times, and evaluation of student performance. This is merely a small step in the right direction."

letters

Train may attract crime to area. . .

(Continued from page 10)

lated to road crossings. When the previous train came to this area, our world was a different place. Crime was not as evident then as it is now, especially in our inner cities. I am not a fearful person, but one reason our family, and I expect others, love Cohasset is its small-town atmosphere which allows for a quiet, peaceful, less stressful lifestyle.

If the train comes to our community and other South Shore towns, I am certain not just law-abiding citizens will be transported. Tourists may come, which could potentially help town businesses; however, there will be those who will come here who may not respect our way of life, those who may bring in drugs, loud music and crime.

I am not an isolationist. I think we need good commuter services. I favor improved bus service and extended boat service, even buses or shuttles to the boats in Hull and Hingham if parking is a problem in Cohasset and Scituate.

Finally, I'd like to see the old railroads go the way of the Cape Cod beds — turn them into bicycle paths so that residents of the South Shore towns can enjoy a safer, cleaner and healthier means of traveling between towns. So far, I haven't heard of too many thieves making a quick get-a-way on a bicycle.

My second point is looking toward the next century. With our swift advance in telecommunications, I foresee a day when big cities are no longer the hubs of commerce. Even now more and more people are working either out of their homes or in small companies or branch businesses in suburban areas. As the stats indicated, only 21 percent of residents from Cohasset and neighboring towns commute to Boston. In 10 or 20 years, that number may decrease to 15 percent or even 10 percent. Why spend millions of dollars on re-establishing a system which may only bring trouble and prove obsolete soon after its inception?

Nancy H. Elliott
573 Jerusalem Rd.

Back on Track asks:

Help Us Finish the Job!

For ten years we've worked with local, state, and Federal governments to restore commuter rail service to all three of the former Old Colony Railroad lines. The great bridge over the Neponset River is nearing completion; soon, trains will be running from Boston to Middleborough and Plymouth/Kingston. Commuter rail on the Greenbush line – a smooth, all-weather, single-seat ride direct to South Station from Hingham, Cohasset and Scituate – can be a reality soon after, and you can help make it happen!

We won't plaster your town with scary posters, and we won't stuff your mailbox with flyers; we will continue to work within the system to address financial, safety and environmental concerns in a calm and responsible way. The Sierra Club, Mass. Audubon Society, AAA, and Greenpeace all share our support for rail restoration.

We're not asking for money – just your permission to count you as a member of Back on Track, backing the return of commuter rail to the Greenbush line. Send us the coupon below and we'll provide more information on how we can all get Greenbush Back on Track!

To: Back on Track, P.O. Box 55, Hingham, MA 02043

Zoning board mulls Shaw's special permit request

By Sean P. Sweeney
Mariner correspondent

The Zoning Board of Appeals conducted further deliberations regarding a request from developers of a Shaw's Supermarket for a special permit at Cushing Plaza on Route 3A Nov. 3.

The special permit has been requested so that the business zone can be extended into the abutting residential zone.

The decision whether or not to grant the permit has been the subject of a number of public meetings conducted at the town hall and at the proposed site.

The extension of the business district would allow the developers to situate the new store in such a way as to allow for adequate parking directly in front of the store. In addition, if the permit is granted, the position of the proposed store will provide for as little disruption as possible at the Cushing Plaza site. If the permit is not granted, many of the existing businesses at the site will be forced to relocate and it is feared that they might not return to the Cushing Plaza site upon completion of construction of the new space.

The proposed plan will eliminate a long-standing septic system problem that exists at the site and will make the area more attractive to travelers on Route 3A, developers said.

According to board members, if the special permit issues, the board will be empowered to require that certain conditions with regard to the site be complied with. In this way, the board will be able to place restrictions on such things as truck traffic and sound proofing. If the special permit is not approved and the developers go forward with some other plan not requiring such a permit, the town will retain little control over such matters as truck traffic and noise.

In the context of its deliberations Nov. 3, the board identified three major concerns regarding the proposed plan. The three issues were the adequacy of the buffer zone between the store and abutting residential neighbors, the possibility of truck traffic on Beechwood Street and the absence of a traffic light on Route 3A at the point of the proposed truck exit.

Despite these concerns, the board seemed to be in agreement that a development of the site as proposed would be far more attractive to the town than would be the construction of fast food restaurants like Burger King and McDonald's. According to board members, such fast food restaurants are considered "as of right uses." This means that very little regulation on the part of the town is available with regard to controlling uses and development for these purposes.

"Someday, Cushing Plaza will be torn down and it will be replaced by something. I think that Shaw's is a much better use of the site than a string of McDonald's or Burger King's. We are probably better off with regulated development than as of right uses," board chairwoman Myrna Putziger said.

Putziger stressed that in analyzing whether or not the town should grant the special permit, she feels it is appropriate to consider what other non-regulated uses might arise on the site and that it is not appropriate to vote in a vacuum.

Deliberations on the issue of the special permit will continue before a written opinion is authored by the board.

In other business, the board took under advisement two requests for variances. The first request came from H & R Block, which requested a variance in order to construct a new sign at its 790 Chief Justice Cushing Highway location. Charles West of H & R Block represented the applicant before the board.

The second request came from Elizabeth and Michael Jones of 45 Elm Ct. The Joneses are asking that the board grant a special permit to allow for construction in an already non-confirming site. The request seeks the approval of construction of a third floor dormer. Representatives of the board will visit the site before deciding on the request.

The board also indicated that it will entertain comments from neighbors of the Music Circus at its meeting in January to determine whether the one-year liquor license previously granted to the Music Circus created any problems in the area. The board would like to analyze feedback from the neighbors before deciding whether to grant an additional one-year liquor license. The license must also be approved by the board of selectmen.

Campaigning winds up in court

(Continued from page 18)

(meaning bankruptcy), but I never entertained the thought. My name, my family's reputation in the community and the generosity of my creditors was far too important to me."

When he was beaten by McDonald in the 1992 election, Hedlund was named to the $54,000-a-year post as deputy commissioner of the MDC. He left that post to run for the Senate again.

Hedlund called McDonald's use of the tax charge too late to refute in the campaign "a scandalous allegation that is patently untrue. This is campaigning at its lowest, most destructive, most degrading level."

"Although many people I have encountered during the campaign, especially people in his hometown of Weymouth, have urged me to point out Brian's domestic problems . . . I have been reluctant to do so in an effort to keep personal matters out of the campaign," said Hedlund.

"The political damage is probably done. This lawsuit is not about winning an election. It's about defending my good name, my family's name."

— Bob Hedlund

"Apparently Brian doesn't feel that way."

Also named in Hedlund suit was Paul Shanahan, a member of the Weymouth Board of Public Works, who is the senator's campaign manager.

— Tom Henshaw

Liquor stores open. . .

Mom needed a helping hand... not a nursing home.

We all knew Mom was slowing down and could use some help, but even her doctor said she didn't need a nursing home. While she knew she could rely on us, Mom insisted she didn't want to be a burden to her children.

That's why we're all so glad she found a beautiful new home at Allerton House. Assisted living is a wonderful alternative: Mom gets the help she needs to stay as independent as possible, and she's already made a number of new friends.

To find out more about assisted living at Allerton House, or to arrange a tour, call **617-585-7136**.

The Grand Tour — with Ginger Ferenz, 383-2863

This week we revisit Mr. and Mrs.Chisholm's home at 605 Jerusalem Road. The entire front yard has been planted with a blanket of yellow and orange marigolds. The front steps have pots of rust, bright yellow and ivory mums while bright red geraniums hang from the eaves of the front porch. Where we enjoyed tulips in the spring in the bed in the lower yard near Straits Ponds, more yellow and orange marigolds now stand against the fall breezes off the pond. There are blankets of pink and fuchsia impatiens alongside the house as you descend to the lower yard. Even the stairs have a planting of impatiens. Mrs. Chisholm has made her front door decoration. Stroll by and say hello to this lovely couple, who will always give you a big wave and a friendly hello.

business notes

Gifts for '94 grads sent

The sixth annual "Little Piece of Home" packages were mailed to the 1994 Cohasset graduating class on Thursday, Oct. 13, by the Cohasset Chamber of Commerce.

The packages included donations from C. Spirito, Inc., Barry Waste Services, Cohasset Savings Bank, Hub Shipping, Kimball's By The Sea, Boston Harbor Hotel, Hingham Mutual Insurance, Gillette Company, the PSO, Goodale Company, Ernest Grassey CPA, *The Cohasset Mariner*, Goodwin Graphics, Nobles Camera Shops, Colpitts Travel, Tedeschi Food Shops, Hunneman Real Estate, Rockland Trust Company and the Bank of Boston.

The Chamber has received so many favorable comments about this program that its board of directors considers it to be one of their most successful projects.

Anyone with suggestions on how the program may be improved, or wishing to include a donation for the next package, may call the Chamber at 383-1010.

Community auction set

The Cohasset Chamber of Commerce will hold a community auction on Saturday, Nov. 12, at 7:30 p.m. at the South Shore Community Center. A free franks and bean dinner will begin at 6:30 p.m.

Come and do some early holiday shopping and pick up some bargains among the merchandise, gifts certificates and surprises.

This year the Chamber will share the proceeds of the auction with the Appalachia Project, which sends 50 high school students, accompanied by advisors, to Appalachia each summer.

The annual auction is the Chamber's only fund-raising event. Anyone wishing to donate an item to the auction can arrange for it to be picked up by calling 383-6266.

Bank to sell UNICEF cards

Coldwell Banker's Cohasset office is selling UNICEF holiday greeting cards at its office at 11 South Main St. The cards may be purchased individually or in packages. All proceeds will benefit the United Children's Fund (UNICEF).

1994 marks the 45th anniversary of the inception of UNICEF's greeting card program, which was the first program ever to print and sell cards for charitable purposes.

Hallmark 100 selected

C. Christopher Ford, broker-owner of Hallmark 100 Properties Ltd., announced that the firm has been selected by Better Homes and Gardens Real Estate Service to be a Better Homes and Gardens member on the South Shore. The company name will become Hallmark 100 Properties Ltd./Better Homes and Gardens Oct. 1. The firm will remain locally owned and operated.

Founded in 1981, Hallmark 100 was a three person office operating out of a single room in Cohasset. Chris Ford and his wife, Karen, bought the fledgling company a year later and developed it into a six-person office in a newly expanded Cohasset location. In 1986, Hallmark 100 of Scituate opened with eight experienced sales associates and in 1988, Hallmark 100 of Hingham was opened. In addition to the three company-owned offices, there is a licensed affiliate office operating as Hallmark 100 of Milton.

Hallmark 100 currently has 34 full-time sales associates. Under their new alliance with Better Homes and Gardens and Carlson Real Estate/Better Homes and Gardens, headquartered in Wakefield, Massachusetts, the company plans to expand their operations by adding offices in neighboring South Shore communities as well as additional associates at their current office locations in Cohasset, Scituate and Hingham.

Chris Ford was born in Quincy, in 1941, graduated from Cohasset High School in 1959 and has advanced degrees from Bridgewater State College (BA), the University of Hawaii (MA) and Michigan State University (PhD). He served in the U.S. Peace Corps in North Bomeo, taught sociology and community development at the University of Guam, served as a legislative aide in the U.S. House of Representatives and began his real estate career with Coldwell Banker in suburban Washington, D.C. in 1981. Ford and his family returned to Massachusetts in 1982 when he worked briefly with the Jack Conway Company before acquiring rights to Hallmark 100 in 1982.

Chris and Karen, co-owner of Hallmark 100 and a licensed sales associate, live in Cohasset with their three children, Erica (24), Paul (21) and Jon (18).

Better Homes and Gardens Real Estate Service was formed in 1978 and is a network of more than 700 firms with more than 1,390 offices and more than 24,285 licensed sales associates in the United States, Canada and Puerto Rico.

it's happening

Fire video night at CCC

Fire video night, featuring WBZ-TV videographer Nat Whittemore, will be held on Saturday, Nov. 19, at 7:30 p.m. at the Cohasset Community Center.

There will be door prizes and refreshments. A $7 per person donation is requested.

The evening is sponsored by the Cohasset Firemen's Benefit Association, with proceeds to go to the association's scholarship fund.

For ticket information call Joe Migliaccio (383-0931), Bill Brooke (545-2532), Steve Maynard (383-2707) or Bruce Pratt (383-9287).

Order T-Day pies

The Appalachia Service Project volunteers will bake pies and breads for Thanksgiving. In addition to apple ($7), pumpkin ($7), and pecan ($9) pies, they will also have date nut and cranberry breads ($5 each) available for purchase.

Call Ami Argus at 383-9325 to place your order via phone or call someone you know who is involved with the Appalachia Service Project for an order form. Order forms will also be available at the local churches at their coffee hour this Sunday. Deadline for orders is Friday, Nov. 18.

The pies/breads will be available for pickup from 11 a.m. to 1 p.m. at the Second Congregational Church (next to town hall) Sunday, Nov. 20, or we can deliver your order during the afternoon of the 20th.

Amateur Gardeners meet

The Amateur Gardeners of Cohasset will meet on Nov. 15 at 1 p.m. for a demonstration of Christmas egg decorations, presented by Betty Madden.

The meeting will be at the home of Rita Drake at 9 Fair Oaks Lane.

Lightkeepers host party

The Cohasset Lightkeepers will open Bancroft Hall at the Lightkeeper's House on Government Island for a Christmas open house on Sunday, Dec. 18 from 2 to 6 p.m.

Everyone is welcome to come and enjoy hot cider, hot cocoa, coffee and homemade holiday treats. Music and caroling will add to the festivity of the occasion.

For many this will be an opportunity to visit one of Cohasset's newly refurbished treasures. Bancroft Hall is the first floor of the old lightkeeper's residence on the island, which has been renovated through the efforts of community volunteers and donors. It currently serves as a function hall which is available on a rental basis for parties, meetings and dinners held by members of the Cohasset community.

Caregiver support group

The Hingham Visiting Nurse Association and the Cohasset COA will hold their monthly Caregiver Support group meeting on Friday, Nov. 18 from 10 a.m. to noon at the Cohasset Community Center at 3 North Main Street.

Meetings are usually held on the second Friday of the month. New members are welcome.

For further information call 383-9112.

Community auction slated

The Cohasset Chamber of Commerce is celebrating its 10th year with a Community Auction on Nov. 12.

The festivities kick off at 6:30 p.m. with a free "Franks and Beans" dinner.

Antiques, gift certificates, and surprises will be auctioned off beginning at 7:30 p.m. This year's proceeds will be shared with the Appalachian Project, a group of 50 teens and 10 adults who journey to Appalachia each year to perform community service.

The auction will be held at the South Shore Community Center, 3 No. Main Street. Everyone is welcome to attend. For additional information call 383-6266.

'Guys and Dolls' at CHS

Cohasset High School's all-school musical, "Guys and Dolls," will be performed on Friday and Saturday, Dec. 9 and 10, with a matinee on Sunday afternoon, Dec. 11.

80 students from grades 7 through 12 will be performing, including Jamie Kondrat as Nicely-Nicely Johnson, Ron Nicynski as Benny Southstreet and Allison Ritts as Sarah Brown, complete with the Hot Box girls, the New York Street group and Cuban dancers.

The play is being directed by Bryan Marks and Jo-Ellen Wood and choreographed by Sharon Leslie.

Bring the whole family!

Christmas House Tour

The Garden Club of Hingham will present, "The Greening of Christmas/A Christmas House Tour" on Sunday, Dec. 11 from 1:00 to 7:00 p.m.

Eight beautiful homes will be decorated in holiday ...mes. Many of the houses are within walking distance of each other, and nearby free parking will be available.

Tickets are $18 in advance, $20 the day of the tour, and can be purchased at Bowl and Board, Heidi's and the Studio of Duxbury. Tickets may be purchased on December 11 at St. John's Parish Hall after 12:30 p.m.

There will also be a boutique and refreshments at the Parish Hall.

Advance tickets may be purchased by sending a SASE to Mrs. Wallace Meigs, 10 Howland Lane, Hingham. Checks should be made payable to The Garden Club of Hingham, Inc.

For further information call 749-5131 or 749-4219.

'Good Start' benefit slated

This season's annual Christmas Concert at First Parish will be held on Sunday, Dec. 11 at 4 p.m. and will feature the Unicorn Singers, under the direction of Margo Euler. The concert will benefit Good Start, a child abuse and neglect prevention program.

Good Start began on the South Shore in 1993 and is the MSPCC's nationally recognized program, which provides a continuum of home and community-based services to parents of newborns, to help children get off to a "good start."

Good Start brings experienced mothers into the homes of at-risk families to help them develop strong, caring ties.

Patrons are welcome, and their $40 contribution brings them two tickets by return mail. Tickets are $5 and will go on sale at the church office on Dec. 1 from 9 a.m. to 1 p.m. Monday through Friday. For further information call 383-1100.

Bridal Preview at SSCC

Tastefully Yours at the South Shore Country Club will present a Bridal Preview Reception on Sunday, Nov. 20 from noon until 3 p.m.

The reception will include table top displays representing products and services that will enhance a wedding reception. Business associates will be present to answer questions.

All future brides and members of their wedding parties are welcome to attend.

Admission is free, but reservations are required and may be made by calling 749-1720.

'Helping Hands' afghan

The Helping Hands Project raises money to benefit a number of different charities.

Custom-designed afghans depicting local sights and historic places of interest in communities are sold for $49.95, with $10 from each sale going to a designated charity.

The 100 percent cotton throws are warm, washable and are made in the United States. They can be purchased as gifts, or conversation pieces for one's own home.

Conceived by local businessman Kenneth Corson, the project has raised over $2300 for the Hingham-Hull Interfaith Clergy Association and nearly $2000 for the Historical Society.

In Cohasset, designated charities are the Friends of the Council on Aging and the Cohasset V.F.W.

Interested organizations may call Mr. Corson at the Glasshouse in South Hingham (749-2290) with suggestions or for further information.

Holiday panel discussion

"Interfaith Families and Holiday Celebrations" is the subject of a panel discussion to be presented at the First Parish in Cohasset, Unitarian Universalist, Sunday, Nov. 20, beginning at 7:30 p.m. When to exchange presents, holiday decorations, dealing with relatives and friends are among many issues interfaith families must resolve especially at this season of the year.

Four panelists, Rhoda Myers, Anne Selig, Richard Weisenfeld and Michael Bash representing families with Jewish and Christian backgrounds will share how they approach the holidays in ways that respect both religious traditions. The program will be held in the living room for the Unitarian Parish House, 23 North Main St., and the public is invited to attend and participate.

Ex-POW monument

The Southeastern Massachusetts Chapter of American Ex-Prisoners of War, Inc. is sponsoring the erection of a Memorial Monument to be placed adjacent to the chapel at the Brockton V.A. Hospital.

The monument will be a tribute to all ex-prisoners of war from Massachusetts who served in the armed forces.

Engraved bricks for the "Brick Circle of Family, Friends and Veterans" may be purchased for a tax-deductible donation of $100 per brick. An installment payment plan is available.

Other tax-deductible contributions are also welcome.

The organization's goal is $11,000. Contributions of $5,000 have been received to date.

All donations will be acknowledged at a dedication ceremony when the project has been completed.

Please make checks payable to: S.E. Mass. Am. EX-POW, Monument and mail them c/o Crissie Shepard, 615 Pleasant Street, Bridgewater, MA 02324-2347.

For further information call (508) 697-0146.

Yard-work is offered

Are the falling leaves piling up in your yard and walkway getting ahead of you? The Appalachia Service Project of Cohasset has teenage volunteer teams available to do leaf raking jobs during the weekends of Nov. 12 &13, 19 & 20.. Please call Ami Argus at 383-9325 to schedule a team to help rake leaves. The cost is reasonable and will be determined based on the size of the job. As always, thank you for your support.

Old Ship Merrie Market

The annual Old Ship Church Merrie Market will be held on Saturday, Dec. 3, from 9 a.m. to 2 p.m. at the Old Parish House of the Old Ship Church at 107 Main Street in Hingham.

This old-fashioned holiday fair will offer handmade gifts, holiday greens and wreathes, a children's table, raffle, snack bar and bake sale.

Proceeds from the event will be used to maintain the church, which was built in 1681 as Hingham's first meetinghouse and is now a National Historic Landmark.

Young Life to hold banquet

South Shore Young Life will hold its annual fundraising banquet Thursday, Nov. 17, at the Ramada Inn in Rockland at 6:30 p.m. The guest speaker will be Scot Henderson, the northeast regional director.

Young Life is a non-denominational Christian ministry in its 22nd year on the South Shore. Young Life offers weekly "clubs" which provide a fun, safe and caring setting for teens to socialize, learn valuable lessons and interact with positive role models. They also host Bible studies and popular summer camp experiences. The area director is Becky Chamberlain who is supported by volunteer leaders and an adult committee. Five Hingham High School participants are leading the junior high ministry called "Wild Life."

Young Life is a faith ministry completely supported by the local community. It is entirely dependent on individual donors. There is no charge for the banquet, but an appeal for funds will be made. For more information, call 749-2945, 749-2379 or 749-9489.

paul pratt library corner

'Little Women' tea

The Friends of the Cohasset Library will hold a tea and readings from Louisa May Alcott's *Little Women* on Friday, Nov. 18, from 4 to 5:30 p.m. at the Paul Pratt Library.

School children in grades kindergarten through six are welcome to attend and meet Meg, Jo, Beth, Amy and their friend Laurie, who are all currently starring in the Cohasset Drama Club's production of this story.

Admission is free, and seating is limited. For further information call the library at 383-1348.

New art exhibit at library

There's a new art exhibit at the library through December. Be sure to stop by and see some of artist Patricia McCarthy's work on display. Patricia is a teacher at the South Shore Art Center and has lived in Cohasset for more than 25 years.

South Shore Art Center elects new board officers

At the South Shore Art Center Annual Meeting Oct. 22, the members elected Thomas Hamilton of Cohasset, executive vice president of the Prudential Prime Properties, president, and Lesley Grilli of Cohasset, first vice president to the board of directors. Both are two-year terms. Hamilton has been a key member of the Art Center board since the mid-1980s when he served on the building committee for the new facility.

In addition to her Executive Committee responsibilities, Grilli will also continue as chair of the SSAC Exhibition Committee which coordinates the Bancroft Gallery exhibits and oversees gallery artist exhibitions. They look to work together to continue to serve the visual art needs of the region through education, exhibitions and special events.

The Art Center completed a successful year of eliminating its mortgage and increasing its memberships by 17 percent to 974. Hamilton said, "The significant increase in membership and participation is a recognition of the important need the Art Center fills in the cultural life of the South Shore."

Eric Oddleifson, Hingham, and Christopher Hidell, Hull, were elected to the Board of Directors through 1997. Oddleifson is president of Resource Investments, Inc. and chairman of the Center for the Arts in the Basic Curriculum. Through CABC, he has been a pioneer in encouraging the value of education in all the arts, not only for its own sake, but because it will enhance a student's performance. The Art Center is committed to encouraging integrating the arts into the classroom. Last year the SSAC sponsored a workshop for teachers and administrators and are working to provide workshops to train teachers in how to integrate art in the daily classes.

Hidell is a sculptor and South Shore Art Center Gallery Artist. He is a field technician with Hidell Eyster in Hingham. He is responsible for establishing Cedar Tavern, an artist discussion group which meets on the third Tuesday of each month. Two of his sculptures are on loan to the Art Center and are featured in the Neer Garden.

Leslie Grilli and Thomas Hamilton, both of Cohasset, are first vice president and president of the board of directors of the South Shore Art Center.

Oddleifson and Hidell join continuing Board of Directors members: from Scituate, Virginia Allen, artist and Mass. College of Art professor; Nancy Cusack, Head of Mass Art Continuing Education; from Hingham: Keith Kretschmer, Oppenheimer; Chris Rifkin, artist; Vcevold Strekalovksy, architect; Paul Taylor, Sr. Vice President, External Affairs, South Shore Hospital; and, Michael Weymouth, President, Weymouth Design; from Norwell, Peter Travi, President, Travi Construction; from Dedham, Kathleen Sherbrooke; and, from Cohasset, Bruce Cameron, Paine Webber; Richard deLima, Vice President, General Counsel, Polaroid Corporation; Eleanor Gorman, artist; Julie Guild, Hallmark 100 Properties; Kenneth Ingber, attorney, Gaffin and Krattenmaker; Suzan Killilea; Rhonda Myers; Alicia Spenlinhauer, and Lois Weltman.

Joining the Board of Advisors for one year terms are, from Hingham: Brooke Benjamin, Branch Manager, Bank of Boston, Cohasset; Carol Matzell, Travel Consultant, World Wide Travel; Meg Robbins; from Cohasset: Nancy Herlin, Quorum Health Resources; Elaine Welby, No Place Like Home; from Boston and Cohasset: Muriel Kasdon; from Duxbury: Elsie Chadwick, artist; from Scituate, Susan Nalband, artist; and from Canton, Naoe Suzuki, teacher and artist. They join continuing advisors: from Cohasset: Stephen Andrus, Jane B. Cook, Osborne Ingram, Jill O'Donnell, Philip Smith, Suzanne Terry, F. Allen Weisenfluh, and Claffy Williams; from Scituate: Anita Franks; from Pembroke: E. Mandeville Avery and Brooks Kelly; from Weymouth, Robert Belliveau; from Norwell, Robert Detwiler and Charlene Sullivan; from Quincy, David Foley; from Hingham, Susan Kilmartin and Dorothy Palmer; Margot Vickery, Braintree; and, Frank Neer, Wayland.

Golf club celebrates successful centennial

By Joe Reardon
Mariner staff

For retired attorney Louis Eaton, the golf season starts when the ground is dry enough to swing a club on without having to worry about a spray of water following his ball as it whips through the air.

The season ends when the New England snow comes, making golf impossible. There is no specific month or temperature in which Eaton puts the clubs away for the winter.

"There's no generality," said Eaton as he relaxed on the couch of his handsome Beach Street home. "There's a time called the mud season when it's not good to be on the course."

In between the "mud season" and snow, Eaton makes it a point to get in a few holes at the Cohasset Golf Club every day.

Eaton has been a member of the club since 1948. In this, the centennial anniversary of the 70-acre, 18-hole course which is tucked away near the Cohasset/Hingham town line, Eaton reminisces of the club's rich history as one of the oldest in the area.

Club president from 1968 thru 1970, Eaton is one of the 19 presidents who served in the slot since 1940.

But Eaton knows much of the club's history, long before he became a member and held the president position.

The club has never discriminated against women. In fact, according to Eaton, some of the original members were females. Up until 1910 most of the members were summer residents who spent the warm, lazy months in Cohasset and on its course.

One big difference Eaton has seen is the increase in catholic members beginning after 1950. Before he became a well-known figure in Massachusetts, Joseph Kennedy was turned down for a membership based on the fact he was catholic.

Skippers outmuscled by Archies' booters

By Joe Reardon
Mariner staff

As Keith Clark saw it, top-seeded Archbishop Williams' soccer team was just a little better than his ninth-seeded Cohasset squad in Tuesday afternoon's 3-0 loss in the quarterfinal round of the Division 3 South Sectional tourney.

"Williams established the tempo of the game," said Clark. "They were a little quicker and very direct in going to the goal. They got possession at mid-field too often."

Clark commended Archies' goalkeeper ("We couldn't get anything behind him") and found their team's disruptive style of play was "crude but effective" in taking the Skippers out of their game.

Despite Williams' no.-1 rank, Clark believed his squad would be up to the task of facing the Bishops. He had seen Williams play Norton, one of Cohasset's South Shore League foes, and found them having a tough time against the Lancers.

Williams didn't have it quite so tough when it came to the Skippers.

"We couldn't establish our game," Clark said. "They were enthusiastic and established their style.

"I knew we were going to be in for a game but if we played the game we wanted to I thought we could have taken them."

(See page 26)

Girls score huge win before elimination

By Joe Reardon
Mariner staff

The Division 3 South Sectional girls soccer tournament featured just how good the 10th-seeded Skippers (11-6-1) can be when the team is in synch, communicating on the field and hell-bent on walking away with a victory.

Maureen O'Day-Clark's squad registered one of its biggest wins ever by beating Abington 3-0 in the opening round last Friday. The victory over the Green Wave was the first in 10 years for Cohasset.

On the down side, Cohasset's postseason also gave fans a peek at what happens when things just don't click for the Skippers on the soccer field.

That became evident in Monday's 2-0 quarterfinal loss to second-seeded Sacred Heart of Kingston where the opportunities were many but the girls couldn't do anything with them.

"We didn't play our finesse game," said O'Day-Clark. "We had so many opportunities but nothing happened."

The result was Cohasset's elimination and the end to a very successful season for the team and O'Day-Clark's first season as head coach.

"Beating Abington was very rewarding for the girls," she said. "I'm really pleased with the entire season.

Cohasset had to battle a strong wind in the first half and had their problems moving the ball. The second half was a little better, but the Skippers weren't the team that eliminated Abington just three short days before.

To add insult to injury, SH's two goals were hardly in the highlight film category. "Two of them literally crawled into the net," O'Day-Clark said, "no exaggeration."

"They wanted that win bad," said O'Day-Clark. "I think Abington was unaware how much we wanted it.

"I've never seen them play so well. It clicked really nice. I think everyone thought Abington was going to kill us but it didn't happen that way."

Cohasset jumped all over the Green Wave in the first half, due mainly to the offense of Erin Murphy and Tammy Maitland. Murphy blasted two goals between the Abington posts and Maitland added a single tally.

The Skippers weren't totally in the clear. Abington came up with a pair of goals to cut the lead to 3-2 with less than 10 minutes remaining in the game.

But it was Cohasset's Tracey Conner who sealed the end of the decade-old losing drought when she drilled home a goal with eight minutes remaining.

Center-forward Megan Rhodes played one of her best games of the season for the Skippers in a contest few will forget any time soon.

Joe Reardon

Dave McKee

by Joe & Dave

The 11th Annual Rafferty's Pub 5-mile Road Race, held last Sunday in Marshfield, enjoyed its best year yet as a record field of 318 completed the out-and-back course along Webster Street.

Despite unseasonably warm temperatures that made for a lot of runners dumping cups of water over their heads after they finished, the crowd seem to enjoy the race.

The real fun came after when Rafferty's owner Mike Gibbons served up his home-made chili. Runners washed down the piping hot chili with ice cold beer as they socialized both inside the quaint pub and outside in warm, early-afternoon breeze.

Race director Peter Noyes, said he is looking into some changes for next year's race. And although he didn't want them to be made public at this point, Noyes said he believed the changes he has in mind will be well-received by the runners.

Noyes and the volunteers who worked the finish line and along the course should be congratulated for a job well done in a race that is still one of the best kept secrets in South Shore road running.

—Joe Reardon

•••••

The MIAA's new tournament qualification standard of achieving a .500 record during the season is not the only way to get into the postseason. Teams that finish second in their respective leagues are also eligible for the tournament.

So what group is included in that lot? That's right, teams with records below .500. This fall five sub-.500 squads were lucky enough to fit through this loophole in Eastern Mass. The biggest joke of the three was Brockton High's girls soccer team. The Boxers finished the regular season with a *4-13-1* record!

Maybe the MIAA could amend its new standard by requiring the second-place team to have a .500 or better record as well.

—J.R.

•••••

Monday was D-Day for high school girls' soccer on the South Shore as four of the best teams battled in the state tourney.

In Division I South play Marshfield High travelled to Notre Dame Academy for the second straight season while in Division III South play, Norwell travelled to Hanover for the second time in three years.

And once again, Marshfield and Hanover were the victors as the Lady Rams topped the Aces 1-0 and the Indians sunk the Lady Clippers 2-0 in overtime.

Both games were hard-fought battles that turned on single goals.

In the Marshfield victory the Lady Rams scored five minutes into the game while it took Hanover more than 90 minutes for the winning tally.

Marshfield, the Div. I winner and Norwell, the Div. III loser, have very similar styles on the field. Both teams

(See page 26)

Mariner Sports

Skippers outmuscled by Archies' booters

(Continued from page 25)

Cohasset registered an easy 4-1 victory over eighth-ranked Avon in the opening round.

Kevin McKenna scored the Skippers' first goal of the postseason when he redirected Ben Redfield's corner kick to the back of the net for the only score of the first half.

Midfielder Eric Henry burned Avon with two quick goals in the opening minutes of the second half. Sophomore Joe Magner rounded out the scoring when his shot found its way to the back of the Avon net.

"Avon was a young team and we had the chance to let everybody play in the second half," Clark said.

It turned out to be the last action some of them would see in a Cohasset High uniform until next fall.

Golf club celebrates centennial

(Continued from page 25)

Eaton said the exclusion of catholics was more a "reflection of society at the time." However, Eaton has never heard of the golf club being referred to as "stuffy."

"Basically, they (catholics) weren't socially acceptable in country club society," Eaton said.

When asked what he believed the credentials one needed to become a member, Eaton answered: "Having lots of money and being from an old family was probably the prerequisite."

Eaton explained that from the 1920's to 1940's people within the town knew everybody else and were able to find out if people were financially and socially acceptable for the club.

Times changed, however, and the club began including "more of a cross-section of society."

The 100th anniversary of the 500-member club had a number of special features to go along with the 20-plus tournaments held during the golf season.

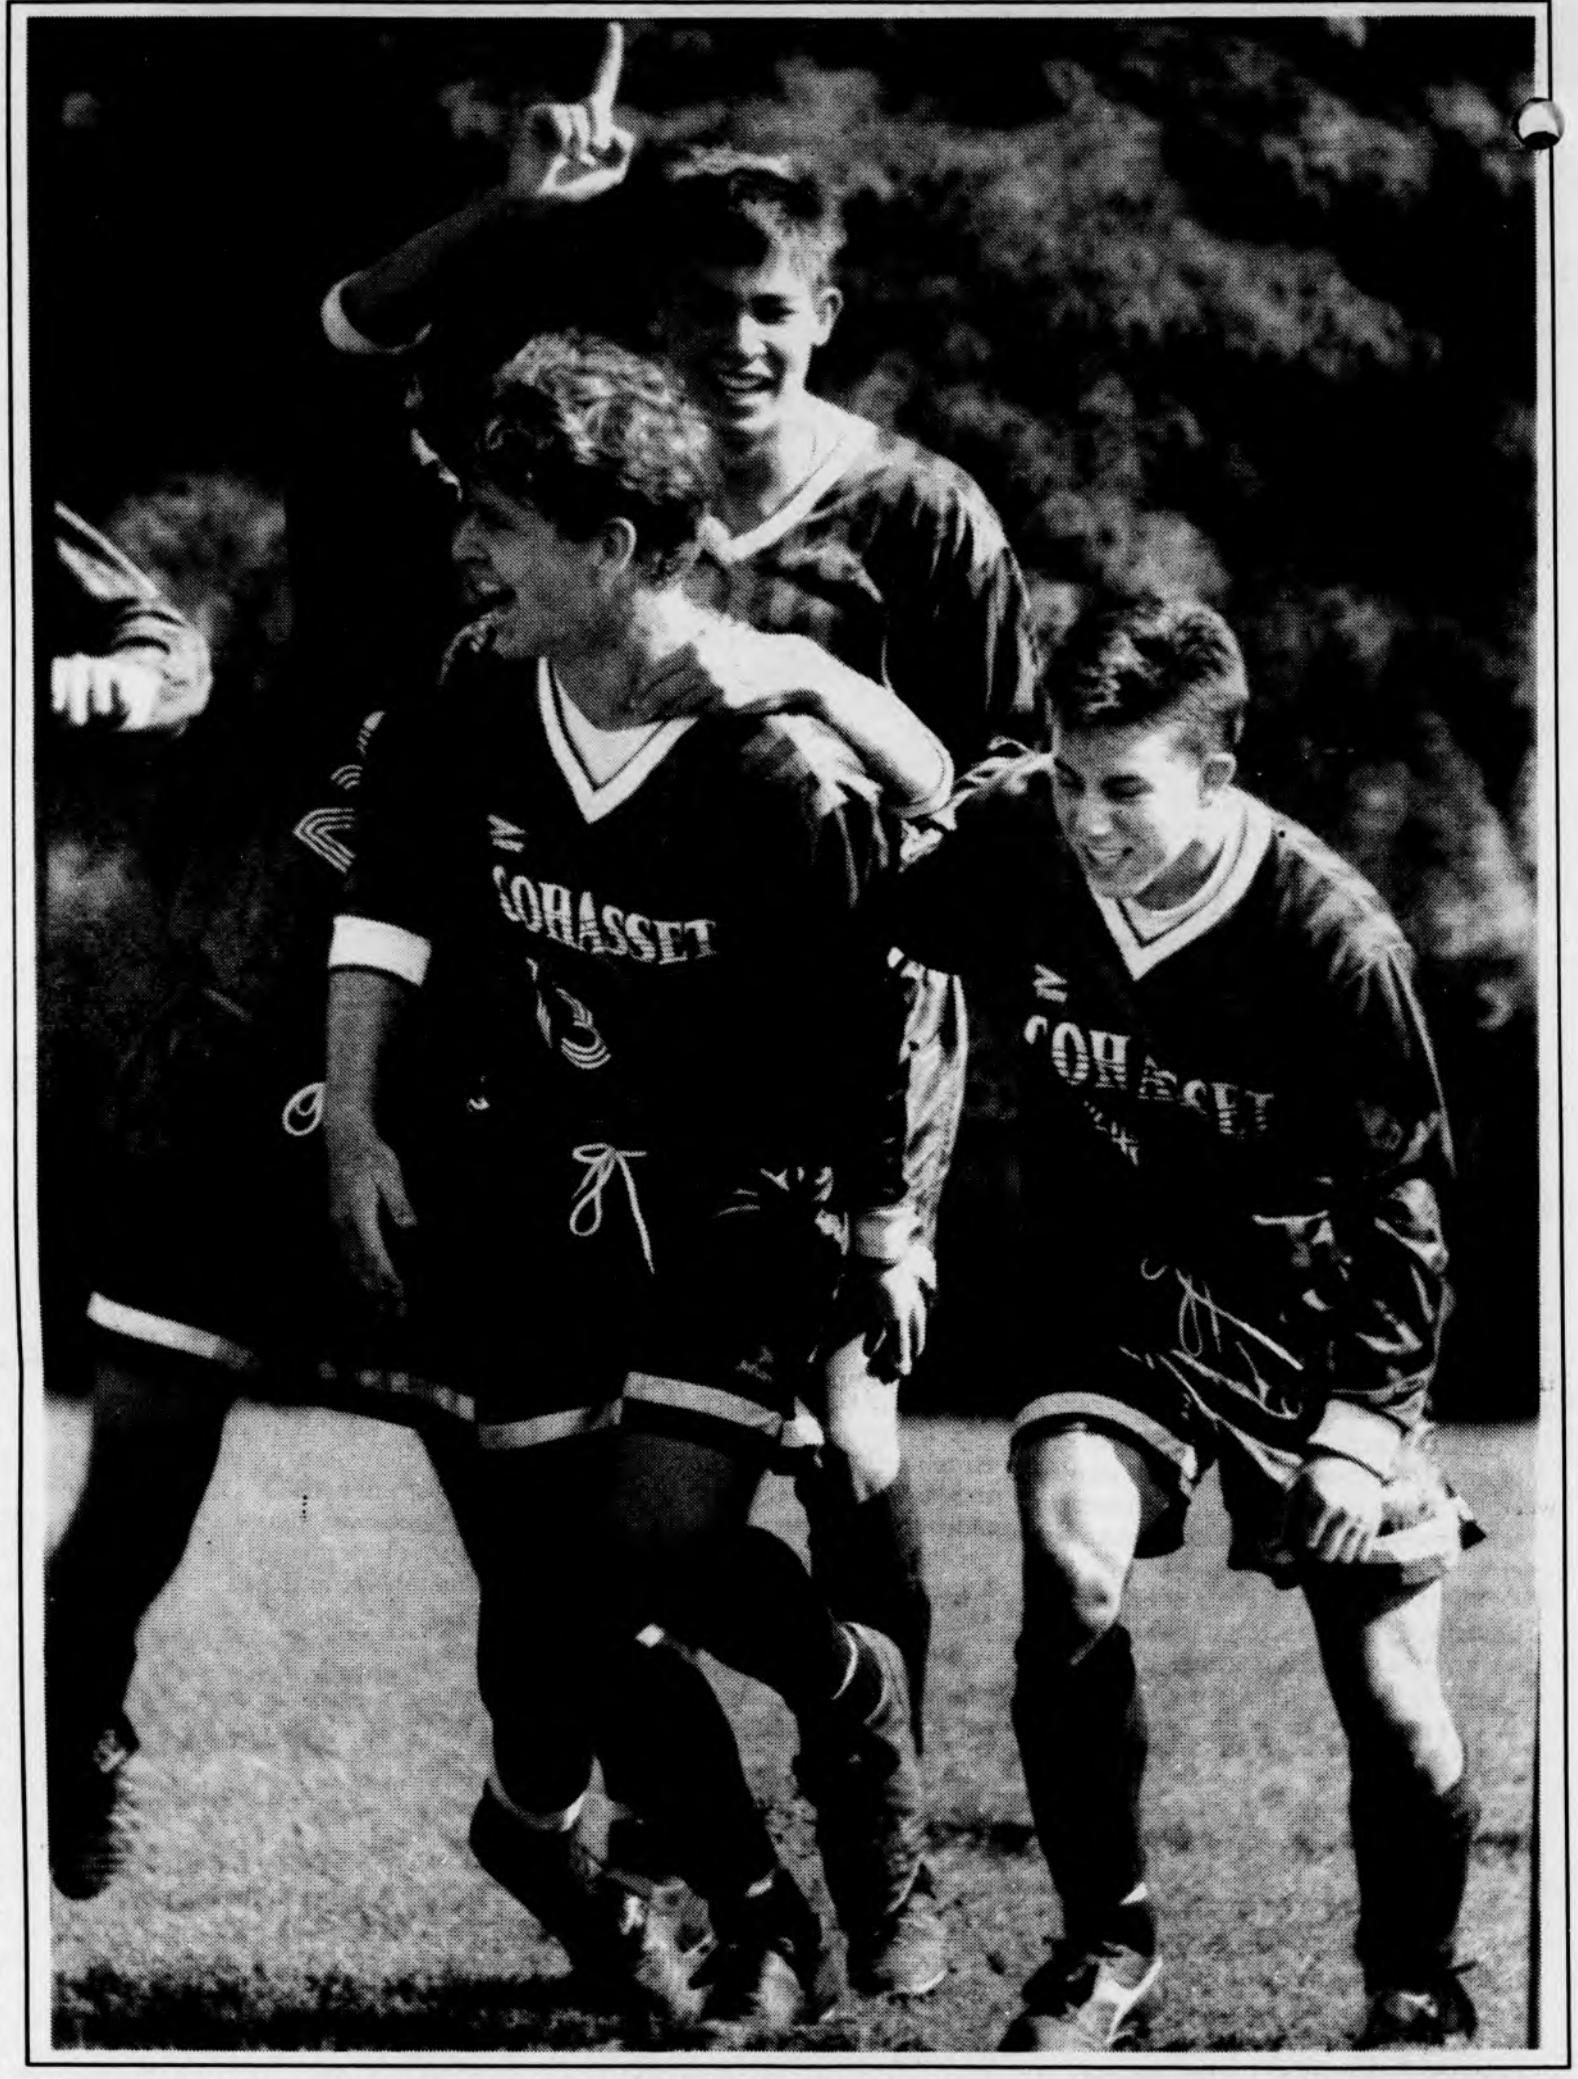
In May, 168 golfers turned out for the centennial mixer tournament. A dinner was held that evening, the highlight of which was presenting the former presidents of the club with handsome blazer jackets.

The second round of the Francis Ouimet Golf Tournament was held on the course back in July and the State Senior Amateur Championship invaded the course September 12-13.

The club's golf pro of 22 years, Gene Peterson, believes the course is a popular one for the people of Cohasset simply because it is located within the town and golf enthusiasts don't have far to travel to play a round or two.

The course is also referred to as a "Donald Ross course" named after the Scottish architect who designed the layout changes in the 1920's. There is some discrepancy as to the exact years the work was done because records were burned in the 1971 blaze that destroyed the club house.

As the days grow colder there will be fewer and fewer golfers on the long fairways of the Cohasset Country Club. Louis Eaton will still be out there though, driving his ball into the chilly air. The snow will be coming soon. Eaton's '94 golf season is definitely in its twilight.



Cohasset High soccer players celebrate a goal earlier this season as they work their way to qualifying for the Division 3 South Sectional tourney.

(Staff photo/Alan Chapman)

extra points

(Continued from page 25)

use speed, aggressive defense and opportunistic offense to win games.

However, Notre Dame and Hanover are totally different as the clubs instead use finesse passing and positional defense to get the job done.

Watching both games, any soccer fan would appreciate both styles of play.

But in the end, like most soccer games, the team that scored first won the game showing that the state tourney is about momentum and defense.

All four teams deserve credit for their outstanding seasons. It is too bad they had to face each other again so early in the state tourney. Maybe next year, the four teams will see other teams in the early rounds.

Rivalries are great but tourney directors could mix things up once in a while.

-David McKee

*****

Thank goodness there isn't a Salem Mariner.

All last week there were endless stories about the Salem High football team, the teacher's strike and its coach Ken Perrone and whether he would defy the picket line and show up for the big game.

Covering sports is not rocket science. They usually keep score and you can tell who won in the end by looking at the scoreboard.

But with this story it is not that easy to tell who the winner is.

The coach and the football team won the game but several of the coaches may lose their jobs for defying the orders of the school superintendent.

And with the extra attention, the already tense teachers' strike may be worse off.

Time will tell which side was correct. If Salem goes on to win the Super Bowl maybe some of the sting will be lessened and everyone can come together.

But it doesn't look like that will happen. The coach has already hired a lawyer and it could get ugly as the season progresses. Stay tuned.

—D.M.

C.H.S. crew wins at Mystic

Congratulations to the Cohasset High School crew team which won the Head of the Mystic Race at Mystic Seaport, Saturday, Oct. 29. Crew members were alternative school director Jack Buckley, Dean Volungis, Brendan Kinchla, Mike Coates, Anthony Green, Cyrus Dolph and David Marr.

Mariner Sports

Skippers come up short in gritty performance

By Jim O'Sullivan
Special to the Mariner

In a non-league game Friday, Cohasset travelled to Charlestown to try and boost their record but came up short, as a gutsy fourth quarter effort left them shy of their fourth victory of the season. Charlestown was too much for CHS and overtook them 18-14.

Cohasset's defense played a solid game, led by the front line of Larry Adams, Dorian Bryant, Brad Potolicchio, Brian Sasso, Nick Welz and Anthony Wigmore.

However, Charlestown quarterback Sean Brown scrambled for 55 yards in the second quarter. The extra-point attempt failed and Cohasset trailed 6-0. They couldn't score that quarter or the next.

Charlestown picked up their second touchdown of the game in the second quarter when Juan Capeles rushed in from the 5. Cohasset again held the home team from scoring on the two-point conversion and stuffed Capeles outside the end zone.

The fourth quarter started and the Skippers exploded, gaining ground with 14 quick points. They drove down to the 2-yard line before junior Mike Dunphy bounced through the aggressive Cohasset line and into the end zone to put the Skippers on the board. Then Dunphy turned around and showed his versatility by splitting the uprights with the extra point, pulling Cohasset to within five points, 12-7.

Charlestown didn't have time to respond. Cohasset's superstar back Tom Allen, who has already rushed for over 1,000 yards on the season with three games still remaining, trotted in from 38 yards out, to put CHS ahead 13-12. Dunphy again made good on the extra point to boost Cohasset's lead to 14-12.

But Charlestown wasn't finished. Brown, who would finish with 12 carries and 115 yards rushing, showed his mettle by herding his troops down the field and taking the ball in from the 2 with 1:20 left.

Cohasset's squad played a tough game and looks forward to this week's game against Dover Sherborn. The Skippers will be gunning for their fourth win this season.

South Shore Community Center "Gymnast in Motion" coaches Patti Donahue and Ruthann Ardizzoni pose with 1992 Olympic gold medalist Trent Dimas during a break in a gymnastics symposium held at Mount Holyoke College.

Recreation Department offers ski lessons

The Cohasset Recreation Department will conduct Blue Hill ski lesson registration Thursday, Nov. 17, at the registration office, Cohasset Town Hall, from 3 to 4 p.m. and 5:30 to 6:30 p.m. Registration forms must be signed by a parent or guardian for participation in this five week program. Beginner through advanced level instruction is available for youths, aged 7 and older. Lessons are scheduled to begin Thursday, Jan. 5. The bus will leave each week from the town hall parking lot at 3:30 p.m. and return about 6:45 p.m.

The fee for the ski lessons and transportation for the five weeks is $95 and checks should be made payable to Town of Cohasset. Those participants who require equipment rentals may rent at Blue Hills and the cost for the five week rental package is $45 per person. A rental fee can be included in the check for program fee. This is the 18th year that ski lessons at Blue Hills have been offered through the Cohasset Recreation Department and over the years hundreds of youngsters have had the opportunity to learn to ski, or to improve their technique.

Quartet shines at Octoberfest meet

On Sunday, Oct. 23, gymnasts with the South Shore Community center "Gymnast In Motion" competed at Cape Cod Gymnastics in Dennis.

Level 5 gymnast Alisha Suddath received a 28.80 all-around score with a 7.20 on bars, beam, vault and floor exercise.

Carlie Carter received a 31.30 all around with a 7.90 on bars, 7.60 on vault, 8.10 on floor, and a 7.70 on the beam.

Teammate Melanie Suddath had strong performances on the floor with an 8.80, 8.60 on beam and bars, and a 7.20 on the vault.

Level 6 competitor Caitlin Flint took first on beam (8.10), floor (8.70) and vault (8.60). Flint placed second on bars (7.60) and second in the all around.

public notice

COMMONWEALTH OF MASSACHUSETTS THE TRIAL COURT PROBATE AND FAMILY COURT DEPARTMENT NORFOLK DIVISION
DOCKET NO. 144952T19
Notice Of Fiduciary's Account

To all persons interested in the estate of J. Franklin McElwain late of Cohasset, in the county of Norfolk.

You are hereby notified pursuant to Mass. R. Civ. P. Rule 72 that the fourth through eighth being 20th through the 24th accounts of the Trust, Horace S. Nichols and Francis H. Gleason as trustees under Article sixth of the will of J. Franklin McElwain f/b/o descendants of testator's father et al (the fiduciary) of said estate as Trustee - (the fiduciary) under Article 6 of the will of said deceased for the benefit of descendants of testor's father (the fiduciary) of the property of said J. Franklin McElwain have been presented to said Court for allowance.

If you desire to preserve your right to file an objection to said account(s), you or your attorney must file a written appearance in said Court at Dedham on or before the seventh day of December, 1994 the return day of this citation. You may upon written request by registered or certified mail to the fiduciary, or to the attorney for the fiduciary, obtain without cost a copy of said account(s). If you desire to object to any item of said account(s), you must, in addition to filing a written appearance as aforesaid, file within thirty days after said return day or within such other time as the Court upon motion may order a written statement of each such item together with the grounds for each objection thereto, a copy to be served upon the fiduciary pursuant to Mass. R. Civ. P. Rule 5.

Witness, Robert M. Ford, Esquire, First Justice of said Court at Dedham this twenty-eighth day of October, 1994.

COMMONWEALTH OF MASSACHUSETTS THE TRIAL COURT THE PROBATE AND FAMILY COURT NORFOLK DIVISION
DOCKET NO. 94P2668A1

Estate of THELMA K. MCKENNA late of COHASSET in the County of NORFOLK

NOTICE

A petition has been presented in the above-captioned matter praying that KAREN A. SHEERIN of COHASSET in the County of NORFOLK be appointed administratrix of said estate with surety on the bond.

If you desire to object to the allowance of said petition, you or your attorney must file a written appearance in said Court at Dedham on or before ten o'clock in the forenoon on December 14, 1994.

In addition you should file a written statement of objections to the petition, giving the specific grounds therefore, within thirty (30) days after the return day (or such other time as the Court, on motion with notice to the petitioner, may allow) in accordance with Probate Rule 16A.

Witness, Robert M. Ford, Esquire, First Justice of said Court at Dedham, this first day of November, in the year of our Lord one thousand nine hundred and ninety-four.

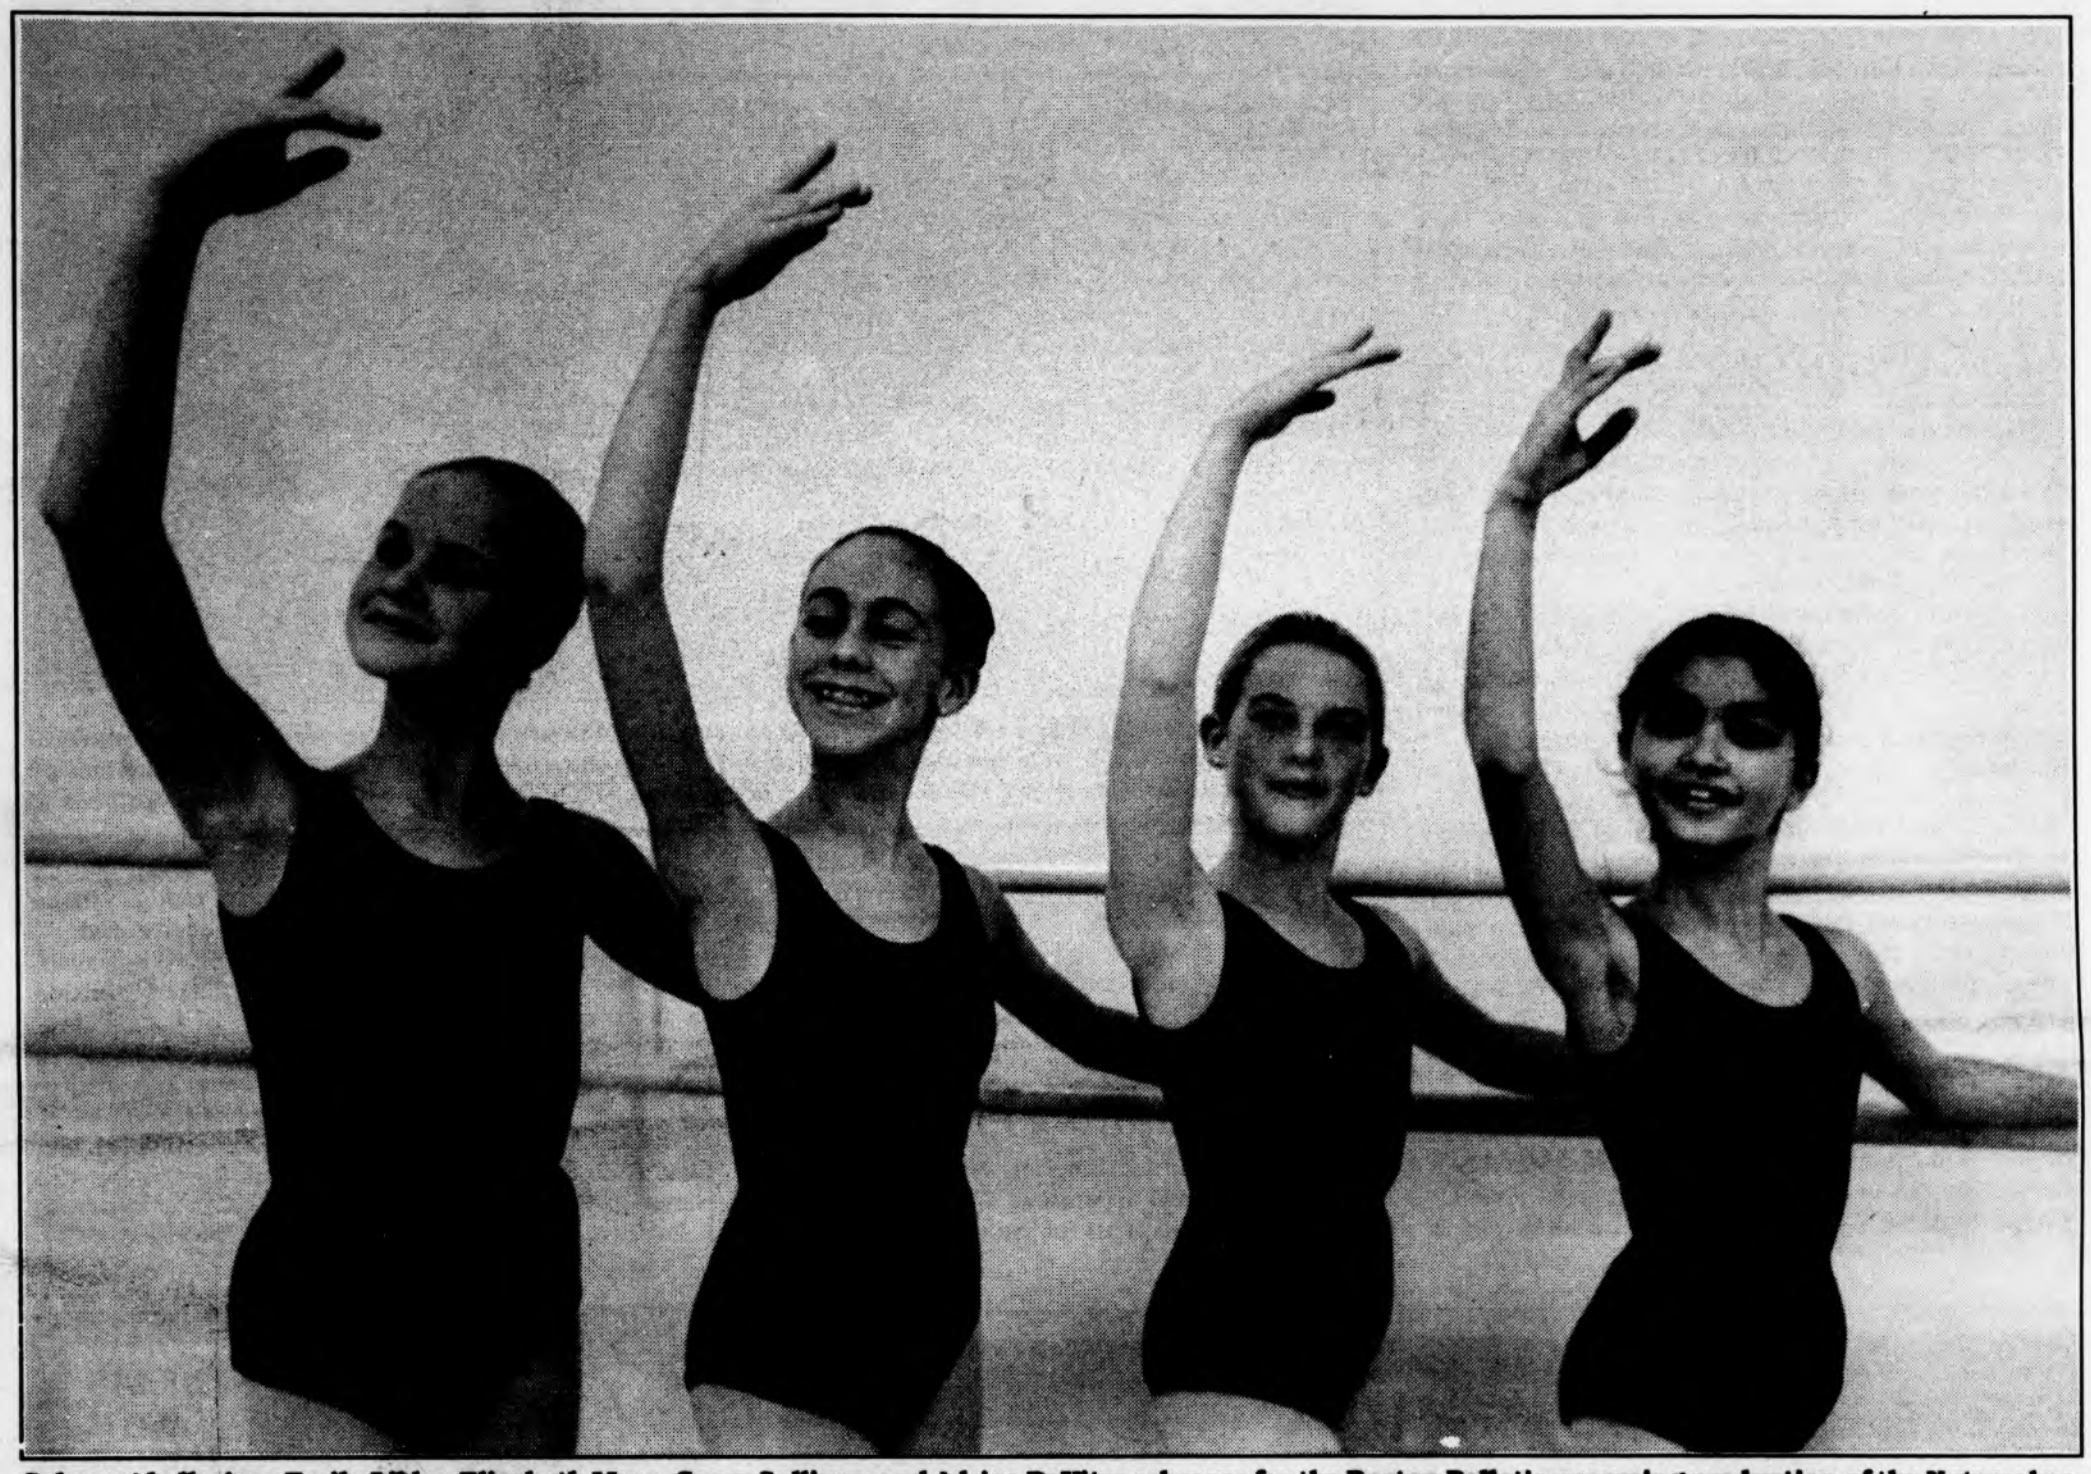
Cohasset Mariner

Vol. XVII, No. 3 | Thursday, November 17, 1994 | 1-800-649-6661 | 50 cents



Cohasset ballerinas Emily Libby, Elizabeth Myer, Corey Sullivan, and Adrina DeVitre rehearse for the Boston Ballet's upcoming production of the Nutcracker. For story, please see page. 16.

(Staff photo/Alan Chapman)

State law takes position on youth sports playing field

By Mary Ford
Mariner staff

Selectmen learned Monday that Cohasset should put its summer soccer camp out to bid.

They also found out the town could face stiff penalties if some of its subcontractors fall under the federal definition of employee.

Antonio Roselli, of the accounting firm Tucci & Roselli CPA, told the board that the town was non-compliant with the state procurement laws because services with respect to the private soccer camp were in excess of $10,000, the threshold number that triggers state bidding requirements.

Charging an administrative fee for being the "middle man," Cohasset is host to several private summer sports camps through the town recreation department including two soccer camps, a baseball camp and basketball camp.

Selectmen Chairman Michael Sullivan was incredulous with the prospect of bidding for kids camps.

"I don't think this is what the inspector general had in mind," he said.

But Selectman Peter Pratt disagreed, saying. the town should seek competitive bids when the vendor is a for-profit franchise.

Recreation Department Director Jack Worley said the town contracts with two private soccer vendors,

(See page 5)

Selectmen lay tracks for rail consultant

By Mary Ford
Mariner staff

Selectmen are moving forward with plans to hire a consultant for up to $15,000 to comment on the soon-to-be released Environmental Impact Report (EIR) on the Greenbush Line of the Old Colony Railroad and five other transportation alternatives.

The board, which is split on its support for restoration of the railroad, grappled this week with setting parameters for the scope of the town study.

Hiring a consultant to comment on the EIR — approved at the special town meeting last month — is not geared to stopping the railroad. It is to avoid or mitigate possible impacts on Cohasset if the Greenbush line gets the green light from the Massachusetts Bay Transit Authority (MBTA) which conducted the federally-mandated feasibility study focusing on environmental impacts of transportation alternatives, selectmen said.

The focus of the town scope will include:

- Route 3A — Station: traffic light and improved access by pedestrians, bicyclists.
- Traffic impacts at grade crossings including safety for pedestrians and vehicles.

(See page 5)

Citizen of the Year nominations open

Nominations are now being accepted for the second annual *Cohasset Mariner* "Citizen of the Year" Award.

This award is established to recognize an individual for outstanding service to the community or for a special achievement.

Last year, *Cohasset Mariner* readers honored T. Gerard Keating "Mr. Cohasset," for his more than half-century of contributions to his community, including chairman of the Council on Aging, chairman of the school committee, president of the hockey boosters club, vice president of the Cohasset Historical Society, director of veterans services, and lector, eucharistic minister, usher at St. Anthony's Church and more.

He was chosen from 21 nominees.

(See page 13)

Early deadline noted

Because of the upcoming Thanksgiving holiday, your next *Cohasset Mariner* will arrive a day early, Wednesday, Nov. 23.

The advanced publication date will shorten the deadline for incoming community copy by one business day to noon, Monday, Nov. 21. That means all items must be dropped off at Hennessy News in Cohasset Village or at the Marshfield office, 165 Enterprise Drive, by noon Monday if you want your news or happening to appear in that week's issue. Copy may also be mailed to PO Box 71, Cohasset 02025.

All Mariner offices will be closed on Thanksgiving Day.

Cohasset's week

Clam issue is debated

Scituate selectmen are currently debating whether to allow Cohasset residents to dig for clams on the Scituate side of Cohasset Harbor at the in-town rate.

Board chairman Joseph Norton read a letter at this week's meeting from Cohasset board chairman Michael Sullivan, asking the Scituate selectmen to reconsider their earlier decision that required Cohasseters to pay the $50 non-resident fee for a permit to dig on Scituate soil .

"As I am sure you are aware, the proposal calls for digging only in that area over which the Town of Cohasset has enforcement jurisdiction, in accordance with a Special Act of the Legislature in 1912," Sullivan wrote. "Although no one has been able to locate any documentation, there seems to be some indication that in the past a Cohasset license did allow shell fishing on the Scituate side of Cohasset Harbor. We would be happy to send a representative to your meeting, if you wish to reconsider the issue."

Although selectmen agreed to consider the issue at a later meeting, Norton defended the grounds on which the board's earlier decision was based.

"There was no precedent to allow the digging," Norton said. "There was no reason to allow it. We felt that allowing it would have opened a Pandora's box, with other neighboring towns requesting the same permission. But we are almost certainly willing to listen to what Cohasset has to say."

This week Cohasset selectmen said they may ask state Rep. Mary Jeanette Murray, who sits on the local affairs committee, for help in the turf war over clamming rights.

They are upset that Cohasset residents must pay the $50 out-of-town permit fee to clam on the Scituate side of Cohasset Harbor. Scituate residents pay $20.

Scituate and Cohasset have shared enforcement jurisdiction over the flats which the state opened last month. There are no Cohasset flats open.

Cohasset Town Counsel Richard Henderson said while the town does not have statutory rights, it "could form a militia and take it by arms."

Heather Crosby holds Tango while Dr. Karin Kaczorowski gives her a shot at the rabies clinic last month at Cohasset Town Hall. State law requires that cats be licensed and vaccinated against rabies. Call Health Agent Dr. Joseph Godzik 383-9900 for more information. (Staff photo/J. Paul MacDonald)

Man charged in break

Police have sought a warrant for the arrest of a 21-year-old Hull man following a break-in at Marylou's News on Rte. 3A last week.

David Jenkins, whose last known address was 5 Malta Street in Hull is charged with larceny and breaking and entering in the nighttime, Police Sgt. Robert W. Jackson said. The break occurred at 9:33 p.m., Nov. 9.

Police would not reveal how much cash was taken. Jackson did say police may seek a complaint against another individual.

Scituate man is charged

Police have charged Stephen Wihtol, 68 Brockton Ave., Scituate with Operating Under the Influence (second or subsequent offense), Operating after Suspension (third or subsequent offense) and failure to stay in marked lanes following a motor vehicle accident at 1:35 a.m., Nov. 13 on Forest Ave. Ext.

Police Sgt. Robert W. Jackson said the Volkswagon, Wihtol was driving was "totalled" after allegedly hitting a stonewall.

Wihtol was arraigned on the charges Monday in Quincy District Court with a further court appearance scheduled for Dec. 18.

Jackson said Wihtol refused the breathalzyer test and therefore automatically lost his license for 120 days, as required by state law.

Cohasset citizens wanted to serve on town boards

Selectmen are actively soliciting volunteers who would like to get involved in town government by serving on an appointed board.

• Several citizens are needed for the E-911 committee to set the stage for Enhanced 911 which should be in place in Cohasset within a year. The committee will specifically look at how best to handle the dispatch duties with the new emergency telephone system and in the long term could look at regionalizing that service with other towns.

• The town is in dire need of cemetery space. There are two openings on the cemetery committee for enthusiastic individuals who help find a solution to the problem. Plans are in the works to expand the Beechwood Cemetery.

• The Americans With Disabilities Act is a federal law with implications at the local level. The Commission on Disabilities will deal with the law and its impacts on Cohasset. That board needs three new recruits.

• Does that old New England flavor of Cohasset appeal to you? If preservation is important to you, then how about getting involved? The historical commission has a vacancy.

• Cohasset schools will need upgrading. If you have some time to spare, the school facilities committee is looking for some new blood.

• If mosquitos are the bane of your summer existence, how about joining the mosquito control board? This group has lots of creative ideas about how to get a hand on the pesky insects over the long and short term.

For more information about serving on a town board, call the selectmen's office at 383-9900 or stop by their office which is on the second floor at town hall.

Zoning bylaws ready

The Cohasset zoning bylaws have been revised and reprinted. They are for sale in the Building Inspector's Office and the Planning Board Office for $10.

Bill payments okay'ed

Selectmen authorized payment of the following bills last week: $7,814.60 (June) and $20,684.15 (July) to the law firm Goodwin, Procter & Hoar for legal work relating to the town's sewer plant; $2,942.31(July) and $6,485.87 (August) to Tutela Engineering Associates for sewer related work; $598.85 to EET, Inc. and $2,175 to Civil Designs Inc. for work relating to a town public works garage; and $4,416 to town counsel Richard A. Henderson for his legal services provided the town.

Traffic danger reported

Jacqueline B. Clark, 23 Highland Ave., wrote to selectmen to express concern about the dangerous situation at the post office driveway and Ripley Road.

"I've witnessed the adult driving population view the entering and departing the post office as all roadway and the children see the entrance to that parking lot as a sidewalk," she said.

"This contradiction of definition poses a serious hazard to the children," Clark said.

"I urgently request your consideration of a painted crosswalk the distance of the pavement under discussion."

Selectmen said the safety officer is looking into the matter.

Linda Pattison

Name: Linda Pattison

Occupation: Owner of Linda's Wee Manor, 779 Chief Justice Cushing Highway (Rte. 3A).

Goal: To keep working full-time at my business. (Linda, whose been in the miniatures business for five years, has just completed her first year working at it full-time after 'retiring' from the post office).

Best day of your life: The day my son was born.

Biggest worry: That the economy continues to get stronger.

Best vacation: Our honeymoon in Rockport.

Favorite season: Winter, it's the best season at the shop.

Favorite holiday: Halloween.

Favorite TV show: *"Law and Order."*

Favorite book: Anything by Stephen King.

Favorite movie: Any good oldie on the American Movie Classics (AMC) channel.

Favorite junk-food: Anything chocolate!

Most embarrassing moment: Chasing flying mail down the street while a group of landscape workers stood by and watched!

Person you'd most like to meet: Pope John Paul II.

Pet peeve: People who won't ever take chances.

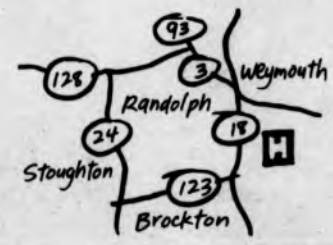
the yearning

Suddenly
we're smiling at babies.
Is it time for us?
Trying out names.
We whisper them to each other
dreaming of the day
we say "I love you"
to our own.

South Shore Hospital is close and easily accessible.

But where we are isn't as important as what we are: a safe, reassuring birth place staffed by doctors, midwives, nurses and others who share your concern, your anticipation and your joy. We know how to combine the best in medical technology with care that comes from the heart...from before you are pregnant to beyond your baby's birth.

Whether you are pregnant or hope to be so one day, choose South Shore Hospital.



Call for our free brochure, a hospital tour or a referral to a doctor in your area.

State law takes position on field

(Continued from page 1)

South Shore Soccer Camp headed by Babson College coach John Anderson of Scituate and Larry Schultz of Cohasset for kids eight-to-18 years, and the Hingham-based VIP Soccer Camp for younger children.

Worley said three years ago the town advertised for new soccer camp vendors because the previous company used, North American Soccer Camps in Connecticut, did not offer a full-day program.

He said the recreation department would seek help from town counsel on the bidding process. Worley said the baseball camp brought in $7,050 last summer and is not sure if that should also be bid because it is approaching the $10,000 mark. The amount camps make depends on the number of participants, Worley said. The town gets 10 percent of the gross which goes back to the general fund.

Roselli also used a recreation department aerobics instructor as an example of a sub-contractor who is meeting most of the guidelines the IRS uses to determine employee status, such as reporting at the same time every week and working exclusively for the town.

If the IRS finds that sub-contractors are actually employees, the town could be liable for back Social Security and Medicare taxes, Roselli said.

"We suggest the town review all the existing relationships with subcontractors to determine if some of these relationships actually fall under the definition of employee," he said.

The firm, Tucci and Roselli is hired by the town to perform an annual audit.

Selectmen lay tracks for rail consultant

(Continued from page 1)

- Downtown impacts: traffic circulation; adverse impacts to businesses adjacent to the right-of-way; and loss of parking for all downtown businesses.
- Financing: review and comment on projected annual costs to support debt service and operating expenses and its projected impact on Cohasset.
- Well/water supply: measures to prevent Sohier St. and Elm St. wells from pollution.
- Impacts on police, fire, and emergency medical response.
- Noise/air quality/vegetation.
- Cost to town for loss of town-owned right of way.

It was not clear if there was a consensus on whether to include comment on transportation alternatives in the scope.

Selectman Peter Pratt raised the issue.

Selectman Jane Goedecke objected to broadening the focus to include alternatives.

"My concern is that we agree what the consultant should look at," she said. "I do not want this scope to get bogged down in our politics."

Selectman Michael Sullivan suggested the town could respond to whether alternatives have been adequately reviewed in the EIR.

"We can determine that ourselves," Goedecke countered. "(Alternatives) are a matter of opinion."

Selectman Martha K. Gjesteby, who was one of three Cohasset citizens on the Citizens Advisory Committee (CAC) which commented on the EIR, said the consultant should zero in on specific impacts to Cohasset.

After 18-months of study, the CAC last spring unanimously supported restoration of the Greenbush Line with a short tunnel under Hingham Square. The 17-member group represented all towns along the Greenbush corridor.

Once the EIR is released, the public will have 45 days to comment on the report and there will be a public hearing mid-way through the comment period. Once state Environmental Affairs Secretary Trudy Cox reviews the report and considers public comment and is satisfied with the environmental study, the MBTA can move ahead with the Final Environmental Impact Report focusing on a preferred alternative.

Besides Alternative 6a (rail with a short tunnel), the EIR considered no build; at-grade diesel-powered commuter rail service to Scituate; commuter boat with expanded Hingham terminal and new terminal at Nantasket and/or Quincy and feeder bus service; and expanded bus service and park/ride lots.

At special town meeting, the advisory board did not recommend the town pay for a consultant to comment on the EIR.

Advisor Deborah Cook, who also sat on the CAC, said the town would not get enough expertise for the money.

"We're not going to get enough for that amount of money in that amount of time for it to be worthwhile," Cook said following town meeting.

Cohasset granted 25 federal housing subsidies

By Alice C. Coyle
Mariner Staff

After years of having little or no affordable housing opportunities to offer low to moderate income families in town, the Cohasset Housing Authority hit the jackpot this year with the U.S. Department of Housing and Urban Development (HUD).

John Muncey, Chairman of the Cohasset Housing Authority said that for years the town applied for state and federal subsidized housing and got nothing. Five years ago Cohasset received six mobile "Section 8" certificates which would provide rental assistance to six individuals or families and allow them to take the certificate with them if they move.

Seeing an ever-growing need, four months ago Muncey said the housing authority applied to HUD for 50 more certificates.

"We looked at it this way. To build affordable housing on donated land is next to impossible because of the make up of the soil in town. We're lucky to get it to perk."

Muncey also pointed out that the state doesn't have the money to buy any land that is for sale.

"So we decided to go the section 8 certificate route to help people find affordable housing," said Muncey. "We picked up 25 section 8 rental certificates from HUD and we were tickled pink."

Muncey said he was very surprised and pleased with the big increase.

A HUD spokesperson said that the amount of the federal subsidy is decided on a very individual basis and is based on many factors including income and family size.

The income qualifications vary but for a family of two the "very low" rate to qualify is $20,500 and the "low" rate in $31,900. With a family of four the amounts increase to $23,350 and $37,350. Muncey said that anyone who meets the federal income guidelines can apply for the rental assistance program.

Tera Frier, a spokesperson for the State's Executive Office for Communities and Development (EOCD) said that there are 50,000 individuals and families in the state that qualify for subsidies under the program and the amount that any town is allotted often goes along with the population.

Frier noted that Cohasset is not only a small town size and population wise, but it is also an affluent town in which rental rates might exceed the rents allowed by the federal program.

Frier said that the majority of section 8 housing are apartments for which the federal government pays a certain portion of the rent and the rest is made up by the renter.

According to Marilyn LeBlanc of the Cohasset Housing Authority, applicants must pay 30 percent of their income for rent and the government picks up the rest. The fair market rate allowed by HUD for a two-bedroom apartment is $809, LeBlanc said.

After the housing authority advertises the program, qualified applicants who meet federal guidelines can apply for the rental assistance program. Once approved they can begin searching for an apartment. LeBlanc recommends that landlord's screen perspective tenants since they are not interviewed by the housing authority. If the landlord agrees to rent the apartment, LeBlanc said the tenant must bring a request for lease approval to the housing authority. The housing authority then inspects the unit and can approve the lease.

In Cohasset, Muncey said with the first six certificates the local housing authority was able to get a waiver to increase the subsidy amount in Cohasset and will try to do so again with the 25 additional certificates. "

"The rents are higher in Cohasset than they are in Dorchester so we got a waiver to cover a higher percentage of the rents," Muncey said.

While there has always been a need for affordable housing in the area and will continue to be one, Muncey said he's not sure why Cohasset got so many Section 8 certificates this time around.

"It's still a mystery, but were thrilled," said Muncey, adding "someone must be smiling down on us."

Now that the certificates have been granted, the massive amount of paperwork associated with Section 8 housing can start to pile up, LeBlanc said.

"The federal government takes something relatively simple and makes it difficult," said LeBlanc, who said the housing authority will seek selectmen's approval for the program.

LeBlanc will to open the waiting list to applications by mail to cut down on the anticipated long lines.

"People camp out over night in line," said LeBlanc, who maintained that applying by mail would be easier on the elderly and would allow more dignity for all applicants.

Cohasset Heights tops health board agenda

By Sean P. Sweeney
Mariner correspondent

As it has been on countless other occasions, the Cohasset Heights Landfill was the subject of discussion at the Board of Health's meeting Tuesday, Nov. 15. Specifically, the board and town counsel Michael Leon of Warner & Stackpole addressed two areas of concern regarding the operation of the landfill and its long term closure and maintenance plans.

According to board members, Cohasset Heights Landfill has, on two occasions, allowed refuse haulers to weigh their loads prior to 7:30 a.m. Prior to dumping refuse at the landfill, haulers must first weigh their loads so that the landfill has a basis for assessing fees to be charged to the haulers. Upon being weighed, the truck then generates a document known as a weigh scale slip which indicates the time of weighing. Under the present site assignment which governs the operation of the site, the approved hours of operation are from 7:30 a.m. to 3 p.m.

Upon being notified of the violations, Cohasset Heights, through its attorney, notified the Board of Health that the truck scale clocks were not accurate. The violation occurred only a matter of a few minutes prior to the allowed opening time. In addition, Cohasset Heights' attorney stressed that the weighing of the load is not an integral part of the landfill operation and is not regulated by the site assignment. He suggested that the weighing was an ancillary function to the landfill operation.

According to Paul Barry of Cohasset Heights, he now allows trucks to enter his property before 7:30 am but does not allow dumping of refuse to occur before 7:30 am.

Board member Alix White adamantly disagreed with Barry's assertion and stated that there is a long history of early morning dumping at the site. She even went so far as to say that there had been instances of midnight dumping in the past.

White's allegations were denied by Barry and drew

Cohasset Heights tops health board agenda

(Continued from page 6)

a heated objection from Anthony Moehrke, the attorney representing Cohasset Heights.

"I am absolutely thunder struck by that allegation. I demand that you document that with some eyewitness report," Moehrke stated.

White said that former board member Sherry Becker had observed 12 trucks coming out of the landfill prior to 7:30 am on one occasion a number of years ago. Barry denied that the trucks had dumped illegally and suggested that they were removing clay from the site at the time.

In summary, the board restated its position that the landfill shall be allowed to open its gates at any time and that trucks are permitted to enter the property prior to 7:30 am. The trucks are not allowed to weigh in or in any way undertake dumping operations before 7:30 am. Dumping will not be allowed after 3:30 p.m., although some time after that will be allowed for the compacting and coverage of refuse dumped at 3:30 p.m.

The board also conducted discussions regarding the adequacy of certain financial assurances produced by the Cohasset Heights Landfill. The assurances, which are in the form of bonds and an annuity, have been the subject of much discussion over the past eight months. The town, pursuant to an article passed previously, is empowered to conduct an annual review of the adequacy of the assurances and has been attempting to do so for over eight months. Under the Code of Massachusetts Regulations, such a review is authorized every two years. Towns are entitled to conduct more frequent review, however.

The assurances are provided in order to guarantee that costs associated with the closure of the landfill and post-closure maintenance and monitoring are paid for by the landfill or by a bonding company on its behalf at such point as closure becomes necessary. The town is concerned that it not become ultimately responsible for these costs should the owners of become insolvent.

Presently, Cohasset Heights has provided a closure bond in the approximate amount of $921,000 and a post-closure annuity in the amount of $160,000, payable in installments of $10,000 per year for 16 years. In addition, Cohasset Heights has also produced a bond in the approximate amount of $750,000 to cover the cost of leachate transport and disposal.

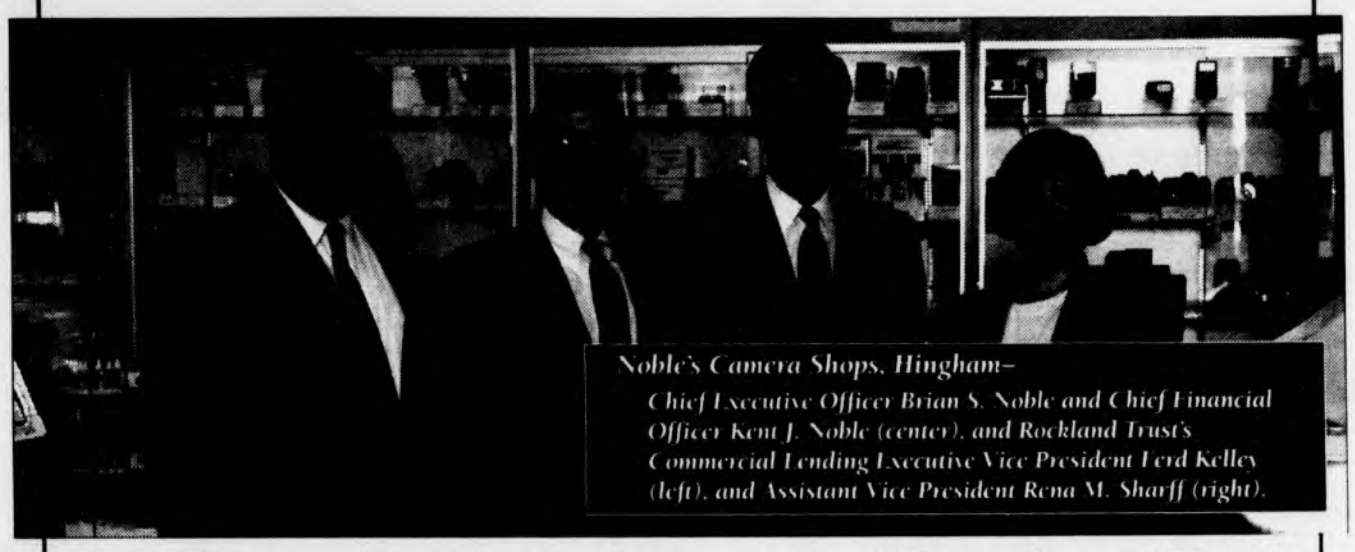
By its own estimates, the assurances provided by Cohasset Heights still fall approximately $200,000 short of potential costs. This assumes that existing side slope cover already in place is adequate. Such a determination has yet to be made by the Department of Environmental Protection. Engineers for the town estimate that the Cohasset Heights' estimates could be too low, especially if the DEP should determine that existing cover at the site is not adequate or that there is not sufficient on-site material to complete the site capping. Under these circumstances, the town's engineers would feel that assurances should total in excess of $2,000,000.

Camp, Dresser & McKee, the town's engineers, were unrepresented at the meeting, and will need to address new information provided by engineers representing Cohasset Heights before reaching any further conclusions regarding the adequacy of the assurances as they presently exist.

On motion of Chairman William Baird, the board agreed to adjourn discussions of the landfill until the next scheduled meeting of the board Dec. 6. The discussions will commence at 9 p.m. on that date. In addition to continued discussions about the closure and post-closure assurances, the board will address the assurances relating to the transport and disposal of leachate.

Ambulance billing update

The fire department had 27 ambulance transports in October, clerk Jane Henderson said. The town billed for $8,951.61 last month and received $8,491. Since July 1, the town has billed for $36,290.78 in ambulance runs and received $34,150.37



Noble's Camera Shops, Hingham– Chief Executive Officer Brian S. Noble and Chief Financial Officer Kent J. Noble (center), and Rockland Trust's Commercial Lending Executive Vice President Ferd Kelley (left), and Assistant Vice President Rena M. Sharff (right).

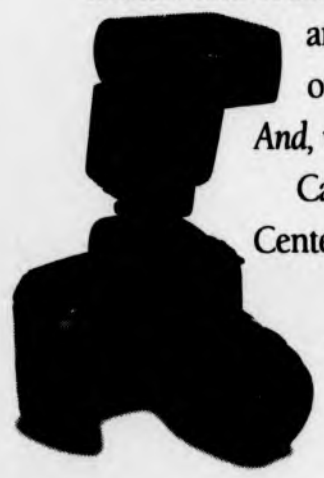
AT ROCKLAND TRUST YOU'LL GET A LOT MORE THAN ATTENTION. YOU'LL GET CLOUT.

You've probably noticed that the big banks have suddenly discovered local business. We're not surprised. Because it's good business. In fact, local business is the foundation of Rockland Trust.

Our commercial lending activities focus on helping local business owners achieve their goals. We enjoy thousands of these relationships, which lets us take the daily pulse of the local business community. We listen and respond with innovative services to help your business run better.

Commercial lines of credit, term loans, commercial mortgages, business checking, cash management services, employee benefit services, our new SmartLine℠ instant credit line and more.

Rockland Trust people are business people. Our team of 22 commercial lenders understands business cycles, inventory management, pricing strategies, and the complexities of your markets. Every day we roll up our sleeves and help customers meet their financial challenges. *And, we make decisions quickly, right here.*



Call any of our six conveniently located Commercial Lending Centers and see for yourself.

Because at Rockland Trust you're not just another business account, you're an important customer, like Noble's Camera Shops. And important customers have clout!

around town

by Sallyann Chatterton

We're pretty certain that everyone knows about Kendall! **Kendall Marie Fiori**, to be exact!

She is the brand-new baby daughter of **Arlene** and **Bob Fiori**, and when we say that there have not been two happier parents, we are not kidding! Kendall was born Oct. 19 at 8:24 p.m. and she weighed 7 lbs. 10 oz. She was 20-1/2 inches long. Her grandparents are **Leo Fiori** and **David** and **Frances Marks**, and the late **Mary Fiori**.

We know that Thanksgiving at the Fiori household will be extra-special this year. Everyone is thankful for that beautiful bundle of joy. We can't wait to see Kendall "around town."

❑

Jennifer Lee Kurtz, 10-1/2, of Cohasset, and **Caitlin Arlene Brewer**, 5-1/2, of Scituate (goddaughters of **Charlene Kurtz Jones Gardner** of Scituate) recently modeled the "Talbot's Kids" holiday fashion collections held at the holiday semi-annual Talbot's Fashion Show at corporate headquarters in Hingham.

We'll bet that there are tons of pictures of that event, hope you had a great time, girls! Maybe there is a Christie Brinkley in our midst!

❑

Alison W. Killilea, daughter of **Suzan Redgate Killilea** of Cohasset and of **Thomas W. Killilea** of Boston, has begun her first year at Middlebury College in Vermont. Be sure to let us know how things are there Alison, we know it will be great!

❑

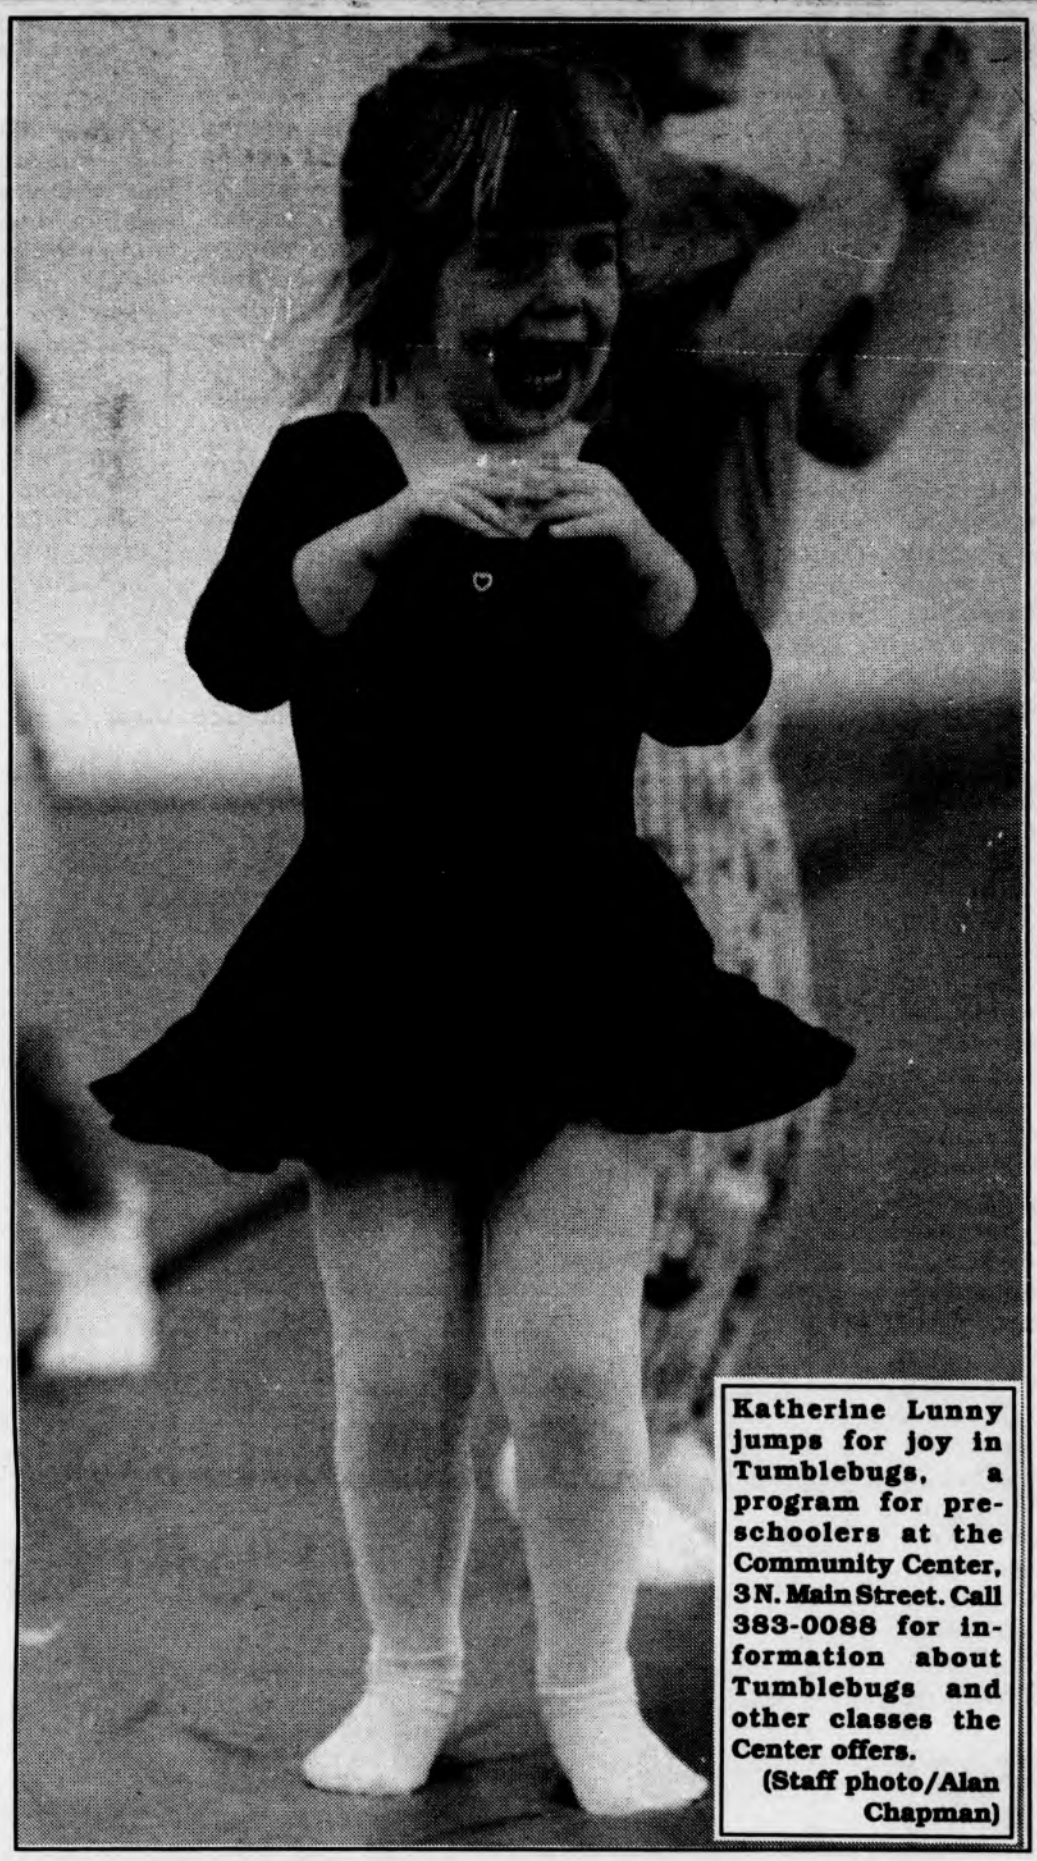
Did you know that **Meg** and **Joe Buckley** are great-grandparents? Incredible, isn't it? Their granddaughter **Cristin** and her husband **Kevin** became parents of **Jonathan Paul Murphy**, born Thursday (Oct. 10).

Jonathan's grandparents are **Paul Buckley** (CHS grad, class of '68) and his wife **Dale (Magliosi) Buckley** (CHS grad, class of '69).

Congratulations go to all of you, and we now that little Jonathan will receive tons of love!

❑

Hats off to **Todd Bestick**! Todd, a member of Troop 44, Old Colony Council, participated in Scouting for Food. He collected and bagged lots of food, then took it to the Cohasset Food Pantry, where you know it will be used with great thanks! What an admirable young man, and what a great service to do for those in need!



Katherine Lunny jumps for joy in Tumblebugs, a program for preschoolers at the Community Center, 3 N. Main Street. Call 383-0088 for information about Tumblebugs and other classes the Center offers.
(Staff photo/Alan Chapman)

❑

Mark Friday, Nov. 25, on your calendar right now! The South Shore Community Center is sponsoring its **First Jingle Bell Walk**, starting at 1:30 p.m. at Cohasset Harbor with the arrival of **Santa** by boat.

Jingle bells will be passed out to participants who will then parade to Cohasset Village with Santa in a fire truck (along with his elves). Everyone will arrive at the Center's gym for cookies and beverages, then there will be a sing-a-long. The bells of St. Stephen's will be playing from 2 to 4 p.m. Stores will be open for shopping and treats. The Art Center will offer Art and Craft works for sale, you can have a photo taken with Santa, the Center's Secret Rooms will be open for the kiddos to purchase small gifts, and at 4 p.m. everyone will gather on the Common for the lighting of the holiday tree! Share the holiday spirit, you can be sure that there will be fun for all!

❑

Lots of buzzing around town about the spelling bee that is to be held this Thursday (Nov. 17) at 7 p.m. in the Cohasset High School cafeteria. It is being co-sponsored by the PSO and the Cohasset Education Foundation, with the money raised going to fund curriculum enrichment programs and teacher training. It really sounds great. For information or entry forms, call **Midge Stone** at 383-2281, or **Kate Abbruzzese** at 383-9317.

❑

If you don't do anything else this week, head to the **Paul Pratt Library** for one of the loveliest exhibitions you will ever see!

Patricia A. McCarthy's watercolor exhibition, entitled "Indian Summer," will be there until Dec. 8; it's breathtaking!

Pat has received lots of professional awards, has been in many invitational shows (both as a featured artist and one-woman shows), is an art instructor, and has more professional affiliations than we can list. And, she is the exclusive artist for Dana Farber Institute greeting cards. So, treat yourself, and go see her show.

❑

That's the news for this week, keep it coming by calling me!

engagements

Laurie Ann Livingstone

Livingstone/Greenip

Mrs. Donald R. Livingstone announces the engagement of her daughter, Laurie Ann, to John H. Greenip Jr., the son of Mr. and Mrs. John Greenip of Charlotte, North Carolina and Vero Beach, Florida.

Miss Livingstone is the daughter of the late Donald R. Livingstone.

The bride-to-be is a graduate of Cohasset High School and holds a BA in psychology from Salve Regina College and a masters degree in early childhood education from Bridgewater State College.

Her fiance is a graduate of Hudson High School and the Northeastern School of Engineering and is employed as a project superintendent at Turner Construction in Boston.

A June, 1995 wedding is planned.

Gagliano/Hargrove

Mr. and Mrs. Sam Gagliano of Scituate announce the engagement of their daughter, Laura Josephine, to Marion Douglas ß Jr., son of Mr. and Mrs. Marion Hargrove of Bedford, Virginia.

The bride-to-be is a graduate of Cohasset High School and the University of Virginia, Charlottesville. She is employed as a special education teacher at Burnt Chimney Elementary School in Rocky Mount, Virginia.

Her fiance is a graduate of Liberty High School, Bedford, and the University of Virginia, Charlottesville. He is employed as an investment representative at Edward D. Jones and Company in Rocky Mount, Virginia.

A June, 1995 wedding is planned.

Laura Gagliano and Marion Douglas Hargrove Jr.

editorial

No smoking, please

This week marks the 18th annual "Great American Smokeout," a campaign created by the American Cancer Society to educate the public about the dangers of smoking.

The ultimate goal is to have a smoke-free society.

It is estimated there are 50 million smokers in the United States alone.

We have heard the arguments:

Smoking is the leading preventable cause of death in the United States, and it is not only harmful to smokers but is also dangerous to anyone exposed to second-hand smoke.

And here are some facts:

- Each year approximately 390,000 Americans die from smoking-related diseases, including lung cancer, emphysema and heart disease.
- Some 135,000 Americans will die from lung cancer in 1994.
- Cigarette smoking is responsible for more than 90 percent of lung cancer cases in men and more than 70 percent in women.
- Lung cancer has surpassed breast cancer as the leading cause of cancer death in American women.
- Nicotine, the chief chemical constituent in tobacco, is more addictive than either cocaine or heroin.
- More than half of all adult smokers were hooked on cigarettes by age 13.
- Seven percent of all sixth graders today are addicted to nicotine.
- The average age at which smokers in Massachusetts start the habit is 10.
- Of all the Massachusetts residents now under age 29, more than 80,000 of them will be killed eventually by tobacco, according to the state Department of Public Health.
- Ninety percent of lifetime smokers started by the time they had graduated from high school.
- Children are more susceptible to nicotine addiction than adults because their lung tissues are less well developed and they absorb a large amount of nicotine in relation to body weight.
- Although the overall percentage of Americans who smoke has been gradually declining, the percentage of teenage girls who smoke is on the rise.
- In Massachusetts, 31 percent of all high school senior girls smoke, compared to 24 percent of senior boys.
- Both cigarette and smokeless tobacco use increased among seventh to ninth grade students, and 23 percent of students now in grades seven and eight report using cigarettes, up from 13 percent in 1990. The increase was most evident among males.
- Smokeless tobacco use has increased too, especially among white males in the lower grades.
- Current smoking is highest among white students in a survey of 5,321 public schools in Massachusetts — 32 percent, compared to 26 percent among Hispanic students, 22 percent among black students and 13 percent among Asian students.

These numbers are scary, yet the Massachusetts Tobacco Control Program formed with the advent of a new cigarette tax, has been working diligently for the past year to promote a smoke-free environment and to publicize local restaurants which are smoke-free. School grounds are mandated to be smoke free under the Education Reform Act; municipal buildings slowly are becoming smoke free.

The health education coordinators in our schools are promoting the positive aspects of being and continuing to remain smoke-free in our personal lives. Our students are bringing the messages home.

Their message is loud and clear: Let's make smoking history. If these numbers don't mean anything to you, we urge you to visit a respiratory hospital where men and women of all ages struggle to breathe with their smoke-damaged lungs.

On sunny days, they wrap themselves up in their bathrobes to go outside, carrying miniature oxygen tanks with them to be sure they can breathe, albeit laboriously.

Today is not too late to stop the harm to yourself, your loved ones, your co-workers by stomping out that cigarette.

You truly will feel a lot better.

Special permit for Shaw's opposed

letters

To the Editor:

Sean Sweeney's Nov. 10 story "Zoning board mulls Shaw's special permit request," records the apparent disdain which Cohasset's Zoning Board of Appeals (ZBA) holds for their neighbors who have spoken out, written, or signed petitions against the super store's request to move their commercial property line further into the residential zone.

Imagine you have found a choice spot to build a new house. An existing house located within this new location will need to be torn down. The new home design you have in mind, however, includes an expanded driveway and garage; these additions will require several of your neighbors to sell pieces of their property and you will need permission from the town zoning board to expand your property line into a currently restricted location.

Since money is no object in this fantasy, imagine further that you decide to purchase the property as well as buy out one of your neighbors (the one whose land would be part of your new driveway). Despite a design alternative available to you and without further discussion with your (soon to be) new neighbors, you go directly to the zoning board and ask for a "special permit" to expand into the previously restricted area.

Finally, push your imagination to the limit. Consider that you are able to convince the local zoning board that the new driveway and garage — although they will actually exist within 45 feet of the closest neighbor's property (now that you have bought out the other neighbor), will actually increase local noise pollution levels, and will actually create increased traffic problems including the potential for increased pedestrian accidents (please note: a child was recently hit opposite the very spot Sunday, 10/30) — is a far more attractive alternative to someone else buying the property and possibly constructing a contemporary home with yellow arches in the front. Given that such a building would not be built in a restricted area or further intrude upon existing abutter's property lines, however, the ZBA is more concerned about the possibility of not having any control over a legal use of the existing property than an actual intrusion into a residential neighborhood.

It is important to point out that local abutters, neighbors, and residents who have spoken out in opposition to the special permit request are not against the construction of the new facility. We only ask that Shaw's and the ZBA act as responsible participants. The fantasy scenario described above represents, in my opinion, actions that the average person would not indulge; specifically buying something that you want to change while knowing that the changes are not in your control. Yes, it's true — the ZBA should not vote in a vacuum — neither should Shaw's have developed their plans in such a void.

Dan Walsh

Sign thefts were a disgrace

To the Editor:

It is a sad day when trashing and stealing political signs comes to Cohasset. I know it happens elsewhere, but Cohasset has never witnessed such persistent and willful destruction as it has in the past two weeks.

In spite of the trashing of the Romney signs, Romney carried the town, and for that we can be thankful.

Let's hope that in another two years those who undertook the destruction will have matured and learned to respect not only other people's points of

(See page 12)

"...Hurrah for Pumpkin Pie!"

For a fine Thanksgiving treat,
One that's good and fun to eat,
Try a special kind of pie —
One whose price is not sky-high!

Order now from A.S.P.
And save yourself the misery
Of mixing, rolling, cutting and peeling,
While your pressure hits the ceiling!

Get a pie while giving too —
Pumpkin, apple or pecan will do!
This year we'll also bake your bread
To help you keep your masses fed.

These goodies are made with special care
By 50 teens who travel each year
To do some Appalachian home repairing
And give some hope to those despairing.

383-9325
Is the number to call and place an order.
Do it now and don't delay
So you can enjoy Thanksgiving Day.

Apple pie, $7; pumpkin pie $7; pecan pie, $9; cranberry bread, $5; date and nut bread, $5. Deadline for orders is Friday, Nov. 18. Appalachia Service Project, Second Congregational Church. Call 383-9325.

Special village touches appreciated

To the Editor:

The members of the Village Renaissance Committee send a special thank you to the village merchants for the flowering baskets; to Tina Watson from the Cohasset Hardware Company, who planted and maintained the beautiful flowers at the Cohasset Town pump; and to the Richard Kelly Landscape Company who donated the lilac bushes along the Bound Brook walkway.

These added so much beauty to our village this past summer. We also wish to acknowledge George Roukonoukis from Olympic Texaco for his many kindnesses.

Donna Green's new studio garden is delightful. We appreciate this addition to the village.

letters

Anti-train propaganda disputed

To the Editor:

There ought to be a prize, say a bucket of last week's fish heads, for the most ridiculous argument against trains.

High on such a list would be the elitist argument that trains would bring undesirables. It's hard to imagine beach trespassers, burglars and muggers waiting patiently with their loot for the train back to Boston. If they want to come here, they are more likely to come by car. And why would undesirables be more likely to come by train than by bus or boat? Who has ever heard of river boat gambling and prostitution on a train?

One needs only to view the congestion on the Expressway and in the city, the time and gasoline wasted, the pollution from thousands of idling vehicles, the mental and physical fatigue of the commuters, to realize that there is a serious problem that must be addressed. Proposals to turn the railway roadbed into a bicycle path, or promoting the crime bogeyman, hardly demonstrate recognition of the realities.

The most economical, safest and least environmentally damaging method of reducing travel by automobile and substituting public transportation should be determined by objective and competent analysis. Inducing large numbers of people to recycle the anti-train mantras may bias the political response to the objective findings, but does it serve the public interest? Seems that it's all too easy for valid expression of concerns to degenerate into a barrage of invalid propaganda.

view, but private property rights as well. We are fortunate to live in such a great nation where freedom still exists. Let's not abuse it!

Julie Guild
Chairman of the Cohasset Republican Town Committee

Commissioner-elect wished the best

To the Editor:

I guess it couldn't have been any closer for a county-wide race. Evidently Peter Collins was able to get his message across more effectively than myself.

I would like to thank all of the thousands of Independents, Democrats, Republicans and the Republican State Committee who supported and voted for me these past years, and I would like to apologize for not winning this seat again for them.

Also, I would like to mention that the people who work for Norfolk County are good, hard-working, dedicated employees that I personally was able to observe over the past four years with very few exceptions.

The four Commissioners and Administrative Staff that I worked with have been great and anything I accomplished was with their help and support. We worked as a team as Commissioners and Trustees at Massachusetts Respiratory Hospital and Norfolk County Agricultural School.

Lastly I know Peter Collins personally and know that he will be a great Commissioner and supportive of Norfolk County and I wish him the best.

Bruce D. Olsen
Norfolk County Commissioner

Photo reprint policy

Readers who would like to purchase reprints of photographs published in the Mariner Newspapers should deal directly with the photographer.

If you would like to purchase a glossy photo, please write a note to the respective photographer listed in the photo cutline, care of Mariner Newspapers, 165 Enterprise Drive, Marshfield, MA 02050. Do not include payment. A photographer will call you back to make arrangements.

If you have questions about the Mariner reprint policy or wish to schedule a photographer for your event, please call community editor Mary Ford at 749-0031.

SHARE pickups Saturday

SHARE is a non-profit organization dedicated to community service and self-help, offering good food at great savings for those who participate.

Pick-up day for SHARE is Nov. 19 at the Deer Hill School.

Please call John Kierce at 383-0578; the COA at 383-9112; or the Social Service League at 383-0771 for information.

SHARE participants pay $13 for the food and pledge two hours of volunteer service once a month. In return you receive 15-17 food items, good wholesome nutritious food purchased from growers and processors, with a retail value of $25-$35. SHARE has no eligibility or income requirements and is not connected in any way to any government program. Those who would like to donate SHARE packages to needy families are always welcome, please call John Kierce for details.

The Duxbury Distinction

The Place

"I never have to cut the grass. What a wonderful place!"

It's a place where you'll be free of the hassles of home maintenance. Where a full-time staff takes care of repairs, landscaping ... even housekeeping, if you want.

It's a place where companionship warms the spirit. Where you'll find a vital group of folks who fill their days with laughter, wisdom and interesting things to do.

It's The Village at Duxbury, now open and offering a superlative retirement lifestyle on the South Shore. If you're 65 or better, it's a place you'll be glad to call home. Come for a tour and find out for yourself. Call **617-934-9744** or **800-696-9744** (MA only) for more information.

Citizen of the Year nominations open

(Continued from page 1)

Andrew MacLellan, managing editor of The Mariner Newspapers, said the Citizen of the Year is the paper's way of recognizing those people who go the extra mile for their community.

"Volunteerism is the backbone of our community, but too often those who give so generously of themselves press on unnoticed," he said. "We are proud to turn the spotlight each year on an unsung and deserving citizen. By honoring one, we honor all."

Once again, the *Cohasset Mariner* invites our readers to take this opportunity to nominate a person who has made a significant contribution to our community. This is a community award; the *Cohasset Mariner* is the means by which we are able to recognize, thank, and honor those around us who make the quiet, generous, contributions that make Cohasset a wonderful place to call our home.

The deadline for nominations for the 1994 Citizen of the Year is Dec. 30, at 5 p.m.

Following the close of nominations, a selection panel will review the names submitted, and select the 1994 Citizen of the Year, who will be named in January, 1995.

Nominees may be someone in elected office, a member of an appointed town committee, teacher or school administrator, clergy member, firefighter, police officer or other municipal worker, a person in the business community, sports figure, or an "unsung" neighbor or friend who has given freely of his or her time and energy to a worthy Cohasset project or cause.

Citizen of the Year is not a popularity contest: the person most often nominated will not necessarily be selected for this recognition.

Please use the form printed on page 11 to make your nomination for the 1994 Citizen of the Year, including the reasons why you believe this person should be considered.

Nominations may also be made in the form of a letter.

In either case, persons submitting a name for consideration should include their own name, address, and telephone number (for verification purposes only). Nominations should be mailed to the Cohasset Mariner, 73 South Street, Hingham, MA 02043 or to the Marshfield office, 165 Enterprise Dr., Marshfield 02050, postmarked no later than Dec. 30.

Nominations can also be FAXed to the Hingham office at 740-8955, to be received no later than 5 p.m. on Dec. 30.

SHARE sign ups set

SHARE is a non-profit organization dedicated to community service and self-help, offering good food at great savings for those who participate.

SHARE sign ups are from 10 a.m. to noon today (Thursday, Nov. 3); Friday Nov. 4; and Saturday, Nov. 5 at the Community Center, 3 N. Main St. Friday's is at the elderly housing complex on Elm St. behind the police station.

The next pick-up day for SHARE is Nov. 19 at the Deer Hill School.

Please call John Kierce at 383-0578; the COA at 383-9112; or the Social Service League at 383-0771 for information.

SHARE participants pay $13 for the food and pledge two hours of volunteer service once a month. In return you receive 15-17 food items, good wholesome nutritious food purchased from growers and processors, with a retail value of $25-$35. SHARE has no eligibility or income requirements and is not connected in any way to any government program. Those who would like to donate SHARE packages to needy families are always welcome, please call John Kierce for details.

The *Mariner* welcomes letters to the editor. Please include address and telephone number for verification.

Friends make annual appeal

(The following is an open letter from the Friends to Cohasset residents)

Dear Cohasset resident:

For over 25 years, the goal of the Friends of the Cohasset Library has been to achieve library services and facilities beyond what your tax dollars provide.

Financial support:

During the past year, contributions to the Friends amounting to over $10,000 enabled the library to

- provide funding for major renovations in the Children's Room.
- purchase a CD-Rom computer for the Reference Room.
- add to its book collection.
- fund a summer reading program and puzzle club to improve children's reading skills.
- renew family passes to the New England Aquarium, the Museum of Fine Arts, the Museum of Science and the Children's Museum.

Volunteer efforts:

The dedicated efforts of more than 50 volunteers — a labor contribution valued in excess of $30,000 — enabled us to

- conduct the Annual Book Sale.
- organize a Volunteer Recognition Evening at the Library.
- continue a weekly "Library Corner" in the *Cohasset Mariner* to keep the community informed about library programs and activities.

New this year:

In addition, the Friends initiated a Special Events program which included

- author readings,
- book signings,
- opening receptions for artists, and
- children's workshops.

We also recognized major benefactors by providing an Endowment Book in the Reference Room.

As we begin our 26th year, the Friends invite you to join us by sending your tax-deductible contribution. To the Friends who responded to our appeal last year, and to our Life Friends, we extend our thanks for your continuing support.

Will power:

Much has been achieved over the years by gifts under will to the Paul Pratt Memorial Library. Please consider making such a gift.

Museum pass at library

The Children's Museum of Plymouth has donated a family pass to the Paul Pratt Memorial Library in Cohasset.

The pass will admit a family of five. It may be reserved by calling the library, 383-1348.

The Children's Museum of Plymouth is open seven days a week, 10 a.m. to 6 p.m. During November, special exhibits will feature "Native Americans," "Pilgrim Life," and "Thanksgiving."

Other family passes available at the library are: Children's Museum in Boston, Aquarium, Museum of Science and Museum of Fine Arts. All of these passes were purchased by the Friends of the Cohasset Library.

CDROM service offered

The Paul Pratt Memorial Library, Cohasset, has two new CDROM services for public use. The products are SIRS RESEARCHER and SIRS GOVERNMENT REPORTER.

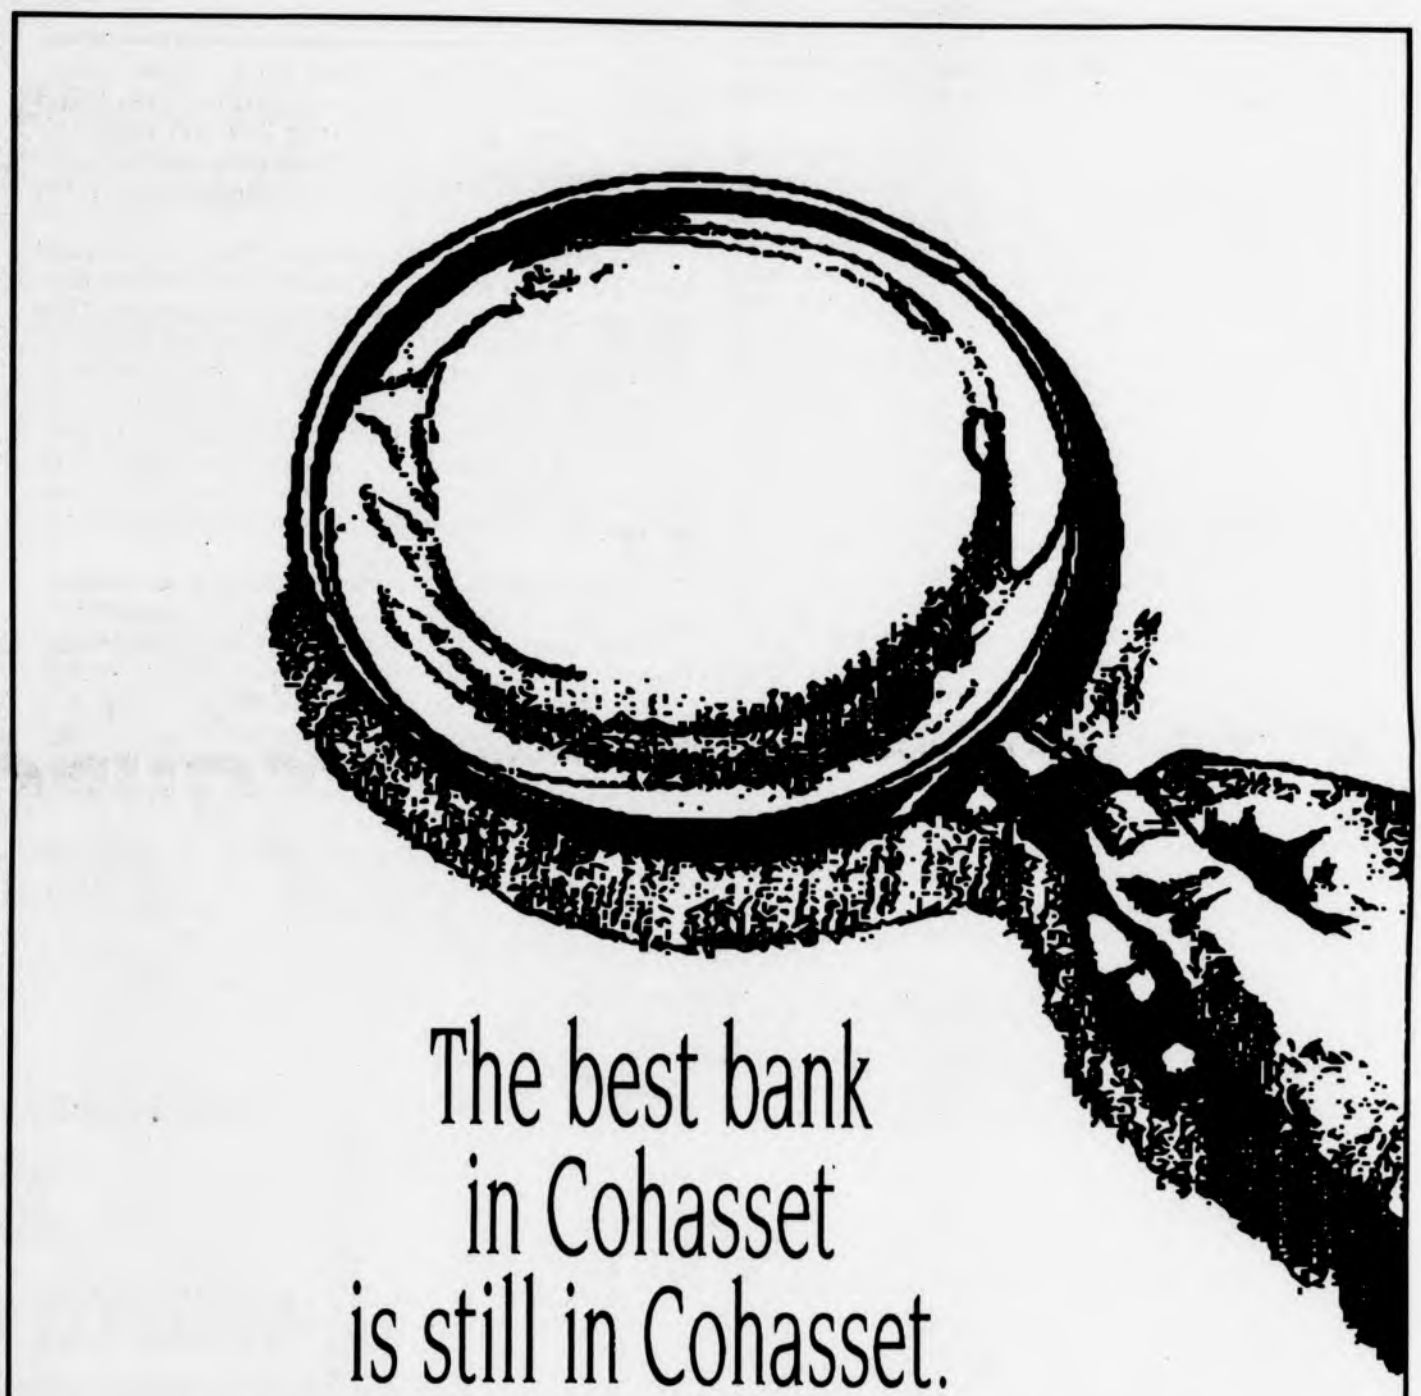
The computer workstation and the two CDROM services are on loan for the summer from the Cohasset High School.

Each CDROM can hold nearly 190,000 pages of text.

SIRS (Social Issues Resources Series) RESEARCHER provides full text of thousands of articles selected from over 800 sources from 1988 to the present. These articles relate to the sciences, social issues, global events, historic, economic and political information.

SIRS GOVERNMENT REPORTER gives full text of selected articles from publications of federal government departments, agencies and commissions. It also includes a congressional directory, with information on U.S. Senate and House members and their staffs.

Both files are searchable by key word, or by subject category, or by names of persons or agencies. Summaries of articles or the articles may be read on screen or printed.



The best bank
in Cohasset
is still in Cohasset.

As Cohasset's community bank, we're quite different from other banks in town.

- We have no stockholders...so our customers get all of our attention.
- We have no offices outside of town...So Cohasset enjoys the bulk of our loans.
- We have no lengthy review procedure...So your questions are quickly answered.
- We have no big or fancy offices...So you pay less when you bank with us.

**More personal service. Less costly services.
Come to the Pilgrim for better banking.**

Magical holiday story unfolds for local girls

If you happen to attend Boston Ballet's holiday "Nutcracker" between Dec. 4 and Jan. 1, odds are you will see a familiar face, since seven hometown Cohasset girls were chosen to dance.

One weekend in September, hundreds of ballerinas from the metropolitan Boston area and adjoining states auditioned to make their dream come true. Although the girls know what roles they have chances for due to pre-existing costumes and size charts, they have to wait two weeks for "the letter" telling them if they made the cut.

Adrina Devitre, a sixth-grader at Deer Hill, has been dancing for four years. She was one of over 30 boys and girls auditioning for the opening party scene. From these children, only five girls are chosen to audition for the role of Clara, the little girl whose uncle gives her the magical nutcracker that takes her on a journey to the land of sweets, where wonderful surprises happen. When she got her letter, she learned she had been chosen as one of the three Claras!

Last year, Adrina was a page in "Sleeping Beauty," with the Boston Ballet, and in 1992 danced the role of a soldier in the Hingham Children's Ballet Workshop's "Nutcracker." Every afternoon, Adrina, Emily Libby, Liz Myers and Corey Sullivan carpool to Boston Ballet South, where they dance for two to two-and-a-half hours.

Corey, 10, a fifth-grader at Deer Hill, will be dancing the role of a party girl in the opening scene with Adrina. She had experience last year as a garland girl in "Sleeping Beauty" and she was one of last year's Claras. This summer she and Adrina danced three days a week in July at their ballet school's summer program.

Emily Libby and Liz Myers are both seventh-graders at CHS. Emily will be dancing the role of Chinese tea. She was also selected to sing from the orchestra "pit." That will bring a new dimension to the back-stage experience for Emily, who last year was a garland girl in "Sleeping Beauty" and did the hoop dance with the Plymouth Philharmonics/Boston Ballet show.

Liz will have two dancing roles, that of a party boy in the scene with Adrina and Corey, and that of Chinese tea in Act II. She will also be singing with the orchestra in between. No stranger to the Wang stage, last year Liz was a garland girl in "Sleeping Beauty," a party girl in the "Nutcracker," and in the court of "Swan Lake." She also danced with the Plymouth Philharmonic as party girl.

At the same time these four girls were busy carpooling, squeals of delight could be heard from the Ulmer household. Ashley, 11, and Kimmy, 9, had both auditioned and were hoping for roles. Their dream came true. Ashley will be a cherub and Kimmy a reindeer in the famous snow scene. Their friend, Megan Chastain, age 9, will be a cherub with her friend Kimmy. These girls attend Deer Hill and dance together three times a week and have been dancing since they were toddlers. And it will be their first time on the Wang stage.

Ashley Ulmer, Kimmie Ulmer, and Megan Chastain are three more of Cohasset's lovely ballerinas who will dance in the Nutcracker.

The girls who've danced at the Wang say it's hard work but a real treat. They report to the theater one-and-one-half hours before the show for sign-in. They visit the makeup artist. The professional wardrobe attendant dresses them, and then there is no sitting or eating until your stage call. After their dance, the process is reversed and they are free to go. If they have an evening performance too, they have a two-hour break. Some girls stay and do homework, others can tell you every restaurant within walking distance of the Wang!

Carpooling with other South Shore girls for rehearsals and shows, the ride in is usually filled with chatter. Coming home can be another matter; tired "bun heads" (meaning: ballerina) either eat from their coolers, study with a portable light, or sometimes, sleep. Add anywhere from two to five rehearsals, evenings and weekends at the Boston studio, to three to five dance classes a week at the Norwell studio, and there is not much time for anything but homework.

Daily classes include ballet, technique, pointe for the older girls, and talk of therapy for stress fractures, tendinitis, blisters and bleeding toes, the all too frequent nightmares of a dancer.

These seven girls gladly do it for the chance to dance next to their idols. Boston has world-class dancers, and many medalists from the annual international ballet competition like Jennifer Gelfand, Alexander Koltun, and Patrick Armand. These dancers are the Peli of soccer or the Navratilova of tennis. Having warmup class with professional dancers, getting their autographed dance shoes, and watching them dance beside you is something the girls will never forget.

For some, dancing and auditioning doesn't end with school in June. Liz and Emily are veterans of the auditioning process and the waiting that follows. Both begin auditioning in January for ballet company summer programs. They wait up to four months to hear about entrance to a company summer program, since they hold auditions in all major cities across the country. Last year, Emily was accepted to Boston Ballet's three-week residential program at Wheaton College. Liz chose to go with Eglefsky Ballet in New York, since she went to Wheaton the summer before.

The "Nutcracker" features the Tchaikovsky score, fairytale scenery by Helen Senn and Herbert Pond and costumes by British designer David Walker. More than 140,000 people attend Boston's production making it the most popular in the world.

Don't wait too long to get your tickets to see these dedicated girls in action. Emily, Kimmy, Ashely and Megan will be dancing in all 13 performances from Dec. 4-13. Adrina, Corey and Elizabeth will be in all 19 performances from Dec. 20 through Jan. 1. Tickets are available at the Wang Center or through Ticketmaster at 931-ARTS.

Harbor Jingle Bell Walk

The South Shore Community Center invites families and friends to their first Jingle Bell Walk on Friday, Nov. 25, beginning at 1:30 p.m. at Cohasset Harbor (on Border St.).

At 1:30 p.m. Santa and his elves will arrive by boat and pass out jingle bells. Santa and his elves will proceed down Elm St. by fire truck to Main Street, followed by families and friends.

At 2 p.m. they will arrive at the SSCC gym for cookies and drinks, followed by a sing-a-long at 2:30 p.m.

The Bells of St. Stephen's will play from 2 to 4 p.m., followed by a tree lighting ceremony on Cohasset Common at 4 p.m.

In between activities, strollers may walk downtown to shop or drop in on local merchants to share a treat, or browse at the Art Center, where arts and crafts will be sold.

Children may have their photo taken with Santa downstairs in the SSCC or shop in one of the three secret rooms in the nursery school.

There will be Christmas music and carols in the gym and the opportunity for guests to participate in the Lend-A-Hand Fundraising Campaign.

Mom needed a helping hand... not a nursing home.

We all knew Mom was slowing down and could use some help, but even her doctor said she didn't need a nursing home. While she knew she could rely on us, Mom insisted she didn't want to be a burden to her children.

That's why we're all so glad she found a beautiful new home at Allerton House. Assisted living is a wonderful alternative: Mom gets the help she needs to stay as independent as possible, and she's already made a number of new friends.

To find out more about assisted living at Allerton House, or to arrange a tour, call ***617-585-7136****.*

Skippers blitz D-S for fourth win

By Jim O'Sullivan
Special to the Mariner

The Cohasset Skippers faced the Dover-Sherborn Raiders last Saturday in an attempt to boost their record to 4-5. Cohasset did the job with a crushing 42-20 score.

CHS won the coin toss and elected to receive. A pass and a run were both stopped but an offsides penalty brought on a second-and-5 situation for the home team. Senior Thomas Allen charged through the line behind the blocking of Jerome Marion to score on a 60-yard run. Mike Dunphy's point-after kick was good and Cohasset's lead was 7-0.

Nick Welz's kickoff streaked by the D-S special teams and was recovered by the Raiders' Toby Lewis at the 5, where he was tackled by Marion.

The Skippers' rock-solid defense forced D-S to punt. The Skippers picked it up at the D-S 37 to give them excellent field position.

Allen broke free around end to scramble to the 6. This set up a Marion rush for six more points, making the margin 13-0. Dunphy split the uprights to make it 14-0.

Dave Cristoffel tackled the kick returner at the 39. Quarterback Andy Rump, under pressure from defenders Brian Sasso, Larry Adams, and Anthony Wigmore, manage to dump a pass off. The D-S passing game, led by Rump, kept eating up the yardage with short passes to tight ends and wide receivers.

The Raiders' running game was headed by AJ Teachman who was gang tackled by assorted CHS defenders and knocked out of bounds on the next play by Jonah Berger.

But CHS once again proved to be too strong for the visitors and Dunphy ripped a pass away from a Raider receiver at the 24. Marion and Allen combined on three runs for nine yards to bring up fourth-and-1 at the 33. The Skippers couldn't convert and handed the ball over.

But the Raiders couldn't get moving before Marion knocked the ball loose at the 10, where it was recovered by Dunphy.

The teams exchanged words, flags were thrown and the Skippers had the ball at their 33-yard line.

On third-and-4, quarterback Jeff

Consistent play is Carroll's All-Star recipe

By Joe Reardon
Mariner staff

Katie Carroll has had her fun since first being introduced to the game of soccer as a 5-year-old playing in the Cohasset recreation program.

The game has turned into as much of a social activity as it has a serious athletic pursuit for Carroll, who has captained the Skippers' soccer and basketball teams since her sophomore year.

"It's really fun to play and you meet a lot of friends," said the personable 17-year-old, who was named Homecoming Queen in October. "Plus it's a lot of hard work."

The effort Carroll has put into the game has more than paid itself back. A five-year varsity starter at center-midfield, Carroll has put together a list of credentials most players would envy.

Carroll was selected to the Patriot Ledger All-Scholastic and Eastern Mass. Coaches All-Star teams last season, as well as being named to the Boston Globe's second team All-Scholastic squad.

This season Carroll was named to her third consecutive South Shore League All-Star squad and was recognized as the third-best player in a league that has long been known for churning out quality players on a yearly basis.

Carroll was part of one of the Skippers' biggest wins in the team's history when Cohasset eliminated Abington High from the Division 3 South Sectional tourney with a 4-2 win. The emotional victory broke a string of 10 winless seasons against Jeff Kent's Green Wave squad.

Although ecstatic with the win over Abington, Carroll was disappointed the Skippers didn't advance deeper into the tourney. Cohasset's postseason was abruptly ended in the quarterfinal round against eventual sectional champion Sacred Heart.

"I think we could have done better," Carroll said. "We hoped to go further. We just weren't as aggressive as we usually are."

First-year coach Maureen O'Day-Clark said making the adjustment in taking over a new team was made that much easier with Carroll as the veteran cap-

What's that old saying, "There are a million stories in the big city."

Unfortunately there were a few dismal ones in Saturday's Division 3 South Sectional girls soccer final in Foxboro that left at least a handful of people leaving the game feeling uneasy about what transpired.

For starters, the Indians were without their most productive scorer for the final 41 minutes of the 2-1 sudden-death loss to Sacred Heart of Kingston when All-Star Amanda Ganong suffered a compound fracture in the 66th minute of the game on a play near the Saints' goal.

It was a heartbreaking sight to see the second-leading scorer in the South Shore League, who provided the Indians with their lone tally, lying helplessly on the field during the biggest game of the season.

Evidently the gang of SH "fans" sitting directly behind their team's bench didn't have much compassion for the excruciating pain Ganong was experiencing on the field.

While Ganong laid on the field for 20 minutes with blood soaking through both her shin guards, and the blankets used to warm her, one impatient SH fan voiced his opinion: "What is she, dead?"

But judging by the way the group of simple-minded punks were carrying on up to that point in the game, no one I talked with on the sidelines really expected anything positive to coming out of their collective mouths anyway.

That's not to say they weren't vocal.

Most of what the group spewed forth can't be printed in this column, but I can say some were sexually explicit and directed at the Hanover girls team.

And their "You s——k" battle cry was inspiring only themselves in yelling more garbage as the game continued.

So what did the MIAA officials do while this behavior was in full throttle? Did they issue some kind of warning to the SH spectators that their language wouldn't be tolerated? Maybe do the right thing and throw them out of Ahearn Field altogether?

How about a big fat no on both counts.

That would have interfered with their surprising revelation announced over the PA that, yes, the organization is firmly against the use of anabolic steroids by high school athletes.

Well that's totally relevant during a girls soccer game. I can just picture both teams holding off in breaking out their hypodermic needles at halftime and juicing up for the final 40 minutes, all thanks to the MIAA.

The SH posse was a disgrace during the game, but shouldn't be lumped with the fans who attended the contest and appreciated the efforts both teams displayed on the field. All it takes is a few loud mouths, clear of any supervision in the immediate area, to let their true colors show.

Saints they are not.

Skippers blitz D-S for win

(Continued from page 17)

Lillehale found the mark with a short pass to Captain Dorian Bryant, who blazed by defenders for a 45-yard gain and a first down.

A blocking penalty drove CHS back to the 45, but it couldn't stop the determined Skippers, who just gave the ball to Allen and Marion. Allen ran for three yards and Marion went for 10 on second-and-13.

On third-and-3, Allen swept for the first down to the D-S 11-yard line.

Marion rumbled for seven yards to the four-yard line and then danced through a gaping hole to make the score 20-0. Dunphy's kick split the uprights and the score was 21-0 in favor of Cohasset.

Welz's kickoff was returned to the 45 where D-S went to work. Aaron Larson was stuffed at the line of scrimmage by Adams and Wigmore, but on the next play, a short pass to Larson went for seven yards. Teachman's sweep gave the Raiders a first down. Chris Nelson followed this with a 36-yard gain. He was dragged down by Brian Riley and Welz at the 11. Teachman scored to put the visitors on the board for the first time. But the conversion failed and Cohasset's lead was safe at 21-6.

Nevin Bunstein recovered the kickoff and a face mask penalty gave Cohasset a first down at the 35-yard line. Allen and Marion traded carries until Allen strolled in from the 20 and Dunphy's kick soared through the uprights for the fourth time to make it 28-6.

The Raiders' kick return was halted by Dunphy. Rump threw for seven yards and then passed to Dunphy, who sprinted in from the Cohasset 40 for a 60-yard TD return. He then turned around and toed the extra point through the posts and Cohasset's lead was 35-6.

Welz's kickoff was his best of the season. He launched it all the way down to the 1 where it was downed by the Raiders.

But the D-S offense could barely get started before a Rump pass was picked off by a leaping Kevin Gentile. He showed his running prowess by plowing in from the 30 for the Skippers' final TD of the day. But Dunphy wasn't through. He still had enough left to boot the extra point and extend Cohasset's lead to 42-6.

Halftime rolled around and Cohasset was enjoying a leisurely 42-6 lead but still had to play the second half. The "red team" played the entire second half, holding the Raiders to 14 points.

Riley started off the second half with his kickoff and the return was stopped by Rob Vanderpool and Kevin Duffy. The rest of the half was highlighted by defensive plays by Nate Caldwell, Joe Menis and Mark Connolly, who stopped the D-S running game. Grant Emde helped stifle the passing game.

Dunphy claimed the main reasons for the win were "a good effort and intense drilling by the coaches. I hope it carries through to the Hull game."

Welz commented on the game in a traditional post-game interview.

"It was our best first half of the season," he said. "We scored enough so that, in the second half, we could put in the guys who don't play as often as they'd like to.

"We would all trade our whole season to beat Hull. If we play the game we can, I know that we'll come up big."

Cohasset takes on Hull in its traditional Thanksgiving Day game at 10 a.m. on Thursday, Nov. 24.

Katie Carroll has been the Skippers' captain in soccer and basketball since her sophomore year.

Consistent play is All-Star recipe

(Continued from page 17)

tain.

"Katie was very helpful to me," said O'Day-Clark. "Katie would play anywhere you wanted her to play."

On the field, Carroll's greatest strength was her consistency from game to game. She may not have always turned

"She was always a rock-solid player. I can't recall a time when Katie had a bad game."

And her desire to play was never questioned. O'Day-Clark remembers Carroll having to come out of the tournament game after sustaining an injury.

"Katie hated coming out," said O'Day-Clark, "so when she asked to come out of the game I knew that she must really have been in a lot of pain."

With her final soccer season wearing Cohasset High's colors now behind her, Carroll is looking ahead to moving from the grassy fields to the wooden basketball courts.

The Skippers' girls basketball squad is another team on the rise. Cohasset recorded four victories last season, not great by league standards, but a significant step forward after three consecutive winless seasons.

Carroll is confident the Skippers have a shot at qualifying for the tournament, particularly now that the standard for postseason play has been lowered from 59 to 50 percent.

"This year we're hoping to make it to the tournament," she said.

Carroll's high school tourney days may not be over yet.

(Continued from page 17)

Never bet against Darth Vader.

I knew the Hingham High football team was in trouble Friday night against Whitman-Hanson when the Panther band played the Darth Vader theme music when their team was introduced.

Some high school bands play pep songs, the Panther band played a song of impending doom.

And that was the feeling once the game started.

Hingham was forced to punt on their first two possessions and Whitman-Hanson jumped out to a quick 21-0 lead.

It was game, set and match for the Panthers who went on to clinch a berth in the Division III Super Bowl.

The Harbormen bounced back to score three touchdowns of their own in the course of the game but whenever the Panthers needed a big play, they came up with it.

Whitman-Hanson ended up winning the game 35-21 and clinched their 12th ACL title in 13 years.

Hingham, who was 7-0 at one point, ended up falling to third place in the ACL and will not be going to the Super Bowl.

The force wasn't with them.

-David McKee

*****

Hanover High wrestler Tim Graves is recovering nicely from a fractured pelvis he sustained when struck by a car in front of his Pleasant Street home earlier this month.

Graves, the son of Hanover Mariner editor Helen Graves, is up and about on crutches but is expected to miss this winter's wrestling season.

"That's what he said when he went in the ambulance," Helen said, "that he'd miss the wrestling season. He's very disappointed."

The 10th-grader was expecting to move up to a higher weight division after wrestling at 103 lbs., last season.

B-E-E prepared

The Cohasset Education Foundation (CEF) and the PSO will co-sponsor an adult Spelling Bee to be held Thursday, Nov. 17, at 7 p.m. in the Cohasset High School cafeteria. The money raised will be used to fund teacher training and curriculum enrichment programs.

The Spelling Bee is organized in teams of three members each. The teams may be composed of neighbors, alumni groups, professions, companies or any creative combination. To participate, each team pays a tax-deductible fee of $150. Teams may fund the entry fee through sponsors, or by pooling resources. The Spelling Bee does not involve 'solo spelling' as each team consults together to decide on its response. The 1994 Scripps Howard Book of Words will be supplied to each team.

Please come for an exciting, fun and rewarding evening to benefit the Cohasset Public Schools. For entry forms or for further information, please call Midge Stone, 383-2281, or Kate Abbruzzese, 383-9317.

METCO celebrates 25 years

Friends old and new gathered at the Cohasset High School cafeteria last Sunday, Nov. 6, to enjoy a wonderful lasagna dinner and some time to talk.

Families of Cohasset's Boston METCO students joined Cohasset host families to renew old friendships, such as that of the Sheppard-Anderson and Koyach families, who have known each other since their sons began school together in Cohasset in 1985.

At the next table, the Crisp and Davis families were getting to know each other for the first time. It was their first-grade daughters who brought them together through the METCO program. Out in the hall, a banner made five years ago to celebrate METCO's first 20 years in Cohasset hung proudly, despite the need for an alteration to read "25". Marie Miller, who graduated from Cohasset High School through the METCO program, came with her family, including her son Antoine, a sixth grader.

Superintendent Steve Hart, high school principal Meg Gallagher, vice principal Jack DeLorenzo, and school committee members Ken Wilcox, Joanne Chittick and chair Nancy Sandell were in attendance. For many Cohasset families, it was a chance to meet the new METCO director for Cohasset, Yvonne Jones, who has replaced Pat Brown.

When dinner was ready, event chairperson Dayle Dickinson, responsible for so many of these annual feasts, welcomed the group and thanked all those who work to make it happen. Her announcement that this was METCO's 25th year in Cohasset drew loud applause. METCO committee co-chair Elaine Davis said that once again she was pleased with the turnout for the event. Once again, it was a good time and an important happening.

Mackensie Halloway finds something she wants to read at the Osgood School book fair this week. (Staff photo/Alan Chapman)

Coats for the needy

Fifth graders at the Deer Hill School are very excited about their most recent project. They will be collecting coats for the needy until Nov. 29 and have chosen the Pine Ridge School in Pine Ridge, South Dakota, which consists primarily of Sioux Indian-Americans, to receive the donated clothing.

Students from kindergarten through grade 12 have been invited to participate. Hats and mittens will also be accepted along with financial contributions, which will be used to help defray the cost of shipping the clothing.

Music conference attended

Cohasset High School teachers Melissa Barry, Joseph Federico, George Fortin and Paul Narkiewicz attended the 29th annual conference of the Massachusetts Foreign Language Association on Nov. 4 and 5 in Andover.

The conference included more than 60 workshops addressing needs in Chinese, French, German, Italian, Latin, Russian and Spanish classes. Teachers from throughout New England and program presenters from across the nation attended.

MaFLA, whose goal is to continue to serve the country's need for increased language proficiency and global awareness, has more than 1,000 teachers as members.

School renovation plans

Space consultant George Collins will meet with the School Committee on Tuesday, Nov. 22, at 8 p.m. at Cohasset High School (Room 210) to share the results of the study he conducted regarding the renovation and construction projects proposed for the Osgood and Deer Hill schools.

Anyone interested in hearing more about the expansion plans is invited to attend the meeting.

Band/chorus assn.

A Band and Chorus Parents' Association is being formed at the Deer Hill School to serve as a support group to the band and chorus directors when needed, and to explore ways in which students can continue participating in musical groups at the junior and senior high schools. More than 75 parents have already joined.

At least two-thirds of the DHS students are members of the band, chorus or concert choir. A post-holiday concert party will he held for the two music groups sometime during the first week of January.

To support the spirit of the band and chorus, automobile decals may be purchased at the Deer Hill School office for $2.

Drama workshop

The Cohasset PSO board will be sponsoring a Drama Workshop at Deer Hill School during the month of March.

The Wheelock College Family Theater will perform at the school and conduct three 90-minute workshops for teachers, Deer Hill students, parents and junior and senior high school students who would like to participate.

The classes will be held during early-release Thursdays and 1:50 periods, with a student performance planned for the spring.

The PSO board thanks Diana Kinch, who has worked with DHS teachers and the Wheelock College staff to make the workshops possible.

Clothing drive

The Social Awareness Organization of Cohasset High School will be sponsoring a clothing drive to benefit the Pine Street Inn, a Boston shelter for the homeless, through tomorrow (Nov. 18).

Men's and women's warm clothing and winter coats are especially needed and can be dropped off at the bins located at the main entrance and west wing of the high school.

Parenting workshops

The elementary school adjustment counselors are offering a series of four parenting workshops on Tuesday mornings from 9:30 to 11 a.m. in the "living room" at the First Parish House on Main Street. They include:

Nov. 29: "Teaching Responsibility and Respect to Children."

The workshops are open to any Cohasset parent and will be led by Ed Leonard and Frank Fitzgerald, who have extensive experience in consulting with parents.

The four-part series will include information about step-parenting and assertive discipline for parents.

To register contact Leonard or Fitzgerald at 383-6115 or 383-6117.

Secret Room opens

The Secret Room is coming! Donations of small holiday gifts, especially handcrafted items, are still needed and can be dropped off at the Deer Hill or Osgood school offices.

Other suggestions include travel-size toiletries, handkerchiefs, self-sticking note pads, stationery items, baseball cards, peppermint candies and tennis and golf balls.

Shoppers age 12 and under are invited to buy inexpensive gifts for friends and family at the Secret Room on Saturday, Dec. 3, from 10 a.m. to 2 p.m.

Food pantries benefit

Jack Conway's Cohasset sales office will hold a Thanksgiving Fair Saturday Nov. 19, to benefit the Cohasset and Scituate food pantries.

To be held from 9 a.m. to 3 p.m. at Conway's Cohasset office on Route 3A, the Thanksgiving Fair will feature a yard sale and bake sale as well as a silent auction of goods and services donated by local businesses. There will also be balloons and face painting for children.

"We wanted to help make this a happy Thanksgiving for the needy families of our towns," said Conway Realtor Marge Gorman, who is running the silent auction portion of the event. Realtors Carolyn Malone-Beatty and Karen Fredericks are running the yard sale and bake sale respectively.

For more information or to make a donation, please call office manager Mary Ellen Neagle at 383-1800.

Dance program, Nov. 18

The South Shore Community Center of Cohasset presents an evening of dance along with DanceVisions Dance Company at 8 p.m., Friday (Nov. 18) in the Community Center gymnasium. Tickets are $1, children under six admitted free. Call 383-0088 for information.

Fire video night at CCC

Fire video night, featuring WBZ-TV videographer Nat Whittemore, will be held on Saturday, Nov. 19, at 7:30 p.m. at the Cohasset Community Center.

There will be door prizes and refreshments. A $7 per person donation is requested.

The evening is sponsored by the Cohasset Firemen's Benefit Association, with proceeds to go to the association's scholarship fund.

For ticket information call Joe Migliaccio (383-0931), Bill Brooke (545-2532), Steve Maynard (383-2707) or Bruce Pratt (383-9287).

'Guys & Dolls' to open

Mark your calendars now for Cohasset High School's all school musical "Guys and Dolls." Performance dates are Friday and Saturday evening Dec. 9 and 10 at 7:30 p.m. and Sunday afternoon matinee at 2 p.m.

Eighty students from grade seven to 12 have been hard at work getting ready for the show including Nick Welz as Sky Masterson, Jessica Jenkins as General Matilda B. Cartwright, Thomas Allen as Rusty Charlie and Mark Whitman as Arvide Abernathy.

Support the arts at Cohasset High School and enjoy this truly wonderful production at the same time. Plan on making "Guys and Dolls" part of your holiday season.

Entertainment books for sale

The Cohasset PAC will sell the Entertainment '95 Book once again as a fundraiser for Special Needs Programs.

The card and coupons provide the buyer with opportunities to enjoy two-for-one dinners at many outstanding South Shore and Boston restaurants. Kimball's, The Whitton House, The Alewife Tavern and Michael's Waterfront are just a few of the excellent choices.

There are discounts for fast food restaurants, movie theatres, dry cleaning and airline tickets. If you would be interested in purchasing an Entertainment '95 Book for $30 please call Betsy Connolly at 383-1248.

Order T-Day pies

The Appalachia Service Project volunteers will bake pies and breads for Thanksgiving. In addition to apple ($7), pumpkin ($7), and pecan ($9) pies, they will also have date nut and cranberry breads ($5 each) available for purchase.

Call Ami Argus at 383-9325 to place your order via phone or call someone you know who is involved with the Appalachia Service Project for an order form. Order forms will also be available at the local churches at their coffee hour this Sunday. Deadline for orders is Friday, Nov. 18.

The pies/breads will be available for pickup from 11 a.m. to 1 p.m. at the Second Congregational Church (next to town hall) Sunday, Nov. 20, or we can deliver your order during the afternoon of the 20th.

Lightkeepers host party

The Cohasset Lightkeepers will open Bancroft Hall at the Lightkeeper's House on Government Island for a Christmas open house on Sunday, Dec. 18 from 2 to 6 p.m.

Everyone is welcome to come and enjoy hot cider, hot cocoa, coffee and homemade holiday treats. Music and caroling will add to the festivity of the occasion.

For many this will be an opportunity to visit one of Cohasset's newly refurbished treasures. Bancroft Hall is the first floor of the old lightkeeper's residence on the island, which has been renovated through the efforts of community volunteers and donors. It currently serves as a function hall which is available on a rental basis for parties, meetings and dinners held by members of the Cohasset community.

Heavyweight contender

Thursday, Nov. 17, Host Wigmore Pierson's guests on Pierson to Person will be heavyweight boxer Peter McNeeley from Whitman, his trainer Vinnie Vecchione, business manager Jack Buckley, and chairman of the Massachusetts Boxing Commission, Jocko Ananian.

Topics to be discussed; McNeeley's proposed heavyweight championship promoted by Don King, State of Professional Boxing today, new rules and regulations to assure safety of boxers, and upcoming fights on the South Shore and Massachusetts.

The Pierson to Person television show is broadcast live each Thursday, 8 to 9 p.m., from the North Scituate studio of Continental Cablevision. The show airs on Channel 53 in Hingham, and on Channels 3 and 53 in Cohasset.

The public is invited to be part of the studio audience each Thursday evening and those planning to attend should be at the studio on Gannett Road by 7:30 p.m.

For further information about upcoming guests and additional show information call the Pierson Show's Executive Producer, Robert Belliveau, at 545-2500.

Christmas concert benefit

This season's annual Christmas Concert at First Parish, Sunday, Dec. 11, at 4 p.m., will benefit Good Start, a child abuse and neglect prevention program. Speaking at the First Parish Unitarian Universalist Church in Cohasset Sunday, Nov. 6, William A. Hunt, regional administrator for the Massachusetts Society for the Prevention of Cruelty to Children, described the program.

Started on the South Shore in 1993, Good Start is MSPCC's nationally recognized program which provides a continuum of home and community based services to parents of newborns to help get children off to a "good start." Community volunteers, local parents who with training and supervision are the backbone of the Good Start program, visit new mothers, offer support and help through those difficult first years of parenting.

Hunt shared his thought that one of the disadvantages of the invention of the electric clothes dryer is that it increases the isolation of new parents. Hanging out the laundry to dry was one of the ways young mothers learned from the more experienced parents in the neighborhood some of the things that helped them to parent. Good Start brings experienced mothers into the homes of new mothers to develop strong caring ties through which some of this teaching, once accomplished over the clotheslines, can still occur. Of the 500 at risk families involved in Good Start to date, only seven have had reports of child abuse and neglect.

CONCERT FOLLOWED BY RECEPTION

This will be the 16th annual Christmas Concert at First Parish featuring the Unicorn Singers directed by Margo Euler. This year's concert will feature John Rutter's cantata, "When Icicles Hang," an energetic and delightful collection of medieval and Renaissance texts set by the popular British composer. The singers will also perform Pinkham's "Nativity Madrigals" (texts by poet Norma Farber) and several familiar carols in new settings. As always, the audience will be invited to join the singers in more carols conducted by Euler. Following the concert, the joy and spirit of the singing will continue in the Parish House where the MSPCC Metro Region South Shore Friends Association will host a wine and cheese reception. All are invited to attend the reception.

Patrons are welcomed and your $40 contribution brings you two tickets by return mail. Tickets at $5 will go on sale at the church office Dec. 1. There is no charge for the reception following the concert. The church office is open Monday through Friday, 9 a.m. to 1 p.m. to answer questions and sign up patrons for the concert. The phone number is 383-1100.

You are hereby notified pursuant to Mass. R. Civ. P. Rule 72 that the fourth through eighth account(s) being the 20th through the 24th accounts of the Trust Horace S. Nichols and Grant H. Gray as trustees under article eleventh of the will of J. Franklin McElwain f/b/o Mary Gleason et al (the fiduciary) of said estate as Trustee (the fiduciary) under Article 11 of the will of said deceased for the benefit of Mary Gleason et al (the fiduciary) of the property of said J. Franklin McElwain have been presented to said Court for allowance.

If you desire to preserve your right to file an objection to said account(s), you or your attorney must file a written appearance in said Court at Dedham on or before the seventh day of December, 1994, the return day of this citation. You may upon written request by registered or certified mail to the fiduciary, or to the attorney for the fiduciary, obtain without cost a copy of said account(s). If you desire to object to any item of said account(s), you must, in addition to filing a written appearance as aforesaid, file within thirty days after said return day or within such other time as the Court upon motion may order a written statement of each such item together with the grounds for each objection thereto, a copy to be served upon the fiduciary pursuant to Mass. R. Civ. P. Rule 5.

WITNESS, Robert M. Ford, Esquire, First Justice of said Court at Dedham, this twenty-eighth day of October, 1994.

Thomas Patrick Hughes
Register of Probate
11/17

Violence claims life of promising CHS graduate

By David McKee
Mariner staff

Oronde Khary Allie, 20, a '92 CHS graduate, whose ultimate goal was to open his own computer store in Boston, was gunned down in an apparent robbery attempt Sunday night (Nov. 20) near Morehouse College in Atlanta, where he was a student.

According to Atlanta Police, Allie was shot twice Sunday at 11:35 p.m. One shot hit him in the knee while the other lodged in his back.

He was pronounced dead just after midnight at a nearby hospital.

Vanessa Shannon, an Allie family spokesperson, said Allie's car is missing and may have been stolen by whoever shot him.

"He was hit once in the back and once in the knee and they think he may have been running away when it happened," Shannon said. "His car has not been found yet and that is really all we know."

Shannon said Allie would not have offered any resistance to a would-be robber or car-jacker.

"He was such a fine young man," she said. "He would have given his heart away. They didn't have to do that to him. It is such a waste."

'He was such a fine young man. He would have given his heart away. They didn't have to do that to him. It is such a waste.'
-family spokesperson, Vanessa Shannon

Allie leaves behind his parents, Glenda and Samuel, as well as a younger brother Samuel and a younger sister Karima.

He also leaves his paternal grandmother Blossie Allie and maternal grandmother Eileen Mason.

Funeral services are being planned for the J. B. Johnson Funeral Home on 196 Warren Ave. in Roxbury.

Shannon said the family is aiming for a Friday service but that may be delayed pending autopsy results.

Atlanta police said they have no leads on the murder.

Field drainage solutions meet with skepticism

By Sean P. Sweeney
Mariner correspondent

Plans for the new track and all-sports field took yet another step forward Thursday, Nov. 17, as the committee overseeing the design of the track approved various major aspects of the design as submitted by engineers from BSC Engineering.

At a meeting of the building committee Thursday night, BSC representatives reported to the committee that they had arrived at a plan which encompassed substantially all of the committee's goals.

Of note was the fact that the BSC representatives had been able to configure the track in such a way as to allow for an internal field area that would accommodate a soccer field of 210 feet in width. At earlier meetings, BSC's representatives were skeptical about the possibilities of accomplishing such a configuration while maintaining the track length of 400 meters.

As presently designed, the sidelines of a 210-foot soccer field would be within about 1-1/2 feet of the track surface on both sides. At the corners of the field, the track surface would be within one foot of the field.

Various members of the committee expressed concern about the types of injuries that would likely occur when players encounter the change in playing surface from grass to rubberized track surface. Of particular concern were the possibilities of twisted ankles and serious abrasions.

In addition, safety concerns were heightened by the fact that present drainage designs for the field and track call for the placement of six metal storm drains

Food pantry provides help for the holiday

By Alice C. Coyle
Mariner Staff

The holidays are a busy time for all local pantries and Cohasset's Food Pantry is no exception.

Thanks to the generous donations of food and money from town churches, schools and organizations the pantry was able to prepare and distribute 27 Thanksgiving baskets yesterday complete with a turkey and all the fixings for needy area families.

According to coordinator Marjorie Steele this is the pantry's busiest time and with an increase in donations, the recent expansion in the Second Congregational Church basement has been a blessing.

The pantry now has more room to stock heavily donated items and products purchased at the Boston Food Bank. Monetary donations allow the pantry to purchase food at the bank once a week, Steele said.

The pantry, which has been open since May of 1993, currently serves between 25 and 30 Cohasset families and does not require families to be on welfare or receiving state or federal subsidies in order to receive assistance from the pantry.

"If you can help people out with groceries you might be able to help keep them off welfare," said volunteer Annette Sawchuk

Generally, families come in every other week and use the pantry to supplement their food supplies, Steele said.

The pantry is very well stocked due to steady contributions from the community, especially the churches. Steele explained that each church takes a different week in the month and does collections in their

Skippers' offensive weapons worry Hull

By Joe Reardon
Mariner staff

The worst part about being on the winning side of a lopsided victory is the fact that the victorious squad forgets about the win quicker than those it defeated.

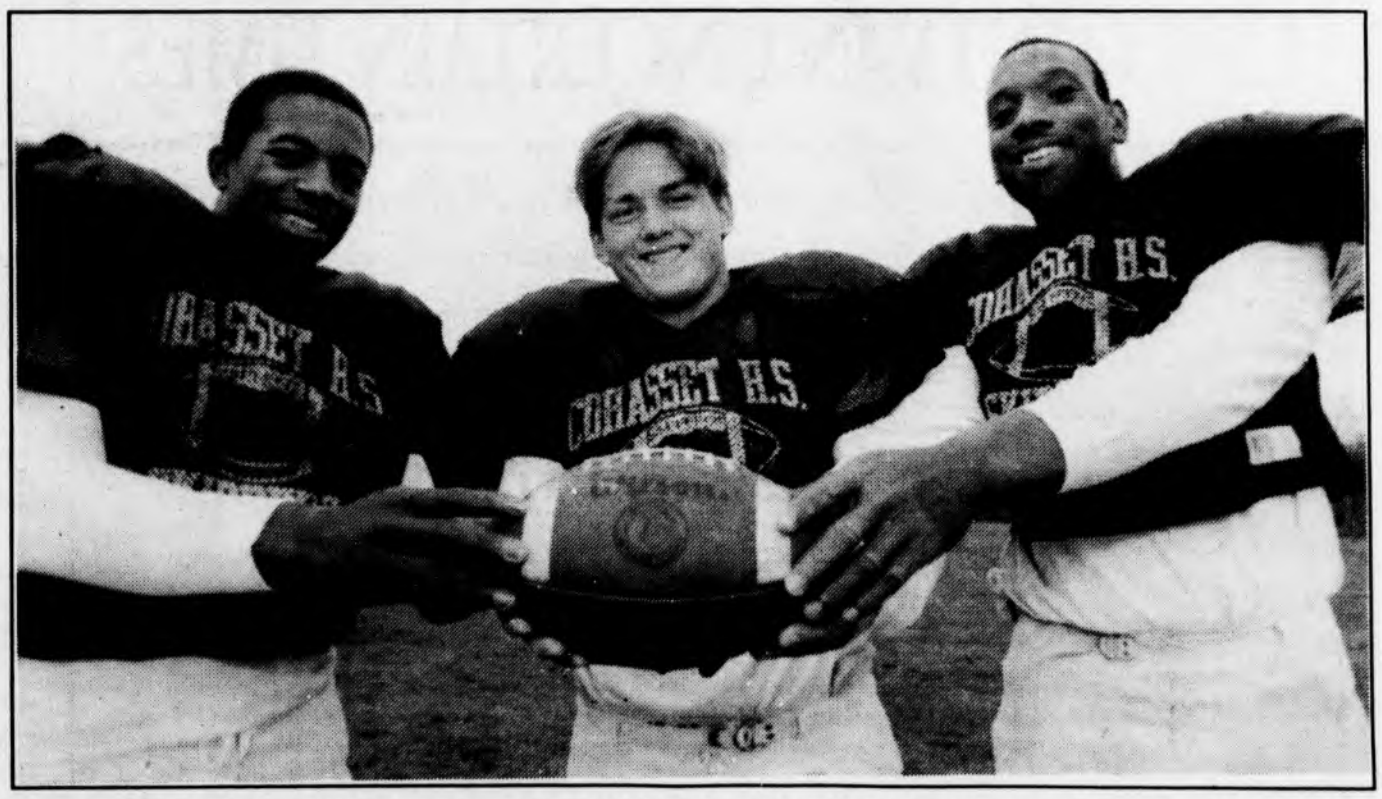
The team that loses? You can bet that feeling of coming out of a game with nothing to show for it except an "L" in the win-loss column burns in its gut for quite a while. The best remedy to cure that acidic feeling is a rematch, the chance to prove the first win was a mistake, a fluke or dumb luck. Take your pick.

Now double the losses and you get the picture. Cohasset High is out for retribution.

Hull High's head football coach John Anderson expects the Skippers to be primed, ready and hungering for a win when the Pirates travel to Milliken Field to take on the Skippers in Thursday's annual Thanksgiving Day game.

"We beat up on them pretty good last year so I know

(See page 18)



Cohasset High's tri-captains Thomas Allen, Nick Welz and Dorian Bryant are anticipating the Thanksgiving showdown against Hull. **(Staff photo/Alan Chapman)**

Cohasset's week

Legal workshop set

Selectmen will invite a representative from the Norfolk County District Attorney's office to join town counsel Richard A. Henderson in a workshop with selectmen on the open meeting law, public records law, and ethics.

Last week there was confusion about whether a budget workshop set to take place Nov. 15 with the advisory committee, selectmen and department heads should have been posted. On Nov. 14, the press pointed out to selectmen that meeting was not posted in time and selectmen said the meeting would not take place. However, due to an apparent misunderstanding and lack of communication, the meeting was back on the following day and then cancelled again after Selectman Peter Pratt called the district attorney's office.

Discussion about the on again, off again meeting struck some raw nerves on the board Monday night.

"The events last week demonstrate to me that the people in this building do not have an understanding of the open meeting law," Pratt said.

Selectmen Chairman Michael H. Sullivan disagreed.

"It's absurd to say we've been lackadaisical. There are fine lines in everything. You've decided things are all black and white and it's just not that way," he said to Pratt.

Pratt questioned how a joint meeting between selectmen and the advisory committee would not be subject to the open meeting law.

Town Counsel Richard A. Henderson said he agreed with Pratt. He explained that when Executive Secretary Gregory Doyon asked him about the necessity of posting the meeting in question, he had misunderstood who would be in attendance.

Board appointments made

Selectmen this week appointed David Chase, 100 Pond St., to the school facilities study committee. Town moderator George Marlette appointed John K. McNabb Jr., 53 Pond St. to a three-year term on the regional refuse disposal planning board and Daniel Evans, 24 Black Horse Lane, for a three-year term to the advisory committee. Evans replaces Wayne Shawchuk.

There are openings on a range of town boards. Call the selectmen's office at 383-9900 for more information.

Earlier this month, Cohasset's state Rep. Mary Jeanette Murray poses with (L-R) Hingham Fire Chief Richard K. Wehter, Scituate Fire Chief James Breen, and Cohasset Fire Chief Roger W. Lincoln at the Firefighter of the Year Awards Ceremony at the Gardner Auditorium in the State House.

Food pantry provides help

(Continued from page 1)

congregations for the pantry. St. Anthony's Catholic Church has the first week of the month and with its large congregation really helps to keep the pantry going in slow months, Steele sa[illegible]

[illegible]n food drives, Cohasset schools and organization like the Boy Scouts also help keep the pantry stocked and most merchants in town have also been supportive, Steele said. Several businesses along route 3A and in down town Cohasset assist the pantry through can drives, she added.

"It's not a lot of money, but it's very steady," Steele said.

Stop and Shop has held two fundraisers for the pantry. The first called "Food for Friends" took place during the month of September. Hingham's Interfaith Pantry and Cohasset's Food Pantry split the proceeds from a can drive at the registers and a bake sale, Steele said.

"It's been terrific. We have a lot of support in community," said Steele.

Other support comes through grants from the state's Project Bread" program which sponsors the Walk for Hunger each spring. Monthly informative network meetings provide an opportunity for an exchange of ideas between several South Shore food pantries.

Steele who was very involved in the founding of the pantry said that it was a former member of her congregation who had spoken of a need for a pantry in town. When Steele and others began to research starting a pantry, they found that several Cohasset families were being served at other town's pantries.

"We saw there was a need here," said Steele, adding "Hingham and Weymouth helped us in setting up our pantry."

The pantry is open for donations Monday through Friday from 9 a.m. to 12 p.m. and generally carries a wide selection of products, Steele said.

Household cleaning products, tooth paste, shampoo and other personal items are always needed as are canned fruits and vegetables, cereals, fruit juices, tuna and most of all, volunteers. Sawchuk said she needs about three volunteers for each shift, about 25 total.

Food distribution takes place on Tuesday mornings from 9:30 a.m. to 10:30 a.m. and Tuesday evenings from 7 p.m. to 8:30 p.m.

Tennis court upgrade

Selectmen will ask the advisory committee for a transfer of nearly $7,000 to make up the balance of what it will cost to resurface the two old Milliken Field tennis courts. Town meeting approved $5,500 to patch the courts but the board now feels that resurfacing for a total cost of $12,458 would be money well spent.

Contractor Ross W. Rosano, who is building the four new tennis courts adjacent to the old ones, provided the cost estimate. Selectmen Chairman Michael H. Sullivan said this change gives the town the equivalent of six new tennis courts.

If the advisory committee denies the transfer request, the money for the resurfacing will come from the $775,000 allocated for the total athletic fields/ tennis court project.

Roof repair considered

Selectmen will consider authorizing repairs to the roof of the Victorian house on the town-owned Hagerty property after Executive Secretary Gregory Doyon comes back with a cost estimate. The roof needs immediate temporary repair especially around the chimney. The town bought the house and land through town meeting 18 months ago. The Hagerty committee is studying recreational uses of the land and possibly leasing the house, which contained the offices and showroom of Cohasset Colonials, a furniture kit manufacturing company, which relocated to Hingham.

Violence claims life of graduate

(Continued from page 1)

"The shooting occurred at 11:35 p.m.," said Atlanta Police lieutenant Danny Agan. "The victim was driving at the time when he was confronted by a person or persons. At least two shots were fired at him. We don't know the motive in the killing and we have not made any arrests."

Allie was a METCO student, originally from Roxbury, who began attending Cohasset schools in first grade.

At CHS, Allie was a member of the football and track teams as well as the Chess Club and Debating Team.

He was an outstanding student who was known for his optimistic personality and interest in audio visual arts.

At Morehouse College, Allie majored in Computer Science and Engineering and was a chapter vice president of the N.A.A.C.P.

He took summer courses at UMass Boston to get ahead in his studies.

He also completed two summer internships at Polaroid and had a job waiting for him when he graduated in '95, according to Shannon.

"He was a very aggressive and intelligent young man," Shannon said. "He wanted to eventually open his own computer store in Boston. He wanted to give something back to his neighborhood."

Shannon said Allie also had a tender side.

In June of '94, he attended the Newton South prom as a favor to Shannon's daughter, Rukiya.

"Something fell through and on very short notice he was asked to take Rukiya to the prom," Shannon said. "He said, 'I'd be delighted' and he came up right from school. That was the type of person he was. He was very considerate."

At Cohasset High on Monday, a special crisis team was set up for students to deal with the grief of Allie's death.

"This really caught everyone off guard," said Cohasset Superintendent Stephen Hart. "He was a well-liked student and we considered him one of our own. He will be sorely missed."

Ted McDermott coached Allie during the senior football season.

"He came out for the team as a senior with no experience and was a fine young man," McDermott said. "He was an outstanding student and made a great contribution to the team through his hard work and his personality. This is a big loss for everyone and it is even more difficult this time of the year."

David and Sue Terry were the host family for Allie in Cohasset since he entered the METCO program in first grade.

David Terry served as an advance scout for the Cohasset High football team and his son Jed played sports with Allie and graduated CHS the same year.

"He was a fine young man and an excellent student," Terry said. "He really had his act together and you could see he had a bright future."

Over the years, Allie stayed with the Terry family many nights and weekends.

"He would take a bus in from Boston but when a sporting event or an extra curricular activity would run late, he would stay over with us," Terry said. "During his junior and senior years he spent many weekends with us. We were all very close to him and right now we are in shock."

Drainage solutions meet with skepticism

(Continued from page 1)

at points along the edges and corners of the soccer field.

At the suggestion of the high school soccer coach, the BSC representatives agreed to look into other drainage options which might minimize the number and size of drains at the side of the soccer field. Committee members and BSC representatives seemed skeptical and concerned about the cost-prohibitive nature of more sophisticated drainage structures.

One solution suggested at the meeting was the placement of plywood covers, covered with astro-turf, over the drains during games. Some members remained concerned that the solution would be just as dangerous as the open drains.

Despite the safety concerns, the committee instructed the BSC representatives to proceed with the formal design of the track as discussed, with the distance between the track surface and the 210-foot wide soccer field remaining unchanged.

Other fields, including the football, lacrosse and field hockey fields, will fit easily within the interior field area of the newly designed track.

The internal track area will also accommodate various track and field events such as the high jump, long jump, and triple jump. Other field events like the discus and the shot put will be held at a nearby field. Subtle changes to the track plan were discussed based upon suggestions of the high school track coaches and the changes will be incorporated in the final designs.

One positive consequence of the new track configuration is that the designers have been able to minimize the impact on wetlands and have been able to eliminate the need for many of the costly retaining walls called for under previous plans. The changed configuration will also allow for an uninterrupted access trail leading from the gymnasium entrance to Milliken Field.

Sewer questionnaire to solicit homeowners' concerns

Sean P. Sweeney
Mariner correspondent

The sewer commission hosted a public meeting at the town hall Thursday, Nov. 17, in order to get information from town residents regarding problem septic systems and to answer questions of residents regarding the various wastewater disposal alternatives presently being considered by the town.

The three alternatives were set out in an amended final judgment agreed to by the town and the state and with the approval of the town at the recent special town meeting. The three alternatives include the transport of wastewater to the Hull treatment plant, or the upgrading of the Cohasset wastewater treatment plant with state-of-the-art equipment and discharge into either the James Brook or Cohasset Harbor.

According to town engineers present at the meeting, the residents of Cohasset will receive a questionnaire seeking information regarding present on-site systems and problems relating to them. As part of the agreement with the state, the town must submit a plan to the state in which it addresses, with as much particularity as possible, the various town-wide problems and in which it offers sound long-term solutions throughout the town.

The town will base its plan, in part, on the findings of the questionnaire. Because of concerns that some residents might be hesitant to answer truthfully because of failed septic systems, the questionnaire will provide for anonymity where desired. Town engineers do hope to be able to suggest individual or group solutions to residents with serious septic tank or sewerage problems.

One rather vocal group in attendance at the meeting was comprised of residents of the Straits Pond Area near Jerusalem Rd. It is well documented that Straits Pond is experiencing fecal and nutrient contamination, in part due to failed septic systems in Cohasset.

Residents of the area have organized themselves into an association in order to officially address this problem. In fact, the group has indicated its willingness to finance and actually construct a new sewer line for the entire area and a hookup of the line to the Hull wastewater treatment facility. Before undertaking the necessary work to do so, the residents would like to know whether the town is likely to duplicate the work as part of its long-term solutions to the wastewater disposal problems in the town.

Ted Guild, chairman of the sewer commission, moderated the meeting and indicated that the town would not know which alternative it would pursue until preliminary studies had been completed. He explained that a preliminary report will be generated by May, 1995, and that a very detailed report will be ready by June, 1996. Guild indicated that town would be reasonably sure in June of 1996 what plan or alternative it would be pursuing.

Straits Pond area residents expressed their concern about waiting that long to address the very serious problem that exists in the area as of this date. They suggested that they may go forward with their plan, citing concerns about failed on-site systems and plummeting property values as reasons for their sense of urgency with regard to remediating the problems.

According to Guild, the town will have to approve any proposed plan to sewer the area before Straits Pond area residents can begin construction of the sewerage. It is expected that construction of a sewer in the area will cost each resident involved approximately $10,000. However, due to the abundance of ledge in the area, residents could expect to pay up to $75,000 for state-of-the-art on-site systems.

The Straits Pond group is at a bit of an impasse, however, as they are hesitant to spend the money necessary to conduct all of the detailed engineering studies required to develop an acceptable plan for the construction of the necessary sewerage until it gets the sense that the town is likely to approve the plan. The town, on the other hand, will not give any approval to the plan until it sees more definitive engineering studies.

According to Guild, the town will consider such factors as the type of system designed, the type of equipment to be used and the nature of the contract between the group and Hull. Guild expressed concern over the amount of capacity which exists in Hull, especially in light of the 300,000 gallon daily capacity which it has agreed to provide to Cohasset under a previous agreement. This obligation to the town of Cohasset will cease should the town seek the state's approval to pursue one of the two Cohasset options for discharge of treated wastewater.

Guild also rejected Straits Pond area residents' requests for a temporary solution in the area, stating that the state is seeking permanent solutions to the wastewater problems rather than temporary solutions.

It appears that it will be up to the residents of the Straits Pond area to determine if they can wait for the investigation of the town's engineers or whether they feel it is imperative that they act immediately.

Studies of the wastewater problems throughout town will continue in anticipation of the publication of the first preliminary report of May, 1995.

Checking account fees getting you down?

Come to the Pilgrim for the best in town.

As Cohasset's community bank, we're quite different from other banks in town.
In addition to no stockholders, no outside interests and no big fancy offices, we have no big fees. Write 49 checks or less each month and you'll enjoy:

- No minimum balance requirement
- No monthly service fee
- No check-writing fee
- No ATM use fee

Avoid service fees with our '49*er*' checking account.

High-tech road monitors eyed for Route 3

By Steve Adams
Mariner staff

Before the first snowflake hits the pavement of four North Shore highways this winter, high-tech weather stations will be beaming meteorological and road conditions to the state Highway Department headquarters.

But on the South Shore's busiest thoroughfare, road crews will have to rely on local and State Police to report black ice or other unsafe conditions, just as they have done in the past.

If the North Shore pilot program proves successful, State Rep. Frank Hynes (D-Marshfield) wants the "thermal mapping" equipment installed on South Shore sections of Route 3.

Last year, the state Highway Department was awarded a $750,000 grant from the federal Highway Administration to install nine "road and weather information systems" in the greater Boston area. The Highway Department selected nine sites in Middlesex and Essex Counties on Route 93, Route 128, Route 3 and I-95.

"They can provide us with a fairly accurate estimate of when we will have problems out there on the highways," said Mark G. Cain, operations engineer for the Highway Department.

The systems consist of weather instruments which gather information on ambient temperature and humidity, and sensors buried in the highway pavement which measure temperature and levels of de-icing chemicals applied to the roadway.

The data is transmitted by telephone line to Highway Department headquarters in Arlington every 45 minutes. From there the data is sent to work stations in Arlington and Boston equipped with computer software that analyzes the weather conditions. A meteorological consulting firm hired by the Highway Department will match the data with weather forecasts to predict future road conditions.

And road crews will be dispatched accordingly.

"What this will allow us to do is get as much efficiency in our system as possible," said Cain.

The devices were installed last winter north of Boston and the experiment was "very helpful," Cain said. This winter will be the first comprehensive test of the system.

Highway Department officials will decide whether to pursue additional state or federal funding for expansion of the program elsewhere in the commonwealth, Cain said.

Hynes' office said he will lobby for state funding to install weather sensors on Route 3 if the Highway Department deems the pilot program a success.

State Rep. Janet O'Brien (D-Hanover) said the thermal mapping program must prove that it works and that it is cost-effective.

"So many times things that work in other parts of the country don't work in New England, because we have such severe weather conditions," she said.

And as for this winter on the South Shore? The Highway Department receives forecasts five times a day from Weather Services Inc. of Bedford, more frequently during storms. The forecasts are relayed from dispatchers at the Highway Department's radio center in Boston's Dewey Square to district supervisors at its field headquarters throughout the state.

"If a freezing condition develops, our eyes and ears out there are basically the state and local police," Cain said. "We are reacting to a forecast or a report from the police departments."

Happy Thanksgiving!

Boat house shored up

Earlier this month, selectmen authorized the town spending up to $150 to shore up the boat house on the Hagerty property for the winter.

Vee Roebuck, spokesman for the Hagerty committee, said volunteers would provide the labor to stabilize the boat house and that materials would cost about $111.

Recently, selectmen voted to keep the boat house on the Hagerty site and not have it moved to Government Island.

Cohasset Maritime Institute, a non-profit organization, has proposed leasing the boat house for a nominal fee from the town and using it as a maritime educational center.

Auditing to be bid

Although selectmen are pleased with auditors Tucci & Roselli — citing good business practices, they voted this week to put the three- year town auditing contract out to bid.

Last year, when the town renewed Tucci & Roselli's contract for one year with the option of two more years, the firm had audited Cohasset's books for five consecutive years, Executive Secretary Gregory Doyon said. At $8,100, Tucci & Roselli was the lowest qualified bidder last year.

Silvia pinch hits

Fire Capt. Robert D. Silvia will serve as acting fire chief while Chief Roger W. Lincoln is on vacation Nov. 28-Dec. 11.

Selectmen appointed Silvia, a Cohasset resident, on the recommendation of Lincoln, Monday.

around town

by Sallyann Chatterton

One more event for you to mark on your calendar. Dec. 9 and 10 (and a matinee Sunday, Dec. 1 i), the Cohasset High School's all-school musical, "Guys and Dolls" will be performed. Eighty students from grades 7-12 will be performing, including **Jamie Kondrat** as Nicely-Nicely Johnson, **Ron Nicynski** as Benny Southstreet and **Allie Ritts** as Sarah Brown. There will also be the Hot Box Girls, the New York Street group and Cuban dancers. Bring the whole family, and have a ball watching Cohasset's stars!

Starting on a happy note, Santa will have one more name to add to his list — **Christina Marie Geromini**. She is the daughter of **Maggie (O'Connor)** and **Ron Geromini**. Christina was born Friday, Nov. 18. She weighed 7 lbs. 11 ozs. and was 17-1/2" long.

Maternal grandparents are **Peter** and **Pat O'Connor** of Cohasset, paternal grandparents are **Ron** and **Gloria Geromini** of Hanover. Happy holidays to all of you, we know you will enjoy your precious baby!

Jessica C. Pyfrom of Cohasset participated in a community volunteer project as part of the new-student orientation program at Bates College, where she is beginning her first year. Jessica helped serve meals to the homeless at Trinity College in downtown Lewiston under the auspices of Urban Ministry, Inc., which assists residents of inner-city neighborhoods. She was one of dozens of Bates students who conducted projects in cooperation with a half-dozen nonprofit agencies. The program was organized by the Volunteer Coordinator's Office at Bates.

Jessica is the daughter of **Anthony** and **Joan Pyfrom** of Linden Dr., and is a graduate of Cohasset High School.

Hat Box girls Meridith Equi and Dawn Massa-Williams rehearse for Cohasset High's all-school production of "Guys and Dolls" on stage Dec. 9, 10, & 11. Directors Bryan Marks and Jo-Ellen Wood with teachers Joel Antolini, Maureen Duffy, Marcia Lajoie, John Packard, and choreographer Sharon Leslie are working with a cast of about 80 students. For tickets or information, call the high school at 383-6100.

Toby Smith, son of **Judith Skinner Smith** of Central St. in Hingham and **Russell R. Smith** of Cohasset, is a participant in the Hamilton College Junior Year in France Program. The program is distinguished for the thoroughness with which it immerses students in the language, history and culture of France. The program begins with a session in Biarritz and ends in Paris. Participation is limited to students whose preparation in French is sufficient to enable them to profit from courses in the humanities, fine arts and social sciences all taught in French.

Toby, a junior majoring in foreign languages, is a graduate of Hingham High School.

Last week I told you all about the **Jingle Bell Walk** that is being put on by the South Shore Community Center. Hope everyone marked Friday, Nov. 25, on their calendar! It sure sounds like great fun for kiddos, both young and old!

The only thing I forget to mention was if the weather is inclement they will hold the Walk Saturday, Nov. 26, with the same schedule of events. See you there, whichever day it is!

The Cohasset High School grads, **class of 1989**, are planning a reunion. It will be held Dec. 23, from 8 a.m. to noon, at the Legion, and they are looking for members.

Kristen Ellinger and **Erin Hunt** have worked hard to find fellow classmates, but some letters have been returned with "address unknown" stamped on them. So parents, once again your help is being sought.

If you had a grad in '89 and they haven't heard about it, have them get in touch with **Kristen (497-1386)** or **Erin (383-3163).**

They are certain to have a great time, hope we will be able to tell you all about it at a later date!

Thanksgiving day should be a "full" one for all. Why not start by going to the Thanksgiving breakfast that will be held at the Legion from 8 to 10 a.m.? It's all you can eat for $4. And, you will be supporting the Sons of the American Legion's scholarship fund. After you have filled your tummy (save room for the turkey), go to Milliken Field and watch one of the League's best football rivalries, the Cohasset Skippers vs. the Hull Pirates! Kick-off time is 10 a.m. sharp, be there to cheer our team to victory.

Clark and I will celebrate our 31st wedding anniversary Nov. 28!

Finally, hope you all have a wonderful Thanksgiving and that you will remember to call me and tell me all about it!!

Mr. and Mrs. Todd McAdams

McAdams/Ainslie

Pamela Ainslie, daughter of Mr. & Mrs. Richard Ainslie of Cohasset, was married to Todd McAdams at an ecumenical service performed by The Rev. Robert L. Campbell and The Rev. Arthur M. Calter at the Beechwood Congregational Church of Cohasset.

A reception followed at the Sons of Italy Hall in Hingham.

Given in marriage by her parents, the bride was attended by Audrey Wilson of Abington as maid of honor.

The bridegroom, son of Mr. & Mrs. Charles McAdams of Hingham, had Matthew Chisholm of Hull as best man. The bride is a graduate of Cohasset High School and Quincy Beauty Academy. The bridegroom is a graduate of Hingham High School.

After a trip to Martha's Vineyard, the couple are making their home in Hanover.

DiVasta/Edwards

Lisa Lee Edwards, the daughter of Gary A. and Eileen Edwards of Hanover, married Vincent P. Divasta, son of Benedetto and Louise DiVasta of Watertown, on June 18 at the bride's home in Hanover. The ceremony was held outdoors.

Rev. Richard Stower officiated at the ceremony.

The bride was given in marriage by her father.

Maid of Honor was Stacey Lyn Edward of Hanover, sister of the bride.

Bridesmaids were Toby Lane Edwards and Darcie Lian Edwards, both of Hanover, sisters of the bride, and Antonette Martino of Waltham, sister of the groom.

Michael F. Hurley of Burlington served as Best Man.

Ushers were Thomas R. Hanlon of Watertown and Richard J. Lally and David J. Limole, both of Waltham.

The bride is a graduate of Hanover High School and the University of Massachusetts, Boston and received her M.B.A. from Boston University. She is employed at Smith & McCafferty in Boston.

Her husband is a graduate of Watertown High School and the University of Massachusetts, Boston, and is enrolled in the M.B.A. program at Suffolk University. He is employed at State Street Research and Management in Boston.

An outdoor reception was held at the bride's home in Hanover, followed by a wedding trip to Walt Disney World in Florida.

The couple is residing in Cohasset.

Anderson/Deveney

Jennifer Erin Deveney, daughter of Mary M. Dennehy of Cohasset and William J. Deveney of Weymouth, and Thomas Kenneth Anderson, son of Mr. and Mrs. Thomas H. Anderson of Marshfield, were married Sept. 24.

They exchanged vows in a double-ring ceremony at The First Parish Meeting House in Cohasset. The Rev. Edward T. Atkinson officiated. A reception at Old Derby Academy in Hingham followed.

The bride wore an ivory silk de soie gown and carried a round bouquet of ivory roses, stephanotis, sweet peas, Queen Anne's lace and ivy. She was attended by Pamela W. Lessard of Cohasset as matron of honor and bridesmaids Deirdre C. Deveney and Meredith A. Deveney, sisters of the bride, and Tracy L. Anderson and Trudy M. Anderson, sisters of the groom. Cousins of the bride, Sara Beth and Nicole Murphy, served as flower girls.

The bridegroom chose his brother, Timothy S. Anderson of Quincy, as best man. Groomsmen were Lawrence J. Beguerie, John B. Livingston, Stephen B. Smith, Richard E. Kinigson and Warren I. Simon.

The bride is a graduate of Cohasset High School and Boston College. She is employed as a communications specialist by Liberty Mutual Insurance Company in Boston.

A graduate of Marshfield High School and Colgate University, the bridegroom is employed as a shareholder communications writer by State Street Research Investment Services in Boston.

The couple will live in Newton following a wedding trip to Sanibel and Captiva Islands.

Mr. and Mrs. Thomas K. Anderson

Giving thanks

How many of us Americans today know why we celebrate the last Thursday of November and the person who was responsible for proclaiming it as a national holiday?

The following proclamation was written by a man of God, who strongly believed that we as a whole nation must return to our faith in God, and therefore (by an act of Congress) proclaimed Thanksgiving Day a national day for us to worship and give thanks to "the God that made us."

"It is the duty of nations as well as of men to own their dependence upon the overruling power of God; to confess their sins and transgressions in humble sorrow, yet with assured hope that genuine repentance will lead to mercy and pardon; and to recognize the sublime truth, announced in the Holy Scriptures and proven by all history, that those nations are blessed whose God is the Lord.

We know that by His divine law, nations, like individuals, are subjected to punishments and chastisements in this world. May we not justly fear that the awful calamity of civil war which now desolates the land may be a punishment inflicted upon us for our presumptuous sins, to the needful end of our national reformation as a whole people?

We have been the recipients of the choicest bounties of heaven; we have been preserved these many years in peace and prosperity; we have grown in numbers, wealth and power as no other nation has ever grown.

But we have forgotten God. We have forgotten the gracious hand which preserved us in peace and multiplied and enriched and strengthened us, and we have vainly imagined, in the deceitfulness of our hearts, that all these blessings were produced by some superior wisdom and virtue of our own. Intoxicated with unbroken success, we have become too self-sufficient to feel the necessity of redeeming and preserving grace, too proud to pray to the God that made us.

It has seemed to me fit and proper that God should be solemnly, reverently and gratefully acknowledged, as with one heart and one voice, by the whole American people. I do therefore invite my fellow citizens in every part of the United States, and also those who are at sea and those who are sojourning in foreign lands, to set apart and observe the last Thursday of November as a day of Thanksgiving and praise to our beneficient Father who dwelleth in the heavens."

(signed) A. Lincoln
October 3, 1863

Happy Thanksgiving.

Ballot is the mightiest weapon

letters

To the Editor:

Rejoice, America! Tuesday, Nov. 8, is a day to remember. It proved to us and the rest of the world that the government "of the people, for the people, and by the people" is the only form of government which can foster a revolution without a shot being fired, a machete being swung or a tire "necklace" being ignited. The events of that day have proven that the ballot is the mightiest weapon of all.

For too long we have allowed and encouraged those we elected to public office to substitute their judgment for ours, resulting in a multitude of abuses being heaped upon us in the name of government. The good that has been done is so tainted by their self-serving acts that we must conclude that they have become "deaf to the voice of justice." We have been angered by the falseness of their words when measured by their deeds.

When we vote, we become members of the crew on the ship of state. If there is a full crew, we will sail through the calm and the troubled seas. If we do not have a full crew, we will be wrecked on the rocks and in the end become part of the pollution we see and smell throughout the world.

We must, therefore, never again neglect our duties as citizens. We must stay informed and listen and observe. We must keep faith with our founding fathers who concluded the Declaration of Independence with these words, "... for the support of this Declaration, with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our Lives, our Fortune, and our Sacred Honor."

Each one of us is a keeper of a lighted candle which can burn uselessly in the closet of indifference or it can be held up with others to show the way in which we wish to go and provide a beacon for others who are not free.

We hold our candles high on this eighth day of November 1994. In doing that, we give a new dimension to "life, liberty and the pursuit of happiness."

Teen Center needs support

As you drive along South Main St. be sure to notice the bustle of activity as work is being done on the new Teen Center located in the old Independence Hall.

The building needs repairs and a fresh coat of paint prior to the grand opening during Christmas vacation.

The Teen Center needs the community to help with the costs of the repairs, electricity, and needed furnishings or to help with the provision of needed supplies and labor. Donations may be made in any amount, payable to the "Cohasset Youth Resources," care of Rose and Peter Collins at 425 South Main St. Your support in this venture to provide the teens of Cohasset with a safe place to relax and to participate in a variety of teen-centered activities will be greatly appreciated by the entire community. So stop by and lend a hand as we work together to make the new Cohasset Teen Center a reality.

— Rose Collins

New director brings 'Little Women' to the Cohasset stage

By Rob Rogers
Mariner staff

It's no accident that North Scituate resident Amy Wilder chose "Little Women" as the first play she will direct alone.

"I read the book every single year, from the time I could read until college," said Wilder, currently infusing the Cohasset Dramatic Club with her appreciation of the Louisa May Alcott classic.

'The kids have been having a tough time relating to the time period, especially the language. Many of them have a hard time believing that anyone ever actually used 'Christopher Columbus!' as an expletive. They can't read the line without giggling.'
— Amy Wilder

"The kids have been having a tough time relating to the time period, especially the language," Wilder said. "Many of them have a hard time believing that anyone ever actually used 'Christopher Columbus!' as an expletive. They can't read the line without giggling."

To help the CDC's actors and actresses — who range in age from 12 to 81 — understand the post-Civil War world their characters lived in, Wilder organized a trip to Alcott's Concord home.

"I hoped the house, touching the bed Louisa May Alcott slept in, would inspire them," Wilder said, adding that the players were curious about the real-life figures who inspired the roles they will play on stage.

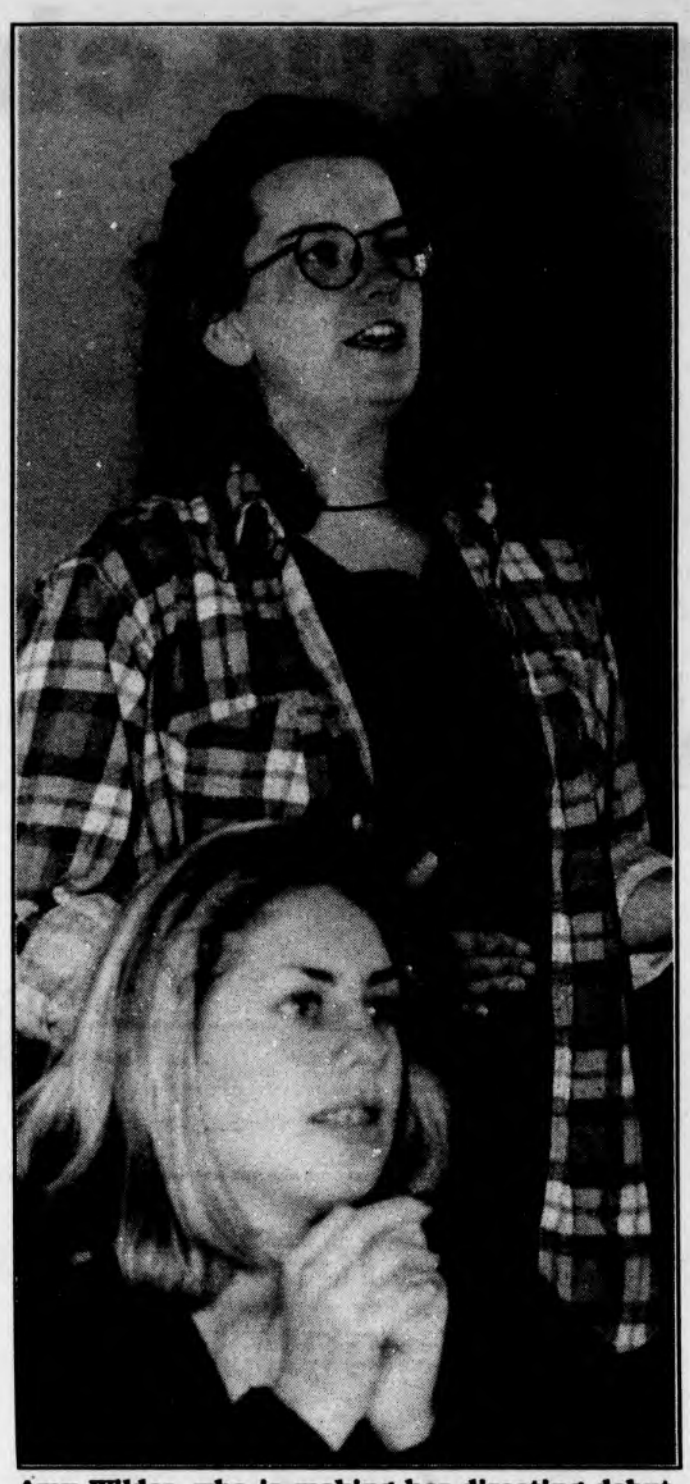
"Alexander Gaston, the actor who is playing Theodore 'Laurie' Lawrence was disappointed to find out that a real Laurie didn't exist," Wilder explained. "He was a combination of several people, including Ralph Waldo Emerson. Alcott had a crush on Emerson, and incorporated her feelings for him into Laurie."

Wilder has continued to blend history with drama since the fall of 1991, when she first accepted a student-teaching position at Scituate High School while still a student at Bridgewater State College.

"I was teaching in the history department, and encouraged to get involved with school activities," Wilder said. "I always thought if I did any school activity it would be a sport, but I got involved with co-directing the play, "Little Shop of Horrors," in the fall of 1991."

Wilder got along with her "Little Shop" co-director — actor and high school drama instructor Chris Wilder — so well that the two married soon after, and now have a son, Ian. Although Amy went on to co-direct a production of the Scituate-based Young People's Summer Theatre program with her husband, she has no plans to follow in his footlights as far as acting is concerned.

"One actor in the family is more than en[illegible]h," Wilder laughed.



Amy Wilder, who is making her directing debut, leads a rehearsal of the Cohasset Dramatic Club's production of Little Women.
(Staff photo/J. Paul MacDonald)

"Little Women" is Wilder's first solo directing experience. Intimidated by her responsibilities at first, Wilder says she has since gone on to be comfortable with her position, thanks to the steady efforts of a talented cast and crew.

"We have a great group of kids," Wilder said. "Getting to know them has given me a lot of enthusiasm. They're really focused on what they want to do. They're so into acting, and so well-behaved, which is remarkable considering how the media portrays today's young people."

"We had a little oddity that came up because I didn't ask any of the players how old they were when they signed on," Wilder continued. "As it turned out, I cast a 12-year-old, Bree McKenney, as 17-year-old Meg, and a 17-year-old, Caitlin Wheeler, as 12-year-old Amy. Both are doing a wonderful job."

Casting "Little Women" proved to be difficult, Wilder said, since years of rereading had given her very definite notions of what the four March sisters and their friends should look like.

"I had an idea for a certain look I wanted each of them to have," Wilder said. "But we had 50 girls auditioning for four parts, and in order to have a play I had to make compromises with that ideal. All of the actors and actresses I eventually chose had done shows before, and many are planning on making a career of the theater. So they've all been very professional about their work, accepting direction readily."

Courtney O'Donnell will play the role of "Little Women"'s heroine, Jo March. Margaret Troyer plays the role of Jo's younger sister, Beth, while Sally Wright plays her mother, Marmee. 81-year-old John Rice will portray the Marches' venerable neighbor, Mr. Lawrence, and veteran actor Ian White has taken the role of Mr. Brook. Angi Walsh rounds out the cast as Aunt March.

Chrissy Sexton and Meghan O'Brien will serve as "Little Women"'s stage managers.

"Two particularly wonderful people are Debbie Colton and Dawn Rota," Wilder said. "Debbie has been very helpful with costumes, providing me with at least one of the hoop skirts we'll need for the production."

While most of the show's staging comes from the Cohasset Dramatic Club's 73-year collection of theatrical props, Wilder is hoping the community will help out with the few remaining necessities.

"We're looking to the community to lend us antiques for use as props," Wilder said. "The biggest thing we need is a couch, preferably old and Victorian. We also need knickknacks, a mantelpiece, a whatnot table, armchairs, old books, and hassocks."

Wilder hopes to participate in the Cohasset Dramatic Club's all-young-person production of "Annie" this spring. The CDC will also produce an adult-acted musical, "The Importance of Being Earnest."

"Little Women" will premiere Thanksgiving weekend, Nov. 26 and 27, at the Cohasset Town Hall, with performances on Saturday and Sunday nights at 7 p.m. It will continue next weekend, Dec. 2, 3, and 4, with Friday and Saturday evening performances at 7 p.m. and a Sunday matinee performance at 2 p.m.

Tickets, at $8 each, are available at Buttonwood Books in Cushing Plaza. To reserve tickets in advance, call 545-3195.

Happy Thanksgiving!

Do you have trouble reading?
(Does someone you know?)
About 25 million children and adults have learning disabilities. LD can hinder the performance of people with average or above average intelligence – especially in reading, spelling, and writing. Educational therapy can unlock the potential of individuals with LD and help them fulfill their promise. Our rigorously screened educational therapists are located throughout many areas of New England. Our learning center is located in Hingham, MA

The Network Lishon Center
(617) 340-5605

• one-to-one educational therapy for all ages
• free referral consultation

The Network is a private, nonprofit, educational organization

Santa arrives by boat at 1:30 p.m., Friday

The South Shore Community Center invites families and friends to their first Jingle Bell Walk on Friday, Nov. 25, beginning at 1:30 p.m. at Cohasset Harbor (on Border St.). (Rain date is Saturday Nov. 26/all times are the same).

At 1:30 p.m. Santa and his elves will arrive by boat and pass out jingle bells. Santa and his elves will proceed down Elm St. by fire truck to Main Street, followed by families and friends.

At 2 p.m. they will arrive at the SSCC gym for cookies and drinks, followed by a sing-a-long at 2:30 p.m.

The Bells of St. Stephen's will play from 2 to 4 p.m., followed by a tree lighting ceremony on Cohasset Common at 4 p.m.

In between activities, strollers may walk downtown to shop or drop in on local merchants to share a treat, or browse at the Art Center, where arts and crafts will be sold.

Children may have their photo taken with Santa downstairs in the SSCC or shop in one of the three secret rooms in the nursery school.

There will be Christmas music and carols in the gym and the opportunity for guests to participate in the Lend-A-Hand Fundraising Campaign.

CDC offers 'Little Women'

The Cohasset Dramatic Club will present "Little Women" on Nov. 26 and Dec. 2, 3, 9 and 10 at 7:30 p.m. at the Cohasset Town Hall Auditorium, 11 Highland Street. There will also be matinee performances at 2 p.m. on Nov. 27 and Dec. 4 and 11.

The CDC will poignantly bring to life the experiences of the four March sisters as they discuss the upcoming Christmas holiday in the sitting room of their home in Concord, Mass., and the events that take place in their lives during the ensuing months.

General admission is $8. Tickets may be purchased in advance at Buttonwood Books in Cushing Plaza or may be reserved by calling 545-3195 or 545-5737. Tickets may also be purchased at the door.

'Guys and Dolls' at CHS

Cohasset High School's all-school musical, "Guys and Dolls," will be performed on Friday and Saturday, Dec. 9 and 10, with a matinee on Sunday afternoon, Dec. 11.

80 students from grades 7 through 12 will be performing, including Jamie Kondrat as Nicely-Nicely Johnson, Ron Nicynski as Benny Southstreet and Allison Ritts as Sarah Brown, complete with the Hot Box girls, the New York Street group and Cuban dancers.

The play is being directed by Bryan Marks and Jo-Ellen Wood and choreographed by Sharon Leslie.

Coupon books for sale

The Cohasset PAC will sell the Entertainment '95 Book once again as a fundraiser for Special Needs Programs.

The card and coupons provide the buyer with opportunities to enjoy two-for-one dinners at many outstanding South Shore and Boston restaurants. Kimball's, The Whitton House, The Alewife Tavern and Michael's Waterfront are just a few of the excellent choices.

There are discounts for fast food restaurants, movie theatres, dry cleaning and airline tickets. If you would be interested in purchasing an Entertainment '95 Book for $30 please call Betsy Connolly at 383-1248.

Drainage solutions

(Continued from page 5)

Certain issues remain unresolved and will be the subject of a subsequent meeting. The issues include the type of fencing, the location of fencing, the location of lighting, the type of lighting, the location of bleachers, the number of bleachers, the point of access to the field and admission methods.

All of these factors are expected to have a bearing on the likelihood that the town will be successful in attracting high school tournament games at the field.

According to the Cohasset Athletic Director Clark Chatterton, the tournament games are sources of significant revenue. He estimated that tournament games can mean revenues to the host school in the area of $5 to $15,000.

BSC hopes to have a final design drawn by Jan. 1995, for submission to the Conservation Commission for their approval Construction of the track and field cannot commence until all of the necessary town permits and approvals are secured.

First annual spelling bee raises $2,500 for schools

By Diana N. Kinch
Special to the Mariner

Last Thursday evening the atmosphere in the Cohasset High School cafeteria was charged with fun and anticipation, as families gathered to watch the First Annual Cohasset Spelling Bee organized by members of the Cohasset Educational Foundation (CEF) and the Cohasset PSO as a cooperative fundraiser. Sixteen teams of three competed.

The spellers had their share of anxiety and jitters, as Rick Shea, President of the CEF, welcomed everyone. Four rounds of four teams continued to compete till the final round produced the winning team The Court Reporters comprised of Gayl Varallo, Ed Varallo and Brian Shultz. The competition was considerable with teams of school committee members, principals, school secretaries, teachers, PSO, CEF members and neighborhood representation and sponsorship. A special good sports commendation should go to Molly Hochkeppel and Clark Chatterton for participating when asked to fill in for absentees, as the event was getting under way.

Our town's moderator, George Marlette, was the Master of Ceremonies while Barbara Bliss, school committee (ret.), Gerard Keating, Council on Aging; and Steve Hart, Superintendent of Schools were the judges to address the letter of the contest's law.

Of the approximately $2,500 raised, $1,500 will help fund The Skillful Teacher Program at the Osgood School. This First Annual Cohasset Spelling Bee was organized by Rick Shea, Midge Stone, Rick Flynn and Elaine Coyne all members of the CEF as well as Kate

Winders of the first annual Spelling Bee sponsored by the Cohasset Education Foundation are Brian Shultz, Ed Varallo and Gayle Varallo, making up the team called "Court Reporters."

Abbruzzese from the board of the PSO. Special thanks are extended to the Cohasset House of Pizza, Papa Gino's, Victoria's and The Village Fare for donating the pizza; and to Curtis Liquors for donating the soda for all who attended. Also, thanks to members of the PSO board for supplying desserts and David Replogle who donated the dictionaries given to all winners.

The message written on the home-decorated T-shirts of Ed and Betsy Connelly, who were on competing teams, summed up the evening, "The Killer Bee."

The PSO funded the "Ladies First" program for Cohasset High School last Friday morning. Robin Lane, an actress, performed her one woman show based on the lives of a few of America's First Ladies.

Financial aid workshop

Cohasset parents are invited to attend Financial Aid Night sponsored by the Lighthouse Guidance Directors, featuring Eileen O'Leary, Director of Financial Aid at Stonehill College. Those worrying about college costs should consider attending this Financial Aid Night which will be held at Norwell High School Tuesday, Nov. 29, at 7:30 p.m.

Parents of college-bound seniors are encouraged to bring the Free Application for Federal Student Aid, Financial Aid Forms, #2 pencils, and their questions to the workshop. Forms and financial aid pamphlets will be available at the workshop.

For additional information, call the Cohasset High School Guidance Office at 383-6102.

Coats for the needy

Fifth graders at the Deer Hill School are very excited about their most recent project. They will be collecting coats for the needy until Nov. 29 and have chosen the Pine Ridge School in Pine Ridge, South Dakota, which consists primarily of Sioux Indian-Americans, to receive the donated clothing.

Students from kindergarten through grade 12 have been invited to participate. Hats and mittens will also be accepted along with financial contributions, which will be used to help defray the cost of shipping the clothing.

Stop the junk mail

By Jacqui Dupre

"The junk mail Americans receive in one day could produce enough energy to heat 250,000 homes." — *50 Simple Things You Can Do To Save the Earth*, The Earth Works Group.

Kids for Saving Earth®

News Tips

Junk mail — a huge nuisance. Lots of it just gets thrown away — 44 percent to be exact.

If you kept and added up all the junk mail you get in one year, you would have 1 1/2 chopped up trees. Added to each of your neighbors' junk mail, you'd have 100 million trees.

Americans receive about 2 million tons of junk mail a year. If a million people stopped their junk mail, we would save 1,500,000 trees.

Here are some ways you can help:

Write to Mail Preference Service, Direct Marketing Association, 11 West 42nd St., P.O. Box 3861, New York, NY 10163-3861. They can stop your name from being sold to most mailing list companies and reduce your junk mail up to 75 percent. Recycle the junk mail you already get. Kids for Saving Earth Mission Statement.

Kids for Saving Earth (KSE) is an independent, nonprofit organization dedicated to educating, empowering, and inspiring children of all ages to take positive, peaceful action on behalf of the environment. KSE International Headquarters is located in the Minneapolis, Minnesota area, with thousands of clubs started by hundreds of thousands of kids in countries all over the world.

If you have a question for KSE, or would like to know of more ways you can help, write to KSE "Answer Please", 364 Jerusalem Rd., Cohasset 02025.

We'll try to answer as many questions as we can. We look forward to hearing from you.

Allen hoping for big finale to huge season

By Joe Reardon
Mariner staff

With seemingly amazing ease, running back Tom Allen has been running through, around and over opposing defenses all this fall for the Cohasset High football team.

In the process, the diminutive senior has amassed numbers that haven't been approached by any other back in the Independent League. With 1,1069 yards and 17 touchdowns, Allen has emerged as the league's overwhelming offensive threat.

Even the squads outside the league haven't been able to get a clear hold of Allen. Highly-regarded Norwell High was victimized by Allen, despite coming away with the win over Cohasset.

Allen put in his most productive outing of the season against the 7-2 Clippers by rushing for 216 yards against Norwell's strong defense.

But Allen believes his biggest challenge is still in front of him. This Thursday when Cohasset takes on neighboring rival Hull High at Milliken Field at 10 a.m., Allen is prepared for John Anderson's defense to be ready.

Allen is fully aware the Pirates and their talented defensive squad will be keying on him, the way Cohasset will direct most of its defensive energies on Hull's 1,000-yard back, Domenico Barbuto.

"The other teams really haven't keyed on me the way I believe Hull will," said Allen, one of the Skippers' tri-captains. "I think we're going to have to watch their running back (Barbuto) and contain him the way they'll try to shut me down."

Allen has been a model of consistency all season for Cohasset. He has run for over 100 yards in each game and is hoping to help the Skippers avenge last year's loss to Hull on one of the coldest Thanksgiving games on record.

Allen refuses to take full credit for the yards he has amassed coming out of the Cohasset backfield. He says it is his offensive line that deserves much of the credit.

Allen is a running back in the same mold as the Detroit Lions' Barry Sanders. He is capable of reaching the line of scrimmage and power quickly through any semblance of an opening that may exist, no matter how short a period of time. If it isn't there, he begins to improvise.

Once Allen hits the line of scrimmage, he knows it is up to him to take advantage of the holes the offense has wedged open. If they're not there. He tries to create his own way of getting yardage out of a dead-end street.

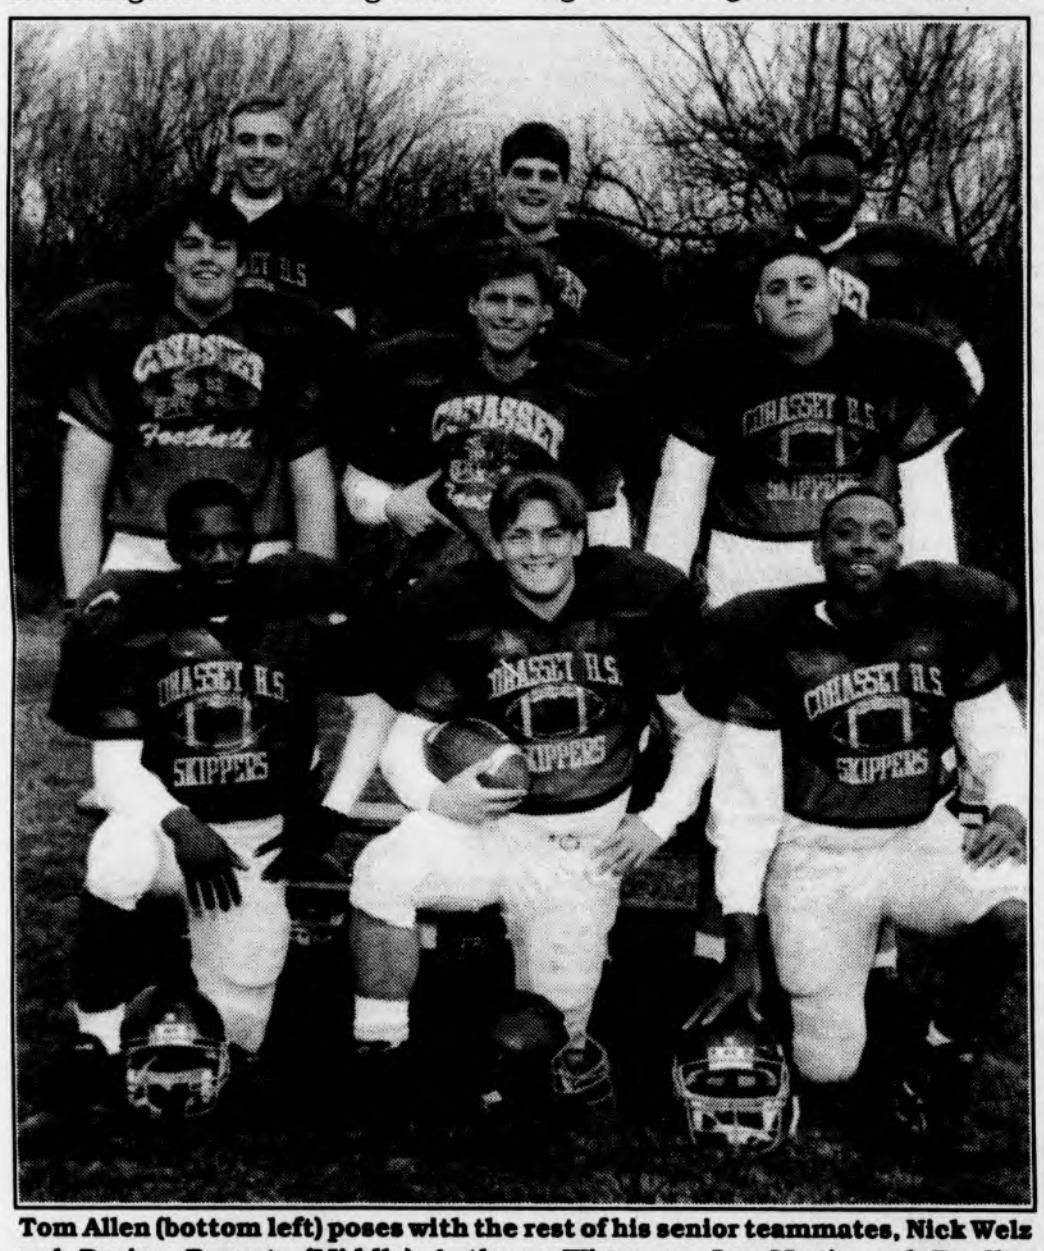
"My most versatile asset is the way I'm able to see how my blocking has set things up and then react off of that," Allen said.

Though he is excited about Thanksgiving Day on his home field, Allen is particularly nervous for the same reason. He wants his last game in a Cohasset High uniform to be among his best.

Only when the whistle is blown will Allen realize the finality of his time on the gridiron for the Skippers.

"For the seniors it's going to be the last game on Milliken Field and it'll be emotional," he said.

Watching Allen run rampant in his last high school game should bring about a touch of emotion as well.



Tom Allen (bottom left) poses with the rest of his senior teammates, Nick Welz and Dorian Bryant. (Middle) Anthony Wigmore, Joe Menis and Bradley Potolicchio. (Back) Jeff Littlehale, Jonah Berger and Jerome Marion.

extra points

Joe Reardon

Dave McKee

by Joe & Dave

Welcome to the soccer capital of the state.

The South Shore region came up huge in the '94 state soccer tournament and there should be no doubt where the best high school soccer is played.

But as Judge Lance Ito would say- "Let's see the evidence." Well, here goes.

In Division I, the Marshfield High girls' team won the state title with a 2-1 victory against Nashoba Regional on Saturday at WPI.

Along the way, the Lady Rams beat teams such as Newton North and Winchester. (Winchester was rated number two in the most recent USA Today national poll.)

As for the boys in Division I, Weymouth High reached the state semi-finals after beating Silver Lake for the Division I South crown. Weymouth lost to eventual champ, St. John's Prep.

As for Silver Lake, the Lakers upset previously unbeaten New Bedford in the South semi-finals. Many experts felt New Bedford had a cake-walk to the state crown.

In Division II, it was all Duxbury right from the start.

The girls' team rolled to the state title with a 2-1 victory against Bartlett on Saturday while the boys' squad cruised to a 5-0 victory against Wahconah of Dalton to claim their crown as well.

It was the first time since '83 that the boys' and girls' soccer teams from one school won the state crown. (By the way, Duxbury pulled the trick in '83 for those interested.)

Other South Shore area Division II standouts included the Hingham boys' and girls' teams.

Hingham boys' beat Holliston, Wellesley and Nauset before falling to Duxbury in the South championship round, while the girls' team beat East Bridgewater and Natick before losing to Duxbury in the South semi-finals.

As for Division III, once again the South Shore was dominant.

On the girls' side, Sacred Heart of Kingston won the state title last week. One of their toughest wins came in OT against Hanover in the South final round.

As for the boys' in Division III, Archbishop Williams of Braintree made it all the way to the state finals before losing to Nipmuc in the finals. One of the Bishops toughest games was against Hanover in the South final round. The Bishops eventually beat the Indians 2-1.

Therefore of the six state titles available, South Shore teams won four (the Division I girls, the Division II boys' and girls' and the Division III girls') and came in second in another (Division III boys') and just out of the money in the other (Division I boys'.)

Not too shabby for an area that is known for malls, traffic jams and fast food restaurants.

—David McKee

Local Sports

Applications for playground program staff

The Cohasset Recreation Commission is currently accepting applications for positions with their seven-week summer playground program.

Positions are available for a playground director, four program coordinators and general staff.

Summer playground serves children ages three through 12. Applications are being accepted for playground coordinators for the 3/4 year old group; half day five year old group; full day 5-7 year old and full day 8-12 year old group.

If you are at least 18 years of age, have prior experience working with children, coupled with academic training, please call the recreation department office at 383-6791 for details and an application form.

Applications are also being accepted for playground, general staff positions and the above listed requirements are necessary for all playground personnel. All staff members must either be CPR certified, or may attend the recreation commissioner's annual June certification training program.

Blue Hills ski lessons

The Cohasset Recreation Department will accept late registrations for Blue Hills ski lessons for children aged 7 to 18 years, by calling the office at 383-6791. Blue Hills ski lessons are scheduled to begin Thursday, Jan. 5; however, registration prior to Dec. 16 is mandatory. Lessons will meet each Thursday afternoon for five weeks, from Jan. 5 through Feb. 2. Bus will leave from town hall parking lot at 3:20 p.m. and return at about 6:45 p.m. each week. The cost for the five-week session and bus transportation is $95 per child. Equipment rentals are available at Blue Hills and cost $45 for the five weeks.

Recreation Department registrations for winter vacation basketball shooting clinic

The Cohasset Recreation Department is currently accepting registration applications for a basketball shooting clinic for girls and boys.

Head Cohasset basketball coaches, Mr. Ron Ford and Ms. Cori Hughes, will co-direct this unique three-day clinic to be held Tuesday, Dec. 27 through Thursday, Dec. 29.

Shooting clinic will be held at the Sullivan Gym, CHS, from 9 a.m. to noon, and the per capita fee is $50 for the three-day program, designed to help younger players develop correct fundamentals involved with shooting the basketball. Students will receive individual instruction, attend lectures and participate in shooting competitions.

To register, please complete forms available at the Cohasset Recreation Department office, first floor in the Cohasset Town Hall, prior to Dec. 19.

Time to untie those cleats and relax

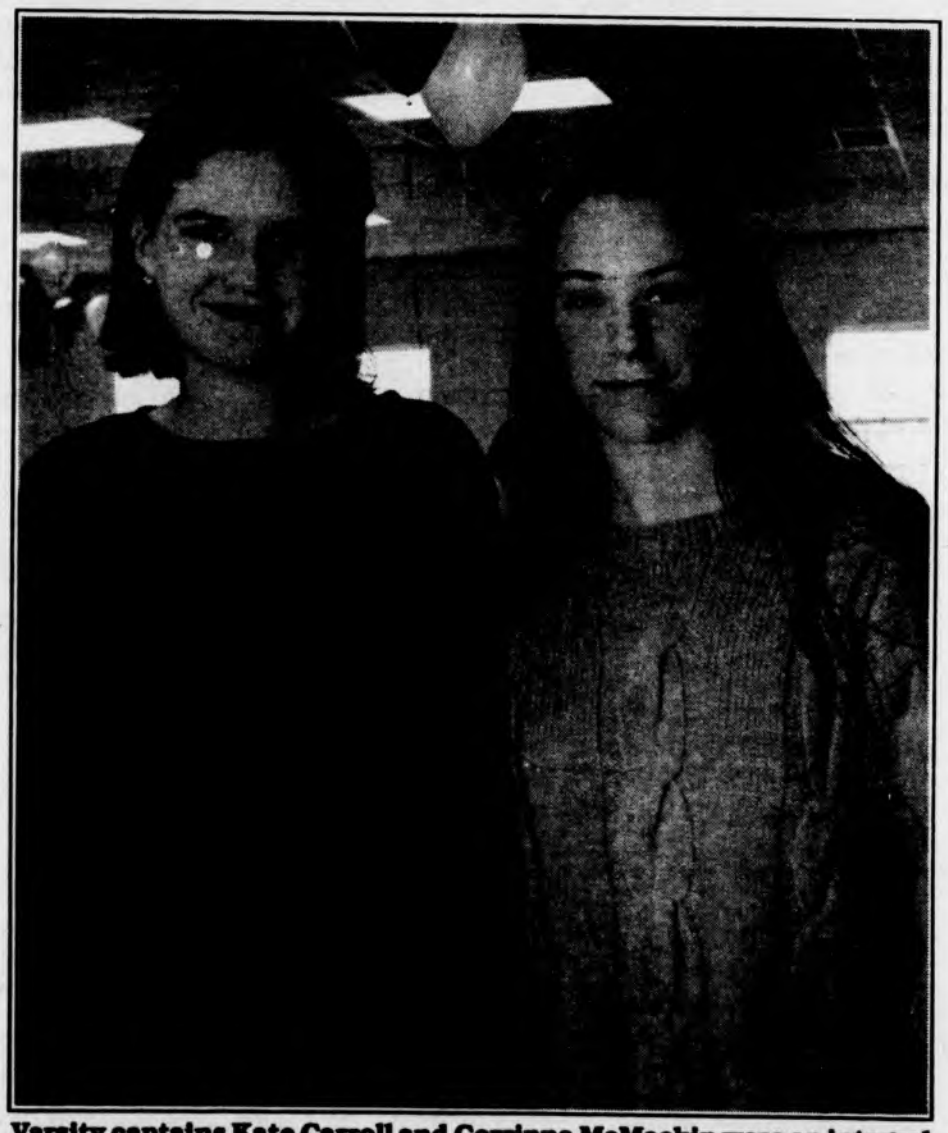
J. Paul MacDonald

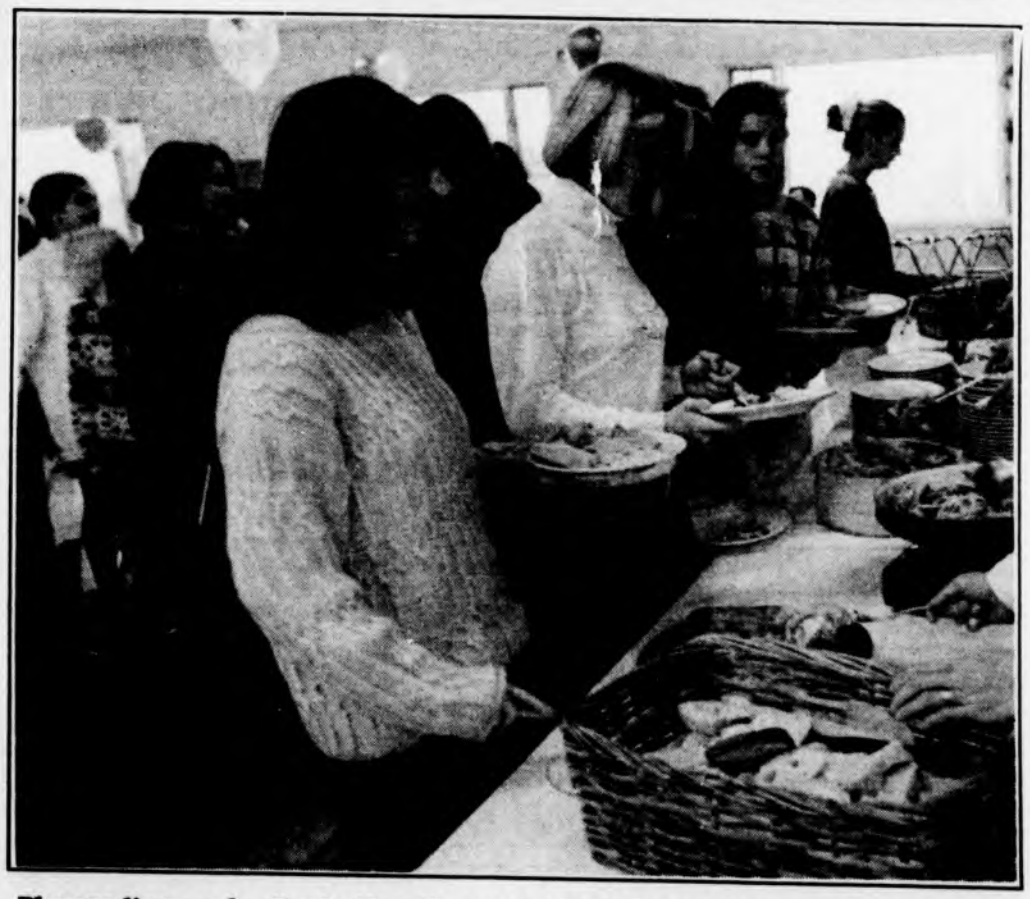
A happy group of JV players take timeout from the eats to pose as a team once again.

Cohasset High's girls soccer coaches Maureen O'Day-Clark and Patricia Carey are all smiles at the Skippers' season-ending banquet.

Boys soccer coach Keith Clark attends the girls banquet before the boys' evening celebration.



Varsity captains Kate Carroll and Corrinna McMackin were an integral part of this year's squad.



Players line up for the buffet dinner at the Cohasset Community Center.

The 1994 Cohasset High football team takes on Hull in the annual Thanksgiving Day game at Milliken Field. (Staff photo/Alan Chapman)

Offensive weapons worry Hull

(Continued from page 1)

they'll be looking for payback," said Anderson.

After winning their first game of the season the Pirates, who just two years ago won the South Shore League title and played in the Division 4B Super Bowl, fell on hard times and was victorious in only one other game.

Hull has played well in some games and in others have been terrible. More than the loses it is the inconsistency that bothers Anderson.

"We've been in some games but we haven't been consistent all season and that concerns me heading into this game," he said.

Cohasset, on the other hand, would finish with a very respectable 5-5 record with a win.

Anderson is very much aware of the Skippers' offensive weapons, particularly running back Tom Allen. He said Allen is as good a back as Hull has faced this fall.

"They've had a much improved season," Anderson said. "This kid (Tom) Allen is as fast as anyone we've seen all year. We're going to have to have one of our best games to beat them."

Cohasset head coach Ted MacDermott would like nothing more than to beat the Pirates in front of the Skippers' hometown fans.

"They beat us two years in a row, now it's our turn," said MacDermott.

Although they are having a decent season on the gridiron, MacDermott believes there were three or four games the Skippers should have won. Instead, the defense relinquished leads late in the game.

Like Anderson, whose defense will be on Allen's heels, MacDermott feels the key to keeping Hull off the board is keeping running back Domenico Barbuto from piling up the yardage.

Allen, however, is not the only weapon the Skippers have when they're in possession on offense. Tight end Dorian Bryant and wide receiver Mike Dunphy are definite threats if Cohasset goes to a mostly-passing game.

Alongside Allen in the backfield is Jerome Marion. Marion has six touchdowns on the season and when not carrying the ball, provides much of the blocking for Allen.

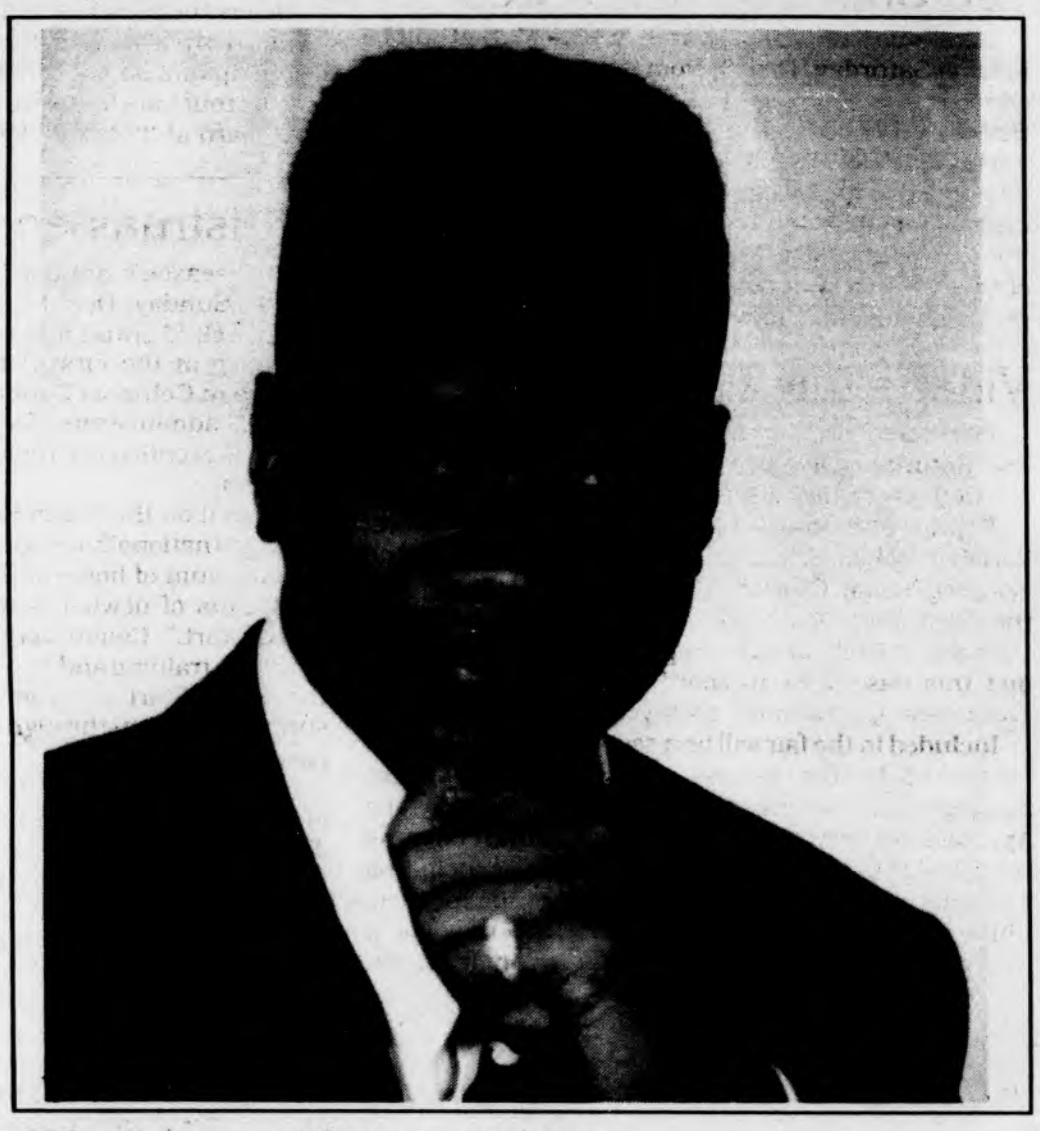
On the line, the Skippers have tackle Anthony Wigmore, guard Nick Welz and center Brian Sasso giving the backs room to maneuver.

"Those guys have had real good seasons for us and have anchored the left side," MacDermott said. "We've done most of our running behind them."

MacDermott believes his squad has the slight edge offensively. "We might have a little more balance than they do," he said.

"Obviously every team has keyed on Thomas Allen and that has given us the opportunity to free up Jerome. There aren't many secrets at this particular juncture. It's a cliche but all the records go out the window."

He's banking on a two-year losing streak to head out on Thursday.



Where are they now?

Former Cohasset High three-sport star Ray Jones ran for a 33-yard touchdown to finish out the scoring in Trinity College's 46-6 win over Amherst College during Trinity's Homecoming Weekend game, November 5. The victory raised the team's record to 5-2. Jones, now a sophomore at the school, spends his offensive downs at the tailback slot.

Christmas concert set

The Panagia Greek Orthodox Church of Cohasset and St. Mark of Ephesus Orthodox Church of Kingston proudly presents a Christmas Concert Sunday, Dec. 11, from 2 to 4 p.m. at the Panagia Church, 817 Jerusalem Rd., Cohasset.

The concert will feature hymns, carols and music from the Christmas liturgies of both churches. St. Mark's acappella choir will perform in both Russian and English. Panagia's choir and children's Greek School will sing their selection in Greek. The concert will end with a community sing of traditional American carols.

Following the concert and included in the admission price, the women of both churches will serve their traditional holiday pastries and refreshments.

Tickets are $5 for adults and $2.50 for children under 12. Tickets may be purchased by calling Cindy Dedes at (617) 383-9647, Jeannie Syrmopoulas at (617) 383-9071 or the Panagia Church's Village Fair location at the Cohasset Town Hall Dec. 3.

Old Ship Merrie Market

The annual Old Ship Church Merrie Market will be held on Saturday, Dec. 3, from 9 a.m. to 2 p.m. at the Old Parish House of the Old Ship Church at 107 Main Street in Hingham.

This old-fashioned holiday fair will offer handmade gifts, holiday greens and wreathes, a children's table, raffle, snack bar and bake sale.

Proceeds from the event will be used to maintain the church, which was built in 1681 as Hingham's first meetinghouse and is now a National Historic Landmark.

Village fair slated

Plans are under way for the annual Cohasset Village Fair Saturday, Dec. 3, from 10 a.m. to 3 p.m. around the Cohasset Common.

Representatives from participating churches, First Parish in Cohasset, Unitarian Universalist, the Second Congregational Church, the Nativity-Assumption of the Virgin Mary Greek Orthodox Church, St. Anthony's Catholic Church, and St. Stephen's Episcopal Church met this past week to coordinate activities for this annual event now in it's 54th year.

Included in the fair will be a secret room for children sponsored by the Cohasset P.S.O. and ornament making and a visit from Santa Claus sponsored by the Appalachian Service Project. Each of the participating churches is planning a number of activities including a boutique, rummage sales, book sales, bake sales, Christmas greens and various refreshments. For a wide variety of gifts, delicious food and fun activities, don't miss the 1994 Cohasset Village Fair.

Winterfest is Dec. 3

Winterfest '94, the third annual exhibit and sale of traditional American crafts, will be held Saturday, Dec. 3, from 9 a.m. to 5 p.m. at the Hingham Junior High School on Main St. (Route 228) in Hingham.

Winterfest '94 will present more than 40 professional artisans, many of whom have been featured in such national magazines as *Country Home, Early American Life, Country Living* and *Yankee*.

Among those exhibiting will be Alan M. Young, Northampton, who creates unique wooden spoons; Nancy and Bob Sampson, Westminster, with yellowware and spongeware pottery; Hope Angier, Wiscasset, Maine, who creates fireboards and primitive paintings; Pam and Harley Savage, Wilton, N.H., with reproduction Shaker and Colonial boxes; and David Claggett, Weston, Vt., with period tinware. This is an opportunity to purchase carvings, quilts, wooden dolls, reproduction furniture, folk art, jewelry, one-of-a-kind handwoven baskets, scrimshaw, and many other fine crafts created by nationally-known artisans, as well as a chance to talk with the artists themselves.

Admission is $3 for adults and $1 for children under 12. Luncheon and refreshments will be available in the Holiday Cafe. Winterfest '94 is sponsored by the Hingham Historical Society, and proceeds will help support the ongoing projects of the Society.

Nature tour is Dec. 4

The Cohasset Conservation Trust is hosting a guided tour of the one-mile trail in Great Brewster Woods, behind Cohasset Town Hall, on Sunday, Dec. 4, at 1:30 and 2:30 p.m.

Hikers should meet at the town hall parking lot on Highland Avenue.

Jerry Flaherty, naturalist for Wompatuck State Park, will lead two tour groups around the woodland loop. Hikers may also walk the trail by themselves.

Everyone is welcome, including children accompanied by a parent, but the CCT requests that participants do not bring dogs on these tours.

The tours are free, courtesy of the Trust. Call Jack Hubbard at 383-0586 for further information.

Christmas concert benefit

This season's annual Christmas Concert at First Parish, Sunday, Dec. 11, at 4 p.m., will benefit Good Start, a child abuse and neglect prevention program. Speaking at the First Parish Unitarian Universalist Church in Cohasset Sunday, Nov. 6, William A. Hunt, regional administrator for the Massachusetts Society for the Prevention of Cruelty to Children, described the program.

Started on the South Shore in 1993, Good Start is MSPCC's nationally recognized program which provides a continuum of home and community based services to parents of newborns to help get children off to a "good start." Community volunteers, local parents who with training and supervision are the backbone of the Good Start program, visit new mothers, offer support and help through those difficult first years of parenting.

Hunt shared his thought that one of the disadvantages of the invention of the electric clothes dryer is that it increases the isolation of new parents. Hanging out the laundry to dry was one of the ways young mothers learned from the more experienced parents in the neighborhood some of the things that helped them to parent. Good Start brings experienced mothers into the homes of new mothers to develop strong caring ties through which some of this teaching, once accomplished over the clotheslines, can still occur. Of the 500 at risk families involved in Good Start to date, only seven have had reports of child abuse and neglect.

CONCERT FOLLOWED BY RECEPTION

This will be the 16th annual Christmas Concert at First Parish featuring the Unicorn Singers directed by Margo Euler. This year's concert will feature John Rutter's cantata, "When Icicles Hang," an energetic and delightful collection of medieval and Renaissance texts set by the popular British composer. The singers will also perform Pinkham's "Nativity Madrigals" (texts by poet Norma Farber) and several familiar carols in new settings. As always, the audience will be invited to join the singers in more carols conducted by Euler.

Coping with holiday blues

Holidays can be a difficult and stressful time for many people. The Social Service League of Cohasset will present Dr. Stanley Alexander PhD of Quincy Hospital, who will speak on "Coping with the Holiday Blues," following the senior luncheon at the Cohasset Community Center on Tuesday, Dec. 6, at 12:30 p.m.

The program is open to the general public and is free of charge. For further information call the League at 383-0771 or 383-0821.

Following the concert, the joy and spirit of the singing will continue in the Parish House where the MSPCC Metro Region South Shore Friends Association will host a wine and cheese reception. All are invited to attend the reception.

Patrons are welcomed and your $40 contribution brings you two tickets by return mail. Tickets at $5 will go on sale at the church office Dec. 1. There is no charge for the reception following the concert. The church office is open Monday through Friday, 9 a.m. to 1 p.m. to answer questions and sign up patrons for the concert. The phone number is 383-1100.

Yuletide concert slated

Sunday afternoon, Dec. 4, at 4 p.m., amid the glowing candles and Christmas greenery of the Old Ship Church, the Hingham Civic Orchestra will present a Yuletide Concert . . . an annual Hingham event for nearly a quarter of a century.

Conducted by John Corley, the concert will open with the stately sound of brass instruments and organ in a piece by Benedetto Marcello, "The Heavens Are Telling." Christmas favorites to be played will include the hauntingly beautiful "What Child Is This?" ("Greensleeves") . . . J. S. Bach's familiar "Jesu, Joy of Man's Desiring" . . . a carol medley arranged for the Canadian Brass . . . the cheerful "Carol Of The Bells" and selections from Tschaikowsky's beloved "Nutcracker Suite." And for the audience, perhaps one of the most exciting moments of all comes with the singing of two great carols with the orchestra.

Afterwards, people go out into the cold, crisp air and walk across the street to the Wassail Bowl Reception (Parish House) to which all are invited. A time of glowing smiles, kindliness and anticipation . . . the Yuletide season has begun. Come celebrate with us!

The concert is approximately an hour long. Tickets, $8 each, are available at the Hingham Library, at the door, or call 925-1311 or 749-4411 (evenings only). Please don't call the church.

Lightkeepers host party

The Cohasset Lightkeepers will open Bancroft Hall at the Lightkeeper's House on Government Island for a Christmas open house on Sunday, Dec. 18 from 2 to 6 p.m.

Everyone is welcome to come and enjoy hot cider, hot cocoa, coffee and homemade holiday treats. Music and caroling will add to the festivity of the occasion.

For many this will be an opportunity to visit one of Cohasset's newly refurbished treasures. Bancroft Hall is the first floor of the old lightkeeper's residence on the island, which has been renovated through the efforts of community volunteers and donors. It currently serves as a function hall which is available on a rental basis for parties, meetings and dinners held by members of the Cohasset community.

REAL ESTATE UPDATE

OVER OR UNDERSPENDING

QUESTION: Are there guidelines as to how much a family should spend for a home in relation to income?

ANSWER: There are guidelines published by lending institutions. But-like the "height/weight" charts printed on scales - these are only averages.

Don't hold back if you feel you can exceed the guidelines. A good house may seem costly in the beginning, but the rewards are well worth it, especially if you get the right financing.

Investing in a house that's a little more expensive gives you an excellent inflation hedge while you enjoy a better place to live. Also, the resale opportunity is often better

The Hearing Center
Have You Heard?

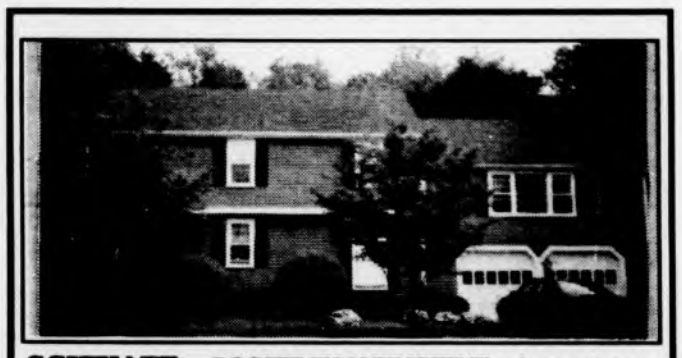
by Nancy Allonen-Allie, M.S., CCC-A
Licensed-Certified Audiologist

THE SAME OLD STORY

At about age 60, we generally experience a gradual lessening in our hearing ability due to the fact that the sensory hair cells of our inner ears begin to die. The first to deteriorate are those hair cells which receive the higher frequency tones. As a result, those who experience presbycusis (age-related hearing loss) may initially be unable to detect the high pitched speech of women and children. Eventually, it may also be difficult to discern speech of lower frequency, especially in the presence of background noise. While the wearing of a hearing instrument or other assistive listening device may prove helpful to the 58 percent of people over age 65 who experience presbycusis, surveys show that only 8 percent avail themselves of the opportunity.

If you are avoiding crowds and people because you are straining hard to hear what people are saying, please call us at THE HEARING CENTER to schedule an appointment. Hearing aids, if fit and worn properly, can have a profoundly positive effect on peoples' lives. We offer complete lines of custom built hearing aids. Each aid is individually built and designed for your particular need. A custom built aid can be made for almost any type of hearing loss. Call us at 1-800-339-9316. Our offices are conveniently located at 306 Washington St. (Rte. 53), Norwell, and 470 Southern Artery (Rte. 3-A), Quincy. We would like to take this opportunity to wish all of our readers and their families a safe and happy Thanksgiving.

P.S. It is rare that presbycusis can lead to complete deafness, but it remains a major obstacle in the way of personal communication.



SCITUATE - POSITIVELY PRISTINE - A spacious tri-level colonial located in a cul-de-sac neighborhood with attractive landscaping. It has eight rooms, 2.5 baths and is a short stroll to the village. Interior of this home is exquisite! Proudly offered at $249,000.

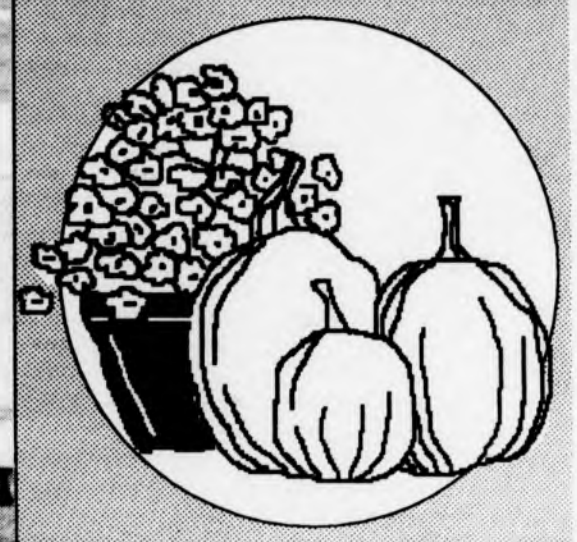
The Grand Tour — with Ginger Ferenz, 383-2863



A secret admirer requested we showcase the talents of Lisa Kupsc of 72 Jerusalem Road. The Kupsc residence is an impressive pale yellow colonial home with a semi-circular front entryway with pristine white trimmed small panel windows and door topped off with white railings. Mrs. Kupsc has created a lovely fall wreath with Indian corn, gourds and bittersweet. She has placed an antique pale-green wooden wheelbarrow on the front lawn and has cleverly arranged bales of hay, cornstalks, pumpkins and yellow, rust, and ivory mums. This is a beautifully arranged fall display of color. Be sure to bring your out-of-town guests by to view one of Cohasset's loveliest treasurers.

Cohasset plant to close after 30 years

By Alice C. Coyle
Mariner Staff

When the Webb-Norfolk Company closes its doors this month, more than 45 people will lose their jobs and others interested in staying with the company will have to re-locate to the Midwest near the plant's Michigan headquarters, the Jervis B. Webb Co.

Negotiations for the sale of the plant are underway but nothing has been finalized, a company spokesman said.

In the meantime, Cohasset Selectman Peter Pratt and the town's Chamber of Commerce are busy contemplating ways to help secure a new tenant as quickly and efficiently as possible, including a "site data list" that should let interested buyers know what town restrictions might affect the property's use.

The Cohasset plant builds motor driven conveyors comprised of a system of belts and rollers which are used by airports to move luggage and numerous industries to move product lines.

Webb-Norfolk is the second company to own the plant and 62-acre property off route 3A. During the Korean War, D.S. Kennedy owned and operated a high tech antenna manufacturing company and employed upwards of 500

(See page 6)

Town officials push for alcohol-free teen parties

By Sean Sweeney
Mariner correspondent

The town's drug and alcohol committee continued its push to increase enrollment in the Safe Homes program this week.

While at the same time Cohasset police warn they will be even more vigilant during the holiday season with underage youths and alcohol.

Drug and Alcohol Committee Chairman Ted Carroll said about 70 Cohasset families have enrolled in this year's Safe Homes program, in which parents — who will not allow underage drinking in their homes — form a network with each other.

Carroll pointed out that of those who signed up, 50 are families who renewed their previous commitment to the program.

Safe Homes is aimed at getting parents to cooperate with schools, law enforcement agencies and youths to create a healthy environment in which use of drugs and alcohol is not allowed. In agreeing to participate, parents are asked to sign a contract in which they promise not to provide or condone the illegal use of drugs or alcohol in their home or on their property. They also promise not to allow unsupervised teenage parties in

(See page 3)

Deer Hill campus could be site of new school

By Tom De Santes
Mariner correspondent

The 70-year-old Joseph Osgood School does not fit the needs of a school on the 1990s, the school committee learned last week.

Proposing a new $8.9 million elementary school is one option being considered to answer the school space crunch in the lower grades, school officials said.

The state will reimburse the town for up to 60 percent of the cost of new construction, Supt. Stephen Hart said. The most logical location for a new school would on part of the 28-acre site that houses the Deer Hill School, he said.

George J. Collins, a consultant hired by the school department, presented the school committee a report with recommendations for improving Cohasset's school facilities last week.

If the school committee backs building a new school, a building committee would be established at the annual town meeting in the spring to draft plans and expedite the proposal to the state. Town meeting would also be asked to appropriate a sum of money to prepare the preliminary plans, Hart said.

Collins reviewed current census fig-

Old tennis courts to look like new

By Sean Sweeney
Mariner correspondent

The two old Milliken Field tennis courts will be resurfaced through a transfer of money rather from funds appropriated at town meeting for the entire athletics fields project.

About $7,000 is needed to make up the balance of what it will cost to resurface the two old courts by the high school. Town meeting approved $5,500 to patch the courts but selectmen recently decided that spending about $12,500 for resurfacing would be money well spent.

Contractor Ross W. Rosano, who is building the four new courts adjacent to the old ones, provided the cost estimate.

The advisory committee approved a transfer of $6,958 for the project this week.

Selectmen Chairman Michael H. Sullivan said the project change gives the town the equivalent of six new courts.

Construction of four new courts is being paid for through money appropriated at town meeting last spring.

If the advisory board had turned down the transfer request, the money for resurfacing would have come from the $775,000 allocated for the total athletics field/tennis court project.

Cohasset's week

Recycle your junk mail

The recycling committee and the Board of Health have made it possible for the following items to be recycled:

envelopes and contents of junk mail, note paper, copy, drawing paper and boxboard such as shoe boxes and cereal boxes with the liners removed. Hardbound books and notebooks without metal binders can also be recycled.

These materials should be placed in the labeled blue container at the Cohasset transfer station.

Still not acceptable for recycling are: plastic or plastic-coated paper, carbon paper, tissue, napkins and paper towels, paper cups or paper plates.

The town of Cohasset urges all residents to take part in the recycling program.

October fire report

Fire Chief Roger W. Lincoln said the fire department handled three structure fires in October, three automobile accidents, 46 medical calls, one brush fire, seven investigations, six assistance calls, 67 miscellaneous items, and 26 inspections for a total of 159 incidents.

Fire status report

Fire Chief Roger W. Lincoln noted the town's new Pierce Pumping Engine went into service Oct. 3. On Oct. 21, the new Morning Pride "Ben Franklin" helmets were distributed, Lincoln wrote in his monthly report to selectmen. The helmets are the latest in protective gear technology and meet national standards, he said.

Ambulance bills action

Selectmen decided against sending unpaid ambulance bills to a credit bureau. The town uses a collection agency to try to obtain payment for bills that are unpaid after 120 days. But Monday's discussion surrounded what to do after all collection efforts have been unsuccessful.

They board talked about the option of reporting those who ignore the repeated bills to a credit bureau but decided it wasn't worth it.

Chamber of Commerce representative Bob Martin told the board the action was too severe.

"It's a punitive action," he said.

"I'm a good collector but I would think at this point it's not worth it anymore," added Martin, who is in the insurance business.

Selectmen did vote to send $2342 in unpaid ambulance bills to the collection agency but did not back using the credit bureau as a last resort.

Ambulance billing collections are running the the 80-90 percent range, Executive Secretary Gregory Doyon said. Most town's collection rates are the the 70 percent range, he said.

The building which houses Webb-Norfolk Conveyor sits on 62 acres off Route 3A. The plant will close later this month. See page one story. **(Staff photo/J. Paul MacDonald)**

Officials push for alcohol-free teen parties

(Continued from page 1)

their home.

Parents who participate in Safe Homes receive a list of other participants which can be valuable in planning or approving their children's social activities, Carroll said.

The committee encourages all Cohasset parents of children in grades six to 12 to participate. Unauthorized parties can expose homeowners to possible criminal and civil liability.

In past years, the committee automatically renewed memberships annually of those who previously signed up. This year, the committee wanted to fully update its membership list and asks that all interested families return the contracts, which were recently mailed, by Dec. 15.

Extra contracts are available at town hall or through contracting committee members.

"We need to get the point across that this program means something to us and is extremely important to our town and our teenagers," member Craig Muir said.

The committee also plans a public forum on the Safe Homes program in January.

Sgt. Jackson said arrests for minors in possession increase during the holiday season when college-age youths are home.

Nov. 25 police arrested an 18-year-old Scituate youth and charged him with being a minor in possession of alcohol following an unsupervised party in a Cohasset home, Sgt. Robert Jackson said.

Police also charged three Cohasset 20-year-old men earlier last week (Nov. 22) with minors in possession when beer was discovered in the car following a motor vehicle stop, Jackson said.

In other business the committee praised the Lightkeepers Corporation for its recent decision not to rent the Lightkeeper's Residence on New Year's Eve to any group which intends to sell or serve alcohol. Instead, the Lightkeepers group has decided to make the facility available to any group which is interested in hosting an alcohol-free event.

Deer Hill campus could be site of new school

(Continued from page 1)

ures and population trends and how they will affect Cohasset's school system. He said Osgood, which is suited for about 325 students, is projected to have an enrollment of 427 by the fall of 1996.

He said while Deer Hill needs more art, storage, and music space as well as a conference room, that school facility is adequate. Cohasset Junior/Senior High also has enough space to handle the town's needs for the next 30 years, he said.

Also being considered to alleviate overcrowding at Osgood are moving the sixth grade to the Jr./Sr. High and the third grade to Deer Hill; updating and expanding Osgood; building a $2.8 million early childhood center for pre-kindergarten and kindergarten; and building an addition onto Deer Hill, which would then include grade 3.

Adding classrooms to Osgood to keep class size manageable does not solve the problem in universal areas, like the library and gym, Collins said. He said building temporary additions are "band aid" solutions and permanent additions are not as cost effective as building a new school.

The four-acre Osgood site is considered not large enough for expansion, Hart explained. The area is smaller than what is recommended by the state for new schools. If the town chose to expand Osgood, the project might not qualify for state reimbursement, he said..

Cemetery bills okayed

Selectmen approved payment of $441 to Brewster Fuller & Associates for professional services relating to planning for a proposed expansion of the existing Beechwood Cemetery and the preparation of a cost estimate for rehabilitation of the cemetery.

Silvia is reappointed

Selectmen reappointed Richard J. Silvia, 445 Beechwood St., to a three-year term on the school facilities committee this week.

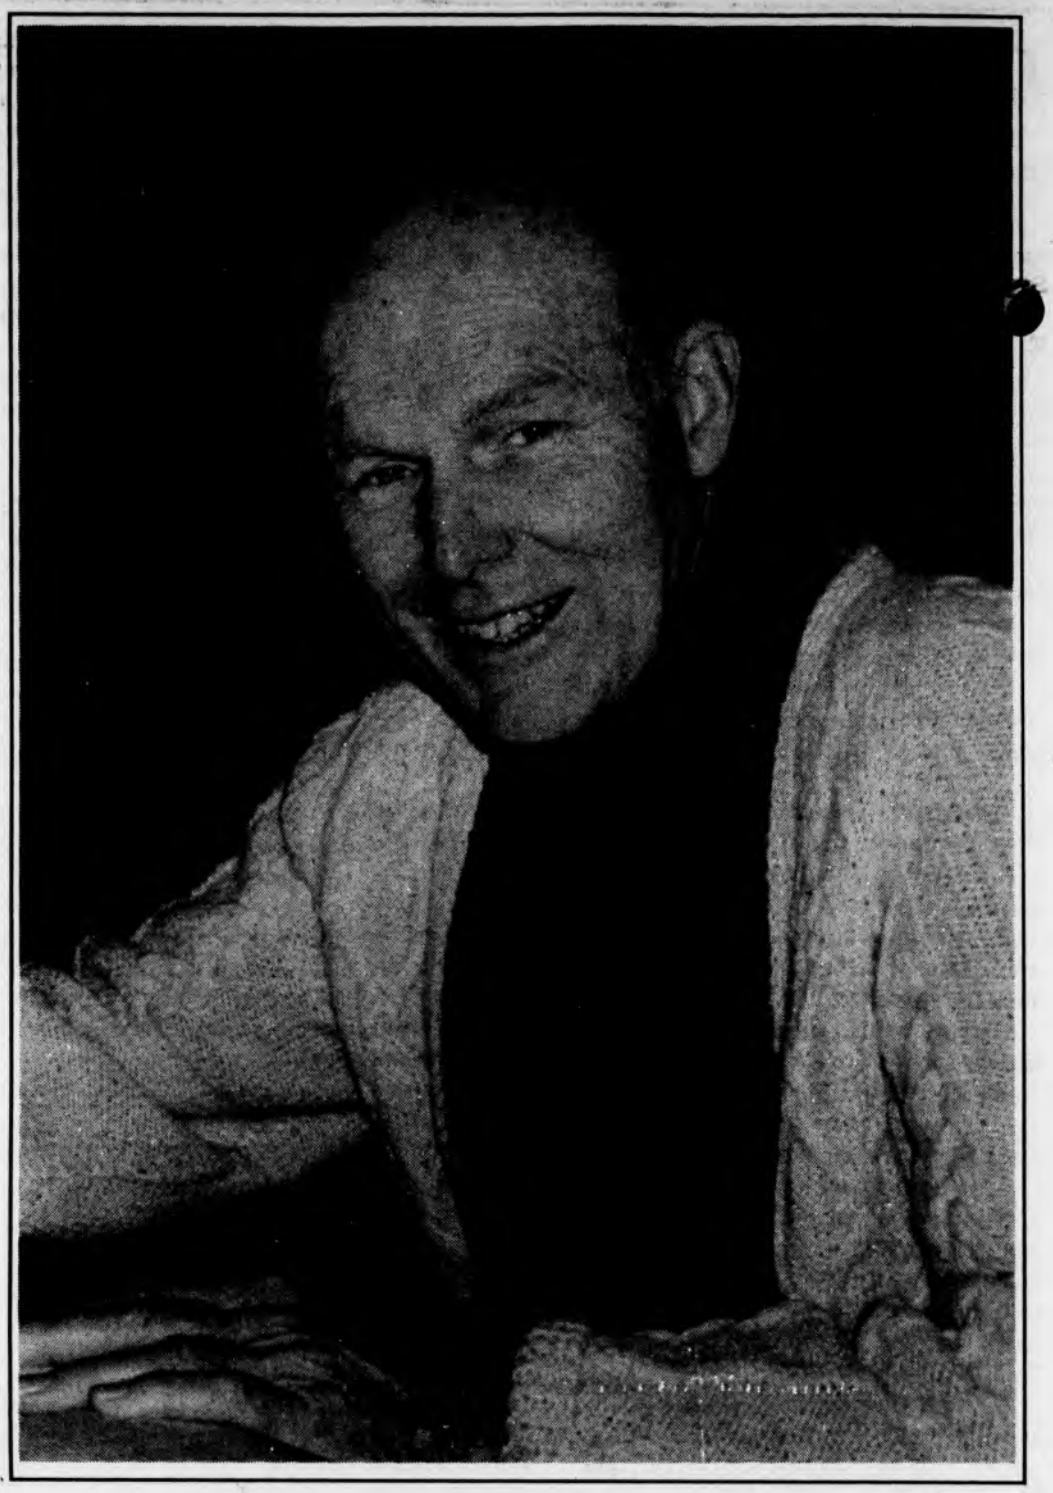
Edward Atkinson



Name: Edward Atkinson

Occupation: Minister of First Parish in Cohasset.

Best day of your life: I think every day is special!

Most embarrassing moment: Having a nosebleed while officiating at a wedding. I managed to hide it pretty well but it was a difficult moment.

Goal: To continue to build an active, caring church community at First Parish.

Biggest worry: The lack of civility in the world.

Favorite holiday: Thanksgiving.

Favorite season: Summer.

Best vacation: Sailing along the Maine coast.

Favorite book: *"The Book: on the Taboo Against Knowing Who Your Are,"* by Alan Watts.

Favorite movie: *"Around the World in 80 Days."*

Favorite TV show: *"60 Minutes."*

Person you'd most like to meet: The Rev. Joseph Osgood, who was minister of First Parish for 56 years.

Pet peeve: People who litter the Common.

Favorite junk-food: Caramel popcorn.

Cohasset's week

Scituate man killed

A 29-year-old Scituate man was killed in an early morning accident Tuesday (Nov. 22) on Lower King Street in Cohaset, near Route 3A.

Cohasset Police Sgt. Robert W. Jackons said David E. Pirrotta Jr. of 18 Brook St., Scituate was driving a 1981 Ford pickup truck about 1:28 a.m. when the vehicle went off the road aobut six to eight feet and struck a tree, trapping him in the truck.

Emergency workers used the Jaws of Life to extricate Pirrotta and rush him to South Shore Hospital in South Weymouth.

He was pronounce dead on arrival at 2:30 a.m. The accident is under investigation.

Mr. Pirotta owned Dave's Mower Repair Service and fished about the *Yankee Flyer*. He also did carpentry.

Jackson said it was the first fatal accident in Cohasset since 1986.

Region holds EIR seminar

The South Shore Coalition's November workshop on how to read environmental impact reports (EIR), co-sponsored by the MAPC, was attended by 30 local officials.

Participants from Cohasset included conservation commissioners Tom Callahan, John Bryant, Jeff Waal, Veneta Roebuck and Ronnie McMorris. Selectman Jane Goedecke, Susan Cope and Merle Brown also attended.

Jon Witten, president of Horsley & Witten environmental planners and consultants, led the group through the Massachusetts Environmental Policy Act process and highlighted the powers that local communities have and what action can be taken to make the most of the MEPA process. The focus of the meeting was to help local town boards take appropriate action during the notification period, scoping sessions and comment periods of the MEPA process.

South Shore Coalition communities are focused on a range of projects at different stages of MEPA review, including a private landfill in Cohasset, the widening of Rt. 3, road work in Hanover, and the Draft Supplemental EIR for the Greenbush section of the Old Colony Rail Line.

Recycle your junk mail

The recycling committee and the Board of Health have made it possible for the following items to be recycled:

envelopes and contents of junk mail, note paper, copy, drawing paper and boxboard such as shoe boxes and cereal boxes with the liners removed. Hardbound books and notebooks without metal binders can also be recycled.

These materials should be placed in the labeled blue container at the Cohasset transfer station.

Still not acceptable for recycling are: plastic or plastic-coated paper, carbon paper, tissue, napkins and paper towels, paper cups or paper plates.

The town of Cohasset urges all residents to take part in the recycling program.

Cohasset plant to close after 30 years

(Continued from page 1)

people.

Webb-Norfolk opened its plant in Cohasset in 1966. While the plant's headquarters are in Farmington Hills, Michigan, there are other division offices in California, Georgia, Ohio and North Carolina, said plant general manager Robert Kohl.

Kohl, a Duxbury resident, who has worked with the company for more than 22 years said he was sorry the company is leaving Cohasset and sorry that many would lose their jobs.

Several union workers employed by Webb-Norfolk and represented by the Local 501 Shopmen Ironworkers union have been placed in other area companies represented by the ironworkers union.

David Mortimer, a business agent for the Braintree based Ironworkers Local said that he's been trying to set up job opportunities for the workers since hearing of the closing last July.

"We've had the Private Industry Council and unemployment representatives talking to them and have been doing everything we can for them," said Mortimer, who maintained that last summer the union had offered concessions to help the plant stay open but the company had already made its decision.

Those workers who do not find new jobs will be eligible for up to 26 weeks of unemployment earning about $325 per week, Mortimer said. The average union worker at Webb-Norfolk earned $14 per hour and Mortimer spoke highly of the company's benefit package. Mortimer said he was also pleased with the severance negotiations.

"Relations between the company and the union were always good, there was always an open line of communications," Mortimer said.

A brief notice to employees on the closing explained that the company's product mix and the facility's financial performance over the past several years, along with aging facilities and equipments and market demands have led the company to this decision, Kohl said.

Kohl also noted that the plant's physical location in the northeast when most of the company's market is in the mid-west caused other problems, like transportation cost and made the company less competitive .

As the fourth largest employer in Cohasset, after the town itself, Stop and Shop and the Chart House, Selectman Peter Pratt said the closing will also have an impact on the town.

The main impact is economic said Pratt, who noted that tax revenues and the town's tax base will be affected.

According to Janice Rosano of the Assessors office, the Webb-Norfolk plant is assessed at $3.48 million and the company paid $49,877 in taxes last year.

"They're a good size tax payer," said Rosano, adding "that will have some impact."

Both Rosano and Pratt said it would be advantageous to seek out another business/tenant.

"It's good for the town's economy and the tax base," Rosano said.

Pratt noted that while Cohasset is largely a residential community, light industry is important to the town's economy.

"Cohasset has been an attractive residential community but that doesn't mean we shouldn't have light industry for tax revenues and generating business in town. It's my desire to see the site remain on the tax roll and remain as a large South Shore employer."

In that effort, Robert Martin of the Cohasset Chamber of Commerce, and Pratt have been working on

(See page 7)

getting the property on the Massachusetts Alliance for Economic Development's "Site Finder List."

This directory gets the word out to interested companies about industrial/commercial properties for sale and is put together by Massachusetts utility and real estate companies. Martin said it is a non-profit organization dedicated to growth and development in Massachusetts.

Pratt wants the town to take the process a step further by coming up with a suitable site data "form" that would let any potential tenants know of any town restrictions or regulations that may effect that property.

According to Pratt, the site is located in an environmentally sensitive area. Most of the property's 62 acres lies in a watershed protection district, which protects ground and surface drinking water supplies for the town, Pratt said.

This would be important information for perspective tenants to have and it sets some limits and general restrictions by the town, Pratt said.

Pratt, who said he is just one selectmen expressing an opinion, mentioned two goals, the economic development of the site and environmentally conscious development of that site. The form would have to be worked on and reviewed by several other town boards and agencies and ultimately town counsel.

MEMBER FDIC

around town

by Sallyann Chatterton

Let's hear it for **Anne Geneva Lindgren**, daughter of **Fran** and **Charles Lindgren** of Cohasset, who entered the freshman class at Bryn Mawr College this fall. Anne graduated from Cohasset High School in 1994.

Hope Anne will be have an outstanding year!

Don't forget **Deer Hill**'s project, they are accumulating A+ points to be redeemed for computers, software and TV monitors and need your help! Just ask for an **A+ America Coupon Book.** Each coupon is worth 15 points, and receipts can also be redeemed for coupons. Cohasset Sunoco, Marshall's, Hood (juice or milk), Brigham's, Lotus Dev. Corp., Stonyfield Farm Yogurt, Polaroid, Farberware, BASF and RDL Acoustics, are all participating in the program. Bring coupons, receipts, UPC's, lids or caps to the Deer Hill front office, marked A+ America.

We hear that **Jennifer Plante** was outstanding recently performing roles of five diverse characters in Judith Thompson's "Lion In The Streets."

Jennifer is a 1991 graduate of Cohasset High School and is in her senior year at Tufts University as an English major. And, get this!! Jennifer is also producing her own show to he presented at Tufts University Balch Arena Theater in December.

As one person said recently, "I am always glad to see the benefits of our Cohasset school system when our students go off to college!!" Isn't that the truth?

Which reminds me, the Arts at Cohasset High School have two events coming up in December — December 9,10, and 11 "Guys and Dolls" will be presented to all of us. As you have previously read, the whole school will take part in the event, and they have been rehearsing forever to make it wonderful for us! Be sure to go.

Then, on Dec. 22, there will be a "Winter Choral and Instrumental Music Concert." It's sure to be grand!

There's a wonderful new book out; just in time for Christmas and all about Cohasset. It's called *We Protect: An Historical Account and Social Study of the Portuguese in Cohasset, Massachusetts* and it's well written by our own Roger Leonard. Read all about the Portuguese ship captains, the origins of St. Anthony's Church, etc. It's fascinating reading and would make a nice gift! Copies, which sell at $12.60, may be bought from the **Robert Leonards** at 39 Bancroft Road (**383-0081**). How proud of Roger they must be!

Robert and **Clair Collins** must have had a wonderful Thanksgiving this year, they had a new little member of the family to share it with them! **Alexandria Morgan Hayes** was born Nov. 11, and she weighed 6 pounds, 15 ounces at birth. Of course her paternal grandmother, Ann Hayes of Walpole, is thrilled as well. Alexandria joins her brother, **Sam**. Santa will certainly be busy at that house.

On that subject, many kiddos were thrilled to see Santa and Mrs. Claus and all of the elves at the Harbor last Friday. If you weren't there, imagine the thrill of seeing Santa arrive in a lobster boat — then passing out jingle bells for the walk to the South Shore Community Center while he was on the back of the Fire Engine — then seeing him again at the Center. We believe!!

Happy belated birthday greetings go to **Bob Pattison**, it was last week. Probably will be the last one he "officially" celebrates, he reaches that magic age next year! You'd never know it, would you? Here's to many more, Bob, you are indeed a special guy!!

On a much sadder note, Cohasset was grieving last week over the loss of **Oronde Khary Allie**. We all read about the violence on the streets but believe it only hits the cities or "other places." Oronde touched the lives of all that knew him in a way that will never be forgotten. Our way of making sure that he will be remembered will be to give the **Fred S. Troy Scholarship** in Allie's memory to a CHS grad next June. He was special.

Walt Sweeney is finally getting the much-needed surgery on his knee (the one that was so badly damaged during his football career). One can only imagine the relief he will feel, his knee was so huge and so painful. Hopefully he and **Nance** will pay Cohasset a visit once he has recovered. And, everyone hopes that will be rapidly, Walt.

obituaries

Peter Shuebruk

Peter Shuebruk, 82, of Larchmont, N.Y., died Oct. 31 at the United Hospital Medical Center in Port Chester.

Mr. Shuebruk, a 50-year Larchmont resident, was born in Hull and grew up in Cohasset, attending public schools there before graduating from Phillips Exeter Academy in Exeter, N.H. in 1929.

Mr. Shuebruk, a communications lawyer, graduated with top honors from Harvard University. He studied at Oxford University in England and earned his law degree from Harvard Law School. His father was a United States senator.

During World War II Mr. Shuebruk served on the Federal Communications Commission in Washington.

He was a communications lawyer specializing in radio and television stations. He established a law firm in Manhattan following the war and became its senior partner until his retirement in 1989 after 44 years with the company.

Mr. Shuebruk was in Who's Who in American Law, a member of the New York State and Massachusetts bar associations and was admitted to practice before the U.S. Supreme Court.

He was the husband of Eileen (Edwards) Shuebruk and leaves two daughters, Susan Keane of Jackson, N.H. and Judith McNeil of Larchmont; two sisters, Diana Reinbold of Lake Wales, Fla. and Suzette Holt of Sarasota, Fla. and four grandsons.

A private family service was held at St. Stephen's Episcopal church in Cohasset, where Mr. Shuebruk and his wife both attended church while growing up in Cohasset.

Arthur B. Howe

Arthur B. Howe Jr., 85, of Cohasset and Springfield, died Nov. 19 in the Southwood Nursing Home, Norwood, after a lengthy illness.

Born in Weymouth, Mr. Howe graduated from Cohasset High School.

He was a former senior accountant for Ernst & Ernst of Providence, R.I. and was a controller with Action for Boston Community Development, an assistant treasurer for D.J. Kennedy & Co. of Cohasset and Vectron Inc. of Waltham and chief accountant for Farrington Manufacturing Co. of Boston and Deering Milliken Co. of South Carolina.

Mr. Howe was associated with the Cohasset Community Center, South Shore Community Action, Glastonbury Abbey Guild, National Association of Cost Accountants and the National Office Managers Association.

Mr. Howe was the husband of Ruth E. Howe of Hingham. He leaves a son, Arthur B. Howe III, who is with the Navy in Okinawa, Japan; three daughters, Martha J. Conley of Cohasset, Susan Gossland of Florida and Roberta Tower of Groton; three brothers, Richard Howe of Maine, Robert Howe of Danvers and Paul Howe of West Springfield; two sisters, Louise Ryder of California and Kathryn Shea of New Hampshire; 10 grandchildren and one great-grandchild.

A funeral Mass was celebrated in St. Anthony's Church. Interment was in Woodside Cemetery.

Donations may be made to the Massachusetts Chapter of the National Multiple Sclerosis Society, 400 Totten Pond Road, Waltham 02154.

weddings

McDonough/ McAllister

Robin B. McAllister, daughter of Mr. and Mrs. Donald B. McAllister of Cohasset, married Patrick J. McDonough, son of Mr. and Mrs. Patrick McDonough of Dorchester, on October 15 at St. Anthony's Church in Cohasset.

Father Daniel Finn from St. Mark's Parish in Dorchester officiated at the ceremony.

The bride was given in marriage by her father.

Maid of Honor was Erin McAllister of Cohasset, sister of the bride, while Dawn Lynch of Scituate, sister of the bride, was Matron of Honor.

Bridesmaids were Michelle Stone-Noonan of Cohasset and Tristan Chipley of Westwood.

John O'Toole from Dorchester and Robert Donnellan from Weymouth served as Best Men.

John Lawlor of Weymouth and Joseph Dolan of Tewksbury were ushers.

The bride is a graduate of the University of Massachusetts at Amherst and is employed at Federated Services Company as a staff trainer.

Her husband is a graduate of Suffolk University and is employed at Alexander and O'Keefe in Braintree.

Following a reception at the Sheraton Tara in Braintree, the couple took a wedding trip to St. Martin.

They are residing in Braintree.

Mr. and Mrs. Patrick J. McDonough

SHARE sign ups set

SHARE is a non-profit organization dedicated to community service and self-help, offering good food at great savings for those who participate.

SHARE sign ups are from 10 a.m. to noon today (Thursday, Dec. 1); Friday Dec. 2; and Saturday, Dec. 3 at the Community Center, 3 N. Main St. Friday's is at the elderly housing complex on Elm St. behind the police station.

The next pick-up day for SHARE is 17 at the Deer Hill School.

Please call John Kierce at 383-0578; the COA at 383-9112; or the Social Service League at 383-0771 for information.

HAPPY ANNIVERSARY, RIVER BAY CLUB!
Celebrating 3 Years as an Active Senior Community

Mom has gotten younger since she moved to River Bay Club.

She exercises regularly, comes and goes as she likes, and is busy with friends all the time. **Since Mom moved to River Bay Club, she's doing better than she has in years.**

editorial

Time to brush up

If you listen to the radio, you've probably heard Ross Perot promoting his new talk show. He reminds listeners that government officials work for us. It's *our* government, he says.

Whether or not, you're a Perot fan — you can't argue with that. Perot, of course, is referring to Washington bureaucrats. But his point about 'whose country is this anyway' holds true for all levels of government.

That's why it's truly refreshing to hear Cohasset selectmen talk about efforts to adhere to the Open Meeting Law without being dragged kicking and screaming to the District Attorney's office like many of their counterparts have been in other towns.

Selectmen plan to ask for an educational forum for town officials and members of town committees on the Open Meeting Law, Public Records Law, and ethics issues early next year.

The idea for the forum followed a mix-up about the non posting of a budget meeting/workshop with selectmen, the advisory committee and town department heads.

While Selectmen Chairman Michael Sullivan is correct when he asserts that his board is better at following the rules than many in other towns — a little brushing up won't do any harm. Also, the informational forum will be especially useful for other boards which aren't used to the media's glare. It's often at these meetings that the press hears "this is off the record" or "we don't want this in the paper."

Town business is the public's business. And while the Open Meeting and Public Records laws aren't convenient — they're vitally important. When properly followed, they insure that not only the press but all citizens have access and information on their government.

We find it especially refreshing when the realization that there is a need to be educated about these laws comes from the officials themselves.

— Mary Ford

Golf Club's history is out of bounds

To the Editor:

After all these years, I am indebted to the *Cohasset Mariner* and Louis Eaton for finally making it clear to me why I was never invited to play golf at the Cohasset Golf Club during my growing up years in Cohasset (*Cohasset Mariner*, Nov. 10, page 25). I had always assumed it was because I was too poor to afford the greens fee. Now, Mr. Eaton reveals that it was because I was afflicted with a far more dreaded and unforgivable social disease than just mere poverty. I was a Roman Catholic!

Although my father was a Catholic, my mother was a Unitarian who had an ancestor who arrived on the *Mayflower*. Thus, I wonder if my mixed blood lines might have qualified me for half club privileges; maybe restricted to playing nine holes instead of the full 18. Of course, being a half-breed, I know my place, and I would have expected to play only the back nine, certainly not the front nine where I might be seen from the street.

I know that some of my "townie" Catholic friends were permitted to caddy for the WASP's. I presume, however, those caddies were not permitted to have their Saint Christopher medals dangling outside of their shirts, and were certainly not allowed to recite an Act of Contrition after having been ordered by their more "socially acceptable" (Mr. Eaton's words) golf patrons to surreptitiously kick the ball out from behind a tree.

While Mr. Eaton's early years at the golf club mercifully spared him from the unpleasantness of having to golf with unsavory Catholics, my guess is that such aversion did not stop him from pocketing Catholics' tithing money for his legal fees. Indeed, while we Catholics couldn't play on their golf course, I don't recall any prohibition denying Catholics the "privilege" of buying Knapp or McElwain shoes, Towle electrical goods and services, or RustCraft greeting cards.

When I first read Mr. Eaton's comments, I was tempted to head for Seattle's nearest Catholic church and start a novena to the patron saint of golf, St. Francis (Xavier, not Ouimet), praying that all future non-Catholic tee shots in Cohasset would have a minimum 45 degree hook or slice. Furthermore, as a

letters

penance for denying access to Catholics for so many decades, non-Catholics would be forever prohibited from taking advantage of that old Irish Catholic, "Mulligan," for relief.

But that was then and this is now, and we Catholics are almost free, these days, to move among the masses with very little prejudice aimed our way (unless, perhaps, we should wander, by mistake, into a pro-choice rally). And when Cohasset is blanketed with ice and snow, I take great joy in being retired in mild, non-bigoted, snow-free Seattle, where this former Cohasset papist plays golf, two or three times a week, all year round, with an Episcopalian, an Orthodox Greek, and an atheist.

Dominus vobiscum!

Deer Hill Thanksgiving support appreciated

To the Editor:

We wish to express our appreciation to all of the 5/5/6 team parents for your understanding and support of our Thanksgiving Presentation 1994. We felt that the students did a terrific job in just two weeks of research, cooperation, patience and presentation.

Special thanks to Mrs. Smith (Lauren), Mrs. Hardie, Mrs. Walsh, Mrs. Holt and Mrs. Smith (Greg) for their additional assistance in securing tables, turkeys and costumes.

Thanks to St. Stephen's and the Second Congregational Churches for allowing us to use their tables.

Also, all of this would not be as much "fun" without the help of our wonderful custodians, Bob Barrow and Tom Jones, and the "back room" staff of teachers.

Thank you all!

Dayle Dickinson
Joann Magoun
Lawrence Shultz

Cohasset is truly a special place

To the Editor:

As a tourist, a casual visitor, or even a prospective resident, Cohasset's natural assets are the first thing one notices upon arriving in town. The quintessential New England common; the quiet beauty of Little Harbor; the breathtaking views along the coast all immediately catch your eye and draw you into town. If you're lucky enough to spend more time, the tranquility and easy pace of life also beckon you. On almost any day, children are everywhere, riding bikes, rollerblading, walking, playing on the common. If you close your eyes, you might think you'd been transported back to a time when life was simpler, children safer, the future assured.

For those of us lucky enough to call Cohasset home,

Cohasset is truly a special place

(Continued from page 10)

the benefits we derive from living here go beyond the obvious. We have here an asset that is not apparent at first glance, but that is truly rare and valuable. It is the Cohasset Public Schools.

We've moved here recently from a very affluent community that spends over $10,000 per student per year. It is a town known for its outstanding school system. It doesn't hold a candle to Cohasset.

The teachers I've come in contact with here have all been committed to an excellence in educating their children—our children—that I have never experienced before. They teach to an academic standard that other communities can't imagine. Beyond that, though, they are dedicated to providing an environment where children can succeed at being contributing members of society. These teachers enable children to grow as thinking, caring human beings. These qualities are as rare as the teachers who instill them.

When it comes to helping children understand and accept differences, this school system doesn't just talk about it, everyone here makes it happen. Children aren't just "mainstreamed", they are included—in every sense of the word. It's the teachers, the administrators, the counselors as well as the school's community philosophy that makes this happen.

letters

Cohasset is unique in that it considers the town part of the school "community". Even if you don't actually have children in school, your input is sought. Other towns simply don't do this. Other towns are unique if they seek input from anyone besides professional educators.

Obviously, it is the spirit of the entire town that engenders and allows these philosophies to flourish and blossom. It says a lot for the people who choose to make Cohasset their home.

In a time when it's so easy to criticize, I thought it was important to say "Thank You" to all the dedicated teachers, administrators, aides and counselors who are helping my children become truly rounded, educated individuals who will be able to step into the future armed with the knowledge, values, and discipline they need.

Thank you for fulfilling the dreams we had in that simpler, safer time. You have helped to assure our future.

Jane Pescatore

Generous gift is appreciated

(The following letter was sent to the Cohasset Education Foundation Board of Directors in thanks for a gift of $22,000.)

Dear Mr. Shea and Members of the Cohasset Education Foundation:

Thanks to your most generous gift our computer laboratory is nearing completion and the Osgood community is excited. Many plans are being developed: a third grade newspaper; research through on-line searches; and science classes through the National Geographic's on-line Kid Net. We recognize that your gift was the result of many hours of fundraising and that it represents your outstanding commitment to education. This donation will enable us to enhance the children's studies through the use of interactive software.

Our computer laboratory is located next to the library to best link the use of computers and text materials. The laboratory has 11 LC575 Macintosh computers. The LC575 is a powerful one-

piece machine (it has 8MB of RAM with 250 MB on the hard drive). These machines can be easily moved to where they are needed, as they require only one cord to run.

We have purchased adjustable trapezoidal tables that will promote student participation. The lab will include a "Desk Top Publishing Center" where we will publish students' writings, the newspaper, banners and awards. To assist the faculty and staff we have ordered the Teachers' Productivity Bundle which includes scheduling and grade-keeping software.

In addition to purchasing the computers and new furniture, your gift has allowed us to use existing printers in a network and to purchase two additional printers (Hewitt Packard Color Inkjets). We are carefully previewing software to insure that our choices are curriculum driven, to seek out programs that encourage problem solving and higher thinking skills, and to find the best interactive CD application. New programs will be added with money from your gift.

According to the Computer Learning Foundation, information doubles every 2-1/2 years. The laboratory will assist our children in becoming informational navigators. Thanks to the Foundation's grant the Joseph Osgood School stands ready to join the Technology Age.

Linda R. Whitney, Principal
Jeanne Hanson, Technology Facilitator

Clothing drive a success

A special thank you to everyone who volunteered their clothing and time to help make the clothing drive at Cohasset High School a huge success.

Members of the Social Awareness Organization will bring the clothing, along with a meal, to the Pine Street Inn.

Cohasset Village fair slated

Plans are under way for the annual Cohasset Village Fair Saturday, Dec. 3, from 10 a.m. to 3 p.m. around the Cohasset Common.

Representatives from participating churches, First Parish in Cohasset, Unitarian Universalist, the Second Congregational Church, the Nativity-Assumption of the Virgin Mary Greek Orthodox Church, St. Anthony's Catholic Church, and St. Stephen's Episcopal Church met this past week to coordinate activities for this annual event now in it's 54th year.

Included in the fair will be a secret room for children sponsored by the Cohasset P.S.O. and ornament making and a visit from Santa Claus sponsored by the Appalachian Service Project. Each of the participating churches is planning a number of activities including a boutique, rummage sales, book sales, bake sales, Christmas greens and various refreshments. For a wide variety of gifts, delicious food and fun activities, don't miss the 1994 Cohasset Village Fair.

it's happening

Beechwood activities

High school students are invited to view the video, "It's Friday, But Sunday's Coming," starring Tony Campolo, on Wednesday, Dec. 7, at 7:30 p.m. at the Beechwood Congregational Church, located on Church Street.

Students are invited to come and find out how Jesus meets their needs for friendship, love and the miraculous. Campolo gets his message across with a sense of humor.

Refreshments will be served following the video. Call Steve at 545-6162 for further information.

Beechwood Congregational will hold a Snowflake Fair on Saturday, Dec. 3, from 10 a.m. to 4 p.m.

On sale will be baked goods, crafts, gifts and floral arrangements. A snack bar will feature the Jones family's famous chowder.

'Guys and Dolls' at CHS

Cohasset High School's all-school musical, "Guys and Dolls," will be performed on Friday and Saturday, Dec. 9 and 10, with a matinee on Sunday afternoon, Dec. 11.

80 students from grades 7 through 12 will be performing, including Jamie Kondrat as Nicely-Nicely Johnson, Ron Nicynski as Benny Southstreet and Allison Ritts as Sarah Brown, complete with the Hot Box girls, the New York Street group and Cuban dancers.

The play is being directed by Bryan Marks and Jo-Ellen Wood and choreographed by Sharon Leslie.

Bring the whole family!

Nature tour is Dec. 4

The Cohasset Conservation Trust is hosting a guided tour of the one-mile trail in Great Brewster Woods, behind Cohasset Town Hall, on Sunday, Dec. 4, at 1:30 and 2:30 p.m.

Hikers should meet at the town hall parking lot on Highland Avenue.

Jerry Flaherty, naturalist for Wompatuck State Park, will lead two tour groups around the woodland loop. Hikers may also walk the trail by themselves.

Everyone is welcome, including children accompanied by a parent, but the CCT requests that participants do not bring dogs on these tours.

The tours are free, courtesy of the Trust. Call Jack Hubbard at 383-0586 for further information.

Jr. Voices concert, Dec. 6

Junior Voices, the South Shore Children's Chorus, will present a holiday concert on Tuesday, Dec. 6, at 7 p.m. at the House of Prayer Lutheran Church at 916 Main St. in Hingham. They will be joined by the Crickets, a new chorus of younger children. Both groups are directed by Margo Euler.

The concert will include seasonal music, and the Crickets will lead the audience in singing Christmas rounds.

Junior Voices will sing selections from Benjamin Britten's "Ceremony of Carols" and Christmas music in two- and three-part arrangements.

A party for performers and the audience will take place following the concert.

All interested families are invited to attend the performance. In lieu of tickets, free-will donations will be accepted. For further information on the concert or on pre-registration for the next semester of Junior Voices or Crickets, call Margo Euler at 749-6561.

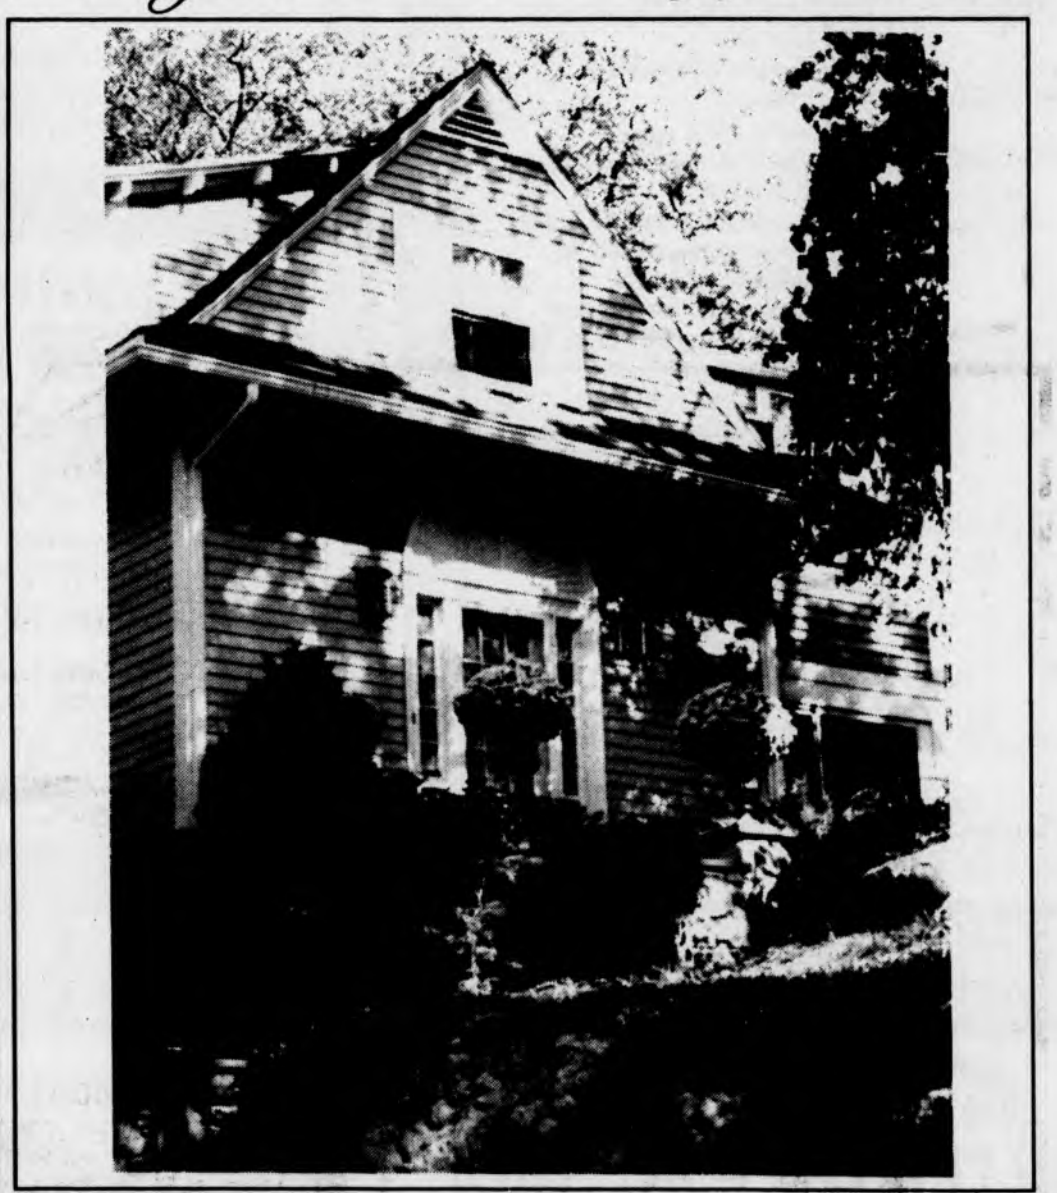
Both choruses will sing at the Christmas in the Square celebration on Dec. 2 from 6:30 to 7 p.m.

Photos with Santa

Santa will pose for pictures and listen to wishes at the Village Fair this Saturday starting at 11 a.m. at the Second Congregational Church, thanks to the Appalachia Service Project's fund-raising committee.

ASP volunteers will also conduct a crafts workshop for children at the church from 10 a.m. to 3 p.m. Kids can create Christmas corsages and personalize special ornaments. Hand-crafted wooden bird feeders and Human-i-tees will be available for the naturelovers on your Christmas list.

The Grand Tour — with Ginger Ferenz, 383-2863



It seems like yesterday that this home at 31 Atlantic Avenue displayed two dark green urns filled with bright, yellow mums — just the right touch of fall color to brighten up this formal Colonial entry-way! As those warm fall days give way to winter, please stay tuned to the Grand Tour for snapshots of those holiday touches that make Cohasset special this time of year.

paul pratt library corner

The Friends of the Cohasset Library hosted a Little Women's Tea Party at the library Nov. 18. More than 40 children were mesmerized as the members of the Cohasset Dramatic Club's cast of "Little Women", Meg, Amy, Jo, Beth and Laurie, performed three scenes from the play. Amy Wilder, the play's director, set the scenes for her talented young cast. Their performances were inspiring to all, especially young children who were reminded of the spirit of sharing with others, less fortunate, especially during the holidays.

Left to right, "Little Women" Amy (Caitlin Wheeler), Meg (Brie McKenney), Jo (Courtney O"Donnell), and Beth (Margaret Troyer) stop by fthe Paul Pratt Library. The Cohasset Dramatic Club's production of 'Little Women" is on stage this weekend at Town Hall, call 545-3195 for tickets.

(Lynne Layman photo)

All who attended the tea went home with party favors of small bouquets of flowers and Louisa May Alcott bookmarks.

Christine Whoriskey and Suzan Killilea of the Friends coordinated the event with Children's Librarian Suzanne Terry, and Library Director Richard Hayes. Monica McKenney assembled the cast in costume for the afternoon. Trustee Barbara Power provided fresh floral arrangements for all of the tea tables, and members of the Friends Executive Board, Jeanne Holway, Moira Stansell, Monica McKenney, Christine Whoriskey, and Suzan Killilea, provided tea cakes and punch. In keeping with the party theme, Patricia Mullaney of South Main Street created a "Little Women" cake. The Second Congregational Church kindly donated the use of their folding chairs for the afternoon.

Hull continues Thanksgiving reign over Skippers

By Jim O'Sullivan
Mariner correspondent

The Hull High football team had two big dinners on Thanksgiving Day.

Of course, there was the traditional afternoon dinner the individual players had with their families. But before that the Pirates feasted on the Cohasset High squad with an 18-0 victory before a sparce crowd at chilly Milliken Field.

Hull's victory rose its record to 3-7 on the year and marked the third consecutive season the Pirates have beaten Ted MacDermott's Skippers in the annual Turkey day clash. Cohasset finished the fall campaign with a 4-6 mark.

After winning the coin toss, Cohasset elected to receive and proceeded to move upfield, led by the duo of Jerome Marion and Thomas Allen in the backfield. Marion picked up two yards and Allen, who rushed for more than 1,000 yards on the season, picked up the first down with a 10-yard scamper.

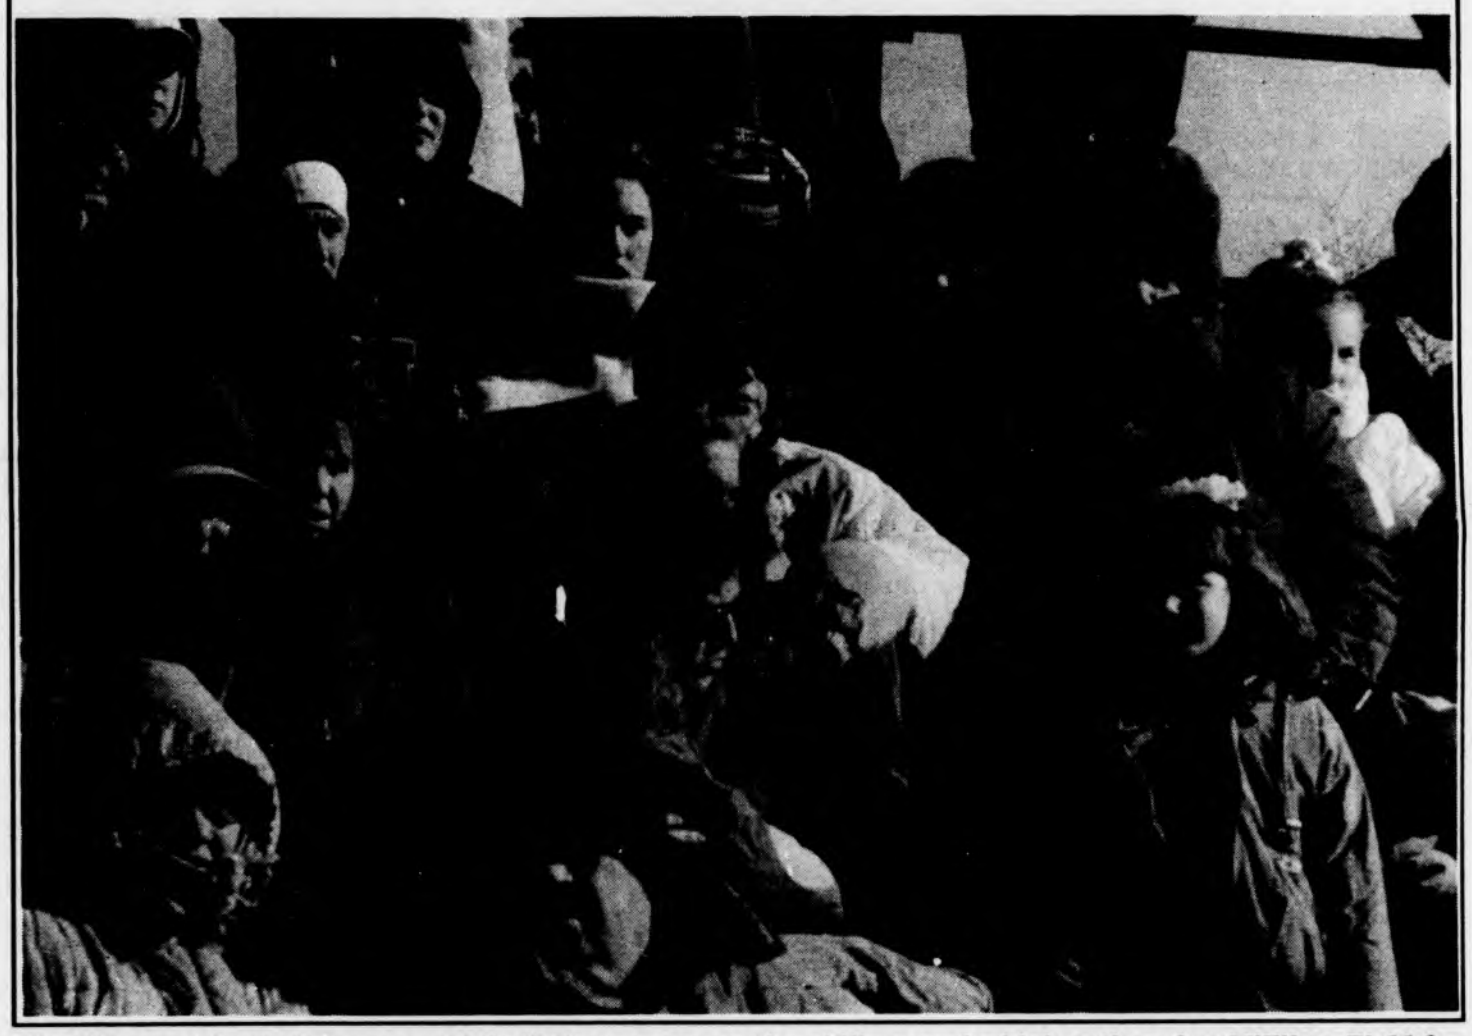
The Skippers wouldn't drive any further thanks to Hull lineman Ted Bennett's consecutive tackles of Allen, limiting him to a combined three yards.

Domenico Barbuto, who rushed for over 200 yards and scored two of the Pirates' three touchdowns on runs of 34 and 45 yards in the second quarter, picked up the first down at the Cohasset 49.

This time it was Cohasset's turn to buckle down on defense. A loss of 5 play, followed by defensive tackle Brad

(See page 21)

Thanksgiving Day Game!



The Skippers' football team could do little to warm up the chilly crowd which gathered at Milliken Field for last Thursday's Thanksgiving game against the Hull Pirates. The Pirates won for the third consecutive year, 18-0.

Soccer players honored at team banquet

By Joe Reardon
Mariner staff

Jim Magner and Kevin McKenna were the big winners at Cohasset High's annual banquet held earlier this month in the Cohasset Community Center.

Magner, the senior co-captain, was voted by his teammates as the most valuable player on the squad, while McKenna was named Best Offensive Player.

Head coach Keith Clark had nothing but praise for the two players, as well as the other team members who copped awards at the banquet.

Clark said of Magner: "He was one of those players who would step up when the game was on the line. He could turn things around for the team when things weren't going our way."

Just a sophomore, McKenna has been the team's leading goal scorer the past two seasons. Last year he missed five games and still wound up outscoring his teammates.

"He has a nose for the goal," Clark said. "Kevin is strong on the ball and he's good in the air."

In the only category not picked by the players, Ryan Freeman won the Coaches Award. Head coach Keith Clark said it was Freeman's work ethic throughout the whole season that copped him the award.

"He worked really hard in practice and in games," Clark said. "He outworks everyone and everything he does is for the betterment of the team."

Cohasset finished with a fine 11-5-2 record after winning the Division 3 South Sectional finals last season.

Freshman Lee Atherton was named Rookie of the Year. Atherton didn't start in the first two games of the season but became a permanent and important fixture on the team from the third game on through the tournament.

Clark expects Atherton to be a major part of the team for the next three seasons. "His speed and quickness are a big asset," he said. "Lee is gritty and he's tough. He's not a big kid but he doesn't shy away from anyone."

Senior stopper Tom Greco took home Best Defensive Player honors, but Clark said his play on the field helped fuel attacks on the opposing nets when he controlled the ball and passed off to his teammates.

"He's very intelligent and makes good decisions," Clark said.

Clark also announced Erik Henry and Chris McKenna were chosen to co-captain the '95 squad.

The Skippers are losing seven players to graduation, but Clark is more concerned with the areas the team must improve if it plans to qualify for the tournament.

Cohasset was only 2-4-2 against the top-four teams in the South Shore League. One reason for the sub-.500 record was a lack of consistent goal scoring, according to Clark. The Skippers must also focus on skill-oriented drills that can be transferred over during game situations.

If the Skippers can smooth out the rough spots, Clark envisions another successful season.

"I'm always optimistic," he said. "I always think we can do better. We had a good season. Things should bode well for next year."

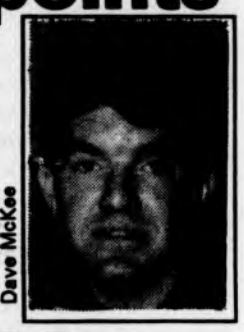
Joe Reardon



Dave McKee

by Joe & Dave

With the Turkey Day football games over, it is time to put the fall sports season to bed.

But before we do, we should remember some of the better team and individual efforts.

In soccer, the Marshfield High girls' team surprised everyone (except those who saw them play) by winning the Division I state title.

Other teams may have had fancier players, but no team had better defense or worked harder.

The previous two years, the Lady Rams were eliminated in shootouts. So this year they worked overtime on shootouts and it paid off with a big win over Newton North.

Yet after beating Winchester and Nashoba Regional for the state crown the Lady Rams still didn't get the respect they deserved as they finished second behind Duxbury in the final Boston Globe girls' soccer poll.

Sure Duxbury won the Division I state title and went 1-1 with Marshfield during the regular season but the Green Dragons did not have to beat the best teams in the state in the post-season.

I don't know if Duxbury could have beaten Falmouth, Newton North and Winchester in three straight without allowing a single goal.

As for individual players, Marshfield's Alissa Fish proved to be the most dominant player in the post-season.

She scored some big goals, played incredible defense and more importantly, set the tone for her teammates by showing that she would run through a wall to make a play.

In football, once again the South Shore area will be represented by Whitman-Hanson and East Bridgewater in the post-season Super Bowls.

The Panthers edged Rockland and Hingham for the ACL title while East Bridgewater held on against Norwell for the SSL title.

But you have to feel for Norwell, who could have gone to the Super Bowl the last two years with wins against East Bridgewater.

However, when the heat was on, East Bridgewater came through.

Last year, Norwell fumbled inside the ten yard line with just over a minute to play to lose a Super Bowl shot.

And this year after scoring the go-ahead points on a touchdown with under a minute to play, Norwell watched as East Bridgewater kicked the winning 42-yard field goal after two Clipper penalties. Ouch!

As for individual players, Hingham running back Corey Farina had about as good a season as one player could have as he ran for more than 1,100 yards and scored more than 100 points.

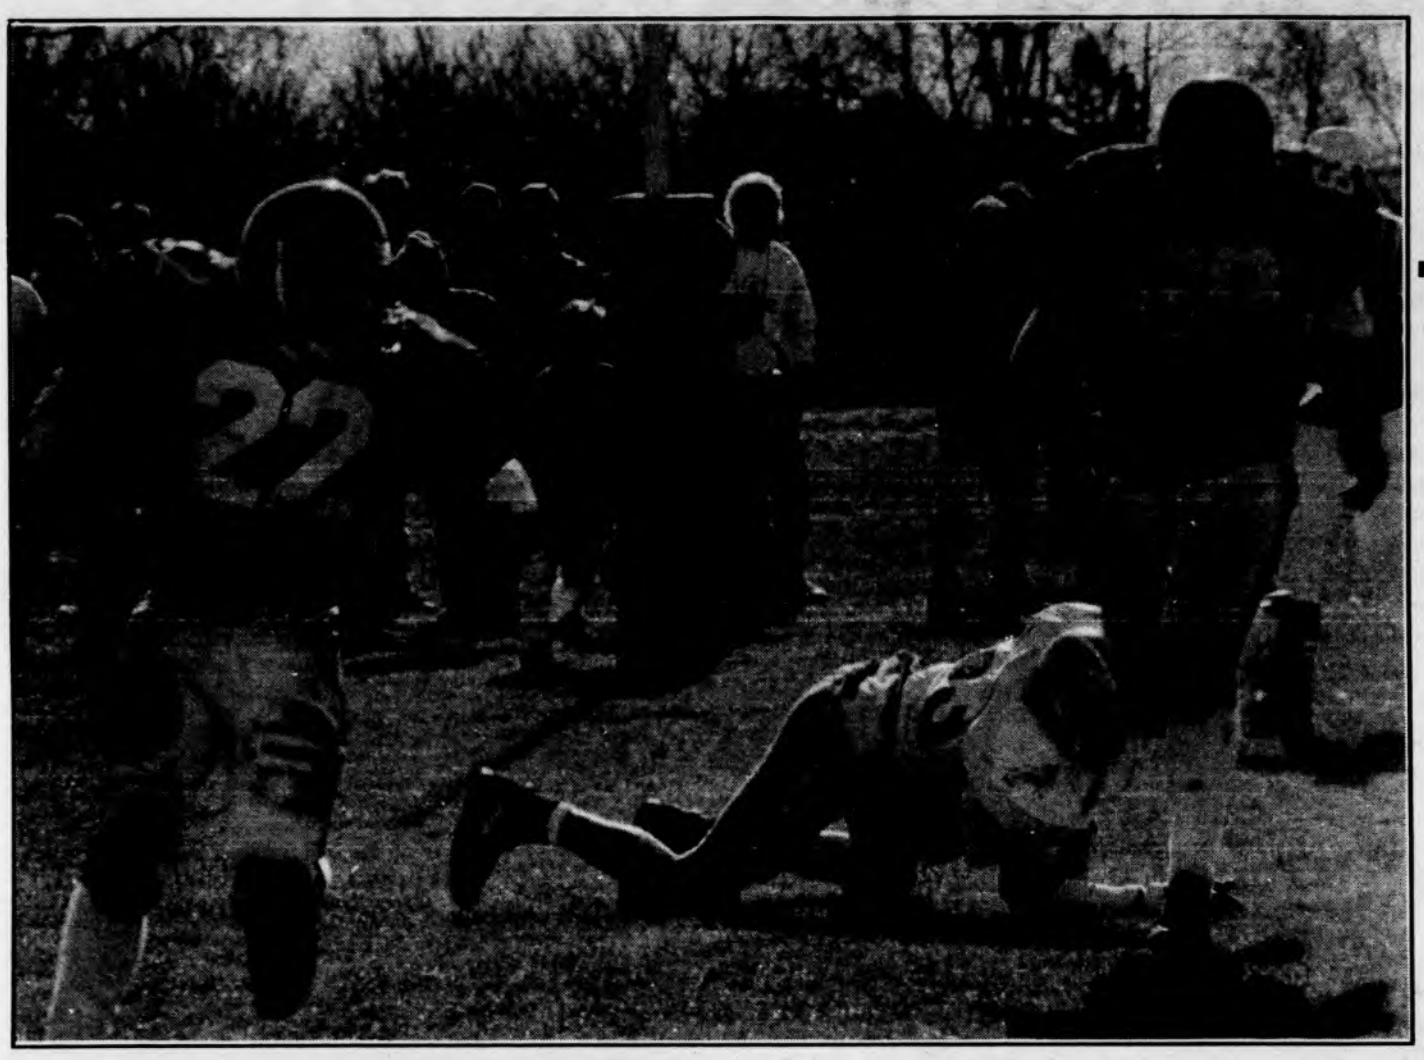
He carried Hingham from .500 to a shot for a Super Bowl berth in one year. But one player is never enough in football.

In boys' soccer, Hingham and Silver Lake had great post-seasons and I'm convinced the Lakers would have won the Division I state title if they advanced

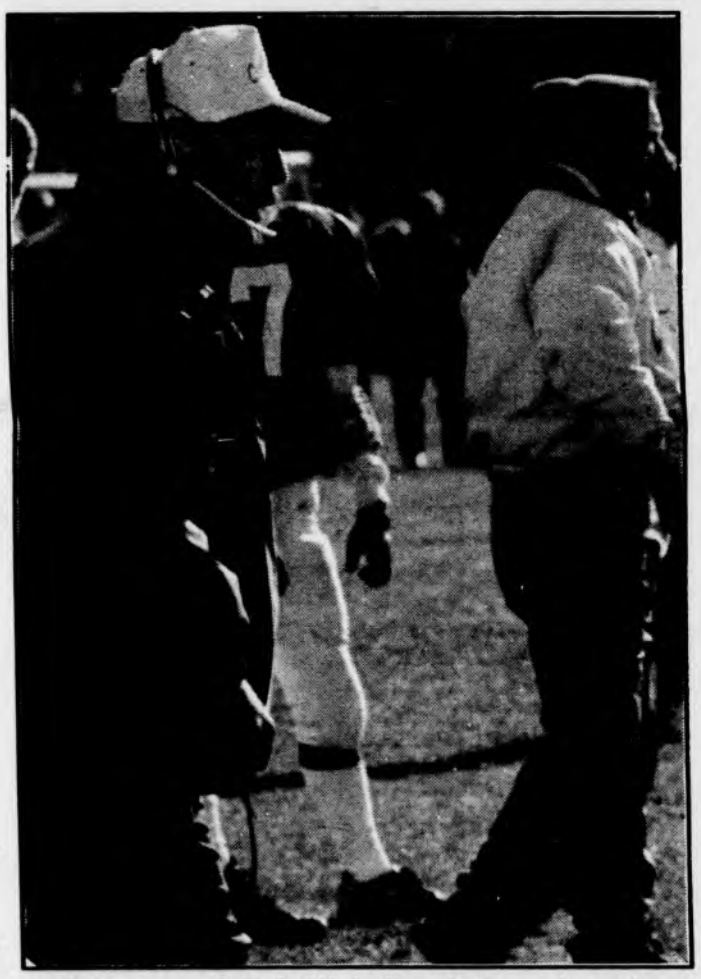
(See page 21)

Skippers can't shake Thanksgiving Day jinx

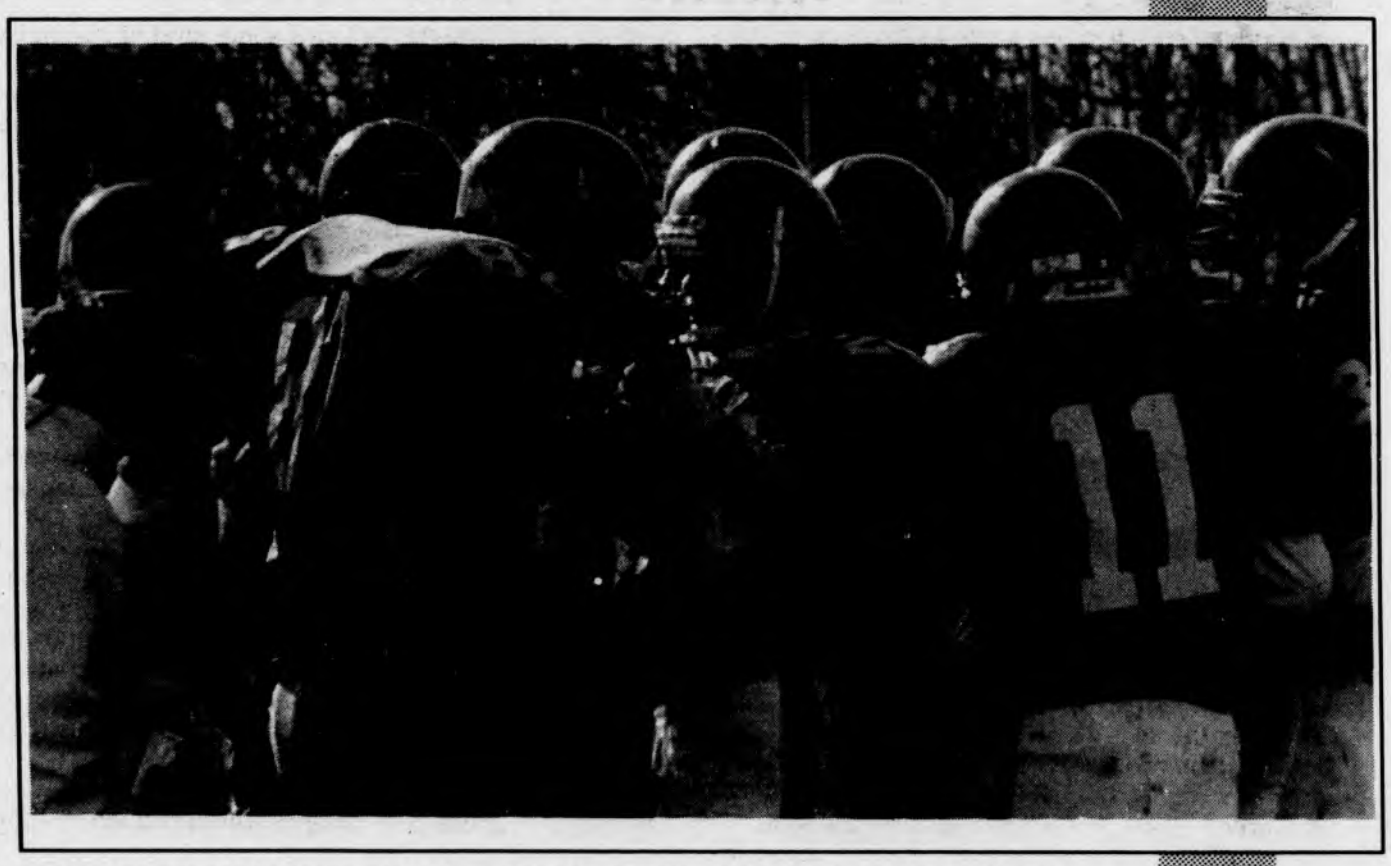
Photos by Jeri Huskins



Thomas Allen (22) looks downfield for some running room as Larry Adams (69) stands over a Hull player he brought down.



Assistant coach Bob Silvia (head phones) and head coach Ted MacDermott (hood) watch the action on the field.



Mike Dunphy (24) chats with teammate Dorian Bryant (82) during a timeout.

The Cohasset High cheerleaders root the Skippers on as they battle the Hull Pirates.

Mariner Sports

Courses on tap

Wrestling — Thursday, Dec. 1, 4 to 5 p.m. or 5 to 6 p.m., for grades 4 to 6. The fee for eight weeks is $40. Students will learn the basic take down moves, the free starting positions and live wrestle (come in sweats and sneakers).

Judo — Saturday, Dec. 10, 10:30 to 11:30 a.m. for 10 weeks. The cost is $30 for age 10 and over. Judo training gives a person an effective self-defense system if the need arises. Regular training can improve an individual's aerobic capacity, speed, power, strength, agility and flexibility.

Bowling Clinic — Tuesday, Dec. 6, from 3 to 4 p.m. or 4 to 5 p.m., grades K-3. Cost $35 for 10 weeks. Wednesday, Dec. 7, 3 to 4 p.m. or 4 to 5 p.m. Team participation encourages cooperation and fun is had by all. At our final week trophies are awarded and pizza is served.

Rec Department registrations

The Cohasset Recreation Department is currently accepting registration applications for a basketball shooting clinic for girls and boys.

Head Cohasset basketball coaches, Mr. Ron Ford and Ms. Cori Hughes, will co-direct this unique three-day clinic to be held Tuesday, Dec. 27 through Thursday, Dec. 29.

Shooting clinic will be held at the Sullivan Gym, CHS, from 9 a.m. to noon, and the per capita fee is $50 for the three-day program, designed to help younger players develop correct fundamentals involved with shooting the basketball. Students will receive individual instruction, attend lectures and participate in shooting competitions.

To register, please complete forms available at the Cohasset Recreation Department office, first floor in the Cohasset Town Hall, prior to Dec. 19.

Blue Hills ski lessons

The Cohasset Recreation Department will accept late registrations for Blue Hills ski lessons for children aged 7 to 18 years, by calling the office at 383-6791. Blue Hills ski lessons are scheduled to begin Thursday, Jan. 5; however, registration prior to Dec. 16 is mandatory. Lessons will meet each Thursday afternoon for five weeks, from Jan. 5 through Feb. 2. Bus will leave from town hall parking lot at 3:20 p.m. and return at about 6:45 p.m. each week. The cost for the five-week session and bus transportation is $95 per child. Equipment rentals are available at Blue Hills and cost $45 for the five weeks.

Playground staff positions

The Cohasset Recreation Commission is currently accepting applications for positions with their seven-week summer playground program.

Positions are available for a playground director, four program coordinators and general staff.

Summer playground serves children ages three through 12. Applications are being accepted for playground coordinators for the 3/4 year old group; half day five year old group; full day 5-7 year old and full day 8-12 year old group.

If you are at least 18 years of age, have prior experience working with children, coupled with academic training, please call the recreation department office at 383-6791 for details and an application form.

Applications are also being accepted for playground, general staff positions and the above listed requirements are necessary for all playground personnel. All staff members must either be CPR certified, or may attend the recreation commissioner's annual June certification training program.

Hull continues reign

(Continued from page 19)

Potolicchio's sack of Hull quarterback Mike Burke forced the Pirates back to the 48.

The Skippers' best scoring opportunity came late in the first quarter when their field goal attempt was blocked by defensive tackle Mark Curran.

Barbuto picked his way through the Cohasset defense, despite the strong play of Dorian Bryant, Brian Sasso and Nick Welz. He went into the end zone on what turned out to be the winning touchdown on a 34-yard sprint.

Barbuto scored again late in the second half and Hull was suddenly leading 12-0 after both conversion plays failed.

Hull's defense, led by Mike Schwede and captain Lodovico Sestito was able to bury several offensive attacks by the Skippers in the second half. The Pirates added six points on a 1-yard sneak by Burke to secure the holiday victory for Hull.

"We did a good defensively throughout," said MacDermott. "Sometimes it's difficult to measure the success of a season by a record. We had an excellent group of young men who were committed from day one. They were a pleasure to work with."

Welz, one of the team's co-captains said: "Excluding Thanksgiving, it was a good season for the team. Personally, I couldn't have hoped for a better team to play my last season with.

"With the talent, heart and desire that this yer's team had, we deserved a much more climactic ending than we received."

(Joe Reardon contributed to this article).

extra points

(Continued from page 19)

past Weymouth in the South Finals. But a deflected Weymouth goal and some incredible goaltending sunk Silver Lake.

I know Duxbury won the Division II state title after going undefeated the entire season but I don't know if they could beat teams like New Bedford, Silver Lake or Weymouth in the post-season.

As for field hockey, I was happy teams like Silver Lake, Hingham and Scituate made the state tourney. But I still have some problems following the game. The rules are too complex and those sticks need longer blades.

-David McKee

*****

After sitting through the miserable cold and wind that was prevalent during last year's Thanksgiving Day game between Cohasset and Hull, I thought to myself nothing could approach the drastic conditions on Hull Gut.

So when the last Thursday's game was played in Cohasset, I blew off the weather report that the temperatures were predicted to be unseasonably cold with a stiff breeze. But this year would be different. The game wasn't being contested just a stone's throw from the Atlantic.

Four years covering Thanksgiving Day games you would have thought I'd learn some kind of lesson by now.

I was about as prepared for the elements last Thursday as Tom Snyder when a gag Howard Stern caller asks his comments on Ba Ba Booey.

No thermal underwear.
No winter cap.
No turtle neck.
No gloves.
No heavy jacket.
No brains!

Hull High coach John Anderson may be able to wear shorts on the sidelines but give me the heavy duty Fruit of the Loom thermals anytime.

The lesson has finally been learned. I cursed myself as I looked around at the crowd, most of whom looked liked extras on "Northern Exposure."

And even though I'm not really crazy about the means by which fur coats are originate, for a moment I had a fleeting thought about trading my car for one of the coats the Grey Poupon-eating class of Cohasset was wearing. Hey, if I had to walk home I'd do it in style.

Next year's going to be different. I'm going to be wearing so many layers of clothing I'll have the agility of the robot on "Lost in Space."

And if it dips below 65 degrees, I'll add a few more. No way am I going to be caught without enough clothes on for a fifth year!

—Joe Reardon

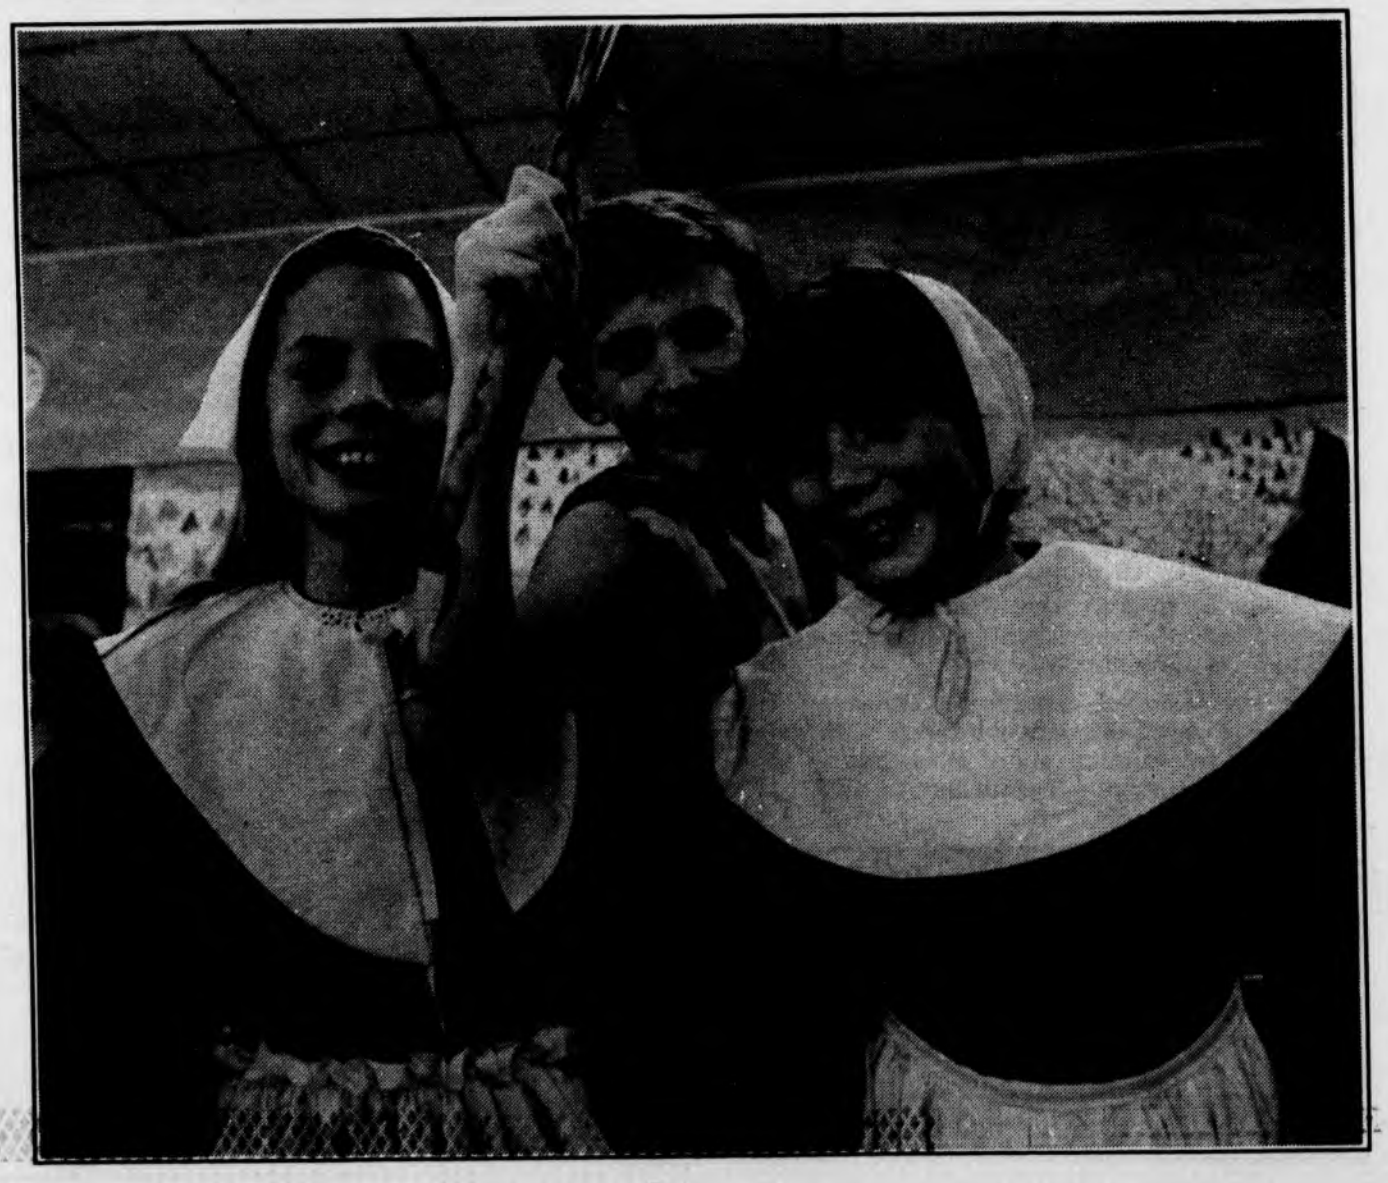
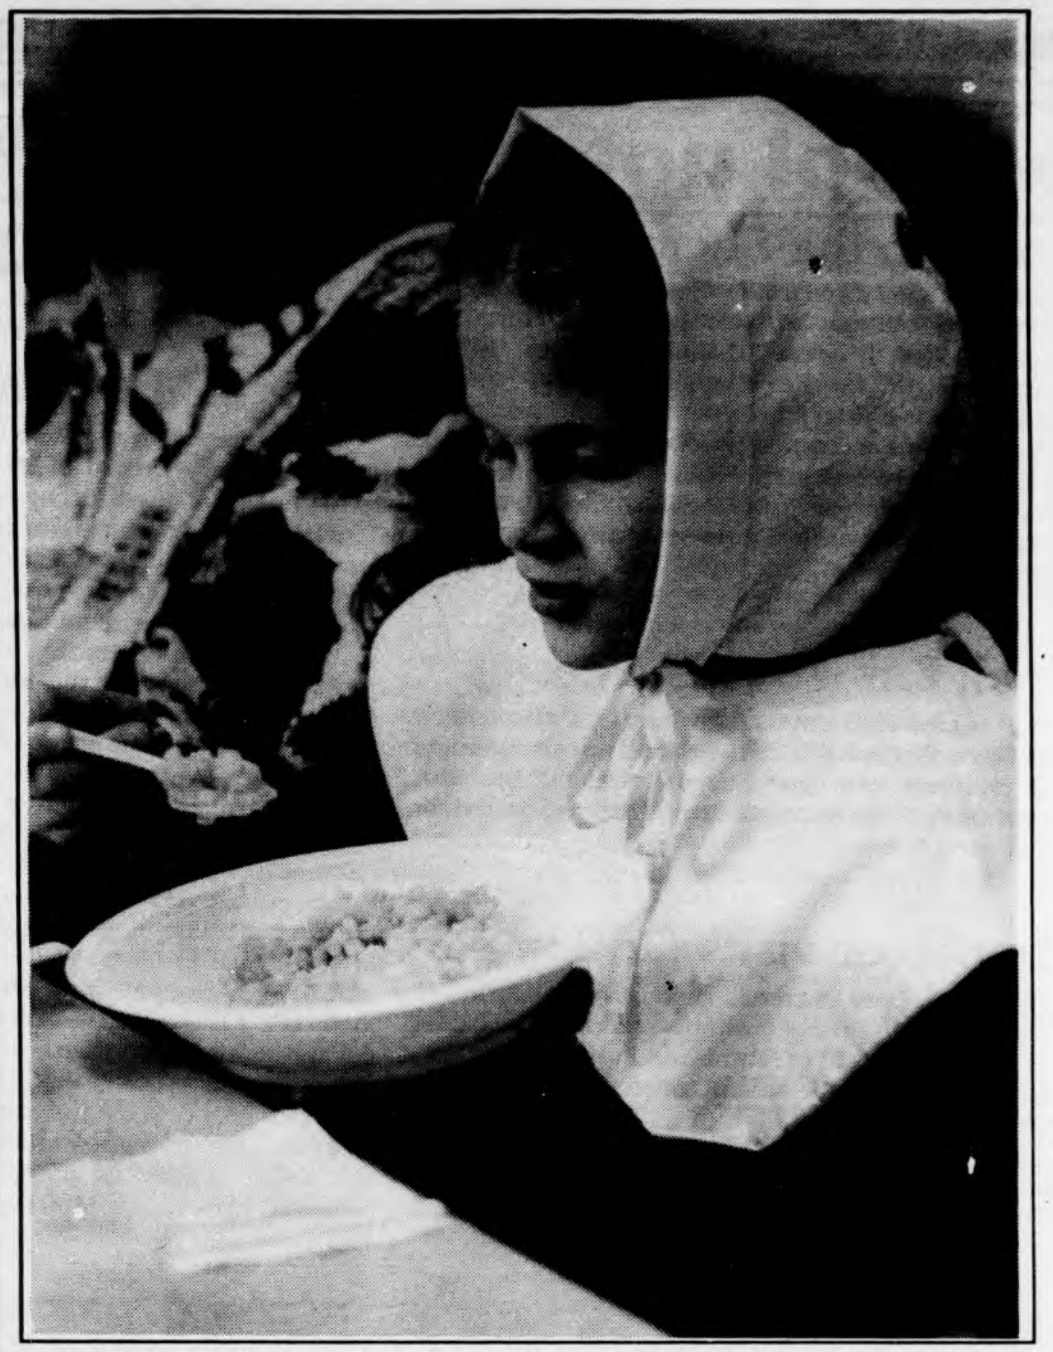
Early Plimoth is revisited at Deer Hill in annual event

Staff photos/Alan Chapman

Courtney Anton, above, serves up a scrumptious feast to parents and classmates at the annual Deer Hill School Thanksgiving celebration last week. Upper right, Trevor Hardie portrays one of the Pilgrim fathers. At right, Katie Grimm and Tara Mangan get an unexpected visit from Alex Etkin, a friendly Indian. The fifth and sixth grade team at Deer Hill host the annual dinner and portrayal of life in early Plimoth.





Top left, Deer Hill students portray Indians at Thanksgiving: in the front row are Lauren Waguespack, Kendra Topalian, and Samantha Mortvand and in the back are Jack Jerz, Loren Haywood, and Bobby Protulis. Emma Gardner, above, scoops more food onto her plate. At left, Lauren Waguespack has a bite of Thanksgiving turkey.

Kerin Kearney and Chris Golden chat in the Pilgrim diorama at Deer Hill School. The fifth and sixth grade team portrayed life in early Plimoth last week. The event was followed by a huge feast for staff, parents and students.

school notebook

Come to the Secret Room

Shoppers age 12 and under are invited to come to the PSO's Secret Room at St. Stephen's Church on Saturday, Dec. 3, from 10 a.m. to 2 p.m. to buy inexpensive gifts for their friends and family.

Most gifts are priced between 50 cents and $2.50, with a few items selling at 25 cents and some at $3.50.

Helpers will be on hand to assist younger shoppers. Gifts will be wrapped before the children leave the Secret Room so that their presents will be a complete surprise.

Book fair was a success

The Osgood PSO thanks all volunteers who worked at the school's book fair last week and all of the parents and children who purchased books at the fair, contributing to its success. Over $750 was raised for the Osgood School.

Puppeteer visits DHS

Puppeteer Dan Butterworth and his marionettes visited Deer Hill School students recently, welcoming them into his world of fantasy and imagination.

Dressed in black, he accompanied each of his hand-crafted puppets onto the stage. As the characters began to move, dance and "come alive," the puppeteer disappeared.

Throughout the show the marionettes appeared among the audience, sitting in laps, on heads and moving up and down the aisles. Children and adults alike enjoyed the performance.

The show was sponsored by the Cohasset PSO.

PSO teacher grant awards

The Cohasset Parent School Organization is pleased to announce the award of $6,000 in Teacher Grant funds to 48 Cohasset teachers. The goal of the PSO's Teacher Grant Program is to enhance and enrich the learning environment for Cohasset's students by supporting teacher requests for innovative, supplementary classroom materials.

This year, unfortunately, teacher interest in the program far exceeded the funds available. At each school the PSO school representatives reviewed all grant requests with the principal. The following teachers and projects were chosen as recipients of Teacher Grant awards for the 1994-95 school year:

At the Joseph Osgood School: Mrs. Price — $129 for Lakeshore Festivals Around the World Celebration Boxes; Grade 1 Teachers — $200 for science and nature books and charts; Mrs. Collins, Mrs. Gomez, Mrs. Buckley and Mrs. Wells — $100 each for books and A.V. equipment; Mrs. Alcott — $67 for science materials; Ms. Bausch — $65 for *National Geographic* subscriptions; Ms. Barbieri — $97 for AIMS measuring equipment; Ms. Webster — $92 for books; Mrs. Atkinson — $50 for science and nature clipboards; Mr. Fitzgerald — $110 for shelving materials and dry-erase board; Mr. Weydt — $135 for playground equipment; Mrs. Ayer — $100 for books; Mrs. Dunbar — $100 for books; and Ms. Ogden — $250 for art history and puppet theater stations.

At the Deer Hill School: Mrs. Ritts — $200 for special needs books and tapes; Mrs. Whitley — $70 for literature books; Mrs. Leonard — $200 for Geo Safari and Math Safari; Mr. Levine — $117 for books and tapes on weather; Mr. Leonard — $200 for videos on prejudice; Mr. Becker — $200 for literature trade books; Mrs. Magnussen — $200 for reading books with diversity theme; and Ms. Dickinson — $133 for books, including a poetry program.

At the Junior/Senior High School: Grade 7 Team — $424 for the Great Ocean Rescue Classroom Kit (software and books); Mr. Newkirk — $184 for *Worldwide* newspaper subscription; Ms. Devin — $120 for mathematics videos; Ms. Ely — $50 for Her Heritage (CD-ROM); Mr. O'Neil — $146 for Cicero software; Mr. Cronin — $165 for Step Write Up!; Mr. Narkiewicz — $241 for Contacto videos and books; Mr. Packard — $219 for "Super Bundle" CD-ROM and Talking Dictionary; Mr. Kite — $160 for Medea video; Mr. Buckley — $170 for water bottle sampler; Ms. Porter — $187 for Project Adventure resource materials; Ms. LaJoie — $200 for MasterTracks Pro 5 software; Ms. Duffy — $100 for videos on foods of other cultures; Mr. Ford — $200 for aerobic exercise equipment; Ms. White and Ms. Wool — $100 for Occupational Outlook handbook; and Mr. Emmons — $270 for Oedipus the King and Beckett videos.

The PSO thanks all of its supporters for making the Teacher Grant Program and many other PSO projects possible, and wishes the teachers much success with their new materials.

'Foxy' fourth graders

Mrs. Leonard's fourth grade class at Deer Hill School, with the assistance of co-teacher Mrs. Losciuto, has been working on a literature unit for the story "Fantastic Mr. Fox" by Roald Dahl.

Aside from enjoying the story, the children have been involved in a variety of related interdisciplinary activities.

Osgood room mothers

The following people have volunteered to be room mothers at the Osgood School this year:

Marie Kelly, Joan Busk, Karla Watts, Mary Sullivan, Alexandra Guild, Lesley Faber, Ellen Sanchez, Tamara Crean, Joan Allen, Chris Straughn, JoAnn Pilzcak, Helene Garber, Mandy Burgoon, Marybeth Curry, Dora DeJulio, Jean Muir, Kathleen Horigan, Robin Grinnell, Brenda Regan, Sarah Markert, Gitte Shea, Linda Bolster, Jane Correy, Peggy Lewis, Susan Meikelham, Andrea Flynn, Babette Staeker, Lynne Previte, Georgine Butman, Melissa Clark, Ellen Simmons, Peggy McCue and Tomi Bukowski.

The PSO is grateful to them for volunteering their time and efforts.

Investment in Education

The Cohasset PSO is participating in the Bank of Boston's Investment in Education Program. Residents are asked to help students collect school investment points, issued by the Bank of Boston from now until May 31, 1995.

There are two easy ways to receive points for the drive, to be put toward free learning tools for Cohasset's schools. Participants can complete a bonus certificate at any Bank of Boston branch and receive 100 points. There is no obligation.

By initiating qualifying transactions, bonus points may be earned. These include loans and deposits. The schools will redeem the bonus points for free educational equipment such as computers, software or encyclopedias.

Points may be dropped in boxes located in or near the school offices. For further information contact a school's individual PSO representative.

Student of the Month

Mary Ellen Rayment

Mary Ellen is not only an outstanding and charming student, but is also reliable in setting up the Language Lab every day.

Her cheerful reliability in reminding us which day we are scheduled for lab is a real help for language teachers.

— Mr. O'Neil

Town, union get off to a bad start

By Alice C. Coyle
Mariner Staff

It took the Konohasset Clerical and Custodial union four years to get its first contract with the town and according to the local union's president Carol Oteri-Puffer, it took the town only 30 days to violate it.

Oteri-Puffer said Local 151 of the National Association of Government Employees filed a grievance last week with Executive Secretary Greg Doyon, who is also the liaison with the personnel board.

According to Oteri-Puffer the union workers were required to work an additional 2-1/2 hours on the Monday prior to Thanksgiving to make up for the loss of work during the holiday.

(See page 7)

Rabies crisis won't take the winter off

Unlike mosquitos, the threat of rabies does not end with the first frost.

New England Wildlife Center director Greg Mertz said skunks and raccoons do not hibernate during the winter months. Periods of cold, snowy weather will make skunks and raccoons seek shelter and they may "sleep" for up to seven days, but they will rouse themselves to forage for food.

"Once rabies hits an area, you have it," Mertz said. "It doesn't go away."

With snow cover or frozen ground, the animals will have a more difficult time finding food and will be more likely to invade dumpsters and garbage cans.

Cohasset Police Sgt. Robert Jackson said the department is getting two-to-three calls a week about skunks and raccoons.

Following calls from residents regarding possibly rabid raccoons, officers are called into the station to retrieve the shot gun, gloves and bag, and then go out to shoot the animal.

(See page 5)

Junior Tafana Fiore, the captain of Cohasset High's gymnastics team, flashes a smile as she works out on the uneven bars during Monday night's practice. For Fiore's thoughts on the upcoming season and the Skippers' prospect of repeating as South Shore League champions, turn to page 19.

Traffic danger spots are timely topic

By Mary Ford
Mariner staff

One of the most dangerous intersections in town could become a lot safer without the installation of traffic lights, selectmen learned this week.

They also found out that at times police are called off of duty at school crosswalks to respond to an emergency — a situation that concerns Police Chief Brian Noonan.

Noonan recommended the town install two-foot wide/20-foot long islands in the center of King Street and Forest Avenue where they intersect North Main Street.

He said the islands would still leave 16 feet on either side which can accommodate traffic including large trash trucks. Police simulated the islands using cones and the fire department's ladder truck was able to make the turn, Noonan said.

Noonan explained that Highway Surveyor Harold Litchfield and Safety Officer Clifton Jones studied the intersection and recommended the islands as a solution. "No parking" signs would prohibit parking within 125 feet of the intersection, he said.

The school department does not have crossing guards per se, Noonan said.

Cohasset's week

Maritime group gets lease

The Cohasset Maritime Institute (CMI), an educational organization focused on rowing, will turn the old Hagerty property boat house into its headquarters.

Selectmen approved the draft lease between the town and CMI at their board meeting this week. All that's left is to sign the lease, selectmen said.

Although selectmen have been enthusiastic about the institute headed by teacher Jack Buckley since the idea was first raised last spring, plans were stalled until a permanent site for the boat house could be agreed upon.

The Hagerty Committee, whose charge is to come up with a plan for the town-owned Hagerty land, the Historical Commission, and selectmen got embroiled n the debate over whether the boat house should stay where it is or be moved to Government Island where is originally stood.

The lease agreement between the town and Buckley includes a token payment of $1 a year, similar to the agreement the town has with the Teen Depot group which has rented the Independence Building in the village.

Recycle your junk mail

The recycling committee and the Board of Health have made it possible for the following items to be recycled:

envelopes and contents of junk mail, note paper, copy, drawing paper and boxboard such as shoe boxes and cereal boxes with the liners removed. Hardbound books and notebooks without metal binders can also be recycled.

These materials should be placed in the labeled blue container at the Cohasset transfer station.

Still not acceptable for recycling are: plastic or plastic-coated paper, carbon paper, tissue, napkins and paper towels, paper cups or paper plates.

The town of Cohasset urges all residents to take part in the recycling program.

Snow shovelling guidelines

A reminder that the following bylaw was voted in at the 1993 Annual Town Meeting. It reads as follows:

Section VII. No person shall cause or allow the discharge of water, snow or ice upon a public street, sidewalk or way in the town so as to create hazardous conditions.

Although many residents need to get to their jobs, doctors appointments or other necessary destinations, it is recommended that whenever possible residents should refrain from shoveling the last few feet at the end of their driveways until the roads have been completely plowed. This will save residents from repeated shoveling of the same area.

The highway department does not have the manpower to shovel out anyone's driveway that has been snowed in from snow coming off snowplows.

Residents are reminded not to shovel snow onto the roads and for private plowing contractors not to leave snow from driveways on the roads. Both these infractions cause hazardous conditions.

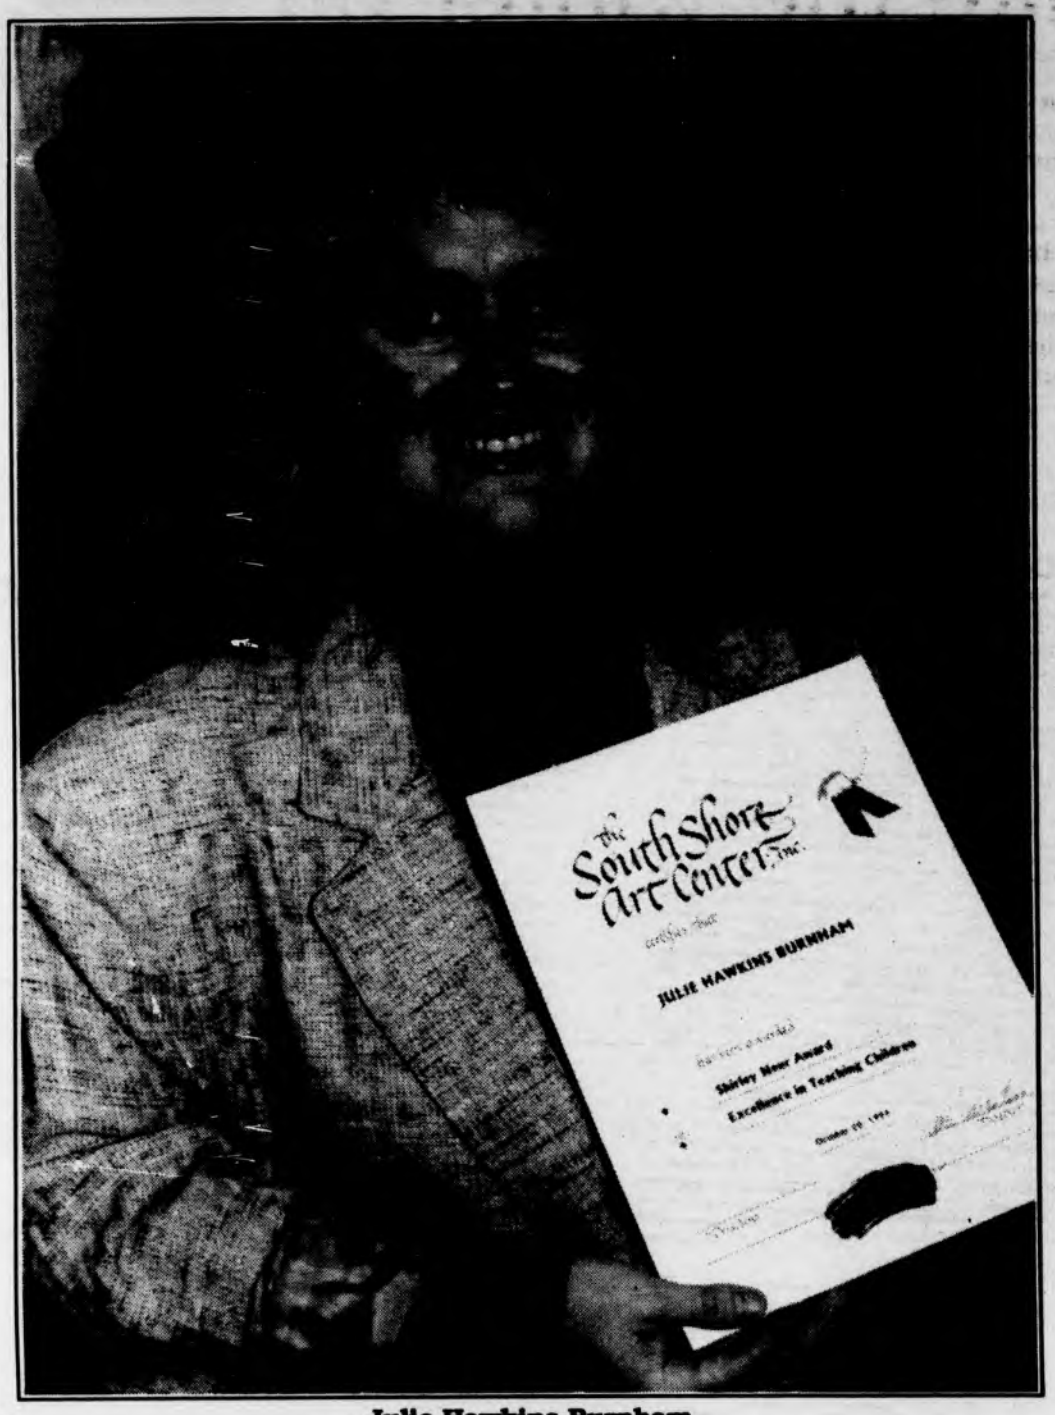
Cohasset artist honored for work with children



Julie Hawkins-Burnham

Julie Hawkins-Burnham, an artist and art teacher from Cohasset, thinks it's wonderful to be able to earn a living doing something she loves. To be professionally recognized is an unexpected benefit. Julie was named this year's Shirley F. Neer Teaching Chair for Children's Art at the South Shore Art Center.

"This award is definitely an honor because I love what I do," says Julie. "Teaching children brings me great joy, and it's a privilege to work with them."

Julie has been on the faculty of the Art Center for six years. An artist and photographer, she has shared her expertise with young artists through Video Fun, Art and Animals, Clay for Threes, Fours and Fives, Multi-Media Fun, photography classes and several workshops. She ran the Art Center's outreach educational program in New Bedford, which was funded by Polaroid, and has taught adult classes as well, including one specifically designed for adults who are developmentally disabled. Julie is also a popular request for children's birthday parties held at the Art Center.

The Shirley F. Neer Teaching Chair for Children's Art was established by the Art Center's Board of Directors, staff and the Neer family after Shirley Neer's death in 1988. Neer, a devoted teacher of children, headed the SSAC's fundraising program in 1985 for the 119 Ripley Road, Cohasset building and was President of the Board of Directors in 1987. Julie is the fourth recipient of the prestigious award.

"Children are spontaneous, uninhibited and creative," says Julie. "And they continuously make me laugh! I love their incredible stories."

Storytelling is an important part of Julie's classes. She encourages the children in each class to share stories while they create and to tell stories about their work so they will feel positive about it and build their self-esteem.

"I never judge their art," Julie explains. "Their creation is their creation. I want them to understand the process of creating to appreciate the product they create. But I also want my classes to be fun. You have to play around and experiment to be creative. "

Julie adds that the children form the curriculum. "You don't really teach children, you teach what the materials are capable of doing. The children then incorporate their own ideas and expand on your lead. I teach them the realistic approach but let them take that in whatever direction they want to go."

Many of Julie's students have followed her from grade to grade. "It's great to watch children begin to create and make friends and have fun conversations. I love to watch them grow over a semester and year to year. "

Julie and her husband, Gordon Burnham, a musician and songwriter, live in Cohasset with their cat, Yoda. When not teaching, Julie is active in photography and is currently studying printmaking with Esther Maschio. The combination has resulted in some sleepless nights, "because I'm so excited and just want to create!"

Perhaps it's something she's caught from her students.

"Children are like little bright lights that go off and on," Julie says. "They get so excited about their ideas and they talk about them and then everyone gets excited. They have taught me so much and bring me such joy. "

EQUAL HOUSING LENDER

*The low introductory discounted rate on the Home Equity Line is valid for the first six months of the loan and is offered to all new credit lines secured by single family and two family, owner occupied homes. The introductory rate and the regular rate are variable and will change if the Wall Street Journal prime rate changes. The introductory interest rate of the loan is calculated by subtracting 1.52% from the prime rate published in the Wall Street Journal on the first day of the billing cycle, thereafter the regular interest rate is calculated by adding 1.00% to the prime rate. The maximum APR is 18%. Property insurance is required. Final approval will be subject to income verification, appraisal, if necessary, and clear title. This offer is subject to change and may be withdrawn at any time.
**Please consult a tax advisor regarding possible tax deductions.

Rabies crisis won't take the winter off

(Continued from page 1)

Jackson said while officers have not been inoculated with pre-exposure vaccine, they are following a strict set of guidelines when handling the carcasses.

The dead animals are no longer tested for rabies unless they come in contact with a person or pet, Jackson said.

Testing for rabies involves decapitating the animal, disposing of the carcass, completing required paperwork and transporting the specimen to the state laboratory for testing, Mertz said.

Calls about suspicious animals should go directly to the police department at 383-1212. Cohasset had its first confirmed case of rabies last July when a rabid raccoon, which had eluded police and the animal control officer for much of the day, turned up on a resident's doorstep.

State health officials have been tracking rabies in Massachusetts since Sept. 1992 when a rabid raccoon was identified in the Fitchburg area. Since then more than 1,000 raccoons have tested positive for the disease across the Commonwealth.

Rabies is a viral disease that affects the central nervous system and spread through contact with an infected animal's saliva. The virus is most commonly reported in raccoons, bats, skunks and foxes but can infect any mammal and is fatal. The current epizootic is expected to decimate 85 percent of the raccoon population.

Residents should call Health Agent Dr. Joseph Godzik at 383-9900 with questions about state regulations for licensing and inoculating pets against rabies.

Traffic danger spots

(Continued from page 1)

Cohasset police have provided the service for free but problems arise when the officer is called away on an emergency, Noonan said.

He said that School Supt. Stephen Hart offered to provide school personnel as a back up when police are called away.

Selectmen were uncomfortable with the current set up and will ask the school committee to look into the issue of crossing guards.

Noonan said police cover the school crossings at Deer Hill and Osgood for 20 minutes in the morning and afternoon.

Deer Hill was of particular concern to Selectmen Chairman Michael Sullivan because of the way traffic comes over the hill .

"Someone needs to be there," Sullivan said.

Selectman Peter Pratt noted that crossing guards are a "costly item" and suggested the school department look into other options.

Noonan said one crossing guard might be able to cover both schools which are dismissed at different times.

Another traffic trouble spot in town is the exit/entrance to the post office. Noonan said a stop sign would be installed at the exit of the lot. He said the painting contractor would not be back until the spring. At that time, there would be a "large white stop line painted across the exit driveway," he said.

The issue came before selectmen several weeks ago following a letter from a concerned resident who noted that children view the post office entrance/exit area as a sidewalk and drivers see it as a driveway.

Douglas H. Philipsen, President and C.E.O. with Smart Service Award Winners

Town, union get off to a bad start

(Continued from page 1)

"This violated the contract agreement," she said, adding "we've had nothing but grief from the selectmen and the executive secretary since the contract was negotiated."

Oteri-Puffer and other clerical workers organized in December 1990 and went four years without a raise while trying to negotiate a contract.

Article 16 in the contract lists 11 holidays including Thanksgiving. By asking the employees to work make-up hours, the town violated the agreement, she said.

At October's special town meeting, residents voted to appropriate $47,666 to pay for the 18 union worker's salary increases, but Oteri-Puffer said the employees could have earned annual raises along with other town employees in the police, fire and library departments, had they not pushed for the union contract.

"It was the principle we would have gotten those raises but we wanted to become unionized," Oteri-Puffer said. "It cost the town more in legal fees to the consultant during the contract negotiations than the cost of paying all the employees all the retroactive pay over four years."

The agreement is retroactive and gives workers a 0, 2, 3.5 and 3.5 percent increase over the four-year period ending June 1995.

Before the contract the clerical and custodial workers at the three highest salary levels could earn up to $19,667, $21,248, and $22,929 annually.

Under the new agreement the employees will earn a maximum of $21,500, $23,221, and $25,055 per year.

Doyon said he felt that the contract was a fair one but would not comment on the relations between the town and the union except to say that a grievance had been filed by the union.

Oteri-Puffer explained that most of the contract is identical to the town by-laws which affect non-union town workers, but the new agreement stresses enforcement of the by-laws.

The difference, she said "is we now have a grievance filing procedure."

The reason for unionizing, Oteri-Puffer said, was to "seek a forum to communicate with some authority to the administration with regards to concerns and issues employees have, settle problems, and be treated with the same respect and consideration that is expected of us to them and the public."

During the negotiations, Oteri-Puffer said the union worked to get equitable and fair treatment across the board for all employees.

The primary goal of the union is to have all town job descriptions reviewed, said Oteri-Puffer, who noted that it has not been done since 1986.

"We want to work hand in hand with the department heads to be sure that employees have the proper job descriptions and meet the needs of the department," she said. "We also want to develop a good working relationship with the selectmen and the personnel board."

Break in at high school

Police are investigating a weekend burglary at Cohasset High School.

Sgt. Robert W. Jackson said about $4,000 in electrical devices were taken including VCRs, televisions, laser printers and calculators.

The theft was discovered at 9:16 a.m., Monday (Dec. 5). Jackson said police believe the burglary occurred some time late Sunday evening or early Monday morning. He would not comment on possible suspects.

Entry appeared to have been gained through a side door, Jackson said.

Driving drunk is alleged

Police arrested Pond Street resident John K. McNabb, Jr. Saturday night and charged him with operating under the influence (second or subsequent offense), failure to stay within marked lanes and failure to stop for a police officer, Police Sgt. Robert W. Jackson said. Police arrested McNabb at 11:44 p.m. Saturday. He was arraigned on the charges Monday (Dec. 6) in Quincy District Court with a further court appearance slated for Jan. 11.

REAL ESTATE UPDATE

WHERE IS THE SCRIVENER?

QUESTION: There seems to be a tremendous amount of paperwork associated with the purchase of real estate. Was it always this way?

ANSWER: In the early days, land transfer was accomplished by "livery of seizen" which literally means transfer of possesion. In the presence of witnesses, the seller would take a clod of turf and a twig from a tree and hand it over to the buyer as a symbol or token of the transfer

The transfer was then made a matter of record by having the "scrivener" (the person in the community who could write) do his thing and write out the transfer on a parchment and affix his seal.

around town

by Sallyann Chatterton

Don't forget, the Arts at Cohasset High School have two events coming up in December — December 9,10, and 11 "Guys and Dolls" will be presented to all of us. As you have previously read, the whole school will take part in the event, and they have been rehearsing forever to make it wonderful for us! Be sure to go.

Then, on Dec. 22, there will be a "Winter Choral and Instrumental Music Concert." It's sure to be grand!

Marian and **Tom Atkinson** are so excited!! **David Patrick Mavilia** is the reason! **David** and **Peg** are happy to announce David's birth, Nov. 15 at 2:40 a.m. He weighed 9 pounds 2 ounces (wow!!), and his sisters **Marianna** and **Michaela** are delighted to have a baby brother.

Naturally **Grace** and **Fred Mavilia**, David's paternal grandparents, are delighted, to say nothing of his aunts and uncles. Soon they will have to hire a banquet hall for festive occasions, David has one BIG family.

Thank heavens the Cohasset Hardware Store is just fine after its scary fire the Sunday before last, no damage at all. Sure makes you stop and think though, what would we do without **Tina** and **Ben**? How many times do we run in there for one thing or another, and they always seem to have it. Or, can order it. Tell them you are happy they are there, next time you walk in for that certain something.

Hats off to **David Woodworth** who built a box to hold the huge wrestling and gymnastic mats in for storage. Sure is nice to hear about gents that are willing to donate their time to benefit our school's and student athletes!

Wig Pierson is one happy and proud Papa these days, the reasons are **Beth** and **Morgan** who are both students at Derby Academy. Beth is in the eighth grade, and she certainly worked hard last term. The results? She made the headmaster's list, receiving 4 A's and one A+ (in history). Besides earning those fantastic grades, Beth was a field hockey captain (she won the Good Sport Award) and she was elected vice president of the Student Council.

Cassandra and Dominique Rioux visit with Santa during the Cohasset Village Fair around the Common last Saturday. The popular event in its 54th year included rummage sales, a boutique, book sales, bake sales, and more.

(Staff photo/J. Paul MacDonald).

Beth's brother, **Morgan**, also did an outstanding job last term. Morgan is in the sixth grade and he made second honors with the grades of A, A-, B+, B+, B. Great job Morgan, keep up your excellent efforts.

It's a girl! **Mr.** and **Mrs. Robert Weinstein (the former Clover O'Toole)** of Winthrop are proud to announce the birth of their daughter, **Leeanne**, Nov. 8, at the Melrose-Wakefield Hospital, Melrose. Leeanne weighed in at 7 lbs. 14 oz.

Maternal grandparents are **Nancy** and **Austin O'Toole** of Cohasset. Paternal grandparents are **Diane** and **Harry Weinstein** of Winthrop. Great grandmother is **Sally Cooperstein** of Chelsea.

We can't wait to see Leeanne the next time she comes to visit her grandparents in Cohasset!

Have you seen the Christmas Catalog

engagements

Abigail Jackson Adams and Kenneth W. Greer

Adams/Greer

Mr. and Mrs. H. William Adams, III, of Cohasset, announce, with pleasure the engagement of their daughter Abigail Jackson Adams of Cohasset, to Kenneth William Greer, son of Mr. and Mrs. James Francis Greer of Hull.

Abigail graduated from Cohasset High School and Babson College in Wellesley, and works at River Wind Farm in Pembroke.

Ken, a graduate of Hull High School and the University of Massachusetts, Amherst, is a professional baseball player.

A December wedding is planned.

obituaries

Bruce A. Duncan

Bruce A. Duncan, 62, of Cohasset, died Nov. 30 at home.

Born in Boston, he was raised in Medford where he graduated from high school before attending Boston University.

Mr. Duncan was an executive vice president for a Marshfield consulting firm.

He served with the Army in Germany during the Korean War and was a member of the George Mealy Post of the American Legion in Cohasset.

Mr. Duncan was the husband of Claudelle L. (Brooks) Duncan. He leaves a son, Bruce F. Duncan of Florida; three daughters, Candy Stafford and Julie Hollyson, both of Florida, and Kimberly R. Sears of Maryland; four brothers, Fred Duncan of Centerville and Naples, Fla., William Duncan of Needham, Thomas Duncan of Andover and Charles Duncan of Boston; a sister, Ann Melanson of Wellesley and six grandchildren.

A memorial service was held on December 4. Burial was in Oak Grove Cemetery, Medford.

Donations may be made to the A.L.S. Association (Lou Gehrig's Disease), 7 Lincoln St., Wakefield 01880.

around town

(Continued from page 8)

that is put out by **Orvis** yet? Isn't the cover great?! The blue overall with fishing gear as a pattern was designed by **Karen Golden** for E-I-E-I-O children's clothing. Once again we see how talented Karen is, and how super her clothing line is. Karen is the daughter of **Doris** and **Jack Golden**.

❑

Don't forget to circle Sunday, Dec. 18, on your date book!! That's the day of the holiday open house at the Lightkeepers' on Government Island. There will be Christmas caroling, holiday music, cider, hot cocoa, coffee, homemade holiday cookies and lots of friendship.

Everyone is welcome, and admission is non-perishable food donation for the Cohasset Food Pantry. Go, and enjoy the spirit of giving!

❑

Speaking of the **Food Pantry**, be sure to make the effort to donate to it this holiday season. Why not do as we suggested last fall? When you go to your favorite market and they offer their "buy one, get one free," deal, do it! Give the free item to the pantry. The place is so well run and used by many. It will make everyone happy, including you.

❑

Remember **Fred Suss**, one of everyone's favorites at the South Shore Music Circus? Well, Fred has moved to Maryland and he recently got married. Perhaps you met **Martha** during one of her visits here, she is a grand person and everyone loved her. Fred and Martha jetted off to Tortola Nov. 15 and the ceremony was on the 19th. Congratulations!

❑

'Tis the Season to be jolly — and to call me with your news. Been to a gala? Your kiddos doing anything newsworthy? Call me! **Sallyann, 383-0560**

editorial

Become aware

She seemed so ordinary.

Her world was Hollywood — but as we got to know her over the past decade, she came across as down-to-earth, rooted. A caring, loving wife and mother, she was not the stereotypical image of a woman married to a famous actor.

When Elizabeth Glaser, wife of Paul Michael Glaser, died Dec. 3, it was hard to believe that this strong, vibrant woman had succumbed to the stealthy killer, AIDS. The untiring campaigner to increase awareness about pediatric AIDS, which claimed the life of her daughter, Ariel, 7, had lost her personal battle.

Just a few days before Mrs. Glaser died at 47, World AIDS Day was observed Dec. 1 when people throughout the world came together to remember the millions who have lost their lives to AIDS.

It was a day set aside by the World Health Organization to increase public awareness about HIV and reinforce AIDS prevention activities.

The statistics are alarming.

In Massachusetts, AIDS is the leading cause of death of men between 25 and 44 and the leading cause of death for all Latinos and blacks.

Here are some other statistics for Massachusetts:

• 9,445 people have been diagnosed with AIDS; 58 percent of those diagnosed or 5,440 have died.

• One in 200 Massachusetts residents is infected with HIV, and six more become infected each day.

• Massachusetts has the 10th highest AIDS case load of the United States. The Boston metropolitan area ranks 11th of American cities.

• One fifth of Massachusetts AIDS cases are among people in their 20s, and the majority of these individuals were infected during adolescence.

• In Boston, 3,349 residents have been diagnosed with AIDS and 1,994 have died.

Nationally, according to the Centers for Disease Control and Prevention, 401,749 people have been diagnosed with AIDS; 243,423 have died of AIDS-related complications.

• By next year, an estimated 500,000 Americans will have been diagnosed with AIDS and 320,385 people will have died of complications.

• An estimated one million Americans — one in 250 — are infected with HIV, the virus that causes AIDS.

• Eighty percent of those infected do not know their HIV status.

• One American is newly infected with HIV every 10 minutes.

Internationally, the statistics compiled by WHO, are even scarier:

• An estimated four million AIDS cases in 1994 will rise to 20 million by the year 2000.

• More than 17 million already are infected, and by the year 2000, 30 million to 40 million will be infected with HIV.

Of the three million adults worldwide newly infected with HIV during the past year, half are women.

• Well over 90 percent of adults newly infected with HIV acquired their infection through heterosexual sex.

• By the year 2000, 13 million women will have been infected with HIV and four million of them will have died.

It was only 10 years ago when HIV was identified. Since then, four drugs have been approved that attack the AIDS virus directly; 20 others have been approved to battle the opportunistic infections that occur when the HIV virus weakens the body's immune system.

More than 100 other medicines and vaccines are in the pipeline, either being tested in people or awaiting the Food and Drug Administration's final review.

Before blood screening procedures were used, Mrs. Glaser contracted HIV through a blood transfusion in 1981. She unknowingly passed the virus on to both her children.

There is no cure for AIDS. But today HIV infection is 100 percent preventable.

If you have shared hypodermic needles or had unprotected sex since 1978, it is possible to be infected with HIV. If you think your behavior has put you at risk for HIV and would like to talk about getting tested, call the state-wide toll-free AIDS action hotline at 1-800-235-2331 for more information. AIDS is not a matter of lifestyle, it's a matter of life and death.

We are grateful to Mrs. Glaser who rose above personal tragedy by deciding to use the remaining time she had to help educate us about AIDS.

Her courage was extraordinary.

Thanks for Jingle Bell Walk support

letters

To the Editor:

The South Shore Community Center's first Jingle Bell Walk was a huge success. There were more than 500 people in attendance for this event and it turned out to be a good time had by all.

We would like to give a special thanks to the following people who helped make this event a tradition for the center in years to come: Santa and Mrs. Claus and their helpful Elves (the Brennock family); Anna Abbuzzee and Anne Whelan and friends, for the tree lights along North Main Street; Bryan Marks for the sing-a-long; Cohasset News and Carousel Antiques for the extra services they provided to us; to all the merchants for their donations for this project; and of course all the volunteers for their extra helping hands.

Many thanks again, and we extend our holiday wishes to all.

— The South Shore Community Center

Pie sale fund-raiser a success

To the Editor:

More than 200 Thanksgiving pies and 67 loaves of cranberry bread and datenut bread were baked and sold by the Appalachia Service Project volunteers.

This is a major fundraising project for this annual Cohasset community effort which brings more than 50 youths to Southern regions for home repair projects. Teens donated the pie ingredients and baked and sold the pies under adult supervision.

Last year 175 pies were ordered and delivered, while this year 209 pies were baked.

Pecan pies saw the biggest increase, with 64 pies being ordered this year, compared with 38 pecan pies last year.

Apple pies remain the favorite, with 90 this year, compared with 80 last year. Pumpkin pie is holding steady, with an average of 56 pies each year. Breads were new this year and were very popular. ASP thanks all who helped make the pie sale so successful.

— ASP volunteers

Knitted hats donated to shelter

Thanks to the efforts of volunteer knitters, Ginger Ferenz dropped off 102 hand-knitted hats to the New England Shelter for Homeless Veterans. This volunteer-effort began during the summer months and a special thanks is due these women who not only spent their spare time knitting these hats, but also donated clothing, men's toiletries, shoes, and bedding to the shelter. Mr. Lemieux, manager of Woolworth's in Cohasset should also receive a special thanks for donating the yarn for these hats. The volunteers who gave of their time, and in many cases their own yarn are JoAnne Boyne, Marjorie Davidson of Weymouth, Mary Donovan, Barbara Elliott, Tamsin Elliott, Ginger Ferenz, Ro Fitzpatrick, Alice Hall, Kitty Howe, Jean Hoyler, Jean Higgins, Betty Hunt, Billi Jo Joseph, Phyllis Kelly, Jean McAuliffe, Mary McElroy, Nancy at Harbor Travel and Barbara Zani of Plymouth.

Ginger tells us that the shelter is having a Christmas program for the 250-300 veterans who are residents at the Shelter. This is the only time of the year the Veterans receive new items, and the Shelter is running Adopt-a-Vet Program for Christmas. Each veteran makes up his own wish list and each has a box that the items are placed in when received. The wish list will vary in each instance, but will include items such as toothpaste, toiletries, gift certificates to McDonald's or Burger King, hats, mittens, gloves, articles of clothing, decks of cards or books.

Anyone wishing to Adopt-A-Vet for Christmas should call the New England Shelter for Homeless Veterans, 17 Court Street, Boston, phone 248-9400. Speak to Ellen Callander, volunteer services, and she will mail a wish list to you.

Ginger will be happy to act as a drop off point for donated articles. After anyone interested calls the Shelter for a wish list, the items can be dropped off at Ginger's home for Christmas delivery. Please call her at 383-2863 for more information.

Ginger tells us that two veterans came out to help her and her husband unload all the donated materials and when everything was loaded into a large, canvas hospital-type laundry cart, one of the men said to her, "I hope you get everything you want for Christmas."

Work behind quilt appreciated

To the Editor:

Once again, from the Flynn family, a very special thanks is in order. About this time last year, we wrote to thank the Cohasset Fire Department for their professional and compassionate response to our family's medical emergency.

Our joy this year is to be sent to the members of the Second Congregational Church in Cohasset, Dee Dee Perry, et al, on behalf of our daughter, Kate, age 10-1/2, who won the exquisite "Dresden Plate Quilt" at the raffle this past Saturday. Kate is thrilled and we share her joy — but we must thank those who spent hours putting the pieces together — started by Dorothy Barker and Elinor Kennedy.

Gail Flynn
41 Atlantic Avenue

Quilt delights Katie!

The quilt was started in the 1920s by Dorothy Barker. She and Elinor (Kennedy) were best friends as children growing up in Worcester. They played and even sewed together. Later, Dorothy gave a box of quilt pieces to Mrs. Kennedy (former Cohasset school teacher). Mrs. Kennedy never got around to finishing the quilt and finally gave the unfinished pieces to the women of Second Congregational Church.

This past February, with the help of many hands, the Dresden Plates (as the pattern is called) were appliquéed on a new muslin backing. This part of the quilt was displayed at the church's March quilt show. By June the batting and backing were sandwiched together with the quilt front and it was quilted by church member Louise Littlehale just in time for the Strawberry Festival.

As promised, the winning ticket was drawn at the end of the Village Fair held Dec. 3. Kate Flynn (ten years old) had bought just two tickets. When she received the call saying she was the winner, she was delighted to tears and arrived in minutes to claim her quilt.

All smiles is Katie Flynn, a fifth-grader at the Deer Hill School, winner of the old/new quilt raffled at the Second Congregational Church.

Bill payments approved

Monday, selectmen approved payment of $2,500 to Ernest Minello, Inc. for storm repairs to Sandy Beach and $3,505 to Town Counsel Richard A. Henderson for professional services provided to the town for November.

Board appointment made

Selectmen appointed Black Horse Lane resident Frances Andrews, an architect, to the Cohasset Commission on Disabilities this week.

Selectman Jane Goedecke said Andrews "will be a great asset to the board."

Part of the duties of the disabilities commission will be interpreting the Americans With Disabilities Act and how it affects town buildings.

There is still one vacancy on the commission, selectmen said.. Anyone interested in serving on the disabilities commission or other appointed town board should contact Executive Secretary Gregory Doyon at the selectmen's office at 383-9900.

Police officer search

Selectmen are starting to grapple with the prospect of hiring a new police officer to replace Officer Brian Cogill who recently retired.

Seven applicants are on the local preference list which selectmen requested from the state Civil Service administration. It's unclear how many will be in the final pool due Dec. 14, selectmen said.

By law, selectmen are bound to choose an applicant who is listed in the top three. If they don't, they must justify why, Executive Secretary Gregory Doyon said.

Police Chief Brian W. Noonan has asked selectmen to excuse him from the selection process. Noonan's step son is on the Civil Service list, selectmen said.

Step raise approved

Selectmen approved a step-rate increase for Police Officer Thomas O. DaSilva at their board meeting this week. Effective Jan. 1, DaSilva's salary will be $33,121 up from $32,099.

Arrest made in Allie murder

An arrest has been made in the murder of Oronde Khary Allie, a '92 CHS graduate who was a student at Morehouse College in Atlanta.

According to Atlanta Police, Jason Berry, 21, a former Morris Brown College student, turned himself in last week after being charged with Allie's murder.

Berry was also charged by police with kidnapping another student in Atlanta.

Allie, 20, was shot twice Sunday, Nov. 30 at 11:35 p.m. One shot hit him in the knee while the other lodged in his back.

Allie was pronounced dead just after midnight at a nearby hospital.

During the murder, Allie's car was stolen, according to police.

Police said Berry's fingerprints matched prints taken on both the cars driven by Allie and a female Clark Atlanta University student who was kidnapped a day after Allie's murder.

Allie was a METCO student, originally from Roxbury, who began attending Cohasset schools in first grade.

At Morehouse College, Allie majored in Computer Science and Engineering and was a chapter vice president of the N.A.A.C.P.

CHL sues town for zoning relief

Declaring the privately-owned landfill should not be included in the town's water resources district, established in 1986, owners of Cohasset Heights Landfill (CHL) will seek zoning relief in court.

In a complaint filed Nov. 29, CHL asserts that the Water Resource District overlay zone contained the the zoning bylaws unlawfully prohibits the proposed expansion of the landfill and constitutes a taking of its property without compensation. The by-law prohibits CHL from conducting landfill operations within the district.

Town counsel Richard A. Henderson explained that CHL is not seeking damages but wants the by-law to be set aside because it contends the by-law has no reasonable application as it pertains to the CHL property.

In the complaint, CHL claims the "primary motive of the town in changing the Water Resource district boundary so as to include CHL was to provide a means of limiting or halting operations, without a legitimate regulatory basis." CHL charges that the town acted in bad faith when formulating the zoning map a decade ago. CHL proposes expanding its existing landfill operations into 14.2 acres in the northwest section referred to as Area V.

Henderson explained that CHL is challenging where the zoning line was drawn.

"The thrust (of the complaint) is that the line does not belong where it is. The (town's) scientific and engineering judgement is being challenged," he said.

In a majority vote, selectmen opted to hire attorney Michael Leon, an environmental specialist who has worked for the town for years with CHL issues. However, Selectman Peter Pratt is opposed to Leon's defending the town's zoning position.

"We need another approach on legal strategy for the entire issue," he said. "When we look at the total package, the town is not where we should be. It can be argued that we would not be here if the right decisions had been made over the past decade."

All Paws benefit drawing

Winners of the more than 40 prizes donated by area merchants, crafters and artists to the third annual All Paws Rescue Benefit Drawing will be announced at Chili's, located at Queen Anne's Corner in Hingham, on Tuesday, Dec. 13, beginning at 7 p.m.

Chances are $1 each or 16 for $15. Winners do not need to be present to claim their prizes.

To purchase benefit drawing coupons or for more information, call 749-0968.

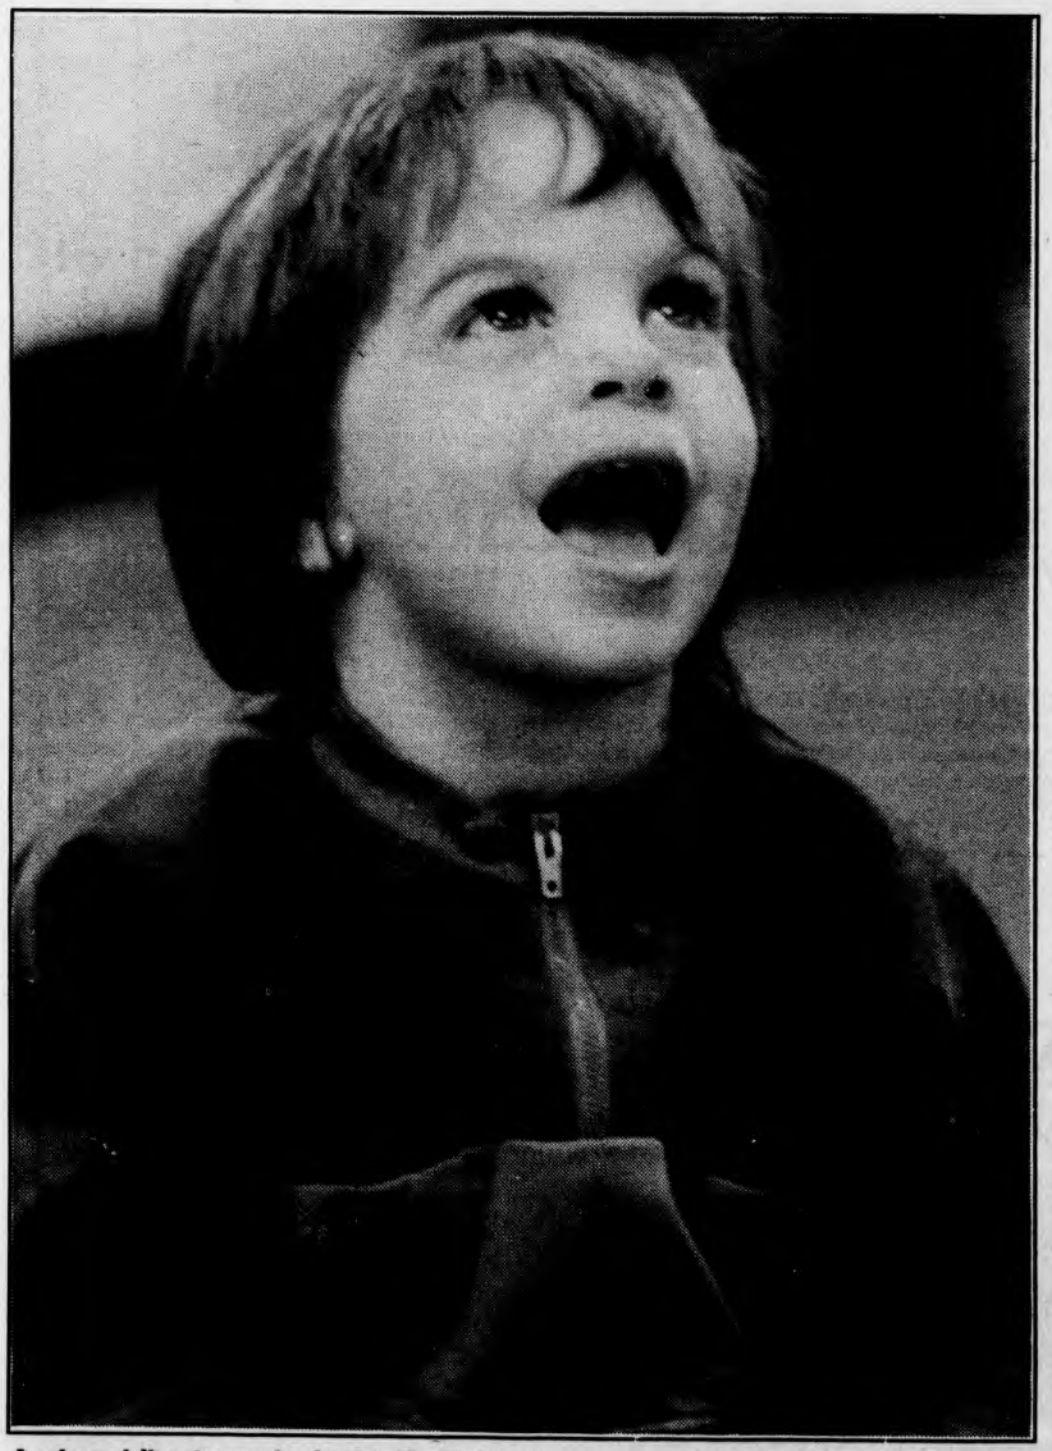
Fire Safety

at the Community Center Nursery School

Staff photos/Alan Chapman

Gail Whitehouse sits with Robby McCunney during the circle time where all important discussions with local firefighters took place.

Graham Sinclair holds his ears as the smoke alarm is tested. Last month, Cohasset firefighters visited the Nursery School at the South Shore Community Center to go over fire safety.



Andrew Liberty soaks in the firefighter's message. Firefighters talked to the children about smoke detectors, fire safety drills and meeting places, and what to do if there is smoke in a room.

Fire Capt. Bob Silvia tells T.J. Mills how to react in case of a fire. Silvia and the other firefighters took extra care to present the safety information at a level that was easy for the pre-schooler to comprehend, director Lynne Sheridan explained.

Allison Steffans, Lindsey Laprise and Alicia Asnault listen intently to Capt. Silvia. While in the classroom, one of the firefighters put on his full gear, including mask and oxygen tank for the children to see.

school notebook

Students to teach tolerance

Two Cohasset High School students, Caitlin Connolly and Ryan Sawchuk, have been trained by the National Conference of Christians and Jews, through their Green Circle program, to go into local elementary schools and teach issues of tolerance and understanding to second and third graders.

The program, which took place recently at the Horizon's For Youth Center in Sharon, focuses on giving young students the understanding and practical knowledge to make decisions about who they will choose to include and exclude from their circle of "caring and sharing."

NCCJ, a non-profit, non-sectarian human relations organization which provides educational programming around issues of prejudice, will help in the supervising of the high school youth throughout the process. Each teen will provide 12 hours of classroom training to an elementary school in their town during the school year.

Many other local high schools are involved in this project, including Norwell and Weymouth.

Academic awards at CHS

At the Academic Awards Program held at Cohasset High School Nov. 2, the following students were recognized for their outstanding academic achievement during the past school year. Those students listed as High Honors were on the High Honor roll for all four marking periods. Those listed as Honors students achieved Honor roll standing for all four marking periods.

GRADE 8

High Honors: Catherine Brister, Susana Candia, Justin Golden, Tara Hettstrom, Benjamin Littauer, R. Steven Sceery, Benjamin Smoot.

Honors: James DeMichele, Jared Ford, Ronald Nicynski, Jr., James O'Sullivan, Megan Waal.

Cohasset High School students Ryan Sawchuk of Beechwood Street and Caitlin Connolly of Lily Pond Lane have been trained by the National Conference of Christians and Jews to go into elementary schools and teach issues of tolerance and understanding.

GRADE 9

High Honors: Kathleen Buckley, Jane Flaherty, Christopher Lesniewski-Laas.

Honors: John Flanagan, Amanda Gontarz, Brooke Heilner, Elizabeth Hills, Matthew Lewis, Aaron Sawchuk, Eric Wenmark, Kathryn Whitehouse.

GRADE 10

High Honors: Kathleen Fitzsimmons, Ely Kahn, Shelley Vanderweil.

Honors: Catherine Campbell, Loni Colwill, Monique DeVoe, Taylor Devin, Erica Hettstrom, Jacqueline Hurley, Rebecca Jenkins, Karen Niessink.

GRADE 11

High Honors: Ryan Sawchuk, John Whitehouse.

Honors: Lauren DeVito, Erin Devine, Tafana Fiore, Elizabeth Good, Megan McNamara, Kaylen Medinger, Andrea Mercurio, Gina Rosano, Katie Ross.

GRADE 12

High Honors: Candice Buckley, Ann Dane, Jessica Jenkins, Corinna McMackin, Mary Ellen Rayment.

Honors: Katherine Cibelli, Tracey Connor, Thomas Greco, Caitlin Hurley, Alfred Moore, Kristin Niessink, Maria Petrakis, Jeremiah Stevenson.

Band/chorus assn. at DHS

A Band and Chorus Parents' Association is being formed at the Deer Hill School to serve as a support group to the band and chorus directors when needed, and to explore ways in which students can continue participating in musical groups at the junior and senior high schools. More than 75 parents have already joined.

At least two-thirds of the DHS students are members of the band, chorus or concert choir. A post-holiday concert party will he held for the two music groups sometime during the first week of January.

To support the spirit of the band and chorus, automobile decals may be purchased at the Deer Hill School office for $2.

Curtain rises on 'Guys & Dolls' this weekend

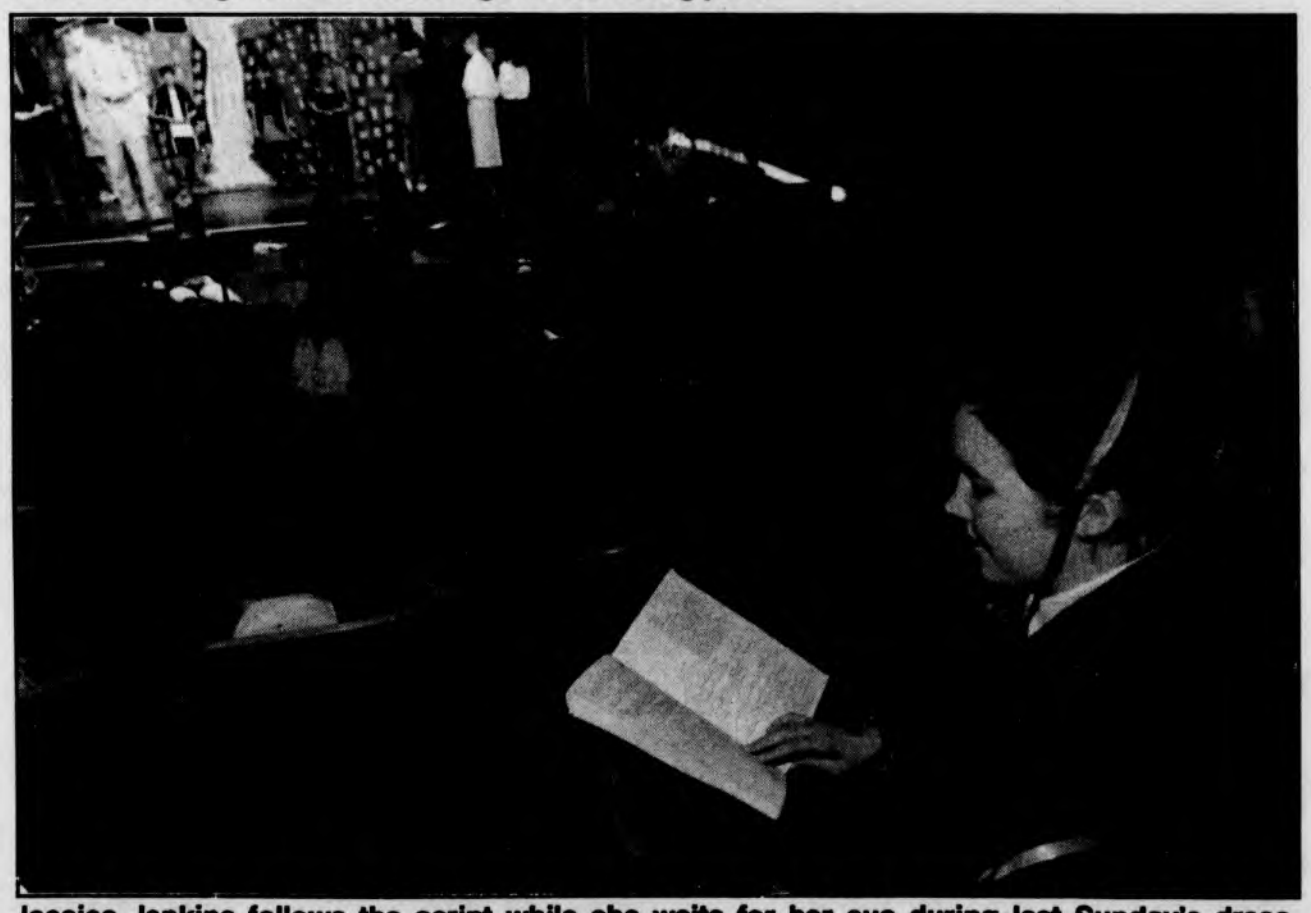
Call 383-6100 for tickets

This busy New York street scene includes some marching and preaching by the Salvation Army. Don't miss the performances at 7:30 p.m. Friday and Saturday (Dec. 9 & 10) and 2 p.m. Sunday (Dec. 11). The show is directed by Bryan Marks and Jo Ellen Wood and is choreographed by Sharon Leslie.

Staff photos/ J. Paul MacDonald

Nick Herzog plays the Blind Man in the school-wide production of Damon Runyon's "Guys & Dolls" on stage this weekend at Cohasset High School.

Bradley Potolicchio, David Christoffel, and Jamie Conroy make up this singing ensemble. About 80 students in grades seven through 12 are taking part.



Jessica Jenkins follows the script while she waits for her cue during last Sunday's dress rehearsal of the Cohasset High production of "Guys and Dolls." Tickets are $5 and are available by calling the school at 383-6100.

—Student of the month —

Jim O'Sullivan

The meaning of "school spirit" may have been re-defined by the actions of Jim O'Sullivan during Spirit Week. For those of you not familiar with this exceptional young man, he was the one dressed in the yellow, rubberized Skipper outfit on Blue and White Day. Jim led the Jr. High lunch through a rousing rendition of "YMCA" that had faculty and staff stupefied. At the pep rally, Jim almost single-handedly raised the collective cheer of the 8th grade to a first-place finish terminating three years of the Class of 1996 dominance.

Jim has always been an outstanding student, the honor roll being a second home for him. Spirit Week brought out another surprising talent in Jim and his excitement seemed to be contagious.

It is my pleasure to honor "Mr. School Spirit," Jim O'Sullivan for October Student of the Month.

The Hearing Center

Have You Heard?

by Nancy Allonen-Allie, M.S., CCC-A
Licensed-Certified Audiologist

NOISE AND THE UNBORN

Recent research indicates that there may be more fact than fantasy surrounding the notion that pregnant women who talk to their unborn children can be heard. In fact, when researchers from the University of Florida at Gainesville studied the passage of sound from outside to inside the womb, they discovered that sound sometimes registers louder inside the pregnant uterus than outside it. This may explain why children seem to be born with a familiarity with their parents' voices. It also suggests that pregnant women who are exposed to excessive noise levels may be endangering the hearing of their unborn children. Evidence already exists that children born to mothers exposed to high level industrial noise during pregnancy are more likely to experience hearing loss.

It's amazing to think that unborn children may be able to hear noises inside the womb. Hearing is important at any age, and at **THE HEARING CENTER,** we want to help you towards better hearing health. Come in and let us show you the new advances in hearing aid technology. If you know someone who wears a hearing aid, we also have a wide variety of accessories and batteries. They make great stocking stuffers for this holiday season, and they are sure to be appreciated. Please call us at **1-800-339-9316.** Our offices are conveniently located at **306 Washington St. (Rte. 53), Norwell,** and **470 Southern Artery (Rte. 3-A), Quincy.** MasterCard and Visa are accepted.

P.S. Research shows that low-frequency noises are enhanced and high-frequency noises are reduced as they enter the womb.

Gymnasts ready to band together for title run

By Joe Reardon
Mariner staff

On the wall of the gymnastics and wrestling room at Cohasset High Junior/Senior High School are two paintings. One depicts a Tasmanian Devil-like cartoon character with teeth clenched, wearing wrestling tights.

The other has a more aesthetic look to it. The painting shows a female gymnast performing a handstand on the balance beam with all the grace fans of the sport expect to see from its athletes.

As different as the two paintings are, they are a good representation of how the gymnastics team is approaching its upcoming season as defending co-champions in the South Shore League: The girls' grace in their respective events will be backed by a burning desire to put their best efforts forward when it comes time for each individual to walk out in front of the crowd of spectators and perform.

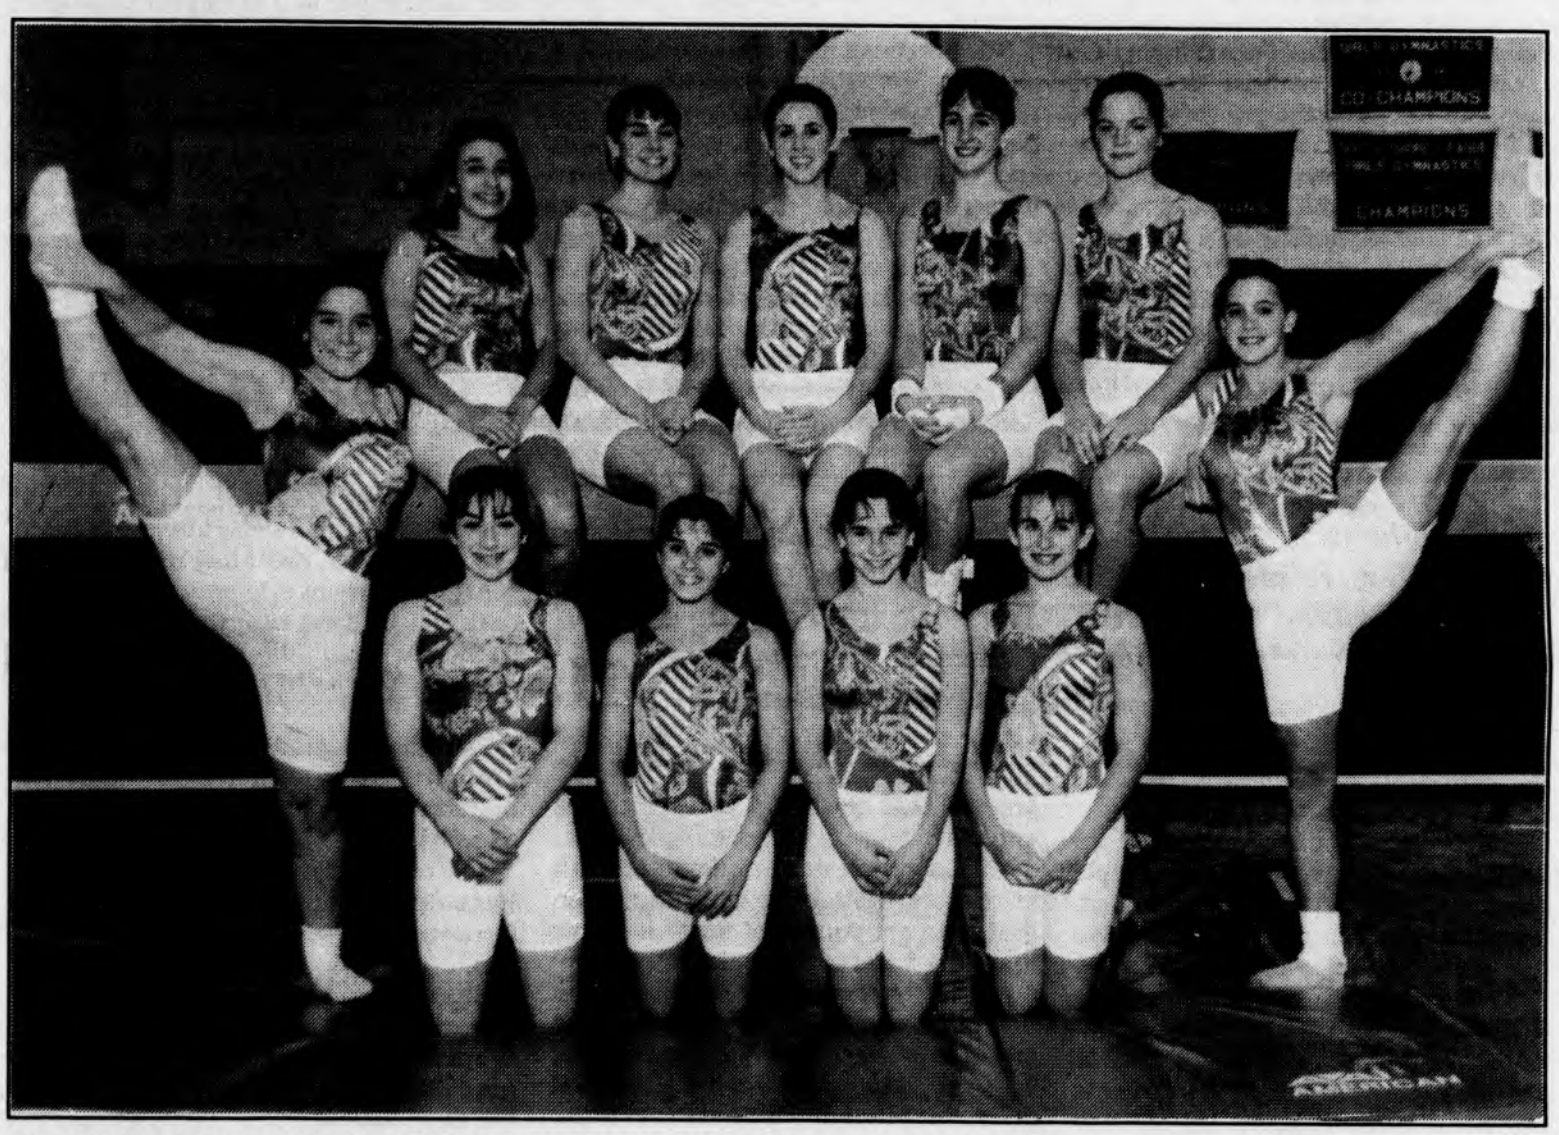
But even though each girl may be out on the floor alone during the course of the meet, they all know they have the backing of their teammates.

The Skippers' are their own biggest fans and supporters. There is a certain chemistry to the team. The girls get along well and a lot gets done at their practices under head coach Ruthann Ardizzoni.

With the strength they draw from one another and Ardizzoni, the girls are confident their top routines can give them the SSL outright this season.

"We all want to work together and go as far as we can because there's a lot of talent on this team," said junior captain Tafana Fiore. "We try to focus not so much on the individual but on the team.

(See page 20)



The Cohasset Junior/Senior High gymnastics team is primed and ready for a run at the South Shore League title it share last year with Scituate. Team members are front, left to right: Kerry Dwyer, Megan Pratt, Carolyn Pratt and Tara Hettstrom. Back: Tafana Fiore, Caroline DeRose, Erica Hettstrom, Kristen Reynolds, Jodi Colwill, Maggie Goedecke and Lauren Genovese.

(Staff photo/Alan Chapman)

Carroll named girls soccer team's MVP

By Joe Reardon
Mariner staff

Chalk up the 1994 girls soccer season as a learning experience for head coach Maureen O'Day-Clark.

Also add the fact the Skippers qualified for the Division 3 South Sectionals with an impressive 10-5-1 record (11-6-1 overall) in the always-tough South Shore League *and* defeated long-time nemesis Abington in the opening round.

Put them all together and what do you come up with? A much-deserved reason to celebrate the fall season and a slew of awards presented to the athletes who made the successful autumn possible.

Topping the list of award winners at the team's Nov. 20 banquet at the community center was All-Star Katie Carroll. The scrappy forward was selected by her teammates as Cohasset's Most Valuable Player. She finished the season with seven goals and six assists, good for 13 points.

In the only category picked by O'Day-Clark, senior forward Megan Rhodes received the Coaches Award after battling several injuries during the season.

With the lineup O'Day-Clark had to put on the field, she admits it wasn't the easiest of decisions to make.

"It was a tough call," she said. "You sit at home thinking who did what."

Erin Murphy, another league All-Star, was picked as the team's Best Offensive Player and Corinna Mackin won the Best Defensive Player Award. Tammy Maitland was the only double winner, copping the 110-percent award and sharing the Unsung Hero Award with Tracey Connor.

Tenth-grader Andrea Grew, one of the Skippers' players on the rise, was chosen Cohasset's Rookie of the Year.

O'Day-Clark will be losing five players to graduation and expects the team will have to work all the harder to reach the postseason again. But she is optimistic the squad she has coming back is capable of playing beyond its SSL schedule.

The question is just how long do they plan to stick around in the tournament. The answer, O'Day-Clark said, lies squarely with them.

"I can only teach them so much," she said. "The rest is up to how far they want to go."

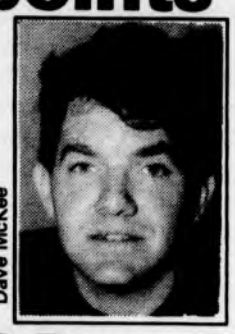
O'Day-Clark hardly plans to go into hibernation now that winter is just around the corner. While the soccer fields turn rock hard because of the cold weather, she'll be doing her part in putting the most prepared team on the field as she possibly can, come next fall. O'Day-Clark plans to take a series of coaching classes over the winter to add to her already vast knowledge of the game.

As for coaching in Cohasset, O'Day-Clark said she'd be hard pressed to find a better school to oversee a high school soccer team.

"The people of Cohasset High School were extremely warm and helpful," she said, adding that athletic director Clark Chatterton and assistant principal Jack DeLorenzo were especially supportive.

extra points

Joe Reardon



Dave McKee

by Joe & Dave

It looks like the Massachusetts Interscholastic Athletic Association is starting to come around.

On November, 17, the MIAA's Board of Directors passed legislation to penalize taunting at all high school sports contests.

The new rules, which go into effect immediately, apply to players, coaches and fans. From now on, any loudmouths on or off the court can be removed from the game and suspended. And if a player is suspended from a game for taunting, he is automatically suspended for an additional game as well under the new rules.

The MIAA directive on taunting states: "Taunting includes any actions or comments by coaches, players or spectators which are intended to bait, anger, embarrass or demean others, whether or not the deeds or words are vulgar or racist. Included is conduct that berates, needles, intimidates or threatens based on race, gender, ethnic origin or background, and conduct that attacks religious beliefs, size, economic status, speech, family, special needs or personal matters. Examples of taunting include but are not limited to: 'trash talk', defined as verbal communication of a personal nature directed by a competitor to an opponent by ridiculing his/her skills, efforts, sexual orientation or lack of success, which is likely to provoke an altercation or physical response; and physical intimidation outside the spirit of the game, including 'in the face' confrontation by one player to another and standing over/straddling a tackled or fallen player."

As for the penalties involved, the MIAA says: "In all sports, officials are to consider taunting a flagrant unsportsmanlike foul that disqualifies the offending bench personnel or contestant from that contest/day of competition. In addition, the offender shall be subject to existing MIAA expulsion rules. A warning shall be given to both teams by game officials prior to the contest. At all MIAA contest sites and tournament venues, appropriate management may give spectators one warning for taunting. Thereafter, spectators who taunt players, coaches, game officials, or others spectators are subject to ejection. All MIAA endorsed rule books give officials/umpires/ judges authority to penalize what is generally considered taunting. The purpose of the MIAA's action is to be more specific in the definition, more emphatic in the penalty of disqualification and more uniform in the application of the definition and enforcement from sport to sport."

Marshfield High athletic director Ed Miller praised the MIAA's actions. Last year, Marshfield High won the Atlantic Coast League's Overall Sportsmanship Award.

"I think the MIAA has to start somewhere and this is a good rule," Miller said. "This is something that is needed and I'm hopeful the referees will enforce the rule without any hesitation. We don't need some guy yelling during a game. It

(See page 21)

Mariner Sports

Gymnasts ready to band together for title run

(Continued from page 19)

"I really think we can do well this year if can take each meet one at a time."

Cohasset is coming off a storybook season where it finished atop the SSL standings with Scituate for the first time since 1982. And for the first time in the gymnastic program's history, the Skippers qualified for the South Sectional meet as a team.

Ardizzoni, who has coached several of the girls since they were as young as 5-years-old, said she was as surprised as anyone that the Skippers defeated Scituate in their first meeting last season.

From that point on, Ardizzoni believes first place was a scary position for the girls to be in, particularly when they had to go up against Scituate a second time.

"It was unexpected they'd beat Scituate the second time," she explained. "They lost the meet when they walked in the door. The pressure killed them last year. I mean, I didn't think we'd be as good as we were."

Ardizzoni wouldn't be half as surprised if Cohasset repeated, particularly with the work the girls have behind them. The team also added a new aspect to their training: Conditioning.

Sit-ups, pushups, leg lifts and flexibility exercises have been implemented into the gymnasts' training schedules and it shows. Although the girls are all slim, their arms, shoulders and legs look as though they have been sculptured. The exercises give the girls that extra edge that can make the difference in a sport where hundredths of a point can separate first from second.

"They seem to be a lot more disciplined than last year," Ardizzoni said. "They're asking at the the end of the night if they can do the conditioning."

Ardizzoni wants the team to get off to a quick start when it opens its season against Norwell on Dec. 13.

She has heard bits and pieces of how good many of the other teams are this season and actually hopes the Skippers face stiff competition. Last year the gymnasts had the tendency to perform near the level of their competitors, making supposedly easier meets closer than they should have been.

"I'm happy there's going to be a lot of talent because it'll help them work that much harder," she said.

Ardizzoni wants the other squads to see how prepared Cohasset is right from the start.

"I want the girls to walk out and for the other team to see how good and how ready they are at the beginning of the season," Ardizzoni said. "I'm real excited about the season. I just hope they can go out and have fun without letting any pressure get to them."

Ardizzoni has instilled in them the importance working as a team. Strong individual performances are crucial, but they are merely building blocks in the overall team score.

And to Ardizzoni, a team is exactly that. Every one of the 11 girls is treated the same. There is no special treatment for any of the gymnasts, no matter what level they're at.

"We all want to work together and go as far as we can because there's a lot of talent on this team. We try to focus not so much on the individual but on the team. I really think we can do well this year if can take each meet one at a time."

— captain Tafana Fiore

Respect for teammates and the competition is also instilled in the girls. Even though they go to different schools, the girls are all striving for the same goals and work as hard to achieve them. They share more similarities than differences.

Individual improvement is emphasized, but it is all for the good of the team as far as Ardizzoni is concerned. She looks at medals and All-Star selections more as "added bonuses" than the bottom-line goal of winning as a team.

The girls have more than accepted the philosophy, they've embraced it.

"We have a lot of spirit," said sophomore Jodi Colwill, who took home medals in the beams, bar and vault last season and was selected as an All-Star in the beam event.

"I want the girls to walk out and for the other team to see how good and how ready they are at the beginning of the season. I'm real excited about the season. I just hope they can go out and have fun without letting any pressure get to them."

— head coach Ruthann Ardizzoni

"It helps when you go out to do an event and you have so many people pulling for you. We're all pretty excited. The girls have improved so much. We have eight girls who are good in every event. It's really a good lineup.

"The whole outlook is really good," Colwill continued. "I do think we can carry on as champions. It's our friends supporting us and it's our friends who get you through a routine."

Much of the girls' confidence is bolstered by Ardizzoni, who coaches year-round at the Cohasset Community Center.

Nearly the entire team spent the spring, summer and winter working out at the community center. They see it as an invaluable advantage in getting ready for the high school season and getting a leg up on their competitors throughout the league.

Through the practices, the girls became that much more firmly rooted as a team. And the competition is so fierce, working out in the offseason is imperative.

"You really can't take time off," said Megan Pratt, a league All-Star on the floor exercise and all-league in both the floor and bars. "We're really fortunate we can go to the community center. That helps us a lot.

"None of us were rusty coming into the gym. We were all prepared.

Eighth-grader Tara Hettstrom, who began gymnastics at the ripe old age of 6, said the summer practices are hardly a burden.

"We practiced as a team and it was a lot of fun," Hettstrom said. "Now that the season is here, we're practicing a lot harder. We all give each other support and that really helps a lot. It makes things easier when you focus together as a team."

Hettstrom said the team aspect of gymnastics is difficult for many people to understand. Unlike basketball or baseball, each individual gymnast is at the center of attention because she is on the floor alone. It is only through the scoring process that the team picture comes into play.

"A lot of people don't understand it's a team sport," Hettstrom said. "Your main goal is to get your best score because that goes into the team score."

For Hettstrom, the confidence and discipline she gains through working on, and perfecting a difficult routine, crosses over into every day life. Hettstrom finds that executing a dismount off the balance beam an excellent way to put life's little stresses in perspective.

"I think to myself 'If I can get up in front of all these people and do a gymnastics routine, I can get up in front of the class and do a presentation,'" Hettstrom explained. "You can't be afraid. You have to push away any fear. If you don't, you'll never improve."

Sophomore Erica Hettstrom, Tara's older sister, has seen the improvement the team has made over the past year and she believes the combined effort of all her teammates should put the Skippers on top by the end of the season.

Hettstrom had a phenomenal season last year. She won the league all-around title and was selected to the All-Star team in the all-around.

Yet when it came to talking about the prospect for a successful winter in the gym, Hettstrom focused her comments on the team and how important it is for the Skippers to maintain their focus.

"If everyone does their best routine on the same night we can repeat as champions," she said. "I'm really excited because a lot of girls have improved from last year and I believe we can do it again. For us to win we need everyone to come together and compete as a team."

Hettstrom said there was no question the girls were ready to do what it takes to win the title without having to share it with another team.

"I think everyone has the drive to be champions and that will give them the desire to put forth the best effort they can," Hettstrom said.

More importantly, none of the girls appeared to feel a great amount of pressure to repeat. For them, it is a matter of working hard, concentrating and then executing when meet day rolls around.

Ardizzoni demands only that they do their routines the best they can on that particular night. It's all that she can really ask from them in the athletic sense.

"Ruthann's good about not putting pressure on us," Hettstrom said. "No matter what the outcome is, she's proud of us as long as we try hard."

Ardizzoni expects freshman Kristen Reynolds and eighth-grader Lauren Genovese will see more action this season.

She still has a deep team with vaulter Maggie Goedecke, Carolyn Pratt, Caroline DeRose and Kerry Dwyer waiting in the wings, ready to step in when the time comes.

Ardizzoni said she has no reservations about using any girls on the squad. "There has been great improvement from all these girls," she said. "If one of those girls had to slide into the all-around position, they'd be greatly needed. They work just as hard as everyone else."

Allen named football MVP

The Cohasset Gridiron Club held its Annual Awards Banquet honoring the Cohasset High School Varsity Football team Sunday, Dec. 4, at Kimball's By The Sea.

More than 150 players, cheerleaders, coaches, parents and guests were in attendance to recognize the achievements of our 1994 varsity football team.

Head coach Ted MacDermott and assistant coach John Silvia presented the 1994 awards to the following varsity players for their outstanding performance throughout the season:

Most Outstanding Offensive Player — Thomas Allen

Most Outstanding Defensive Player — Jerome Marion

Most Outstanding Lineman — Nick Welz

Most Improved — Anthony Wigmore

Unsung Hero — Brian Sasso

Most Valuable Player — Thomas Allen

Coaches Award — Brian Riley

MVP Thanksgiving Day Game — Dorian Bryant

The co-captains were announced for the 1995 football team: Brian Sasso, Larry Adams and Brian Riley.

1994 Team co-Captains Nick Welz, Thomas Allen, and Dorian Bryant each addressed the audience and extended thank you's to the coaches and players for their support, dedication and understanding throughout the season. Each captain stated how important a role football played in their high school years and advised the younger players to commit to enjoying football as much as they did at C.H.S.

The evening highlighted a successful varsity football season in Cohasset thanks to the efforts and support of our school administrators, parents and the entire town. It was a total team effort which enabled each player to develop their skills and work together to become a team.

Congratulations to the 1994 varsity football team, the freshman team, and the coaches.

Hockey Jamboree kicks off Cohasset's season

The Pilgrim Skating Arena in Hingham kicks off the '94-'95 hockey season with the high school jamboree starting at 5 p.m. on Saturday, Dec. 10.

Sixteen high schools, including Cohasset, will be represented in this showcase event.

All teams play abbreviated games of two periods.

The schedule is:

Rink C

5 p.m.- Marshfield vs. Hull

6:10 p.m.- Abington vs. Duxbury

7:20 p.m.- W-H vs. B-R

8:30 p.m.- Scituate vs. Norwell

Rink A

5:20 p.m.- Weymouth vs. Braintree

6:30 p.m.- Silver Lake vs. Hingham

7:40 p.m.- Cohasset vs. Rockland

8:50 p.m.- South Boston vs. Randolph

Admission is $3. For more information call Hoby Taylor at 617-749-6660.

really takes away from the kids and what the games are all about."

Earlier this fall, a Newton North High School parent charged onto the field to attack a player who appeared to foul his son. The parent was taken from the field by police and a lawsuit is pending.

"I think the guy running on the field in Newton and attacking a player was the frosting on the cake," Miller said. "An MIAA spotter was at that game and I think that got the ball rolling for this."

However, Miller said sportsmanship should not just rely on the MIAA. He said coaches, players, parents and athletic directors should be dedicated to fair play on their own.

"Sportsmanship is very important at our school and in our league," Miller said. "The ACL has a sub-committee that is dedicated to this and we will be meeting very soon to go over what is in place and see if there are any changes needed. We are trying to set an example of fair play in sports that is really needed today."

During the recent state soccer tournament, many Hanover High soccer fans were displeased by some of the comments they heard during a game against Sacred Heart in the Division III Girls' South Final. Several loudmouths ruined a very important game with their leather-lunged ways.

In addition, there are many athletes out there in high school land who think they are the Shaq or Scottie Pippen and talk trash to their opponents during the game. This mentality does not belong in athletics. Do the best you can to win and have some respect for those you are competing against.

The MIAA has taken a positive step to clean up high school sports. Let's hope this is the first of many.

—David McKee

*****

Bill Parcells reared back and gave a Rhode Island reporter an angry tongue lashing following the Patriots' victory on Sunday after what he believed to be a "dumb-ass question" regarding whether or not Parcells out-coached the Jets' staff, according to Monday's edition of the Boston Herald.

At the Mariner, it's the coaches who are the easiest to deal with and are the most cooperative. Most of the complaints come from the parents of high school and youth players. The majority of them are harmless questions. The most frequent is why a certain youth league write-up didn't appear in the latest issue. However, once I explain there wasn't enough room and it will appear the following week, life is good again.

Every now and then there is that parent who, no matter how hard you try to explain a situation, hears only what he or she wants to. They're not nearly as interested as to what you have to say, but rather hearing themselves speak.

And it's very rare that these parents identify themselves. I'll gladly spend the time on the phone listening to a caller who has the guts to identify him or herself more than I will the anonymous coward any day. I may not always agree with their side of the disagreement, but I respect the fact they at least let me know who I'm talking with.

As for anonymous letters:, it mystifies me as to why someone would not sign a letter he or she took the time to write in the first place.

I'd love to argue that point with some of our mystery writers...if I knew who they were.

—Joe Reardon

*****

By the time you read this column winter-like temperatures, maybe even snow, might already be upon us. But the weather we've had the last few days has made winter all that much shorter.

Last year at this time we were in the midst of a deep freeze that never really broke until March.

The mild weather has been especially beneficial for those athletes who work on perfecting their craft outdoors. Bicyclists, runners, rollerbladers and walkers have all been able to squeeze in an extra few weeks of outdoor activity before the first snow.

We all know it's during the winter when we put on the most weight. You're more likely to help yourself to that second piece of cheese cake over the holidays when you have an oversized sweater that makes you look thinner than you really are.

If you must exercise outdoors during the winter, try to get it in during daylight hours. Tests have shown athletes respond better to working out during the day in the winter, rather than the dark and cold of night.

Those whose jobs make it impossible to exercise during the day should decide whether they prefer morning or evening exercise. Either way, you're going to experience some amount of darkness.

Getting up in the morning takes a lot more effort. If you do exercise in the morning it is crucial to do plenty of easy stretching and start off your workout slower than usual.

With your morning exercise out of the way, you don't have to worry about squeezing it in later in the day when job, family and social demands are more pressing.

It just may be worth it to turn "NYPD Blue" off half an hour earlier.

—J.R.

*****

Several youth leagues are gearing up for the basketball and hockey seasons after what has been a successful fall campaign in football and soccer in many towns.

The sports department at the Mariner appreciates the time and effort put in by both the players, coaches, directors and parents. If there is some misunderstanding that we play favorites with certain teams because their write-ups appear on a regular basis is not true.

The articles published between the sports pages are those written up by coaches and parents who follow the teams' progress throughout the season. Any parent, player or coach is welcome to send in updates on their team's progress throughout the season. They can be on a weekly basis or whenever you get the urge to do some writing.

The young kids, and the parents alike, get a kick out of seeing their names in the paper after a particularly good game. Your articles can be a nice addition to their childhood scrapbooks.

Winter vacation basketball shooting clinic

The Cohasset Recreation Department is currently accepting registration applications for a basketball shooting clinic for girls and boys.

Head Cohasset basketball coaches, Mr. Ron Ford and Ms. Cori Hughes, will co-direct this unique three-day clinic to be held Tuesday, Dec. 27 through Thursday, Dec. 29.

Shooting clinic will be held at the Sullivan Gym, CHS, from 9 a.m. to noon, and the per capita fee is $50 for the three-day program, designed to help younger players develop correct fundamentals involved with shooting the basketball. Students will receive individual instruction, attend lectures and participate in shooting competitions.

To register, please complete forms available at the Cohasset Recreation Department office, first floor in the Cohasset Town Hall, prior to Dec. 19.

Afterschool recreation winter session (ages 4 through sixth grade) with Ms. Georgina Butman for seven week winter session details forthcoming during early January, 1995. Various age-appropriate programs meeting at Deer Hill School, 3:30 to 5:30 p.m. week of January 23 through March 17, 1995. Please watch local news media.

Please call Cohasset Recreation at 383-6791 for these and other services.

Skating lessons on ice

The Pilgrim Skating Arena, 75 Recreation Park Drive, Hingham, offers learn-to-skate lessons from 3:30 to 4:30 p.m., Mondays (starting Dec. 19). Registration fee is $12. Lessons are $5 per week. Call (617) 749-6660 for more information.

Be an Energizer on skates!

Join the Energizer *aerobic* figure skating classes at the Pilgrim Skating Arena in Hingham. Now offered twice weekly from 8 to 9 p.m. Sundays and Thursdays. You'll love the workout. Call 749-6660 for information.

Judo course on tap

Judo class wil be held Saturday, Dec. 10, 10:30 to 11:30 a.m. for 10 weeks. The cost is $30 for age 10 and over. Judo training gives a person an effective self-defense system if the need arises. Regular training can improve an individual's aerobic capacity, speed, power, strength, agility and flexibility.

Baseball week camp

The South Shore Baseball Club will conduct an indoor Christmas Week Baseball Camp, December 27, 28, 29 and 30, for youngsters 8 to 18 years of age at the club's indoor facility located at 100 Recreation Road in Hingham, according to SSBC Director Frank Niles of Weymouth.

The four-day camp will feature instruction on defense, throwing, and hitting and will include videotape analysis of all hitters. Instruction will be given in two age groups with youngsters 8 to 12 years of age from 10 a.m. to noon, and teenagers 13 to 18 years of age from noon to 2 p.m.

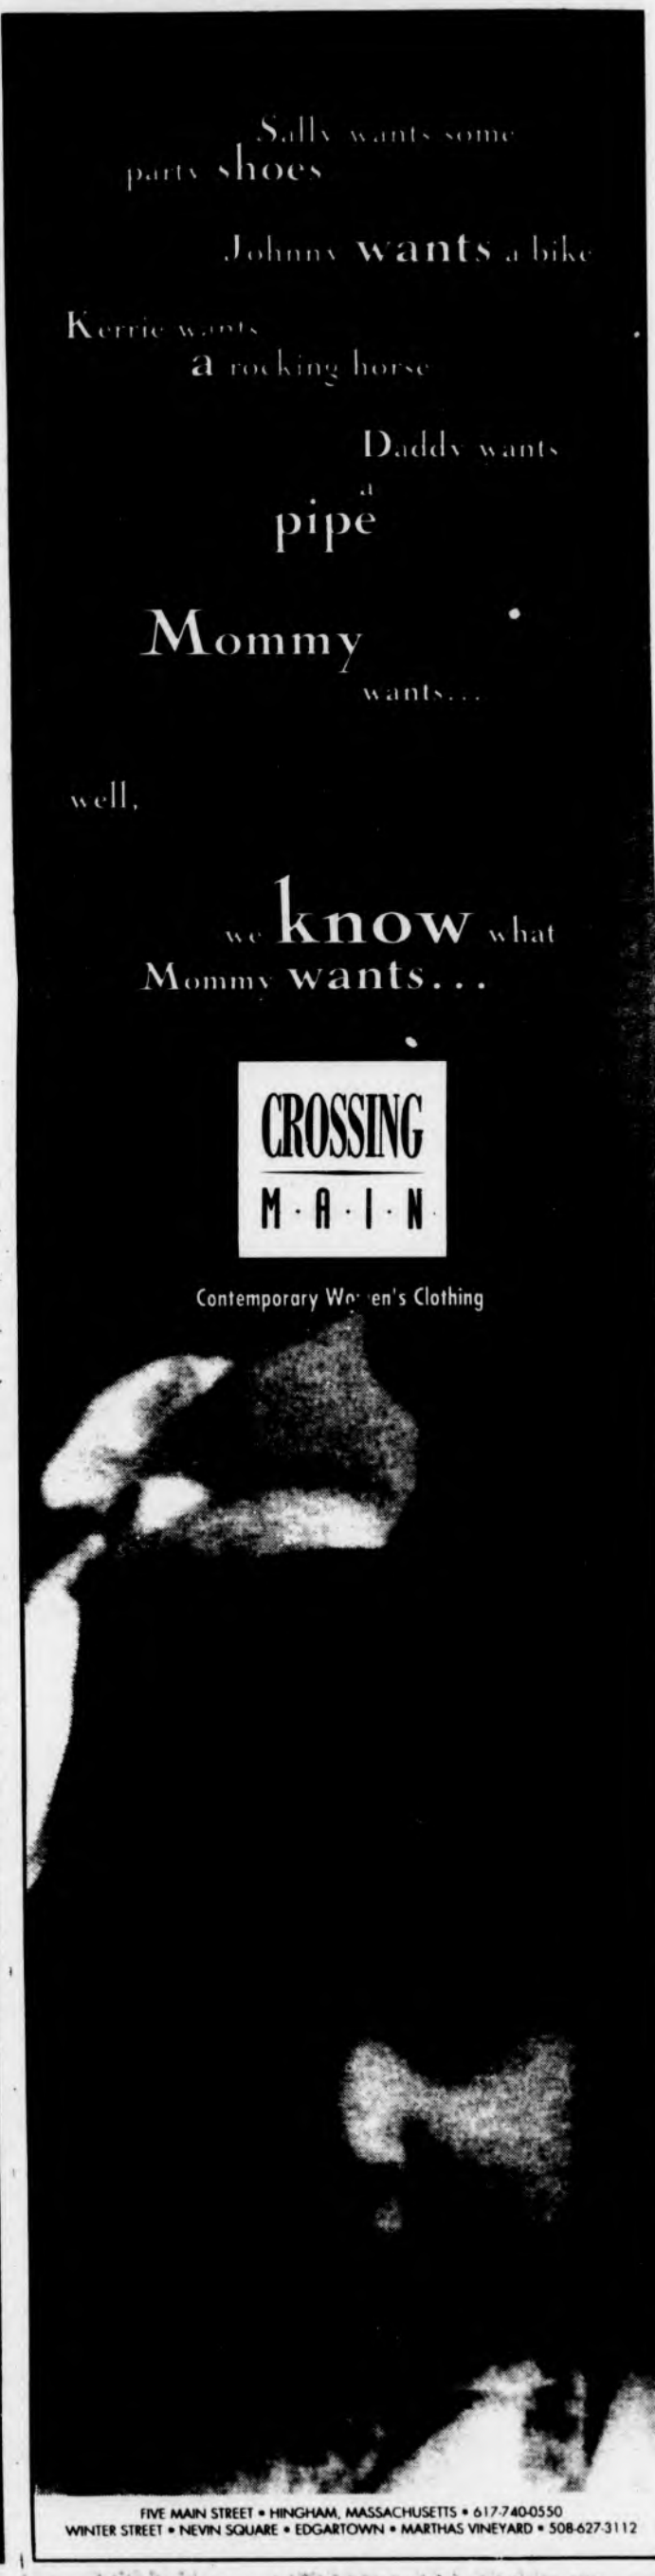
Niles, a former coach at Boston College, Northeastern, and Suffolk U. and a Division I "Coach of the Year" at Weymouth South High, heads the staff of instructors for this camp. He will be joined by Rick Delvecchio of Braintree, a former standout on UConn's 1990 Big East Championship team and a three-year District All Star at Northwest Oklahoma State University in 1991, 1992, and 1993.

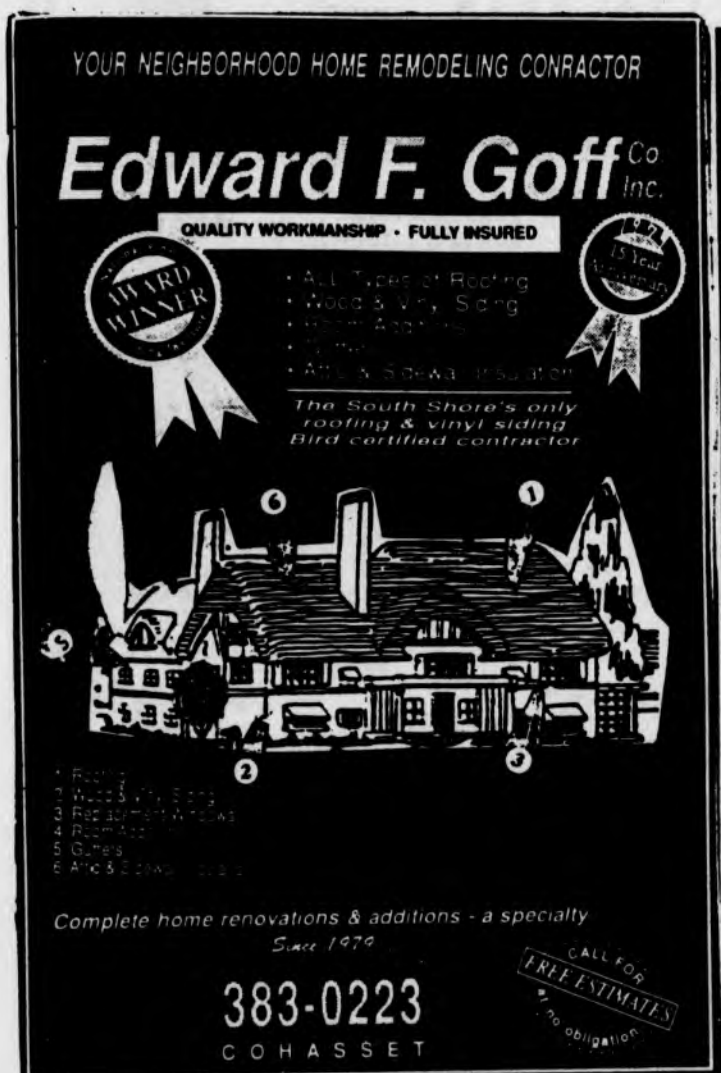
Other instructors for this camp will include Chicago Cubs scout Don Cahoon of Braintree, Hull's Ken Greer who is currently a pitcher in the New York Mets organization, and Paul Rappoli of Stoughton, a Carolina League All Star who is a top prospect with the Red Sox organization.

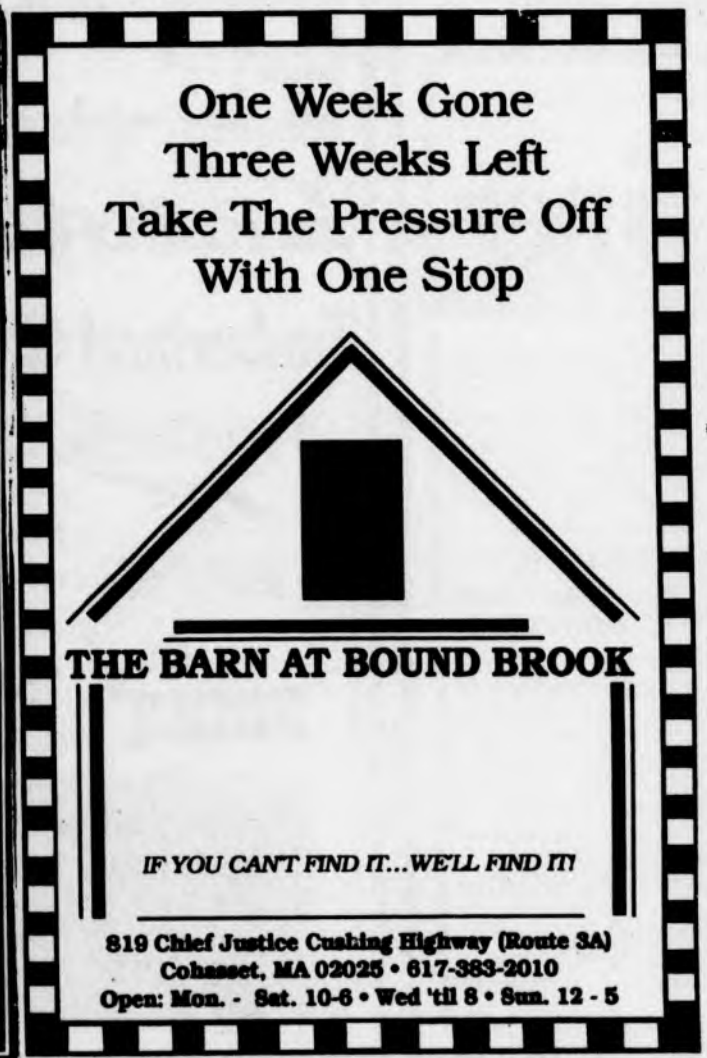
Registrations are being accepted for all sessions. Cost of the four-week program is $100 SSBC members and $125 for non-members. Attendance is limited. For registration and information, please call the South Shore Baseball Club at 617/740-2240 or 1/800-G0-4-HITS.

Indoor baseball instruction

South Shore Baseball Club, 100 Recreation Park Rd., Hingham, The "Battery Club" will hold indoor baseball instruction for pitchers and catchers in two age groups, 8-12 and 13-18. Four-week sessions on consecutive Saturday mornings. Nov. 26 to Dec. 17 (ages 8-12); Jan. 7 to 28 (ages 13-18); Feb. 4 to 25 (ages 8-12); Mar. 3 to 25 (ages 13-18); and Apr. 1 to 22 (ages 8-12). Staff of full-time professional instructors. $100 members, $125 non-members. Limited enrollment. Registrations now being accepted for all sessions. Please call 617/740-2240 or 1-800-G0-4-HITS.





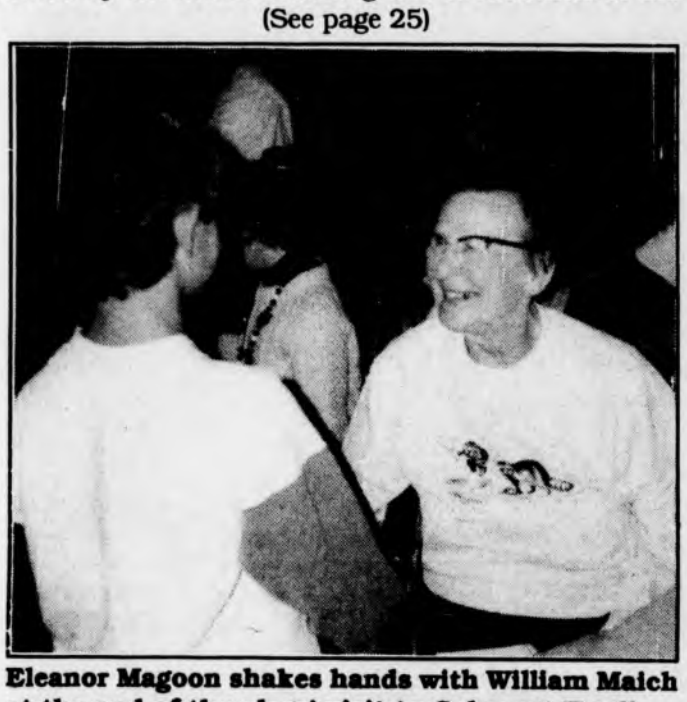


Second graders' friendship visit. . .

In keeping with their "friendship" theme, Joseph Osgood School teacher Rose Collins and her second-grade class recently made a Thanksgiving visit to the Cohasset Knoll Skilled Nursing and Rehabilitation Facility off Rte. 3A near the Hingham line.

Mrs. Collins' class delivered Thanksgiving cards made by the entire second grade to residents of the

(See page 25)



Eleanor Magoon shakes hands with William Maich at the end of the class' visit to Cohasset Knoll.

Second-graders Casey Anderson and Christina Daniels serve homemade holiday breads to Phyllis Ross, a resident at Cohasset Knoll.

Wondering what to give for the holidays this year

nursing home.

The children and residents also enjoyed punch provided by the Cohasset Knoll and Thanksgiving c[illegible]es, pumpkin bread, and cranberry bread baked by parents Kate Abbruzzese and Jo-Ann Pilczak.

Accompanying Mrs. Collins and her class were Osgood counselor Frank Fitzgerald, teacher aide Amy Nevins and parents, Susan Barber and Jo-Ann Pilczak.

It was an enjoyable visit for all. For their next friendship visit, the children hope that some of the residents can visit their class at the Joseph Osgood School.

Second-grade teacher Rose Collins chats with Helen Dorso and students Lindsay Cost and Molly Lindell. The class hopes that some of their new friends at Cohasset Knoll will visit them at the Osgood School.

Alzheimer's group meets

An open discussion for family members of Alzheimer patients will be the theme of the meeting of the Alzheimer's Disease Support Group of the South Shore Wednesday, Dec. 21, at 7:30 p.m., at Thaxter Park Community Hall, 30 Thaxter St., Hingham.

Topics to be discussed will include home care and safety tips; options for help in the home; day-health care centers; "sundowning;" wandering; dressing; the nursing home application process; and tips for the potentially stressful holidays.

All are urged to share their own "solutions" as well as their "challenges."

The meeting is free and open to the public. ADSGSS is a volunteer non-profit charitable organization which provides information and support to families dealing with the problems of Alzheimer's Disease.

For information on local support meetings and service, call 749-5417.

Caregivers get support

The Cohasset COA and the Hingham VNA co-sponsor a support group for caregivers. Monthly meetings are held the second Friday of the month at the Cohasset Community Center, 3 No. Main St., from 10 a.m. to noon. Please call 383-9112 for further information.

Jewelry Jottings

JUNE KING

While lighting up the holidays this season, we at King Jewelers invite you to come in and "light" up your jewelry and diamonds free of charge. It can be done while you wait and usually takes 10-15 minutes.

If you would like more than our ultrasonic cleaning, you may leave them and we will professionally polish and buff them for a small fee.

And by the way, a jar of jewelry cleaner on a jewelers cloth makes a great stocking stuffer.

Lightkeepers host party

The Cohasset Lightkeepers will open Bancroft Hall at the Lightkeeper's House on Government Island for a Christmas open house on Sunday, Dec. 18 from 2 to 6 p.m.

Everyone is welcome to come and enjoy hot cider, hot cocoa, coffee and homemade holiday treats. Music and caroling will add to the festivity of the occasion.

For many this will be an opportunity to visit one of Cohasset's newly refurbished treasures. Bancroft Hall is the first floor of the old lightkeeper's residence on the island, which has been renovated through the efforts of community volunteers and donors. It currently serves as a function hall which is available on a rental basis for parties, meetings and dinners held by members of the Cohasset community.

Buttonwood book signing

Dean Morrissey will sign copies of his book, "Ship of Dreams," on Saturday, Dec. 17, from 10:30 a.m. to noon at Buttonwood Books & Toys, Rt. 3A, in Cohasset.

The book is an adventure story for children involving a voyage in search of the Sandman's amazing ship and its secrets.

Six-year-old Ryan McLellan of Cohasset, who will attend the signing, was the model for the character of Joey in the book.

Morrissey, a self-taught painter, has illustrated "Ship of Dreams," which is his debut book, with richly detailed oil paintings. He will also present a drawing demonstration at the signing.

For further information call 383-2665.

Christmas concert benefit

This season's annual Christmas Concert at First Parish, Sunday, Dec. 11, at 4 p.m., will benefit Good Start, a child abuse and neglect prevention program. Speaking at the First Parish Unitarian Universalist Church in Cohasset Sunday, Nov. 6, William A. Hunt, regional administrator for the Massachusetts Society for the Prevention of Cruelty to Children, described the program.

Started on the South Shore in 1993, Good Start is MSPCC's nationally recognized program which provides a continuum of home and community based services to parents of newborns to help get children off to a "good start." Community volunteers, local parents who with training and supervision are the backbone of the Good Start program, visit new mothers, offer support and help through those difficult first years of parenting.

Hunt shared his thought that one of the disadvantages of the invention of the electric clothes dryer is that it increases the isolation of new parents. Hanging out the laundry to dry was one of the ways young mothers learned from the more experienced parents in the neighborhood some of the things that helped them to parent. Good Start brings experienced mothers into the homes of new mothers to develop strong caring ties through which some of this teaching, once accomplished over the clotheslines, can still occur. Of the 500 at risk families involved in Good Start to date, only seven have had reports of child abuse and neglect.

CONCERT FOLLOWED BY RECEPTION

This will be the 16th annual Christmas Concert at First Parish featuring the Unicorn Singers directed by Margo Euler. This year's concert will feature John Rutter's cantata, "When Icicles Hang," an energetic and delightful collection of medieval and Renaissance texts set by the popular British composer. The singers will also perform Pinkham's "Nativity Madrigals" (texts by poet Norma Farber) and several familiar carols in new settings. As always, the audience will be invited to join the singers in more carols conducted by Euler. Following the concert, the joy and spirit of the singing will continue in the Parish House where the MSPCC Metro Region South Shore Friends Association will host a wine and cheese reception. All are invited to attend the reception.

Patrons are welcomed and your $40 contribution brings you two tickets by return mail. Tickets at $5 are on sale at the church office. There is no charge for the reception following the concert. The church office is open Monday through Friday, 9 a.m. to 1 p.m. to answer questions and sign up patrons for the concert. The phone number is 383-1100.

Jingle Bell Walk heralds the holiday season

Santa and his elves wave to the more than 500 local residents who participated in the first annual Jingle Bell Walk sponsored by the South Shore Community Center, Nov. 25.

The South Shore Community Center's first Jingle Bell Walk, Nov. 25, was a huge success, organizers say. It was a beautiful day, the bells were ringing from St. Stephen's Church, Santa and Mrs. Claus along with their helpful elves rode on an antique fire truck, followed by a jingling crowd of more than 500 people.

After a jingle-bell walk, the crowd gathered at the Community Center for hot chocolate, juice and cookies. Bryan Marks from Cohasset High School got everyone into the holiday spirit with a sing-a-long. The children were able to purchase holiday treasures from the Secret Rooms provided by the Nursery School, or while waiting could have their picture taken with Santa.

The local merchants in town were very pleased with the response of the walk, as patrons shopped throughout the afternoon.

"We are very excited at the turnout that we got today," said Stephanie Church, program director at the Community Center, during the event. "It's great to see all these people and everyone is having a great time."

The highlight of the day was at dusk, when everyone gathered around the new evergreen tree on the town common for its first lighting. The tree was donated by Cohasset resident Robert V. Davenport of Sohier Street.

Organizers say they are already looking forward to Jingle Bell Walk '95.

Christmas concert Sunday

The Panagia Greek Orthodox Church of Cohasset and St. Mark of Ephesus Orthodox Church of Kingston proudly presents a Christmas Concert Sunday, Dec. 11, from 2 to 4 p.m. at the Panagia Church, 817 Jerusalem Rd., Cohasset.

The concert will feature hymns, carols and music from the Christmas liturgies of both churches. St. Mark's acappella choir will perform in both Russian and English. Panagia's choir and children's Greek School will sing their selection in Greek. The concert will end with a community sing of traditional American carols.

Following the concert and included in the admission price, the women of both churches will serve their traditional holiday pastries and refreshments.

Tickets are $5 for adults and $2.50 for children under 12. Tickets may be purchased by calling Cindy Dedes at (617) 383-9647, Jeannie Syrmopoulas at (617) 383-9071 or the Panagia Church's Village Fair location at the Cohasset Town Hall Dec. 3.

'Little Women' is on stage

The Cohasset Dramatic Club will present "Little Women" Dec. 9 and 10 at 7:30 p.m. at the Cohasset Town Hall Auditorium, 11 Highland Street. There will also be a matinee performance at 2 p.m. Dec. 11.

The CDC will poignantly bring to life the experiences of the four March sisters as they discuss the upcoming Christmas holiday in the sitting room of their home in Concord, Mass., and the events that take place in their lives during the ensuing months.

General admission is $8. Tickets may be purchased in advance at Buttonwood Books in Cushing Plaza or may be reserved by calling 545-3195 or 545-5737. Tickets may also be purchased at the door.

Gifts for children needed

The Mary -Martha Learning Center at 1045 Main Street in Hingham has a need for Christmas gifts for children. Toys, books, stuffed animals and games are needed.

Diapers, toilet tissue and mittens are also requested and donations of money are gratefully received.

The Mary-Martha Learning Center is an educational program for homeless women with children.

For further information or to make a donation, call Heather at 471-7075.

Don't miss 'Guys & Dolls'

Make your holiday season special and get your tickets now for the upcoming musical production of "Guys and Dolls."

Performances are scheduled for Friday and Saturday Dec. 9 and 10, at 7:30 p.m. and Sunday matinee Dec. 11, at 2 p.m. at Cohasset High School.

Eighty students have been hard at work preparing for the staging of this classic which includes such numbers as "Sit Down, You're Rockin' the Boat," "Luck be a Lady Tonight," and "Take Back Your Mink."

All seats are reserved, tickets $5 available through cast members and at the door. For more info., call Donna Mangan at 383-9045.

Happy Holidays from the Mariner Newspapers

Local dancer in Nutcracker

Kate Schroeder of Cohasset is performing in The Nutcracker as a Candy Cane. She has been a student at the Boston Ballet School in Norwell for two years.

Kate joins seven other Cohasset ballerinas (featured in the *Cohasset Mariner*, Nov. 17) who make up a cast of 350 young dancers from the greater Boston area who perform such roles as toy soldiers, angels, cherubs, dolls, baby mice, reindeer, lambs, polichinelles, and party children in Boston Ballet's production of *The Nutcracker* at the Wang Center for the Performing Arts now through Jan. 1.

Performing in full-length ballet exposes students to aspects of ballet life they don't experience in regular ballet class. The students learn about the hard work, rigors, and enjoyment that goes into every facet of a live ballet performance.

For tickets to *The Nutcracker*, please call (617)931-ARTS.

Kate Schroeder rehearses for her role in *The Nutcracker* at the Boston Ballet School in Norwell.

Ladies and Gentlemen, Please Be Seated.

Cohasset Mariner

Vol. XVII, No. 7 | Thursday, December 15, 1994 | 1-800-649-6661 | 50 cents

Officials don't dig Scituate's clammy reply

By Mary Ford
Mariner staff

Repeated requests to Scituate to allow Cohasset residents to dig on the Scituate side of Cohasset Harbor for a $10 permit fee, were rebuffed, selectmen learned this week.

Forcing Cohasseters to pay the $50 non-resident fee has prompted selectmen to seek a legislative solution to the dispute.

Events last week when clammers violated their limit made it clear that Cohasset residents should be allowed to dig in the harbor, selectmen said (see companion story).

While on patrol, Cohasset Police Sgt. Robert Jackson initially spotted the suspected violation and Cohasset clam warden Cliff Dickson witnessed four men place six bags of clams in their boat.

The combination of a terse letter from Scituate Selectmen Chairman Joseph Norton rebuffing Cohasset's request for the lower fee and the involve-

(See page 7)

Sides powwow over post-dump payment plan

By Sean P. Sweeney
Mariner correspondent

Members of the Board of Health and the owners of the Cohasset Heights Landfill met Tuesday, Dec. 13, and made significant progress in addressing the adequacy of the financial assurances which have been provided by Cohasset Heights Ltd., the owner of the landfill. The topic has been the subject of extended discussion with the Board of Health, in part because the town wants to make sure that adequate financial security exists with regard to the closure, post-closure maintenance, and leachate disposal that will be necessary at the site should Cohasset Heights Ltd. cease to exist or cease to conduct the necessary work at the site.

The many discussions regarding these issues have evolved from reviews of the potential costs generated by CHL's engineers and the town's engineers. CHL has already submitted financial assurances in the area of $925,000 to cover the cost of closure and post-closure maintenance and $750,000 to cover leachate transportation and disposal. Leachate is the contaminated

Cohasset's top ranking doesn't faze Ford, hoopsters

By Jim O'Sullivan
Mariner correspondent

Ron Ford couldn't have asked for much more from his team in Cohasset High's basketball season-opening win over Norwell, 69-31.

There was great defense, consistent shooting and the first peep at the No.-1 rated Division 3 school in Eastern Mass (14th overall) in action.

"For our first game we played great defense," said Ford, the Skippers' head coach. "Our defense dictated the tempo in both halves. We had a good effort put in by everyone."

What makes the Skippers particularly dangerous this season is the fact the team hasn't let the No.-1 ranking go to its head. Ford feels the same way.

"I don't put a lot into the polls but the kids realize you have to play. The league is a lot tougher this year."

Tom Allen, fresh off a fine season on the football field, got the Skippers off on the right foot with a steal off of Peter Hajjar. Center Peter Bishop (10 points, 12 rebounds) was fouled on a lay-up and hit the free throw.

Forward Matt Pierce, who led all scorers with 13, sank a 3-point shot for a 4-0 lead.

Strong passing by Dorian Bryant and Joe Slotnick set up Bishop down low for an easy pair off the glass.

Bishop grabbed the offensive bound and followed through with another bucket, giving him five points in the first two minutes of play.

Cohasset's solid defense forced a turnover and Slotnick took the ball hard to the left side, pulled up and nailed the jumper from eight-feet out.

Pierce was hacked on a lay-up and sank both free throws.

Norwell finally got on the board when senior Matt Lewis dropped home an offensive board. Allen's jumper from 16-feet out boosted the Skippers' lead to 14-2.

PLAZA

cohasset's week

Jason, Curley interviewed

Three interested citizens would like to fill a vacancy on the Cohasset Historical Commission. This week selectmen interviewed Joseph M. Curley, 9 Church St., and Herbert Jason, 59 Cushing Rd. Ellen Freda, 62 Howe Rd., has also expressed interest in the position. Freda was not at the selectmen's meeting this week but will be interviewed for the post, selectmen said.

Curley, a financial analyst and underwriter, said he would like to be involved in town affairs.

"My top choice is the historical commission," he said. Curley said his background is in history and said he majored in international relations.

Jason, a fisherman, described his vision of how Government Island buildings could be enhanced and refurbished. He said the oil house by the sailing club and the red storage building by the lightkeeper's residence could be restored.

Selectmen took the matter of appointing a replacement to Nancy Snowdale, who stepped down recently from the Historical Commission under advisement, until they can interview Freda.

Hagerty bid postponed

Selectmen will hold off awarding the bid for Hagerty property design work until the Hagerty Committee members can explain the difference in prices.

Four bids were received ranging from a low of $3,500 from Alvarez, Roebuck and Assoc., Inc. of Norwell to at high of $13,675 from SITEC of New Bedford. Other bidders were Civil Designs Inc. of Boston at $10,350, and $9,000 from Moriece and Gary of Boxborough.

Executive Secretary Gregory Doyon, who was not present at Monday's selectmen's meeting, wrote that Alvarez, Roebuck and Assoc. "is familiar with the property and adheres to the specifications." The bid does not include representation at appeals hearings, Doyon said.

However, selectmen were concerned about the price disparity. They noted that Hagerty Committee chairman Vee Roebuck is related to a member of the company which was the low bidder.

Selectman Merle Brown said Roebuck "should remove herself from that process."

Selectmen Chairman Michael Sullivan said that Doyon had reviewed the bids objectively but agreed that Vee Roebuck "should back off the situation and have the Hagerty committee draw their own conclusions" about the bids.

Police report issued

In Police Chief Brian Noonan's November report to selectmen, he said there were a total of 16 arrests in Cohasset last month, including two protective custodies, five outstanding warrants, two for operating under the influence, and one for shoplifting.

He said that Safety Officer Clifton Jones had distributed 747 fingerprint cards to children at the Osgood and Deer Hill Schools for parents to fill out and keep for their permanent records.

Noonan also said that the addition of a liquor license

Cohasset's week

(Continued from page 3)

for wine and beer at the Music Circus did not increase any incidents there over the summer. There were five arrests last summer at the Music Circus — all for protective custody, three of which were on the same evening, he said.

"In my opinion, the alcoholic beverage license had no major effect in the operation of the South Shore Music Circus," Noonan said. "In fact, we had almost no problems with customers during in the parking lots and outlying areas as in past years."

Keep the jail cells

Members of the historical commission asked selectmen not to allow Cohasset Youth Resources (CYR), a non-profit organization, to dismantle two old jail cells on the ground floor in the Independence Building, which is in the village on South Main Street. CYR, which rents the building for $1 a year from the town and is in the process of converting the old police station into a teen center, asked about removing the cells.

Historical Committee member Wigmore Pierson said the building may have historical significance.

"The fire house was converted into a police station in 1912," he explained. "Our concern is that those cells remain in place undisturbed."

Pierson said the historical committee was also concerned that the teen center might not last and if the cells are taken out, they won't ever be put back.

He said keeping the jail cells in tact "won't materially affect the programs" at the teen center.

Selectmen Chairman Michael Sullivan asked about he significance of the old cells.

Pierson said the role of the historical group is to try and save old things.

"The position we represent is to try to argue for preservation of old antiquities in town. It's a tough battle to hoe, but that's our position."

The jail cells are 6x6x6.

Selectmen will ask CYR members to their next meeting to discuss keeping the jail cells in tact.

Historical committee member Hamilton Tewksbury said the group could work around the cells and possibly use them as closets.

"These are historical items in an historical building. It would be a shame to destroy it and throw it away."

A teen center called the "Teen Depot" opened in March 1992 in one of the Community Center buildings on Depot Court. It closed and organizers said teens needed a place to call their own. CYR approached selectmen earlier this year about leasing the Independence Building, which hasn't been used in years.

Hassan is appointed

Selectmen appointed Julie Hassan, 497 Beechwood St., to the Cemetery Study Committee at their board meeting this week. There is still a vacancy on the cemetery committee. Anyone interested in serving should contact the selectmen's office at 383-9900. The committee is looking at how best to expand and refurbish the Beechwood Cemetery.

Holiday meeting schedule

Selectmen said they will not meet Monday Dec. 26. They will meet Monday Dec. 19 and Tuesday, Jan. 3. Their meetings, which are open to the public, start at 7:30 p.m. in the selectmen's office on the second floor of town hall.

Walk start is changed

The annual Walk-by-the Sea to benefit the Multiple Sclerosis Association will step off at Government Island April 1 instead of in front of town hall. Organizers asked for the location change because the Cohasset town election is the same day. Voting takes place at town hall.

Selectmen approved the change. Check points for the walk will be Sandy Beach and the Little League field off N. Main Street.

Ambulance billing update

In November, the fire department billed for 29 actual ambulance transports, clerk Jane Henderson said. The department collected $8,660.18 out of a possible $9,677.39. So far this fiscal year, which began July 1, the town has billed $45,968.17 in ambulance runs and collected $42,810.55.

Town census to be mailed

The 1995 Cohasset town census will be mailed to each household early in January.

Compliance with state requirements provides proof of residence to protect voting rights, veteran's bonuses, housing for the elderly and related benefits as well as providing information for selection of jurors.

Returning the census does not register residents as voters, but failure to do so may result in the voter's name being removed from the voting list. If a person wishes to remain a voter in Cohasset, his or her name should not be removed from the census.

Mail-in registration forms are available at the library and post office. As of January, 1995, registration will be available at the Registry of Motor Vehicles and other state agencies.

Dog forms will be enclosed with the census mailing. Licenses are due in January and are valid through Dec. 31, 1995. Numbers will be issued on a first-come, first-served basis.

RTF holiday schedule

The Cohasset Cedar Street Recycling Transfer Facility will be closed Christmas Day and New Year's Day but will be open to the public on Monday, Dec. 26 and Monday, Jan. 2 from 7:30 a.m. to 3:30 p.m.

Residents are asked to bring their Christmas trees to the facility's designated areas for chipping by the Tree and Park Department from 7:30 a.m. to 3:30 p.m. on Dec. 28 and 31 and on Jan. 2, 7 and 8.

All tree stands, nails and wires must be removed from trees. No wreaths or brush will be accepted and no commercial tree sellers are allowed.

Residents are asked to follow all recycling instructions at the transfer facility. Every ton of recycled trash can save a Cohasset family $80.

McNabb is appointed

John K. McNabb, Jr., 53 Pond Street, has been appointed the Cohasset representative to the South Shore Regional Refuse Disposal Planning Board.

McNabb was appointed to the regional board Nov. 10 by Cohasset Town Moderator George Marlette, who is the appointing authority for the position.

"I hope to make a positive contribution to developing an effective regional plan for an environmentally sound solid waste disposal strategy for the South Shore," McNabb said.

McNabb also serves as the chairman of the Water Resources Protection Committee, and is a former member of the Board of Trustees of the Paul Pratt Memorial Library and the Committee to Survey the Structure and Functions of Town Government.

Recycle your junk mail

The recycling committee and the Board of Health have made it possible for the following items to be recycled:

envelopes and contents of junk mail, note paper, copy, drawing paper and boxboard such as shoe boxes and cereal boxes with the liners removed. Hardbound books and notebooks without metal binders can also be recycled.

These materials should be placed in the labeled blue container at the Cohasset transfer station.

Still not acceptable for recycling are: plastic or plastic-coated paper, carbon paper, tissue, napkins and paper towels, paper cups or paper plates.

The town of Cohasset urges all residents to take part in the recycling program.

Cohasset police cite four for shellfish violation

By Rob Rogers
Mariner staff

Four men were cited by Cohasset, Scituate, and environmental police last Thursday, Dec. 8 for digging more than their fair share of clams in the recently reopened flats on the Scituate side of Cohasset harbor.

Cohasset police spotted Lynn residents John L. Ferrara, 35, and Arthur M. Ragusa, 34, along with Revere residents Adam Smith, 52, and Louis A. Pedersen, 36, lifting onion bags filled with clams onto a boat beside Bassings Beach.

"The only permits currently available allow those with licenses to take eight quarts of clams a day on public land," says Cohasset police sergeant Robert Jackson. "Those men had about 14 1/2 bushels, or 720 pounds, of clams with them. They were clearly in violation of the law."

Sections of the Cohasset Harbor clam flats were opened by the state Department of Environmental Protection on October 1 for use by the general public. Although Cohasset police have joint jurisdiction over the flats, Cohasset contacted Scituate and state Environmental Police to assist in confronting the clam thieves.

"Three of the men — Ferrara, Pedersen, and Ragusa — had non-residential Scituate licenses, and were issued non-criminal violations of $200 each," said environmental police officer John Comeau. "They also had their licenses confiscated. The other, Smith, was clamming with a commercial license in violation of the local by-laws. He was cited through the Scituate Police Department, and fined $500. We confiscated his license."

Comeau believes the men are professional clamdiggers who came to the South Shore because of prohibitive conditions elsewhere.

"They were doing it because of rainfall-related closures of clam beds in the North Shore area," Comeau said. "They obtained their permits legally, through the town. They just come here because they need money."

The clams in question were confiscated by police and sold to Mullaney's Harborside fish market in Scituate. Mullaney's spokesman Joe Norton claims the value of the mollusks can not be determined until they have been weighed and evaluated by a clam specialist.

This is the first recorded citation of diggers operating in the reopened clam beds of Cohasset Harbor. Had the thieves been caught in one of the still-closed sections of the South Shore's clam beds, Comeau says, the penalties they faced would have been much stricter.

"If they had been found digging in a contaminated area without a permit, they would have been arrested, their boat seized and their vehicles impounded," Comeau said.

Snow shovelling guidelines

A reminder that the following bylaw was voted in at the 1993 Annual Town Meeting. It reads as follows:

Section VII. No person shall cause or allow the discharge of water, snow or ice upon a public street, sidewalk or way in the town so as to create hazardous conditions.

Although many residents need to get to their jobs, doctors appointments or other necessary destinations, it is recommended that whenever possible residents should refrain from shoveling the last few feet at the end of their driveways until the roads have been completely plowed. This will save residents from repeated shoveling of the same area.

The highway department does not have the manpower to shovel out anyone's driveway that has been snowed in from snow coming off snowplows.

Residents are reminded not to shovel snow onto the roads and for private plowing contractors not to leave snow from driveways on the roads. Both these infractions cause hazardous conditions.

Officials don't dig Scituate's clammy reply

(Continued from page 1)

ment of Cohasset police and officials in apprehending the violators, spurred selectmen into action.

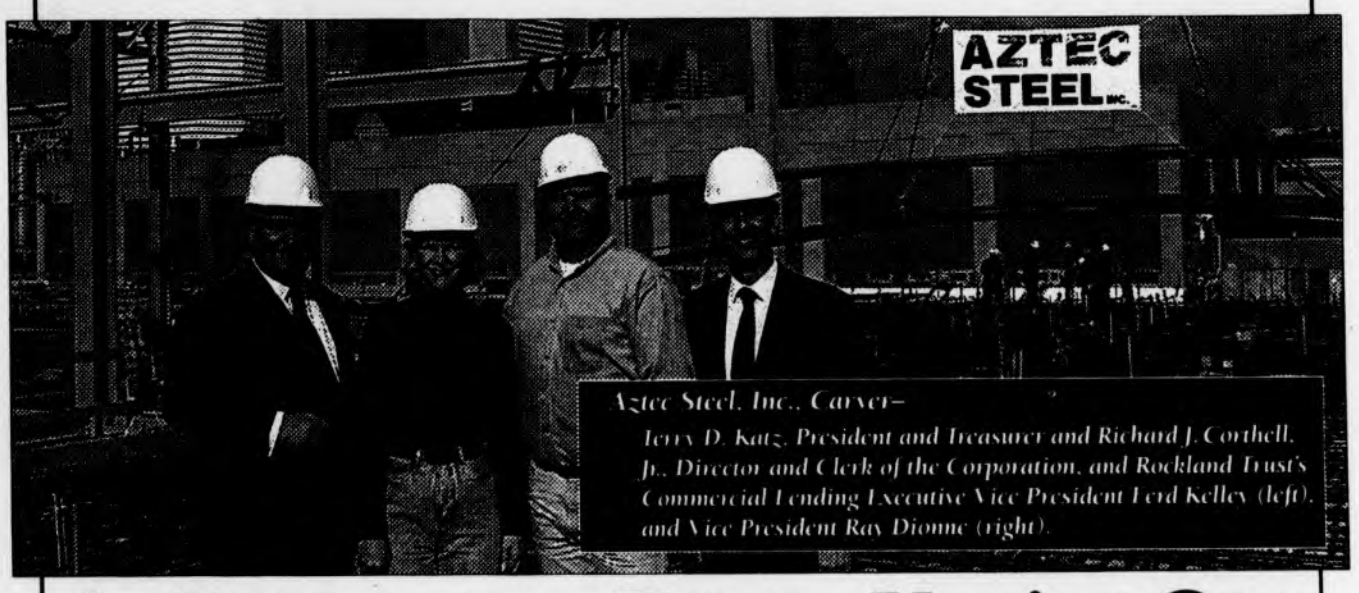
They will ask state Rep. Mary Jeanette Murray for help in filing a home rule petition which if obtained would allow Cohasset to issue clamming permits for harvesting clams in the Scituate side of the harbor.

Selectmen also stressed the importance of enforcing parking laws. Clammers who do not have Cohasset parking stickers should be ticketed, they said.

Selectman Peter Pratt noted that the Scituate Harbormaster has more boats and more staff and is seven-to-eight miles away.

Clammers are allowed to harvest eight quarts per day for their own consumption or use as bait. The men, cited for exceeding the limit, had 14-1/2 bushels, Police Chief Brian Noonan said.

There are no flats open on the Cohasset side of the harbor.



Aztec Steel, Inc., Carver– Terry D. Katz, President and Treasurer and Richard J. Corthell, Jr., Director and Clerk of the Corporation, and Rockland Trust's Commercial Lending Executive Vice President Ford Kelley (left), and Vice President Ray Dionne (right).

AT ROCKLAND TRUST YOU'LL GET A LOT MORE THAN ATTENTION. YOU'LL GET CLOUT.

You've probably noticed that the big banks have suddenly discovered local business. We're not surprised. Because it's good business. In fact, local business is the foundation of Rockland Trust.

Our commercial lending activities focus on helping local business owners achieve their goals. We enjoy thousands of these relationships, which lets us take the daily pulse of the local business community. We listen and respond with innovative services to help your business run better.

Commercial lines of credit, term loans, commercial mortgages, business checking, cash management services, employee benefit services, our new SmartLine℠ instant credit line and more.

Rockland Trust people are business people. Our team of 22 commercial lenders understands business cycles, inventory management, pricing strategies, and the complexities of your markets. around town

by Sallyann Chatterton

Let's begin with news from Framingham State College, and Cohasset's own **Heidi Lincoln**.

Heidi, a former lady Skipper, is now a junior at Framingham and captain of the women's soccer team. Heidi has been selected to the first team of the MASCAC All-Stars for the 1994 season.

The MASCAC Conference is made up of the seven state colleges in Massachusetts. Heidi attributes her success to the soccer experience she received while playing here in Cohasset, many of you will remember how outstanding she was then. Her name is certain to be more prevalent next year, watch for it!

The **Cohasset High School Class of 1937** did it again! Members far and near met for lunch last Friday at the Red Lion Inn, as they have been doing for the last 10 years! As many members as possible, along with a few non-members, meet every year for a fun time of visiting and reminiscing with each other. Hopefully someone will remember to "capture the moment" next year; wouldn't it be fun to see photos of the event?

In any case, **Libby Pompeo** reports that a grand time was had by all.

Notre Dame Academy announced its honor roll recently, and four Cohasset gals "made the grade" for the first marking period of the 1994-1995 school year. **Julie Catalano** made the Principal's List; **Danielle Nohe** earned herself First Honors; and Second Honors went to **Sarah Nohe** and **Julie Smith**.

Congratulations, ladies!

Derby Academy also announced its honors list for the first term of the 1995 academic year. Headmaster's List certificates were awarded to **Charles Anderson, Kara Gaughen, Patrick Gaughen, Ian Simons**, and **Ryan Staszko**.

Second Honors (students have to achieve a B or B+ average in all academic subjects to qualify) went to **Kristen Deane, Michael Fallon, Alexander Gaston, Emily Larson, Ashley Mihos, Corinna Noering, Carter Noon, Elliot Noon**, and **James Simons**.

Everyone of you must be proud of your studying so hard, and we are glad to announce the results.

The Crickets, shown above, sang at the Junior Voices Family Holiday Concert last Tuesday; the program can be heard on Channel 53 at 5:30 and 8:30 p.m., Monday (Dec. 19); and at 6 p.m. Thursday (Dec. 22). In the picture are (Front, L-R) Wisner Murray, Erin Anderson, Lindsey Hoffman; (Middle L-R), Meredith Hurley, Carrie Edmundson, Alexander Roell and Jason MacDonald (all facing camera); (Rear) Aaron Weiser-Woodward, Elyse Terry (hidden), Nora Tuite, and Leonie Roell. For information about the Crickets, please call Margo Euler at 749-6561.

For several years, **Herb Jason** and **John Small** have been accumulating "Toys For Tots" donations. You may have seen them in the lobby of Bradlees in Hingham last year. Herb and John are at it again this year and would surely appreciate any donations of cash or toys. Both of these gentlemen put their hearts into this project and certainly deserve our support!! For more information, call Herb at **383-1681.**

Don't forget the open house Sunday, Dec. 18, at the Lightkeeper's House. It begins at 2 and goes on until 6 p.m. Caroling, holiday music and refreshments are just part of the festivities. Everyone is welcome and you should bring a non-perishable food donation for the food pantry as admission to the gala.

Hopefully you were one of those in attendance for the CHS Musical **"Guys and Dolls." The reviews** are in and it was touted as a huge success. Congrats go to the cast and crew for fine performances!

The next date to watch for is Dec. 22, the Winter Choral and Instrumental Music Concert will take place. Certain to put you and yours into the holiday spirit, be sure to attend!

It's **Pompeo** birthday time again, and we want to be sure to extend greetings and hopes for another wonderful year to **Laura, Roger** and **Holly.**

Congratulations go to **Jim O'Sullivan** this week, he was selected as October's Student of the Month at CHS, an honor indeed! Keep up the spirit, Jim.

Andy Merrill and her able crew were hard at work last Sunday at the Cohasset Consignment Shop, ringing up sales left and right. When you are thinking of a unique gift, take a peek there first, you just might find a real treasure!

Finally, congrats to **Julie Hawkins-Burnham**, who was named this year's **Shirley F. Neer Teaching Chair for Children's Art** (at the South Shore Art Center). An honor indeed, especially if you remember **Shirley Neer** and what a wonderful lady she was!

That's the news for now, hopefully you will fill me (and us) in on your latest venture! Give me a call.

Mr. and Mrs. Thomas G. Stanford

Levitt/Stanford

Ronnie Sue Levitt and Thomas G. Stanford were married May 7 at the Willowbend Country Club in Mashpee.

The bride, daughter of Mr. and Mrs. Barry Levitt of Framingham and the granddaughter of Dr. and Mrs. Edward Cohen of Syracuse, N.Y., is a 1985 graduate of Framingham South High School. She received a BS Degree from Skidmore College in 1989 and is currently enrolled in an MBA program at Boston University. She is employed as a Human Resource Specialist at Sun Life of Canada in Wellesley.

The groom, son of Mr. and Mrs. Joseph Stanford of Cohasset, graduated from Cohasset High School. He received his undergraduate and MBA degrees from Northeastern University. He is currently employed at Sky Tel Corporation as a National Sales and Marketing Manager.

Michelle Levitt, sister-in-law of the bride, was matron of honor. The bridesmaids were Ann Scott, Kathy Sullivan, Florence O'Brien and Tara Duggan, sisters of the groom, and Susan Ehrlich, Jennifer Davidson and Margie Weiss.

Liam Stanford, brother of the groom, was best man. The ushers were Dr. Steve Levitt, brother-in-law of the groom, Steven Stanford, Joseph Stanford, Sean Stanford, Paul Stanford, brothers of the groom, Earl Cate and Carl Bruce.

Following a honeymoon in Hawaii, the couple is residing in Lexington.

editorial

Strike Back

Howard Beale and R.P. McMurphy, two unforgettable movie characters that won Academy Awards for the actors who played them, would have been proud of attorney John J. Grace and his wife Dotty, who live in Braintree.

Beale (Peter Finch), the angry TV anchorman and selfproclaimed "prophet of the airwaves" in "Network," advised his audience to make "I'm as mad as hell, and I'm not going to take it any more!" its rallying cry.

When McMurphy (Jack Nicholson), a rebellious patient in a mental hospital, was denied permission to watch the World Series in "One Flew Over the Cuckoo's Nest," he stared into the turned-off TV set and performed play-by-play of an imaginary game featuring Sandy Koufax.

Like Beale, millions of baseball fans were "mad as hell" when the 1994 major league baseball season prematurely ended Aug. 12 due to a players' strike.

Like McMurphy, lovers of what Walt Whitman called "our game" couldn't watch the World Series in October, because the inability of players and owners to agree on a new basic agreement led to the cancellation of the "fall classic" for the first time in 90 years.

Few fans have been able to register their dissatisfaction with the state of the national pastime in a way that goes beyond phoning a radio talk show, but the Graces have done more than that.

Along with their friends, Bob and Becky Lietz of Nashua, N.H., the Graces have formed an organization called "Strike Back," which is designed to allow fans to express their disgust about the strike.

Fans can sign a pledge not to purchase major league souvenirs such as pennants and T-shirts, since money from this merchandise goes back to the players and owners. These pledges will be brought to the attention of both sides in this labor dispute.

In addition, black baseball hats have been made which have the words "Strike Back" stitched over an embroidered baseball with a red circle around it, as well as a red slash through the baseball.

Strike Back has made these hats available to baseball fans for $15, and so far, the response has been favorable. All but five of the original 60 hats have been sold, and Strike Back has had responses from as far away as St. Louis.

More hats have been ordered, and they're expected to be ready by the end of the month.

Proceeds will be used not only to pay the organization's expenses, but also to make a donation to the Jimmy Fund, the official charity of the Red Sox, which reportedly has lost a substantial amount of money as a result of the strike.

Anyone who would like a copy of the pledge can send a self-addressed stamped envelope to Strike Back, P.O. Box 3153, Nashua, N. H. 03061.

Those who would like to order a hat can send $15 to the same address, along with $2 for shipping and handling costs.

At press time, negotiations between players and owners were reportedly on the verge of collapsing, despite the efforts of federal mediator W.J. Usery.

We join Strike Back in hoping that this matter will be settled soon.

It's hard to get excited about the presence of Jose Canseco in a Red Sox uniform when we don't even know at this moment if there will be a 1995 baseball season.

Schools take part in 'second' most important Thursday of year

The Great American Smokeout, now in its 18th year, is an annual nationwide event, held the third Thursday in November. It has been referred to as the second most important Thursday in the month.

Angi Walsh, R.N., health education aide at Cohasset High School, initiated a creative group approach to the theme this year. Asking for involvement from faculty and students in the elementary, middle, and Jr/Sr. High School, Walsh spread the word that your health is not only affected by smoking as a personal habit, but that second hand smoke can also affect others.

According to the American Cancer Society fact sheet," The term Smokeout was coined by Arthur P. Mullaney in 1971. He created an event that asked people in Randolph to give up cigarettes for a day and donate the money to a high school scholarship fund. Later Lynn R. Smith, editor of the *Montcello Times* in Minnesota, spearheaded the state's first D-Day, or Don't Smoke Day. It spread like wildfire throughout Minnesota and then blazed west to California, where it was renamed the Great American Smokeout."

The response in the schools was very positive. The high school students had a challenging task, a twist on the well-known "Adopt-A-Smoker" theme. Adoption papers were available in the cafeteria. Students who wished to "adopt" a smoker were encouraged to give up a personal habit for 24 hours, in support of their adopted buddy.

"Oh my gosh, that's not going to be easy," said one student.

"I think I'll give up getting up in the morning," said another.

The Deer Hill students displayed their artistic abilities with posters dedicated to specific anti-smoking themes: The dangers of smoking, ways to be "cool" without smoking, and reasons not to start smoking. Ray Levine, one of the fifth grade science teachers incorporated a video on smokeless tobacco, a crossword puzzle, and statistics on money spent yearly on tobacco products, into his lesson plan for the week.

The Osgood School will contribute in a different way and support the American Lung Association. The Triaminic Parents Club is sponsoring a Christmas Seal Contest. For each entry entitled "Things that make me feel good at the holidays", $1 will be donated to support the American Lung Association for Pediatric Respiratory Diseases.

The students have made a positive statement through their efforts. Many gave up a habit just to see how difficult it can be. Special thanks go to the following merchants who donated goods and services in support of the Cohasset Schools G.A.S.: Bonkers, Buttonwood Books, Children's Exchange, Country Club Lanes, Dunkin' Donuts, French Memories, Good Sport, Hair Affair, Judy's Candyland, J.B. Baseball Card Shop, Loring Theatre, Linda's "Wee Manors," Nobles, Pastime Sports, Papa Gino's, Scituate Harbor Video, Sea & Cheese, Stop & Shop Video, Strawberry Parfait, Sweet Surprises, TCBY, Village Faire, Victoria's Pizza.

Appeals board considers Shaw's special permit request

By Sean P. Sweeney
Mariner correspondent

The Zoning Board of Appeals conducted a public meeting Thursday, Dec. 8, to continue deliberations regarding the application for a special permit filed by representatives of Shaw's Supermarkets. The requested permit is being sought in order to allow for the construction of a supermarket and other retail space at the Cushing Plaza site on Route 3A.

The special permit would allow the developers of the site to extend their construction into the residential zoning district located behind the site. Because the special permit is involved, the Zoning Board of Appeals can impose numerous restrictions that would otherwise not have been possible.

The proposed store and attached retail space will total 71,650 square feet. As designs go, this is one of the smaller stores that the Shaw's Supermarket chain builds. It will be similar in external appearance to the Shaw's Supermarket that was recently built in Hanover.

Legal counsel for Shaw's has submitted a draft decision to the ZBA which it is in the process of reviewing and revising.

The board discussed certain of the basic provisions of the proposed decision and indicated that it would likely change some of the provisions in order to address the concerns of neighbors of the site and other concerned Cohasset residents.

The ZBA indicated that it plans to impose delivery restrictions to the site in an effort to minimize traffic congestion during commuting hours and to minimize noise impact on abutting properties. The present plan is to limit deliveries to the hours of 6:30 a.m. to 4:30 p.m. and from 6:30 to 10 p.m.

The ZBA also addressed the adequacy of proposed acoustic barriers to be placed on the roof of the structure. The barriers are intended to minimize noise levels in the area of the store and will have the added benefit of shielding the heating, air conditioning and ventilation equipment from view.

The ZBA indicated that it will require a design standard which will achieve the lesser of two noise levels. The design will reduce noise to a level of 50 decibels at the lot line or to the Department of Environmental Protection noise level standard plus five decibels.

Other proposed changes to the draft opinion include the addition of landscaping elements to further screen fencing that has been incorporated in the site plan.

The plan utilizes a 12-foot fence which is subject to zoning bylaws regarding structures. The ZBA indicated that it would condition its approval of the site on the granting of a variance for the construction of the fence. The board declined to include the variance in the business before them because the developers have not officially requested a variance for the site.

The ZBA also advised developers that the proposed signs included in the plans submitted to the board are not approved and will also require board consideration and approval.

Members of the ZBA also referenced their desire to impose significant restrictions on the times to be allowed for construction at the site. Board member Anson Wheeler also stressed his interest in insuring that the noise attention barriers be constructed at as early a stage of construction as possible in order to protect abutting landowners.

The decision of the ZBA on the request for a special permit is due Jan. 25. The board will conduct two more meetings before the due date.

If approved, the developers of the site hope to relocate as many of the present tenants as possible during construction. Some of the tenants will be housed in the present Walgreen's building. If completed as planned, the site will remedy the long-standing septic system problems that have existed at the site for years.

Sides powwow over post-dump payment

(Continued from page 1)

groundwater resulting from the site. In addition, CHL has purchased an annuity in the amount of $10,000 per year to pay for monitoring.

The Board of Health was represented at the meeting by Bruce Haskell, an engineer with Camp, Dresser & Mckee. According to Haskell, some of the post-closure estimates submitted by CHL seem too low. Specifically, he cited CHL's $4,000 per year estimate for maintenance of the slopes and roads at the site. As both Haskell and board members pointed out, it will be necessary to mow all of the grass at the site, repair outbreaks of water on the slopes, and to plow the roads during winter in order to allow access to the site by leachate disposal trucks. Haskell countered by suggesting that an estimate of $20,000 per year might be more in line with what is needed. It was agreed by the town and the owners of the landfill that further review would be considered by engineers representing both parties with a view toward developing cost estimates on a sliding scale. Both sides agreed that this type of maintenance would be more expansive during the early years after closure, and would likely diminish as the years go by. The board will address this at a future meeting in January.

Upkeep of monitoring systems at the site seemed to be an area of agreement between both sides. Initially, Haskell took issue with CHL's estimate of $1,000 per year but board members seemed to be in agreement that the estimate was appropriate. Haskell later agreed that the projected cost was acceptable in light of the long life expectancy now associated with the test wells which have been installed at the site. It is estimated that the cost of replacing one of the test wells would be about $1,000.

CHL also submitted an estimate of $1,000 per year as part of its post-closure costs to cover the maintenance of drainage systems on the site. This includes the maintenance of siltation and retention ponds, the transportation of contaminated silt from the site, the inspection of the system periodically, and other procedures necessary to maintain the integrity of the leachate disposal system. Again, the board felt that a sliding maintenance scale with a higher estimate up front

(See page 13)

happy holidays

(Continued from page 12)

would be appropriate. Engineers for CHL and for the town will reevaluate their estimates and the topic will be revisited in January. At present, this and other issues are being evaluated in light of a 30-year maintenance schedule as this is the length of time that federal and state law requires.

A related issue which was discussed involved the maintenance of the leachate system and the gas monitoring system. The present system involves a carbon system utilized to monitor the presence of noxious gases produced in the leachate tanks. Haskell felt that maintenance estimates were too low in this area as well.

The board also addressed another major cost area at the site. Specifically, it discussed the potential costs associated with transporting and disposing of leachate generated at the site. The leachate is of two sources. Some is derived from leaching on the site and it is retained in leachate tanks on site. In addition, there exists on the site an underdrain system which collects contaminated groundwater. According to legal representatives for CHL at the meeting, much of the groundwater contamination is the responsibility of the Commonwealth of Massachusetts as it was caused by the Massachusetts Highway Department at a site upgradient from the landfill.

This has been the subject of separate litigation which CHL's legal counsel stated has resulted in a finding of responsibility on the part of the Commonwealth. As a result, he claimed that the Commonwealth will be required to bear 95 to 100 percent of the financial burden of transporting and disposing of this leachate.

Although this is good news for the owners of the landfill, the town is still considering the impact that this has on the site. Should the town become responsible for the maintenance of the site post-closure, it wants to look first to CHL for financial assurances and only to the Commonwealth should CHL fail to meet its financial obligations. In essence, the town is leaning toward the position that the transportation and disposal of all leachate should be the basis for financial assurances and the issue of whether the Commonwealth will bear some of the responsibility is an issue between the owners of CHL and the Commonwealth.

This area will also be the subject of further discussion in January once the town counsel has had the opportunity to review the agreement between the Commonwealth and CHL.

In other related business, the Board of Health submitted a proposed agreement to the owners of the landfill to more adequately define the hours of operation at the site. The proposed agreement allows for dumping operations between 7:30 a.m. and 3:30 p.m., as well as an hour from 3:30 to 4:30 p.m. for compact and cover operations at the site. The original hours of operation were established pursuant to the issuance of a special permit for the site by the Zoning Board of Appeals.

Volunteers honored by Council on Aging

Council-on-Aging director Kathy Bryanton gives Marguerite Ritterhaus a gift for volunteering at the senior center. The special recognition luncheon for dozens of volunteers was held Dec. 7 at Kimball's by the Sea.

Selectman Merle Brown chats with Mary Ahern and Betty Grassie. Guest speakers for the event were Marcie Silvestro, past state assistant secretary of elder affairs, and Kathy Glenzel, SHINE consortium leader.

Staff photos/
Alan Chapman

There are some in this world who
great riches possess,
And yet they must search and seek
happiness.
We will call them the 'haves.'

There are some in this world who
seek only the gold.
They think this will make all life's
joys unfold.
They are the 'have-nots.'

There are some in this world who
but sigh and cry.
They can't figure out why life's
passing them by.
We will call them the 'worriers.'

But then there are those who know
without a doubt
That happiness comes from within
not without.
We call them the....VOLUNTEERS.
— author unknown

T. Gerard Keating, chairman of the COA; Pat Ryan, program coordinator at the COA; and state Senator-elect Robert Hedlund take a minute to pose for the *Cohasset Mariner* lenses during the COA's annual Volunteer Recognition Luncheon last week.

senior scene

COA activities are listed

The Council on Aging's activities includes everything from step aerobics to cross-stitching lessons. Many of the programs are on-going. Please call 383-9112 if you are interested in joining any of the programs.

Here are the scheduled activities:

Step aerobics with hand weights, 7:30 to 8:15 a.m. Monday, Wednesday and Friday. Donation is $2 per class.

Bridge for various skill levels, 1:30 to 3:30 p.m. Monday or Tuesday. $24 for six weeks.

Easy exercises for men and women, 11 a.m. Tuesday. $1.50 per class.

Low-impact health enhancing movement, 7:55 to 8:33 p.m. Tuesday and Thursday. $2 per class.

Chanticleers breakfast club for men, 8:45 a.m. Wednesday, departing from the high school tennis courts to various area restaurants.

Counted cross-stitching class, 10:30 a.m. to noon, Wednesday. $2 per class.

Line dancing for all skill levels, 9:30 to 11:30 a.m. Wednesday. $2.50 per class.

Candlepin bowling for men and women, 9:30 a.m. Thursday. $2.75 for three strings.

Quilting for all skill levels, COA is taking names, call 383-9112.

Knitting, 1 to 3 p.m. Friday, $1.50 per class.

Chi-Gong, 9 to 10 a.m. Friday. $2 per class.

Gourmet cooking club, second and fourth Monday of the month in the kitchen of St. Stephen's Episcopal Church, 9:30 a.m. to 12:30 p.m. $2.50 per class plus $10 for materials.

Morning nature walks, 9 to 10 a.m. Tuesday, Wednesday and Friday.

Water aerobics at Webb's Gym in Norwell, 11:30 a.m. Tuesday and Thursday, $39 for 10 weeks.

Book discussion group, 10 to 11:30 a.m. First Thursday of the month in the recreation room at 60 Elm St.

Call 383-9112 for information about any of the programs listed.

Services for seniors noted

SERVICES FOR SENIORS JOB REGISTRY: Services for Seniors is a job registry that maintains a list of private pay workers offering in-home support services to seniors. Workers' names are provided free of charge to elders or family members caring for elders at home. Rates are directly negotiable by the client with the workers. Workers include homemakers, home health aides, and private duty nurses. Their services include assistance with personal care, meal preparation, light housekeeping, companionship and/or respite care. To learn more about the program, call Sue Connolly at 383-9116.

VISION FOUNDATION INC.: Are you experiencing problems with your vision that make it difficult for you to read your mail, cook your meals, or perform other tasks? If so, a rehabilitation teacher from Vision Foundation can visit with you to help you make the most of your usable sight. This help is for seniors 60 years or older. Vision Foundation is a nonprofit United Way Agency. For further information please call 1-926-4232.

FOR YOUR INFORMATION: The Council on Aging provides transportation to the Senior Center for lunch Tuesdays and Thursdays. A hot, nutritious meal will be served to senior citizens for a donation of $1.50. Lunch reservations must be made before noon the preceding day. Those in need of transportation should notify the Center. To make lunch reservations, call the center at 383-9112.

Volunteers are needed to help in the kitchen on Thursdays. If you can spare a few hours, please call 383-9112.

FOR YOUR INFORMATION: The Homestead Exemption for those under 65 years of age and not disabled is $125,000. For anyone over 65 or disabled, it is $200,000. If you want to learn more about this act, please call the Council on Aging and ask for Kathy or Sue at 383-9116.

Photo-copier is needed

The Council on Aging needs a desk-top photocopier. If any business or individual could donate one, it would be greatly appreciated. Please call Kathy Bryanton at 383-9112 if you can help.

Alzheimer's group meets

An open discussion for family members of Alzheimer patients will be the theme of the meeting of the Alzheimer's Disease Support Group of the South Shore Wednesday, Dec. 21, at 7:30 p.m., at Thaxter Park Community Hall, 30 Thaxter St., Hingham.

Topics to be discussed will include home care and safety tips; options for help in the home; day-health care centers; "sundowning;" wandering; dressing; the nursing home application process; and tips for the potentially stressful holidays.

All are urged to share their own "solutions" as well as their "challenges."

The meeting is free and open to the public. ADSGSS is a volunteer non-profit charitable organization which provides information and support to families dealing with the problems of Alzheimer's Disease.

For information on local support meetings and service, call 749-5417.

'Helping Hands' afghan

The Helping Hands Project raises money to benefit a number of different charities.

Custom-designed afghans depicting local sights and historic places of interest in communities are sold for $49.95, with $10 from each sale going to a designated charity.

The 100 percent cotton throws are warm, washable and are made in the United States. They can be purchased as gifts, or conversation pieces for one's own home.

Conceived by local businessman Kenneth Corson, the project has raised over $2300 for the Hingham-Hull Interfaith Clergy Association and nearly $2000 for the Historical Society.

In Cohasset, designated charities are the Friends of the Council on Aging and the Cohasset V.F.W.

Interested organizations may call Mr. Corson at the Glasshouse in South Hingham (749-2290) with suggestions or for further information.

Caregivers get support

The Cohasset COA and the Hingham VNA co-sponsor a support group for caregivers. Monthly meetings are held the second Friday of the month at the Cohasset Community Center, 3 No. Main St., from 10 a.m. to noon. Please call 383-9112 for further information.

Gardener honored at flower show

Genevieve Good of the Cohasset Garden Club recently received honors in the International Flower Show in Bermuda, held at the Hamilton City Hall and Arts Centre.

She was presented with the Mary Woodruff Armstrong Award for her exhibit using fresh plant materials in an unusual and daring flower arrangement. She also received the Tourism Award for the best overseas entry.

The Rose Society presented Good with an award for the Challenge of Geometric Form. She also received a blue ribbon for the best in her class.

The awards were presented by the Premier of Bermuda, the Honorable Sir John Swan.

Good used obaka anthurium, split bamboo painted black and sago palm for her arrangement, which, when placed on a 46-inch-high pedestal, was 10 feet high.

The show was sponsored by the International Design Symposium, with nearly 200 entries from many countries, including Japan, Israel, Holland and Thailand.

Amateur gardeners met

The Amateur Gardeners of Cohasset met Dec. 13, at the home of Jean Manganaro, 67 North Main Street.

Coffee, tea and "goodies" were served followed by a Christmas gift exchange.

Creative gift ideas offered at SSAC

If you're looking for some creative gift ideas this holiday season, come to the South Shore Art Center, 119 Ripley Road in Cohasset. The SSAC Annual Art Sale is presently underway, offering original art at reasonable prices. More than 100 local artists are represented in the sale, which includes paintings, drawings, prints, photography, graphics, and sculpture. Sale hours are Tuesdays - Saturdays, 10 a.m. to 4 p.m. and Sundays, noon to 4 p.m., through Dec. 21.

The SSAC Gift Gallery is in full holiday splendor, complementing its fine crafts and distinctive handcrafted gifts with special holiday items, including star Santa pillows, sport Santa dolls, a spectacular assortment of ornaments and Christmas cards designed and illustrated by local artists. All items in the gift gallery are created by regional artists. New features are gourd Spirit Women, wood and stained glass kaleidoscopes, fine silk ties, watercolor notecards, festive jewelry, Matisse-inspired painted wooden mantle clocks, and a tasty selection of cookbooks. Gift gallery hours are also Tuesday-Saturday, 10 a.m. to 4 p.m. and Sunday, noon to 4 p.m.

If you'd like to show your support of the artist in your life, SSAC gift certificates can be purchased for courses, workshops, or darkroom rental time. Call 383-ARTS or visit the office, Tuesday - Friday, 10 a.m. to 4 p.m., for more information.

Lightkeepers host party Dec. 18

The Cohasset Lightkeepers will open Bancroft Hall at the Lightkeeper's House on Government Island for a Christmas open house on Sunday, Dec. 18 from 2 to 6 p.m.

Everyone is welcome to come and enjoy hot cider, hot cocoa, coffee and homemade holiday treats. Music and caroling will add to the festivity of the occasion.

For many this will be an opportunity to visit one of Cohasset's newly refurbished treasures. Bancroft Hall is the first floor of the old lightkeeper's residence on the island, which has been renovated through the efforts of community volunteers and donors. It currently serves as a function hall which is available on a rental basis for parties, meetings and dinners held by members of the Cohasset community.

Sounds of Christmas

The Second Congregational Church in Cohasset will host "The Sounds of Christmas" on Sunday afternoon, Dec. 18, at 3 p.m.

The combined sanctuary and men's choirs will present a program of Christmas anthems and carols to add to the holiday spirit.

Admission is free. Donations will be accepted for the Cohasset Food Pantry.

First Parish music service

The senior choir of First Parish in Cohasset will present a special Christmas music service featuring Felice Pomeranz, harpist and founder of the Gilded Harps of Boston, on Sunday, Dec. 18, at 10:30 a.m.

Pomeranz has been performing in Boston since 1978. She received her undergraduate degree from the New England Conservatory and recently completed her Master of Music degree in jazz studies, where she was the first harpist to be accepted into the program. She has performed extensively as a soloist, in orchestras and in chamber ensembles.

The public is invited to attend this Christmas music service, under the direction of Carolyn Curtis, First Parish's director of music.

C.H.S. concert is slated

It's never too late! Even if you are in the humbug minority not yet there, a special evening of musical selections performed by the choruses and concert band of Cohasset High School Thursday, Dec. 22, is sure to deliver you fully into the holiday spirit.

In what has become a Cohasset holiday tradition, the various High School choruses, so expertly directed by vocal director Bryan Marks, and the concert band, ably conducted by instrumental director Marcia Lajoie, will perform a varied selection of pieces guaranteed to put you in the mood of the season. Rumor has it that even Mr. and Mrs. Claus are taking time out to listen to the music.

The free concert will begin at 7:30 p.m. in the H.S. auditorium. As in the past, the concert will feature a mix of music — from traditional and multi-cultural holiday pieces to other entertaining selections.

This year's concert also features the very special debut of the C.H.S. Special Arts Hand Bell Choir guided by Ms. Lajoie.

"I have really enjoyed working with these students and I know that all who see and hear them will have an exhilarating musical memory to take through the season," she says.

Vocal director Marks also sends this request to all senior chorus alumns: "I hope all of you who can will join us this evening to relive memories, and join the current chorus in a special singing of our "Silent Night."

Buttonwood book signing

Dean Morrissey will sign copies of his book, "Ship of Dreams," on Saturday, Dec. 17, from 10:30 a.m. to noon at Buttonwood Books & Toys, Rt. 3A, in Cohasset.

Six-year-old Ryan McLellan of Cohasset, who will attend the signing, was the model for the character of Joey in the book.

For further information call 383-2665.

Meet Author/Illustrator
DEAN MORRISSEY

Saturday, December 17 10:30 a.m. - noon
Buttonwood Books & Toys, Cohasset

Author/illustrator Dean Morrissey will provide a drawing demonstration and sign copies of his debut book,
Ship of Dreams (Harry N. Abrams, Inc., $17.95)

If unable to attend, please call 383-2665 to order your signed copy.

Deck, ramps and supermarket top planners' agenda

By Sean P. Sweeney
Mariner correspondent

Members of the Planning Board conducted a meeting Wednesday, Dec. 7, and addressed various requests for board approval.

Lily Sestito appeared before the board to request the release of two house lots in the Carbone Lane development for sale. The board unanimously approved the release of lots 1 and 3 for sale.

The Planning Board then proceeded to address a number of requests that had been the subject of Zoning Board hearings just one week earlier. During the Zoning Board deliberations on the requests, the Planning Board will make the Zoning Board aware of its positions on the various requests.

Specifically, the board voted 3-0 to approve the submitted plan of the George H. Mealy American Legion Post which calls for the construction of a handicap ramp at the post as well as the construction of a new deck. The ramp will allow handicapped veterans and other guests of the post to access the post without difficulty.

The Planning Board declined to approve a similar request from the Bank of Boston relating to the proposed construction of a handicap ramp and expanded entrance area. The Planning Board would like to see if there exist alternative designs for the site which could minimize the extent of the intrusion on the front setback.

A request from Nader and Constance Afshar of 141 South Main St. for a variance from the front setback requirements was endorsed 3-0 by the board after brief discussion regarding the necessity for the setback variance and the improved appearance and curb appeal that the proposed construction would create.

The Afshars have proposed the construction of one central front entrance at the location. The home was previously a two-family home which they have converted to a single family dwelling. In so doing, the owners have found it necessary to construct a single entrance area and front door in order to improve the access and lessen the confusion to visitors at their home. The home was once a local school house in Cohasset before being moved to its present location.

The Planning Board refused to issue any recommendation regarding a plan submitted by Edward M. Guild, Jr. of 430 Atlantic Ave., for the construction of an additional structure on his property. As reasoning for its decision, the board sited the inadequacy of the submitted plan.

Finally, the Planning Board conducted informal discussions during the meeting with a representative of Shaw's Supermarkets. Shaw's has proposed the construction of a supermarket at the Cushing Plaza shopping center site on Route 3A. According to the Shaw's representative, the supermarket developers have not been in close contact with the planning board because they felt they needed definitive approval from the Zoning Board of Appeals before they felt prepared to submit a final plan to the planning board for review.

Shaw's representatives reported that the most recent design will address concerns expressed earlier in the process regarding truck traffic on Beechwood Street. The present plan will require that all trucks enter the site by way of the Route 3A entrance, and leave by the same route. This will be accomplished through the use of a truck turnaround at the rear of the site.

The proposed truck turnaround area will encroach on the residential district behind the proposed store and is one of the major reasons that the site will need a special permit in order to be constructed as planned.

Shaw's representatives also described the various measures which will be taken in order to protect nearby residents and the travelling public from noise levels and unsightly roof top ventillation equipment. The developers will utilize fencing, noise attenuation barriers, evergreen plantings and landscaped berms in order to improve the site's appearance.

One of the reasons that berms will be necessary is that the site has been designed at a level which is significantly elevated in order to accommodate a redesigned septic system for the site. As it presently exists, the site is troubled by a failed septic system. Previous owners of the property were under a court order to remediate the system.

Freeman heads young wrestling squad

By Joe Reardon
Mariner staff

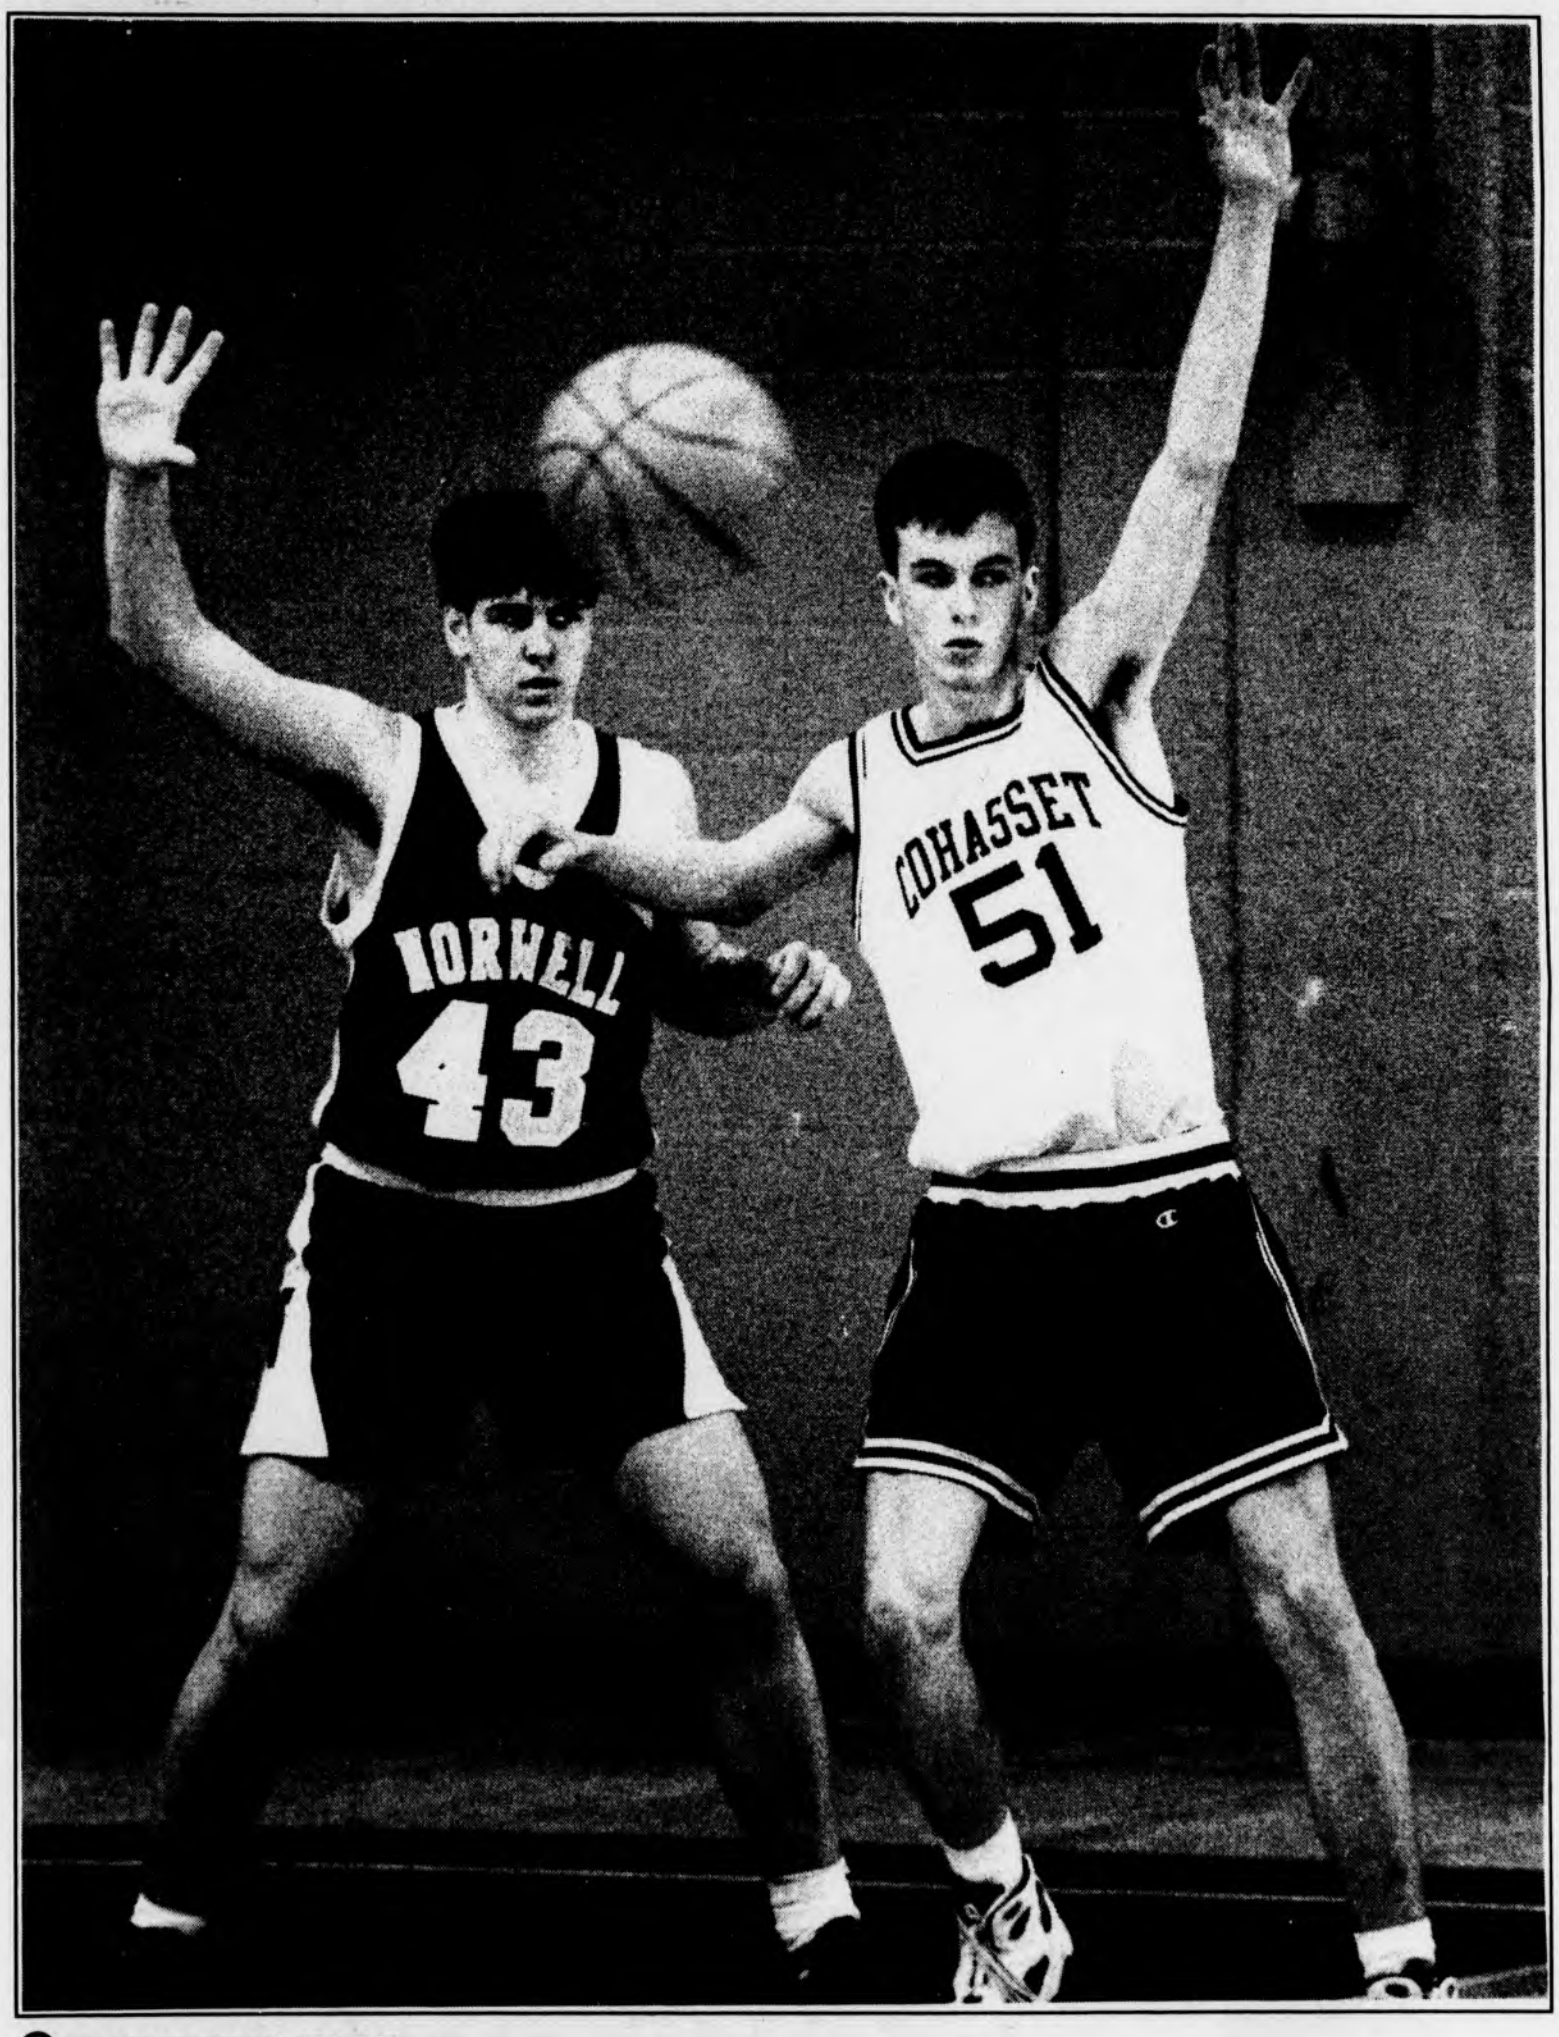
After losing New England champion Ray Jones and All-Star Nate Fiore two years ago, Cohasset High wrestling coach Torin Sweeney didn't know quite what to expect heading into the '93-94 season.

What Sweeney didn't bank on was a surprising 10-5 record, the Skippers' third 10-win season in a row.

So forgive Sweeney if he heads into this winter's schedule with a guarded optimism. Sixteen wrestlers have come and gone over the past two years, leaving him with a lot of young, inexperienced grapplers.

But Sweeney has liked what he has seen so far and is looking forward to

(See page 23)



Cover your man

Cohasset High's Peter Bishop, shown here in last winter's Division 3 South Sectional quarterfinal game against Norwell, is one of the key players head coach Ron Ford will be looking to in helping lead the Skippers to the sectional finals again this season.

(Staff photo/J. Paul MacDonald)

(Continued from page 1)

The Clippers didn't quite bear down enough as Cohasset broke the trap and Norwell watched Brow take the dish from Pierce for an easy lay-up and his third and fourth point of the half.

Cohasset's good ball movement by Jim Magner and Pierce set up Bishop underneath for another easy bucket.

Beezer recovered a loose ball and launched a pass to Pierce, who dished to Brow on the break. Brow laid it in and the Skippers were up by 17 (20-3).

Jarred Hardwick (10 points, four rebounds) scored the first points of his varsity career in a strong outing.

The score moved to 26-9 on Hardwick's 15-foot jumper over the outstretched hand of a Norwell defender.

Allen finished off the half by scoring on an end-to-end drive to the hoop.

Cohasset hardly let up in the second half as Brow and Pierce sank consecutive buckets from the start.

Pierce's pull-up jumper gave the Skippers a 23-point lead (34-11). Cohasset went on to score 12 points in the first three minutes of the half, putting the game well out of reach with plenty of time still left on the clock.

"For us we're going out and playing the best competition we can find," said Ford.

The Skippers start a nice three-game stretch at home with a Friday night game against East Bridgewater, Monday's contest v.s. Norton and a Wednesday pairing gainst a tough Scituate team. All games begin at 7 p.m.

(Joe Reardon contributed to this article).

extra points

Dave McKee

by Joe & Dave

Walter McDonough, president of the Hanover High Sports Boosters, believes the 44.7 percent of the school's total enrollment who played on a sport this past fall should be commended by the town for its effort and performance on the playing field.

"Sports are good for the students, good for the school and good for the town," said McDonough, who, along with the 15-member booster committee, organized Friday night's sports banquet.

McDonough is absolutely right. Aside from the discipline the kids learn on the field, participating in a sport keeps kids busy. Not that playing activities are a cure-all, but they do give kids something to do. Kids are less likely to just hang around. Depending on who the kid is, he or she is at a greater risk of getting in some sort of trouble if spending time with the wrong group of kids. Boredom can often lead to kids committing crimes or getting themselves into other kinds of trouble.

I have to laugh when I hear high school kids say there is nothing to do. Open your eyes and look around you. Forget sports for a minute, there are clubs in and out of Hanover High. Take a chance and join one that peaks your interest. The worst that can happen is decide it's not what you thought.

No problem. Try something else. It doesn't have to be school related. Start a new hobby. Start a collection of stamps, sports memorabilia or coins. Pardon the cliche but "the world is your oyster," particularly for high school kids. There's more out there than you know.

—Joe Reardon

* * * * *

First-year player Jamee Wallace of Rockland via Hanover High School was one of only three freshmen starters on Clark University's girls soccer squad.

The Cougars finished the season with a fine 9-5-2 record, Clark's first winning campaign in five seasons.

And with the Worcester-based university losing just one senior to graduation, the Cougars will be a club to watch in the upcoming seasons. Based on her inaugural season, Wallace should continue to make a solid impact on the Clark team.

—J.R.

* * * * *

There has been some shuffling among the basketball coaching staffs at various schools along the South Shore.

Ron Jamieson, who during the 89-90 season led the Hull Pirates girls squad to a perfect 20-0 record in the South Shore League, is now the JV boys coach at Marshfield High School.

Rick Fredricks, Rockland High's JV girls coach has taken over the girls' helm in Hull.

Jamieson had become an institution at Hull during his years of coaching, but the Pirates are getting a knowledgeable coach of their own in Fredricks.

Bulldogs head coach Mal Lannin-Cotton said Fredricks' departure is a loss for Rockland, but a great pick-up by Hull.

Jamieson, who lives in Marshfield, now has the opportunity to coach his son on the JV squad.

Fabulous floor routine lifts shaky gymnasts

By Joe Reardon
Mariner staff

Call it first-meet jitters, three gymnasts who were less than 100 percent, or an off night. Whatever the case, Cohasset High's gymnastics team was hardly at its best against Norwell High on Tuesday night.

But even with seven falls on the balance beam and point deductions because some routines ran too long and some too short, the Skippers opened their '94-95 season with an easy 118.75-103.4 victory.

"I think they were nervous," said head coach Ruthann Ardizzoni. "I think, again, they knew they were going to win and it's tough to keep your concentration when you're up by 15 points.

The Skippers had their rough moments but more than made up for them with what Ardizzoni called "an incredible finish on the floor routine."

Cohasset swept the floor finale as Tara Hettstrom (8.45), Lauren Genovese (8.15) and Megan Pratt (8.1) all put on quality routines.

Jodi Colwill's fourth-place finish (7.45), along with her third on the bars (6.55), second on the balance beam (7.7) and win on the vault (7.85), gave her the all-around title.

Tara Hettstrom finished second. She wound up second in the bars (6.75) and vault (7.55) before a dizzying floor routine of 8.45 clinched the victory.

Erica Hettstrom, who Ardizzoni kept out of the all-around because of the flu, won both the bars (7.3) and the beam (7.9).

"After being out for five days it's not worth putting a kid out on the floor routine because they've lost all their endurance," Ardizzoni said.

Carolyn Pratt and Kristen Reynolds were also forced to the sidelines due to sickness.

Tara Hettstrom's win on the floor powered Lauren Genovese (8.15) and Megan Pratt (8.1), who finished second and third.

Captain Tafana Fiore (7.05) and eighth-grader Kerry Dwyer (6.85) also had strong performances.

"She's only in eighth-grade and she's coming along nicely," Ardizzoni said of Dwyer. "Everyone on floor did an outstanding job."

Tara Hettstrom was second on the bars (6.75) and Colwill captured third (6.55).

Cohasset captured the balance beam as well. Next to Erica Hettstrom's win, Colwill (7.7) was second with Megan Pratt (7.05) nailing down third.

Colwill led the vault sweep, nailing a 7.85. Tara Hettstrom was second (7.55) and Maggie Goedecke, third (7.45).

Ardizzoni planned to spend Wednesday's workout trying to eliminate the extra swings the girls were putting in on the bars. She said the girls are penalized 6/10 of a point for the mistakes.

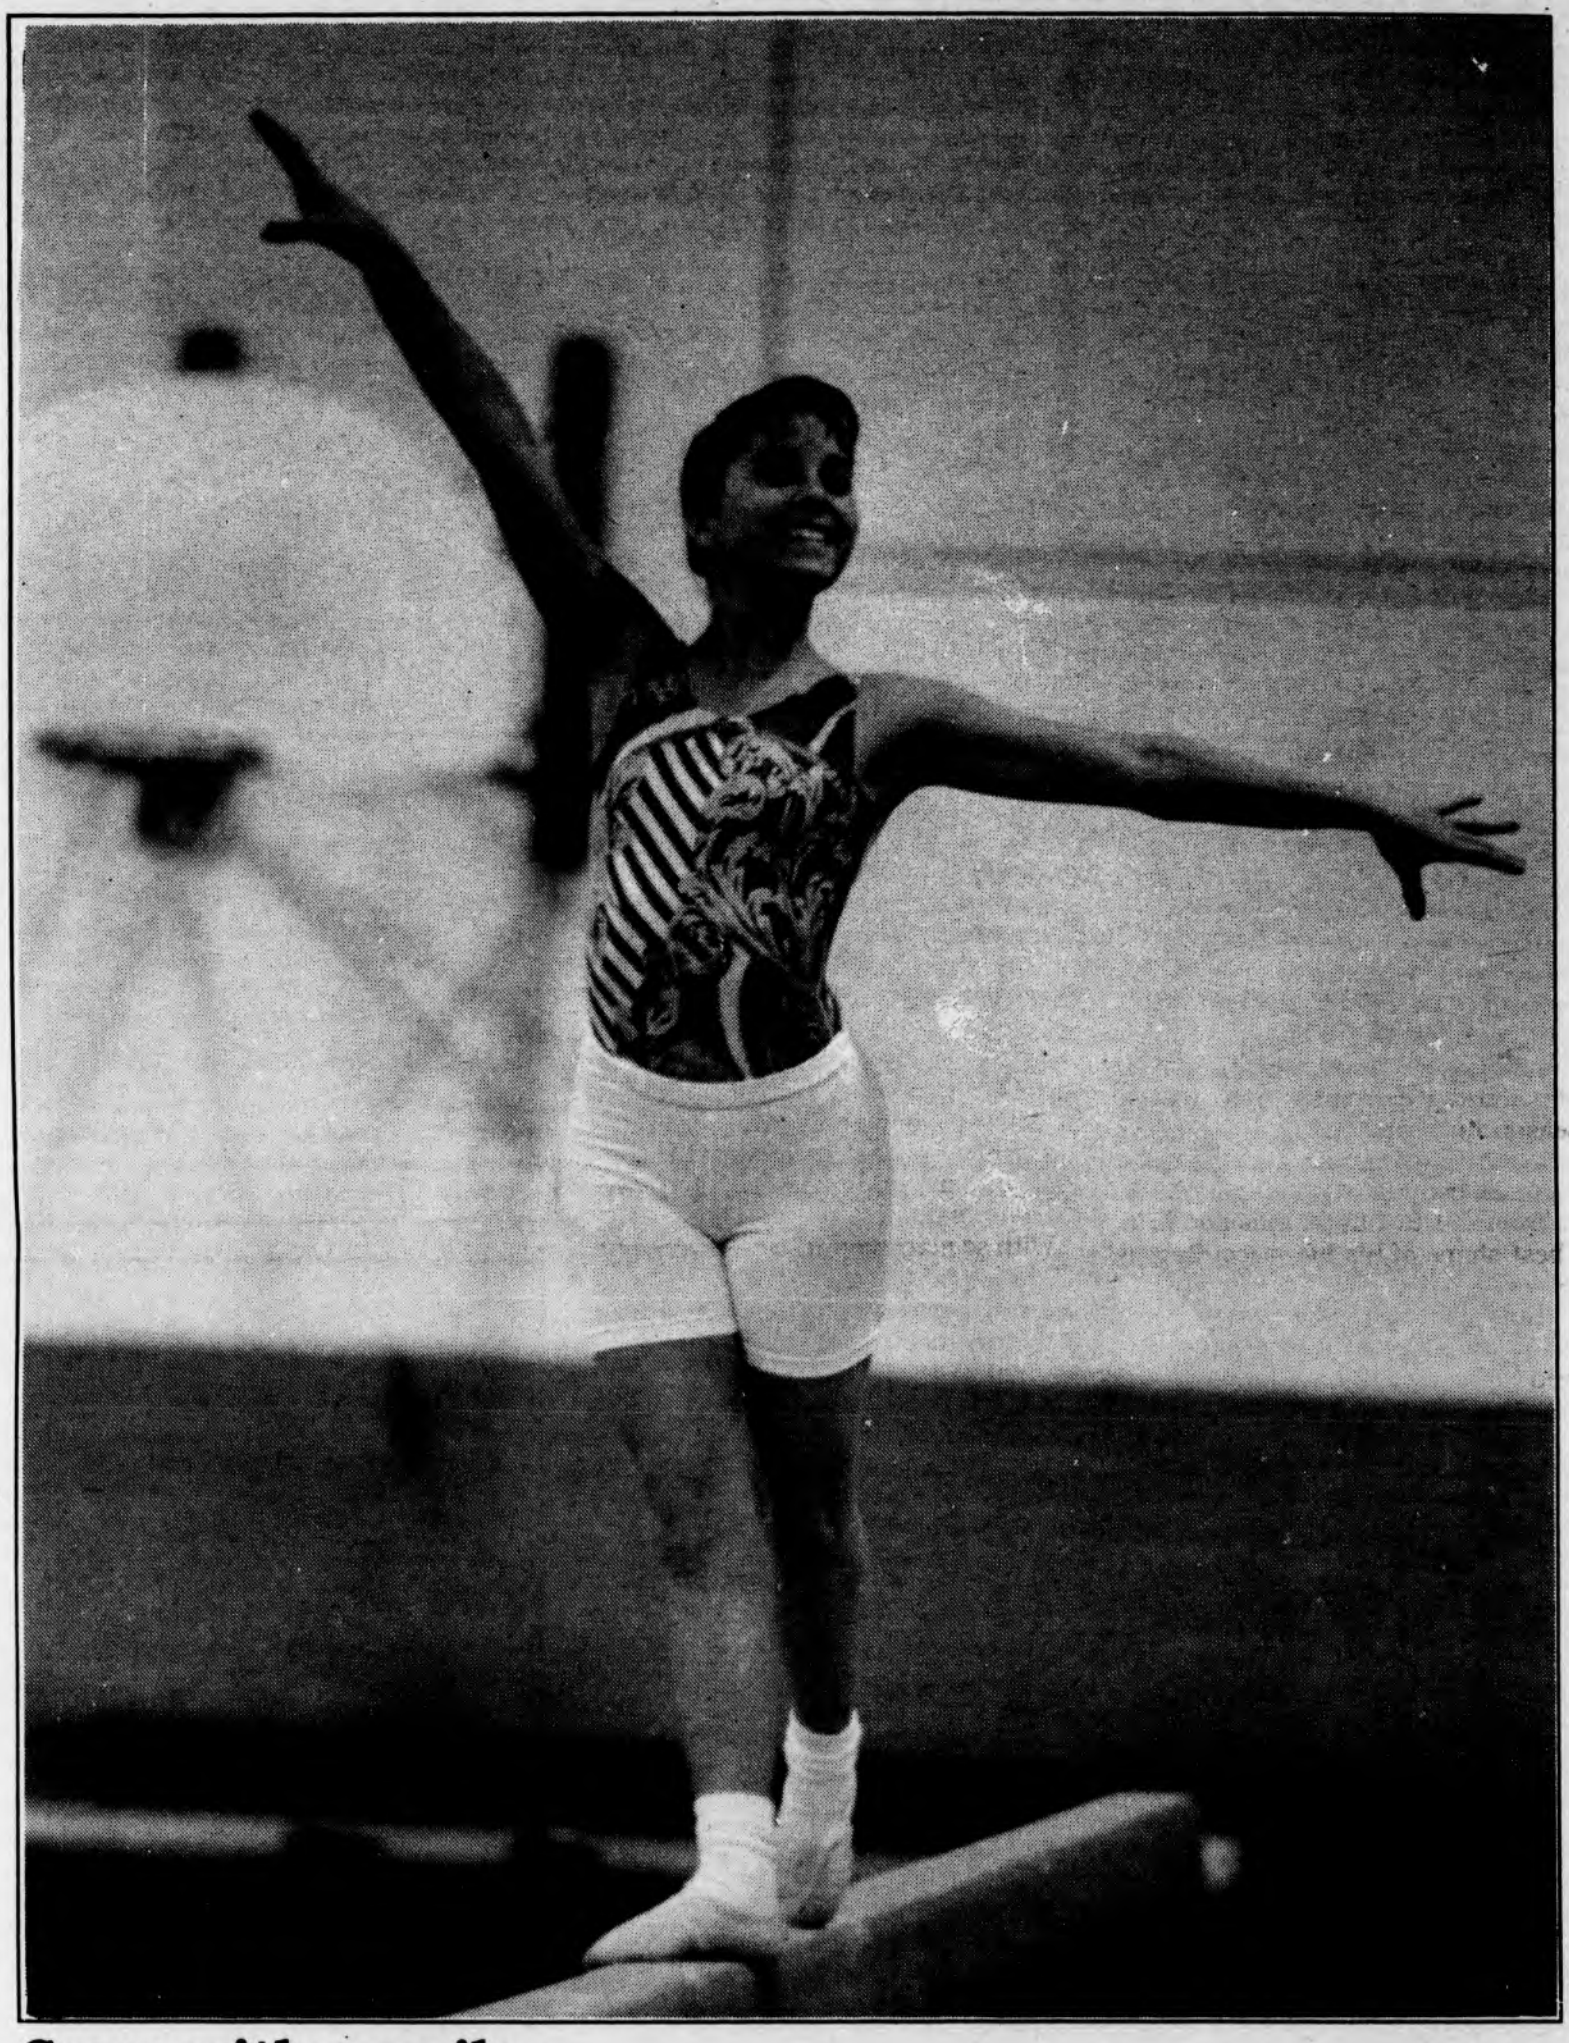
Ardizzoni did say she was pleased with the overall performance, given the fact the team was not at full strength. She also believes the preseason goal of scoring above 120 in the first meet would have been accomplished.

"We easily could have hit a 124 last night," Ardizzoni said.

As for Thursday's meet at Hanover, Ardizzoni said she has heard several rumors as to how good the Indians are this season.

"But we're good too," she said.

Norwell didn't say different.



Grace with a smile

Skippers' gymnast Megan Pratt looks relaxed as she practices her balance beam routine during a recent workout. (Staff photo/Alan Chapman)

Gould Academy senior Melinda Johnasen was recently named to the Maine Association of Independent Schools' All-Star varsity soccer team. She is the daughter of Mr. Frederick Johnasen of Cohasset.

Junior high soccer team celebrates season

By Susan DeMichele
Special to the Mariner

Celebrating a fine season, the boys junior high soccer team had a Break-Up Pizza Party Nov. 5 which featured a Parent/Player soccer game. In a surprising victory, the older set proved a formidable opponent with size and aggression on their side — winning 3-1.

Under the leadership of coach Larry Shultz, the team had a 4-4-3 record for the season and finished an impressive second in the Derby-Thayer Invitational Tournament Oct. 22.

FAX your sports to: 837-4843

Ryan Freeman heads young wrestling squad...

(Continued frompage 21)

putting together a strong campaign this winter.

"Hopefully we'll be in the middle of the (South Shore) league," said Sweeney. "We obviously don't have a lot of experience. Based on experience I'd have to think it'll be a rebuilding year."

Cohasset has a surplus of freshmen wrestlers this season. It is a positive sign for the future, but for now Sweeney wants to get them acquainted with life on the high school wrestling circuit.

He plans on using the majority of them "to fill the holes" in certain weight divisions where Cohasset lacks seasoned veterans.

However, the Skippers do have a crew of more experienced wrestlers back for another season on the mats and he predicts Cohasset fans will see big things from them in the coming months.

Ryan Freeman tops the list. Second in the All-State meet the past two years, the personable co-captain is as good a wrestler as they come. Not only in Massachusetts, but in New England as well.

Freeman will wrestle in the 130- or 135-pound division in his bid to put qualify and put on a strong performance in the New England meet.

Sweeney has little doubt Freeman will do just that.

"He's without a doubt one of the best wrestlers in New England," he said.

Junior John Whitehouse, who'll also be wrestling in one of the same two weight divisions as Freeman.

The Skippers' other co-captain, Dan Silvia, worked extremely hard in the offseason and switched to a high protein diet to gain muscle and do away with any excess body fat. The result? Silvia went from 171 to 145 pounds and is in the best shape of his life, according to Sweeney.

A .500 wrestler at 171 pounds, Sweeney thinks Silvia will be much improved in the new division.

In the heavyweight class, Sweeney plans to slit the duties between junior Nate Caldwell and sophomore Larry Adams. Sophomore Justin Buckley will see action at 160 pounds, while Kevin Duffy, who placed in the South Sectionals last winter, could be on the mats at 119 or 125.

"He'll certainly be one of the leaders (of the team)," Sweeney said.

Freshmen Tucker Gledhill and Darrell Jones will hold office at 103 pounds and 171 pounds respectively.

And though Sweeney is looking forward to the start of another season, he pretty much knows he'll see the extremes between the experienced wrestlers and those just starting out.

He understands the commitment and huge effort the sport requires and knows not all high school kids are able to make that kind of commitment.

"Most of the upperclassmen have a chance to do well," Sweeney said. "They should win more matches than they lose."

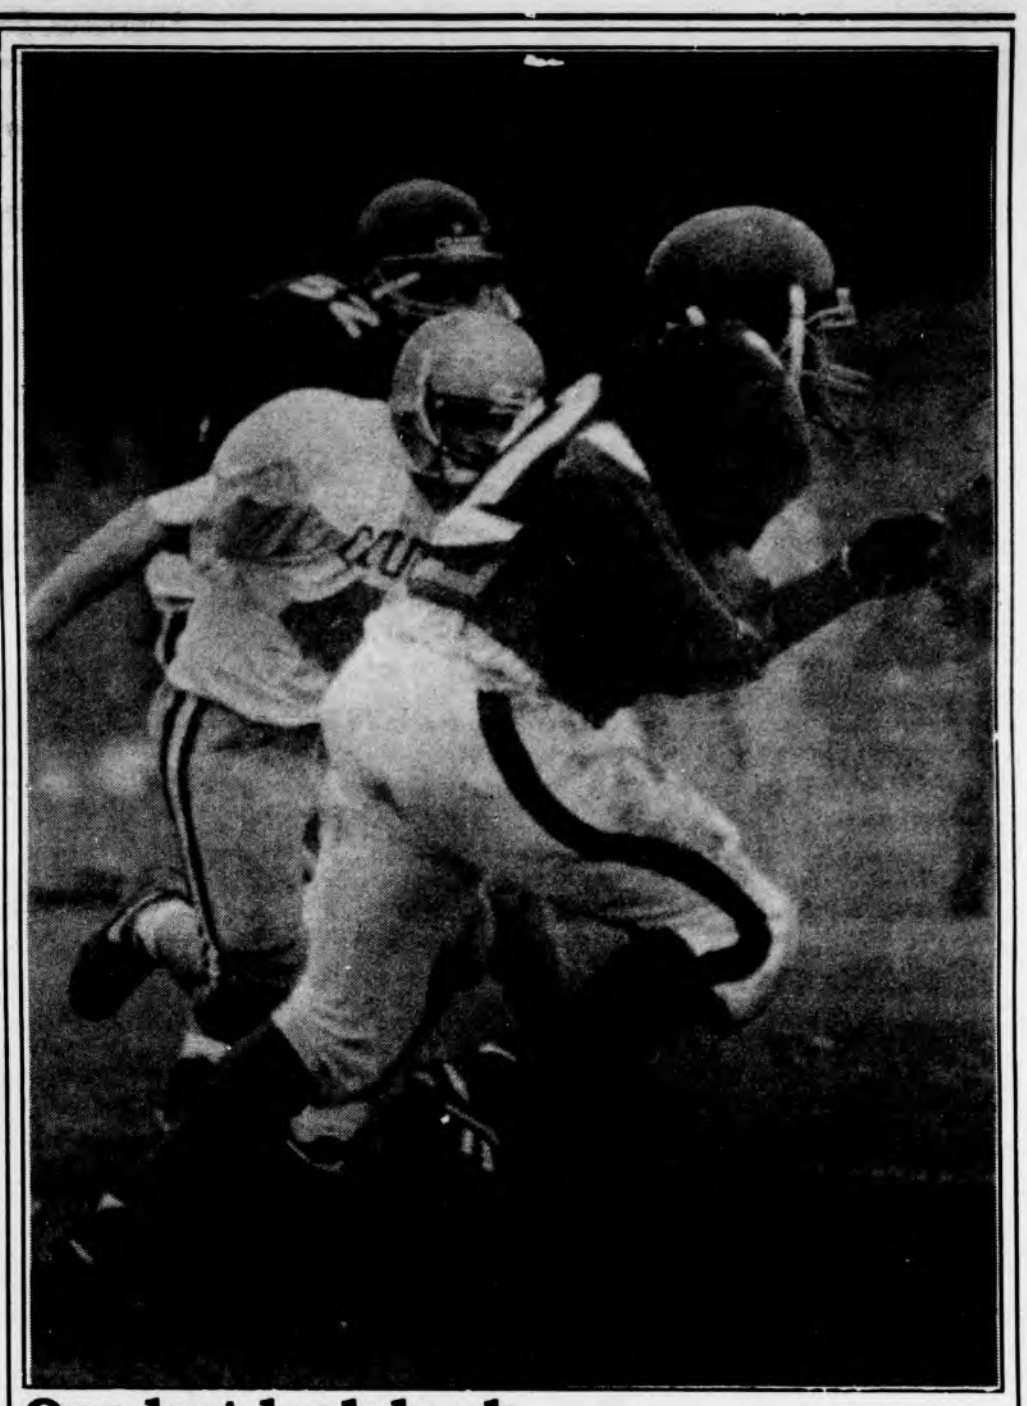
As for the eighth-graders, he said: "Some will rise to it. For some of them it will be a learning experience.

"I'm looking forward to it. I didn't think it was going to be as much as a rebuilding season as it is, but this eighth-grade group coming up is just going to be a powerhouse."

An added bonus for the team this season is the addition of former wrestling captain Peter Buckley as assistant coach. The '88 graduate wrestled under Sweeney and is very much aware of his former coach's training philosophy when it comes to the sport.

"He has a good knowledge of the team and the method in which I teach," Sweeney said.

With so many youngsters, Sweeney is as much a teacher as a coach this season, maybe more. Only time will tell what kind of students the eighth-graders make.



One last look back

Cohasset High running back Tom Allen breaks away for big yardage during a game this past fall. Allen, who is playing basketball this winter, led the Independent League in scoring and rushing.

Where are they now?

Former Cohasset High student Nathan Fiore is now a member of the Worcester Polytechnic Institute wrestling team. Fiore, who graduated from CHS in 1993, was an All-Star and All-Scholastic under the tutelage of head coach Torin Sweeney.

Bay State winter games skiing events scheduled

The 10th Annual Bay State Winter Games will be held in the Berkshires Feb. 3, 4, 5. The games will feature more than 1,000 athletes competing in four sports: masters ice hockey, figure skating, alpine skiing, and cross-country skiing. Entries are now being accepted for alpine and cross country skiing. Call 617/727-3227 for more information.

ALPINE SKIING

Bay State Games Alpine Skiing will be held Feb. 4 at Jiminy Peak in Hancock, MA. A two-run giant slalom for high school students will be held. The application deadline is Jan. 20. Call 617-727-3227 for information.

CROSS COUNTRY SKIING

Bay State Games Cross Country Skiing will be Feb. 5 at Swift River Inn in Cummington, MA. The games include a 5K and 10K freestyle race for all ages with divisions grouped by age. The application deadline is Jan. 20. Late entries accepted with an additional $5 late fee. Call 617-727-3227 for information.

Skating lessons

The Pilgrim Skating Arena, 75 Recreation Park Drive, Hingham, offers learn-to-skate lessons from 3:30 to 4:30 p.m., Mondays (starting Dec. 19). Registration fee is $12. Lessons are $5 per week. Call (617) 749-6660 for more information.

Crew team wins New England championship race

By Jack Buckley
Special to the Mariner

Cohasset High School's crew team won the New England Championship Crewmaster Race on Saturday, Dec. 3.

Known as the "Icebreaker Race" Cohasset defeated teams from Hull, Hingham and Charlertown in "crewmaster sprints (crews row each type of boat present one time and a winner is declared by adding times of all the races) and a nautical mile sprint.

The squad ended the year with a 4-1 record. Crew members included Dean Volungis, Mike Coates, Cyrus Dolph, Anthony Green, Brendan Kinchla, Dave Marr and Brendan Mulligan.

Members of the champion Cohasset High crew team get ready to set sail in their craft.

Baseball club announces Christmas week camp

The South Shore Baseball Club will conduct an indoor Christmas Week Baseball Camp, December 27, 28, 29 and 30, for youngsters 8 to 18 years of age at the club's indoor facility located at 100 Recreation Road in Hingham, according to SSBC Director Frank Niles of Weymouth.

The four-day camp will feature instruction on defense, throwing, and hitting and will include videotape analysis of all hitters. Instruction will be given in two age groups with youngsters 8 to 12 years of age from 10 a.m. to noon, and teenagers 13 to 18 years of age from noon to 2 p.m.

Niles, a former coach at Boston College, Northeastern, and Suffolk U. and a Division I "Coach of the Year" at Weymouth South High, heads the staff of instructors for this camp. He will be joined by Rick Delvecchio of Braintree, a former standout on UConn's 1990 Big East Championship team and a three-year District All Star at Northwest Oklahoma State University in 1991, 1992, and 1993.

Other instructors for this camp will include Chicago Cubs scout Don Cahoon of Braintree, Hull's Ken Greer who is currently a pitcher in the New York Mets organization, and Paul Rappoli of Stoughton, a Carolina League All Star who is a top prospect with the Red Sox organization.

Registrations are being accepted for all sessions. Cost of the four-week program is $100 SSBC members and $125 for non-members. Attendance is limited. For registration and information, please call the South Shore Baseball Club at 617/740-2240 or 1/800-G0-4-HITS.

Be an Energizer on skates!

Join the Energizer *aerobic* figure skating classes at the Pilgrim Skating Arena in Hingham. Now offered twice weekly from 8 to 9 p.m. Sundays and Thursdays. You'll love the workout. Call 749-6660 for information.

Indoor baseball instruction

South Shore Baseball Club, 100 Recreation Park Rd., Hingham. The "Battery Club" will hold indoor baseball instruction for pitchers and catchers in two age groups, 8-12 and 13-18. Four-week sessions on consecutive Saturday mornings. Nov. 26 to Dec. 17 (ages 8-12); Jan. 7 to 28 (ages 13-18); Feb. 4 to 25 (ages 8-12); Mar. 3 to 25 (ages 13-18); and Apr. 1 to 22 (ages 8-12). Staff of full-time professional instructors. $100 members, $125 non-members. Limited enrollment. Registrations now being accepted for all sessions. Please call 617/740-2240 or 1-800-G0-4-HITS.

Douglas H. Philipsen, President and C.E.O. with Smart Service Award Winners

PEOPLE BANK WITH US FOR LOTS OF REASONS. HERE ARE SIXTY.

I'm proud to announce the winners of our Smart Service Program Awards.

Debi Andrews	Karen DiTocco	Denielle Holmes	Janice Landreville	Gina O'Brien	Susan Setterland
Tony Aveni	Dolly Dondero	Eileen Holmes	Nicole Langley	Jenane O'Neill	Richard Smith
Sheryl Bailey	Betty Downing	Nancy Howard	Charlotte Lorandeau	Elaine Oldham	Tracey Taormina
Cheryl Barbieri	Diane Doyon	Carolyn Hyslop	Sue MacDonald	Debra Perry	Nadine Timberlake
Martha Burns	Helen Duffy	Nancy Jacobson	Andrea Martin	Sandy Potter	Stephen Tirrell
Darlene Crete	Donna Eisman	Cathy Jean	Kathy McDonald	Judy Ripley	Robert Travers
Cheryl Croken	Norma Jean Ellis	Jane Joyce	Jeania Meeks	Lisa Rocchi	Christine Welch
James Davidson	Cheryl Falkenstein	Dorothy Kelly	Kerry Murley	Nancy Sannizzaro	Clara Wells
Gail DeGrenier	Patricia Furtado	Diane Koch	Don Noll	Brenda Schleicher	Robin Williams
Raymond Dionne	Hollie Harris	Janet Kusins	Joe Norton	Debbie Seely	Phyllis Whynot

Each of these individuals has continually gone the extra mile. Every day they provide our customers with helpful, courteous, knowledgeable service...we call it Smart Service.

They are committed to making banking with us a positive experience for you...because they understand that people do business with people, not institutions.

Please visit any of our 29 branch offices throughout Southeastern Massachusetts, and experience Rockland Trust's Smart Service for yourself.

Student art at Wang Center

Cohasset High School student Faye Menis is one of 50 student artists who participated in the Wang Center's seventh annual "Art by Kids" contest. The students' original winning artwork will be on display at the Center through December. On December 15 students will be honored at an awards ceremony.

The winners were chosen from nearly 1,200 entries from middle and high school students, judged on the basis of originality, creativity and the interpretation of this year's theme, "Hopes and Fears." The work was produced in a variety of media, including charcoal, crayon, pastel, pen, photography and watercolor, depicting expressions of student's innermost hopes and fears.

Following the exhibit, the Wang Center's outreach initiative, "Young at Arts," will produce a resource guide for art educators — an "Art by Kids" lesson plan book containing photographs of the exhibitors' artwork, along with the lesson plans teachers used to help their students create their entries.

DHS survey results ready

William Orman, acting principal of Deer Hill School, has announced that the poll taken on each question in the School Council's Survey of Deer Hill has been compiled and is available for review by parents.

Copies of the 22-page report of bar graphs, grading and written comments by parents are available for review at the Deer Hill library, the school's front office and the Paul Pratt Library. Every Deer Hill teacher has a copy as well. The reports may be borrowed for home review and then returned.

The grade given for each subject reflects the average of grades given by participating parents. The first part of the review process involves parental input about likes and dislikes, concerns and suggestions, which will provide the basis for planning and changes by the Deer Hill School Council.

'Who's Who' for students

Thirteen Cohasset students have been included in the 28th Annual Edition of "Who's Who Among American High School Students" for 1993-94.

"Who's Who" is the largest high school recognition publication in the country. Students are nominated by high school principals, guidance counselors, national youth groups, churches and educational organizations based on their academic achievement and involvement in extracurricular activities. Traditionally, 99 percent of the students have a grade point average of "B" or better and 97 percent are planning to attend college.

"Who's Who" students compete for $150,000 in scholarship awards and participate in the publication's annual opinion poll of teen attitudes.

Selected Cohasset students include: Christa R. Ansbergs, Peter M. Bishop, Catie E. Campbell, Daniel Christoffel, Ely J. Kahn, Karen D. Niessink, Josiah Slotnick, Jessica L. Aronson, Justin P. Buckley, Mindy Cheel, Kendra D. Gray, Corinna McMackin and Kristin L. Niessink.

Project Piano kick-off

The Boston Organ and Piano Company has greatly reduced the list price of $12,995 for a five-foot, three-inch ebony satin Yamaha Baby Grand Piano for the Cohasset High School Auditorium. Many Cohasset schools and various community organizations hold plays, concerts and musical productions in the auditorium.

The PSO and the Cohasset Arts Boosters have kicked off "Project Piano" with donations of $1,000 and $500 towards the $7,500 reduced purchase price.

school notebook

(Continued from page 26)

Individuals and groups are invited to contribute through the "purchase" of various parts of the piano: $50 for each key; $100 for each piano leg; a music holder for $150; piano bench and lid for $200 each and pedals for $250 each.

Donors will be listed in the spring program. The purchase target date is Feb. 14. Tax-deductible checks made payable to "Project Piano" may be mailed to Ann Whiteley, 35 Pond Street, Cohasset or dropped off at any school office. For further information call 383-9310.

Mobile science lab at OS

The Osgood School has received a mobile science Grow Lab cart that can be moved between classes for hands-on science and nature activities. The lab, originally suggested by second grade teacher Barbara Buckley, will be used by students in all four grades.

The cart contains plant materials, microscopes, beakers and science books and was funded as a special project of the PSO.

CHS crew team wins race

The Cohasset High School's crew team won the New England Championship Crewmaster Race on Saturday, Dec. 3. Known as the "Icebreaker Race," Cohasset defeated teams from Hull, Hingham and Charlestown in "crewmaster" sprints and a nautical mile sprint. (Crews row each type of boat one time and a winner is declared by adding the times of all the races.)

The CHS crew team ended the year with a 4-1 record. Crew members are Dean Volungis, Mike Coates, Cyrus Dolph, Anthony Green, Brendan Kinchla, Dave Marr and Brendan Mulligan.

Deer Hill coat drive

The fifth graders at Deer Hill School recently collected over 400 pounds of coats to send to Pine Ridge, South Dakota to benefit needy Native Americans.

Robert O'Hayre, sales manager of Packaging Products Corp. of New Bedford, arranged for the donation of shipping boxes.

Peter Clougherty of Eastern Connection Operating, Inc. provided delivery services free of charge.

The team of fifth grade teachers and students who organized the project and collected the clothing is grateful to all the families who donated coats and money.

Band/chorus assn. at DHS

A Band and Chorus Parents' Association is being formed at the Deer Hill School to serve as a support group to the band and chorus directors when needed, and to explore ways in which students can continue participating in musical groups at the junior and senior high schools. More than 75 parents have already joined.

At least two-thirds of the DHS students are members of the band, chorus or concert choir. A post-holiday concert party will he held for the two music groups sometime during the first week of January.

To support the spirit of the band and chorus, automobile decals may be purchased at the Deer Hill School office for $2.

Music conference attended

Cohasset High School teachers Melissa Barry, Joseph Federico, George Fortin and Paul Narkiewicz attended the 29th annual conference of the Massachusetts Foreign Language Association on Nov. 4 and 5 in Andover.

The conference included more than 60 workshops addressing needs in Chinese, French, German, Italian, Latin, Russian and Spanish classes. Teachers from throughout New England and program presenters from across the nation attended.

country's need for increased language proficiency and global awareness, has more than 1,000 teachers as members.

Drama workshop at DHS

The Cohasset PSO board will sponsor a Drama Workshop at Deer Hill School during the month of March.

The Wheelock College Family Theater will perform at the school and conduct three 90-minute workshops for teachers, Deer Hill students, parents and junior and senior high school students who would like to participate.

The classes will be held during early-release Thursdays and 1:50 periods, with a student performance planned for the spring.

The PSO board thanks Diana Kinch, who has worked with DHS teachers and the Wheelock College staff to make the workshops possible.

High school council meets

The Cohasset High School Council held its third meeting of the 1994-1995 academic year Nov. 15. As usual, the Council discussed a wide range of interesting issues which impact the students of Cohasset High School.

Topics discussed by the CHS Council included the school's Code of Conduct, dress codes, the impact upon the Jr./Sr. High School of the proposed town-wide school restructuring and discussion of a possible new attendance policy in conjunction with the revamped vacation schedule approved by the School Committee. The Council continued discussion over the role of community service in a students' education and proposed changes in the seventh and eighth grade exam schedules.

The next meeting of the CHS Council was Tuesday, Dec. 6 at the Cohasset High School library. Joining the Council at the beginning of the meeting were CHS students actively involved in community volunteerism. The students shared their experiences and the public was invited to express its views on the role of community service in a Cohasset High School education.

Anti-hunger campaign held

Tuesday, Nov. 22, students at Derby Academy in Hingham participated in a Hunger Banquet as part of a nationwide campaign to fight world hunger. The banquet was organized by Derby Academy's World Awareness Organization for the third year in a row. Language teacher Alan Rivera is the coordinator of the World Awareness Organization this year.

The entire upper school, fifth through ninth grades, as well as the school's faculty and administration, waas randomly divided into three groups — "First Worlders," "Second Worlders," and "Third Worlders" — to represent different world populations according to their available food resources. The "First Worlders," 15 percent of the population, receivedd a gourmet meal. The "Second Worlders," 25 percent, was served rice and beans. The "Third Worlders," 60 percent, got only rice and water. The different meals were served to dramatize the inequitable distribution of food worldwide.

The banquet was effective in showing the students that many others in the world do not have what they take for granted every day. For those students who received a meal of rice and beans or plain rice, the message is brought home by hunger pains they felt by the end of the day. Those who were served a gourmet meal often feel a sense of guilt when they see their classmates going without. The Derby event is one of thousands of events taking place across the country at this time of year to raise money and awareness about world hunger. In addition to the banquet, the World Awareness Organization will show videos and distribute literature to raise people's awareness of world hunger.

The $150 the school saved by not making a full lunch for all the students will be donated to Oxfam America, a nonprofit, international agency that funds self-help development and disaster relief projects in Africa, Asia, the Americas and the Caribbean. Oxfam awards grants to local groups in 28 countries who are working to increase their food production or economic self-reliance. It also works to educate the public and policymakers here in the United States about hunger and development issues. Oxfam America was founded in 1970, and is based in Boston. Derby Academy is an independent day school with over 200 boys and girls from 31 South Shore communities.

Talent, energy abound in Guys and Dolls

Hot Box Girls, Emily Collins, Jen Ripley and Meredith O'Hayre strut their stuff in 'Guys and Dolls' on stage last weekend at Cohasset High.

The Crap Shooters mesmerize the audience. More than 80 students took part in the all-school production.

Miss Adelaide (Grace Deveney) and Mission Doll (Ali Ritts) give stellar performances.

By Judy Ritts
Special to the Mariner

Junior/Senior High teens dazzled the audiences with their production of the Broadway musical 'Guys and Dolls' over the weekend.

Jo-Ellen Woods and Bryan Marks, the director and musical director of this phenomenal production, were beaming with broad, proud smiles as the teens took their final bows at the Sunday matinee while the audience stood honoring the students' talent, energy and commitment.

Stunning performances by the cast of 80 will linger long in the memories of the hundreds who enjoyed the show. The portrayals of Sky Masterson (Nick Welz), the 'Mission Doll' (Ali Ritts), Miss Adelaide (Grace Deveney), and Nathan Detroit (Conor Mangan) captivated the hearts and imaginations of all. The Hot Box Girls, the Crap Shooters, the New York policemen, and the faithful Salvation Army Mission Band brilliantly transported the audiences to the heart of New York City in the late 1940s. The energy generated by the cast and crew, Cohasset's very own 'guys and dolls,' never ceased to amaze the audiences!

Be proud cast, orchestra, crews, Mrs. Woods, Mr. Marks, Mrs. Duffy and all who helped launch the holiday season with this memorable production. Bravo to all!

ONE LOW RATE LEADS TO ANOTHER
HOME EQUITY LINE
NO POINTS, FEES OR CLOSING COSTS

6.98% APR	9.50% APR
LOW INTRODUCTORY RATE*	REGULAR LOW RATE*

Compare and see the savings you'll realize by refinancing. In addition to our low introductory variable interest rate for the first six months of the loan, the regular variable interest rate is *only 1.00% rather than the 1.50%* over the prime rate charged by most other lending institutions. If you are paying a higher interest rate simply transfer the balance to a Home Equity Line at Hingham Institution for Savings and start realizing a savings immediately and take advantage of possible tax deductions.**

HINGHAM INSTITUTION FOR SAVINGS
ESTABLISHED 1834
749-2200

Member FDIC DIF
EQUAL HOUSING LENDER

*The low introductory discounted rate on the Home Equity Line is valid for the first six months of the loan and is offered to all new credit lines secured by single family and two family, owner occupied homes. The introductory rate and the regular rate are variable and will change if the Wall Street Journal prime rate changes. The introductory interest rate of the loan is calculated by subtracting 1.52% from the prime rate published in the Wall Street Journal on the first day of the billing cycle, thereafter the regular interest rate is calculated by adding 1.00% to the prime rate. The maximum APR is 18%. Property insurance is required. Final approval will be subject to income verification, appraisal, if necessary, and clear title. This offer is subject to change and may be withdrawn at any time.
**Please consult a tax advisor regarding possible tax deductions.

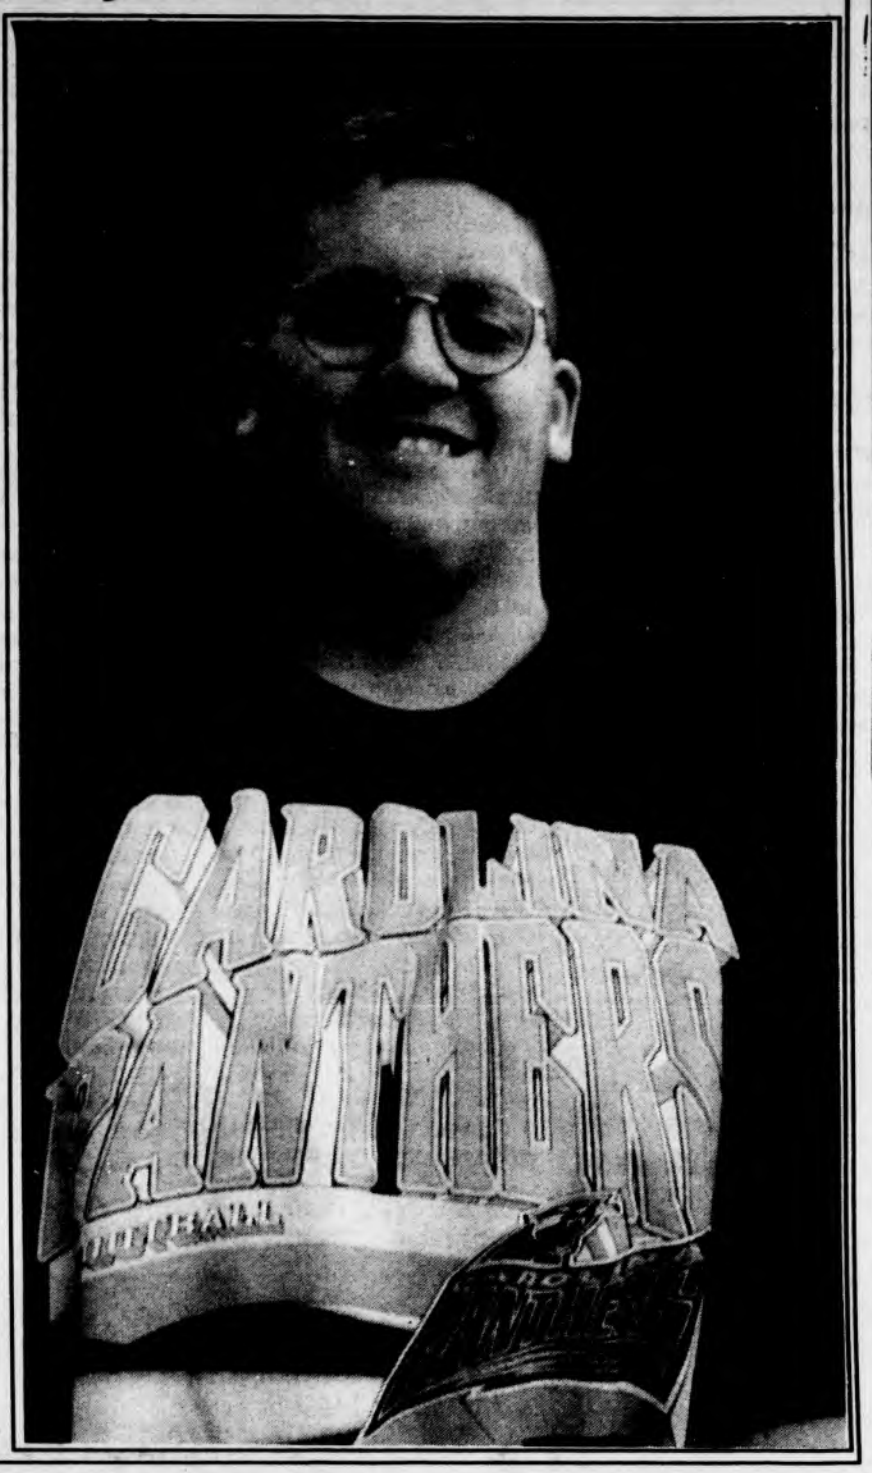
Student of the Month



Brad Potolicchio

We would like to nominate Brad Potolicchio as October's Student of the Month.

Brad has continually volunteered to assist with Kara, helping out with Lunch Duty and is a major contributor to WCHS.

Recently Brand showed his good Samaritan ways by looking for, and finding Elisha Yearwood's bike which had been taken from the front of the school.

Thank you Brad!!
Ms. Donovan
Mrs. Mitchell

Dec. 15 early release

On Dec. 15 there will be no afternoon kindergarten sessions and other students will be dismissed according to the following schedule:

Junior/senior high buses depart at noon. Deer Hill School buses leave the school at 12:25 p.m. and Osgood buses at 12:55 p.m.

Dec. 15 is a professional development day in the Cohasset Public Schools, approved by the Cohasset School Committee to allow teachers at the junior/senior high school and Osgood to work on their professional development goals. Deer Hill teachers will be conducting parent conferences.

It's your body's way of communicating with you—telling you to slow down. There's a lot of fitness folks and weekend exercise buffs who still believe in the old adage: "No pain, no gain." Nothing could be further from the truth. You see, pain is a response symptom that is custom built for your body. And everyone is different. In actuality, smart bodybuilders and true fitness experts rely on pain to know when to change a routine, when to rest

PAIN?

and when to modify their workouts. No one should have to live with pain. You get the maximum efficiency out of your fitness goals without damaging your body. In fact, learning the proper order and amount of strength conditioning is what fitness is all about. Call Sporstmed today—where fitness for the nineties is "No pain—that's sane."

public notice

COMMONWEALTH OF MASSACHUSETTS THE TRIAL COURT PROBATE AND FAMILY COURT DEPARTMENT Norfolk Division

Docket No. 9AP268AE1

Estate of RICHARD J. WALSH late of COHASSET In the County of NORFOLK

NOTICE

A petition has been presented on the above-captioned matter praying that the last will of said decedent be proved and allowed and that PATRICIA R. WALSH, of Lincoln in the County of Middlesex be appointed executrix named in the will, without surety on the bond.

If you desire to object to the allowance of said petition, you or your attorney should file a written appearance in said Court at Dedham on or before 10:00 in the forenoon on December 28, 1994.

In addition you should file a written statement of objections to the petition, giving the specific grounds therefore, within thirty (30) days after the return day (or such other time as the Court, on motion with notice to the petitioner, may allow) in accordance with Probate Rule 16.

Witness, Robert M. Ford, Esquire, First Justice of said Court at Dedham, the seventh day of December, one thousand nine hundred and ninety-four.

Thomas Patrick Hughes

DEPARTMENT OF ENVIRONMENTAL PROTECTION WATERWAYS REGULATION PROGRAM

Notice of License Application pursuant to M.G.L. Chapter 91 Waterways License Application No. W92-1303

Jesuit Community at Boston College

Notification Date: December 20, 1994

Public Notice is hereby given of the application by the Jesuit Community at Boston College to maintain a bulkhead, ramp and float at 150 Howard Gleason Road in the Municipality of Cohasset, in and over the waters of Cohasset Harbor. The proposed uses of the structure(s) and/or fill is to provide shoreline stabilization for the protection of existing structures and noncommercial docking and boating access to navigable waters and is a water-dependent use project.

The Department will consider all written comments submitted thirty (30) days subsequent to the "Notification Date" in order to decide whether to grant authorization for the proposed activity pursuant to G.L. Chapter 91. A public hearing may be held upon request by the Municipal Official. Furthermore, a municipality, ten citizen group or any aggrieved person that has submitted written comments may also petition to intervene to become a party before the close of the comment period. Failure to submit such petition will result in the waiver of any right to an adjudicatory hearing. Further information regarding this application may be obtained by contacting the Division at (617) 292-5695. Plans and documents for this application are on file with the Department for public viewing, by appointment only, at the address below. Written comments must be submitted to: John A. Simpson, Program Chief, DEP/Waterways Regulation Program, One Winter Street, 8th Floor, Boston, MA 02108.

COMMONWEALTH OF MASSACHUSETTS THE TRIAL COURT PROBATE AND FAMILY COURT DEPARTMENT NORFOLK Division

Docket No. 93P2259E1

Notice Of Fiduciary's Account

To all persons interested in the estate of Barbara J. Bursk late of Cohasset in the County of Norfolk,

You are hereby notified pursuant to Mass. R. Civ. P. Rule 72 that the First and Final account(s) of Edward C. Bursk, Jr. as Executor (the fiduciary) of said estate has been presented to said Court for allowance.

If you desire to preserve your right to file an objection to said account(s), you or your attorney must file a written appearance in said Court at Dedham on or before the 28th day of December, 1994, the return day of this citation. You may upon written request by registered or certified mail to the fiduciary, or to the attorney for the fiduciary, obtain without cost a copy of said account(s). If you desire to object to any item of said account(s), you must, in addition to filing a written appearance as aforesaid, file within thirty days after said return day or within such other time as the Court upon motion may order a written statement of each such item together with the grounds for each objection thereto, a copy to be served upon the fiduciary pursuant to Mass. R. Civ. P. Rule 5.

WITNESS, ROBERT M. FORD, Esquire, First Justice of said Court at Dedham this seventh day of December, 1994.

Thomas Patrick Hughes

COMMONWEALTH OF MASSACHUSETTS THE TRIAL COURT THE PROBATE AND FAMILY COURT DEPARTMENT NORFOLK DIVISION

DOCKET NO. 90P1661C3

NOTICE OF CONSERVATORSHIP

To JOHN F. STURMAN, III, THE MASSACHUSETTS DEPARTMENT OF MENTAL HEALTH AND to all persons interested in THE ESTATE OF JOHN F. STURMAN, III of COHASSET in said County of NORFOLK, a person under conservatorship.

A petition has been presented in the above-captioned matter praying that Suzanne Temple Atryzek of Medway in the County of Norfolk or some other suitable person be appointed conservator of John F. Sturman, III with surety on the bond.

If you desire to object to the allowance of said petition, you or your attorney must file a written appearance in said Court at Dedham on or before ten o'clock in the forenoon on December 28, 1994, the return date of this citation.

WITNESS, Robert M. Ford, Esquire, First Justice of said Court at Dedham, the fifth day of December, in the year of our Lord one thousand nine hundred and ninety-four.

Happy Holidays from the Mariner Newspapers

obituaries

Herbert Williams

Herbert Williams, 76, of Cohasset, died Dec. 9 at the Mediplex Health Care Center in Braintree after a long illness.

Born in Somerville, he attended Cohasset High School and Northeastern University before enlisting in the Army in 1938. He was discharged as a major and was a former member of the Retired Officers Association.

Mr. Williams was a major in the Army Reserve and past commander of the Cohasset American Legion Post.

He was the assistant vice president of the Fanny Farmer Companies, Inc., and former secretary of the Cohasset Planning Board and former member of the Democratic Town Committee.

Mr. Williams was a past president of the Cohasset Board of Trade and managed the Old Salt House Inc. in Cohasset during the 1950s, then the largest water boat show in the state.

He was the former sales manager for Cohasset Motors.

He was the husband of Barbara (Ahearn) Williams and leaves three sons, David Williams of Plymouth, Douglas Williams of Marston Mills and Dean Williams of Cohasset; a daughter, Dana Clifton of Marblehead and three grandchildren and many nephews and nieces. He was the brother of Eleanor Herman of Vancouver, Wash.

A memorial Mass will be celebrated at a later date. Burial was in Massachusetts National Cemetery in Bourne.

Donations in his memory may be made to the Cohasset Historical Military Memorial, Inc., Box 701, Cohasset 02025.

Diane Doros-Mora

Diane Doros-Mora, 38, of Cohasset, died unexpectedly Nov. 12 at home.

A native of Dayton, Ohio, she was educated in California. Ms. Doros-Mora lived in Cohasset for several years.

She was a former parish secretary at St. Anthony's Church.

She leaves several relatives in Cohasset and California.

A funeral mass was held in St. Anthony's Ch[illegible] Burial was in Woodside cemetery.

Catherine Meade

Catherine (Barry) Meade, 89, of Cohasset, a retired City of Boston Housing Authority employee, died Dec. 7 in Quincy Hospital after a long illness.

Mrs. Meade worked for S. S. Pierce Co. in Brookline for 22 years before working for the City of Boston.

She was born in Brockton and lived in Quincy before moving to Cohasset 10 years ago.

Wife of the late John Myles Meade, she leaves two daughters Nanse A. Meade of Quincy and Susan B. Meade of California.

A funeral Mass was celebrated Dec. 9 in St. John's Church, Quincy. Burial was in St. Mary's Cemetery, Randolph.

The Keohane Funeral Home in Wollaston handled the arrangements.

Donations may be made to Father Bill's Place, 30 Broad St., Quincy.

Cohasset's week

Nomination papers ready

Nomination papers for the town election on Saturday, April 1, will be available at the Town Clerk's office beginning Monday, Jan. 9 through Thursday, Feb. 9, until 7 p.m. that evening.

All nomination papers should be submitted to the registrars of voters for certification of names and addresses on or before Monday, Feb. 13, until 5 p.m.

Open seats include two positions for three years for selectmen; one position for three years for assessor; two positions for three years on the school committee; three positions for three years as trustees of the Paul Pratt Memorial Library; one position for three years on the Board of Health; one position for three years for water commissioner; one position for five years for sewer commissioner; one position for three years on the planning board, one position for five years on the recreation commission and one position for five years on the Cohasset Housing Authority.

50 signatures are needed to have a name placed on a ballot. Campaign forms must be filled out.

Train consultants narrowed

At their Jan. 9 board meeting, selectmen will interview representatives from three companies vying for the job of helping the town comment on a state environmental feasibility study on transportation alternatives including the Greenbush Line of the Old Colony Railroad.

Five bids for the work were received and this week selectmen narrowed the list to Boston-based Hoyle, Tanner & Assoc., Inc. for $13,000; Diamond Environmental Associates of Newton for $15,000; and Camp, Dresser & McKee of Cambridge for $14,500.

In October special town meeting voters authorized spending up to $15,000 for a consultant to help the town comment on the Environmental Impact Report (EIR).

Executive Secretary Gregory Doyon said selectmen felt these three companies have the expertise and experience with environmental issues "were in the ball park" price-wise.

Other bidders were Gates, Leighton, & Assoc. Inc. of Cambridge at $42,500 and Atlantic Design Engineers Inc. of North Dartmouth at $30,000.

Parking is a problem

Sunday, Dec. 11 five parishioners at St. Stephen's Church were ticked for parking on the street while at worship.

The Rev. E. Clifford Cutler wrote to selectmen asking for any consideration to those who were ticketed without any notice of "this change in enforcement."

"We have been informed in the past about the illegality of parking on the corner under any circumstances and have notified our parish," Cutler said. "This is the first time in ten years that I can recall tickets being issued for Sunday on-street parking.

"I spoke with the police chief and said I would have liked to have been told ahead of time that this change in ticketing would take place so that I could have informed our parishioners to find alternate parking," he said.

Cutler said Chief Brian Noonan suggested he write to selectmen to request that an additional sign be placed under the current "No Parking" signs that would allow Sunday parking on Highland Avenue, Highland Avenue Extension, and the paved section of Jason Road.

Executive Secretary Gregory Doyon said selectmen have asked the police and fire chiefs to review the matter. He noted that parking problems aren't limited to worshipers.

"At other meetings too, there is a heavy demand for parking," he said.

Opposing sides reach accord over WWII honor roll

By Mary Ford
Mariner staff

A panel with names of Cohasset veterans who served in the occupational forces following the end of World War II will be added to the town's honor roll after all.

This week selectmen gave members of Cohasset Historical Military Memorial, Inc. (CHMM), the go ahead to add a granite panel with 40-to-60 names to the right side of the monument in Cohasset Harbor.

The group can also proceed with design of the World War I honor roll, selectmen said. That wall will be placed to the left of the World War II section.

Work on the multi-war memorial, originally planned to be one of the most complete in the United States, screeched to a halt nearly two years ago when sparks between some of the town's veterans flew over just who should be included on the honor roll.

CHMM planned to include only World War II veterans who served before V-J Day when the search for veterans' names began. V-J Day (Sept. 2, 1945) is when the Japanese signed surrender terms aboard the battleship "Missouri."

However, the Veterans Administration recognizes those who served between Pearl Harbor Day, Dec. 7, 1941 and Dec. 31, 1946 as eligible for WWII benefits and those veterans are also entitled to a WWII Victory Medal.

The problem was exacerbated because the 15 granite panels containing 145 WWII veterans' names were carved and ready for placement when the dispute surfaced and there was no room left on those panels for the names of veterans who were part of the occupational forces following V-J Day.

CHMM, a private non-profit group, raised about $30,000 through private donations to build the memorial. It has spent $15,000 and can use the remaining money to add the World War II panel and build the World War I honor roll, CHMM president Austin Ahearn, Jr. said.

Acting on the recommendation of the committee formed to assist with completion of the memorial, selectmen agreed to form an appeals board to review names to be added to the World War II honor roll.

Joseph McElroy, spokesman for the committee representing veterans' groups in town, had hoped to put an article before town meeting asking for town support to complete the entire project at a cost of $60,000-to-$80,000. He was also concerned that not all 20th Century wars would be recognized.

"We're in danger of seeing Korea and Vietnam in the background indefinitely," he said.

Ahearn was not optimistic that the town would support the project.

"I don't think you'll get a dime out of the town," he said. Ahearn said sending out a direct appeal in the mail is the best way to raise needed funds.

McElroy also suggested the scope of the memorial be limited to wars which occurred in this century. CHMM had planned to include names of all who served in wars from the Revolution to Desert Storm. McElroy also noted that the area is "a real focal point for Cohasset Harbor" and the completed memorial would be not only an enhancement to the park but a fitting tribute to the town's veterans.

Selectmen opted to leave decisions on the scope of the project and how to pay for panels honoring veterans of the Vietnam and Korean Wars for another day.

Chief: summer police officers are crucial

By Mary Ford
Mariner staff

Selectmen will support hiring of seasonal police officers this summer to beef up patrols in town.

The $8,000 needed will cover equipment and salaries of $8 per hour for two officers working 40 hours per week from June 21 through August 27.

"This would provide coverage we desperately need," Police Chief Brian Noonan told selectmen this week.

Noonan said the officers would not be on bicycle patrol which requires extra training, but would be on foot and walk Sandy Beach, the Village and anywhere else they might be needed.

He explained that a seasonal police officer, appointed by selectmen, would arrest violators of the law, complete written reports, investigate certain misdemeanor offenses and motor vehicle accidents, make court appearances, assist the public, and perform any service within the scope of police jurisdiction and handle emergency situations.

Seasonal offices must be a U.S. citizen, have a valid Massachusetts Driver's License, be at least 20 years old and be in good physical health. He or she must have passed the state criminal justice training council course and be certified in CPR.

Due to budget constraints the town has not had summer police officers in years.

Noonan included money for seasonal police officers in his FY'96 police department budget request which totals $946,724 an increase of 2.9 percent over last year.

The budget also includes $114,000 in projected overtime costs and $57,285 for three new cruisers. The bulk of the police department's budget goes toward salaries.

Bicycles are donated

Selectmen declared 30 bicycles surplus and will donate them to the Boy Scouts. The bicycles were recovered by the Cohasset Police Department.

Final applicant interviewed

Selectmen completed interviews this week to fill a vacancy on the Historical Commission. Ellen Freda, 62 Howe Rd., is one of three citizens interested in filling the post recently vacated by Nancy Snowdale.

Last week they interviewed Joseph M. Curley, 9 Church St., and Herbert Jason, 59 Cushing Road.

Freda, a consultant who moved to Cohasset from Acton five years ago, said her background in architectural preservation and history and expertise in editing and report writing would be a plus for the commission.

Selectmen took the appointment under advisement until their Jan. 3 meeting.

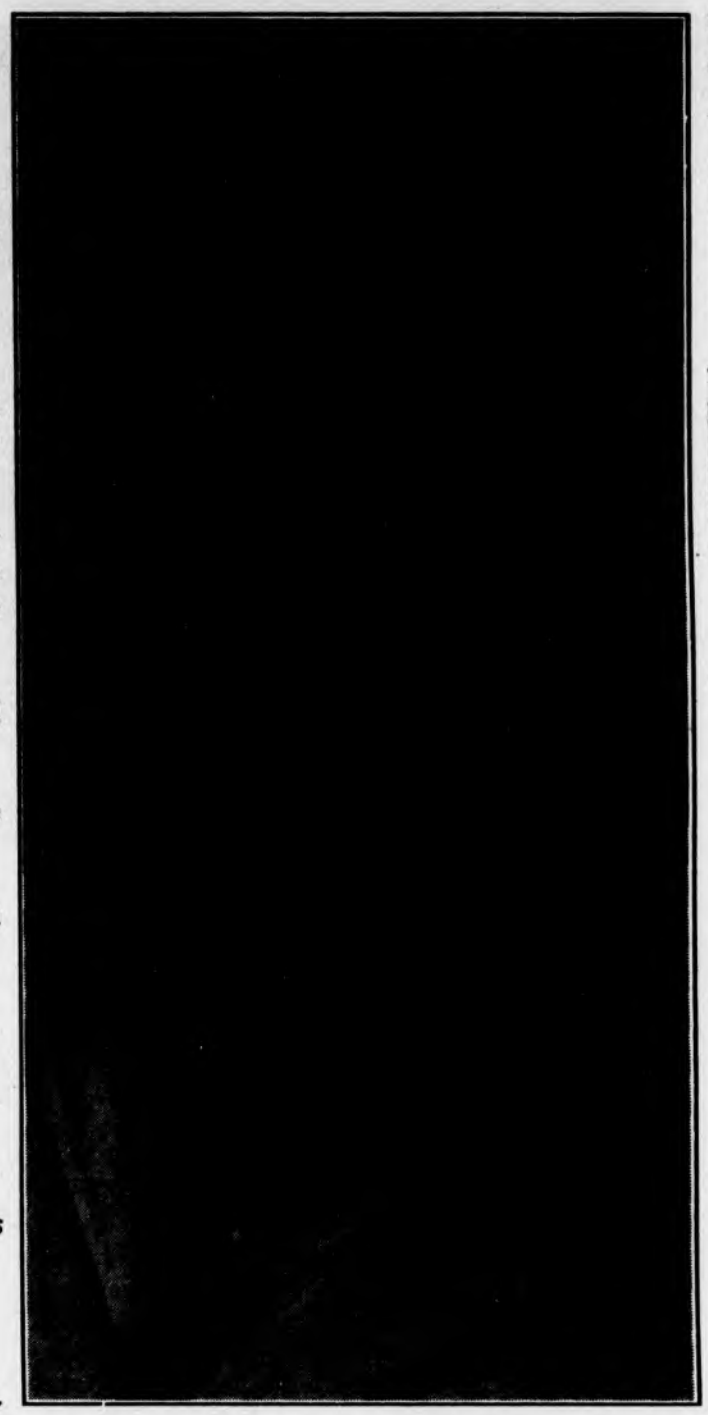
Herb Towle



Name: Herb Towle

Occupation: Retired electrical contractor. Currently serving on the boards of the Cohasset Lightkeepers Corporation and Cohasset Sailing Club.

Goal: To enjoy my life.

Best day(s) of your life: I have several including marriage, children, creation of the Sailing Club and refurbishing the lightkeeper's residence.

Biggest worry: The dangers brought upon our world, our people and our children by the terrible example of lifestyles portrayed by TV and the movies at this time.

Most embarrassing moment: Many times being unable to recall a friend's name quickly.

Best vacation: I have a daily happy lifestyle which is a continual vacation!

Favorite season: They're all good except the high humidity in summer.

Favorite holiday: Fourth of July.

Favorite movie: *South Pacific.*

Favorite TV show: *60 Minutes* and the news.

Favorite book: *The Autobiography of Thomas Watson.*

Favorite junk-food: Hamburgers.

Person you'd most like to meet: Ben Franklin.

Pet peeve: Drivers who crowd too close and tailgate the car ahead of them.

Recalling a special Christmas 50 years ago. . .

By Joel Pratt
Special to the Mariner

It was hard to be merry that Christmas of 1944. We had been at war for three years. Each day the radio news and newspapers were filled with reports of the German offensive in the Ardennes — the Battle of the Bulge — which had started in mid-December. In the Pacific, the invasion of the Philippine Islands had been under way since mid-October. Families had no way of knowing whether their sons, brothers, husbands and fathers who were overseas were safe or not. Few of those Cohasset servicemen and women who were still in the States could travel home for the holidays.

Late in the afternoon of Christmas Eve, my mother and I walked from our home on Stevens Ln. to the Common. A community carol sing had been held in front of the town hall each year since the start of the war. We listened to prayers offered by the ministers of the churches on the Common and to a short talk by Charlie Stegmaier, who had the idea for the event in 1941. A few traditional carols were sung and then the small crowd dispersed in the dusk. There were no gay Christmas lights in the houses and stores, due to the wartime blackout imposed on coastal towns. Even the street lights were dimmed. Few cars were on the streets — gas rationing was still in effect.

Mother and I didn't go home. Instead, we walked through the center of town to Uncle Warren's house on Elm St. for a birthday party. My grandfather, John Jacob Pratt, had been born in Beechwood Christmas Eve in 1883. His birthday celebration had become a family tradition — one of the few times each year when all eight of his children would be together.

Mother and my aunts went about preparing for the party. Ration stamps had been saved and shared so that there would be sugar and flour for cookies and pies and a roast for dinner. Soon the others began to arrive. Through the 1930s and early 1940s the Pratt family had grown considerably. By 1944, five of grampa's children had married and eight grandchildren had been born. But several of the family were absent this time. Uncle Burtram was a supply sergeant serving with Bradley's First Army somewhere in France. We knew from the news that the First Army was right in the path of the German counteroffensive, but we had no idea where Burt was. Uncle Edwin was in the South Pacific. We learned later that he had spent Christmas at sea in a troop ship on the way to the Lingayen Gulf and the invasion of Luzon in the Philippines. Uncle Jesse Lee Baynard was also in the Pacific, commanding an LST. We knew where Uncle John was: in Los Angeles with Aunt Jean and my new cousin Judy. There was no way for any of them to talk to us, let alone come home for Christmas.

Grampa (John J.) and Nana (Edna) Pratt in their living room on Ripley Road, Christmas 1944, surrounded by their family. The children in front are holding their new popguns.

For the Pratts and most other families in Cohasset and elsewhere, Christmas 1944 was a time of uncertainty and concern. Even to me, then almost seven years old, the adults' anguish and worry were palpable.

Grampa's birthday presents were few and simple: a one-pound can of his favorite Edgeworth pipe tobacco in its round, blue tin; a new screwdriver; a box of Gillette shaving soap, each cake wrapped in white paper. He sat smoking his pipe and enjoying the best gift of all — having his family together.

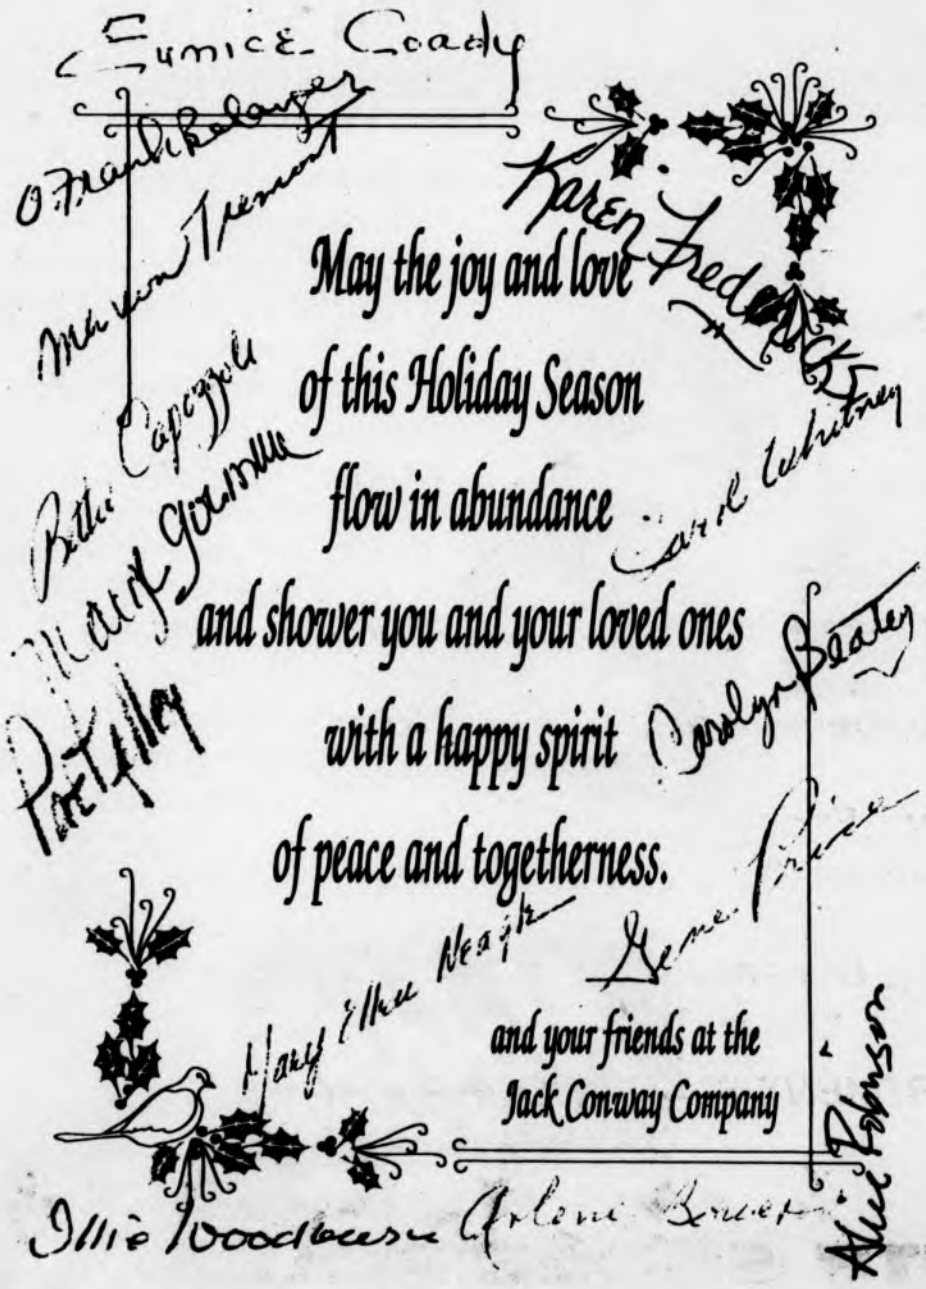
The next morning, as usual, each Pratt family emptied their stockings and opened their presents at home. But the choice of toys and presents available that year had been severely limited by the demands of wartime production. There were no tricycles, bicycles, doll carriages or sleds with steel runners under our trees. Erector sets, BB guns, electric trains and the like had vanished from the stores. The era of plastic had not arrived so what was available was made mostly of paper, cloth and pasteboard. My new school lunch box that I carried to first grade that fall was made of black fiberboard, not metal.

During the morning, Grampa Pratt walked to our house and gave my father his gift: a new "eggbeater" style hand drill that he had bought before the war and never used. Nana Pratt stayed at home to prepare Christmas dinner for the family. By noon, we were all together again, this time at grampa's house on Ripley Rd. Waiting for dinner, we kids asked each other the eternal Christmas question: "What didja get"? My older cousin Russell asked me the 1944 version: "What didja get that wasn't made of cardboard"? "Nothin'", I replied glumly.

Grampa overheard us. "Elmer", he said to my father, "This isn't right. We have to make these kids something they will remember." My father, "Pop" to everyone but his own father, had an idea. A skilled draftsman, he had made extra money during the war drawing precise illustrations of guns for Army manuals and books on weapons. He quickly sketched out a kid-sized popgun powered by a rubber band. It had a wooden stock and a broom handle barrel. After dinner, he, grampa and Uncle Warren retreated to the cellar. By late afternoon, they returned with our new toys. They had made small ones for the smaller kids and larger ones for bigger kids. We thought they were wonderful. The adults didn't think the noise was so wonderful and we were soon sent outdoors to play.

By the fall of 1945 the war was over. Uncles Burt, Edwin, John and Jesse Lee all came home in time for Christmas. But grampa was not there to share the joy of their safe return: Christmas 1944 had been his last Christmas. But when he died, in April, 1945, he knew that his sons and son-in-law had made it through that dark winter and that the war in Europe was nearly over.

(See page 7)



. . . in Cohasset

(Continued from page 6)

For the Pratts and most other families in Cohasset and elsewhere, Christmas 1944 was a time of uncertainty and concern. Even to me, then almost seven years old, the adults' anguish and worry were palpable.

The family continued to grow. Within a few years, the last three of grampa and Nana's eight children had married. Eventually there were 21 Pratt grandchildren and many great grandchildren. Several of the 50 Christmases that have passed since 1944 found Cohasset families separated by war. But we never again had blackouts, rationing or cardboard toys. Nowadays, toy weapons are not considered appropriate gifts for Christmas or any other occasion; plastic guns have become so frighteningly realistic that toy sellers have been pressured to remove them from their shelves. But our pop guns were special; no one could mistake them for the real thing and they lasted for a long time. I can't recall anything else I received that Christmas. But I have always remembered my father, grandfather and uncle spending Christmas afternoon in the cellar making wooden toys for us. Perhaps they wanted to take their minds off the grim world outside. Or perhaps, like parents everywhere, they wanted to make Christmas a little brighter for their children.

(Joel Pratt is a native of Cohasset. This year, he and his wife Hope retired to the coast of Maine near Machias.)

REAL ESTATE UPDATE

BE SMART FROM THE START

QUESTION: I have a pretty good reputation as a salesman in the garment business. Why shouldn't I sell my own home?

ANSWER: Salesmanship is a very small part of the Realtor's value. It's his or her knowledge in the intricate field of property and financing and the ability to bring qualified prospects to see your home that really counts.

If pocketing a broker's commission tempts you, ask yourself if you can afford to let an amateur manage a transaction that involves thousands of dollars – your dollars! When you want a job done well, you call a specialist. This is standard for successful businessmen. Why buck success?

around town

by Sallyann Chatterton

❒ The **Cohasset Hockey Boosters** are seeking support from YOU! To help them pay for all that they do for the dedicated players, they are seeking support from local businesses, professionals and friends of Cohasset hockey. Any amount you can contribute will be greatly appreciated! Please make your check payable to Cohasset Hockey Boosters and mail it to Cohasset Hockey Boosters, P.O. Box 653, Cohasset, 02025. Donations are tax deductible, and the names of all contributors will be acknowledged in the *Cohasset Mariner*, unless otherwise requested.

❒ Have you seen the sign downtown that shows where the new **Teen Center** is going to be located? Its a super spot, where the old police station used to be. Lots of people are hard at work to make a spot for our teens to gather, something that we all know they need. They are striving to have the center open by the Christmas vacation, that would be great for our youth, wouldn't it? They are looking for a few things to help make the center a place where teens want to go. A CD player, a good TV, and a VCR top the list. They are also looking at you guys — teens that is! What would you like to see for your gathering spot? Got any ideas? If so, give **Peter** or **Rose Collins** a call (**383-0760**), they are hard at work to help you.

❒ **Barbara Lagrotteria** of 104 Howe Rd., a senior at the College of William and Mary in Williamsburg, Va., has been named to the second string All American field hockey team.

Barbara was the leading scorer for "The Tribe" at W&M. Her father, **Jim**, flew to Harrisonburg, Va., to see Barbara play in the CAA playoffs. W&M lost in the semi-finals to James Madison University which went on to win the nationals at Northeastern here in Boston.

❒ Here's some more **Lagrotteria** news! In honor of **Frank Lagrotteria**, Class of 1950 CHS, the selectmen of Weymouth have named the Public Works Department building the "Frank S. Lagrotteria Building." In recognition of his 35 years of service to the Town of Weymouth more than 100 people were in attendance during the dedication. Wouldn't you know it, as Frank began to speak, a sudden snow squall came through. The naming of the building certainly shows how well-respected Frank is both in his job performance and by the townspeople he served. He had worked for the town for the first 22 years as town engineer, for the last 14 years he was the second public works director. Frank retired last July, here's to a long and happy retirement Frank! Keep your news coming.

"On the Twelfth Day of Christmas our true love sent to us...12 Months of bottles, 11 Months of laughter, 10 Times the fun, 9 Teeth for Doyle, 8 Months of biting, 7 Months of crawling, 6 Hundred baths, 5 Teeth for Riley, 4 Thousand diapers, 3 Hours of sleep, 2 Walking twins and an exhausted but joyous mom and dad!" Merry Christmas from the Calhouns: Dave, Kelli, Riley and Doyle.

❒ We certainly hope that **Isabelle Wilson** is feeling better as she reads this; she is presently in Ocean Manor in Scituate.

❒ Attention to members of the Class of 1991, CHS! **Doug Moe** and **Sophie Redfield** have been hard at work organizing a Friends of Andrew Ross Memorial get together. The date is Dec. 26, the time is 7 p.m., and the location is the Second Congregational Church. Doug and Sophie have sent a mailing to class members, and want to include anyone that would like to take part in remembering Andrew.

❒ All of the men at the highway department want to wish **Harold Litchfield** a Happy Birthday, and we all do too! We'll bet that his biggest wish was to keep snow to a minimum this year, after all of the plowing he and his able crew had to do last winter. Hope your day was a happy one, Harold, and may all of your wishes come true!

❒ **Andrew Pozatek** is sure to have a Merry Christmas, due in part to the fact that he got early decision at the University of Pennsylvania's Wharton School. Of course he will be playing tennis there, he is presently the captain of the team at Milton Academy. We are sure to see his name in lights someday, he is GOOD!

❒ And, don't forget tonight's (Dec. 22) performance at CHS. The winter choral and instrumental music concert will be festive, and is sure to put you into the holiday spirit!

❒ **Krissy Pozatek**, a junior at Middlebury College, is making her name known in the world of field hockey! Her team finished fourth in the country in NCAA division III. Congratulations!

❒ Speaking of the world of sports, don't forget to show your support for the various teams that will be playing in tournaments during the Christmas vacation, both basketball teams, hockey and wrestling to be exact! All teams are working hard to represent CHS to the best of their ability, your cheering for them will be a huge help. See you there!

❒ And, another CHS student makes the Around Town spotlight this week, **Faye Menis**. She took part in the Wang Center's 7th annual contest, "Art by Kids", and her artwork will be on display at the Center through December.

Good job, Faye!

❒ I'll end this week by wishing everybody a very Merry Christmas. Hope it's the best yet, and that Santa fulfills everyone's dreams! Hopefully you'll let us in on what went on at your house.

S.H.A.R.E. shares the holiday spirit all year long

By Thomas De Santes
Mariner correspondent

The Christmas season is a time of year symbolic in its celebrations, traditions and sentiments of goodwill and kindness toward others. During the month of December, people open their hearts and their wallets to help make the holidays more joyous for those less fortunate and those in need. Whether it be donating a gift to a toy drive or donating volunteer hours to a community service, people are always willing to help others during the holidays.

But when the holidays have past, many people find that their days become filled with the scheduled routine of life. Working eight-hour days, driving children to sports practices, and serving on committees seem to take precedence during the remaining eleven months of the year.

This is not the case for members of the Cohasset Chapter of S.H.A.R.E. S.H.A.R.E. is an acronym standing for Self Help And Resource Exchange and volunteering is their scheduled routine. The S.H.A.R.E. program is a year-long community service organization aimed at helping people help themselves.

Beginning in Cohasset in 1991, S.H.A.R.E. is a program developed to provide food supplies to people at substantially lower prices in exchange for volunteer services.

John Kierce, the coordinator for the Cohasset chapter, explains, "Volunteers pay $14 and submit a receipt for a minimum of two hours of community service and in return once a month they receive a bundle of groceries valued anywhere from $25 to $35."

Kierce notes, "S.H.A.R.E. is not a charity, but rather an outreach program that enables people to help themselves. They still buy the food they receive, but they are buying it with more than just money."

Kierce also stresses that the community service can encompass many things.

For example, volunteers have driven senior shuttles, baby-sat for working mothers, driven people to medical appointments, worked at the library, the school cafeterias, the churches, and with the Boy Scouts and Girl Scouts.

"We don't limit volunteers in what they can do. We like to see people help others in the community in any way they can," Kierce says.

The S.H.A.R.E. program has been helping people for years. The New England S.H.A.R.E. program is a network coordinated in Canton. Volunteers, many of whom stem from the Kierce family and other Cohasset residents, join others from the area to coordinate the distribution process.

"The network buys the food from local farmers and wholesalers, so it is not government subsidized or a donation," Kierce says. "The food supply varies from fruits and vegetables like cabbage, potatoes and peaches to various cheeses, chicken and even sausages. The four food groups are always well-represented so people are receiving quality as well as variety. When the food arrives in Canton the Wednesday before the Friday and Saturday pickups, volunteers pre-wrap the quantities and prepare the individual food units for bundles to distribute the food evenly."

Volunteers from the Cohasset chapter, who have made S.H.A.R.E. part of their scheduled routine once a month, include John Kierce, his brothers Dan Kierce, Paul Kierce, sister Rose Marie Kierce, and mother Rose, plus many others including Cohasset students. Other volunteers include Merle Graham, Fred Huntwork, Lou Simeone, Liam Tewksbury, Lot Bates, Mike Abbruzzese, Peter Hobson, and Taffy Northgale, all of whom are important members of the program.

Members of the Council on Aging also play in integral role in supporting S.H.A.R.E. Included are Helen Murphy, Mary Keating and Virginia Armstrong, who help with volunteer registrations. They let participants know where the community needs volunteer services.

Then on one Saturday morning during each month of the year, John Kierce, Dan Kierce, their father Chris Kierce and Wayne Schmidt travel to Canton to pick up the individual food units that have been prepared a few days earlier. Meeting at 5:30 a.m., these volunteers bring back their load to the Deer Hill School where those who have paid and volunteered their time can receive their food units.

"We have about 40 families that participate in the program each month so we buy about 50 units to make sure we have enough," Kierce says. "People then come between 8:30 a.m. and 10 a.m. and pick up what they have earned, and if they want, they sign up for their next month's community service."

Although the program was originally designed for those residents on a fixed income who would benefit from the reduced prices, many Cohasset participants who do not need the food for themselves donate the food to charities in the area such as Inward Mothers and various families in need. And in other instances, people volunteer their own community service hours to residents who do not have the time but are willing to

New Cohasset teen center to open Dec. 27

By Mary Ford
Mariner staff

Money maybe tight but enthusiasm for the town's new teen center is at a fever pitch, said Keith Knowles, spokesman for Cohasset Youth Resources, Inc. (CYR), the non-profit group backing the project.

Renovations of the Independence Building in Cohasset Village which will house the teen center are progressing so well that plans are to open next week, Knowles told selectmen.

The center, which will have operating costs of about $500 per month including salary of a paid college-age staffer and utility costs, is in need of donations which are fully tax deductible, Knowles said.

To raise money CYR, which leases the town-owned building for $1 a year, has offered to rent out the facility, which can accommodate a total of 49 or about 20 on each floor, for meetings of other groups when the center isn't using it.

"It should be a facility that the entire town can use and enjoy," Knowles said.

He explained that CYR volunteers have brought the building up to code. They have also added insulation, electric heat, and replaced the roof on the south side. The windows will be replaced but that project will be done in a way consistent with the architecture of the building, Knowles said.

He said the recent flap with the historical commission was "a tempest in a teapot." He stressed that selectmen call him or other CYR board members in the future if they have any concerns.

"We will be happy to answer and respond," Knowles said. "We worked together for a long time and neither I nor any member of board will do anything contrary to the interest of the town."

Contributions to the teen center may be mailed to CYR, Inc., 15 Border Street.

Historical hauntings noted

The historical commission recommended to selectmen that the jail cells in the Independence Building, which once served as the town's police station, be retained.

The structure is leased by Cohasset Youth Resources, Inc., a non-profit group, which is refurbishing the building into a new teen center.

Last week, historical commissioners were worried that the jail cells might be removed so they asked selectmen to step in.

"Once removed they will never be replaced, rebuilt, restored to tell a story," commissioner Ham Tewksbury said in a Dec. 15 memo following the Dec. 12 meeting.

"This proposed use as a Teen Center is one use, if viable, from the Commission's point of view an excellent use. We hope it survives, prospers and provides a useful service.

"At the same time we feel that whatever organization puts the building to sue should accept the fact that is is apart of the history of Cohasset and work around the bits and pieces of history that 'live' within the building."

Tewksbury suggested the cells be used as storage space or with proper lighting an office.

"It certainly would create some interesting feelings in the individual involved — would ghosts appear?" he asked.

Speaking for CYR, Keith Knowles assured selectmen this week that the jail cells would remain.

Plans are to open the new teen center next week.

S.H.A.R.E. shares the holiday

(Continued from page 9)

pay the $14.

"Ultimately, S.H.A.R.E. represents the community's willingness to help each other out," Kierce says.

According to John Kierce, who has been the coordinator for about the past two years, "I grew up in a family that was always volunteering and giving whatever we could to the community. When we heard that S.H.A.R.E. was possibly going to be discontinued in Cohasset, I stepped in with hopes of breathing new life into it. Ultimately, my goal was to bring new faces to the program. Two years later, with the help of so many dedicated people, we continue to get a great turnout from residents in the town."

The S.H.A.R.E. program is proof that people in Cohasset have been sharing the Christmas Spirit all through the year, not just during the holidays.

Surveys produce comments and quandaries

By Jeff Cutler
Mariner Correspondent

A mass of information has been collected by the School Committee, but last week members said it wasn't ready for public consumption.

School Superintendent Stephen Hart said so much feedback has been received from a survey mailed to the town recently, that "our next task is to put it together in some way that will make the most sense."

According to member Jim Kirk, thousands of comments were returned with the surveys but some evaluation has to be done on the material.

He pointed out that as many as 50% of the respondents did not have any children in the schools and were not directly affected by some of the questions on the survey.

Although some of the results might not answer all the questions the committee was looking to answer, some members were happy with the response.

Committee Chair Nancy Sandell was eager to establish a time frame for making the results public and Vice Chair Ralph Kidder said he was "impressed at how seriously people have taken this survey."

Overall, about 18% of the surveys were returned resulting in over 150 pages of comments in addition to the survey itself.

With that volume of material the puzzle of how to handle it was raised and the committee decided to form two sub-groups.

One will consolidate the comments and the feelings of the people in town and the other will evaluate the surveys using a computer to measure responses to individual questions.

'Let's plan on meeting...and rolling up our shirt sleeves and try to make some sense of it.'

— School Committee member Jim Kirk.

"Let's plan on meeting...and rolling up our shirt sleeves and try to make some sense of it," Kirk said.

The committee plans to hold an open forum in late January to present the results and field some questions and an update will be given at the Jan.10, 1995 school committee meeting.

It's your body's way of communicating with you—telling you to slow down. There's a lot of fitness folks and weekend exercise buffs who still believe in the old adage: "No pain, no gain." Nothing could be further from the truth. You see, pain is a response symptom that is custom built for your body. And everyone is different. In actuality, smart bodybuilders and true fitness experts rely on pain to know when to change a routine, when to rest
PAIN?
and when to modify their workouts. No one should have to live with pain. You get the maximum efficiency out of your fitness goals without damaging your body. In fact, learning the proper order and amount of strength conditioning is what fitness is all about. Call Sporstmed today—where fitness for the nineties is "No pain—that's sane."

On 'Being Santa Claus'

I am a good deal worried about Santa Claus. I know there is a Santa Claus, for I have been one; and what worries me is that I may be drafted again. I have three grandchildren and their father has been Santa Claus for four years and there is another little girl in the family and it looks — well it looks as though my son-in-law might be weakening. All the time he keeps saying, "YOU be Santa Claus this year, Sa-a-ay! That's the very thing — YOU would make such a dandy Santa Claus." "How come?" asks I. "Be explicit. Wherein do I seem to resemble Santa Claus any more than you do?"

"Oh! You just DO," says he.

"Don't YOU like to be Santa Claus?" says I. "I just LOVE it," says he, "and YOU should love it. I want you to have an old-fashioned rollicking Christmas all to yourself in your own house with the grandchildren all gathered around you."

"I was Santa Claus," says I, "for the first time in 1903; I was one of the first Santa Clauses in captivity in any private home; I was also one of the BEST. When I played Santa Claus, all of the other Santa Clauses were faded. One could not even look at me without tears and no one could watch me go thru the allegorical portion of my delineation of Santa Claus without almost falling in a faint. Several did faint. It embodied the pure spirituality of the Saint, with the material dynamics of Nicholas. I put more feeling into Santa Claus probably than any other person who has attempted it; and that was largely because my mask would slip up so that the eye-holes were not at all opposite my eyes, so that I had to feel — feel my way about. And I had other feelings.

"I am aware," continued I, "that it is no mean opportunity to be a Santa Claus and I would not rob you of the distinction, because you are young and have need to grow in Santa Clausing, while I am perfect. I need no further practice. I want you to remember one thing and only one thing — there IS a Santa Claus, there's GOT to be a Santa Claus and in my opinion you are IT."

— Arthur Gray Staples

(Editor's note: Arthur Gray Staples, my great grandfather, wrote 'On Being Santa Claus' more than 60 years ago as one of his holiday "Just Talks." He was associated with the Lewiston Evening Journal *in Lewiston, Maine for more than 50 years, as reporter, city editor, managing editor, editor-in-chief and publisher. He did pass on his expert skill as Santa Claus to my grandfather who later portrayed him with great enthusiasm and expertise for his 13 grandchildren. — Mary Ford, editor).*

Kindergartners' thoughts about the holidays

(The following thoughts were written by students in Mrs. Price's kindergarten classes at the Osgood School).

Michael McCue
My favorite holiday is Thanksgiving because I like seeing my aunts, uncles and cousins. We have fun and play and eat lots of food. My uncle is coming home from college.

Katy Jenkins
My favorite holiday is Thanksgiving. We get to send cards. Thanksgiving is nice and beautiful.

Austin Breslow
My favorite holiday is Hanukkah. I love to light the candles. We have a special dinner and sometimes my grandparents come.

Stephanie Fewsmith
I like Christmas because I go to my grandmother's house. I like being a big girl and carrying my own suitcase.

Wisner Murray
My favorite holiday is Christmas. My uncle comes to visit. People put up decorations.

Anthony Martin-Gaffigan
My favorite holiday is Christmas because I like surprises. My sister comes to visit me.

Caren Garber
My favorite holiday is Hanukkah. I like to light the candles and sing.

Molly Gallagher
I like Christmas because I like the lights on the Christmas tree. I like nana to visit me.

Ariel Weisenfeld
I like Christmas snow. Feebe and Anna come to play.

Patrick Flynn
I like Christmas because I like my tree. I like making snowmen. I like sledding and skating. I like my star on top of the tree.

Trip Harper
I like to go to the Community Center at the holidays to play games. Holidays are special days.

Katelyn Costa
My favorite holiday is Christmas. I go to my grandma's house and play with her dog. She has a lot of dogs.

Kiersten Swain
My favorite holiday is Thanksgiving because I go to my aunt's house. I can play with my cousins and get lots of turkey.

Kacy Litchfield
My favorite holiday is Thanksgiving. I love the candles on the dinner table. My nana and papa come to visit on Thanksgiving night. I love Thanksgiving cookies.

Paige Strecker
My favorite holiday is Christmas. Sometimes I see Santa. I like my Christmas tree and singing songs.

Ryan McLellan
I like Christmas eve because I like seeing "The Nutcracker."

Reed Dickinson
My favorite holiday is Thanksgiving. I got to visit with people and it's fun.

Kevin Barber
My favorite holiday is Thanksgiving. I see my nana and grandpa and lots of my cousins. We eat a lot.

Charles Miller
My favorite holiday is Christmas because I like making snowmen and putting the star at the top of my Christmas tree.

Colleen Richardson
I like Thanksgiving. I go to St. Thomas and I made a friend there. She might be there this year. I wear a little girl Pilgrim costume. I want mommy and daddy to get dressed up as Indians.

Lindsay Durkin
I like the winter. I like Christmas. We go skiing.

Conor Holway
I like Christmas because it snows. We go to nann's house.

Taylor Bukowski
My favorite holiday is Christmas because I like to sing Christmas songs and look at pretty decorations and help people.

Kristen Dooley
My favorite holiday is Christmas. My mom bakes cookies. My grandparents and my cousins Timmy and Tommy come. We eat together and have fun. I love to decorate our Christmas tree.

Robert Silvia
Christmas means sharing love.

Anna Bornikoel
Christmas — In Germany we have a beautiful tree and cook good food.

Heather Sestito
Christmas — I like making snowmen and throwing snowballs.

Sarah Malone
My grown-up friends come and we make animal snowmen; elephants and giraffes.

Anna Speed
Christmas — I always go to New York and have Christmas with my grandparents and cousins.

Shalea Daly
Christmas — I love to make snowballs and have a snowball fight with my dad. I like to sit by the fire and tell stories.

Charlotte Landon
I like Christmas because I go to my grandmother's house and get to play with my cousins.

Historical common sense is needed

To the Editor:

Hooray for Philistines, and preserve us from the preservationist extremists, lest we be buried in old junk preserved merely because it is old. Not every old structure has historic or cultural significance, nor does age alone give a characterless and utilitarian building an artistic quality.

It's ludicrous to preserve our old jail cells, which have no historical or architectural merit. If such nonsense is carried forward to future centuries, all current and future fire and police stations will be preserved forever as historic relics.

letters

Preserving too much undistinguished stuff that has aged into junk dilutes the significance of the rare items that deserve preservation, besides being a waste of money, space and other resources.

Gardens need to be weeded so that worthwhile plants will survive; scrub trees and underbrush need be sacrificed so that trees worth hugging will thrive.

And so should the candidates for preservation be winnowed out.

Not every patch of mud justifies reverential and expensive elevation to the status of "precious wetland;" some of the mud would serve us better if drained and reconstituted to serve people rather than ideology gone overboard. Sure, the US has been despoiled shamefully in the past, but corrective reaction should be tempered by common sense.

R. M. Campbell
75 Old Pasture Rd.

Bill payments authorized

Selectmen authorized payment of the following bills this week: a total of $14,608.31 to the BSC Group, Inc. and $27,255 to Rosano Davis, Inc. for work on the tennis courts and high school athletics field project; and to the legal firms board-of-health special counsel Warner & Stackpole for $1,697.02 and sewer commission special counsel Goodwin, Procter & Hoar for $14,264.41.

Warrant deadlines noted

Articles for the annual town meeting warrant must be submitted by Jan. 9. The special town meeting warrant opens Jan. 30 and closes Feb. 6, selectmen announced this week.

ASP sends gifts to Virginia

Teenage Appalachia Service Project volunteers joined with advisors this past weekend to wrap and mail small parcels for needy families in Virginia. These families had befriended the teens and adults last summer when the volunteers traveled from Cohasset to help with home repairs in Tazewell, Buchanan and Wise Counties in impoverished regions of Appalachia, Virginia.

Gifts ranged from useful household items to rawhide bones for family dogs. The teens also tucked Christmas greetings and candy canes in the parcels, which they sealed with love and care.

Skippers rout EB and Norton

By Jim O'Sullivan
Mariner correspondent

The CHS Skippers took on East Bridgewater at home on Friday and much to the dismay of the Vikings, Skippers' fans had little to complain about as the home team rolled to a 62-44 victory.

Cohasset followed up the win by dropping Norton, 65-41. The Skippers were led by junior forward Jarred Hardwick who scored 18 points off the bench in only his second varsity game.

But it was East Bridgewater who got on the board first. Cohasset didn't back down, though, as hops by Dorian Bryant, Joe Slotnick, and Matt Pierce aimed the Skippers in the right direction.

Slotnick went on a frenzy, first grabbing a pass from senior Jim Magner and slashing to the hole, then dishing to center Peter Bishop for an easy lay-up.

Hardwick stopped and popped from 13 feet out and then grabbed his next points on a hard drive to the hoop. He was fouled and sank his free throws.

The next three minutes were all Magner and Hardwick, as Magner repeatedly passed to the open forward who scored at will. Hardwick stole a pass and broke away. On the next break, Hardwick held up and dished to Pierce, who pulled up and drained the jumper.

Stevenson forced the Vikings to call a timeout.

Cohasset led throughout the game and never held up. An excellent performance was turned in by Cohasset's front court members, who dominated the boards and sank several baskets after offensive rebounds.

The Cohasset Skippers played their third game of the season against the Norton Lancers.

The Skippers, whose season began with a triumph over Norwell, started the game with a lay-up by Bishop. Bishop would finish with 11 points. Norton responded with a 6-0 run, to put CHS behind 6-2. But the Skippers kept up with a tip-in by Slotnick and a strong drive by Pierce to the hole.

The Lancers answered with four straight points but couldn't hold off the home team. Thomas Allen passed to a streaking Bishop, who laid it in off the glass. Magner drained a three from the corner to make the score 12-11 in favor of the Skippers.

Hardwick sank both of his charity shots, then passed to Pierce who banked a pull-up jumper off the glass for a pair. Pierce then forced a turnover. Hardwick grabbed an offensive board and put it back. Brow rained a jumper from 10 feet before Hardwick stole a pass and broke away.

The Lancers scored but the Skippers regained possession when Bish dished to Bryant under the hoop for his first points of the game. Bryant would finish with four points and several offensive rebounds for a strong overall performance.

Cohasset's offense continued to grab its points with fast breaks and three-pointers. Jeremiah Stevenson fired from deep in three-point land for his first points of the game, putting the contest out of reach for the Lancers.

Hardwick stole a pass, broke upcourt,

Dave McKee

by Joe & Dave

Very few, if any, South Shore high schools have adequate training facilities for distance runners preparing for the indoor track season. That's hardly any of the schools' fault when one considers athletes competing in the 1,000, mile and two-mile would have to run endless laps around the hallways.

At Braintree High, for example, we used to run our half-mile repeats around the rectangular corridors of the third floor. It wasn't the Commonwealth Armory, but given the conditions other schools faced, it allowed us to get in quality interval workouts.

Our distance runs? Rather than run those endless laps we bundled up and braved the elements from December thru February.

However, as cold as it got, rarely were we so uncomfortable we'd cut our runs short.

Our distance coach at the time was Norwell's Ernie Butler, a guy who knows a thing or two about getting the optimum performances from his athletes.

Butler always stressed that it was important to dress in layers, wear a warm hat as well as gloves. When the temperature dipped well below the freezing mark, it was critical to cover any exposed skin.

With Butler's sound words of advice in mind, we dressed accordingly, always bringing extra gear to practice in case the temperature dipped.

Distance runners who plan to run outside during the winter should be aware of several things:

• You lose up to 75 percent of your body heat through the head so be sure to wear a hat on cold days.

• No matter how warm you are dressed, you'll still feel cold if your hands are exposed. Hands are very sensitive to the cold weather. It's important to wear some sort of gloves.

I've found the best and most economical are painters gloves. If they're good enough for Bill Rodgers why should we question their usefulness. The gloves are cheap, light and breath well so your hands won't feel like they're in a kiln. Pick up a few pairs at a hardware store.

• Unless it is bitterly cold, a pair of sweat pants or nylon running pants should do the trick. A simple pair of long underwear under the pants are all that is needed in even the coldest of weather.

• Always run facing the traffic and on the sidewalk if space allows. Seeing the traffic gives you that added advantage if a dangerous situation arises and you have to act fast to get out of the way of an automobile.

• Run during the day when possible, but if you must run at night be sure to wear some sort of reflective material so motorists can see you. Also be extra careful of your footing.

• Like the heat, cold weather can fatigue you much quicker than if you were to go for a run on a warm, spring afternoon. Don't let this discourage you. Slow down a hair. You'll still be getting the same training benefits.

• Resistance running through deep

(See page 20)

Gymnasts jump to fast 3-0 start

By Joe Reardon
Mariner staff

The winning score doesn't jump out and grab your attention the way some of them have in the past, but that's all fine and dandy with Cohasset High's gymnastics coach Ruthann Ardizzoni.

Her squad won. The gymnasts did a far better job at staying on that bothersome four-inch balance beam, and the defending South Shore League co-champions are still undefeated.

Led by their superior depth in practically every event, the Skippers defeated Hanover 118-110.9 then went on to sweep Norwell in four events to sink the Clippers 120.1-100.4 on Monday.

"From meet to meet you just hope you stick it," said Ardizzoni regarding Cohasset's gymnasts mild problems in staying on the balance beam now that many team members are performing more difficult routines.

"The more difficult skills are harder to perform. It's still early in the season and we hope some of the girls are able to get their (routine) difficulty down."

The Skippers managed just one first-place finish against the Indians, Tara Hettstrom's 8.1 on the floor routine, but peppered Hanover with several seconds and thirds.

Erica Hettstrom, who was still not up to par against Hanover due to a heavy

Ford expects long march to tournament

By Joe Reardon
Mariner staff

"Anybody in this league could beat us. The first time around there's an element of finding out what's out there. There are some good coaches in this league. We have to go out and work for it." — Head coach Ron Ford

Earlier this season, there was a poster on the wall of the boys basketball locker room that read "Take nothing for granted."

It is a statement the Skippers are taking to heart. And they hope by doing so, their winter path on Cohasset High's basketball court will lead them to the Division 3 state finals.

Head coach Ron Ford has the same dream as his players. But he knows the season must be broken down into smaller segments before any of the players of the No. 1 ranked Division 3 team can even begin to think about playing for the state title.

"Anybody in this league could beat us," said Ford, as he waited for a freshmen game between Cohasset and Scituate to finish so he could put his troops through a Sunday evening strategy practice.

"The first time around there's an element of finding out what's out there. There are some good coaches in this league. We have to go out and work for it."

Another South Shore League title minus the two losses of last year would be nice. Ford believes his team is capable of turning in an undefeated season. But over the course of a season, anything could happen.

"(Scituate's) Chris Brown could go out and score 40 points in a night," Ford said.

After losing to Dover-Sherborn in the sectional finals last year, Cohasset's stock rose even higher. The Skippers lost their sixth man, Brian Pattison, but returned their starting five and added depth to the bench.

Ford refuses to put any pressure on his players. In fact, he sees basketball in the light he believes it should be viewed — a game.

"There's a lot of expectations but a lot of it comes from within," he said. "They really expect to win a state championship this season."

The loss in the finals was a tough one to bear. Cohasset ripped D-S in the second half to take a 15-point lead with 13 minutes to play. D-S fought back, got within striking distance of the Skippers, and went on to take a 10-point lead. Cohasset came back but couldn't pull ahead before the buzzer.

"That definitely was a bitter pill for them to swallow," Ford said, thinking back to the game.

With his team having the best shot to win a state title in several years, Ford has vowed to "give them every opportunity" to reach that goal. And in order to for that to happen, he wants them to know what it's like going against tough Division 1 schools.

So instead of entering a holiday tourney over vacation against local teams, Ford scheduled Cohasset to play in the New England Holiday Tournament. The Skippers will go head to head against the powerful Cambridge Ringe & Latin squad at Brockton High School on December 27. Brockton and Durfee are also entered in the tourney.

On paper, he believes the team can play with Cambridge. Ford would like to see the squad's tight defense hold them to 50 points. More importantly, however, the battle offers an excellent means of preparation for the postseason tourney.

The fact that Cohasset is in the tougher tournament is testimony to Ford's support of the MIAA's implementation of a qualifying standard of .500.

"If you know you have a chance to do well (within your own league) you can go out and take some chances," Ford said. "There are teams that get hot and get to .500 that can make some noise in the tourney."

It is the Skippers' defense which Ford sees as the team's biggest weapon, limiting Norwell and East Bridgewater to 31 and 44 points respectively. In fact, he says the biggest difference between Cohasset and the rest of the league is the consistency the team displays when it doesn't have possession of the ball.

"I think we'd definitely be be knocked off on a daily basis if we didn't play the defense we do," Ford said.

Aggressiveness around the boards and the ability to come up with the second and third shots has also been a strength the rest of the SSL hasn't been able to crack.

With co-captains Peter Bishop and Joe Slotnick, and Dorian Bryant and Ryan Bishop all well over 6 feet, the Skippers own the boards practically every time they step on the court.

The only glaring weakness Ford saw was the absence of a "go-to" player.

But the Skippers may have their man in first-year varsity player, Jarod Hardwick. A standout on the JV squad during the '93-94 team, Hardwick was an instant asset to the team this season, pumping home 18 and 10 points in the first two games.

"He's a kid who could potentially fill that role," Ford said.

As much time and effort Ford dedicates to his team, it still comes secondary to the players' performance in the classroom. A teacher himself, Ford says being on a team "is more of an extension of their teaching."

A player on Ford's team best keep his grades up. If not, he'll soon find himself with a more limited role on the basketball court.

Players can expect to see less court time if they have a D or F in any subject. When one of his players is having problems in class, Ford gets reports to see just what kind of progress they are making.

He also has no patience for discipline problems. If a player must serve detention during the school day, he'll find himself spending most of the game on the pine.

"They're expected to be gentlemen and have class," Ford said.

Discipline is high on his list. Wind sprints are a specialty in Ford's agenda. If a player is late for practice, the entire team does the sprints. The catch is, the player who wasn't on time is spared from the gut-wrenching sprints up and down the court.

"There are bigger things to learn than winning a state championship," Ford said matter of factly. "Hard work determines success, not wins and losses."

And while Ford expects his athletes to show class when they play, he demands the same from himself. Rarely does Ford fly into a rage on the sidelines, the likes of which are commonplace in high school sports.

He believes it does the team no good for it to see him furious with a referee's call or with the way the course of a game may be going.

"You have to be careful how you act during a game," Ford said. "Kids sometimes are a reflection of the coach."

Ford does admit, however, he will lose his cool on occasion.

"I do get my share of yelling in," he said with a laugh. "I don't think my kids get cheated in that department. They hear it from me."

With Ford as their coach, the players are far from being cheated.

.500 start suits wrestling Coach Sweeney just fine

By Joe Reardon
Mariner staff

George Bailey would be hard pressed to be happier than Cohasset High wrestling coach Torin Sweeney this Christmas season.

Holding onto a .500 record, Sweeney is more than satisfied with what his Skipper grapplers have accomplished on the mats so far.

It's a wonderful life.

"To be 2-2 right now is great," he said. "They're really wrestling well. Our inexperience has shown but we're only going to get better and better.

Cohasset followed up a 54-21 defeat against powerhouse Weymouth to beat Lynnfield (40-36) and Brookline (42-28) in a quad meet at Malden on Saturday. The Skippers dropped their contest against the home team, 40-27.

The meet gave Cohasset a particular boost because of the number of wrestlers who scored victories throughout the day.

Kevin Duffy, wrestling in the 125-pound division won all three of his matches, two of them on pins. Freshman Tucker Gledhill registered a pair of pin victories while eighth-grader Justin Golden (130) scored a pin.

Ryan Freeman was perfect on the afternoon in the 135-pound division by defeating both his opponents by pin. Freeman's wins came on the heels of his 2-1 victory over Weymouth's Joe Curran last Wednesday. Curran, who is no slouch, was third in the All-State meet last winter.

Dan Silvia (152), who won both his matches by pin in the quad meet, was one of only two wrestlers — Larry Adams being the other — to pin his Weymouth opponent.

Justin Buckley (160) finished 1-1-1, his only loss coming in an overtime match against a Brookline wrestler.

Eighth-grader Luke Caldwell clinched the victory over Brookline by pinning his senior opponent.

Sweeney said he is happy with the way his two heavyweights, Adams and Nate Caldwell, have wrestled in the rotating system Sweeney has implemented for the pair. Adams and Caldwell both captured two matches on Saturday.

"They're complementing each other well," Sweeney said. "Either guy I put out there comes up with a win."

Where are they now?

Framingham State's Heidi Lincoln was named to the MASCAC All-Star team for the '94 season. Lincoln, a former standout on Cohasset High's squad is a junior and captain of the Rams' team.

Skippers rout EB and Norton

(Continued from page 17)

and tomahawked through the hoop, getting a roar out of the crowd and the Cohasset bench.

Cohasset's Andy Fitzsimmons, seeing action for the first time since a debilitating injury, popped from the corner and sank a trey. Sophomore Ryan Bishop crashed the boards and grabbed his own miss and tipped it back in for his first points of the outing. Senior guard Dave Nothnagle, who was fouled on a breakaway, hit both of his free throws for Cohasset's last points of the night.

"Once again, our defense dictated the game," said head coach Ron Ford. "We need to continue to play good defense. Our offense isn't where it should be at this point."

Cohasset's scoring was evenly distributed, as three players scored in double digits. The distribution of points is expected to continue throughout the season because of such great depth off the bench.

Mariner Sports

Bay State winter games skiing events

The 10th Annual Bay State Winter Games will be held in the Berkshires Feb. 3, 4, 5. The games will feature more than 1,000 athletes competing in four sports: masters ice hockey, figure skating, alpine skiing, and cross-country skiing. Entries are now being accepted for alpine and cross country skiing. Call 617/727-3227 for more information.

ALPINE SKIING

Bay State Games Alpine Skiing will be held Feb. 4 at Jiminy Peak in Hancock, MA. A two-run giant slalom for high school students will be held. The application deadline is Jan. 20. Call 617-727-3227 for information.

CROSS COUNTRY SKIING

Bay State Games Cross Country Skiing will be Feb. 5 at Swift River Inn in Cummington, MA. The games include a 5K and 10K freestyle race for all ages with divisions grouped by age. The application deadline is Jan. 20. Late entries accepted with an additional $5 late fee. Call 617-727-3227 for information.

Holiday gymnastic camp for girls

There is still room for girls ages 6 to 14 to join the center gymnastic staff for three days of learning and fun. Camp consists of rotations on vault, bars, beam, floor exercise, bowling, contests for prizes and conditioning. Camp runs for three days beginning Tuesday, Dec. 27, to Thursday, Dec. 29, 10:30 a.m. to 1:30 p.m. daily. (Bring a snack daily or change for soda and snack machine). Cost for camp is $45 for three days. Call the center today for more information at 383-0088.

Douglas H. Philipsen, President and C.E.O. with Smart Service Award Winners

PEOPLE BANK WITH US FOR LOTS OF REASONS. HERE ARE SIXTY.

I'm proud to announce the winners of our Smart Service Program Awards.

Gymnasts jump to fast 3-0 start

(Continued from page 17)

cold, took third on the bars (7.1) behind the Indians' Kim Richardson (7.3) and Renee George (7.2).

George scored victories on the beam (8.0), vault (8.2) and in the all-around (31.1).

The Skippers, though, weren't far behind neither George nor Richardson. Erica Hettstrom (7.6) and Jodi Colwill (7.3) finished second and third on the beam and Cohasset led by four points by the half.

Colwill (7.9) was third on the vault while Lauren Genovese's second on floor (7.9) and Erica Hettstrom's third-place tie with Richardson (7.8), coupled with Tara Hettstrom's win, gave Cohasset a four-point margin of victory in the event.

Erica Hettstrom finished just 2/10ths out of second-place (30.2 to 30.0) as George and Richardson went one-two.

Cohasset improved all the more against Norwell. Anchored by a healthy Erica Hettstrom, the Skippers swept every event. Hettstrom led sweeps in the bars (7.4), beam (8.1), and shared top honors on the floor with her sister Tara (8.3).

Colwill won the vault in 7.9 ahead of Tara Hettstrom (7.7) and Kristen Reynolds (7.6). Genovese (7.8) and Megan Pratt (7.6) took second and third on the floor.

Erica Hettstrom took the all-around in front of Pratt, 31.3 to 28.7.

extra points

(Continued from page 17)

snow is an excellent workout. You won't be moving that fast but the effort you put in will surely be felt.

Most of all, try to relax and enjoy your winter runs. If you dress smart and avoid the hazards of the road, you'll find running in cold weather is a lot easier than you imagined.

Kindergartners' thoughts about the holidays

(Continued from page 12)

Jamie Genovese
Christmas is a time I sing "Jingle Bells." I eat dinner with my mom, dad and sisters.

Casey Cavanaro
I like the holidays because we eat good food.

Benjamin Flynn
Christmas is my favorite holiday because I like it when I go out and play in the snow. I like to draw pictures of snowmen.

Luke Genello
My favorite holiday is Christmas. I like to wake up bright and early in the morning.

Gretchen Hyslip
Hanukkah is my favorite holiday because you get to light candles and my mommy makes dolls for me and my aunt.

John McCarthy
I like Christmas because I can build snowmen and I like to go with my dad to buy a Christmas tree.

Bryce Rafferty
Christmas because we get to play in the snow and we build a fire in our woodstove.

Andrew Clark
I like eating Christmas food.

Austin Lanzilotti
Christmas is my favorite holiday. I like jumping in the snow and I like making cookies with my mom.

Mary Previte
I like Christmas because I like to help my mom put the ornaments on the Christmas tree.

Megan Sacks
I like setting up the Christmas things.

Daniel Trendowicz
I like the Christmas tree with lights and ornaments. I am going to Idaho for Christmas at my uncle's house.

Ryan Jacobs
I go down to my grandma and poppy's house and I get to see my cousins.

Amelia Butman
I play with my dad, my sisters, my brother and my mom in the snow and make snowballs.

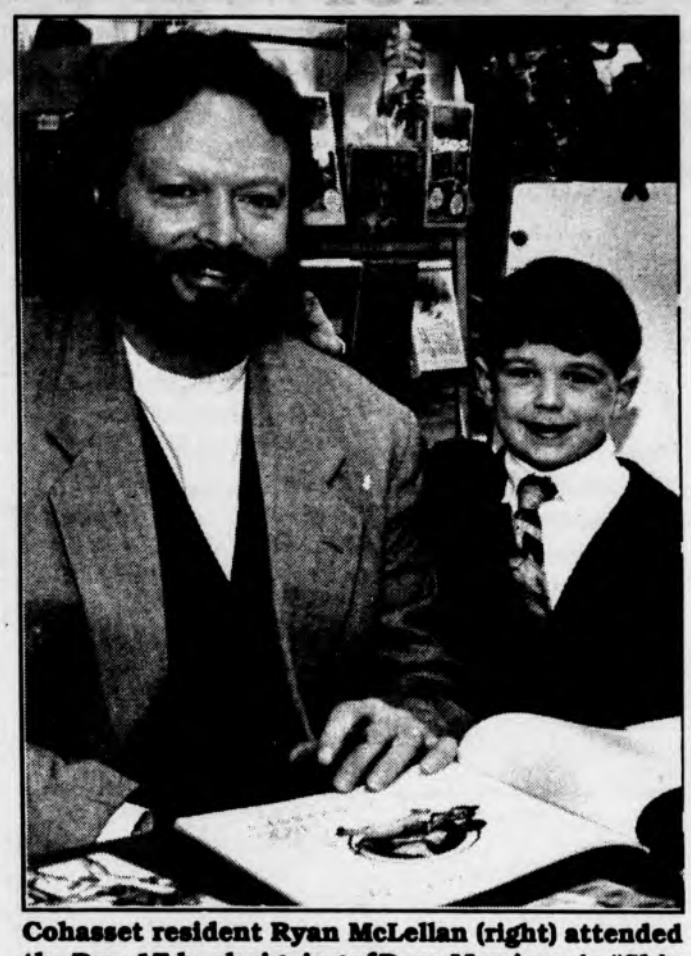
Anthony Fiori
I like to go sledding on the big hill in my yard. I also like to decorate the tree and I like to make gingerbread cookies and eat them.

Lauren Strazzulla
Christmas — I like the snow and walking my rabbit, Peter, in the snow.

Nicholas Zappolo
Christmas — I like to have snowball fights with my cousin John. I like to light up my Christmas tree and my regular tree.

Joshua Dupre
I like Thanksgiving because I get to eat the turkey.

Emily Coggins
Christmas — I like throwing snowballs at my daddy and then he buries me in the snow. I also like eating the



Cohasset resident Ryan McLellan (right) attended the Dec. 17 book signing of Dean Morrissey's "Ship of Dreams" at Buttonwood Books. Ryan, a kindergarten student at the Osgood School, was the model for the character "Joey" in the book, posing for the artist/author when he was three. Ryan's favorite painting from the book is "A Sudden Gust," which was chosen as a poster for a National Library reading promotion campaign.

Happy Holidays!

it's happening

Spirit of Christmas services

The Spirit of Christmas is found at prayer, in music and in the colors and joy that characterize worship at Saint Stephen's Church at 16 Highland Ave.

A "family Eucharist" candlelight service will be held on Dec. 24 at 5 p.m., with singing by the children's choir and St. Gregory's Youth Choir, a Christmas story, and the lighting of the star on the church tower.

The festal, candlelight Holy Eucharist of Christmas Eve will take place at 11 p.m., preceded by a special program of music, which begins at 10:30 p.m. The St. Stephen's adult choir will sing seasonal selections, with "Silent Night" sung to a guitar accompaniment.

Worship on Christmas Day will be at 8 and 10 a.m. There will be no church school that day.

On Sunday, Jan. 1, St. Stephen's celebrates the event of Jesus' naming in the temple, according to custom, eight days after his birth. Services will be at 8 and 10 a.m.

St. Stephen's Epiphany Pageant will be performed on Jan. 8, the Sunday after Epiphany, at 5:30 p.m. Roles will be given out at the first rehearsal on Thursday, Dec. 29, at 3:30 p.m. Other rehearsals will be on Jan. 4 and Jan. 7.

Holiday vacation program

Call the Cohasset Recreation Department at 383-6791 to sign up for the holiday vacation program, for children four to 12 years.

Vacation program will be held at the Deer Hill School, Sohier St., Cohasset, from 9 a.m. to 3 p.m., beginning Tuesday, Dec. 27, to Friday, Dec. 30.

Parents will be required to complete a registration form the first day of a child's attendance at Deer Hill School cafeteria, however, pre-registration by calling the recreation office at 383-6791 is necessary.

The vacation program will include a variety of loosely organized games and activities, movies, team sports, and arts and crafts. Children may register for any portion of the day or week and should bring their own lunch and snacks. The fee structure for this program is $10 per day, but discounted rates are offered for both two-, three-, and four-day attendance as well as for subsequent children registering from the same family. One child for all four days will cost $34, two children from the same family for all four days is $66.

Holiday camps at SSCC

The South Shore Community Center will hold several camps during the winter school vacation incluing gymnastics camp, computer camp, winter wonderland camp and more for a range of ages..

For further information about classes or to register a child, call the South Shore Community Center at 383-0088..

Happy New Year!

Cohasset Mariner

Vol. XVII, No. 9 | Thursday, December 29, 1994 | 1-800-649-6661 | 50 cents

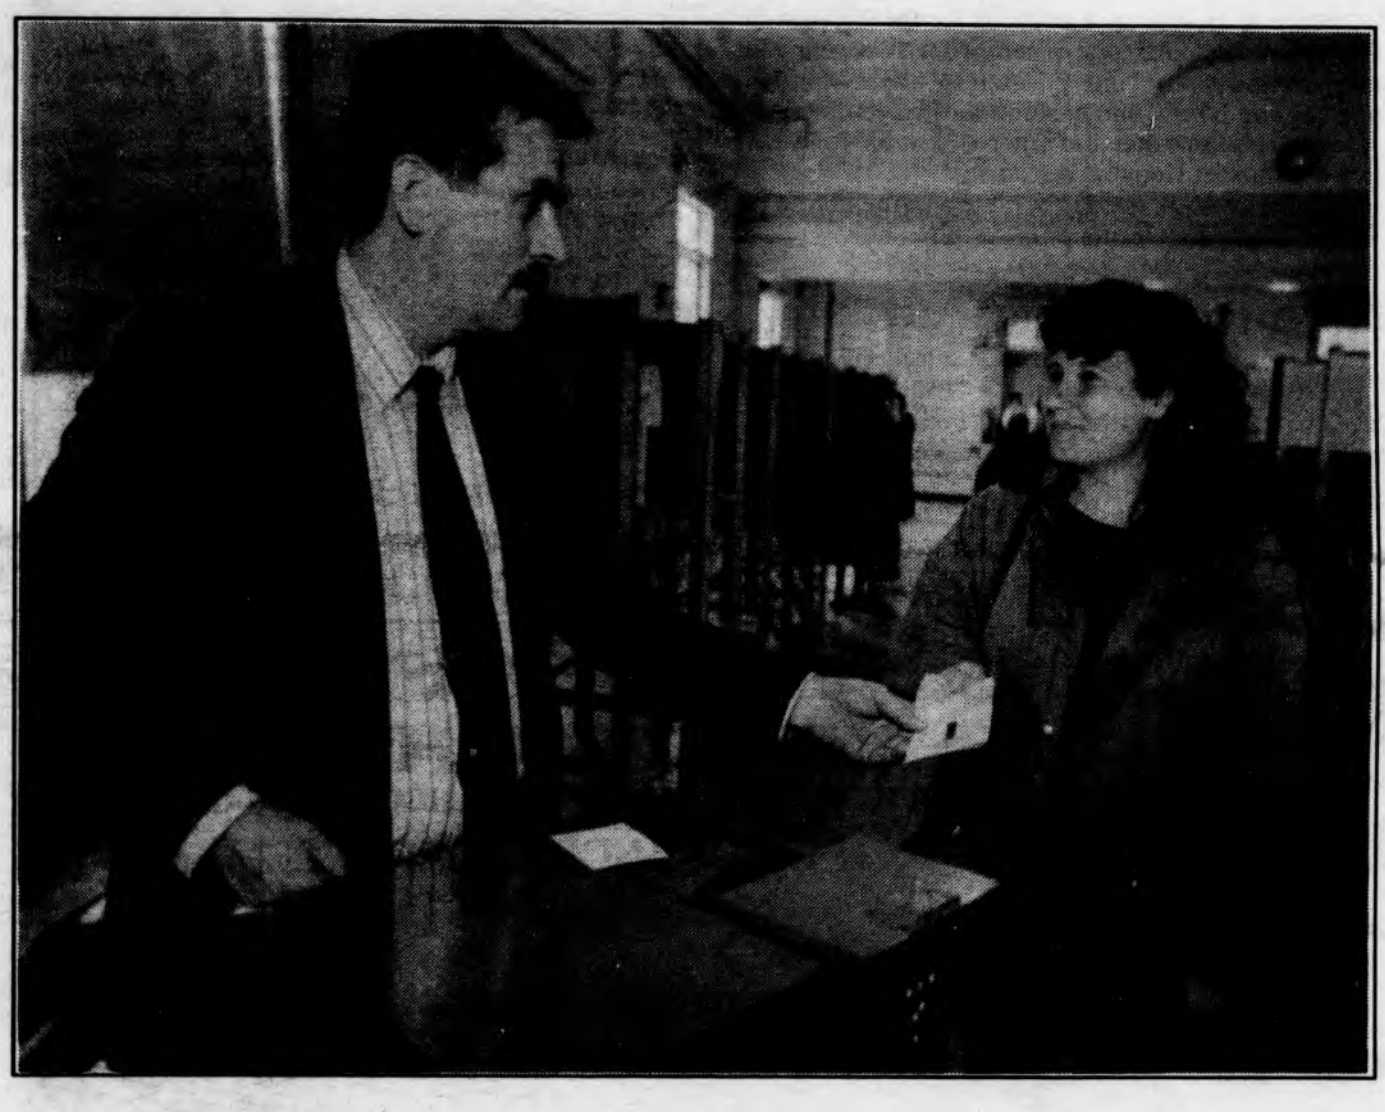
— The Year in Review —

A long-time selectman bids adieu, the Greenbush Railroad debate picks up steam, Cohasset's water department will never be the same again, and the Hagerty boat house will stay where it is after all.

By Mary Ford
Mariner staff

As Cohasset says goodbye to 1994, it's a good time to reflect on the past 12 months. It was a year of change on the boards of selectmen and school committee and a time when voters opted to raise their taxes to pay for a new school athletic fields complex. It was a time of continuing debate about proposed restoration of the Greenbush Line of the Old Colony Railroad project and a time of concern when a water emergency hit the town.

So let's take a look back with text, quotes and photographs from stories that appeared in the *Cohasset Mariner* in 1994. But hold on to your hats and stay strapped in because we're sure 1995 holds a lot for Cohasset. And here at the *Cohasset Mariner*, we promise to be there covering the news and bringing you the features and photos you've come to expect.



Cohasset water works is the biggest story of 1994

When Fred Koed, left, won a seat on the water commission last spring, little did he know that he would be thrown into a fire storm of controversy a few months later following the town's water emergency. Record demand in June wreaked havoc with the town's antiquated system of pipes, pumps and water mains. Complaints from dozens of residents along the town's "Gold Coast" and the lack of sufficient water for fire suppression sent officials scrambling for answers. Here, Fred Koed has the easier job of serving as an election worker in last fall's state election. He's taking a ballot from Diane Campedelli at town hall.

(Staff photo/Alan Chapman)

January

Scituate selectmen call out the troops to get restoration of the Greenbush Line of the Old Colony Railroad restoration project off the starting blocks.

Kevin Kinsella urges Cohasset selectmen to attend a pro-train meeting later in the month at Scituate High during which they will be asked to sign a letter to Gov. Weld imploring him to focus his attention on Greenbush. The pro-train letter will be hand delivered to Weld, Kinsella said.

Cohasset selectmen decide to send a letter to Shaw's supermarkets Inc. asking the company to communicate its intentions to Cushing Plaza tenants who say they've been left in the dark about plans for the site.

The fire department's use of overtime for sick leave drops dramatically in the first quarter of FY'94 as compared with the first quarter in FY'93, Fire Chief Roger Lincoln said.

The third snow in three weeks has the highway department seeing red about halfway into the fiscal year. The $45,000 appropriated for snow & ice control for FY'94 is gone and the town is $15,000 in the hole, Highway Surveyor Harold Litchfield said.

During the blizzard, the post office was perfect.

Cohasset-based Rik Tinory Productions receives the 3M Visionary Award for its contribution to the continuing growth and advancement of the recording industry.

Hingham historical commission Chairman Alexander Macmillan braves freezing temperatures and black ice to face a tough crowds and a tough sell on Hingham's Greenbush tunnel options at a train meeting at Scituate High. Macmillan unsuccessfully tries to have a pro-train letter being sent to Gov. Weld rephrased to include support for a tunnel under Hingham Square.

They said it:

'We delivered mail everyday last week under some real harrowing conditions.'

— Cohasset Postmaster James L. Hooley.

Spensley Chevrolet, a Chevrolet franchise dealership in Cohasset for more than 20 years, is sold to its landlord Donald Stasko who will change the name of the dealership to South Shore Chevrolet-Geo, Inc.

This year's Alcohol-Free weekend will show everyone in town that drug and alcohol abuse crosses all age barriers, organizers announce.

February

Last month, Cohasset selectmen agreed to give their Scituate counterparts unanimous support in sending a letter to Gov. Weld urging him to focus his efforts to get the Greenbush Line on track. But this week, Selectmen Rocco F. Laugelle and Merle S. Brown jump off the train saying their signing of the letter was not a signal that they supported the train but they only agreed that the issue should be resolved once and for all.

The Cohasset High boys varsity basketball squad (11-1) are in the title hunt.

T. Gerard Keating is the first recipient of the *Cohasset Mariner* Citizen of the Year Award. Keating is recognized for his 60-plus years of volunteer service to the town.

After ironing out some legal issues, selectmen, in a majority vote, decide to award the South Shore Music Circus a liquor license. Selectmen Merle S. Brown and Martha K. Gjesteby cast dissenting votes. The one-year special permit, voted the prior week by the zoning board, includes 14 conditions for the Music Circus, which is in a residentially-zoned area off Sohier Street.

More than 250 residents voice opposition to the proposed expansion of Cohasset Heights Landfill at a public hearing arranged by state Senator Brian McDonald, at the request of S.A.F.E., which is opposed to the landfill expansion. McDonald's office will submit a six-page letter to the state Executive Office of Environmental Affairs (EOEA) outlining his concerns.

They said it:

'Getting this award is like a good dose of Geritol. It may not help you physically but it sure helps your spirit and morale.'

— T. Gerard Keating on being named Citizen of the Year.

Cohasset's proposed new D.A.R.E.-like program isn't quite DARE-like enough for one state agency. The schools couldn't qualify for a $14,000 grant because the Massachusetts Criminal Justice Council is only authorized to award grants to official DARE programs. Cohasset's program is called PALS and would involve more age levels and incorporate a broader curriculum, Health Education Director Michael Gill said.

The owner of three house lots on Red Fox Lane off Rte. 3A discovers by reading the newspaper that next month Cohasset town meeting voters will be asked to

(See page 4)

Cohasseters' wish for Christmas power comes true

By Alice C. Coyle
Mariner Staff

Heavy rains and howling, near hurricane-force winds that downed power lines, made the early hours of Christmas eve in Cohasset anything but silent, calm and bright.

Throughout the stormy night police officer Lawrence Ainslie, Jr. took calls concerning downed power lines, tree limbs, and wide spread power outages.

"I was amazed that people were up at 3 and 4 a.m. and worried about the power being out," Ainslie said.

With minimum manning at the station due to the holiday, Ainslie said those on duty were kept busy all night. Still, Ainslie said that besides some property damage from falling trees and branches and high winds that ripped some shingles off roofs, the storm caused no major problems.

"It was a real annoyance and it complicated the holidays," he said, but noted that it was fortunate that temperatures stayed in the 40's.

"Luckily, it was not that cold," said Ainslie, adding "if it had been snow instead of rain, it would have been unbelievable."

But even when the winds and rain died down and the fear of coastal flooding had passed, many Cohasset residences, churches and businesses were still without power.

According to Selectman Chair Michael Sullivan, the first power outages in town occurred at about 7:30 p.m. on Friday. And while the main lines were restored by 9:30 or 10 p.m., a large number of Eastern Edison's Cohasset customers were not brought back on line until mid-afternoon on Saturday.

Not only did it cut into residents holiday cooking and cleaning time, local businesses hoping to cash in on last minute Christmas shoppers were out of luck, and area churches were forced to hold their Christmas eve services by candle light.

Sullivan said that while Eastern Edison had crews removing downed wires early in the morning, there were no repair trucks sent in until the afternoon. And then only after numerous calls to the company's Brockton office.

"Power was restored by about 6:15 p.m. on Saturday," said Sullivan, adding "if we hadn't gotten on the phone, I'm not sure when we would have had power restored. It's outrageous!"

Sullivan said he saw no evidence that Eastern Edison took extra precautions to prepare for the situation.

"They knew the storm was coming, they should have had three levels of back up," said Sullivan, who has asked for a meeting with the power company's president to discuss the slow response.

But Samuel Read, Eastern Edison's Manager of Consumer Services said that the crews were doing the best they could.

According to Read, there were scattered outages throughout the system, leaving upwards of 20,000 customers without power and requiring Edison to bring in outside crews.

In many of Eastern Edison's 17 communities, Read said that crews were working through the night.

"We had to give them a break," said Read, who noted that while the company was prepared, the storm was more severe than anticipated and it was hard to accomplish anything in such extreme conditions.

Cohasset's week

Nomination papers ready

Nomination papers for the town election on Saturday, April 1, will be available at the Town Clerk's office beginning Monday, Jan. 9 through Thursday, Feb. 9, until 7 p.m. that evening.

All nomination papers should be submitted to the registrars of voters for certification of names and addresses on or before Monday, Feb. 13, until 5 p.m.

Open seats include two positions for three years for selectmen; one position for three years for assessor; two positions for three years on the school committee; three positions for three years as trustees of the Paul Pratt Memorial Library; one position for three years on the Board of Health; one position for three years for water commissioner; one position for five years for sewer commissioner; one position for three years on the planning board, one position for five years on the recreation commission and one position for five years on the Cohasset Housing Authority.

50 signatures are needed to have a name placed on a ballot. Campaign forms must be filled out.

Town receives AAA award

The American Automobile Association recently announced that Cohasset earned a "Pedestrian Safety Citation" in the 55th annual AAA Pedestrian Protection Program, designed to stimulate community concern and involvement in pedestrian safety.

Cohasset has earned the award three times in previous years. This year's winners were selected from among more than 2,280 cities nationwide who participated in the competition. Cohasset was recognized for seven years' achievement. The town first entered the program in 1981.

Cohasset has instituted a vigorous radar enforcement and speed education program as well as pedestrian and bicycle safety programs. The winners were chosen by an independent panel of traffic safety experts from all over the country.

(Continued from page 1)

approve a potential easement over 150 feet of his property as a possible access road to a new town cemetery. After listening, selectmen agree to have cemetery committee members look at other potential accesses to the proposed town cemetery.

They said it:

'I would ask each member of the board to consider how they would feel having a funeral procession driving in and out of their private driveway — not to mention the devastating impact this would have on their property values.'

— David G. Mitchell, Red Fox Lane subdivision owner.

As the possibility of South Shore train service looms on the horizon, a newly-formed group of local citizens begins to take a stand against the train.

Spokesperson Nancy Buckley of Hingham said the group will be a "Coastal Coalition."

A tenth generation Cohasset native, Peter J. Pratt announces his candidacy for selectmen.

March

Cohasset police get tough with speeders and those who don't obey traffic signs. The department issues 40 moving violations in the past two weeks alone.

It's still not clear just how access to the town's proposed new cemetery off Rte. 3A near the Super Stop and Shop will be gained. But selectmen decide to withdraw the town meeting article asking for an easement over Red Fox Lane following considerable wrangling over just what the article meant and if it could be redrafted into broader language allowing for other possible easements. In protest, three cemetery committee members send letters of resignation to selectmen.

Sales of single-family homes soared in 1993 when compared with 1992 levels. The average sale's price of a home rose to $297,634 in 1993 up from $268,724 in 1992.

As of Feb. 17, the town's snow deficit was overspent by $75,000, Highway Supt. Harold Litchfield said.

They said it:

'If it's just continued nay-saying, I don't think it will work. Unless somebody starts speaking specifically, then those who do — the MBTA — will win out.'

— Drew Horn of Hingham at the Coastal Coalition meeting.

Residents could be asked to increase their taxes to pay for a new highway garage and high school athletic field. Selectmen will decide soon whether to ask for a special election for a debt-exclusion Prop. 2-1/2 override of close to $1.2 million to cover the combined cost of both projects.

Cohasset Savings Bank and Shawmut National Corporation announce an agreement that continues a takeover trend. Shawmut tenders an acquisitions offer to CSB for $16 cash per share for a total of $16.9 million. CSB stockholders will have to vote on future

(Continued from page 4)

staffing and organizational changes before the agreement is finalized.

The anti-train group, Coastal Coalition, holds a meeting in Hingham with more than 100 area residents. Proponents of non-train modes of transportation unveil their proposals to a supportive crowd.

Selectmen call a special town election May 14 so voters can consider hiking their taxes to pay upwards of $350,000 for a new highway garage and $800,000 for new high school athletic fields.

Cohasset High's boys' varsity basketball squad falls to Dover-Sherborn 53-48 in the South Sectional Div. 3 final.

Residents pack the selectmen's office to discuss potential uses of the Hagerty Property off Parker Avenue. The meeting is part of an on-going effort by the Hagerty study committee to involve the community in decisions regarding use of the property which the town purchased in 1993.

Town officials declare a state of emergency briefly during a rain storm that flooded area roads, parking lots and some homeowners' basements. Waters quickly receded and sand bags released from the state Emergency Management Area II in Bridgewater were not used.

Recreation committee members refuse to heed to selectmen's request to re-schedule the annual Easter egg hunt which will take place on the same day as town meeting.

They said it:

'It's not a national holiday. Stop & Shop is open and there'll be more voters there than anywhere in town.'

— Recreation Committee Chairman Richard Barrow on not re-scheduling the Easter Egg Hunt.

Herbert Jason wins unanimous approval from selectmen to take the 115-year old bell on Government Island out of town for refurbishing.

Hotly contested seats highlight the town election. Incumbents being challenged in races for selectmen, planning board, health board, and the housing authority. Four vie for two open seats on the school committee and two compete for an open seat on the water commission.

Members of the Citizens Advisory Committee on restoration of the Greenbush Line of the Old Colony Railroad unanimously agree to support train restoration with a "short tunnel" under Hingham Square.

The public works garage goes back to square one. The article asking for authorization to borrow $475,000 for the new garage to be built in the gravel pit off North Main Street fails to win support at town meeting. The project was put on hold when it was revealed that the entire gravel pit area rests in a water resources district protected from siting of structures like garages by a town by-law.

The troops turn out in force to support construction of a new sports field and all-weather track at the high school. The project wins town meeting approval with a vote of 365-5. The vote is contingent on success of a debt-exclusion override at a special town election in May.

Weymouth's Bob Chasen wins Cohasset's Roadrace By-the-Sea 10K event.

April

Harborfest organizers put their heads together and come up with another afternoon of summer fun for participants. Selectmen agree to support a sandcastle contest, ice cream festival, boat races, breeches buoy demonstration, balloon toss, and in-line skating instruction at Sandy Beach on Friday, June 17.

Peter Pratt squeaks by five-term selectman Rocco F. Laugelle by 38 votes in a tight election. Incumbents Robert V. Davenport and Joanne Young Nawn lose their re-election bids to the health board and housing authority respectively. Planning Board member Bill Good was the sole incumbent to survive a challenge. Alix White is elected to the health board; Jo Anne Chittick and Jim Kirk are new members on the school committee. Fred Koed is elected to the water commission. Fifty-two percent of the town's 4,593 registered voters went to the polls.

They said it:

'Rabies in Cohasset is just a matter of time.'

— Animal Control Officer William Quigley.

The Chart House is packed for Cliff Dickson's retirement dinner acknowledging his 51 years of service as an auxiliary firefighter.

Former POW Ray Buckley speaks at the dedication of the POW/MIA Square at Depot Court and N. Main Street.

T. Gerard Keating is officially honored as *Cohasset Mariner's* first annual Cohasset Citizen of the Year at a special ceremony at Kimball's by the Sea. About 150 people attended the event.

The rabies virus finally beats a path to Cohasset's door. Animal Control Officer William Quigley says the scourge could begin appearing in town this summer. Quigley urges all residents to vaccinate their pets.

(See page 7)

Last spring, Cohasset High School's Bob Gentile and his prom date Katie Cibelli arrive at the South Shore Art Center for a pre-prom gala. Be sure to stay tuned to the *Cohasset Mariner* in 1995 for lots more school news and photographs.

around town

by Sallyann Chatterton

❑

Hi! Hope you all had wonderful Christmas surprises under your tree! And, surrounding it! Sure is a treat to have loved ones around, and happy, and full of good cheer, let's try to carry it throughout the year!

❑

Did you know that Cohasset made the *Washington Post* recently? And that **Tina, Ben Watson**, the **Healy family**, the **Cohasset Hardware Store**, the **Common**, etc. were all written about?

The author was **Elise Ford**, and she really was so excited to visit Cohasset again! She has come to Cohasset before, and every year she says it gets better (there were even directions on how to get to our wonderful town), and Ben's picture was taken in front of our replica of the town pump, a handsome picture indeed!

Our thanks to the Healy family, a true part of Cohasset, for making it such a dream place to live in! We sure do take it for granted until such articles appear!

❑

Did you know that 13 CHS students were named in this year's edition of *Who's Who Among American High School Students?* To qualify the students all have at least a B average! Hats off to **Christa Ansbergs; Peter Bishop, Catie Campbell, Dan Christoffel, Ely Kahn, Karen Niessink, Josiah Slotnick, Jessica Aronson, Justin Buckley, Mindy Cheel, Kendra Gray, Corinna McMackin** and **Kristin Niessink**, all of who made the grade. An honor indeed!

❑

Have you tried "**Zinnia's**," the newest, nicest restaurant in town? The proprietor, **Lynn**, is a gem, the food is yummy (fresh turkey baked every day) and all care about making you happy! Be sure to try it, you will be so glad that you did. And, you will be full!

❑

Well, we all have to say good-bye to **Dan Pompeo**, he is going to graduate school in Italy. Hopefully Dan will also play hockey, and we ever so much believe that his name will be in lights there. Of course, it could be in print here, but there is no hockey season this year. What can we say?

❑

The **South Shore Community Center** has lots of news for the holiday season, the kiddos will be so grateful. They have several camps going, including gymnastics, computers, winter wonderland camp and more. There is bound to be something for your age group, give them a call at 383-0088.

❑

Gee whiz, did you go to the **Christmas Concert** at the High School last week? It was awesome. And, when the special needs students played their role with the bells, didn't you get goosebumps? The bells, as all know who were there, were borrowed for the occasion, but there is such good news — a wonderful resident has bought them their very own set, we are so happy!

❑

Now, all that they need is a piano — accolades go to those who have already contributed to getting the arms, legs, etc., now all that is needed is the rest — band together, it can be done!

❑

Happy anniversary greetings go to **Ken** and **Sue Fone**!

❑

Amanda Sweeney is home for the holidays, she is a super gal. The next time you will read about her will be wedding related; she is headed for the altar in May. We surely wish her well, everyone loves Amanda!

❑

We have to give at least three hip-hip-hoorays to all of the people that have banded together for the new **Cohasset Teen Center**. Oh my, have the parents worked to make it a success. The center still needs several things but is well under way, please do your little bit to make it a total success. Our teens need a local spot, and they need you to help make it possible! We really need a place for them to go. Right?

Ruth Pratt and Annette Sawchuk pile on the whip cream during the Strawberry Festival sponsored by the Second Congregational Church during the Festival on the Common.

(Staff photo/J. Paul MacDonald)

❑

We (I) need your news, so please send it, or call me with it — come on, there is tons out there, as they say "tis the season."

❑

Have a wonderful New Year, and make a pledge to keep "around town" in mind when you have a newsworthy event.

Sallyann

The Hearing Center
Have You Heard?
by Nancy Allonen-Allie, M.S., CCC-A
Licensed-Certified Audiologist

PUMPED UP VOLUME

Exercisers who rely on loud music for motivation should take precautions not to jeopardize their hearing. This warning comes from a Wichita State University professor who undertook a study of health clubs to check on the volumes at which the exercise music was played. He found that nine out of ten of the exercise classes were conducted with music played above 105 decibels. Two-thirds played their music above 110 decibels. According to the U.S. Occupational Safety and Health Administration, no one should spend more than 15 minutes with noise at the 115-decibel level. Those who do almost certainly sustain irreversible hearing damage.

Prolonged exposure to any loud noise is cause for concern, even if it is in a health club! If you suspect that you or a loved one has a hearing problem, please call THE HEARING CENTER, to schedule a consultation. Call us at 1-800-339-9316. Our offices are conveniently located at 306 Washington St. (Rte. 53), Norwell, and 470 Southern Artery (Rte. 3-A), Quincy. We make your world sound good. We are a member of The American Speech Hearing and Language Association, the Academy of Dispensing Audiologist, and the American Academy of Audiology. We would like to take this opportunity to wish our readers and their families a healthy and Happy New Year!

P.S. Although the ears automatically muffle themselves in order to adapt to loud noise, they are still susceptible to damage - even though the noise no longer seems loud.

— The Year in Review —

(Continued from page 5)

Selectmen decide not to demolish the possibly-functional old cutting room building at the Hagerty property site just yet. The cutting room is the last of a hodgepodge of old factory buildings on the two-acre parcel the town bought a year ago. Selectmen also held off deciding the fate of the antique boat house which some local historians feel belongs back on Government Island where it originally stood.

May

Frank Carey, owner of the Mill River Marine Railway Inc.., who has operated the boat yard for more than 2-1/2 decades faces possible eviction. The 16,000 square foot harbor-front parcel, which includes the boat yard, sold about a year ago for $350,000 to William Hanney who reportedly wants to build a residence at the site.

Plans to build a Shaw's Supermarket at Cushing Plaza advance. Negotiations are currently underway to acquire an additional 17.8 acres of land to accommodate an innovative, on-site septic system.

They said it:

'In all my years in Cohasset, I've never before seen the community come together and work so hard on a project.'

— Barbara Dillon, liaison between the CLC and the Community Garden Club of Cohasset.

The Cohasset Lightkeepers Corporation holds a ribbon cutting ceremony this month recognizing the official opening of the Minot Ledge Lighthouse Keepers Residence. The event caps three years of planning and work by volunteers who banded together to form the CLC to save the structure which had been badly neglected. Special guests are Robert Thompson and Carol Thompson Hyland, children of Winfield Scott Thompson who served as assistant lightkeeper at Minot's Ledge during World War I.

Former town official, local historian, retired businessman, and author, Burtram J. "Burt" Pratt, 74, dies May 7 after a long illness.

Cohasset voters give a resounding yes to a ballot question authorizing the town to raise the tax levy to pay for a new sports-field complex at the high school. Taxes will increase about $51 a year on a home valued at $300,000, assessors say.

The town may get clay from the Central Artery Project to use in capping the landfill. The health board wins approval from the conservation commission for its plan to stockpile the clay.

Frank Carey of Mill River Marine Railway Inc. will appeal a May 5 district court decision for his landlord William Hanney who is trying to evict the harbor-front business.

Thanks to efforts of Cohasset EMTs and paramedics from South Shore Hospital, a local golfer stricken with a heart attack is revived.

The Music Circus repertoire this summer has a hot country flavor and includes headliners like Lyle Lovett who recently married mega-movie star Julia Roberts.

Cohasset turns out in force for Memorial Day observances during which U.S. Navy Capt. Daniel Brennock is the keynote speaker.

June

Anti-train signs planted by Coastal Coalition members, who are soliciting signatures for a stop-the-train petition, pop up all over town. Pro-train head of Back on Track William Grimes says the Coastal Coalition is driven by "selfishness and city-phobia." The signs are derailed by a town by-law not allowing lawn signs unless they advertise a home for lease or sale or work being done on the property. However later this month the U.S. Supreme Court says towns cannot prohibit the display of political signs by homeowners on private property

The 73-member Cohasset High School Class of 1994 graduates. In keeping with tradition, the exercises feature the graduates themselves, no outside speaker was invited to give the commencement address.

Eighteen members of the former 94th Reconnaissance, 302nd Infantry Regiment hold a D-Day reunion at the Red Lion Inn.

Selectmen designate the Cohasset Maritime Institute (CMI), a non-profit corporation in formation, as prospective custodian of the Hagerty site boat house. CMI head Jack Buckley would like to enter into a lease arrangement with the town similar to the $1 a year lease the Teen Depot group obtained for the Independence Building.

Town, state, and federal officials roll up their sleeves to try and come to grips with how to get Cohasset Harbor dredged as soon as possible. In a dredging summit, officials hash over the complicated process of balancing federal, state, and private jurisdictional issues in the town's port. The game plan is to propose hiring a consultant to provide engineering expertise to guide the town through the lengthy permitting process.

The annual Festival on the Common (formerly called the South Shore Art Festival/Harborfest) draws thousands to town despite August-like temperatures. There are lots of activities, art, and food keep families busy.

The Cohasset Water Department declares an outside

editorial

The old man and the kid

"Hi there," said the youngster, hitching up his diapers with a flourish of anticipation.

The old man looked up wearily.

"What kept you?" he growled, glancing at his hour glass. "It's nearly midnight. I won't have much time to fill you in on you job."

"I had to take the commuter boat," said the youngster. "I thought you'd have the Greenbush line ready for me by now. What's the matter?"

"It's those people down in Hingham," said the old man. "They're still fighting it. That's going to have to be one of the items on your agenda,"

"I'll take care of that," said the youngster, polishing up the "1995" on his sash. "It won't take *me* that long to convince them that rail is the only way to commute."

The old man shot him a sidelong glance to make certain that he wasn't joking,

"I'm sure you will," he said dryly. "But we haven't got much time. I suppose you'll want to look at my log."

"I don't need to but if you insist."

The old man handed the book labelled "1994" to the little boy with something that sounded like a sigh of relief.

"What's this?" cried the youngster. "Billy Bulger is still Senate president? I thought you were going to take care of that."

"Some things are more difficult than they seem from the outside," said the old man. "Anyway, I got Bob Hedlund his job back."

"Big deal," said the youngster. "Now I'll have to find a job for Brian McDonald."

"I sent a lot of Republicans down to Washington, too," said the old man. "Just think, Newt Gingrich will be the first Republican House Speaker in 40 years."

"Oh, great," said the youngster. "I suppose he'll expect me to build him some orphanages and write him some school prayers."

"You gotta do what the man says," said the old man. "Look what I did for Bill Clinton — NAFTA, GATT, Haiti, Ted Kennedy, everything but Tom Foley."

"Yeah, but look what you didn't do; look what you left for me — the national deficit, family values, Bosnia, Somalia, Rwanda, the Old Colony Greenbush line . . ."

"Kinda scares you, doesn't it?" said the old man, using the shaft of his scythe to help him to his feet. His time was nearly up.

"Hell, no," swaggered the youngster, hitching up his diapers and dusting off his "1995" sash. "Don't worry about it. I can hardly wait to get started."

Happy New Year!

(Continued from page 7)

watering ban after record demand for water with the onset of summer wreaks havoc with the town's antiquated system of pipes, pumps, and water mains. Complaints from dozens of residents along the so-called Gold Coast and the lack of sufficient water for fire suppression sends officials scrambling for answers.

The following week, a coup launched by Selectmen Peter Pratt to take over the water department is doused. Pratt's fellow selectmen support a water department audit and monitoring program but will not back setting the legal wheels in motion to have selectmen take over the water department.

They said it:

'I personally don't have confidence in the water department management and with the majority of the elected body there.'

— Peter Pratt responding to Cohasset's water distribution emergency.

Lot E. Bates, Jr. will step down as the town's sealer of weights and measures as soon as a replacement can be found.

July

A raccoon recovered from Edward and Alex Guilds' home on Atlantic Avenue tests positive for rabies. Mrs. Guild, who was cooking dinner, said the raccoon apparently attracted by the smell started scratching on the front door screen and then went into the bushes. Their nine-year-old son, Andrew initially spots the raccoon. Mr. Guild who is ex-military shot the raccoon with a .22 caliber rifle from an upstairs bedroom.

They said it:

'It was skinny and had its tail up. It looked like a cat.'

— Edward M. Guild Jr. on the town's first rabid raccoon.

Water Commissioner Ronald Goodwin resigns from the water commission saying he hoped his action would end the political firestorm the commission has been embroiled in. That same night the commission votes to ease the ban on outside watering.

Cohasset fishermen, state officials, and an attorney representing the owner have a heated discussion about potential plans for the boat yard in Cohasset Harbor. Its owner William Hanney wants to evict the Mill River Marine Railway Inc., a move that fishermen say will adversely affect their livelihoods. The meeting, which was planned as a routine step in the state's waterfront licensing structure process, became heated when 50 residents turned up to protest the possible eviction of the boat yard.

They said it:

'Residents have to understand that some people can't shower or flush their toilets at some point during the day.'

— Selectman Jane Goedecke on water ban violations.

Cohasset's Mike O'Connell is named assistant general manager of the Boston Bruins. He takes over the position vacated by Mike Milbury.

Straits Pond is sprayed to squelch midges. The conservation commission's decides to permit spraying with a chemical pesticide after Hull declares a state of emergency about the infestation.

Area officials say that regionalization of fire departments in five towns is possible within two years. Regionalizing fire departments will provide better services, be more cost efficient for towns and offer better safety for firefighters, officials say.

Ron Rawson, 76, who built the South Shore Music Circus in Cohasset into a pre-eminent summer entertainment venue during his tenure form 1968 to 1988,, dies July 18.

Selectmen debate levying fines against water ban violators.

August

State Senator Brian McDonald (D-Weymouth) successfully includes a provision to the state transportation bill that will prevent the construction or design of any rail projects until ground is broken on the Greenbush Line. His provision to the bill goes along with a $50 million commitment from the state to construct a rail tunnel under Hingham Square.

The school committee approves a change in the Junior/Senior High School schedule from seven periods to eight.

Cohasset's theatrical past is on display at the Capt. John Wilson House on Elm Street in the village.

The Hingham Rotary and the bridge just south on Rte. 3A are dedicated to Cohasseters Nathaniel M. Hurwitz and Philip G. Murray — Mary Jeanette Murray's late father and husband respectively.

The Hagerty Committee sets a Sept. 1 deadline for the historical commission to decide whether or not the boat house should move to Government Island and if that group would accept the renovation and maintenance responsibilities of the structure. A private group, Cohasset Maritime Institute, wants to refurbish the building and turn it into an educational center.

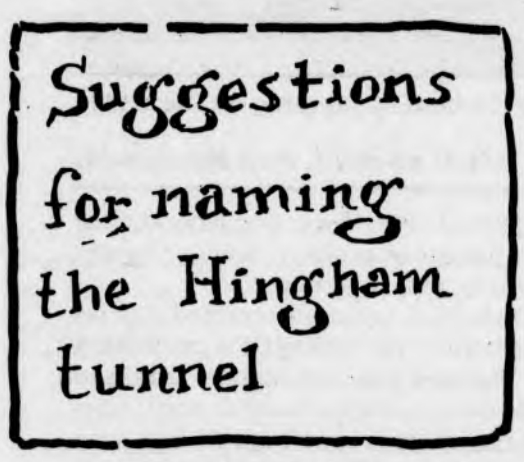
The 1994 Adams Cup U.S. Women's National Sailing Championship sails into town. Racing in 30-foot keelboats, 10 four-women crews compete in a round robin series of 10 races over a five-day span in their quest for the title.

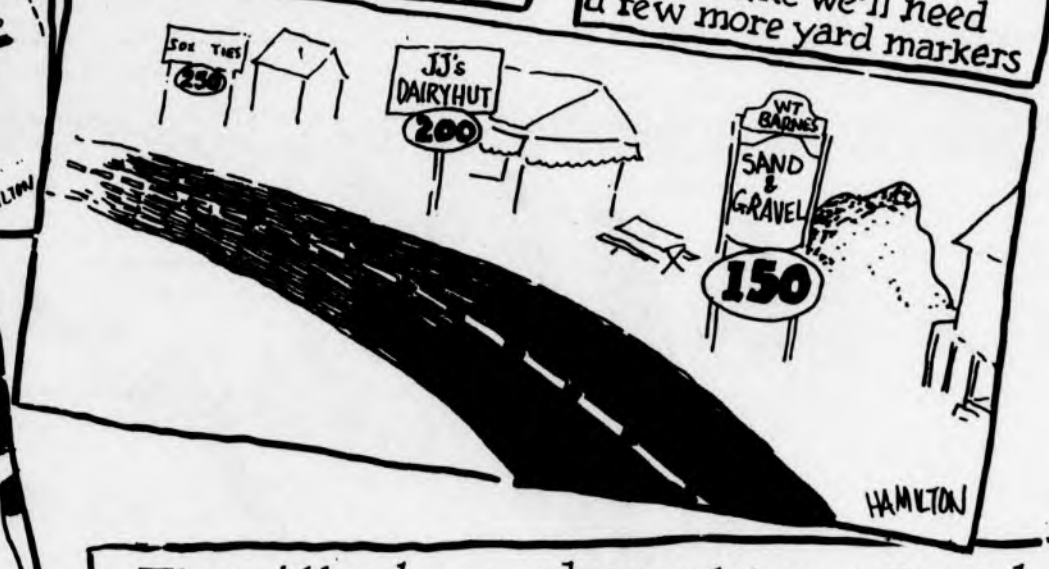
Shaw's plays host to a dozen abutters and with a wall

(See page 10)

— Some of our favorite 1994 cartoons —

(Editor's note: no one can capture Cohasset better than Jim Hamilton. So here's a look back at 1994 through the eyes of one of Cohasset's best observers of town life and politics).





The silted-up channel has caused some fishermen to run aground

full of schematic drawings, supermarket officials field questions from worried neighbors.

September

Cohasset asks its neighbors to join it in pushing for regionally establishing the E-9-1-1 emergency phone system. But selectmen are disappointed that their proposal falls flat as other towns opt not to wait and to move forward with their E-9-1-1 plans on an individual basis.

They said it:

'He concentrated his campaign in Weymouth. He has a large family in town. I do not have a large family but I have a lot of friends.'

— State Sen. Brian McDonald on Bob Hedlund's primary results in Weymouth.

State senatorial hopefuls Robert Hedlund, Don Hussey and Carolyn C. Van Tine talk about Greenbush and toppling state Sen. Brian McDonald in a debate at the Bare Cove Ballroom in Hingham.

School Supt. Stephen Hart announces that Deer Hill Principal Kenneth Ekberg and social studies teacher Edward McDermott will bow out early under an early-retirement provision of the Education Reform Act, enacted last year. An estimated 1,193 Cohasset children return to school Sept. 8

Dire predictions ranging from death at grade crossing to students' inability to concentrate if the Greenbush train should travel through town spark a heated exchange between pro- and anti-train residents at a selectmen's meeting.

The trustees and new staff of the Hull-based South Shore Charter School hold a meeting in Cohasset to discuss the innovative new public school and its goals for its first year.

Lisa Matos, Cohasset's PALS officer, will represent Cohasset in a 10-town DARE coalition, Chief Brian Noonan said.

In a majority decision, selectmen opt to issue a warning to a local convenience store rather than suspend its liquor license for allegedly selling liquor to a minor. The board said there was no conclusive evidence that a 20-year-old minor showed identification when he purchased the beer.

Killian's Chronicle: The First Story of America, a Viking movie partially filmed off Cohasset's coast premiers. next month.

Line up: in a familiar Cohasset scene, these guys are experts at beating the heat by jumping off the bridge on Border Street.

(Staff photo/J. Paul MacDonald)

Former state Sen. Robert Hedlund comes out on top in the Republican primary and will face incumbent Sen. Brian McDonald in a rematch. Hedlund lost to McDonald in 1992 state election.

The Cohasset Education Foundation reaches its funding goal of $22,000 to be used to purchase equipment for the computer center at the Osgood School.

The state and town reach a settlement to resolve Cohasset's sewer plant problems. The agreement is significant because it will allow the town to explore less expensive options than connecting to the Hull waste water treatment plant. A public hearing on the matter which will be put before town meeting voters is slated for next month.

Residents along Straits Pond form a collaborative to look into hooking up to the sewer plant in Hull as a way to solve their septic system nightmares.

Shaw's Supermarket Inc. presents a revised plan for a truck turn circle behind the proposed supermarket in Cushing Plaza. This new plan would allow trucks to enter from Rte. 3A, drive to the back of the store, turn into the circle and exit where they entered. Shaw's says this would eliminate truck traffic on Beechwood Street, something that greatly concerns abutters.

October

The school committee will send out a 45-question survey to all registered voters asking for input before drafting a five-year plan for Cohasset schools.

The town sticks with a single tax rate. The owner of the average Cohasset home — which is valued at $286,000 — will have a tax bill of $4,101 in fiscal year 1995, an increase of about $111 over last year, assessors say. Selectmen approved a single tax rate of an estimated $14.32 per $1,000 of assessed valuation. The rate represents an increase of 39 cents per $1,000 over the previous year.

The fate of the Hagerty Property boat house remains unclear despite interest from various groups in town. At the request of selectmen, members of the Hagerty Committee, historical commission, and Government Island Study Committee met but after hours of discussion they agreed to disagree. Later this month, selectmen decide the boat house should remain on the Hagerty site. They also authorized the Hagerty

Strong performances make '94 tough to top

By Joe Reardon
Mariner staff

Cohasset's sports scene roared like a lion during 1994, both at the high school, where league titles were plentiful, to recreational activities throughout the year.

And 1995 promises to pick up at the same place where '94 bid adieu.

The year started inauspiciously enough as the boys basketball team and girls gymnastics squad established themselves early in the South Shore League.

By the end of the winter season, both were league champions. Freshman Erica Hettstrom continued her dominance after being named the best all-around gymnast in the league by going to the state individual championship.

Ron Ford's basketball team defeated SSL rival Norwell in the quarterfinal round of the Division 3 South Sectional tournament before dropping Atlantic Coast League power, Rockland, in the semifinals.

The Skippers didn't have that extra kick at the end, however, and lost a dramatic struggle to Dover-Sherborn in the finals. Cohasset came into this season ranked first in the division and is currently undefeated in the SSL.

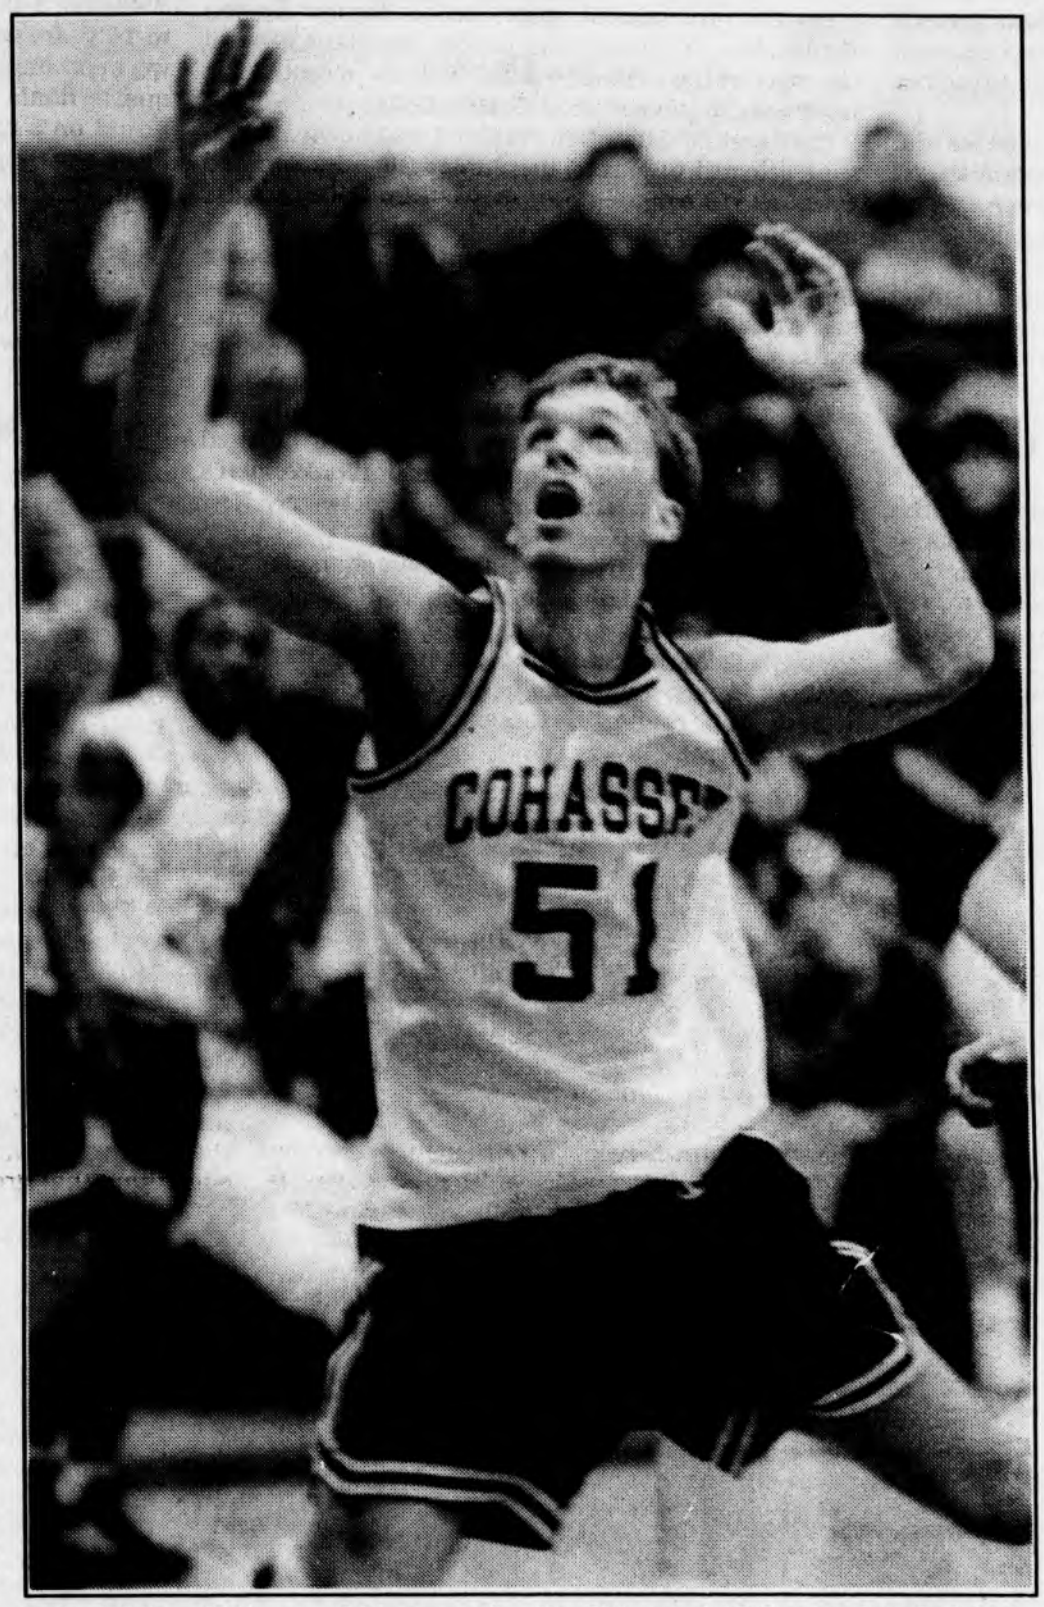
Jim Reidy, a senior soccer player at Williams College was named to the Division 3 Umbro/NSCAA All-American second team and the All-New England first team in January.

Wrestler Ryan Freeman won the 125-pound weight class at the Division 2 South Sectionals to lead seven fellow teammates to the state championship. Freeman went on to finish second in the meet.

Weymouth's Robert Chasen led a 550-runner field on a damp, chilly afternoon in March to capture the 18th Annual Cohasset Roadrace By-the-Sea. Cohasset women captured the top-two spots as Courtney DiFranscesco just under a minute in front of Joanne Cannon.

The hilly terrain of Hingham and Cohasset were just what women's world record-holder in the wheelchair

(See page 12)



Peter Bishop (51) was a big reason for the Skippers' 18-2 record and visit to the Division 3 South Sectional finals earlier this year. This season's co-captain, Bishop is hoping for more of the same in '95.

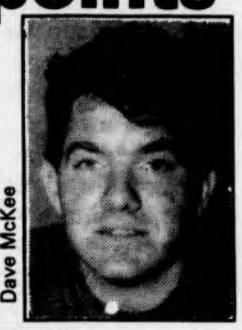
Joe Reardon



Dave McKee

by Joe & Dave

Where was Moses when the lights went out?

The answer is in the dark.

Well, on Wednesday, Dec. 21, both the Scituate High and Cohasset High boys' basketball teams were left in the dark themselves after Cohasset High's lights shorted out early in the first half.

The light failure, which shut down every bulb on the Cohasset side of the court, stopped the game for more than 15 minutes.

As soon as the lights went out, the referees pulled all the players off the court and sent them to their respective benches.

Sailor coach Roger Kvam and Skipper coach Ron Ford then held probably their longest pep talk/strategy sessions with their teams as maintenance people worked on getting things bright again.

After about ten minutes of chalk talk, Ford had enough and sent his team out to shoot hoops on the dark basket.

Kvam put down his chalk a few minutes later and his players began to shoot at the illuminated basket.

Finally, the lights started to warm up and eventually were bright enough to resume play.

Cohasset led 7-2 at the time of the light failure and went on to take a 26-22 lead at the half.

Eventually, the Skippers won the game by a 54-41 margin.

By the way, the lights stayed on the rest of the game.

But this whole light-gate thing has left many unanswered questions.

First of all, what would have happened if the lights never came back on?

I'm pretty certain the game would have been postponed and played another time. Personally, I would have liked to see them play a half-court game (in the bright end) where they had to clear the ball after each basket or rebound. I played a lot of this type of hoop growing up because there wasn't many full-court basketball courts in my neighborhood. But I always hated it when opponents would catch my airballs and then lay them in for an easy two points.

Another question about light-gate, did Cohasset's shooting practice while the lights were out help them when the game resumed?

If shooting in the dark makes someone a better shooter than a revolutionary new practice technique has been invented.

Some coaches have their players shoot at smaller baskets to increase their accuracy.

Other coaches make their players do push-ups or run sprints if they miss too many shots.

From now on every youngster will be out shooting in his driveway when it is pitch dark.

Then when they play for real in a game on a well lit court, swish, swish.

And finally one last question about light-gate, was it sabotage?

Is is possible that some wrestling, hockey or gymnastics fan, irate over the large interest in the Scituate-Cohasset

(See page 12)

The Top-10 Sports Lists of 1994

(Lists are not numbered in any particular order)

Top-10 high school athletes

1. Thomas Allen - football, basketball, track and field
2. Erica Hettstrom - gymnastics
3. Ryan Freeman - wrestling, soccer
4. Faye Menis - sailing, track and field
5. Chris Rolandelli - baseball
6. Kate Carroll - soccer, basketball
7. Erin Murphy - soccer, basketball
8. Dorian Bryant - football, basketball, lacrosse
9. Joe Slotnick - basketball
10. Chris Adams - lacrosse

Top-10 sports stories of 1994

1. Girls soccer team defeats Abington for the first time in 10 years en route to eliminating the Green Wave from the Division 3 South Sectional tourney.
2. The gymnastics team breaks Scituate's lock on the South Shore League title by finishing in a tie with the Sailors for the championship.
3. Thomas Allen runs rampant in the fall by leading the Independent League in scoring and rushing yards.
4. Ron Ford's basketball team wins the South Shore League title with an 18-2 mark and makes it all the way to the Division 3 South Sectional finals where it lost a heartbreaker to Dover-Sherborn.
5. Erica Hettstrom is selected as the best all-around gymnast in the South Shore League.
6. Eighth-grader Garrick Towle upend's Abington's Jason Grant to capture the South Shore League Golf Championship at Duxbury's North Hill Country Club.
7. The Cohasset Yacht Club hosts the Adams Cup U.S. Women's National Sailing Championship which coincided with the 100th anniversary of the club.
8. For the third straight year the Cohasset High sailing team finished second in the state championship at the MIT Sailing Pavilion on the Charles River.
9. New England diving champion Jane deLima was named Northeastern University's Outstanding Female Scholar/Athlete.
10. Faye Menis finished 11th in the National Junior Sailing Championship.

Top-10 pet peeves about covering sports in Cohasset

1. The hell ride down 3A to get to the high school.
2. Golf and sailing, sports' version of watching grass grow, have a fanatical following.
3. Can't write the school nickname "Skippers" without fantasizing about one of Maryanne's coconut cream pies...and Maryanne.
4. Being mistaken for the pizza guy when I cover a track committee meeting

(See page 12)

Mariner Sports

Strong performances make '94 tough to top

(Continued from page 11)

marathon, Jean Driscoll, ordered in April. The five-time Boston Marathon winner trained in Wampatuck State Park the week leading up to the prestigious race. Driscoll wound up winning the race and lowering her own course and world record.

In May, Kara Protulis took her talents to the ice and skated in the "Ice Chips" exhibition production at Boston University's Walter Brown Arena. The production included Olympic silver medalist Paul Wylie and several national skaters.

The lacrosse team finished a successful regular season in May with an 11-2 record. As the smallest school in the state tournament, the Skippers drew the defending state champion Newton North squad and were soundly defeated, 15-3. Nevertheless, 1995 promises to be another solid season for head coach Ken Ekberg's laxmen.

Thirteen-year-old Sally Hamill competed in the National AAU Basketball Championship Tournament from July 14-23 in Kenner, Louisiana. Mainly a playmaker, Hamill averaged 10-points a game for the Baystate Magic Basketball Club during its regular season.

Water sports are always a favorite in Cohasset during the summer and none was bigger than the yacht club's hosting of the Adams Cup U.S. Women's National Championship from Aug. 26-31.

On the professional sports scene, former Boston Bruin Mike O'Connell was named assistant general manager of the club after Mike Milbury accepted the head coaching position at Boston College.

Cohasset All-Stars Ben Maitland and Kevin Hanian were selected to play in the Junior Olympic National Baseball Tournament in August in Kansas City, Missouri.

Chicago Blackhawk Tony Amonte of Hingham spent the evening of August 12, autographing pucks, sports cards and photos at Elliot Goldberg's Pastimes sports cards shop, just a month after fans flocked to the store for Boston Bruin Steve Heinze's autograph.

Faye Menis hung up her track spikes for the summer and took to the high seas. The 16-year-old finished 11th in the 1994 U.S. Sailing/Rolex Junior Women's Championship on Lake Ontario in Rochester, New York from August 5-9.

Skier David A.N. Krueger won the state championship in the 7-9-year-old division for the '93-94 season.

Tailback Thomas Allen skirted his way around Old Colony's defense to lead the Skippers' football team to a 34-12 Homecoming rout in late October.

Both the boys and girls soccer teams qualified for the Division 3 South Sectional tourney. The boys lost in the quarterfinal round against top-ranked Archbishop Williams, 3-0. The girls beat Abington for the first time in 10 years with a 3-0 win in the opening round, but were eliminated by Sacred Heart of Kingston 2-0 in the quarterfinals.

And on a chilly Thanksgiving morning on Milliken Field, the Skippers lost their annual matchup against Hull, 18-0.

The '94-95 sports season is now in full gear. Expect to see much of the same blood, sweat, tears and victories that Cohasset's athletes and teams thrilled their fans with over the past year.

Happy New Year!

committee to use volunteer labor to shore up the structure for the winter.

At the selectmen's request, the police department has distributed residents lists which include the ages of everyone 17 and older, to every liquor license holder in town. This will enable license holders to check a customer's age if necessary.

As part of the South Shore Boards of Health Collaborative, the Cohasset board of health moves toward establishing a smoke-free work place policy for all municipal buildings in town.

The Cohasset Drug and Alcohol Committee sends SAFE HOMES contracts to parents of children in grades six through 12. The program encourages parents to use networking to discourage underage drinking.

Cohasset Junior/Senior High holds Spirit Week in preparation for the annual Homecoming football game against Old Colony.

They said it:

'Every person in town will have the chance to say: these are the things that are really important.'

— School committee member Ralph Kidder on the town-wide survey.

After four years of negotiations, the Konohasset Clerical and Custodial Association inks its first contract with the town.

Hundreds of Cohasseters packed the high school gym to debate the train question at Special Town Meeting. A non-binding resolution against the train advances by a vote of 314-314.

Town meeting voters also opt to hire a Greenbush consultant to walk the town through the Environmental Impact Report on transportation alternatives due early next year. Sewer solutions also get the go ahead and the town will expand the Beechwood Cemetery rather than build a new cemetery at this time.

Cohasseter Radu Florescu and Raymond T. McNally are in the spotlight as a revised edition of their 1972 book *'In Search of Dracula. The History of Dracula and Vampires'* is released.

November

In conjunction with the VFW, Police launch a child safety program by handing out child safety ID cards for parents to fill out and keep in a safe place.

The new blue spruce tree by the duck pond on the Common will be moved a few feet over so it won't block the view of the church from the Veteran's Memorial area, selectmen decide.

A clam war starts to boil between Cohasset and Scituate when it's learned that Cohasseters must pay a $50 non-resident fee to dig on the Scituate side of Cohasset harbor. Executive Secretary Gregory Doyon will continue to pursue the matter with Scituate officials.

The Council on Aging holds a forum on housing issues that concern the town's senior citizens.

Town Counsel Richard A. Henderson says Selectman Peter Pratt, who is an abutter to the train right-of-way, is not in conflict of interest when he casts votes on the proposed restoration of the Greenbush Line.

Republican Robert Hedlund will get another shot as state senator. The Weymouth resident defeated incumbent Brian McDonald for the Plymouth-Norfolk seat by 408 votes. Seventy-eight percent of Cohasset's registered voters cast ballots in the state election. In Cohasset Hedlund won 1,859 votes to McDonald's 1,441.

The school committee decides to opt for a single vacation week in March starting in 1996 rather than vacations in February and April.

A tree is planted at the Cohasset Lightkeeper's Residence in honor of Joe McElroy, who as president of the Cohasset Lightkeeper's Corp., played a critical role in getting the refurbishing of the old house accomplished.

They said it:

'There are many older people in Cohasset who are now living alone in large houses in which they've raised families. They want to continue living in Cohasset; the housing options for them are limited.'

— Kathy Bryanton, COA director.

Selectmen learn from an auditor that state law requires the town should put its privately-run sports programs, like the summer soccer camp, out to bid.

The *Cohasset Mariner* opens nominations for its second annual Citizen of the Year Award. The deadline for nominations is 5 p.m. Friday, Dec. 30.

Selectmen set parameters for what a consultant, to be hired to help walk the town through the environmental impact report on the railroad, should focus on.

Oronde Khary Allie, 20, a 1992 Cohasset High School graduate, whose ultimate goal was to open his own computer store, is gunned down in an apparent robbery attempt near Morehouse College in Atlanta where he was a student.

Thanks to generous donations of food and money from town churches, schools and organizations, Cohasset's Food Pantry will distribute 27 baskets of

Happy Holidays!

— The Year in Review —

(Continued from page 13)

food to needy families for the Thanksgiving holiday.

Selectmen opt to hold a workshop on the Open Meeting Law, Public Records Law and ethics issues in January. The decision follows confusion over the posting of a budget meeting between town boards and department heads.

December

The Webb-Norfolk Company off Rte. 3A will close its doors this month. More than 45 people will lose their jobs. Negotiations for the sale of the plant which is on 62 acres are underway but nothing has been finalized.

The school committee considers proposing a new $8.9 million elementary school on the Deer Hill School campus. Rising enrollment coupled with the prospect of upgrading the aging Osgood School have to be addressed, committee members say.

The old tennis courts at Milliken field will be resurfaced to look like new. The advisory committee approves a transfer of funds for the project upgrade.

In the first fatal car accident in town since 1986, a 29-year-old Scituate man is killed on Lower King Street when his Ford pickup went off the road and struck a tree.

The Konohasset Clerical and Custodial Association files a grievance over make-up hours worked due to the Thanksgiving holiday.

Health officials warn that rabies won't take the winter off. Residents are reminded to have their pets vaccinated and to report any strange-acting raccoons and other animals to the police department..

Islands on Forest and King Streets where they intersect North Main Street are proposed as a safety measure. Selectmen will also ask school officials to look into hiring crossing guards for the Osgood and Deer Hill Schools. Currently police perform the service but must leave if called to an emergency.

Selectmen approve the lease for the Cohasset Maritime Institute to rent the Hagerty Boat house for $1 a year from the town. Until now, plans were stalled until disagreement over just where the boat house should be situated was resolved.

Repeated requests to Scituate to allow Cohasset residents to dig clams on the Scituate side of Cohasset harbor for the $10 in-town Scituate fee fail.. Selectmen vow to seek a legislative solution to the dispute. In the meantime, alert Cohasset officials nab clammers who are violating their limit.

They said it:

'They had about 14-1/2 bushels or 720 pounds of clams with them. They were clearly in violation of the law.'

— Police Sgt. Robert Jackson.

The health board and representatives from Cohasset Heights Landfill powwow over post-dump closure plans and make progress in addressing the adequacy of financial assurances for closure and post closure.

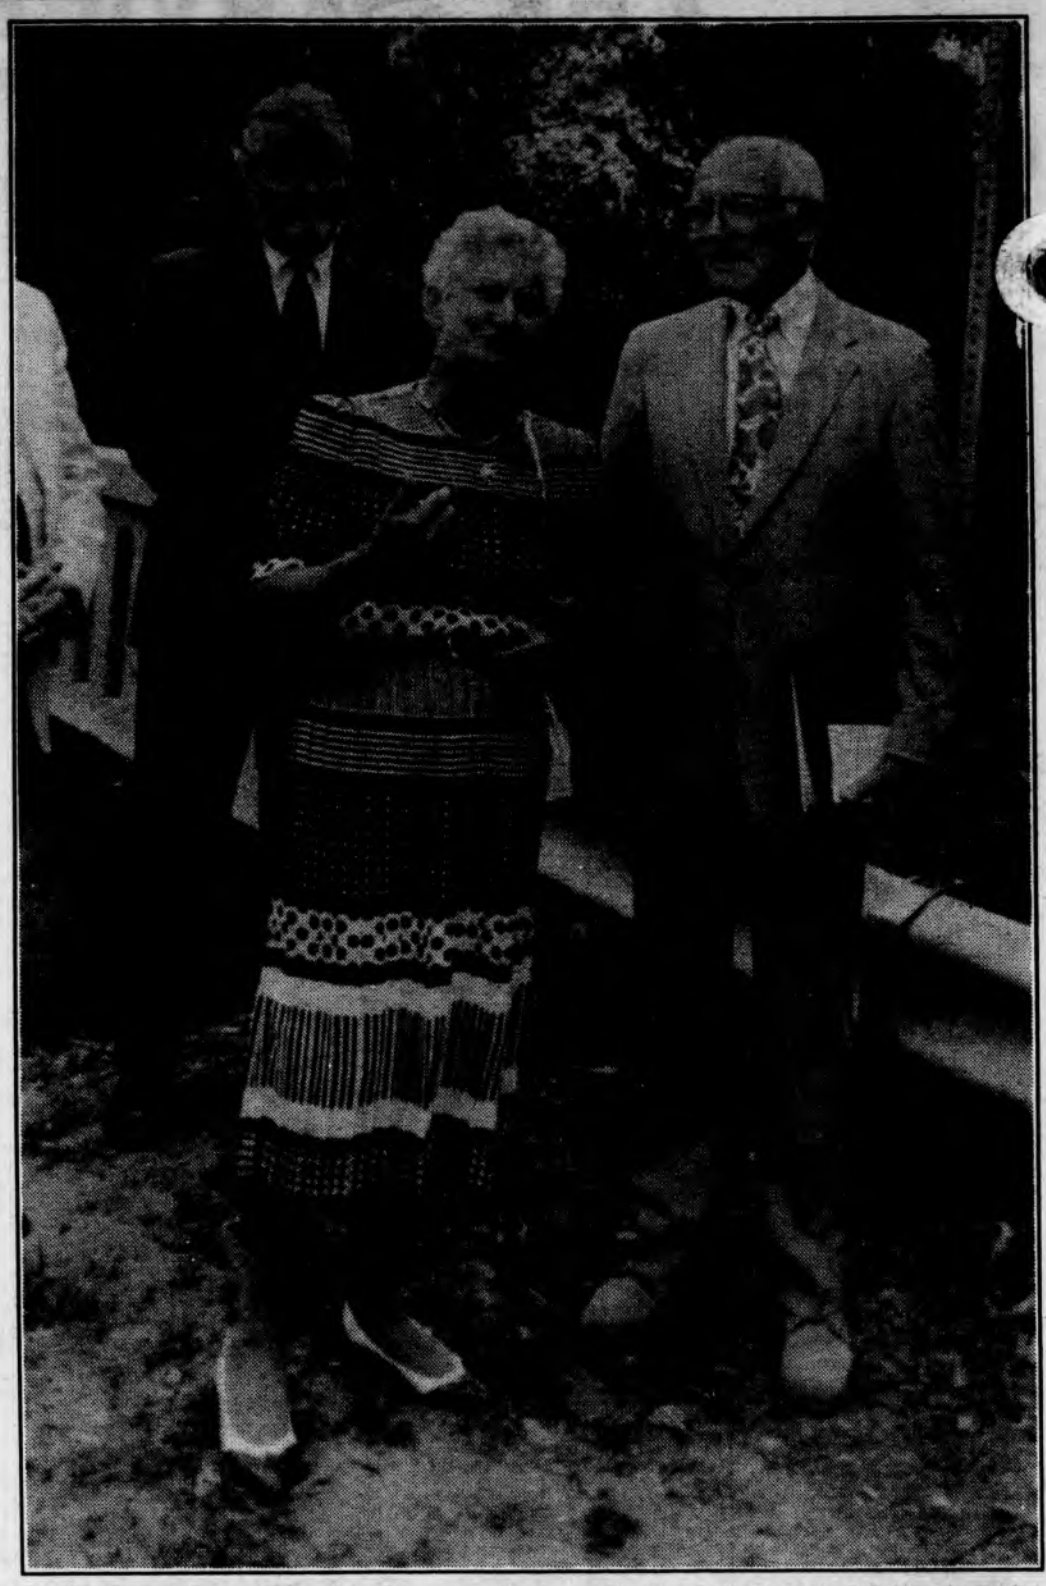
Cohasset High varsity boys basketball team is predicted to finish first in Division III.

The appeals board considers a special permit request by Shaw's Supermarkets to extend construction into the residential zone to build a truck turnaround. The decision if due Jan. 25.

Selectmen give members of Cohasset Historical Military Memorial Inc., the go head to add a granite panel with 40-to-60 names of those who served in the Occupational Forces following V-J Day at the end of World War II to the Memorial in Veterans Memorial Park. After a two-year impasse, the group can also start work on the World War I memorial planned for the site.

Police Chief Brian Noonan presents an $8,000 budget proposal for hiring summer police officers.

The new Teen Center in the Independence Building is slated to open this month, organizers announce.



State Rep. Mary Jeanette Murray chats with Gerard Keating following the dedication ceremonies in Hingham of the rotary and railroad bridge in memory of Murray's late father, Nathaniel M. Hurwitz and Philip G. Murray as state Sen. Brian McDonald looks on.

(Staff photo/Alan Chapman)

HAPPY ANNIVERSARY, RIVER BAY CLUB!
Celebrating 3 Years as an Active Senior Community

Mom has gotten younger since she moved to River Bay Club.

She exercises regularly, comes and goes as she likes, and is busy with friends all the time. **Since Mom moved to River Bay Club, she's doing better than she has in years.**

River Bay Club offers:

Superb Dining Housekeeping
Extensive Activity Schedule
Emergency Response
24 Hour Security
Wellness Program
Transportation
